GENERAL INFORMATION

What is this document?

This document is the Proxy Statement of Prestige Brands Holdings, Inc. for the Annual Meeting of Stockholders to be held at 10:00 a.m., EST, on Tuesday, July 31, 2007. A form of Proxy Card is included. This document and the form of Proxy Card are first being mailed or given to stockholders on or about June 29, 2007.

We refer to our company throughout this document as “we” or “us” or the “Company”. In addition, throughout this document, “2008” refers to our fiscal year ending March 31, 2008, “2007” refers to our fiscal year ended March 31, 2007, and “2006” refers to our fiscal year ended March 31, 2006.

Why am I receiving this document?

You are receiving this document because you were one of our stockholders of record on June 20, 2007, the record date for our 2007 Annual Meeting. We are sending this document and the form of Proxy Card to solicit your Proxy to vote upon certain matters at the Annual Meeting.

What is a Proxy?

It is your legal designation of another person, called a “Proxy,” to vote the stock you own. The document that designates someone as your Proxy is also called a Proxy or a Proxy Card.

Who is paying the costs to prepare this document and solicit my Proxy?

We will pay all expenses of this solicitation, including the cost of preparing and mailing this Proxy Statement and the form of Proxy Card.

Who is soliciting my Proxy and will anyone be compensated to solicit my Proxy?

Your Proxy is being solicited by and on behalf of our Board of Directors. In addition to solicitation by use of the mails, Proxies may be solicited by our officers and employees in person or by telephone, telegram, electronic mail, facsimile transmission or other means of communication. Our officers and employees will not be additionally compensated, but may be reimbursed for out-of-pocket expenses in connection with any solicitation. We also may reimburse custodians, nominees and fiduciaries for their expenses in sending Proxies and Proxy material to beneficial owners. We may incur the fees and expenses of a solicitation agent in connection with this Proxy solicitation to the extent we determine that engaging a solicitation agent is in the best interest of the Company.

Who may attend the Annual Meeting?

Only stockholders, their Proxy holders and our invited guests may attend the meeting. If a broker, bank or other nominee holds your shares in street name, please bring a copy of the account statement reflecting your ownership as of June 20, 2007 so that we may verify your stockholder status and have you check in at the registration desk at the meeting. For security reasons, we also may require photo identification for admission.

What if I have a disability?

If you are disabled and would like to participate in the Annual Meeting, we can provide reasonable assistance. Please send any request for assistance to Prestige Brands Holdings, Inc., 90 North Broadway, Irvington, New York 10533, Attention: Secretary, at least two weeks before the meeting.

What is Prestige Brands Holdings and where is it located?

We sell well-recognized, brand name over-the-counter health care, household cleaning and personal care products. Our leading brands in each of these segments, respectively, are *Chloraseptic® and Compound W®*, *Comet® and Spic and Span®*, and *Cutex®*. Our principal executive offices are located at 90 North Broadway, Irvington, New York 10533. Our telephone number is 914-524-6810.

Where is our common stock traded?

Our common stock is traded and quoted on the New York Stock Exchange (“NYSE”) under the symbol “PBH”.

VOTING MATTERS

What am I voting on?

You will be voting on the following:

- the election of ten directors; and
- the ratification of the appointment of our independent registered public accounting firm for 2008.

Who is entitled to vote?

You may vote if you were the record owner of shares of our common stock at the close of business on June 20, 2007. Each share of common stock is entitled to one vote. As of June 20, 2007, there were 50,005,289 shares of our common stock outstanding. A list of our stockholders will be open to the examination of any stockholder, for any purpose germane to the meeting, at our headquarters for a period of ten (10) days prior to the Annual Meeting.

May other matters be raised at the Annual Meeting; how will the meeting be conducted?

We currently are not aware of any business to be acted upon at the Annual Meeting other than the two matters described above. Under Delaware law and our governing documents, no other business aside from procedural matters may be raised at the Annual Meeting unless proper notice has been given to the Company by the stockholders. If other business is properly raised, your Proxies have authority to vote as they think best, including to adjourn the meeting.

The Chairman has broad authority to conduct the Annual Meeting so that the business of the meeting is carried out in an orderly and timely manner. In doing so, he has broad discretion to establish reasonable rules for discussion, comments and questions during the meeting. The Chairman is also entitled to rely upon applicable law regarding disruptions or disorderly conduct to ensure that the Annual Meeting proceeds in a manner that is fair to all participants.

How do I vote?

Proxies may be voted by returning the printed Proxy Card enclosed herewith. For more information about how to vote your Proxy, please see the instructions on your Proxy Card.

In addition to voting by Proxy, you may vote in person at the Annual Meeting. However, in order to assist us in tabulating votes at the Annual Meeting, we encourage you to vote by Proxy even if you plan to be present at the Annual Meeting.

How will my Proxy be voted?

The individuals named on the Proxy Card will vote your Proxy in the manner you indicate on the Proxy Card. If your Proxy Card is signed but does not contain specific instructions, your Proxy will be voted: “FOR” all of the directors

nominated and “FOR” ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008.

Can I change my mind and revoke my Proxy?

Yes. To revoke a Proxy given pursuant to this solicitation, you must:

- sign another Proxy with a later date and return it to our Secretary at or before the Annual Meeting;
- provide our Secretary with a written notice of revocation dated later than the date of the Proxy at or before the Annual Meeting; or
- attend the Annual Meeting and vote in person. Note that attendance at the Annual Meeting will not revoke a Proxy if you do not actually vote at the Annual Meeting.

What if I receive more than one Proxy Card?

Multiple Proxy Cards mean that you have more than one account with brokers or our transfer agent. Please vote all of your shares. We also recommend that you contact your broker and our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare, Ltd., 250 Royall Street, Canton, Massachusetts 02021, and it may be reached at (781) 575-3400.

How will abstentions and broker non-votes be treated?

Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining whether a quorum is present, but will not be counted as votes cast either in favor of or against a particular proposal.

What are broker non-votes?

If you are the beneficial owner of shares held in “street name” by a broker, your broker is the record holder of the shares, however the broker is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker may exercise discretionary voting power to vote your shares with respect to routine matters, but the broker may not exercise discretionary voting power to vote your shares with respect to “non-routine” items. All of the matters identified in this document to be voted upon at the meeting presently are considered to be “routine” items. In the case of non-routine items, the shares that cannot be voted by your broker would be treated as “broker non-votes.”

