PEROT SYSTEMS CORPORATION

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

Perot Systems Corporation is furnishing you this Proxy Statement on behalf of its Board of Directors to solicit proxies for its Annual Meeting of Stockholders and any adjournments or postponements of the Annual Meeting. We will hold the Annual Meeting at our Plano Campus Cafeteria, 2300 West Plano Parkway, Plano, Texas on Wednesday, May 10, 2006, at 3:00 p.m. Central Daylight Time. We first mailed these proxy materials to our stockholders on or about March 29, 2006.

PURPOSE OF MEETING

We are holding the Annual Meeting for the stockholders to elect our directors, adopt the 2006 Non-Employee Director Equity Compensation Plan and approve the reservation of shares under the plan, ratify the appointment of our independent registered public accounting firm for 2006 and conduct any other business that properly comes before the Annual Meeting.

VOTING AND SOLICITATION

Right to Vote and Record Date

Our Class A Common Stock, par value \$.01 per share, is the only type of security entitled to vote at the Annual Meeting. Each share of Class A Common Stock that you owned as of the close of business on March 13, 2006, entitles you to one vote for each of the 11 nominees for director and one vote on each other proposal properly brought before the Annual Meeting. On March 13, 2006, there were 118,219,239 shares of Class A Common Stock outstanding.

Quorum; Adjournment

The holders of at least a majority of the voting power of our issued and outstanding shares of Class A Common Stock must be present, in person or by proxy, to constitute a quorum for the transaction of business at the Annual Meeting. We count abstentions to determine whether a quorum exists for the transaction of business. We also count broker non-votes, which we describe in more detail below, as shares present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

Voting at the Annual Meeting

If your shares of Class A Common Stock are registered directly with Mellon Investor Services, you are a "record holder" and may vote in person at the Annual Meeting. If you hold your shares through a broker, bank or other nominee, your shares are held in "street name" and you are the "beneficial holder." If you hold your shares in street name, in order to vote in person at the Annual Meeting, you must obtain a proxy from your broker, bank or other nominee.

Voting by Proxy

Whether or not you are able to attend the Annual Meeting, we urge you to vote by proxy.

Shares Held of Record

If you are a record holder, you can vote your shares using one of the following methods:

via the Internet website shown on the proxy card,

by telephone using the toll-free number shown on the proxy card, or

by a completed and returned written proxy card.

We must receive votes submitted through the Internet or by telephone by 11:59 p.m., Eastern Daylight Time, on May 9, 2006. Internet and telephone voting are available 24 hours a day, and if you use one of those methods, you do not need to return a proxy card. Submitting your voting instructions by any of the methods mentioned above will not affect your right to attend the Annual Meeting and vote in person.

If you vote by phone or via the Internet, please have your social security number and proxy or voting instruction card available. The sequence of numbers appearing on your proxy card and your social security number are necessary to verify your vote.

Shares Held in Street Name

If you hold your shares in street name, you should follow the directions provided by your broker or bank regarding how to instruct your broker to vote your shares. Without instructions from you, your broker or bank has discretion to vote your shares on "routine matters," such as the election of directors and ratification of the appointment of the independent registered public accounting firm.

How the Proxy Holders Will Vote Your Proxy

The proxy holders will vote as you direct if you properly complete your proxy. If you submit a proxy but do not provide directions on how to vote, your proxy will be voted as follows:

FOR the nominees of the Board of Directors,

FOR approval of the 2006 Non-Employee Director Equity Compensation Plan and the reservation of shares under the plan,

FOR ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm,
and

In the discretion of the proxy holders, with respect to any other matters that may properly come before the Annual Meeting.

Changing Your Vote

You may revoke or change your proxy at any time before the Annual Meeting. The procedures for changing your vote differ depending on how you own your shares. If you are a record holder of your Perot Systems shares, you may change your vote by:

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

submitting another proxy with a later date before the beginning of the Annual Meeting,

sending a written notice of revocation to the Secretary of Perot Systems at 2300 West Plano Parkway, Plano, Texas 75075 that is received before the beginning of the Annual Meeting, or

attending the Annual Meeting and voting in person.

If you are a beneficial holder of your Perot Systems shares, you may change your vote by submitting new voting instructions to your broker, bank or nominee.

Vote Required

Board of Directors

The 11 nominees receiving the highest number of affirmative votes will be elected directors of Perot Systems and will serve until the next Annual Meeting or until their successors have been elected and qualified or until their earlier resignation or removal. We do not have cumulative voting for the election of directors.

Adoption of the 2006 Non-Employee Director Equity Compensation Plan and Reservation of Shares Under the Plan

Adoption of the 2006 Non-Employee Director Equity Compensation Plan and reservation of shares under the plan requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting.

Ratification of Independent Registered Public Accounting Firm

Ratification of our independent registered public accounting firm requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting.

Other Matters

Approval of other matters considered at the Annual Meeting generally require the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Our Certificate of Incorporation requires a vote of 66²/₃% of the outstanding Class A Common Stock for certain matters. As of the date of this proxy statement, no other matter for consideration at the Annual Meeting has been submitted to Perot Systems.

