PROXY STATEMENT

The Board of Directors is soliciting proxies to be used at our annual meeting of share owners. The annual meeting will be held on Monday, May 3, 2004, beginning at 10:00 a.m., Central Time, at our home office at 2801 Highway 280 South, Birmingham, Alabama. This proxy statement and the enclosed form of proxy are being mailed to share owners beginning on or about March 26, 2004.

"We", "our", "Protective" and "the Company" each refers to Protective Life Corporation.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

What is a proxy?

A proxy is another person whom you designate to vote your stock. If you designate someone as your proxy in a written document, that document is called a proxy or a proxy card.

What is a proxy statement?

A proxy statement is a document that the Securities and Exchange Commission (the "SEC") requires us to give to you when we ask you to sign a proxy card to vote your stock at the annual meeting.

What is the purpose of the annual meeting?

At our annual meeting, share owners will act upon the proposals outlined in the notice of meeting, including the election of directors, approval of the Stock Plan for Non-Employee Directors, and ratification of the appointment of the Company's independent accountants. Also, management will report on Protective's performance during the last fiscal year and respond to questions from share owners.

What is the record date and what does it mean?

The record date for the annual meeting is March 5, 2004. The record date is established by the Board of Directors. Holders of common stock at the close of business on the record date are entitled to receive notice of the meeting and to vote at the meeting.

How many shares are entitled to vote at the annual meeting?

On March 5, 2004, 69,291,140 shares of common stock were outstanding and entitled to vote at the meeting. Each share of common stock is entitled to one vote on each proposal.

What happens if the meeting is postponed or adjourned?

The meeting may be postponed or adjourned by an announcement at the meeting. If this happens, the proxies may vote your shares at the subsequent meeting as well, unless you have revoked your voting instructions.

What constitutes a quorum at the meeting?

A majority of the outstanding shares of common stock, represented at the meeting in person or by proxy, will constitute a quorum for transacting business.

What is the difference between a share owner of record and a "street name" holder?

If your shares are registered directly in your name with The Bank of New York, the Company's stock transfer agent, you are considered the share owner of record of those shares.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of these shares, and your shares are held in "street name."

How do I vote my shares?

If you are a share owner of record, you can give a proxy to be voted at the meeting either:

- over the telephone by calling a toll-free number;
- electronically, using the Internet; or
- by mailing in the enclosed proxy card.

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

The telephone and Internet voting procedures have been set up for your convenience and have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a share owner of record and you would like to vote by telephone or by using the Internet, please refer to the instructions on the enclosed proxy card. If you wish to vote using a paper format and you return your signed proxy to us before the annual meeting, your shares will be voted as you direct.

If you hold your shares in street name, your broker or nominee will vote your shares as you direct. You must give your voting instructions in the manner prescribed by your broker or nominee. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

What does it mean if I get more than one proxy card?

If you get more than one proxy card, it means that your shares are registered differently and are in more than one account. Please sign and return all proxy cards to be sure that all of your shares are voted.

Can I vote my shares in person at the meeting?

Yes. If you are a share owner of record, you may vote your shares at the meeting by completing a ballot at the meeting. However, if you are a street name holder, you may vote your shares in person only if you obtain a signed proxy from your broker or nominee giving you the right to vote the shares.

Even if you currently plan to attend the meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

What are my choices when voting?

In the election of directors, you may vote for all nominees, or you may vote for some nominees and against others. The proposal related to the election of directors is described in this proxy statement beginning at page 4.

For each of the other proposals, you may vote for the proposal, against the proposal, or abstain from voting on the proposal. These proposals are described in this proxy statement beginning at page 22.

What are the Board's recommendations?

The Board of Directors recommends a vote **FOR** all of the nominees for director (Proposal 1), **FOR** approving the Stock Plan for Non-Employee Directors (Proposal 2), and **FOR** ratifying the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants (Proposal 3).

What if I do not specify how I want my shares voted?

If you sign and return your proxy card but do not specify on your proxy card (or when giving your proxy by telephone or over the Internet) how you want to vote your shares, they will be voted **FOR** all of the nominees for director (Proposal 1), **FOR** approving the Stock Plan for Non-Employee Directors (Proposal 2), and **FOR** ratifying the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants (Proposal 3).

Can I change my vote?

Yes. You can revoke your proxy at any time before it is exercised in any of three ways:

- by submitting written notice of revocation to the Secretary of the Company;

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

by submitting another proxy by telephone, via the Internet or by mail that is later dated and, if by mail, that is properly signed; or

by voting in person at the meeting.

What percentage of the vote is required for a proposal to be approved?

A majority of the votes that could be cast by share owners who are either present in person or represented by proxy at the meeting is required to elect the nominees for director and to approve each proposal.

The total number of votes that could be cast at the meeting is the number of votes actually cast plus the abstentions. Abstentions are counted as "shares present" at the meeting for purposes of determining whether a quorum exists, and have the effect of a vote "against" any proposal as to which they are specified.

What are "broker non-votes", and how are they counted?