How many votes must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. A quorum exists when the holders of a majority of the 50,005,289 shares of our common stock outstanding on June 20, 2007 are present in person or by Proxy at the meeting.

How many votes are needed to elect directors and approve other matters?

Directors are elected by a plurality of the votes cast by the holders of shares entitled to vote at the Annual Meeting. This means that the director nominee with the most affirmative votes for a particular slot is elected for that slot. You may vote in favor of all nominees, withhold your vote as to all nominees or withhold your vote as to specific

nominees.

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008 will be approved if the proposal receives the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting.

How many votes do I have and can I cumulate my votes?

You have one vote for every share of our common stock that you own. Cumulative voting is not allowed.

3

Will my vote be confidential?

Yes. We will continue our practice of keeping the votes of all stockholders confidential. Stockholder votes will not be disclosed to our directors, officers, employees or agents, except:

- as necessary to meet applicable legal requirements;
- in a dispute regarding authenticity of Proxies and ballots;
- in the case of a contested Proxy solicitation, if the other party soliciting Proxies does not agree to comply with the confidential voting policy; or
- when a stockholder makes a written comment on the Proxy Card or otherwise communicates the vote to management.

Who are our independent directors?

In accordance with the NYSE's listing requirements, the Board of Directors has evaluated each of its directors' independence from the Company and its management based on the NYSE's definition of "independence". In its review of each director's independence, the Board of Directors reviewed whether any transactions or relationships exist currently or, during the past three years existed, between each director and the Company and its subsidiaries, affiliates, equity investors or independent auditors. The Board of Directors also examined whether there were any transactions or relationships between each director and members of the senior management of the Company or their affiliates.

Based on the review of the Board of Directors and the NYSE's definition of "independence," the Board of Directors has determined that a majority of the Board of Directors is "independent." The independent directors are Messrs. Buell, Byom, Costley, Gordon, Lonergan and Silcock. The Board of

9

**PROPOSAL NO. 2 - RATIFICATION OF APPOINTMENT OF THE
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Who has the Audit Committee selected as our independent accounting firm for 2008?

The Audit Committee has reappointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the Company's financial statements for 2008. In making the decision to reappoint the independent registered public accounting firm, the Audit Committee has considered whether the provision of the non-audit services rendered by PricewaterhouseCoopers LLP is incompatible with maintaining that firm's independence.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by applicable legal requirements. However, the Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. In the event the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the appointment will be reconsidered by the Audit Committee and the Board of Directors. However, the Audit Committee and the Board of Directors may, in their discretion, still direct the appointment of PricewaterhouseCoopers LLP.

Will representatives of PricewaterhouseCoopers LLP attend the Annual Meeting?

How does the Audit Committee pre-approve services provided by the independent accounting firm?

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Since January 2006, all audit and non-audit services were approved in accordance with the Audit Committee's pre-approval policies.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This Compensation Discussion and Analysis has been prepared in order to provide a summary of the policies and procedures established by the Company in reviewing and determining compensation for its executive officers. Specifically, the following discussion will outline, among other things, the objectives of executive compensation, the elements of executive compensation, how determinations are made as to specific elements of and total executive compensation, severance and change-in-control payments, and executive officer involvement in setting executive compensation. It is the intent of the Company, through the efforts of the Compensation Committee, to (i) establish executive compensation that is competitive with the compensation offered by similarly-situated companies; (ii) motivate and incentivize management; and (iii) align management's interests with those of the Company's stockholders. As part of the Compensation Committee's efforts to review and structure executive compensation for 2008, the Compensation Committee reviewed tally sheets for executive compensation in 2007, inclusive of equity awards. The tally sheets assisted the Compensation Committee in understanding the levels of executive compensation that have been, and are being, received by the Company's executive officers. The Compensation Committee will continue to review tally sheets for executive officers on an annual basis.

Compensation Policies and Objectives

Pursuant to the terms of the Charter for the Company's Compensation Committee, the Compensation Committee is responsible for setting and administering the policies which govern executive compensation. The general philosophy of our executive compensation program is to attract, motivate and retain talented management while ensuring that our executive officers are compensated in a way that advances the interests of the Company and its stockholders. The Company uses the following types of cash and equity compensation to compensate and reward its executive officers for their performance: base salary, a cash-based annual incentive plan and long-term equity awards comprised of restricted stock, performance shares and stock options. The Compensation Committee believes that the elements of compensation that it selected creates a flexible compensation package that focuses and rewards executives for short and long-term performance while aligning the executive officers with the interests of the Company's stockholders.

Each element of executive compensation described above is determined based on (i) the executive's level of responsibility and function within the Company; (ii) the executive's performance within the Company; (iii) the overall performance and profitability of the Company; and (iv) executive compensation offered to similarly-situated executives at peer companies. Through a combination of salary and performance-based awards, the Compensation Committee desires to provide attractive and competitive compensation to the executive officers, a substantial portion of which is contingent upon the Company's performance. To assist the Compensation Committee with establishing executive compensation for 2008, the Compensation Committee retained Mercer Human Resource Consulting, an independent compensation consultant, to provide competitive market data, establish a peer group of companies and provide guidance as to compensation levels for all aspects of executive compensation. The group of peer companies identified by Mercer Human Resource Consulting, and approved by the Compensation Committee, is comprised of the following publicly-traded companies: (i) Adams Respiratory Therapeutics Inc.; (ii) Alpharma Inc.; (iii) Bradley Pharmaceuticals, Inc.; (iv) Chattem Inc.; (v) Elizabeth Arden, Inc.; (vi) Hain Celestial Group, Inc.; (vii) Helen of Troy Limited; (viii) Inter Parfums, Inc.; (ix) Lifetime Brands, Inc.; (x) Maidenform Brands, Inc.; (xi) Playtex Products, Inc.; and (xii) WD-40 Company.