Broker Non-Votes and Abstentions

A broker non-vote occurs when a broker holds shares in street name for a customer and the customer does not direct the broker's vote with respect to the approval of non-routine matters. With respect to the election of directors and ratification of the appointment of the independent registered public accounting firm, a broker will have discretionary authority to vote the shares if the beneficial owner has not given instructions. Without your instructions, a broker may not vote on the adoption of the 2006 Non-Employee Director Equity Compensation Plan and reservation of shares under such plan.

Abstentions are counted as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Solicitation of Proxies

Perot Systems will pay all costs of the solicitation. We will furnish copies of solicitation material to fiduciaries and custodians holding shares in street name that others beneficially own. We will conduct the original solicitation by mail or, in cases where the stockholder has previously consented to electronic delivery, by electronic means. We may supplement the original solicitation with a solicitation by telephone, telegram, or other means by our directors, officers, or employees. We will not pay additional compensation to these individuals for their services. We do not plan to solicit proxies by means other than those we have described above.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

Our bylaws provide that the number of our directors will not be less than one, with the exact number to be fixed by the Board of Directors. The Board of Directors has fixed the number of directors at 11. We are proposing the election of all 11 of our current directors to hold office for a term of one year, expiring at the close of the 2007 Annual Meeting of Stockholders or when their successors are elected and qualified or until their earlier resignation or removal. We have listed the nominees and their positions and offices with Perot Systems below. The proxy holders will vote all duly executed proxies received for the nominees listed below unless you instruct them otherwise. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote the proxies for any nominee designated by the current Board to fill the vacancy, unless the Board reduces the number of directors to be elected at the Annual Meeting. The Board is not aware of any nominee who is unable or who will decline to serve as a director.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED BELOW.

Hahn and Gallagher were appointed in December 1994 and May 2001, respectively. The Audit Committee met eight times in 2005. All members of the Audit Committee satisfy the requirements of independence as set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard, and are independent within the meaning of the applicable regulations of the Securities and Exchange Commission. C. H. Moore, Jr. is qualified as an audit committee financial expert within the meaning of the Securities and Exchange Commission regulations, and the Board has determined that he has accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange.

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of Perot Systems. The Audit Committee does not prepare financial statements or perform audits, and its members are not auditors or certifiers of Perot Systems' financial statements. A charter, that the Board reassesses annually, governs the Audit Committee's activities.

The Audit Committee's primary responsibilities and duties are to review and discuss with our outside independent registered public accounting firm our financial statements and the professional services they provide, including the scope of their audit coverage, the independent registered public accounting firm's reports to management and management's responses to such reports, and the independence of the accounting firm from our management. In addition, the Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to legal and regulatory compliance matters. The Audit Committee also reviews and discusses with management the scope of our internal audits, summaries of the internal auditors' reports and activities, the effectiveness of our internal audit staff, certain possible violations of our Standards and Ethical Principles, and such other matters with respect to our accounting, auditing, and financial reporting practices and procedures as it may find appropriate or as have been brought to its attention. In addition, the Board has delegated to the Audit Committee the authority to select Perot Systems' independent registered public accounting firm for each fiscal year.

Human Resources and Compensation Committee

The Human Resources and Compensation Committee consists of Carl Hahn, DeSoto Jordan, Thomas Meurer and Anuroop (Tony) Singh. Mr. Hahn, the Chairman of the Human Resources and Compensation Committee, was appointed to the committee in March 2002. Messrs. Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

All members of the committee satisfy the requirements of independence as set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard. The primary responsibilities of the committee are to assist the Board of Directors in discharging its responsibilities relating to the compensation of our associates, to review and make final determinations with respect to the compensation of the Chairman and the Chief Executive Officer, and to review and make recommendations to the Board of Directors on the compensation of other executive officers and outside directors, bonus and retirement plans, the 1999 Employee Stock Purchase Plan, and the 2001 Long-Term Incentive Plan. In discharging these responsibilities, the committee was advised by our Human Resources organization. In addition, the committee has engaged an independent compensation consultant as its advisor.

Nominating and Governance Committee

The Nominating and Governance Committee consists of Thomas Meurer, John S.T. Gallagher, and DeSoto Jordan. Mr. Meurer, the Chairman of the Nominating and Governance Committee, was appointed to the committee in June 2003. Messrs. Gallagher and Jordan were appointed to the Nominating and Governance Committee in June 2003 and February 2004, respectively. The committee met four times in 2005.

The Board of Directors established the Nominating and Governance Committee to assist the Board in shaping the corporate governance of Perot Systems, including the composition of the Board and its committees. The Nominating and Governance Committee identifies and recommends to the full Board all candidates for election as a director. The committee also recommends corporate governance principles for Perot Systems.

Each member of the Nominating and Governance Committee satisfies the requirements of independence set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard. The Director Independence Standard is publicly available at the Corporate Responsibility section of Perot Systems' Web site (www.perotsystems.com/responsibility).

