Item 3.03 Material Modification to Rights of Security Holders.

On December 8, 2004, VitaCube Systems Holdings, Inc. ("we" or the "company") effected a 1-for-5 reverse split of our common stock, par value \$.001 per share. No change was made in the number of our authorized shares of common stock. Our board of directors and a majority of our stockholders approved the reverse split on October 15, 2004. We filed a definitive information statement with the Securities and Exchange Commission reporting the approval of the reverse split on October 26, 2004.

Effective December 8, 2004 each five currently outstanding shares of common stock were automatically converted into one share of common stock and the total number of shares of our common stock outstanding was reduced from 32,670,165 shares to approximately 6,534,046. Any fractional share resulting from the reverse stock split was rounded to one share.

Each stockholder's percentage ownership interest in the company and proportional voting power remains unchanged after the reverse stock split except for minor changes and adjustments resulting from rounding fractional shares into whole shares. The rights and privileges of the holders of common stock are substantially unaffected by the reverse stock split.

Effective December 8, 2004, our new trading symbol on the Over-the-Counter Bulletin Board is "VCUB.OB."