If you hold your shares in street name, your broker or nominee can generally vote only in accordance with your instructions. However, if it has not received your voting instructions within ten days before the meeting, it can vote on any proposal that is considered "routine" by the New York Stock Exchange. If the broker or nominee cannot vote on a proposal because it is not routine, there is a "broker non-vote" on that proposal. Broker non-votes are counted for quorum purposes, but do not count as votes for or against the proposal.

We expect that the New York Stock Exchange will consider Proposal 1 (election of directors) and Proposal 3 (ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants) to be routine proposals, and that it will consider Proposal 2 (approval of the Stock Plan for Non-Employee Directors) to be non-routine.

Are there any other matters to be acted upon at the annual meeting?

We do not know of any other matters to be presented or acted upon at the meeting. Under our By-Laws, an item of business can be brought to a vote at the meeting only if it is specified in the meeting notice, or brought before the meeting by the Board of Directors or by a share owner who has met the notice requirements in the By-Laws. We have not received any such notice from a share owner.

If any other matter is presented at the meeting on which a vote may properly be taken, the shares represented by proxies will be voted in accordance with the judgment of the person or persons voting those shares.

Will the Board of Directors attend the annual meeting?

Our policy calls for the directors to attend the annual meeting. Last year, ten of the directors (constituting the entire Board) attended the annual meeting.

Who pays for this proxy solicitation?

We pay the costs of soliciting proxies. We retain ADP Investor Communication Services to send proxy materials to share owners of record and to street name holders. Some of our employees may also help solicit proxies from time to time. They do not receive any extra or special pay for doing this.

PROPOSAL 1: ELECTION OF DIRECTORS

The entire Board of Directors, which on May 3, 2004 will consist of eleven members, will be elected at the annual meeting. Each director will serve until the next annual meeting or until he or she is succeeded by another qualified director who has been elected. Susan Molinari, who is currently a director of the Company, has decided not to stand for re-election to the Board of Directors.

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

Each of the nominees for director is now a member of the Board of Directors. Each nominee has been previously elected by the share owners, except for Thomas L. Hamby, Vanessa Leonard and William A. Terry, each of whom was recommended by a non-employee director and by the Corporate Governance and Nominating Committee and, on March 1, 2004 (Ms. Leonard and Mr. Terry) and March 8, 2004 (Mr. Hamby) elected to the Board by the Board of Directors. Each of the directors attended at least 75% of the combined Board of Director and committee meetings held during the period served by that director in 2003, except for Ms. Molinari.

Your shares will be voted as specified on your proxy. If you do not specify how you want your shares voted when you provide your proxy, they will be voted **FOR** the election of all of the nominees listed below. If unforeseen circumstances (such as death or disability) make it necessary for the Board of Directors to substitute another person for any of the nominees, your shares will be voted for that other person. The Board may also choose to reduce the number of directors to be elected, as permitted by our By-Laws.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Board of Directors. The Board of Directors oversees the business and affairs of Protective and monitors the performance of the Company's management. In accordance with corporate governance principles, the Board does not involve itself in day-to-day operations. The directors keep themselves informed through reports from and discussions with the Chief Executive Officer and other key executives and, as necessary, the Company's outside advisors. There were seven meetings of the Board of Directors in 2003.

The Board of Directors reviews the independence of the directors at least annually. In making independence determinations, the Board takes into account the criteria for director independence established by the listing standards of the New York Stock Exchange, the laws and regulations that govern Protective, and the Company's Corporate Governance Guidelines.

The Committees of the Board. To assist in carrying out its duties and responsibilities, the Board of Directors has an Audit Committee, Compensation and Management Succession Committee, Corporate Governance and Nominating Committee, and Finance and Investments Committee. Only independent directors serve on the Audit, Compensation and Management Succession, and Corporate Governance and Nominating Committees. Each Committee has a formal written charter, which is available at the Company's website (www.protective.com), and reports its actions and recommendations to the Board of Directors.

DIRECTORS' COMPENSATION

Directors' Fees. Directors' fees are paid only to directors who are not Protective employees. We feel that it is in your best interest, and the best interest of the Company, for director compensation to be tied to your interests as share owners. Therefore, a significant percentage of director compensation is paid in the form of Protective common stock. Grants of common stock made after the annual meeting will be made under the Stock Plan for Non-Employee Directors, if that plan is approved by the share owners at the annual meeting. For more information, see "Proposal 2: Approval of the Stock Plan for Non-Employee Directors" at page 22.

Amounts deferred into the interest-bearing equivalent are distributable in cash. Amounts deferred as common stock equivalents are distributable as shares of stock.

CORPORATE GOVERNANCE

Protective has operated under sound corporate governance practices for many years. We believe it is important to disclose to our share owners a summary of our major corporate governance practices. Among the practices we adhere to are the following:

- The Company has adopted Corporate Governance Guidelines, which are published on the Company's website (www.protective.com). These Guidelines include qualifications for directors (including a director retirement age), guidelines for determining director independence, director orientation, and a requirement that the Board and each of its Committees perform an annual self-evaluation.