Director Independence

Pursuant to the Director Independence Standard, the Board reviewed each director's independence in February 2006. As a result of this review, the Board affirmatively determined that each director standing for election at the Annual Meeting, except Ross Perot, Ross Perot, Jr., Peter Altabef and Steven Blasnik, has no material relationship with Perot Systems (either directly or as a partner, shareholder or officer of an organization that has a relationship with Perot Systems) and is independent of Perot Systems and its management under the Director Independence Standard, the listing standards of the New York Stock Exchange currently in effect and, with respect to members of the Audit Committee, applicable regulations of the Securities and Exchange Commission.

In connection with Mr. Meurer's independence determination, the Board examined the personal relationships between Mr. Meurer and the Perot family. These relationships include Mr. Meurer's service as an unpaid trustee or co-trustee for 13 trusts that benefit members of Ross Perot's family, including Ross Perot, Jr. One of these trusts is a limited partner, which owns approximately 56.4% of the economic interest in HWGA, Ltd., a limited partnership having Ross Perot and Ross Perot, Jr. as its sole general partners. HWGA owns 31,705,000 shares of the Company's Class A Common Stock. However, as a limited partner, the trust does not possess, either directly or indirectly, (i) the power to direct or cause the direction of management and policies of HWGA or (ii) voting or dispositive power over the Class A Common Stock owned by HWGA. Five of the remaining trusts, one of which has Ross Perot, Jr. as its principal beneficiary, own an aggregate of 136,800 shares (27,360 shares each) of the Company's Class A Common Stock. After considering all relevant facts and circumstances, the Board determined Mr. Meurer's relationships were not material and do not impair the independence of Mr. Meurer.

In connection with Mr. Gallagher's independence determination, the Board examined Mr. Gallagher's service as a Life Trustee on the 130-member board of trustees for North Shore Long Island Jewish Health System, a former client of Perot Systems, and his former service as its Chief Executive Officer. After considering all relevant facts and circumstances, the Board determined that Mr. Gallagher's relationships were not material and do not impair the independence of Mr. Gallagher.

In connection with Mr. Jordan's independence determination, the Board examined Mr. Jordan's role as a founder of the Company and his employment by the Company until his retirement in 1999. The Board also considered a personal loan made by Ross Perot to Mr. Jordan, which was repaid in 1999. After considering all relevant facts and circumstances, the Board determined that Mr. Jordan's relationships were not material and do not impair the independence of Mr. Jordan.

Stockholder Nominations and Nominee Review Process

The Nominating and Governance Committee will consider director candidates recommended by Perot Systems' stockholders. Perot Systems' Director Qualification Guidelines are publicly available at the Corporate Responsibility section of Perot Systems' Web site (www.perotsystems.com/responsibility). Perot Systems stockholders who wish to recommend a director candidate should mail the candidate's resume, together with a letter from the candidate confirming his or her interest in serving as a director of Perot Systems, to Perot Systems Corporation, Attn: Nominating and Governance Committee/Corporate Secretary, 2300 West Plano Parkway, Plano, Texas 75075.

Once the Nominating and Governance Committee has identified a prospective candidate, the committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on the candidate's resume, as well as the Nominating and Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is also based on the likelihood that the prospective candidate meets the standards and qualifications set forth in the Perot Systems' Director Qualification Guidelines, which include:

the ability of the prospective candidate to represent the interests of the stockholders of Perot Systems;

the highest personal and professional ethics, integrity and values;

broad-based skills and experience at an executive, policy-making level in business, government or technology areas relevant to Perot Systems' activities;

a global business perspective;

a willingness to devote sufficient time to become knowledgeable about Perot Systems' business and to carry out his or her duties and responsibilities effectively;

a commitment to serve on the Board for five years or more at the time of his or her initial election; and

the extent to which the prospective candidate contributes to the expertise of the Board.

The Nominating and Governance Committee also considers such other relevant factors as it deems appropriate, including the composition of the Board, the balance of management and independent directors, and financial or industry expertise. If the Nominating and Governance Committee determines that the candidate is qualified and interested, the committee coordinates a series of interviews between the candidate and appropriate directors, officers and other senior managers of Perot Systems. After conducting their evaluation, the Nominating and Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the committee.

Director Compensation

Each of the non-employee directors (other than Ross Perot) receives a \$45,000 annual retainer payable in quarterly installments. These non-employee directors have the option to receive all or part of the retainer in the Company's Class A Common Stock, which is valued at the closing price of our Class A Common Stock on the New York Stock Exchange on the last trading day of the fiscal quarter preceding the quarter with respect to which payment is due. Prior to January 1, 2006, any annual retainer paid in the Company's Class A Common Stock, was valued at the closing price of our Class A Common Stock on the New York Stock Exchange on the last trading day of the quarter with respect to which payment was due. In 2005, additional retainers for the Chairman of the Audit Committee and the Human Resources and Compensation Committee were \$5,000 and \$3,000, respectively. Beginning in 2006, the additional retainers for the Chairman of the Audit Committee and the Human Resources and Compensation Committee were

increased to \$12,000 and \$5,000, respectively, and a retainer for the Chairman of the Nominating and Governance Committee was established at \$5,000. During 2005, Perot Systems also compensated each of its non-employee directors (other than Ross Perot) \$2,000 for each meeting of the Board and committee of the Board attended in person or by telephone. In the event that a director attended multiple meetings of the Board and its committees on the same or consecutive days, each of the non-employee directors were compensated a total of \$2,000 for all such meetings. As of January 1, 2006, each non-employee director (other than Ross Perot) will be compensated \$2,000 for each meeting of the Board of Directors attended in person or by telephone and \$1,000 for each committee meeting attended in person or by telephone (including meetings held in conjunction with Board meetings). We reimburse our directors for their reasonable travel-related and other out-of-pocket expenses associated with attending Board and committee meetings. Ross Perot receives no compensation for his services.

