Item 1.01 Entry into a Material Agreement

## Edgar Filing: SIRICOMM INC - Form 8-K

On March 15, 2006, SiriCOMM, Inc. ("SiriCOMM" or the "Registrant") entered into an Amendment Agreement with Idling Solutions, L.L.C., a Texas limited liability company. This amended agreement amends the Network Access Services Agreement dated February 7, 2005. The amendment lowers the initial monthly fee per truck, sets forth minimum purchase requirements, further defines certain deployment dates and sets the purchase price and payment terms that SiriCOMM will sell its Pulse Box product to Idling Solutions.

On March 15, 2006, the Registrant entered into an Amendment Agreement with Sat-Net Communications, L.L.C. ("Sat-Net"), a Texas limited liability company. The amended agreement amends the Network Installation Agreement dated February 7, 2005 which provided for, among other things, that Sat-Net was to provide and install its VSAT/802.11 terminals at SiriCOMM's designated locations. Pursuant to the amendment, Sat-Net agreed to reimburse SiriCOMM \$50,000 for servers and access points previously delivered to SiriCOMM that no longer function to SiriCOMM's specificity or are out of warranty. SiriCOMM agreed to defer the reimbursement and will ultimately forgive such reimbursement should Sat-Net cause Idling Solutions to purchase at least 20,000 Pulse Box units from SiriCOMM within the eighteen (18) months from the successful operational date of SiriCOMM's 900 mhz network.

In addition, Sat-Net agreed to assign 200,000 shares of SiriCOMM's common stock that was originally issued by SiriCOMM to Sat-Net pursuant to the Network Installation Agreement.

On March 15, 2006, SiriCOMM entered into an Agreement with DirecTruck, L.L.C., a Texas limited liability company, whereby SiriCOMM agreed to acquire from DirecTruck certain proprietary rights, intellectual property, test results and other rights, title and interest related to the product known as the Pulse Box. These additional enhancements to the Pulse Box were specifically developed by DirecTruck outside of SiriCOMM's original intended use of the device and these enhancements are essential to the intended use of Idling Solutions. This allows SiriCOMM to own all proprietary information and intellectual property related to the use of the Pulse Box product.

Sat-Net, Idling Solutions and DirecTruck are affiliated entities.