- The Company also has published on its website the charter of each Committee of the Board and the Company's Code of Business Conduct. The Code of Business Conduct, which applies to all directors, officers and employees, incorporates a code of ethics that applies to all of the Company's financial officers (including the Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer).

- Our Board meetings are designed to give directors both access to management and the opportunity to discuss matters outside the presence of management. The first part of each meeting is attended by senior management, who are available to answer any questions the directors may have. The second part is attended only by the directors, although selected members of management may attend a portion of this part of the meeting if appropriate for discussion of a specific agenda item; these management members are excused from the meeting after the agenda item has been covered. The third part of our Board meetings, which is regularly scheduled twice a year, is attended only by non-employee directors. This session is chaired by the Chairman of the Audit Committee, who is currently James S. M. French.

8

- The Board, and each Committee of the Board, has the authority to engage independent consultants and advisors at the Company's expense.

- Shareowners may send communications to the Board of Directors by mailing the communication to Board of Directors, c/o Corporate Secretary, Protective Life Corporation, P.O. Box 2606, Birmingham, AL 35202. The Corporate Secretary will forward the correspondence to the Chairman of the Corporate Governance and Nominating Committee.

BOARD COMPOSITION, QUALIFICATIONS AND NOMINATIONS

The Corporate Governance and Nominating Committee, and the full Board, have adopted a policy that directors of the Company should be non-employees, with the exception of the Company's President and Chief Executive Officer. Under this policy, directors should have a background evidencing their high level of knowledge, experience, judgment, education, character, dedication and achievement, and collectively bring a diversity of background, experience and other factors to the Board. Directors should be willing to devote sufficient time and energy to

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

the Company and should be share owners as required by the Company's By-Laws.

The Corporate Governance and Nominating Committee will consider recommendations for nominees to the Board from Board members and from share owners. Share owners should submit recommendations in writing to Corporate Governance and Nominating Committee, Protective Life Corporation, P. O. Box 2606, Birmingham, AL 35202, Attention: Corporate Secretary. Please include relevant information (including name, address, telephone numbers, and a brief description of the individual's background and experience) about the potential nominee. Each individual recommended will be evaluated in light of the criteria described above.

- (1) The number of shares reported includes shares that are deemed to be beneficially owned under SEC regulations. Under these regulations, a person is generally deemed to beneficially own shares as to which such person holds or shares, directly or indirectly, through any contract, relationship, arrangement, understanding or otherwise, either voting power or investment power. The total number of shares beneficially owned is subdivided, where applicable, into two categories: shares as to which voting/investment power is held solely and shares as to which voting/investment power is shared. The percentage calculation is based on the aggregate number of shares beneficially owned.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Directors and executive officers of the Company are required to file reports with the SEC showing changes in their beneficial ownership of our common stock. The Company inadvertently failed to file a timely report on behalf of R. Stephen Briggs with respect to a sale of common stock and a timely report on behalf of Brent E. Griggs with respect to an acquisition of stock equivalents under the Deferred Compensation Plan for Officers of the Company.

- (1) The stock appreciation rights are exercisable after five years (earlier upon the death, disability or retirement of the executive or, in certain circumstances, upon a change in control of the Company). Unexercised rights expire upon termination of employment. The amount received upon exercise of rights within the one-year period before termination of employment may be recovered by the Company if the executive becomes employed by a competitor of the Company.
- (2) The stock appreciation rights were valued using a Black-Scholes option pricing model. Expected volatility was assumed to be approximately equal to that of the S&P Supercom Life and Health Insurance Index or 25.0%. Other assumptions include a risk-free rate of 3.1%, a dividend yield of 2.1%, and an expected time of exercise of March 4, 2009.

The following table sets forth information regarding the value of the stock appreciation rights held by the Named Executives based on the value of our common stock as of December 31, 2003. None of the Named Executives exercised stock appreciation rights during 2003.

- (2) The award is earned based on comparison of the Company's average return on average equity or total rate of return for a four-year period to the average return on average equity or total rate of return for companies in a peer group. No portion of the award is earned if the Company's performance is below the median for both measures.
- (3) Payout of this performance share award upon Mr. Massengale's retirement is included in the "All Other Compensation" column in the Summary Compensation Table at page 12. For more information, see "Special Retirement Arrangements" at page 15.

OTHER PLANS AND ARRANGEMENTS

Retirement Benefits. The Company has a tax-qualified Pension Plan, and an Excess Benefit Plan that provides retirement benefits that cannot be paid under the Pension Plan due to Internal Revenue Code limitations. This table shows the annual pension benefits payable to executive officers under these plans. The benefits in the table are not reduced by social security or other offset amounts. The benefits shown in the table reflect a straight life form of annuity benefit. If the payment is made in the form of a joint and survivor annuity, the amount paid to the executive could be much less than the amount shown below.