Perot Systems' 1996 Non-Employee Director Plan provides for the issuance of nonqualified stock options or restricted stock to our non-employee directors (other than Ross Perot). The Board administers the Non-Employee Director Plan and has the authority to interpret it. Directors who are not employees of Perot Systems are eligible to receive awards under the Non-Employee Director Plan. The Non-Employee Director Plan currently provides for a grant to each eligible director of (i) an option to purchase 8,000 shares of Class A Common Stock vesting one year after the date of grant or (ii) the right to purchase 8,000 restricted shares of Class A Common Stock vesting one year after the date of grant. The exercise price of options or the purchase price of restricted shares of Class A Common Stock must be at least equal to 100% of the fair market value of the Class A Common Stock on the date of the award. Perot Systems makes grants to new directors upon their initial election to the Board and to existing directors at completion of the original vesting schedule for any existing options or restricted shares granted to such director under the Non-Employee Director Plan. PROPOSAL NO. 2

APPROVAL OF THE 2006 NON-EMPLOYEE DIRECTOR EQUITY COMPENSATION PLAN

On December 14, 2005, the Board adopted the 2006 Non-Employee Director Equity Compensation Plan (the "Plan"), subject to stockholder approval.

The Plan

Non-employee directors (other than Ross Perot) are the only persons who would be eligible to participate in the Plan. The class of persons eligible to participate currently consists of eight directors. Up to 500,000 shares of the Company's Class A Common Stock may be issued pursuant to the Plan, subject to adjustment for stock splits, dividends, recapitalizations, share combinations, and other changes affecting the outstanding Class A Common Stock. The Plan would expire no later than May 31, 2016.

The Plan provides for a grant to each eligible non-employee director of 5,000 shares of Class A Common Stock on each June 1 that the director is serving as a member of the Board of Directors, beginning June 1, 2006. Non-employee directors first elected to the Board of Directors following the approval of the Plan by the stockholders will receive an initial grant that is a prorated portion of the 5,000 share annual grant. The shares would be immediately vested. Directors would have the option to irrevocably defer the receipt of shares received under the Plan to the date that the director's service terminates.

The Plan is attached as Annex 1 to this Proxy Statement.

The annual benefits that the non-employee directors as a group are eligible to receive are as follows:

**New Plan Benefits
2006 Non-Employee Director Equity Compensation Plan**

Position	Dollar Value (\$)	Number of Units
Non-Executive Director Group	\$611,600(1)	40,000 shares(2)

- (1) Based on the closing price of \$15.29 per share of the Company's Class A Common Stock on the New York Stock Exchange on March 1, 2006.
- (2) Shares of Class A Common Stock.

Upon receiving stockholder approval of the Plan, Perot Systems will terminate its 1996 Non-Employee Director Stock Option/Restricted Stock Plan, except with respect to outstanding awards. Perot Systems has not granted any awards under the Plan.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE 2006 NON-EMPLOYEE DIRECTOR EQUITY COMPENSATION PLAN AND THE RESERVATION OF SHARES TO BE ISSUED UNDER THE PLAN.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP as the independent registered public accounting firm to perform the audit of our financial statements for 2006. PricewaterhouseCoopers LLP was our independent registered public accounting firm for the year ended December 31, 2005.

We are asking our stockholders to ratify the selection of PricewaterhouseCoopers as our independent registered public accounting firm. Although ratification is not required, the Board is submitting the selection of PricewaterhouseCoopers to our stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Perot Systems and our stockholders.

PricewaterhouseCoopers' representatives are expected to attend the 2006 Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Fees Paid to PricewaterhouseCoopers LLP

The following table shows the aggregate fees PricewaterhouseCoopers has billed or is expected to bill to Perot Systems for services rendered in 2005 and 2004.

Year	Audit Fees(1)	Audit Related Fees(2)	Tax Fees(3)	All Other Fees(4)	Total
2005(5)	\$ 2,536,629	\$ 143,585	\$ 267,968	\$ 1,599	\$ 2,949,781
2004	\$ 2,931,110	\$ 42,986	\$ 415,143	\$ 1,624	\$ 3,390,863

- (1)

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Fees for our annual audit and review of interim financial statements, various statutory audits, and consultations on accounting for existing transactions.

(2)

Fees for services including audits of an employee benefit plan, audits in connection with acquisitions, and consultations on the accounting for prospective transactions.

- (3) Fees for compliance and tax advisory services.
- (4) Subscription fee to an online accounting research tool.
- (5) Amounts include estimates that have not been billed.