Overview of Executive Compensation Components

Our executive compensation program consists of three key elements: (i) base salary; (ii) an annual cash incentive plan; and (iii) a long-term equity incentive plan. The following table provides further details regarding the elements of executive compensation.

| <u>Pay Element</u> | <u>What the Pay Element Rewards</u> | <u>Purpose of the Pay Element</u> |
|----------------------------|---|---|
| Base Salary | Skills, experience, competence, performance, responsibility, leadership and contribution to the Company | Provide fixed compensation for daily responsibilities |
| Annual Cash Incentive Plan | Efforts to achieve annual target revenue growth and profitability | Focuses attention on meeting annual performance targets and short-term success of the Company Provides additional cash compensation and incentives based on the Company's annual performance |
| Long-Term Incentives | <p><u>Restricted Stock</u> Efforts to achieve long-term revenue growth and profitability over the three-year vesting period</p> <p>Continued employment with the Company during the vesting period</p> <p><u>Performance Shares</u> Ability to increase and maintain stock price</p> <p>Continued employment with the Company during the three-year vesting period</p> <p><u>Stock Options</u> Ability to increase and maintain stock price</p> <p>Continued employment with the Company during the three-year vesting period</p> | <p>Focuses attention on meeting long-term performance targets and long-term success of the Company</p> <p>Management retention in a competitive marketplace</p> <p>Focus efforts on long-term stock price performance</p> <p>Management retention in a competitive marketplace</p> <p>Focus efforts on long-term stock price performance</p> <p>Management retention in a competitive marketplace</p> |

By structuring executive compensation with the elements described above, and after considering executive compensation offered by our peer group, we believe we can provide attractive compensation to our executive officers which motivates and rewards them for meeting short and long-term performance targets that will result in increased stockholder value. Our executive compensation includes a substantial amount of performance-based, or at-risk, compensation. The Compensation Committee believes that the use of performance-based compensation allows the

Company to tailor the compensation paid to the executive officers to the Company's performance and maintain a compensation system that significantly affects executive compensation in the event the Company does not meet the pre-determined performance goals. Furthermore, by utilizing threshold targets as a part of executive compensation, in the event the Company does not meet such targets, incentive compensation is entirely at-risk and will not be paid to the executive officers. By motivating and incentivizing the executive officers with regard to the

Company's short and long-term goals, the Compensation Committee believes that the interest of the executive officers and the Company's stockholders are properly aligned.

Determination of Amounts of Executive Compensation

In structuring executive compensation, the Compensation Committee has offered compensation packages targeted at the fiftieth percentile (50%) of total executive compensation offered to similarly-situated executive officers at the Company's peer group. In establishing the specific components of executive compensation for 2008, the Compensation Committee has based such decisions on the market data and recommendations based on such data provided to it by Mercer Human Resource Consulting as well as the strategic planning by the Compensation Committee and the Board of Directors.

Base Salary. Base salary for our executive officers is determined based on the scope of work, skills, experience, responsibilities, performance and seniority of the executive, peer group salaries for similarly-situated positions and the recommendation of the Chief Executive Officer (except in the case of his own compensation). Base salary increases for our executive officers who received increases for 2008 averaged 4.9% from the executive base salaries in effect during 2007. Since Mr. Pettie joined the Company in January 2007, he did not receive a salary increase for 2008. Except where an existing agreement establishes an executive's salary, the Compensation Committee reviews executive officers' salaries annually at the end of the fiscal year and establishes the base salaries for the upcoming fiscal year. The Company views base salary as a fixed component of executive compensation that compensates the executive officer for the daily responsibilities assumed in keeping the Company operating throughout the year.

Annual Cash Incentive Plan. As part of our executive compensation, we have established an annual cash incentive plan which provides our executive officers with the ability to receive additional cash compensation based on a percentage of base salary and the Company's performance. In order to be eligible to receive incentive cash compensation, the executive must be employed with the Company at the end of the Company's fiscal year and the Company must meet certain pre-determined targets for net sales and earnings per share on an annual basis. Under the annual cash incentive plan, depending on the Company's performance as measured against the net sales and earnings per share targets, an executive officer may receive no additional cash compensation, a threshold amount, a target amount or the maximum amount. The performance matrix established for 2007 had a threshold payment equal to 60% of target bonus, a target amount equal to 100% of target bonus and a maximum payment equal to 200% of target bonus. For information regarding the annual cash incentive plan awards for 2007, please see the executive compensation tables beginning on page 27 of this Proxy Statement. For the 2008 cash incentive plan, we have developed a performance matrix where the threshold payout is 50% of target bonus, the target amount is 100% of the target bonus and the maximum payout is 200% of target bonus. Unlike the 2006 and 2007 cash incentive plans, under the 2008 cash incentive plan the Compensation Committee is entitled to exercise its discretion to increase the size of the cash payment ultimately made based on the executive officer's individual performance within the Company. Furthermore, the performance goals established under the 2008 cash incentive plan are exclusive of any acquisitions or divestitures that the Company may make during such time period. As a result, in the event the Company consummates an acquisition or a divestiture in 2008, the Compensation Committee has the discretion to modify the performance goals after considering the effect of such acquisition or divestiture on the expected financial performance of the Company. The Company views the annual cash incentive plan as a performance-based component of executive compensation that motivates and incentivizes the executive officers for achieving the short-term goals of the Company and its stockholders.

Equity Awards. Executive officers of the Company are eligible to receive equity awards under our 2005 Incentive Plan. Awards under the 2005 Incentive Plan help relate a significant portion of an employee's long-term remuneration directly to stock price appreciation realized by all of our stockholders and aligns an executive officer's interests with that of our stockholders. Under the existing grants made pursuant to the 2005 Incentive Plan, our executive officers have received restricted common stock, performance shares and stock options.

Except for the grant of restricted common stock awarded to Mr. Pettie in April 2007, the awards of restricted common stock given to our executive officers vest based on the Company's achieving the performance targets for

20

net sales and earnings per share at the end of a three-year performance period. Under the terms of the awards, depending on the Company's performance as measured against the performance goals, our executive officers may receive no shares of common stock, a threshold amount, a target amount or the maximum amount. The performance matrixes established for 2006 and 2007 had a threshold payout equal to 50% of the shares granted, a target payout equal to 100% of the shares granted and a maximum payout equal to 100% of the shares granted. As the initial grants under the 2005 Incentive Plan were made in October 2005, May 2006 and May 2007 and less than three years have elapsed since such grants, the performance period for such grants have not elapsed and therefore none of the shares of restricted stock comprising such grants are eligible for vesting until September 30, 2008 at the earliest. For 2008, we have developed a performance matrix where the threshold payout is 80%, target payout is 100% and the maximum payout is 150% of the number of shares awarded. With regard to Mr. Pettie, 94,380 shares of restricted common stock awarded to him in April 2007 pursuant to his employment agreement vest on April 1, 2010 regardless of the Company's performance.