Compensation covered by the Pension Plan (and the Excess Benefit Plan) excludes commissions, performance share awards and amounts received upon the exercise of stock appreciation rights, and generally corresponds to that shown under the heading "Annual Compensation" in the Summary Compensation Table.

Compensation is calculated based on the average of the highest level of compensation paid during a period of 36 consecutive whole months. Only three Annual Incentive Plan bonuses (whether paid or deferred) are included in determining average compensation.

The Named Executives and their credited years of service as of March 5, 2004 are shown in the following table.

Name	Years of Service
John D. Johns	10
R. Stephen Briggs	31
Jim E. Massengale	21
Allen W. Ritchie	2

Deborah J. Long	10

Employment Continuation Agreements. The Company has Employment Continuation Agreements with each of the Named Executives (other than Mr. Massengale, whose agreement terminated upon his retirement on December 29, 2003). These agreements provide for certain benefits if the executive's employment is actually or constructively terminated (by means of a reduction in duties or compensation) following certain events constituting a "change in control." These benefits include (a) a payment equal to three times (for Messrs. Johns, Briggs and Ritchie) or two times (for Mr. Bielen and Ms. Long) the sum of (1) the executive's annual base salary in effect at the time of the change in control, (2) the average Annual Incentive Plan bonus paid to the executive for the three years before the change in control, and (3) (for Messrs. Johns, Briggs and Ritchie) the average value over the last three years of the performance shares, stock appreciation rights, and other long-term incentives granted to the executive (excluding special or "one time" grants); (b) payment of an amount equal to the executive's target bonus opportunity under the Annual Incentive Plan for the year in which termination of employment occurs, (c) continuation (for up to twenty-four months) in the Company's medical, accident, disability, and life insurance plans as provided to the executive immediately before termination of employment; (d) payment of an amount equal in value to the increased benefits under the Pension Plan and the Excess Benefit Plan resulting from an additional three years of credited service (subject to the Pension Plan's maximum on credited service); and (e) an additional payment, if necessary, to reimburse the executive for any additional tax (other than normal Federal, state and local income taxes) incurred as a result of any benefits received in connection with the change in control.

Special Retirement Arrangements. In consideration of his contributions to the Company as its Executive Vice President and leader of its Acquisitions Division, and in recognition of his retirement on December 29, 2003, the Company provided Mr. Massengale with certain compensation in addition to the benefits payable under Protective's regular programs. These benefits included (a) payout of his 2001, 2002 and 2003 performance share awards with a smaller reduction for prorated service than normally required under the Long-Term Incentive Plan, and (b) monthly payments equal to the difference between the amount Mr. Massengale would have received if he had one more year of service under the Company's Pension Plan and Excess Benefit Plan, assuming he earned during that year his then-current rate of base salary and his 2003 target Annual Incentive Plan bonus, minus the benefits otherwise payable under the plans. Mr. Massengale has also agreed to provide consulting services to the Company during 2004 in exchange for a consulting fee of \$100,000 paid in 2003.

COMPENSATION AND MANAGEMENT SUCCESSION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Management Succession Committee ("Committee") reviews and approves the Company's compensation practices with respect to the officers and key employees of the Company and its subsidiaries. It has the responsibility to satisfy itself that the officers and key employees are effectively compensated through salaries and annual and long-term incentives that are internally equitable, externally competitive, and commensurate with Company and individual performance. The Committee members are all independent non-employee directors.

Overview

The objectives of the Company's executive compensation program are to attract the most qualified executives, to motivate these executives to achieve high levels of performance, and to retain executives who contribute to the Company's success. The program is designed to support Protective's business goals by implementing incentive programs that measure and reward attainment of key measures of that success. The program is also designed to add share owner value by aligning the financial interests of executives and the share owners.

The Committee has engaged the services of an independent compensation consultant to help it fulfill its duties. All fees and expenses of this independent consultant are paid by the Company. The consultant provides the Committee with competitive compensation data through compensation surveys, its own databases, and analysis of proxy statements. In particular, the consultant reviews the pay practices of other life insurance and financial companies (including some of the companies in the peer group shown on page 21) and other companies with which Protective competes for executive talent. The consultant also makes recommendations regarding the amount and type of compensation to be

provided to the Company's officers and key employees.

The executive compensation program has three components: base salary, annual incentive awards and long-term equity-based incentives.

Base Salary

The Committee's compensation strategy for executive officers is to pay salaries at or near the median which, when supplemented by an Annual Incentive Plan award, will produce total cash compensation commensurate with the Company's performance as compared to a peer group of companies.

Individual competence, length of time within a position, and comparisons to salaries for similar positions in other companies (adjusted for size) help determine an officer's salary. For the Chief Executive Officer, the Committee also considers Company performance when setting the appropriate base salary level. No specific weights are given to any of the factors considered by the Committee. The Committee established Mr. Johns's annual base salary as President and Chief Executive Officer at \$675,000 effective March 1, 2003, based upon the factors described above.

Annual Incentive Awards

The Company has had an annual cash bonus plan since 1973. The Annual Incentive Plan ("AIP") was established to reward, retain, and provide incentives for outstanding performance for officers and key employees.