In 2005, all audit related services, tax services and other services were pre-approved by the Audit Committee or its Chairman. The Audit Committee concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. See "Report of Audit Committee." Our policy restricting the engagement of our independent registered public accounting firm requires that all audit, review and attestation services must be approved by the Audit Committee prior to Perot Systems engaging the audit firm.

In addition, our policy regarding the engagement of our independent registered public accounting firm provides that the Audit Committee or its Chairman may pre-approve engagement of the accounting firm for services in designated areas for fees that do not exceed the pre-approved limit. For 2006, the Audit Committee has approved the following types of services:

Audit Related Services pension and benefit plan audits, separate audit reports on subsidiaries, other statutory reports not included in audit services, and advice on generally accepted accounting principles applicable to prospective transactions and business combinations.

Tax Services tax accounting advice on international, federal, and state tax matters, assistance with tax examinations, tax advice on prospective transactions and business combinations and compliance reviews.

Other Services annual subscription fee for accounting research tool.

Our policy requires quarterly reports to the Audit Committee on billings for pre-approved services. All amounts in excess of pre-approved amounts for these services must be specifically approved by the Chairman of the Audit Committee and reported to the full Audit Committee no later than its next regular meeting.

The Audit Committee or its Chairman may also approve specific engagements for non-audit services. Following such approval, Perot Systems may engage the auditor to perform those services. Any approval by the Chairman must be reported to the full Audit Committee no later than its next regular meeting.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.

Employment Contracts and Change in Control Agreements

Change-in-Control and Severance Agreements

We have entered into change-in-control and severance agreements with each of the named executive officers. The agreements continue through December 31, 2007, and provide that they are to be automatically extended in one-year increments unless we give prior notice of termination.

These agreements are intended to provide for continuity of management in the event of a change in control. The agreements provide that the covered executive officers could be entitled to certain severance benefits following a change in control (as described below) of Perot Systems. If, during a specified period following such a change in control, the executive officer is terminated for any reason, other than for cause (as defined in the agreements), or if such executive officer terminates his or her employment for a specified reason (as defined in the agreements), then the executive officer would be entitled to:

cash severance payments equivalent to two times the sum of the executive officer's base salary in effect at the time of termination;

cash severance payments equivalent to two times a prescribed incentive payment allowance (based on a fixed percentage ranging from 50% to 100% of the executive officer's base salary) for the year in which termination occurs, which payments are expected to vary from actual target bonuses and historical bonus payments;

cash payment of a prorated bonus for the year in which termination occurs; and

continued health care coverage (including for the executive's spouse and eligible dependents) for up to six months after the involuntary termination.

In addition, upon an involuntary termination following a change in control, all restrictions on restricted stock awarded to such executive officer would lapse and all unvested options, stock appreciation rights and other awards granted to such executive officer under our 2001 Long-Term Incentive Plan and other stock incentive plans would automatically vest and become exercisable for the remainder of the term of the option.

In the event that any payments made in connection with a change in control would be subjected to the excise tax imposed by Section 4999 of the Internal Revenue Code, we will "gross up", on an after-tax basis, the executive officer's compensation for all federal, state and excise taxes and any penalties and interest.

Under the change-in-control and severance agreements, a "change in control" would include any of the following events:

any "person," as defined in the Securities Exchange Act of 1934, as amended, acquires 30 percent or more of our voting securities, unless the person acquires such securities from us;

a majority of our directors are replaced and are not nominated by the incumbent members (as defined in the agreements) of our board of directors;

the consummation of a merger, reorganization, consolidation or sale of all or substantially all of our assets, unless (i) the holders of our voting securities would retain more than 60 percent of the voting securities of the entity resulting from such transaction, (ii) no "person" beneficially would own more than 30 percent of the voting securities of the entity resulting from such transaction, and (iii) we would retain at least a majority of the directors of the entity resulting from such transaction; or

our shareholders approve the liquidation or dissolution of Perot Systems.

Employment Agreement with James Champy

In addition to the benefits provided under his change in control severance agreement, James Champy's associate agreement provides for a base salary of \$500,000 per year, which is to be reviewed at least annually, and provides for additional benefits, including:

a bonus to be determined in accordance with the current bonus plan for the most senior officers of Perot Systems,

payment of life insurance premiums, and

some travel benefits.

Mr. Champy's associate agreement also provides that if we terminate him other than for cause or substantial misconduct or Mr. Champy is deemed to have been constructively terminated, Mr. Champy will receive a severance payment equal to six months of his current base salary. We may terminate Mr. Champy's associate agreement upon 30 days' notice and payment of severance equal to six months' base pay plus benefits.

The 1,000,000 restricted shares of Class A Common Stock Mr. Champy acquired pursuant to his restricted stock agreement vest in equal annual installments beginning in 1997 and ending in 2006. Vesting is contingent on continued employment, but Mr. Champy's restricted shares of Class A Common Stock will continue to vest for two years following the termination of his employment if he is terminated by Perot Systems other than for cause or substantial misconduct or is deemed to have been constructively terminated. If either party terminates Mr. Champy's employment for any reason, he has the right to require Perot Systems to purchase his shares for their original cost plus simple interest at the rate of 8% per annum.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Licenses for Use of Name

We license the right to use the names "Perot" and "Perot Systems" in our current and future businesses, products, or services from the Perot Systems Family Corporation and our Chairman Emeritus, Ross Perot. The license is a non-exclusive, royalty-free, non-transferable license without geographic restriction. We may also sublicense our rights to these names to certain of our affiliates. Under the license agreement either party may, in their sole discretion, terminate the license at any time, with or without cause and without penalty, by giving the other party written notice of such termination. Upon termination by either party, we must discontinue all use of the names "Perot" and "Perot Systems" within one year following notice of termination.