The performance goals established for the grants of equity awards in 2007 and 2008 under the 2005 Incentive Plan are exclusive of any acquisitions or divestitures that the Company may make during such time period. As a result, in the event the Company consummates an acquisition or a divestiture during the performance periods, the Compensation Committee has the discretion to modify the performance goals after considering the effect of such acquisition or divestiture on the expected financial performance of the Company. The performance goals established for the grants of equity awards in 2006 under the 2005 Incentive Plan are inclusive of any acquisitions that the Company may make during the performance period. As a result, the Compensation Committee does not have the discretion to modify the performance goals for the 2006 restricted stock awards and any incremental financial performance from an acquisition is used to calculate whether such awards will vest.

In addition to the awards of shares of restricted common stock, on July 1, 2006, certain of our executive officers (including Messrs. Anderson, Butler, Jolly and Parkinson) also received a fixed number of performance shares. The initial price for the performance shares was set at \$9.97, the closing price for the Company's common stock on the NYSE on June 30, 2006, the day immediately preceding the grant date for the performance shares. The term of the performance share is from July 1, 2006 through March 31, 2009. In order to be eligible for the receipt of the appreciation, if any, on the Company's shares of common stock, the executive officer must be employed by the Company on March 31, 2009. Promptly after March 31, 2009, the Company shall calculate the appreciation, if any, on March 31, 2009 of the performance shares in excess of the initial price for the performance shares and pay the amount of such appreciation to the executive officer in cash, stock, other Company securities or a combination thereof. With regard to Mr. Butler, pursuant to the term of his retirement agreement with the Company, Mr. Butler's performance shares will vest and be calculable on March 31, 2008 with regard to the appreciation, if any, on the Company's common stock.

On May 25, 2007, our executive officers also received grants of stock options for a specified number of shares. The stock option grants have an exercise price equal to \$12.86, the closing price of the Company's common stock on the NYSE on May 25, 2007, the date of grant. The stock options vest in three equal annual installments commencing on May 25, 2008. The term of the stock options is ten years from the date of grant.

The Company views the above-mentioned equity awards as performance-based components of executive compensation that motivates and incentivizes the executive officers for achieving the long-term performance goals (including stock price appreciation) of the Company and its stockholders. In addition, under the 2005 Incentive Plan, the restricted stock, performance shares and stock options awarded to the executive officers are subject to acceleration under certain circumstances. With regard to change-in-control payments, the Compensation Committee believes that the additional compensation that an executive officer would be entitled to receive in connection with a change-in-control of the Company is in the best interests of the Company as such additional compensation is necessary to retain executive officers (who would be instrumental in effectuating such change-in-control transaction) in the Company's employ while a change-in-control transaction is being contemplated, negotiated and consummated. Notwithstanding the terms of the 2005 Incentive Plan, certain of our executive officers have employment agreements

or other arrangements which entitle them to certain benefits in the event of a change-in-control of the Company. For more information regarding severance and change-in-control benefits, please see the section titled “Severance and Change-in-Control Payments” below.

The Compensation Committee believes equity-based incentive compensation aligns executive and stockholder interests because (i) the use of a multi-year vesting schedule for equity awards encourages executive retention and emphasizes the attainment of long-term performance goals; (ii) paying a significant portion of executive compensation with performance-based, or at-risk, compensation motivates and incentivizes the executive officers to meet the long-term performance goals set by the Compensation Committee; and (iii) the executive officers will hold significant amounts of equity in the Company and will be motivated to increase stockholder value over the long-term. The Compensation Committee determined executive equity awards based on the market data provided by Mercer Human Resource Consulting, the recommendations of Mercer Human Resource Consulting and discussions by the Compensation Committee and the Board of Directors, with and without the participation of senior management.

Determination of When Equity Awards Are Made

Except for the initial grant of equity awards under the 2005 Incentive Plan that were made in October 2005, the Company typically grants equity awards as soon as practicable after the beginning of a fiscal year. In the past, the equity awards have been comprised of restricted common stock, performance shares and stock options. The equity awards are granted after the Chief Executive Officer has presented a proposed structure and level of awards and the Compensation Committee has fully reviewed all aspects of the awards, including, without limitation, the value of the awards and the vesting period and payout factors. The Company does not have any policy of coordinating the timing of equity award grants with the release of material non-public information.

Factors Considered in Decisions to Modify Compensation Materially

From time to time and at least annually in connection with our fiscal year end, the Compensation Committee will review market data, individual performance and retention needs in making decisions to adjust compensation materially. We do not have any set formula for determining the amount of each compensation element as a percentage in our executive officers' compensation packages. We consider the competitive landscape for talent in our industry and geography and base our compensation decisions on how we want to position ourselves in the marketplace for talent.

Adjustments or Recoveries for Performance-based Awards

If the Compensation Committee and the Board of Directors determines that an executive officer has engaged in fraudulent or intentional misconduct with regard to the reporting of the Company's performance, the Compensation Committee and the Board of Directors will immediately take corrective action with regard to such misconduct, including without limitation, disciplinary procedures culminating in termination should the Compensation Committee and the Board of Directors so determine. In addition, regardless of whether the financial statements need to be restated by the Company, the Compensation Committee and the Board of Directors will pursue disgorgement of the incentive compensation that was not actually earned by the executive officer if actual performance was used to calculate the compensation earned.

Severance and Change-in-Control Payments

Certain of the Company's executive officers have executed employment agreements with the Company that provide for severance benefits in the event their employment with the Company is terminated under specific circumstances. In addition, the Company's 2005 Incentive Plan provides certain benefits to the recipients of equity awards under certain circumstances. The Compensation Committee has also approved the accelerated vesting of the non-vested portion of founder shares held by certain executive officers in the event of their death or disability. Furthermore, the non-vested portion of founder shares held by certain executive officers vest automatically pursuant to their terms in connection with a change-in-control of the Company. Any severance and change-in-control benefits accruing to an executive officer will be paid in accordance with any applicable employment agreement, the 2005 Incentive Plan, approval of the Compensation Committee and applicable law. For additional information regarding severance and change-in-control payments that the Company may be obligated to pay to a Named Executive Officer in the future due

to the termination of his employment under certain circumstances and/or a

22

change-in-control of the Company, please see the sections titled “Executive Compensation and Other Matters - Potential Payments Upon Termination or Change-in-Control,” “Executive Compensation and Other Matters - Employment Agreements” and “Executive Compensation and Other Matters - Additional Vesting Provisions” contained elsewhere in this Proxy Statement.

Pursuant to the terms of the employment agreement between the Company and Mr. Pettie, in the event there is a change-in-control of the Company, the shares of restricted common stock granted to Mr. Pettie will vest upon the consummation of a change-in-control of the Company, even if Mr. Pettie remains employed by the Company after such change-in-control. Except for the shares of restricted common stock granted to Mr. Pettie and the performance and founder shares owned by certain executive officers, none of our executive officers have a single trigger for change-in-control benefits (including cash compensation) upon the consummation of a change-in-control of the Company. Under the terms of the 2005 Incentive Plan, the restricted common stock and stock options granted to the recipients of such grants vest upon a change-in-control and subsequent termination of employment by the Company other than for cause within one year after such change-in-control. The Compensation Committee has the discretion to make future restricted common stock and stock option grants under the 2005 Incentive Plan which vest automatically upon a change-in-control of the Company, even if the grantee remains employed by the Company after such change-in-control.

With regard to the performance shares granted to certain of the Company’s executive officers, upon the occurrence of a change-in-control of the Company, under the 2005 Incentive Plan, a grantee shall be paid no less than the portion of the performance award that such grantee would have been paid if the performance cycle had terminated as of the date of the change-in-control.

The Company has agreed to make change-in-control payments to the executive officers in order to retain them during any period in which the Company contemplates, negotiates and is in the process of consummating a change-in-control of the Company. The participation of the executive officers in a change-in-control transaction would be critical to quickly and efficiently consummating a change-in-control transaction and such change-in-control payments would maintain the executive officers’ focus and attention to the transaction. Except with regard to the restricted common stock granted to Mr. Pettie and the performance and founder shares owned by certain executive officers, each of which vest automatically in connection with a change-in-control transaction, any other change-in-control payment and/or benefit to be paid to the executive officers is conditioned on the termination of such executive officer in connection with a change-in-control transaction. By requiring termination as a condition to the payment of a significant amount of severance in connection with a change in control transaction, the Company has afforded protection to its executive officers while also potentially maximizing stockholder value in a change-in-control transaction. The Company agreed to the accelerated vesting of Mr. Pettie’s equity awards under the 2005 Incentive Plan without requiring termination as the Company believes such a provision is customarily utilized by companies similarly-situated to the Company with their Chief Executive Officers.

Impact of the Accounting and Tax Treatments of Compensation

The accounting and tax treatment of executive compensation generally has not been a factor in the Compensation Committee’s decisions regarding the amounts of compensation paid to the Company’s executive officers. In addition, due to the adoption of FAS 123R, we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the Compensation Committee’s future selection of differing types of equity awards.

Section 162(m) of the IRC imposes a \$1 million limit on the amount a public company may deduct for compensation paid to its Chief Executive Officer or any of the company’s four other most highly compensated executive officers who are employed by the Company as of the end of the fiscal year. However, Section 162(m) does not apply to compensation that satisfies the requirements of Section 162(m) for “qualifying performance-based” compensation. The Compensation Committee desires to maximize deductibility of compensation under Section 162(m) of the IRC to the

extent practicable while maintaining a competitive, performance-based compensation program. However, the Compensation Committee also believes that it must reserve the right to award compensation which it deems to be in our best interest and our stockholders, but which may not be tax deductible under Section 162(m) of the IRC.

Role of Executive Officers in Determining Compensation

Mr. Pettie, our Chairman of the Board and Chief Executive Officer, with the assistance of certain members of senior management, participates in discussions with, and makes recommendations to, the Compensation Committee regarding the setting of base salaries and cash and equity incentive plan targets and payouts for the executive officers other than himself. For executive compensation awarded in 2008, Mr. Pettie was assisted by certain members of senior management and Mercer Human Resource Consulting in reviewing the competitive landscape for executive talent and structuring the types and levels of executive compensation for review by the Compensation Committee. The Compensation Committee and the Board of Directors are responsible for establishing Mr. Pettie's compensation package. The Compensation Committee and the Board of Directors consulted with Mercer Human Resource Consulting in determining the executive compensation to be awarded to Mr. Pettie in 2008. As Mr. Pettie joined the Company near the end of 2007, Mr. Pettie's base salary and equity award for 2008 was set forth in his employment agreement. Mr. Pettie's base salary did not increase with the commencement of 2008, but he did receive a restricted common stock grant in the amount of \$1.125 million that vests entirely on April 1, 2010. Mr. Pettie's bonus for his service in 2007 was \$62,877 and was paid in May 2007 concurrently with the payments under the annual cash incentive plan paid to the eligible employees of the Company under such plan. Under the terms of Mr. Pettie's employment agreement, Mr. Pettie is also entitled to a retention payment on each of April 1, 2007 and 2008 in the amount of \$75,000 so long as he is still employed by the Company on such dates. In addition, the Company reimbursed Mr. Pettie in the amount of \$15,000 for his legal fees incurred in connection with the negotiation and execution of his employment agreement with the Company.

Narrative Disclosure for the Summary Compensation Table and Grants of Plan-based Awards Table

Certain elements of the executive compensation presented in the tables above were expressly included in the executive's employment agreement with the Company and therefore not subject to the discretion of the Compensation Committee. For example, the bonus paid to Mr. Pettie for 2007 and the payment by the Company of Mr. Pettie's legal fees incurred in connection with the negotiation of his employment agreement were governed by express provisions in his employment agreement with the Company. As for Mr. Palantoni, the severance he received in 2007 was paid pursuant to the terms of his employment agreement with the Company. In addition, during 2007, the Company paid the legal fees incurred by each of Messrs. Mann and Anderson in connection with the class action law suit pursuant to the Company's obligation to indemnify them in their capacities as executive officers of the Company. Furthermore, the Company also paid legal fees incurred by each of Messrs. Mann, Butler and Millar in connection with their respective Senior Management Agreements with the Company.

During 2007, the Named Executive Officers other than Mr. Pettie received non-equity and equity incentive plan awards based on their positions within the Company. The non-equity incentive plan awards were established under the Company's 2007 Management Bonus Plan and were paid in cash to the Named Executive Officers since certain net sales and earnings per share targets were attained by the Company in 2007. Pursuant to the terms of the non-equity incentive plan awards, based on the Company's financial performance, the Named Executive Officers may receive no cash payment or a cash payment ranging from a threshold amount to a maximum amount based on the Company's performance and a performance grid approved by the Compensation Committee. The equity incentive plan awards granted to certain of the Named Executive Officers during 2007 were comprised of restricted common stock and performance shares. The restricted common stock vests at the end of a three-year period if certain net sales and earnings per share targets are attained by the Company during such period. Under the terms of the equity incentive plan awards, none of the shares of restricted common stock may vest or a number of shares of the restricted common stock may vest ranging from a threshold amount to a maximum amount based on the Company's performance and a performance grid approved by the Compensation Committee.

In addition to the grant of restricted common stock, certain of the Named Executive Officers received performance shares which have a performance period ending on March 31, 2009. The performance shares are equivalent to stock appreciation rights and the grantees of such performance shares are entitled to the appreciation, if any, on March 31, 2009 in excess of the initial price of the performance shares. The performance shares were priced at \$9.97 per share on June 30, 2006, the day immediately preceding the grant date for the performance shares.

The Company has prepared what it believes to be a reasonable budget and forecast for 2008 and is in the process of implementing a long-term strategic plan due to the arrival of new members of the management team. As

the Company's long-term strategic plan is being re-evaluated with regard to periods beyond 2008, the Company cannot currently make a determination as to whether the restricted common stock awards are likely to vest as to all or a portion of such awards.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Our Named Executive Officers are entitled to certain benefits in the event their employment is terminated under specified circumstances. Circumstances which would trigger payments and/or other benefits to certain of our Named Executive Officers include death, disability, termination of employment by the Company without cause, termination by the Named Executive Officer for good reason or a change-in-control of the Company.

In the event a Named Executive Officer breaches any applicable restrictive covenant, the Company will cease making any future payments and providing any other benefits to the Named Executive Officer, and will also consider pursuing all legal and equitable remedies available to the Company under any applicable employment agreement and applicable

law.

The following table sets forth payments and benefits that may be received by our Named Executive Officers under any existing employment agreements, equity grant agreements, plans or arrangements, whether written or unwritten, in the event of termination for specified reasons and/or a change-in-control of the Company. The Pettie Employment Agreement may be terminated (i) by the Company for cause, without cause or due to Mr. Pettie's disability; (ii) by Mr. Pettie for good reason or no reason; or (iii) upon the death of Mr. Pettie.

In the event the Company terminates Mr. Pettie's employment for cause, the Company shall have no liability to Mr. Pettie other than his accrued base salary through the date of termination and any other applicable benefits. In the event the Pettie Employment Agreement is terminated due to Mr. Pettie's death or disability, or Mr. Pettie terminates the Pettie Employment Agreement without good reason, the Company shall have no liability to Mr. Pettie other than the payment of Accrued Obligations (as defined in the Pettie Employment Agreement) and any other applicable benefits. With regard to a termination of the Pettie Employment Agreement due to the death or disability of Mr. Pettie, any award granted under the 2005 Incentive Plan shall immediately vest upon Mr. Pettie's death or disability.

In the event Mr. Pettie is terminated by the Company without cause, or Mr. Pettie terminates the Pettie Employment Agreement for good reason, the Company shall pay to Mr. Pettie (i) cash in an aggregate amount equal to the sum of (a) Mr. Pettie's base salary through the date of termination; (b) any accrued expenses and vacation pay; and (c) any deferred compensation, as applicable; (ii) in installments ratably over 12 months in accordance with the Company's normal payroll practices (or in a lump sum with the consent of Mr. Pettie), the aggregate amount equal to the sum of (a) Mr. Pettie's base salary in effect as of the date of termination; and (b) Mr. Pettie's applicable annual bonus; and (iii) cash in the aggregate amount equal to the Prorated Unvested 2005 Incentive Plan Award Value (as defined below) for each 2005 Incentive Plan award; provided, that with respect to clause (iii), such termination occurs prior to March 31, 2010. In addition to the foregoing, Mr. Pettie shall be entitled to participate in the Company's life, medical and disability insurance programs on the same basis as an active employee of the Company for up to 12 months after the date of termination. Thereafter, Mr. Pettie shall be entitled to continuation of benefits pursuant to the provisions of COBRA. "Prorated Unvested 2005 Incentive Plan Award Value" shall equal the product of (i) a fraction, the numerator of which shall be the number 1 if Mr. Pettie has been employed for 12 months or less from the applicable grant date of the 2005 Incentive Plan award in question (the "Grant Date"), the number 2 if Mr. Pettie has been employed for more than 12 months but less than 24 months from the Grant Date, and the number 3 if Mr. Pettie has been employed for more than 24 months from the Grant Date, and the denominator of which shall be the number 3; and (ii) the value (based, in the case of restricted stock, upon the closing market price of the Company's common stock on the day prior to the date of termination of employment) of the unvested portion of each 2005 Incentive Plan award.

The Pettie Employment Agreement also contains certain confidentiality, non-competition and non-solicitation provisions as well as other provisions that are customary for an executive employment agreement.

Peter J. Anderson

As of February 4, 2005, Prestige International Holdings, LLC (“Holdings LLC”), the Company and Prestige Brands, Inc. (together with Holdings LLC and the Company, the “Employer”) entered into an Amended and Restated Senior Management Agreement with Mr. Anderson (the “Anderson Senior Management Agreement”) which amended and restated the Senior Management Agreement, as amended, dated as of February 6, 2004, by and among the Employer and Mr. Anderson. Pursuant to the Anderson Senior Management Agreement, Mr. Anderson is employed by the Employer for the period beginning as of February 6, 2004 through and including his separation from the Employer pursuant to the terms of the Anderson Senior Management Agreement (the “Anderson Employment Period”). From the commencement of the Anderson Employment Period through and including termination of employment pursuant to the Anderson Senior Management Agreement, Mr. Anderson shall serve as the Chief Financial Officer of the Employer. During the Anderson Employment Period, the Employer will pay Mr. Anderson a base salary of \$285,000 per annum. In addition, during the Anderson Employment Period, Mr. Anderson will be entitled to such other benefits approved by the Board of Directors and made available to the senior management of the Employer and its subsidiaries, which shall include vacation time and medical, dental, life and disability insurance. The Board of Directors, on a basis consistent with past practice, shall review the annual base salary of Mr. Anderson and may increase the annual base salary by such amount as the Board of Directors, in its sole discretion, shall deem appropriate.

Pursuant to the terms of the Anderson Senior Management Agreement, Mr. Anderson’s employment will continue until (i) his death, disability or resignation from employment with the Employer and its subsidiaries; or (ii) the Employer and its subsidiaries decide to terminate Mr. Anderson’s employment with or without cause. If (A) Mr. Anderson’s employment is terminated without cause; or (B) Mr. Anderson resigns from employment with the Employer or any of its subsidiaries for good reason, then during the period commencing on the date of termination of employment and ending on the first anniversary date thereof, the Employer shall pay to Mr. Anderson, in equal installments in accordance with the Employer’s regular payroll, an aggregate amount equal to (I) Mr. Anderson’s annual base salary, plus (II) an amount equal to the annual bonus, if any, paid or payable to Mr. Anderson by the Employer for the last fiscal year ended prior to the date of termination. In addition, if Mr. Anderson is entitled on the date of termination to coverage under the medical and prescription portions of the welfare plans, such coverage shall continue for Mr. Anderson and his covered dependents for a period ending on the first anniversary of the date of termination at the active employee cost payable by Mr. Anderson with respect to those costs paid by Mr. Anderson prior to the date of termination.

As of the date of the Anderson Senior Management Agreement, Mr. Anderson owned 456,864 founder shares of common stock that were subject to vesting. Pursuant to the terms of the Anderson Senior Management Agreement, the founder shares of common stock subject to vesting shall vest on a straight line pro rata basis through February 6, 2009. If Mr. Anderson ceases to be employed by the Employer and its respective subsidiaries, the cumulative percentage of founder shares of common stock subject to vesting that will vest shall be determined on a pro rata basis according to the number of days elapsed since the relevant milestone date. Upon the occurrence of a sale of the Employer, all founder shares of common stock subject to vesting shall become vested at the time of the consummation of the sale of the Employer, if, as of such time, Mr. Anderson has been continuously employed by the Employer or any of its subsidiaries.

Subject to certain restrictions, the Employer will have the right to repurchase from Mr. Anderson and his transferees all or any portion of the founder shares of common stock subject to vesting in the event Mr. Anderson ceases to be employed by the Employer and its subsidiaries for any reason. The purchase price to be paid by the Employer for each founder share of common stock subject to vesting will be the lesser of (i) Mr. Anderson’s original cost for a common unit in Holdings LLC; and (ii) the fair market value of such unvested founder share as of the date upon which the Employer notifies Mr. Anderson or his transferees of its election to repurchase the unvested founder shares.

The Anderson Senior Management Agreement also contains certain confidentiality, non-competition and non-solicitation provisions, securities transfer restrictions and other provisions that are customary for an executive employment agreement.

Gerard F. Butler

On December 22, 2006, the Company entered into an Agreement with Mr. Butler (the "Butler Agreement"), the Company's Chief Sales Officer, pursuant to which Mr. Butler's Senior Management Agreement dated as of February 4, 2005 (the "Butler Senior Management Agreement") with the Company was superseded by the terms of the Butler Agreement. Under the terms of the Butler Agreement, Mr. Butler has agreed to resign as an officer of the Company on a date to be selected by the Company, but in any event prior to January 31, 2007 (the "Resignation Date"). From the Resignation Date to March 31, 2007, Mr. Butler's primary responsibility to the Company will be transitioning his position to his replacement. For the period beginning on the Resignation Date and ending on March 31, 2007, Mr. Butler will receive his current salary and benefits. Effective April 1, 2007, Mr. Butler will become a "Work At Home" employee of the Company for a period of one year (the "Work At Home Period") during which period Mr. Butler will provide advice, information or guidance to the Company on an as needed basis. Mr. Butler's employment with the Company shall terminate on April 1, 2008. During the Work At Home Period, Mr. Butler's annual salary shall be \$236,000, subject to applicable withholding taxes, payable in accordance with the Company's normal payroll practices. For the fiscal year ending March 31, 2007, Mr. Butler will be eligible for an annual bonus, as determined by the Compensation Committee and the Board of Directors of the Company and also subject to the performance of the Company against the established bonus objectives. Mr. Butler will not be eligible to receive a bonus for the fiscal year ending March 31, 2008; provided, however, on or about May 1, 2008, Mr. Butler will receive a payment equivalent to the greater of (i) the bonus paid for the fiscal year ending March 31, 2007; or (ii) a target bonus of 45% of Mr. Butler's salary paid during the Work At Home Period.

With regard to Mr. Butler's Carried Shares (as defined in the Butler Senior Management Agreement and otherwise known as founder shares), the provisions contained in the Butler Senior Management Agreement relating to the Carried Shares are incorporated by reference into the Butler Agreement. Pursuant to the terms of the Butler Agreement, Mr. Butler's Carried Shares will continue to vest on a straightline pro rata basis through February 6, 2009. Any Carried Shares that have not vested at the expiration of the Work At Home Period will be repurchased by the Company so long as Mr. Butler has not breached the terms of the Butler Agreement. The sale of any vested Carried

Shares or Co-invest Common Shares (as defined in the Butler Senior Management Agreement) will be subject to the applicable terms of the Butler Agreement and the Butler Senior Management Agreement. During the

41

term of the Butler Agreement, in the event of any change-in-control of the Company or the death or disability of Mr. Butler, all of Mr. Butler's unvested Carried Shares shall immediately vest.

In the Butler Agreement, Mr. Butler agreed to surrender and forfeit the grant of 4,734 shares of restricted common stock made as of July 1, 2006. Mr. Butler also acknowledged and agreed in the Butler Agreement that he will not be eligible to receive any future Long-Term Incentive Awards in calendar years 2007 and 2008, or at any time subsequent thereto. Mr. Butler's award of 1,184 Performance Shares awarded as of July 1, 2006 shall mature pursuant to the terms of the award; provided, that the valuation of the amount payable, if any, under the award shall be calculated using the closing stock price of the Company's common stock on March 31, 2008 so long as Mr. Butler retires as an employee from the Company on such date.

In the event of the death or disability of Mr. Butler prior to April 1, 2008, all amounts payable to Mr. Butler pursuant to the Butler Agreement shall be paid to Mr. Butler's estate or Mr. Butler, as applicable, as though Mr. Butler had fully performed all of his obligations through April 1, 2008.

The Butler Agreement contains customary provisions for an executive separation agreement which include, among other things, a general release of claims against the Company and confidentiality and non-competition provisions.

Additional Vesting Provisions

Restricted Common Stock

Our 2005 Incentive Plan provides that the Compensation Committee may, at its discretion, decide to vest the non-vested portion of a restricted stock grant if a grantee's employment is terminated due to death, disability or retirement. In addition, any non-vested portion of a restricted stock grant shall vest in the event of a change-in-control of the Company and the subsequent termination of the grantee's employment by the Company other than for cause within one year after such change-in-control. The Compensation Committee may, at its discretion, also grant shares of restricted common stock that vest automatically upon a change-in-control of the Company, whether or not the grantee is subsequently terminated.

Stock Options

Our 2005 Incentive Plan provides that all of a grantee's options shall fully vest and be exercisable upon the occurrence of a change-in-control of the Company and the grantee's subsequent termination from employment other than for cause by the Company within one year after such change-in-control occurs. The vested options shall remain exercisable for up to one year after the date of the grantee's termination, except as otherwise set forth in the 2005 Incentive Plan. In addition, the Company's Compensation Committee may, at its discretion, (i) decide to fully vest any non-vested options in the event that a grantee's employment with the Company is terminated due to death, disability or retirement; and (ii) grant options that vest and become exercisable automatically upon a change-in-control, whether or not the grantee is subsequently terminated.

Performance Shares

Pursuant to the terms of our 2005 Incentive Plan, except as otherwise determined by the Compensation Committee, should a grantee's employment with the Company be terminated due to death, disability or retirement prior to the end of a performance cycle, the grantee shall earn a portion of the performance shares based upon the elapsed portion of the performance cycle and the Company's performance over that portion of such cycle. Furthermore, upon the occurrence of a change-in-control of the Company, the 2005 Incentive Plan provides that a grantee shall earn no less than the portion of the performance award that the grantee would have earned if the performance cycle had terminated as of the date of the change-in-control.

Founder Shares

The Compensation Committee has also approved accelerated vesting of the non-vested founder shares owned by Messrs. Anderson, Butler and Millar in the event of their death or disability.

42

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2007, none of the members of our Compensation Committee, (i) served as an officer or employee of the Company or its subsidiaries, (ii) was formerly an officer of the Company or its subsidiaries, or (iii) entered into any transactions with the Company or its subsidiaries. During 2007, none of our executive officers (i) served as a member of the Compensation Committee (or other board committee performing equivalent functions or, in the absence of any such committee, the board of directors) of another entity, one of whose executive officers served on our Compensation Committee, (ii) served as a director of another entity, one of whose executive officers served on our Compensation Committee, and (iii) served as a member of the Compensation Committee (or other board committee performing equivalent functions or, in the absence of any such committee, the board of directors) of another entity, one of whose executive officers served as a director of the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Except as disclosed under “Executive Compensation and Other Matters” and “Proposal No. 1 - Election of Directors,” our executive officers, directors, director nominees and greater than 5% stockholders did not have significant business relationships with us in 2007 which would require disclosure under applicable SEC regulations, and no other transactions which need to be disclosed under SEC regulations are currently planned for 2008.

We review and approve or ratify transactions with related persons on an as needed basis. Our senior management team will refer transactions with related persons to the Board of Directors for their review and approval or ratification to the extent senior management deems such review by the Board of Directors to be necessary. The Board of Directors will review a related person transaction and consider approving or ratifying the transaction if the entering into such transaction is in the best interest of the Company and the terms of such transaction are no less favorable than the terms of a transaction that could be negotiated by the Company with a third-party on an arm’s length basis. For any related person transactions that have been executed without the prior review of our senior management, upon senior management’s discovering such transactions, senior management will review the related person transaction and refer it to our Board of Directors to the extent it deems the review by our Board of Directors to be necessary. We currently do not have a written related person transactions policy. However, we have begun our review of a written related person transactions policy and will make such policy available on our Internet website promptly after it has been adopted by our Board of Directors. During 2007, there were no related person transactions and none are currently planned for 2008.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers, directors and persons who beneficially own more than ten percent of our common stock to file reports of securities ownership and changes in such ownership with the SEC, the NYSE and the Company.

We believe that during 2007 all forms required by Section 16(a) of the Exchange Act that were required to be filed with the SEC, the NYSE and the Company by our officers, directors and persons who beneficially own more than ten percent of our common stock were timely filed.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

The Audit Committee is composed of four directors appointed by the Board of Directors, all of whom are independent from the Company as defined in the NYSE listing standards and Rule 10A-3 under the Exchange Act. The members of the Audit Committee are financially literate as that qualification is interpreted by the Board of

Directors and the NYSE. The Audit Committee operates under a written charter adopted by the Board of Directors in January 2005, which is available to our stockholders and interested parties at the Investor Relations tab on our web site at www.prestigebrandsinc.com or is also available in print to any stockholder or other interested party who makes a written request to the Company's Secretary. The Audit Committee recommends to the Board of Directors the selection of the Company's independent registered public accounting firm.

Management is responsible for the Company's internal accounting and financial controls, the financial reporting process and compliance with the Company's legal and ethics programs. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with auditing standards generally accepted in the United States of America and for issuance of a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and report its findings to the full Board of Directors.

In this context, the Audit Committee has met and held discussions regarding the Company's audited consolidated financial statements separately and jointly with each of management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee has reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and the Audit Committee discussed with the independent registered public accounting firm the firm's independence from the Company and its management. The Audit Committee also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining the independent registered public accounting firm's independence. The Audit Committee concluded that the independent registered public accounting firm is independent from the Company and its management.

The Audit Committee discussed with the Company's internal auditor and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee discussed with the internal auditor and the independent registered public accounting firm, with and without management present, the results of their examinations, the evaluations of the Company's internal controls, and the overall quality and integrity of the Company's financial reporting.

Based on the Audit Committee's discussion with management and the independent registered public accounting firm, its review of the representations of management, and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for 2007.