The AIP is administered by the Committee. The Committee determines the target bonus opportunity and performance objectives for the Chief Executive Officer and certain other key executives. With the approval of the Chief Executive Officer, the Company's executive officers select other officers and employees for participation in the AIP, and establish their individual target bonus opportunities and performance objectives.

16

The Committee sets the total amount of bonuses payable for each year and reviews the methodology used to determine individual bonuses.

Currently, there are 311 employees in the AIP, including the Chief Executive Officer. Each employee has a target bonus percentage of 4% to 100% of salary. Bonus payments, when made, may range from 33% to 200% of the target. The Committee is authorized to determine the percentage of AIP bonuses earned and may direct that no AIP bonuses be paid.

An individual's AIP bonus is based upon Company performance and, in addition, may also be based upon divisional and/or individual performance criteria related to the employee's responsibilities that are consistent with overall Company objectives. The Chief Executive Officer's AIP bonus is based solely on the Company's achieved earnings per share according to a range fixed for the year at the Committee's March meeting. For the other executive officers, 40% to 100% of their respective AIP bonus opportunities for 2003 were based upon the Company's 2003 operating earnings per share. The Committee specifically reviews and approves the annual bonus paid to each of the executive officers, including the Chief Executive Officer.

Under the terms fixed by the Committee, Mr. Johns would earn a target AIP bonus for 2003 of 100% of base salary if the Company's 2003 operating earnings per share (excluding the effect of one-time non-recurring charges) were \$2.70. A maximum bonus, 200% of target or 200% of base salary, would be paid if the Company's operating earnings per share were \$2.81. A threshold bonus, 33% of target or 33% of base salary, would be paid if the Company's operating earnings per share were \$2.53, and no bonus would be paid if the Company's operating earnings per share were below \$2.53. The Company's 2003 operating earnings per share of \$2.79 resulted in Mr. Johns earning an AIP bonus of 182% of base salary, or \$1,228,500.

Stock Incentive Awards

The Company's Long-Term Incentive Plan was adopted by the share owners in 1973. The purpose of the Plan is to motivate officers and key employees to focus on the Company's long-range earnings performance, to reward them based on long-range results, and to provide them with a way to increase share ownership in the Company. Under the Long-Term Incentive Plan, officers and key employees of the Company and its subsidiaries, who are determined by the Committee to have a substantial opportunity to influence the long-term growth in profitability of the Company, may be awarded stock-based incentive compensation. In 2003, the Committee awarded performance shares and stock appreciation rights under this program.

Performance Shares. The number of performance shares awarded in 2003 was determined by multiplying the employee's award percentage times that employee's base salary plus target AIP bonus, divided by the recent average price of a share of common stock. Each employee was assigned an award percentage that ranged up to 100% in 2003, to provide long-term compensation which is competitive to that offered to persons performing similar functions at insurance companies of comparable size. Based on his 2003 award percentage of 100%, Mr. Johns was awarded 39,230 performance shares in 2003. For 2003, a total of 152,190 performance shares was awarded to 50 participants (including Mr. Johns).

Payment of performance share awards is based upon a comparison of the Company's average return on average equity and total rate of return for a four-year award period to that of the companies in a comparison group of publicly held life insurance companies, multiline insurers and insurance holding companies during the award period. Payment of the award will occur if the Company achieves its comparison levels with respect to either average return on average equity or total rate of return. The comparison group is generally comprised of the Company and the 40 largest publicly held stock life and multiline insurance companies as listed in the *National Underwriter*, each having net worth in excess of \$100 million, ranked according to net worth (see page 21). If a company in the comparison group is acquired or exits the insurance industry during the award period, that company is ranked below the Company for comparison purposes.

17

If the Company's four-year results are below the median, or threshold, of the comparison group, no portion of the award is earned. If the Company's four-year results are at the median, 50% of the award is earned. Company results at target, or the top 25% of the comparison group, would result in up to 125% of the award being earned for each executive officer. Company results in the top 10% would result in up to 170% of the award being earned for each executive officer. Mr. Johns' awards earn out at 125% and 170% at the target and maximum levels, respectively.

If an award is earned (based on the conditions determined by the Committee at the time of the award), unless the employee elects to defer receipt under the Deferred Compensation Plan for Officers, the employee receives payment (in cash approximately equal to the income tax withholding obligation on the award and the balance in common stock) of all or part of the award four years after the award date.

Mr. Johns and the other senior executive officers did not receive a performance share award for the four-year award period ending in 2003. Instead, they received performance stock appreciation rights, which are discussed in more detail below.