Outsourcing Agreement with Hillwood Enterprises L.P.

We are currently providing information technology and energy management services for Hillwood Enterprises L.P., which is controlled and partially owned by Ross Perot, Jr. This contract has been extended and will expire on January 31, 2007. This contract includes provisions under which we may be penalized if our actual performance does not meet the levels of service specified in the contract, and such provisions are consistent with those included in other customer contracts. For the year ended December 31, 2005, we recorded revenue of \$1,623,573 and direct cost of services of \$1,229,394. Our Audit Committee has reviewed and approved this contract.

Sublease with Perot Services Company, LLC

During 2002, we entered into a sublease agreement with Perot Services Company, LLC, which is controlled and owned by Ross Perot, for approximately 23,000 square feet of office space at our Plano, Texas facility. The lease term is 31.5 months with one optional 24-month renewal period, which has been exercised by Perot Services. Under the terms of the sublease, we paid a \$100,000 allowance for modifications to the leased space. Perot Services Company, LLC has paid all modification costs in excess of the allowance. The total amount paid to Perot Systems in 2005 under this sublease agreement was \$348,471. Our Audit Committee has reviewed and approved this contract.

Affiliate Use of AAirPass Program

Perot Systems has a corporate AAirPass program with American Airlines under which it prepays for mileage that Perot Systems associates use for business travel. Historically, the use of prepaid miles has resulted in lower travel costs than refundable tickets for most travel itineraries. Employees of Hillwood Development Company LLC, The Perot Group, and their affiliated corporations, as well as members of the Perot family, also use the Perot Systems AAirPass program. These parties reimburse Perot Systems for the prepaid miles that they use. During 2005, these parties used approximately \$454,000 in prepaid miles under the Perot Systems AAirPass program, of which approximately \$426,000 has been reimbursed, with the remaining amount to be reimbursed upon final reconciliation and invoicing. We benefit from this arrangement because we have a commitment to American Airlines to purchase a minimum number of miles under the AAirPass program, and the miles used by these related parties are counted toward fulfilling that commitment. Our Audit Committee has reviewed and approved this arrangement.

Employment of Law Firm

During 2005, we paid Carrington Coleman Sloman & Blumenthal LLP \$213,686 for legal services. A partner in that firm is the spouse of Peter Altabef, President and Chief Executive Officer of Perot Systems. Our Audit Committee has reviewed and approved the use of Carrington Coleman Sloman & Blumenthal LLP to provide legal services to the Company.

**REPORT OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION**

March 1, 2006

Introduction

The Human Resources and Compensation Committee of the Board is providing this report to assist our stockholders in understanding Perot Systems' objectives and procedures in the establishment and operation of the compensation policy for our executive officers.

Human Resources and Compensation Committee

In March 2002, the Board of Directors established the Compensation Committee, which was renamed the Human Resources and Compensation Committee in 2004. The primary responsibilities of the committee, which is composed entirely of independent directors within the meanings of the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard, are to assist the Board of Directors in discharging its responsibilities relating to the compensation of our associates, review and make final determinations with respect to the compensation of the Chairman and the Chief Executive Officer, and to review and make recommendations to the Board of Directors on the compensation of other executive officers and outside directors, bonus and retirement plans, the 1999 Employee Stock Purchase Plan, and the 2001 Long-Term Incentive Plan. In addition, the committee's responsibilities include reviewing Perot Systems' succession planning and talent development processes, and reviewing Perot Systems' progress in promoting diversity. In discharging these responsibilities, the committee is advised by our Human Resources organization. In addition, the committee has engaged an independent compensation consultant as its advisor.

Compensation Philosophy and Objectives

Perot Systems has a core compensation philosophy that underpins our approach to compensating our associates, including our executive officers. Our policy is to develop an executive compensation program that is competitive with comparable information technology companies with whom we compete for executive talent, but with appropriate variations based on individual and corporate performance. We believe that the compensation of our executive officers should:

Have stock as a key component;

Be cost effective and deemphasize base salaries and other forms of fixed compensation, while maximizing variable pay that tracks to business results and individual performance;

Be comparable with our industry peers to ensure market competitiveness;

Attract, retain and motivate high-caliber executives on a long-term basis; and

Align with the business strategy of our Company.

Perot Systems has historically avoided most of the perquisites typically provided to corporate managers, especially members of top management. Perot Systems' senior managers have no company cars or airplanes, executive dining rooms, paid country club memberships, matching charitable or educational contributions, paid financial counseling, or tax planning or return preparation assistance (except in certain non-U.S. based locations where certain of these practices are deemed customary).