Stock Appreciation Rights. During 2003, the Committee awarded 95,000 stock appreciation rights to four participants. The purpose of these awards was to assure an overall level of compensation consistent with the Committee's compensation strategy, and to align more fully compensation incentives with the realization of share owner value. The awards were designed to provide additional long-term incentive compensation based solely on the performance of the Company's common stock. Retention value was established through a five-year cliff vesting schedule (subject to acceleration in the event of death, disability or retirement and, in certain circumstances, a change in control of the Company). Upon exercise, each stock appreciation right will entitle the holder to the difference, payable in stock (and an amount in cash approximately equal to the income tax withholding obligation due upon exercise), between the value of the common stock at the time of exercise and the stock appreciation rights' base price of \$26.49.

Performance Stock Appreciation Rights. In 2000, all long-term incentive participants were given the opportunity to elect to receive either performance shares or a grant of performance stock appreciation rights ("performance SARs") equal in number to 3.33 times the number of performance shares that would otherwise be awarded. Mr. Johns, and forty-one of the other forty-three participants, elected to receive performance SARs. The number of stock appreciation rights that would become exercisable at the end of the four-year award period was based on the same performance criteria as the original performance share award. The stock appreciation rights, when earned and exercisable, would have a base price of \$22.31 and would generally remain exercisable until March 6, 2010.

Final results for the four-year award period ending in 2003 are unavailable at this time. Based on the information available as of the date of this proxy statement, it is anticipated that the Company's results will place Protective in the top 17% of the comparison group. At this level of performance, Mr. Johns would earn approximately 116,302 exercisable stock appreciation rights, representing 149% of his 2000 performance SAR grant.

Stock Ownership Guidelines

The Company has always encouraged its executive officers to hold shares of the Company's common stock, in order to align their interests with those of the share owners. The Committee has adopted stock ownership guidelines in order to formalize this long-standing policy. Under the guidelines, the Company's officers are not to dispose of shares of common stock unless their holdings exceed a multiple of their base salary. The applicable multiples are: Chief Executive Officer, five times base salary; Executive Vice Presidents, three times base salary; Senior Officers, two times base salary; and Vice Presidents, one times base salary.

Adoption of SFAS 123

The Company has adopted SFAS No. 123. Accordingly, the Company's net income has been reduced by the estimated cost of long-term equity-based incentive and other compensation, and the performance criteria under the Annual Incentive Plan and the Long-Term Incentive Plan reflect accruals for estimated compensation to be awarded under the Plans.

Limits to Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code provides that the Company may be limited in deducting annual compensation in excess of \$1 million paid to certain executive officers, unless the payments are made under qualifying performance-based compensation plans which meet the requirements set forth in Section 162(m). The Committee has considered the effect of Section 162(m) on the Company's compensation program to develop its policy with respect to the deductibility of executive compensation. The Company's executive compensation plans have previously been approved by share owners and are designed to comply with the Section 162(m) requirements. It is the Committee's position that in administering the "performance based" portion of the compensation program for executives, it will attempt to comply with the requirements of Section 162(m). However, the Committee believes that in certain circumstances it may be in the best interests of the Company and its share owners to retain the flexibility to exercise its judgment in assessing executive performance and setting compensation for executive officers. Should compliance with Section 162(m) conflict with its compensation policy or with what the Committee believes to be in the best interests of share owners of the Company, the Committee will act in accordance with its policy notwithstanding the effect such action may have on the deductibility of compensation in any given year.

PERFORMANCE COMPARISON

The following graph compares total returns on Protective's common stock over the last five fiscal years to the Standard & Poor's 500 Stock Index ("S&P 500") and to a peer comparison group ("Peer Group"). The graph assumes \$100 invested on December 31, 1998 and that all dividends were reinvested. Points on the graph represent performance as of the last business day of each of the years indicated.

S & P 500	100	121	110	97	75	97
Peer Group	100	108	150	125	99	120

The companies included in the Peer Group index are generally the same as those companies included in the Company's 2003 comparison group of companies for performance share awards under the Long-Term Incentive Plan. The index is generally comprised of the Company and the 40 largest publicly held stock life and multiline insurance companies as listed in the *National Underwriter*, each having net worth in excess of \$100 million, ranked according to net worth. The index weights individual company returns for stock market capitalization. The companies included in the Peer Group index are shown in the following table.

The composition of the Peer Group has changed from that used in last year's proxy statement. The total return calculations shown in the graph and table on page 20 do not include the performance of Erie Family Life Insurance Company.

As discussed in the "Compensation and Management Succession Committee Report on Executive Compensation," the Company's long-term incentive compensation is based upon comparisons of the Company's average return on average equity and total rate of return to that of a comparison group of companies. The following table sets forth the return on average equity and average return on average equity for the Company and the median for the applicable comparison group of companies.

Year	Protective Life Corporation		Comparison Group Median (1)

PROPOSAL 2: APPROVAL OF THE STOCK PLAN FOR NON-EMPLOYEE DIRECTORS

Introduction

The Company believes that it is in the best interests of the share owners, and the Company, for the Company's non-employee directors to receive a significant portion of their annual retainer in the form of common stock. For many years, the Board has paid a portion of this retainer through annual grants of common stock to the non-employee directors. For example, in February 2004, the Board made grants of 750 shares of common stock to each non-employee director effective May 2004, and made grants of 650 shares of common stock to each non-employee director in each of 2001, 2002 and 2003.

Until recently, issuance of shares of common stock under this program did not require formal share owner approval. In July 2003, however, the New York Stock Exchange adopted rules that make it advisable for the Company to seek share owner approval of the program. As a result, at its February 2, 2004 meeting, the Corporate Governance and Nominating Committee recommended, and the Board of Directors approved, adoption of the Stock Plan for Non-Employee Directors of Protective Life Corporation (the "Plan"), and the Board voted to submit the Plan for approval by the share owners.

The principal features of the Plan are summarized below. This description is subject to the terms of the Plan, which was filed with the SEC as an appendix to this proxy statement. You may obtain a copy of the Plan through the Internet from the "EDGAR database of Corporate Information" on the SEC's website (<http://www.sec.gov>). The existence of the Plan does not preclude the Company from providing additional compensation to its non-employee directors.

Vote Required

The affirmative vote of the holders of a majority of the shares present or represented by proxy at the annual meeting and entitled to vote is required to approve the Plan.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE STOCK PLAN FOR NON-EMPLOYEE DIRECTORS OF PROTECTIVE LIFE CORPORATION.

Material Terms of the Plan

Eligibility. Each director who has not, within the preceding twelve months, served as an officer or employee of the Company or its subsidiaries, is an "eligible director" and is eligible to receive shares of common stock under the Plan. We expect that ten directors would qualify as eligible directors after the annual meeting.

Grants of Shares. The Board of Directors may grant shares of common stock to the eligible directors from time to time. No eligible director may be granted more than 2,000 shares of common stock in any calendar year. An eligible director may defer receipt of the common stock by making an election under the Company's Deferred Compensation Plan for Directors Who Are Not Employees of the Company. (For more information about this plan, see page 8.)

The maximum number of shares of common stock that may be issued under Plan after May 3, 2004 is 100,000. The shares may be unissued shares or treasury shares. If there is a stock split, stock dividend, recapitalization, or other relevant change affecting the common stock, appropriate adjustments will be made in the number of shares that may be issued in the future.

Administration. Except as discussed under "Grants of Shares" above, the Plan is administered by the Corporate Governance and Nominating Committee. The Committee has the authority to interpret the Plan, to

adopt administrative regulations, and to take any other action necessary or appropriate for operation of the Plan.

Amendment and Termination. No shares of common stock may be issued under the Plan after May 1, 2014. The Board may amend the Plan at any time. Share owner approval is required for any amendment that would increase the number of shares of common stock that may be issued under the Plan (except as permitted for stock splits, stock dividends and other relevant changes affecting the common stock) or extend the period over which shares of common stock may be issued.

Federal Income Tax Consequences. The following is a brief summary of the Federal income tax consequences of awards made under the Plan based upon the Federal income tax laws in effect on the date of this proxy statement. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

An eligible director will recognize ordinary income in the amount of the fair market value of the common stock received at the date of grant. The Company will be entitled to a tax deduction at the same time and in the same amount. The holding period to determine whether the eligible director has long-term or short-term capital gain or loss on a subsequent sale will begin on the date of grant. The eligible director's tax basis for the shares will generally equal the fair market value of the shares on the date of grant. If an eligible director defers receipt of common stock under the Deferred Compensation Plan for Directors Who Are Not Employees of the Company, the date and amount of tax owed and the holding period for the shares will be based on the date distributions are made from that plan and the value of the common stock on that date.

New Plan Benefits

Because the grants to individual eligible directors may vary from year to year at the discretion of the Board, the amounts payable under the Plan for any calendar year during which the Plan is in effect cannot be determined. See "Proposal 2: Approval of the Stock Plan for Non-Employee Directors Introduction" at page 22 for a discussion of the grants of shares to eligible directors during 2001-2004.

with respect to stock equivalents pursuant to the Company's Deferred Compensation Plan for Officers, (c) 97,700 shares of common stock issuable with respect to stock equivalents pursuant to the Company's Producer Deferred Compensation Plan, and (d) 166,021 shares of common stock issuable with respect to stock equivalents pursuant to the Company's Deferred Compensation Plan for Sales Managers, Agents and Representatives.

- (5) The plans listed in Note 4 do not currently have limits on the number of shares of common stock issuable thereunder. The total number of shares of common stock that may be issuable thereunder will depend upon, among other factors, the deferral elections made by participants in such plans.
- (6) Plus any shares that become issuable under the plans listed in Note 4.

Under the Company's Deferred Compensation Plan for Officers (which has been in effect since 1994), officers of the Company may elect to defer until a specified date all or any portion of their AIP bonuses and/or common stock compensation. Cash amounts may be deferred into a common stock equivalent or an interest bearing equivalent. Stock compensation may only be deferred as common stock equivalents. Amounts deferred into the interest-bearing equivalent are payable in cash. Amounts deferred as common stock equivalents are payable as shares of common stock. Both the AIP and the long-term incentive plans pursuant to which common stock compensation is paid have been previously approved by the share owners.

Independent insurance producers of Protective Life Insurance Company may elect to defer until a specified date all or any portion of their commissions and other compensation with respect to sales of certain Protective Life insurance products under the Company's Producer Deferred Compensation Plan. A producer may elect for deferrals to be treated as invested in a common stock equivalent or in several mutual fund investments. Producers who meet certain insurance production criteria receive matching contributions in common stock equivalents. Amounts deferred into mutual fund equivalents are payable in cash. Amounts deferred as common stock equivalents are payable as shares of common stock.

Certain independent regional sales managers and other insurance representatives may elect to defer until a specified date all or any portion of their commissions and other compensation from the Company under the Company's Deferred Compensation Plan for Sales Managers, Agents, and Representatives. A regional sales manager may elect for deferrals to be treated as invested in a common stock equivalent or in several mutual fund investments. A regional sales manager who elects to defer a special supplemental bonus into a common stock equivalent will be allocated a matching contribution into the common stock equivalent. Amounts deferred into the mutual fund equivalents are payable in cash. Amounts deferred as common stock equivalents are payable as shares of common stock.

For a description of the Company's Deferred Compensation Plan for Directors Who Are Not Employees of the Company, see page 8.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for establishing and maintaining systems of internal controls and for the preparation of the financial statements and other financial information included in the Company's Annual Report. In fulfilling its oversight responsibilities, the Committee reviewed the consolidated financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent accountants the accountants' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board.

The Committee discussed with the Company's internal auditors and independent accountants the overall scope and plans for their respective audits. The Committee meets with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Committee also appointed PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending December 31, 2004.

**FEEES FOR PROFESSIONAL SERVICES
 OF THE COMPANY'S INDEPENDENT ACCOUNTANTS**

The following table shows the aggregate fees billed by PricewaterhouseCoopers LLP for 2003 and 2002 with respect to various services provided to the Company and its subsidiaries.

	2003	2002
Audit	\$1.8 Million	\$1.9 Million
Audit Related	\$0.1 Million	\$0.3 Million
Tax	\$1.3 Million	\$0.9 Million
All Other	\$0.0 Million	\$0.3 Million
Total	\$3.2 Million	\$3.4 Million

Audit fees were for professional services rendered for the audits of the consolidated financial statements of the Company, statutory audits of subsidiaries, issuance of comfort letters, consents, income tax provision audit procedures, and assistance with review of documents filed with the SEC and other regulatory authorities.

Audit Related fees were for assurance and related services related to employee benefit plan audits, due diligence and accounting consultations in connection with acquisitions, internal control reviews, attest services that are not required by statute or regulation, and consultations concerning financial accounting and reporting standards.

Tax fees were for services related to tax compliance (including the preparation of tax returns and claims for refund), tax planning and tax advice, including assistance with and representation in tax audits and appeals, advice related to acquisitions, tax services for employee benefit plans, and requests for rulings or technical advice from tax authorities.

All Other fees were primarily for internal audit services. No internal audit services were provided after June 30, 2003.

The engagement of PricewaterhouseCoopers LLP to render audit and non-audit services for the Company and its subsidiaries for the period ended March 2005 was approved by the Audit Committee on March 1, 2004. The Audit Committee's policy is to pre-approve, generally for a twelve month period, the audit, audit related, tax and other services provided by the independent accountants. Under the pre-approval process, the Committee reviews and approves specific services and categories of services and the maximum aggregate fee for each service or service category. Performance of any additional services or categories of services, or of services that would result in fees in excess of the established maximum, requires the separate pre-approval of the Committee or a member of the Committee who has been delegated pre-approval authority.

**PROPOSAL 3:
 RATIFICATION OF APPOINTMENT
 OF THE COMPANY'S INDEPENDENT ACCOUNTANTS**

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

The Audit Committee, which is composed of independent non-employee directors, has appointed PricewaterhouseCoopers LLP, a firm of independent public accountants, as independent accountants for the Company and its subsidiaries for 2004. This firm or its predecessor has served as independent accountants for the Company and its predecessor since 1974. Representatives of PricewaterhouseCoopers LLP will be present at the annual meeting and will have an opportunity to make a statement if they so desire and to respond to appropriate questions by share owners.

26

In evaluating the selection of PricewaterhouseCoopers LLP as principal independent accountants for the Company and its subsidiaries, the Audit Committee has considered whether the provision of the non-audit services described above is compatible with maintaining the independent accountants' independence. It has determined that such services have not affected PricewaterhouseCoopers LLP's independence. The Committee has also reviewed the non-audit services which were performed in 2003 and determined that they were consistent with Company policy. In addition, the Audit Committee has considered generally the nonaudit professional services that PricewaterhouseCoopers LLP will likely be asked to provide for the Company during 2004, and the effect which performing such services might have on audit independence.

Vote Required. Ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants would require the affirmative vote of the holders of a majority of the shares present or represented by proxy at the annual meeting and entitled to vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT ACCOUNTANTS.