2005 Executive Compensation Program Overview

As in prior years, our 2005 executive compensation program comprised three key components: base salary, a short-term incentive program, and long-term incentive programs. Perot Systems' philosophy is to

position the aggregate of these elements at a level that is competitive with peer information technology services companies. The committee reviews the reasonableness of total compensation levels and practices using public information from the proxy statements of peer information technology services companies and published information from various nationally recognized compensation surveys. Our peer group includes all of the U.S.-based companies in the Hemsco Group Information Technology Services Index, which was used in the preparation of our Performance Graph, except those that are substantially smaller than Perot Systems. In addition, Perot Systems included in its peer set other comparably sized companies with which Perot Systems competes.

Base Salary

Base salary is a core component of our compensation program. Base salary rewards associates for effective performance in their current role and is adjusted over time as a consequence of that performance and also changes in responsibility. We set and adjust base salary based on the following principles:

The base salaries of all associates, including executive officers, reflect market levels in order to ensure competitiveness and consistency.

Specific salary levels vary by individual, according to experience, responsibility level, and individual performance towards the attainment of corporate goals and objectives.

Excluding the CEO, executive officers received salary increases in 2005 averaging 5% of salary. Executive officer salary adjustments included annual merit increases and where appropriate competitive market pay adjustments to align pay with competitive benchmarks. The CEO base salary adjustment was 10% and included a competitive market adjustment to better align CEO pay with competitive benchmarks.

Short-Term Incentive Program

Perot Systems' short-term incentive program is an annual bonus plan. Perot Systems and the committee review the design of the annual bonus plan annually, but always link the plan to principles of corporate and individual performance.

Perot Systems and the committee set corporate financial and strategic goals during the first quarter of each plan year as well as the overall framework of the plan. We then use these goals to determine the basic payments after the end of the plan year. We also consider factors such as the financial targets and corporate contribution of business units, which may be recognized in our plan design.

Perot Systems and the committee also consider individual performance as the other key criterion in determining payments under the plan. Perot Systems and the committee consider the contribution of individual associates and their attainment of designated goals as the means by which Perot Systems meets its corporate objectives. Associates are attributed individual goals and annual performance ratings and any payments reflect such goals and ratings.

As in prior years, the annual bonus plan for 2005 reflects corporate, business unit, and individual performance. Perot Systems and the committee established specific financial goals for 2005 bonus purposes with earnings per share as the primary performance metric. Additional goals were established in regard to revenue, free cash flow, and the value of new contract signings. Performance against these secondary areas of financial focus would serve to increase or decrease the size of bonuses associated with earnings per share results. Perot Systems also established target bonus awards for executive officers, with potential awards ranging from 0% to 200% of target levels. The committee has the discretion to adjust the amounts payable under the plan to take into account circumstances arising during the year. Individual payments were assessed against these design criteria. With respect to bonuses related to 2005 performance, our executive officers will receive payments recognizing achievement of the primary performance metric and partial achievement of the remaining financial goals outlined above.

Long-Term Incentive Programs

Perot Systems regards the holding of stock as a key consideration for executive officers. We believe that stock ownership helps fundamentally to align executive behaviors and the achievement of corporate objectives with our stockholders. Stock rewards long-term commitment to the successful performance of an organization. It is, therefore, a major component of our executive compensation program.

We use stock-based awards under an annual grant program. We consider executive officers, like all other associates, for awards on the basis of their contribution and responsibility level and reference to the external market. In 2005, Perot Systems awarded restricted shares in addition to stock options to reflect market trends and external developments. The restricted shares vest annually over five years subject to achievement of individual performance goals. Perot Systems has also established share ownership requirements for executive officers that are based on these restricted stock awards to support our core philosophy of stock ownership.

The short-term and long-term incentive programs are both operated at the discretion of Perot Systems.

Compensation of the Chief Executive Officer

Compensation for Peter Altabef, President and Chief Executive Officer, has been determined consistent with the principles and philosophy explained above. For 2005, Mr. Altabef's salary was increased from \$500,000 to \$550,000. Mr. Altabef's target bonus award was increased for 2005, thereby more heavily weighting incentive compensation tied to performance than typical market practice. Based on Perot Systems' results against the financial criteria established for 2005 bonus purposes as mentioned above, and in light of the committee's evaluation of Mr. Altabef's individual performance, the committee approved an annual bonus of \$550,000 for Mr. Altabef. He received 100,000 stock options and 50,000 restricted stock units in 2005, subject to the same terms and conditions as awards received by other executive officers. The committee approved these awards in light of the evaluation of Mr. Altabef's performance as Chief Executive Officer and market levels of long-term incentive compensation.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits deductibility of compensation in excess of \$1 million paid to Perot Systems' Chief Executive Officer and to each of the other four highest-paid executive officers unless this compensation qualifies as "performance-based." The committee will continue to review the potential deductibility of compensation but retains the discretion to award compensation that may not be deductible if it believes such action is in the best interest of Perot Systems and its stockholders.

Conclusion

Our compensation policy and resultant payments directly reflect the performance of Perot Systems and its individual executive officers. It is our belief that our compensation policy serves the best interests of our stockholders and Perot Systems.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING REQUIREMENT

Our directors, executive officers, and holders of more than 10% of our Class A Common Stock must file reports with the Securities and Exchange Commission indicating the number of shares of Perot Systems' Class A Common Stock they beneficially own and any changes in their beneficial ownership. They must provide copies of these reports to us. Based on our review of these reports and written representations from the persons required to file them, we believe that all Section 16(a) Securities and Exchange Commission filing requirements applicable to our directors and executive officers for fiscal 2005 were timely met except that each of Messrs. Altabef, Freeman, and King reported two Section 16 transactions late due to administrative errors on the part of the Company. Messrs. Williams and Robert J. Kelly, Controller of the Company, reported one Section 16 transaction late due to administrative errors on the part of the Company.

(1) Excludes 786,045 restricted stock units that have been granted under the 2001 Long-Term Incentive Plan.

(2) Includes 27,764,736 shares available to be issued under the 2001 Long-Term Incentive Plan and 16,443,797 shares available to be issued under the 1999 Employee Stock Purchase Plan.

(3) Includes 432,000 shares available to be issued under the 1996 Non-Employee Director Stock Option/Restricted Stock Plan, 52,757 shares available to be issued to directors who elect to receive stock in lieu of their cash retainer, and 257,636 shares available to be issued under other plans.

We have four equity plans or arrangements that have not been approved by our stockholders. Under one arrangement, our non-employee directors (other than Ross Perot) may elect to have all or a portion of their director retainers paid in our Class A Common Stock, valued at such stock's closing market price on the last trading day of the fiscal quarter preceding the quarter with respect to which the retainer installment relates.

Our 1996 Non-Employee Director Plan, which was adopted prior to our initial public offering in 1999 and remains active, provides for issuance of up to 800,000 restricted shares or options to purchase our Class A Common Stock to our non-employee directors (other than Ross Perot). Under the plan, each eligible director currently receives an option to purchase 8,000 shares of our Class A Common Stock upon election, and subsequent awards are made upon the completion of vesting of the director's prior awards. Awards have an exercise price equal to the fair market value on the date of the award and vest one year following the award. In lieu of receiving an option, each director has the option to purchase 8,000 shares of restricted stock which vest in one year, at a purchase price equal to the fair market on the date of the award. Payment is due at the time of the award. No director has elected to purchase restricted shares since 1998. Awards under the 1996 Non-Employee Director Plan prior to June 2003 were for 40,000 options or restricted shares, which vest over five years.

The remaining plans were also adopted prior to Perot Systems' initial public offering in 1999 and were terminated in 2001, except to the extent that they govern options or restricted shares that were outstanding at the time of the termination of such plans. Our 1991 Stock Option Plan provided for the issuance of options to eligible employees and were generally issued at not less than the fair market value on the date of grant. Our Restricted Stock Plan, which was adopted in 1988, provided eligible employees with the opportunity to purchase our stock at its fair market value (determined pursuant to a third-party appraisal). Unvested restricted shares are generally subject to repurchase at cost plus eight percent upon termination of employment. These grants or awards had vesting periods of from three to 10 years.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

February 24, 2006

The Audit Committee of our Board of Directors ("Board") is composed of three directors and operates under a written charter adopted by our Board. All members of the Audit Committee meet the independence standards established by our Board, the New York Stock Exchange and the Sarbanes-Oxley Act of 2002. The Audit Committee's charter is available at the Corporate Responsibility section on Perot Systems' Web site at www.perotsystems.com/responsibility.

Perot Systems' management is responsible for, among other things, preparing its consolidated financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)), and evaluating the effectiveness of such internal control over financial reporting. Perot Systems' independent registered public accounting firm is responsible for auditing the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for expressing an opinion on the conformity of the financial statements with GAAP. The independent registered public accounting firm is also responsible for auditing Perot Systems' internal control over financial reporting in accordance with such standards and for expressing an opinion on (i) management's assessment of the effectiveness of its internal control over financial reporting and (ii) the effectiveness of its internal control over financial reporting. The Audit Committee assists the Board of Directors in fulfilling its responsibility to oversee management's implementation of Perot Systems' financial reporting process. In its oversight role, the Audit Committee reviewed and discussed the audited financial statements with management and with PricewaterhouseCoopers LLP ("PwC"), Perot Systems' independent registered public accounting firm for 2005. The Audit Committee also reviewed and discussed Perot Systems' internal control over financial reporting with management and with PwC.

The Audit Committee has met privately with PwC and discussed any issues deemed significant by the independent registered public accounting firm, including the required matters to be discussed by Statement of Auditing Standards No. 61, *Communication With Audit Committees*, as amended. PwC has provided to the Audit Committee written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee discussed with PwC that firm's independence. The Audit Committee also concluded that PwC's provision of non-audit services to Perot Systems and its affiliates is compatible with PwC's independence.

Based upon the foregoing considerations, the Audit Committee recommended to our Board that the audited financial statements be included in Perot Systems' Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission and appointed PwC the independent registered public accounting firm for the Company for 2006.

The foregoing report is respectfully submitted by members of the Audit Committee of our Board:
