Dear Fellow Stockholders:

You are cordially invited to attend the Ethan Allen Interiors Inc. 2016 Annual Meeting of Stockholders. This meeting will be held at 10 a.m. on Wednesday, November 16, 2016, at the Ethan Allen International Corporate Headquarters on Ethan Allen Drive in Danbury, Connecticut.

I am pleased to advise you that we continue to review our organizational documents and proactively update them to a current level of governance best practices. In preparation for the meeting, we have prepared a Notice of the Meeting, Proxy Statement, and 2016 Annual Report to Stockholders. These materials provide detailed information relating to our activities and operating performance.

This year, we are once again using the Internet as our primary means of furnishing proxy materials to stockholders. Accordingly, most stockholders will not receive paper copies of our proxy materials. We instead will mail to our stockholders a Notice Regarding the Availability of Proxy Materials. This notice will contain instructions on how to access proxy materials and vote via the Internet. The Notice Regarding the Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. Electronic delivery will expedite the receipt of materials while lowering costs and reducing the environmental impact of our annual meeting by reducing printing and mailing costs.

You will find information about the matters to be voted on at the meeting in the formal Notice Regarding the Availability of Proxy Materials and the Proxy Statement.

You may vote via the Internet, by telephone or, if you receive a paper proxy card in the mail, by mailing the completed proxy card. Your vote is very important to us, and we hope you will be able to attend the meeting. To ensure your representation at the meeting, even if you anticipate attending in person, we urge you to vote by proxy. If you attend, you will, of course, be entitled to vote in person.

Whether or not you plan to attend the Annual Meeting of Stockholders, we encourage you to vote your shares.

Sincerely,

M. Farooq Kathwari
Chairman of the Board,
President and Chief Executive Officer

PROXY STATEMENT

ABOUT THE ANNUAL MEETING

This proxy statement (this "Proxy Statement") and the accompanying proxy or voting instruction card relate to the 2016 Annual Meeting of Stockholders (the "Annual Meeting") of Ethan Allen Interiors Inc., a Delaware corporation ("Ethan Allen") to be held at the Ethan Allen Corporate Headquarters, Ethan Allen Drive, Danbury, Connecticut 06811 at 10:00 A.M., Eastern Time, on Wednesday, November 16, 2016. The Board of Directors of the Company (the "Board of Directors" or "Board") is soliciting proxies from stockholders in order to provide every stockholder an opportunity to vote on all matters submitted to a vote of stockholders at the Annual Meeting, whether or not such stockholder attends in person. The proxy authorizes a person other than a stockholder, called the "proxyholder," who will be present at the Annual Meeting, to cast the votes that the stockholder would be entitled to cast at the Annual Meeting if the stockholder were present. It is expected that this Proxy Statement and the accompanying proxy or voting instruction card will be first mailed or delivered to our stockholders beginning on or about October 4, 2016. When used in this Proxy Statement, "we," "us," "our," "Ethan Allen" or the "Company" refers to Ethan Allen and its subsidiaries collectively or, if the context so requires, Ethan Allen individually.

Q:

What is the purpose of Annual Meeting?

A:

We will hold the Annual Meeting to enable stockholders to vote on the following matters:

- Proposal 1. to elect seven director nominees identified in the following proxy statement to serve until the 2017 Annual Meeting of Stockholders;
- Proposal 2. to approve by-law amendments related to the procedures for stockholders to nominate directors or propose other matters for consideration at stockholder meetings;
- Proposal 3. to approve by-law amendments to implement "proxy access";
- Proposal 4. to approve by-law amendments to implement majority voting in uncontested director elections;
- Proposal 5. to approve certificate of incorporation and by-law amendments to allow for stockholder removal of directors with or without cause and to delete obsolete provisions from, and effect clarifying changes to, the certificate of incorporation;
- Proposal 6. to approve, by a non-binding advisory vote, executive compensation of the Company's Named Executive Officers;
- Proposal 7. to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the 2017 fiscal year; and

to transact such other business as may properly come before the Annual Meeting.

Stockholders will be asked to vote for nominees for all director seats on the Board of Directors as of the Annual Meeting. The term of office for directors elected at the Annual Meeting will continue until the 2017 Annual Meeting of Stockholders and until their successors are duly elected and qualified or until their earlier removal, resignation or death. The Board of Directors' nominees for election are: M. Farooq Kathwari, James B. Carlson, John J. Dooner, Jr., Domenick J. Esposito, Mary Garrett, James W. Schmotter and Tara I. Stacom.

As of the date of this notice, we have not received notice of any other business that may be properly proposed at the Annual Meeting, but if any other business is properly proposed, the proxyholders named in the proxy or voting instruction card will have authority to vote as recommended by the Board of Directors.

Q:

What is a proxy?

A:

A proxy is a document by which you authorize someone else to vote for you at a stockholders meeting in the way that you want to vote. That document is called a "proxy" or, if your shares are held in street name and you give instructions to the record holder of your shares, is called a "voting instruction card." You also may choose to abstain from voting.

This Proxy Statement and the accompanying proxy or voting instruction card is furnished in connection with the solicitation by the Board of Directors, of proxies for use at the Annual Meeting to be held on Wednesday, November 16, 2016 at the Ethan Allen International Corporate Headquarters, Ethan Allen Drive, Danbury, Connecticut 06811 at 10:00 A.M., Eastern Time, or any adjournment thereof. The Notice Regarding the Availability of Proxy Materials, this Proxy Statement and our 2016 annual report to Stockholders ("Annual Report") are first being made available to stockholders on or about October 4, 2016.

Table of Contents

Q: Who is entitled to vote?

A: Only record holders of shares of our Common Stock, par value \$.01 per share ("Common Stock"), at the close of business on the record date for the Annual Meeting are entitled to vote at the Annual Meeting. The Board of Directors has fixed the close of business on September 21, 2016 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, the Company had 27,758,319 shares of Common Stock outstanding. The holders of Common Stock as of the Record Date are entitled to notice of, and to vote at, the Annual Meeting. Holders of Common Stock are entitled to one vote per share.

Q: How can I access the proxy materials on the Internet?

A: In accordance with the rules of the U.S. Securities and Exchange Commission (the "SEC"), we are using the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, most stockholders will not receive paper copies of our proxy materials. We instead sent stockholders a Notice Regarding the Availability of Proxy Materials (the "Notice") with instructions for accessing the proxy materials via the Internet and voting via the Internet or by telephone. The Notice was mailed on or about October 4, 2016. The Notice also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. Additionally, and in accordance with SEC rules, you may access our proxy materials at <http://materials.proxyvote.com/297602>.

The Notice provides you with instructions regarding how to:

view the proxy materials for the Annual Meeting on the Internet and execute a proxy; and

instruct us to send future proxy materials to you in printed form or electronically by e-mail.

Choosing to receive future proxy materials by e-mail will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Q: How do I vote?

A: You can vote either in person at the Annual Meeting or by proxy, whether or not you attend the Annual Meeting. You can vote by proxy in three ways:

By mail If you are a stockholder of record, you can submit a proxy by completing, dating, signing and returning your proxy in the postage-paid envelope provided. You should sign your name exactly as it appears on the proxy. If you are signing in a representative capacity (for example, as a guardian, executor, trustee, custodian, attorney or officer of a corporation), please indicate your name and title or capacity. If you are a beneficial owner, you have the right to direct your brokerage firm, bank or other similar organization on how to vote your shares, and the brokerage firm, bank or other similar organization is required to vote your shares in accordance with your instructions. To provide instructions to your brokerage firm, bank or other similar organization by mail, please complete, date, sign and return your voting instruction card in the postage-paid envelope provided by your brokerage firm, bank or other similar organization.

By telephone If you are a stockholder of record, you can submit a proxy by telephone by calling the toll-free number listed on the proxy, entering your control number located on the proxy or voting instruction card and following the prompts. If you are a beneficial owner and if the brokerage firm, bank or other similar organization that holds your shares offers telephone

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

voting, you will receive instructions from the brokerage firm, bank or other similar organization that you must follow in order to submit a proxy by telephone.

By Internet If you are a stockholder of record, you can submit a proxy over the Internet by logging on to the website listed on the proxy, entering your control number located on the proxy or voting instruction card and submitting a proxy by following the on-screen prompts. If you are a beneficial owner, and if the brokerage firm, bank or other similar nominee that holds your shares offers Internet voting, you will receive instructions from the brokerage firm, bank or other similar organization that you must follow in order to submit your proxy over the Internet.

If you vote by proxy, your shares will be voted at the Annual Meeting in the manner you indicate. If your shares are held in your name (i.e., not in "street name" through a broker) and if you sign your proxy card, but do not specify how you want your shares to be voted, they will be voted as the Board of Directors recommends.

Your vote is important. The Board urges you to submit a proxy for your shares as soon as possible by following the instructions provided on the enclosed proxy or voting instruction card you receive from your brokerage firm, bank or other similar organization. Internet and telephone submission of proxies is available 24 hours a day, and, if you use one of those methods, you do not need to return a proxy or voting instruction card. Unless you are planning to vote at the Annual Meeting in person, your proxy must be received by 11:59 p.m., Eastern Time, on Tuesday, November 15, 2016. Even if you submit your proxy or voting instructions by one of the methods listed above, you still may vote at the Annual Meeting in person if you are the record holder of

Table of Contents

your shares. If you are a beneficial owner, you must obtain a "legal proxy" from the record holder in order to vote your shares at the Annual Meeting. Your vote at the Annual Meeting will constitute a revocation of your earlier proxy or voting instructions.

Q:
How can I vote my shares of Common Stock that I own through the Ethan Allen 401(k) plan for employees?

A:
If you own Common Stock through the Ethan Allen 401(k) plan for employees, you can direct the trustee to vote the shares held in your account in accordance with your instructions by returning the voting instruction card for your account or by registering your instructions over the Internet or by telephone as directed on the voting instruction card for your account. If you wish to instruct the trustee on the voting of shares held in your account, you should submit those instructions no later than 11:59 p.m., Eastern Time, on Friday, November 11, 2016. The trustee will vote shares for which no voting instructions were received on or before that date as directed by the plan fiduciary.

Q:
Can I change my vote after I have voted?

A:
Prior to the Annual Meeting, a later vote by any means will cancel any earlier vote. For example, if you vote by telephone and later vote differently on the Internet, the Internet vote will count, and the telephone vote will be canceled. If you wish to change your vote by mail, you should contact our Corporate Secretary or proxy solicitor at the addresses set forth below and request a new proxy or voting instruction card. The last vote received before the Annual Meeting will be the one counted. You also may change your vote by voting in person at the Annual Meeting.

Q:
What does it mean if I get more than one proxy or voting instruction card?

A:
It means that your shares are registered in more than one way. Sign and return *all* proxy or voting instruction cards or vote *each* group of shares by mail, telephone or over the Internet to ensure that all your shares are voted.

Q:
Who are the proxyholders named by the Board for the Annual Meeting?

A:
Eric D. Koster and Corey Whitely were selected by the Board of Directors to serve as proxyholders for the Annual Meeting of stockholders voting on proxy or voting instruction cards. Each properly executed and returned proxy or voting instruction card will be voted by the proxyholders in accordance with the directions indicated thereon or, if no directions are indicated, in accordance with the recommendations of the Board of Directors. In voting by proxy with regard to the election of directors, stockholders may vote in favor of all nominees, vote in favor of one or more specific nominee(s), withhold their vote as to all nominees or withhold their vote as to one or more specific nominee(s). Each stockholder giving a proxy has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt of a later vote by telephone, Internet, receipt by the Corporate Secretary or inspectors of election of either an instrument revoking the proxy or a duly executed proxy card bearing a later date. Additionally, a stockholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

Q:
Will my shares be voted if I do not provide my proxy?

A:
If you hold your shares directly in your own name, your shares will not be voted if you do not vote them or provide a proxy. If your shares are held in the name of a brokerage firm or other nominee, under rules of the New York Stock Exchange ("NYSE"), your broker may vote your shares on "routine" matters even if you do not provide a proxy. The only routine matter to be voted on at the

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

Annual Meeting is the ratification of the appointment of our independent registered public accounting firm for 2017. If a brokerage firm votes your shares on these matters in accordance with these rules, your shares will count as present at the Annual Meeting for purposes of establishing a quorum and will count as "FOR" votes or "AGAINST" votes, as the case may be, depending on how the broker votes. If a brokerage firm signs and returns a proxy on your behalf that does not contain voting instructions, your shares will count as present at the Annual Meeting for quorum purposes and will be voted in connection with the selection of KPMG LLP as our independent public accounting firm for the 2017 fiscal year, but will not count as a "FOR" vote for any other matter.

Q:

What is a broker non-vote?

A:

A "broker non-vote" means that a broker cannot exercise discretion to vote shares held by it in "street name" for the beneficial owner and has not received voting instructions from the beneficial owner and the matter to be voted on is not "routine" under the NYSE rules.

Table of Contents

Q:
How many shares must be present to hold the Annual Meeting?

A:
In order for the Annual Meeting to be duly convened, one-third of the outstanding shares of Common Stock as of the Record Date must be present in person or represented by proxy at the Annual Meeting. This is referred to as a quorum. Abstentions, withheld votes and shares held of record by a brokerage firm, bank or similar organization, or its nominee ("broker shares"), pursuant to a signed proxy or voting instruction card that are voted on any matter are included in determining the number of shares present. If a brokerage firm signs and returns a proxy on your behalf that does not contain voting instructions, your shares will count as present at the Annual Meeting for quorum purposes.

Q:
What vote is needed to elect directors?

A:
At the Annual Meeting, the affirmative vote of a majority of the shares present, in person or by proxy, and entitled to vote thereon is required to elect each of the director nominees.

Q:
What vote is needed to approve the other Proposals?

A:
At the Annual Meeting, the affirmative vote of a majority of the shares present, in person or by proxy, and entitled to vote thereon is required to approve Proposal 7: the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2017 fiscal year, and Proposal 6: the approval, by non-binding advisory vote, of executive compensation of the Company's Named Executive Officers (collectively, the "NEOs").

Each of Proposals 2, 3, 4, and 5, which request stockholder approval for various amendments to the Company's Certificate of Incorporation and By-Laws, as applicable, require the affirmative vote of the holders of 66 ²/₃% of our outstanding shares of Common Stock.

Abstentions will be counted as present for the purposes of the votes on Proposals 1, 2, 3, 4, 5, 6 and 7, and therefore will have the same effect as a vote against each such proposal. Broker non-votes will not be counted as present and entitled to vote on Proposals 1, 2, 3, 4, 5 and 6, but will be counted as present and entitled to vote on Proposal 7.

Approval of the compensation of our NEOs is advisory and will not be binding on the Board of Directors or the Company. However, the Board of Directors will review the voting results of Proposal 6 and take them into consideration when making future decisions regarding executive compensation.

Q:
How will the votes be tabulated?

A:
The inspectors of election appointed for the Annual Meeting will tabulate the votes cast, in person or by proxy, at the Annual Meeting and will determine whether a quorum is present.

Q:
How do I revoke a proxy?

A:
If you hold your shares registered in your name, you may revoke your proxy by submitting a revised one at any time before the vote to which the proxy relates. You may also revoke it by submitting a ballot at the meeting.

If your shares are held in street name, there are special procedures that you must follow to revoke a proxy submitted via the Internet or by telephone or by marking, signing and returning a vote instruction card.

Revoking your vote and submitting a new vote before the deadline of 11:59 p.m., Eastern Time, on November 15, 2016. If you submit a proxy via the Internet, by telephone or by marking, signing and returning a vote instruction card, you may revoke your proxy at any time and by any method before the deadline.

Revoking your vote and submitting a new vote after the deadline of 11:59 p.m., Eastern Time, on November 15, 2016. If you submit a proxy via the Internet, by telephone or by marking, signing and returning a vote instruction card and wish to revoke it and submit a new proxy after the deadline has passed, you must contact your brokerage firm, bank or other similar organization and follow its requirements. We cannot assure you that you will be able to revoke your proxy and vote your shares by any of the methods described above.

Revoking your vote and submitting a new vote by ballot at the meeting. If you submit a proxy via the Internet, by telephone or by marking, signing and returning a vote instruction card and wish to revoke it and vote at the meeting, you must contact your brokerage firm, bank or other similar organization and follow its requirements. We cannot assure you that you will be able to revoke your proxy or attend and vote at the meeting.

If you receive more than one proxy or voting instruction card on or about the same time, it generally means you hold shares registered in more than one account. In order to vote all of your shares, please sign and return each proxy or voting instruction card or, if you vote via the internet or telephone, vote once for each proxy or voting instruction card you receive.

Q:

Where can I find the results of the Annual Meeting?

A:

We intend to announce preliminary voting results at the Annual Meeting and publish final results through a Current Report on Form 8-K that we will file with the SEC within four business days of the Annual Meeting.

Annual Meeting Admission

Only stockholders and certain other permitted attendees may attend the Annual Meeting. Please note that space limitations make it necessary to limit attendance to stockholders and one guest. Admission to the Annual Meeting will be on a first-come, first-served basis. Proof of Ethan Allen stock ownership as of the record date, along with photo identification, will be required for admission. Stockholders holding stock in an account at a brokerage firm, bank, broker-dealer or other similar organization ("street name" holders) will need to bring a copy of a brokerage statement reflecting their stock ownership as of the record date. No cameras, recording equipment, electronic devices, use of cell phones or other mobile devices, large bags or packages will be permitted at the Annual Meeting.

Householding

To reduce the expense of delivering duplicate proxy materials to our stockholders, we are relying on the SEC rules that permit us to deliver only one set of proxy materials to multiple stockholders who share an address unless we receive contrary instructions from any stockholder at that address. This practice, known as "householding," reduces duplicate mailings, thus saving printing and postage costs as well as natural resources. Each stockholder retains a separate right to vote on all matters presented at the Annual Meeting. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you wish to receive a separate copy of the Annual Report or other proxy materials, free of charge, or if you wish to receive separate copies of future annual reports or proxy materials, please mail your request to Ethan Allen Interiors, Inc., PO BOX 1966, Danbury CT 06813-1966, attention: Corporate Secretary, or call us at (203) 743-8000.

BOARD INDEPENDENCE

The Board of Directors has determined that nominees James B. Carlson, John J. Dooner, Jr., Domenick J. Esposito, Mary Garrett, James W. Schmotter and Tara I. Stacom (six nominees for the Board of Directors), as well as Clinton A. Clark (the director who has announced that he is retiring from the Board of Directors immediately prior to the Annual Meeting), are independent directors within the meaning of the listing standards of the NYSE. In order for a director to be considered "independent" by the Board of Directors, he or she must (i) be free of any relationship that, applying the rules of the NYSE, would preclude a finding of independence and (ii) not have any material relationship (either directly or as a partner, stockholder or officer of an organization) with us or any of our affiliates of any of our executive officers or any of our affiliates' executive officers. In evaluating the materiality of any such relationship, the Board of Directors takes into consideration whether disclosure of the relationship would be required by the disclosure rules under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended (the "Exchange Act"). If disclosure of the relationship is required, the Board of Directors must make a determination that the relationship is not material as a prerequisite to finding that the director is independent.

Snapshot of 2016 Independent Director Nominees

BOARD LEADERSHIP STRUCTURE

The Board of Directors recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board believes that, given the dynamic and competitive environment in which we operate, the optimal Board leadership structure may vary as circumstances warrant.

At present, the Board of Directors has chosen to continue combining the two roles of Chairman and Chief Executive Officer. The Board believes that the best interests of the Company are served by Mr. Kathwari serving in both roles taking account of his unique long standing tenure with, and investment in, the Company and also the Board's utilization of a strong Lead Independent Director. The Board of Directors believes that this governance structure provides the basis for clear, efficient executive authority in the Company, especially taking into account the Company's flat management structure, while balancing appropriate oversight by the Board of Directors.

Independent Lead Director

The Company defined the role of the Lead Independent Director, a position which rotates annually. The Board expresses its intent that one person serving as both Chief Executive Officer and Chairman evidences sound management as it allows the assertion of unambiguous authority over the operations of the Company. There is no need to separate the roles of Chief Executive Officer and Chairman since the Company has a suitably empowered independent director who is expressly authorized to exert de facto control of the Company by asserting independent leadership of the Board, increasing the Board's independence over management. The Board formally designated John J. Dooner Jr., an independent, non-executive director, as its Lead Independent Director through the Annual Meeting. He organizes and chairs meetings of the independent directors and organizes, facilitates and communicates observations of the independent directors to the Chief Executive Officer, although each director is free to communicate directly with the Chief Executive Officer.

BOARD OF DIRECTORS ROLE IN RISK OVERSIGHT

While risk management is primarily the responsibility of our management, the Board of Directors provides overall risk oversight focusing on the most significant risks. The Board of Directors oversees an enterprise-wide approach to risk management, designed to identify risk areas and provide oversight of the Company's risk management, to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance stockholder value. A fundamental part of the Board's risk management is to understand the risks the Company faces and what steps management is taking to mitigate those risks.

Table of Contents

The Board of Directors participates in discussions with management concerning the Company's overall level of risk, the Company's business strategy and organizational objectives which are all integral components of its assessment of management's tolerance for risk.

The Company has implemented a Company-wide enterprise risk management process to identify and assess the major risks and develop strategies for controlling, mitigating and monitoring risk. As part of this process, information is gathered throughout the Company to identify and prioritize these major risks. The identified risks and risk mitigation strategies are validated with management and discussed with the Audit Committee on an ongoing basis.

The Audit Committee reviews our risk management programs and reports on these items to the full Board. Our Internal Audit group is responsible for monitoring the enterprise risk management process and in that role reports directly to the Audit Committee. Other members of senior management who have responsibility for designing and implementing various aspects of our risk management process also regularly meet with the Audit Committee. The Audit Committee discusses our identified financial and operational risks with our Chief Executive Officer and Chief Financial Officer and receives reports from other members of senior management with regard to our identified risks.

The Compensation Committee is responsible for overseeing any risks relating to our compensation policies and practices. Specifically, the Compensation Committee oversees the design of incentive compensation arrangements of our executive officers to implement our pay-for-performance philosophy without encouraging or rewarding excessive risk-taking by our executive officers.

Our management regularly conducts additional reviews of risks, as needed, or as requested by the Board or Audit Committee.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal year 2016, there were four regularly scheduled meetings of the Board of Directors in addition to the 2015 Annual Meeting of Stockholders. Independent directors also met four times in executive session without management present. The Lead Independent Director, currently John J. Dooner Jr., chaired the executive sessions.

All directors are expected to attend all regularly scheduled and special Board of Directors meetings, independent director meetings and committee meetings, as appropriate. The Board of Directors realizes that scheduling conflicts may arise from time to time which prevent a director from attending a particular meeting. However, it is the Board's explicit policy that each director shall give priority to his or her obligations to the Company. All directors who then held office attended the 2015 Annual Meeting of Stockholders. In fiscal year 2016, there was 100% attendance by each director at each of the four regularly scheduled Board of Directors meetings, six regularly scheduled Audit Committee meetings, two regularly scheduled Compensation Committee meetings, and two regularly scheduled Nominations Committee meetings. Our policy is to expect resignation of any director who is absent from more than twenty-five percent of regularly scheduled Board meetings or committee meetings in a fiscal year. In addition to the regularly scheduled meetings, there were five special Board of Directors meetings, one special Compensation Committee meeting and one special Nominations Committee meeting. There was 100% attendance at each of the special meetings.

The Board of Directors has established three standing committees: the Audit Committee; the Compensation Committee; and the Nominations/Corporate Governance Committee. Committee memberships of each nominee and continuing or current director are set forth below:

Mr. Clark has been a long-term member of the Board of Directors who made substantial contributions to the success of the Company. He has announced his intention to retire immediately prior to the Annual Meeting and has requested that he not be nominated. To review biographical information for Mr. Clark, please see the Company's Proxy Statement, filed with the SEC on October 26, 2015.

Additionally, the Board of Directors determined that all of the members of the standing committees are (i) independent within the meaning of the listings standards of the NYSE, (ii) non-employee directors (within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act")) and (iii) outside directors (within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code")). See "Corporate Governance".

NOMINATIONS/CORPORATE GOVERNANCE COMMITTEE

The duties of the Nominations/Corporate Governance Committee include, but are not limited to, the duty to: (i) develop qualification criteria for the members of the Board of Directors and nominate or recommend to the Board of Directors individuals to serve on the Board of Directors; (ii) review, annually, the qualifications of each member of the Board of Directors; (iii) review and monitor the Company's corporate governance policies and guidelines, including the Company's trading policy for its directors and executive officers; and (iv) make an annual assessment of the Board of Directors' performance and report to the Board of Directors. The Nominations/Corporate Governance Committee follows the procedure concerning nominations or consideration of director candidates recommended by stockholders set forth in the By-Laws. The By-Laws of the Company permit stockholders, as of the Record Date, to nominate director candidates at the Annual Meeting, subject to certain notification requirements. (See "Stockholder Proposals and Nomination of Directors" under "Other Matters" for information on how to submit a proposal or nominate a director.) Each member of the Committee is independent within the meaning of the listing standards of the NYSE. The Committee held two meetings and individual Committee members communicated, when necessary, by telephone or other means during fiscal year 2016.

The Nominations/Corporate Governance Committee seeks candidates who demonstrate a willingness and ability to prepare for, attend and participate in all Board of Directors and committee meetings and whose experience and skill would complement the then existing mix of directors. While the Board has no specific policy on diversity, the Committee considers the diversity of a candidate's background and experience when evaluating a nominee, as well as the diversity of a candidate's perspectives, which may result from diversity in age, gender, ethnicity or national origin. The Committee gathers suggestions as to individuals who may be available to meet the Board of Directors' future needs from a variety of sources, such as past and present directors, stockholders, colleagues and other parties with which a member of the Nominations/Corporate Governance Committee or the Board of Directors has had business dealings, and undertakes a preliminary review of the individuals suggested. Candidates recommended by stockholders will be considered in the same manner as other candidates. At such times as the Committee determines that a relatively near term need exists and the Committee believes that an individual's qualities and skills would complement the then existing mix of directors, the Committee or its Chair will contact the individual. The Chair will, after such contact, discuss the individual with the Committee. Based on the Committee's evaluation of potential nominees and the Company's needs, the Committee determines whether to nominate the individual for election as a director. While the Nominations/Corporate Governance Committee has not, in the past, engaged any third party firm or consultant to identify or evaluate nominees, in accordance with its charter, may do so in the future. The Nominations/Corporate Governance Committee unanimously recommended the nominees named in this Proxy Statement as the individuals with the experience, industry knowledge, integrity, ability to devote time and energy, and commitment to the interests of all stockholders best qualified to execute our strategic plan and create value for all our stockholders.

PROPOSAL 1: ELECTION OF DIRECTORS

At the Annual Meeting, each of the seven nominees described below will stand for election to serve as directors until the 2017 Annual Meeting of Stockholders and until their successors are duly elected and qualified. The seven nominees were nominated by the Board of Directors in accordance with recommendations by our Nominations/Corporate Governance Committee. Each nominee has consented to being named in this Proxy Statement as a nominee for election as a director and agreed to serve if elected. All of the seven nominees described below are currently members of the Board of Directors. The information set forth below includes, with respect to each nominee for election as director, his or her age, present principal occupation, specific expertise, qualifications and skills along with other business experience, directorships in other publicly held companies, membership on committees of the Board of Directors and period of service as a director of the Company. Also set forth below is a brief discussion of the specific experience, qualifications, attributes or skills that led to his or her nomination as a director, in light of the Company's business.

Under a majority voting standard, each nominee for election to the Board who receives the vote of a majority of the shares present, in person or by proxy and entitled to vote at the Annual Meeting, will be elected as a director. It is the intention of the persons named as proxies in the accompanying proxies submitted by stockholders to vote for the seven nominees described below unless authority to vote for the nominees or any individual nominee is withheld by a stockholder in such stockholder's proxy. If for any reason any nominee becomes unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies will have discretionary authority to vote for a substitute nominee(s). Alternatively, the Board of Directors may choose to reduce the size of the Board, as permitted by our Amended and Restated By-Laws (the "By-Laws"). It is not anticipated that any nominee will be unavailable or will decline to serve as a director. As a result of Mr. Clark's resignation, the Board has determined to reduce the size of the Board to seven members effective immediately upon Mr. Clark's resignation.

The Board of Directors unanimously recommends to vote **FOR each of the Board of Director's seven nominees for director.**

CORPORATE GOVERNANCE

The Board of Directors believes that good corporate governance is important to ensure that the Company is managed for the long-term benefit of its stockholders and to enhance the creation of long-term stockholder value. The Board has adopted corporate governance guidelines (the "Governance Guidelines") that support this belief and comply with the corporate governance requirements imposed by the SEC and the NYSE. At the 2015 Annual Meeting of Stockholders, stockholders approved the Company's proposals to enhance our governance policies as follows:

Amended and Restated the Stock Incentive Plan. The Company amended and restated the Company's 1992 Stock Option Plan, and renamed it the Ethan Allen Interiors Inc. Stock Incentive Plan. The plan was modified to remain compliant with the requirements of section 162(m) of the Internal Revenue Code relating to deductibility of performance-based compensation and was updated to reflect changes in corporate governance best-practices since it was last submitted for stockholder approval.

Updated By-Laws. Stockholders approved the Company's amendment to its Amended and Restated Certificate of Incorporation to delete Article Fifth and eliminate the requirement that Business Combinations be approved by a majority of the Continuing Directors.

Over the past several years, the Company has updated and clarified its corporate governance policies and procedures to conform to emerging trends and best practices. Some of our key policies and practices include the following:

A Recoupment / Clawback Provision. The Company's executives will be required to pay back incentive awards erroneously awarded to them on the basis of restated financial statements, if they participated in fraud or misconduct leading to the restated financial statements.

Stock Ownership Requirements. It is the Company's intention that its directors and executive officers acquire and hold Company stock. The value of the intended holdings is equal to a multiple of the base compensation (three times annual cash compensation for directors, five times salary for the Chief Executive Officer, and two times the annual salary for the other executive officers) to be accumulated over five years. The standards are reviewed and modified periodically or as necessary after a significant increase or decrease in share price.

Holding Requirement. Our directors and executive officers are required to hold any Company stock acquired upon the exercise of stock options or restricted stock issued to them for one year following their exercise or vesting, as applicable, except to the extent necessary to pay income and other taxes assessed upon exercise of the options or vesting of that stock or to fund or pay for the exercise of options.

No Hedging / Pledging Policy. Our directors and executive officers are prohibited from hedging and/or pledging the Company's stock.

Insider Trading Policies. Directors and executive officers will comply in all respects with the Company's insider trading policies.

No Repricing or Buyouts. The Company's Stock Incentive Plan prohibits repricing, extensions or cash buyouts for options.

Change in Control Agreements. The Company has generally restricted, and intends to continue to restrict, any change in control agreements that do not contain a "double trigger" condition for severance payments or that contain excise tax gross-ups and the Company intends to restrict amendments to existing change in control agreements without conforming to these provisions.

Employment Agreements with Executives. The Company will generally restrict entering into employment agreements with executive officers except for the employment agreement with the CEO (as defined below), stock option and other incentive award agreements and severance and protective covenant agreements. The Company does not have employment agreements with any of our NEOs, other than the 2015 Employment Agreement, effective as of July 1, 2015, between the Company and Mr. Kathwari (the "2015 Employment Agreement"), see "Compensation Committee Report", and the Company's Change of Control Severance Plan, see "Compensation Committee Report", which agreements and plan include "double trigger" conditions upon change in control and do not contain excise tax gross-ups.

Qualified Performance-Based Compensation. The Company attempts, whenever possible, to preserve the federal income tax deductibility of compensation paid to executives, and to permit, but not require, the Compensation Committee to award compensation that meets the requirements for deductibility of "qualified performance-based compensation." However, the Compensation Committee reserves the right to authorize the payment of nondeductible compensation when appropriate.

ADDITIONAL STOCKHOLDER OUTREACH

During fiscal years 2015 and 2016, the Board and management made additional outreach to stockholders, investors and stockholder advisory firms and held two investor conferences. This outreach included conversations with stockholders representing 90% of outstanding shares as of June 30, 2016. Based on this outreach and on recent trends and best practices related to good corporate governance, we are proposing further changes to our Certificate of Incorporation and By-Laws at the 2016 Annual Meeting of Stockholders as follows:

Enhance advance notice by-law provisions which enable our stockholders to nominate directors or propose other matters for consideration at stockholder meetings.

Implement proxy access which would enable our eligible stockholders to use the Company's proxy statement to nominate up to 2 directors or 20% of the board, subject to 3% ownership for 3 years and other customary requirements.

Implement majority voting provision in uncontested director elections with a plurality voting provision for contested elections.

Clarify that directors may be removed from office by a requisite stockholder vote with or without cause.

PROPOSAL 2: TO APPROVE BY-LAW AMENDMENTS RELATED TO THE PROCEDURES FOR STOCKHOLDERS TO NOMINATE DIRECTORS OR PROPOSE OTHER MATTERS FOR CONSIDERATION AT STOCKHOLDER MEETINGS

General

Our by-laws contain provisions governing the ability of stockholders to bring business before any meeting of stockholders of the Company. As part of the Board's ongoing review of corporate governance practices, the Board has adopted, and is recommending that stockholders vote to approve, amendments to Sections 9.1, 9.2, 10 and 13 of Article II of the by-laws relating to the procedures that stockholders must comply with in order to nominate directors and properly bring any business before stockholder meetings, as well as certain related matters. The Board believes that the proposed amendments conform the by-laws, as they have been amended from time to time, to customary standards.

Effect of the Proposed Amendment

The proposed amendments, among other things, include the following requirements:

For any business, including any nomination, to be properly brought before a stockholder meeting by a stockholder, such stockholder must have given timely notice thereof in proper written form to the Secretary of the Company, such notice to be delivered not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting.

To be in proper form, the notice must set forth certain enumerated information regarding the proposing stockholder and, in the case of director nominations, the proposed nominee, including information with respect to any agreements, arrangements or understandings by and among any of the proposed nominees, or by and among any proposing stockholders and any other

person pertaining to the nomination(s) or business to be brought before the meeting, identifying the parties to such agreements and identifying any persons known by the proposing stockholder to support such nominations or such business to be brought before the meeting, including information regarding such person's beneficial ownership in the Company's shares. The notice must be amended or supplemented should any required information included in the initial notice become incorrect or incomplete.

The amendments also clarify that nothing contained in the advance notice by-law provisions shall be deemed to affect any rights of stockholders to request inclusion of proposals in the Company's proxy statement pursuant to Rule 14a-8 under the Exchange Act.

The amendments to Sections 9.1, 9.2, 10 and 13 of Article II of the by-laws pertaining to the procedures for stockholders to nominate directors, propose other matters for consideration at a stockholder meeting and certain related matters will automatically become effective if this Proposal 2 is approved by our stockholders. If, however, our stockholders do not approve this Proposal 2, then the by-law amendment to implement proxy access as set forth in Proposal 3 will not take effect even if Proposal 3 is approved by our stockholders.

The discussion above is qualified in its entirety by reference to the full text of the Amended and Restated By-laws marked to show all proposed changes (additions are underlined and deletions are struck through), which is attached hereto as Appendix B - AMENDED & RESTATED BY-LAWS.

The Board of Directors unanimously recommends that you vote **FOR the proposal to amend and restate the Company's by-laws to revise procedures for stockholders to nominate directors or propose other matters for consideration at stockholder meetings.**

PROPOSAL 3: TO APPROVE BY-LAW AMENDMENTS TO IMPLEMENT "PROXY ACCESS"

General

Our Board recognizes that properly structured "proxy access" tailored to our stockholder makeup and crafted to include appropriate safeguards against potential abuse and opportunism would give our stockholders the ability to include their director nominees in our proxy materials for our annual meetings of stockholders, thereby promoting stockholder ability to participate in director elections while potentially increasing the Board's accountability and responsiveness to stockholders.

Therefore, after careful consideration, the Board has adopted, and is recommending that stockholders vote to approve, amendments to Article II of the by-laws to adopt new Section 9.3 to implement proxy access.

Effect of the Proposed Amendment

If approved, these provisions would vest eligible stockholders (or a group of up to 20 eligible stockholders) who meet certain conditions, including holding at least 3% of the Company's outstanding capital stock continuously for at least three years, with the right to use the Company's proxy statement to nominate, at each annual meeting, director candidates comprising up to 20% of the Board, but not less than two candidates. The Board believes that this "3/3/20/20" approach is consistent with emerging prevailing market practices regarding proxy access implementation and embodies the most appropriate of proxy access for the Company. For example, the Board believes that a group limitation of up to 20 stockholders will provide reasonable access while limiting the possibility that small stockholders with narrowly defined special interests could become over-represented on the Board. A limitation of 20 stockholders will also prevent the administrative burden and expense that could be incurred in managing and vetting nominations from groups of potentially dozens or hundreds of small stockholders.

In crafting the particulars of the proxy access approach, the Board sought to balance potential benefits of proxy access with appropriate limitations to avoid abuse by investors who wish to promote special interests that may not be aligned with the interests of our other stockholders, or who lack a meaningful long-term interest in the Company. In designing the provisions of this proposal, the Board has been mindful not to impose any undue impediments that may tend to render our proxy access approach impractical or overly burdensome. The Board believes the amendments set out herein are in the best interests of the Company.

Implementation of this Proposal 3 is contingent upon the approval of the amendments to Sections 9.1, 9.2, 10 and 13 of Article II of our by-laws related to the procedures for stockholders to nominate directors or propose other matters for consideration at stockholder meetings set forth in Proposal 2. If approved, this Proposal 3 will become effective only if Proposal 2 is approved by our stockholders.

The discussion above is qualified in its entirety by reference to the full text of the Amended and Restated By-laws marked to show all proposed changes (additions are underlined and deletions are struck through), which is attached hereto as Appendix B - AMENDED & RESTATED BY-LAWS.

PROPOSAL 4: TO APPROVE BY-LAW AMENDMENT TO IMPLEMENT MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS

General

Our Board recognizes that many stockholders believe that a majority voting standard increases a board's accountability to stockholders and that many public companies recently have adopted a majority voting standard in uncontested director elections. A majority voting standard requires that the number of votes cast "FOR" a director nominee's election exceed the number of votes cast "against" that nominee in order for the nominee to be elected. Abstentions and broker non-votes have no effect in determining whether the required majority vote had been obtained. By contrast, under a plurality voting standard, a director nominee who receives the highest number of affirmative votes cast is elected, whether or not such "FOR" votes constitute a majority of all votes (including those withheld).

The Company currently has a majority voting standard; however, the provision was adopted in 1995 and lacks important features necessary for its smooth functioning. In particular, the majority voting standard should not apply in the case of a contested election in which case a plurality standard is more customary and practice. In addition, the provision currently fails to include a provision requiring a "holdover" candidate, who would otherwise remain in office until his or her successor is elected and qualified, to tender his or her resignation. Accordingly, after careful consideration, the Board has determined the retention of majority voting standard continues to be in the best interests of the Company and its stockholders, but that it should be limited to uncontested director elections. Therefore, the Board has adopted, and is recommending that stockholders vote to approve, amendments to our by-laws to adopt new Section 2 of Article III to implement majority voting in uncontested director elections.

Effect of the Proposed Amendment

The majority voting standard would only apply in uncontested elections. Uncontested elections are elections where the number of director nominees does not exceed the number of directors to be elected at the meeting. In a contested election, director nominees would continue to be elected by a plurality vote standard. A contested election is an election where the number of director nominees exceeds the number of directors to be elected at the annual meeting, as determined by the secretary of the company.

Further, the Board shall not nominate for election as director any nominee who has not agreed to offer, promptly following the annual meeting at which he or she is elected as director, an irrevocable resignation that will be effective upon (a) the failure to receive the required number of votes for reelection at the next annual meeting of stockholders at which he or she faces reelection, and (b) acceptance of such offer to resign by the Board. If a director nominee fails to receive the required number of votes for reelection, the Board (excluding the director in question) shall, within 90 days after certification of the election results, decide whether to accept such incumbent director's offer to resign through a process overseen by the Nominations/Corporate Governance Committee (and excluding the director in question from all Board and committee deliberations). In making its determination, the Board may consider any factor it deems relevant.

The amendments to Section 2 Article III of the by-laws to implement majority voting in uncontested director elections will automatically become effective if this Proposal 4 is approved by our stockholders.

The discussion above is qualified in its entirety by reference to the full text of the Amended and Restated By-laws marked to show all proposed changes (additions are underlined and deletions are struck through), which is attached hereto as Appendix B - AMENDED & RESTATED BY-LAWS.

The Board of Directors unanimously recommends that you vote **FOR proposal to amend and restate the Company's by-laws to implement majority voting in uncontested director elections.**

PROPOSAL 5: TO APPROVE CERTIFICATE OF INCORPORATION AND BY-LAW AMENDMENTS TO ALLOW FOR STOCKHOLDER REMOVAL OF DIRECTORS WITH OR WITHOUT CAUSE AND TO DELETE OBSOLETE PROVISIONS FROM, AND EFFECT CLARIFYING CHANGES TO, CERTAIN PROVISIONS OF THE COMPANY'S CERTIFICATE OF INCORPORATION

General

Article Sixth of the Company's Amended and Restated Certificate of Incorporation and Section 13 of Article III of the Company's Amended and Restated By-laws each currently provides that the Company's stockholders may remove directors from office at any time for cause by the affirmative vote of the holders of not less than a majority of the outstanding shares of stock generally entitled to vote. In a recent bench ruling on a summary judgment motion, the Delaware Court of Chancery held in December 2015 that a provision of a Delaware Corporation's charter or by-laws could not override the default rule under Delaware law that directors serving on a non-classified board and who are not elected pursuant to cumulative voting may be removed with or without cause by vote of holders of a majority of the outstanding shares entitled to vote in director elections. In light of these developments under Delaware corporate law, in January 2016, the Board adopted an amendment to the Company's Certificate of Incorporation, subject to stockholder approval, and believes it is in the best interests of the Company and its stockholders to approve amendments to the Company's certificate of incorporation and by-laws so that they state that directors can be removed by stockholders with or without cause. Further, the Company's certificate of incorporation currently includes a number of obsolete provisions relating to Class B Common Stock. The proposed amendments are intended to remove such obsolete provisions and to make minor clarifying changes, enhance readability and eliminate redundancies. Accordingly, the Board has adopted, subject to stockholder approval, amendments to the Company's certificate of incorporation and the by-laws to permit the removal of directors by stockholders with or without cause, and, with respect to the certificate of incorporation, to remove certain obsolete provisions and to renumber the remaining provisions.

Effect of the Proposed Amendment

The amendments to the certificate of incorporation, if adopted, would become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware incorporating the amendments, which we would expect to do as soon as practicable after the amendments are adopted. The amendments to Section 13 of Article III of the by-laws related removal of directors by stockholders will automatically become effective if this Proposal 5 is approved by our stockholders. The effectiveness of these amendments will not impact the rights of stockholders since the amendments reflect rights already granted to stockholders under Delaware law.

The discussion above is qualified in its entirety by reference to the full text of the Amended and Restated Certificate of Incorporation and the Amended and Restated By-laws marked to show all proposed changes (additions are underlined and deletions are struck through), which are attached hereto as Appendix A - AMENDED & RESTATED CERTIFICATE OF INCORPORATION and Appendix B - AMENDED & RESTATED BY-LAWS.

The Board of Directors unanimously recommends that you vote **FOR the proposal to approve amendments to the Company's certificate of incorporation and by-laws to allow for stockholder removal of directors with or without cause and to implement certain clarifying amendments to, and to delete obsolete provisions from, the certificate of incorporation.**

Employee directors do not receive additional compensation for serving on the Board of Directors. Directors serving on committees for part of a year receive a pro-rata share of fees.

Policies And Procedures With Respect To Transactions With Related Persons

The Company recognizes that transactions between the Company and related persons present a potential for actual or perceived conflicts of interest. The Company's general policies with respect to such transactions are included in its Code of Business Conduct and Ethics ("Business Code"), the administration of which is overseen by the Nominations Committee. The Company defines "related party" transaction as any transaction or series of related transactions in excess of \$120,000 in which the Company is a party and in which a "related person" had, has or will have direct or indirect material interest. Related persons include (i) any person who is, or at any time since the beginning of our last fiscal year, was, a director or executive officer of us or a nominee to become a director, (ii) any person who is known to be the beneficial owner of more than 5% of any class of our voting securities, (iii) any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than 5% beneficial owner and (iv) any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

The Company collects information about potential related party transactions in its annual questionnaires completed by directors and officers as well as throughout the year at its quarterly Disclosure Control Committee Meetings, comprised of key management responsible for significant business units, departments or divisions. Potential related party transactions are first reviewed and assessed by our General Counsel to consider the materiality of the transactions and then reported to the Nominations/Corporate Governance Committee. The Nominations/Corporate Governance Committee reviews and considers all relevant information available to it about each related party transaction and presents the facts to the members of the Board of Directors not associated with the potential related party transaction. A related party transaction is approved or ratified only if such members of the Board of Directors determine that it is not inconsistent with the best interests of the Company and its stockholders.

Related Party Transactions

The Board, acting through the Nominations and the Compensation Committees, believes that the following related person transactions are reasonable and fair to the Company.

Robin van Puyenbroeck, the son in law of Mr. Kathwari, the Company's Chairman, President and Chief Executive Officer is employed by the Company as the Company's Vice President, Business Development. Mr. van Puyenbroeck reports to the Senior Vice President, Business Development. During fiscal year 2016, the Company paid approximately \$260,000 in aggregate compensation to Mr. van Puyenbroeck. The compensation was consistent with compensation paid to other employees holding similar positions and was composed of salary and annual bonus. The Compensation Committee and the Board expects periodically and at each fiscal year end to provide an ongoing review of Mr. van Puyenbroeck's employment with the Company, including in relation to his compensation.

The Company is party to indemnification agreements with each of the members of the Board of Directors pursuant to which the Company has agreed to indemnify and hold harmless each member of the Board of Directors from liabilities incurred as a result of such director's status as a director of the Company, subject to certain limitations.

PROPOSAL 6: TO APPROVE, ON AN ADVISORY BASIS, NAMED EXECUTIVE OFFICER COMPENSATION

Our executive compensation program is designed to facilitate long-term stockholder value creation. Our focus on pay-for-performance and on corporate governance promotes alignment with the interests of the Company's stockholders.

The Company seeks stockholder approval, on a non-binding basis, of the compensation of our Named Executive Officers, or "NEOs", as disclosed in this Proxy Statement pursuant to Section 14A of the Exchange Act, commonly known as a "Say-on-Pay" vote. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the compensation policies and practices described in this Proxy Statement.

At the Company's 2015 Annual Meeting of Stockholders, our stockholders were asked to approve the Company's fiscal 2014 executive compensation programs. A substantial majority (80%) of the votes cast on the "Say-on-Pay" proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes that these results reaffirm our stockholders' support of the Company's approach to executive compensation.

In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis and Compensation Table sections. The Compensation Committee has made numerous enhancements in recent years to strengthen the link between pay and performance, further link compensation to our business and talent strategies and clearly detail the rationale for pay decisions.

For the reasons outlined above, we believe that our executive compensation program is well designed, appropriately aligns executive pay with Company performance and incentivizes desirable behavior. Accordingly, we are asking our stockholders to endorse our executive compensation program by voting on the following resolution at the Annual Meeting:

"RESOLVED, that the shareowners approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the Compensation Tables and the related narrative."

This proposal allows our stockholders to express their opinions regarding the decisions of the Compensation Committee on the prior year's annual compensation to the NEOs. Because your vote is advisory, it will not be binding upon the Board. However, the Board values shareowners' opinions and the Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions. Further, this advisory vote will serve as an additional tool to guide the Board and the Compensation Committee in continuing to improve the alignment of the Company's executive compensation programs with the interests of Ethan Allen and its stockholders, and is consistent with our commitment to high standards of corporate governance.

The Board of Directors unanimously recommends a vote **FOR the approval of the compensation of the Company's Named Executive Officers.**

COMPENSATION COMMITTEE REPORT

The Compensation Committee oversees our compensation program for our Named Executive Officers ("NEOs") on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis and recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and the Company's Annual Report.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The purpose of this Compensation Discussion and Analysis is to provide material information about the Company's executive compensation objectives and policies for its NEOs and to put into perspective the tabular disclosures and related narratives. The non-binding advisory proposal regarding compensation of the NEOs submitted to stockholders at our 2015 Annual Meeting was approved by over 80% of the votes cast. The Committee believes this favorable outcome conveyed our stockholders' support of our executive compensation programs and the Committee's decisions. After considering the stockholder vote and other factors in its annual review of our total executive compensation programs, the Committee made further refinements in the structure of our compensation programs. The Committee will continue to consider the outcome of the Company's say-on-pay votes when conducting its regular evaluations of the program and making future compensation decisions for the NEOs.

Executive Summary

We continue to have strong alignment between our executive compensation and the interests of our stockholders. Fiscal 2016 was a strong year for the Company.

Operating income of \$89.2 million increased \$23.3 million, or 35.3%

EPS of \$2.00 per diluted share increased 57.5%

The Company further enhanced stockholder value during fiscal 2016:

- paid \$16.6 million in dividends
- repurchased 697.8 million shares for \$19.3 million
- invested \$23.1 million in capital expenditures and acquisitions

Alignment Of Pay With Performance

In 2016, the Compensation Committee continued to focus on the alignment of the interests of the NEOs with those of our Company and stockholders, and the Compensation Committee took the following steps for fiscal 2016:

With Mr. Kathwari's 2011 Employment Agreement expiring within a year, and after evaluating executive compensation and incentive practices that have evolved since the 2011 Employment Agreement was first put in place, and also considering the views of leading stockholder advisory services, the Compensation Committee in 2015 initiated, negotiated and, on October 1, 2015, effective July 1, 2015, entered into the 2015 Employment Agreement, of which its incentive compensation components were subsequently approved by stockholders at our 2015 Annual Meeting of Stockholders.

In collaboration with the Chief Executive Officer and the Board of Directors, the Compensation Committee further refined the executive compensation policies for the Company's NEOs with a greater emphasis on incentive-based compensation.

In collaboration with the Chief Executive Officer and the Board of Directors, the Compensation Committee reviewed and approved the performance-based incentive bonus payments for fiscal 2016 for the Company's NEOs.

In collaboration with the Board of Directors, the Compensation Committee reviewed and approved performance targets for purposes of incentive bonus payments for the NEOs and performance targets for purposes of fiscal 2016 incentive bonus payments and performance-based equity awards for the NEOs.

Stock Incentive Plan

As part of its ongoing review of the Company's compensation programs and consistent with its commitment to reflect best practices in corporate governance standards and compensation practices, the Company's Stock Incentive Plan was amended and restated following the approval of our stockholders at the 2015 Annual Meeting of Stockholders. The Compensation Committee and the Company improved, clarified and updated the Stock Incentive Plan as follows:

Clarify Performance Units. The Stock Incentive Plan was clarified so as to expressly contemplate the issuance of performance restricted stock units.

Restrict Option Re-Pricing. The Stock Incentive Plan was modified so as to expressly restrict re-pricing of outstanding stock options at lower than their exercise price, either directly or indirectly.

One-Year Service Vesting. The Stock Incentive Plan was amended so as to generally require service vesting of at least one year from the grant date for stock options under the Stock Incentive Plan.

Performance Vesting. The Stock Incentive Plan provides for performance vesting, and all Options issued to executives reflect performance vesting.

Recoupment and Clawback. The Stock Incentive Plan was amended so as to expressly subject the awards under the Stock Incentive Plan to the Company policies in relation to recoupment or clawback of awards under the Stock Incentive Plan as required by law and Company policy.

"Double Trigger" Upon Change of Control. While existing awards under the Stock Incentive Plan will continue to be subject under their existing agreements as to a vesting acceleration upon a "single trigger" (i.e., a Change of Control), new or replacement grants under the Stock Incentive Plan (including under the 2015 Employment Agreement) will be subject to a vesting acceleration upon a "double trigger" (i.e., a Change of Control followed by a termination).

Chief Executive Officer's Compensation

In early 2015, the Compensation Committee initiated discussions with the Chief Executive Officer about continuing, modifying or creating a new employment agreement and long-term performance incentives for the Chief Executive Officer. It initiated these discussions despite the 2014 "Say on Pay" vote receiving 95% approval because, under the 2011 Employment Agreement, either the Company or the Chief Executive Officer had the obligation to notify the other by September 30, 2015, if the automatic one year renewal of the employment in the 2011 Employment Agreement would take effect or not as of June 30, 2016. In the view of the Compensation Committee, relying upon this automatic one-year renewal feature was not in the Company's best interests, because an additional one-year term did not provide long-term stability for the Company; during any one-year renewal of the 2011 Employment Agreement, there would be no further long-term equity incentive awards; and during any one-year renewal the previously negotiated voluntary caps on the Chief Executive Officer's annual incentive bonus compensation would have to be revisited and further extended. The Compensation Committee, as well as the Board of Directors, was aware of periodic inquiries from the Company's dealers, distributors, suppliers, business partners and employees about the Chief Executive Officer's long-term commitment to the Company, which the Compensation Committee felt might risk uncertainty and unwarranted disruption in their relationships with the Company. In addition, the Compensation Committee appreciated from its leading stockholders and stockholder advisory firms, as well as public commentary that executive compensation practices have evolved since the time the 2011 Employment Agreement was initiated, especially in the approach to incentive bonus compensation and long-term performance equity incentives.

In evaluating and finalizing the provisions of the 2015 Employment Agreement, the Compensation Committee determined that the best interests of the Company and its stockholders would be served by establishing a long-term employment and performance incentive relationship with the Chief Executive Officer. The Compensation Committee concluded that the compensation and incentive structure of the 2015 Employment Agreement should focus on Company performance measured against targets approved by the Compensation Committee and the

Board of Directors, appreciating the evolving views of executive compensation and the views of leading stockholder advisory services.

The Compensation Committee retained Sibson Consulting, a leading executive compensation advisory firm who had previously worked with the Compensation Committee in connection with the 2011 Employment Agreement. In approaching the 2015 Employment Agreement, the Compensation Committee recognized that:

Many of the Company's essential business relationships with distributors, dealers, suppliers and business partners, as well as potential future marketing opportunities, depend heavily upon the long-standing personal relationships and connections of the Chief Executive Officer. Most of the Company's store openings outside the United States in the past year have resulted from personal contacts and relationships of the Chief Executive Officer. The Company's relationships are not typically cemented by long-term, tightly bound distributor, dealer and franchise contracts. For the Company, its Chief Executive Officer is closely associated with the Company, its iconic brand and long-standing business relationships. The Company's

Table of Contents

long-serving, widely known Chief Executive Officer and his reputation and relationships through the Company and its retailers and the furniture industry, as well as his linkage to that brand name, is not, in the view of the Compensation Committee, rivaled by companies within the peer group. For the Compensation Committee, these considerations underscore a unique approach for the Company to the 2015 Employment Agreement that may not be applicable to future chief executive officers or comparable chief executive officers in its peer group.

The Company's executive management and administrative staff is relatively and uniquely flat and lean as compared to peers in the view of the Compensation Committee, who generally have deeper, higher cost executive staffing. This efficient management structure depends on the Chief Executive Officer acting decisively and knowing all parts of the Company's operations with a company-wide perspective of the center of this flat, lean management structure. For the Compensation Committee, these considerations underscore a unique approach for the Company to the Chief Executive Officer that may not be applicable to future chief executive officers or comparable chief executive officers in its peer group.

The Company manages and operates a vertically integrated business, featuring manufacturing, merchandising, distribution, marketing and retailing through Company-owned and independent stores, which enables the Company to provide a differentiated, customized, high-service, interior design focused approach to customers, as contrasted to many of the Company's furniture industry competitors and peers that focus mostly on importing standardized products from the Far East and marketing them in the U.S. For the Compensation Committee, this organizational differentiation from peers requires an executive, like the Chief Executive Officer, who can manage manufacturing and production, in addition to the merchandising and marketing background of executives at many competitors and peers.

In fiscal 2014 and 2015, the Compensation Committee recognized that the Chief Executive Officer had initiated and led a substantial repositioning of the Company's manufacturing, merchandising and products, as well as the Company's retail footprint and website and technology platform. With these major on-going operational changes, the Compensation Committee believed that the Company and its stockholders would be benefitted by the long-term commitment of the Chief Executive Officer.

The Compensation Committee recognized that from fiscal 2011 through fiscal 2015 the Company steadily improved operating income, increasing from \$31.9 million to \$65.9 million (a 20% compound annual growth rate) and made steady debt reduction over such five fiscal years (total debt payments of \$210.4 million), which has not been fully reflected in the Company's share price (including relative to total stockholder return). Appreciating that this steady financial performance showed recovery from the great recession, the Compensation Committee believed in approaching the 2015 Employment Agreement that the best interests of the Company's stockholders would be served by a compensation package based on improved operating results and improved per share operating results, as identified annually by the Compensation Committee and the Board, and thus capital efficiency.

Base Compensation Under 2015 Employment Agreement. For the 2015 Employment Agreement, the Compensation Committee determined to continue, without increase or guaranteed adjustment, the base salary under the 2011 Employment Agreement of \$1,150,000 per annum, during the five-year term of the 2015 Employment Agreement commencing July 1, 2015.

Non-Equity Incentive Compensation Under 2015 Employment Agreement. For the 2015 Employment Agreement, the Compensation Committee determined to provide that future annual non-equity incentive payments will be based on annual goals set annually by the Company, the Compensation Committee and the Board of Directors based on target earnings results consistent with market practices and the practices after all of the companies in the Company's peer group. More specifically, the annual incentive compensation payments under the 2015 Employment Agreement will provide for a target level of \$750,000 (approximately 65% of base salary), based upon an Annual Adjusted Operating Earnings target, set annually by the Compensation Committee or the Board of Directors within 90 days of the beginning of each fiscal year. If the Compensation Committee or the Board of Directors fails to establish a target for a fiscal year, the target will be 5% improvement over the Annual Adjusted Operating Earnings for the preceding fiscal year. Annual Adjusted Operating Income consists of consolidated operating income as set forth in the Company's consolidated statement of comprehensive income, adjusted by (1) nonrecurring, extraordinary or unusual events, (2) annual bonuses, (3) share-based compensation expense and (4) the effects of business combinations. For fiscal 2016 nonrecurring, extraordinary or unusual events consisted of gains and losses on sale

on real estate, and restructuring charges. Incentive compensation payments will be earned according to performance on a directional payout schedule as follows:

Directional Non-Equity Incentive Compensation Payout Schedule
(Linear/Scaled)

Achievement Level	Performance (as Percentage of Adjusted Operating Earnings Target)	Payout Amount
Threshold	80 - 85%	\$375,000
Target	100%	\$750,000
Maximum	120 - 130%	\$1,700,000

The Compensation Committee or Board of Directors has the right to make a discretionary incentive compensation payments in the case of extraordinary economic circumstances, including circumstances when such performance metrics were not satisfied, in the best interests of the Company. In the view of the Compensation Committee, this incentive bonus compensation structure in the 2015 Employment Agreement aligns the incentive compensation incentives of the Chief Executive Officer with the earnings objectives of the Company, as confirmed by the Compensation Committee and Board of Directors, and is consistent with companies within its peer group.

Long-Term Stock Performance Unit Awards Under the 2015 Employment Agreement. In connection with the 2015 Employment Agreement, the Compensation Committee focused on strong weighting of performance-based equity awards (and not service-based options) that were earned if the Company performed against targets set by the Compensation Committee and Board of Directors and are determined on a per share basis in order to reward capital efficiency.

Accordingly, for the 2015 Employment Agreement, the Compensation Committee determined to revise the structure of long-term stock incentives, such that all of future long-term incentive value would be delivered through performance-based restricted stock, which the Compensation Committee believes is more performance-based than many peers, who deliver meaningfully less in long-term incentive value through performance-based restricted stock awards. In doing so, the Compensation Committee considered whether the long-term equity incentives should be measured by stock price metrics or operating performance metrics. After deliberating with its consultants, the Compensation Committee determined to utilize operating performance metrics because they focused on internal performance, not extrinsic factors that move stock and stock market prices, and because reviews of peer practices did not reflect a widespread focus on stock market returns to compensate their executives.

The 2015 Employment Agreement provides as follows:

Annual awards of 65,000 per annum of performance-vested restricted stock units ("Performance Units") over five years (325,000 total Performance Units, which may increase to 406,250 of Performance Units, based upon performance as described below) granted annually within 90 days of the beginning of the fiscal year.

Performance vest (not service vest) the Performance Units by reference to performance goals set for each award (within 90 days of grant date) based on Adjusted Operating Earnings Per Share target for each of the upcoming two fiscal years and cumulatively for the upcoming three fiscal years, set annually by the Compensation Committee and the Board of Directors within 90 days of the beginning of each fiscal year. If either the two-year or cumulative three-year target is accomplished, then the percentage of Performance Units vested would be determined by reference to the higher performance accomplishment percentage. Goals for each annual grant are set by the Compensation Committee or the Board within 90 days of the beginning of each fiscal year. The Performance Units would be earned according to performance on a directional payout schedule as follows:

Directional Performance Unit Schedule
(Linear/Scaled)

Achievement Level	Performance (as Percentage of 2 or 3 Year Performance Equity Target)	Percentage of Performance Units Earned	Amount of Performance Units Earned (Per Annual Grant)
Threshold	80 - 85%	50%	32,500
Target	100%	100%	65,000
Maximum	115 - 120%	125%	81,250

Total Compensation Level and Mix. The portion of total compensation delivered in the form of base salary and benefits is intended to provide a competitive foundation and fixed rate of pay for the work being performed by each named executive officer and the associated level of responsibility and contributions to the Company. The compensation opportunity beyond those pay elements is at risk and must be earned through achievement of annual goals, which represent performance expectations of the Board and management and long-term value creation for stockholder. The Committee believes that the proportion of compensation designed to be delivered in base salary versus variable pay depends on the executive's position and the ability of that position to influence overall Company performance. The more senior the level of the executive, the greater is the percentage of total pay opportunity that is variable. The Compensation Committee believes that the 2015 Employment Agreement does not reflect any increase in total compensation value as compared to the 2011 Employment Agreement, and substantially shifts our Chief Executive Officer's compensation structure to a performance incentive structure, as compared to both the 2011 Employment Agreement and the Company's peers. In considering the overall compensation opportunities provided under the 2015 Employment Agreement, the Compensation Committee recognizes that the targeted total compensation opportunity level places our Chief Executive Officer below the median total compensation level of executives within the Company's peer group, but above the median level of a narrower peer group suggested by the stockholder advisory services. The Compensation Committee believes that this positioning is appropriate given that the median revenue of our peer group is higher than the Company's and the median revenue of the stockholder advisory services' peer group is lower than ours. Also, the Compensation Committee believes that the compensation incentives under the 2015 Employment Agreement are strongly performance-based, so they provide and ensure strong Chief Executive Officer alignment with long-term stockholder interests.

**CEO Compensation Components of the
2015 Employment Agreement
based on Target Values**

Overall, the Compensation Committee believes that the performance-based structure of the 2015 Employment Agreement provides a strong alignment with the long-term interests of our Company and its stockholders and a strong statement of confidence by the Chief Executive Officer in our Company's future performance. The Compensation Committee believes that the structure of the 2015 Employment Agreement (especially given the fact that all incentives are performance-based) does not create risks for the Company and is in the best long-term interest of the Company and its stockholders.

Targets and Payouts Under Fiscal 2016 Non-Equity Incentive Compensation Arrangements and Long-Term Incentive Compensation Arrangements. At the beginning of fiscal 2016, in connection with the 2015 Employment Agreement, the Compensation Committee reviewed with the Board of Directors and the Chief Executive Officer, and established targets, as provided in the 2015 Employment Agreement for fiscal 2016 incentive opportunities.

An Adjusted Operating Earnings fiscal 2016 target for the annual incentive bonus was set at a target of 8% growth over the prior fiscal year Adjusted Operating Earnings.

An Adjusted Operating Earnings Per Share target for the Performance Units equity award to be made in fiscal 2016 were set for fiscal years 2016, 2017, and 2018 at a target of 8%, 5% and 5%, respectively, growth over the prior year in Adjusted Operating Earnings Per Share. See the section "Long-Term Stock Performance Unit Awards Under the 2015 Employment Agreement" for threshold and maximum levels.

For fiscal 2016, each of the Company's Adjusted Operating Earnings and Adjusted Operating Earnings Per Share exceeded the respective maximum performance levels. Accordingly, the Incentive Award earned by Mr. Kathwari for fiscal 2016 was \$1,700,000, which corresponds to the payout amount commensurate with the maximum performance level under the non-equity incentive compensation arrangements as set forth in the "Summary Compensation Table" in the "Executive Compensation" section.

Actual amounts of long-term incentive awards granted in fiscal 2016 are disclosed in the "Summary Compensation Table" and the "Grants of Plan-Based Awards" table. Peer Companies. In connection with the 2015 Employment Agreement, the Compensation Committee discussed the appropriate peer companies for comparison with its executive compensation consultant, Sibson Consulting. The Compensation Committee, in conjunction with Sibson Consulting, established a peer group in considering the 2015 Employment Agreement which, in its judgment, best represented the unique nature of the Company's vertical business model which integrates manufacturing, merchandising and retailing, while eliminating some of the companies with substantially higher revenues.

In developing the peer group, the population of U.S.-based, publicly-traded companies that were considered for evaluating the terms of the 2015 Employment Agreement included:

furniture manufacturers and/or home furnishing retailers;

competitors and peers identified as the Company's direct U.S. furniture competitors;

highly integrated companies in non-furniture industries (e.g. apparel, etc.);

companies with iconic consumer brand recognition (beyond the furniture and home furnishing industries); and

companies that might be considered competitors for Company executives and equivalent talent.

In considering this peer group, the Compensation Committee reviewed the peer group used in connection with the 2011 Employment Agreement, as well as the peer group included in various industry indices and considered by stockholders advisory services, resulting in changes for the peer group considered for purposes of the 2015 Employment Agreement as compared to the peer group used for the 2011 Employment Agreement. In doing so, the Compensation Committee recognized the difficulty of establishing direct peer comparables for the Company and the Chief Executive Officer due to the differences between the Company and its peers (especially the Company's management and operation of a vertically integrated business) and between our Chief Executive Officer and other peer executives, in view of our Chief Executive Officer's unique, long-standing association with our Company and his active engagement at the center of our Company's executive leadership.

In addition to industry, branding and supply chain considerations, the Compensation Committee filtered companies by revenues, number of employees and market capitalization. The Compensation Committee wanted a large enough group, consisting of 15-20 companies, to enable full comparisons to the Company. After this consideration, the Compensation Committee established a peer group

for the 2015 Employment Agreement that reflects 17 companies, with 7 additions and 6 deletions to the peer group utilized in connection with the 2011 Employment Agreement, as follows (by revenue):

In reviewing and finalizing the changes to the peer group for the 2015 Employment Agreement, the Compensation Committee noted the following:

In connections with the peer group for 2015 Employment Agreement, peers are within a 0.5x-4x revenue size range. (The previous peer group in connection with the 2011 Employment Agreement had instances of 6x and 10x comparative revenue sizes). The median revenue of the peer group in connection with the 2015 Employment Agreement is \$1.27 billion (the previous peer group median in connection with the 2011 Employment Agreement was \$1.8 billion).

The peer group for the 2015 Employment Agreement was increased to 17 companies, from 16 companies in 2011. The larger peer group provided the Compensation Committee with greater confidence in its understanding of the broad range of pay practices in place at other companies.

In developing the new peer group for the 2015 Employment Agreement, the Compensation Committee was mindful of the perspectives of stockholder advisory services. As a result, the Compensation Committee closely examined the peer companies recommended by Institutional Shareholder Services (ISS) and others. Through this review, the Compensation Committee identified additional companies used by stockholder advisory services which it determined should be added to the group for the 2015 Employment Agreement.

We believe that it is appropriate to offer industry-competitive cash and equity compensation packages to all of our NEOs, including our Chief Executive Officer, in order to attract and retain top executive talent. The peer group allows us to monitor the compensation practices of our primary competitors for executive talent. However, we do not rely on market information to target any specific pay percentile for our executive officers. Instead, we use this information to provide a general overview of market practices and to ensure that we make informed decisions regarding our executive pay programs.

Compensation For Named Executive Officers Other Than The Chief Executive Officer

During fiscal 2016, the Compensation Committee, together with the Chief Executive Officer, reviewed the compensation program for the Company's key management personnel including the NEOs, other than the Chief Executive Officer. The Company's compensation approach for the NEOs is designed to encourage and reward performance that leads to strong financial results and creation of long-term stockholder value. Its balance of short-term and long-term compensation opportunities is intended to retain and motivate the highly talented business leaders we

require to successfully execute the Company's business strategy and create value for the Company's

Table of Contents

stockholders. The following compensation principles guided the design of our compensation program for these NEOs during fiscal 2016, and will also guide the program in fiscal 2017:

Reward Operational and Financial Efficiencies. The Company believes in efficiency of overhead and operations and very careful expenditures of cash and its cash resources. It is intended that the Company's compensation approach for NEOs will emphasize the achievement of these efficiencies within the scope of authority and management of these NEOs.

Pay for Performance. The Company believes that pay earned by its executives should reflect the performance achieved for our stockholders. Thus, we structured the compensation program for the NEOs to ensure that a meaningful portion of the compensation paid is linked to the performance of our business. The Company's compensation program emphasizes variable incentive award opportunities, which are payable only if specified financial, operational and individual goals are achieved. In practice, these goals are identified by the Chief Executive Officer and approved by the Compensation Committee.

Pay Conservatively. When setting the compensation target payout opportunity levels with the Chief Executive Officer, the Compensation Committee and the Chief Executive Officer consider the range of opportunities available to similarly situated executives from various relevant market reference sources.

Emphasize Variable Pay Components. The Company provides variable compensation elements (annual non-equity incentive compensation and long-term equity compensation) primarily to encourage and reward performance that leads to strong financial results and creation of long-term value for our stockholders.

Require Stock Ownership. The Company expects its executives to own a meaningful amount of Company stock. Thus, within five years of appointment NEOs are expected to acquire and maintain ownership of certain minimum equity ownership level in Company stock. These minimum level ranges from two times annual base salary for our NEOs to five times annual base salary for the Chief Executive Officer. This is intended, in part, to align senior management of the Company with long-term stockholder interests and avoid short-term incentive risk. To further promote long-term alignment with our stockholders' interest, the Company will grant to our NEOs, equity with vesting periods of generally three to five years and a post-exercise hold period to avoid incentivizing short-term risk. The design of the NEOs' compensation approach will be consistent with the Company's risk aversion and the steady performance expected by the Company and our stockholders. Thus, we have structured our executive compensation program to ensure that it is not significantly weighted toward annual cash incentive compensation and does not otherwise have the potential to threaten long-term stockholder value by promoting inappropriate or excessive risk-taking by our NEOs.

Maintain Flexibility to Address Extraordinary Circumstances. The compensation program for the NEOs provides flexibility for the Chief Executive Officer and the Compensation Committee with authority to exercise discretion in determining compensation actions for the NEOs when necessary due to unusual, non-recurring, extraordinary or unexpected circumstances or developments, either in relation to the Company or the NEO, including in relation to unusual, non-recurring or extraordinary items in the determination of adjusted operating income that in their discretion do not relate to the future income or values of the Company. Such actions are expected to take into account the current and long-term interests of our stockholders and the Company, notwithstanding the extent to which earlier specified goals are achieved.

Follow Executive Compensation and Pay Governance Best Practices. The Compensation Committee will continually evaluate best practices in executive compensation and governance and consider modifications to our program that NEOs support the Company's business strategies, provide an appropriate balance of risk and reward for our NEOs, and align their compensation with the long-term interests of our stockholders.

Compensation Consultant. The Compensation Committee has authority to retain compensation consulting firms to assist it in the evaluation of executive officer and employee compensation and benefit programs. The Compensation Committee has retained Sibson Consulting ("Sibson"), a national compensation consulting firm, as its independent compensation advisor. Sibson provides an additional objective perspective as to the reasonableness of our executive compensation programs and

practices and their effectiveness in supporting our business and compensation objectives. During 2015, Sibson advised the Compensation Committee with respect to compensation trends and best practices, incentive plan design, competitive pay levels, our proxy disclosure, and individual pay decisions with respect to our named executive officers and other executive officers. The Compensation Committee has assessed the independence of Sibson pursuant to applicable SEC rules and concluded that no conflict of interests exists that would prevent Sibson from independently representing the Compensation Committee.

Compensation Committee Approval of Named Executive Officer Compensation for 2016

For fiscal 2016, the Compensation Committee discussed with the Chief Executive Officer approaches to incentive compensation, annual cash bonuses, non-equity incentive compensation and long-term equity grants. We believe that it is appropriate to offer industry-competitive cash and equity compensation packages to our NEOs in order to attract and retain top executive talent. However, we do not

Table of Contents

rely on market information to target any specific pay percentile for our executive officers. Instead, we use this information to provide a general overview of market practices and to ensure that we make informed decisions regarding our executive pay programs.

As is the case with our Chief Executive Officer, in evaluating compensation packages for our NEOs, the Committee focuses on the total compensation opportunity for the executive. Executive compensation packages are structured such that a portion of total compensation delivered in the form of base salary and benefits is intended to provide a competitive foundation and fixed rate of pay for the work being performed by each named executive officer and the associated level of responsibility and contributions to the Company. The compensation opportunity beyond those pay elements is at risk and must be earned through achievement of annual goals, which represent performance expectations of the Board and management and long-term value creation for stockholders. The proportion of compensation designed to be delivered in base salary versus variable pay depends on the executive's position and the ability of that position to influence overall Company performance. The more senior the level of the executive, the greater is the percentage of total pay opportunity that is variable.

The following are the components of the compensation for the NEOs other than the Chief Executive Officer, and the Company's overall approach to each compensation component for fiscal 2016:

Base Salary. Base salary is expected to be within the industry standards for similarly responsible, situated and performing executives, depending on the area in which the executive operates and on varying levels of responsibility. The Compensation Committee considered the range of opportunities available to similarly situated executives from various relevant market reference sources and concurred with the Chief Executive Officer's views as to the adequacy of the base compensation for the NEOs for fiscal 2016.

Incentive Awards Annual Cash Bonus and Annual Non-Equity Incentive Plan Compensation. For fiscal year 2016, the Company maintained an Annual Cash Bonus Incentive Program under which the NEOs of the Company other than the Chief Executive Officer are eligible for an Incentive Award with a performance-based Non-Equity Incentive Plan Compensation component and a discretionary-based Bonus component. Our annual incentive program is designed to promote the achievement of annual corporate goals including key financial, operating and strategic goals that, in turn, drive value for stockholders.

For purposes of the Annual Cash Bonus Incentive Program, overall performance of the Company is assessed based upon the achievement of the Company's financial, strategic and operational budget and objectives, including revenue and income earned by the Company, operating results of each individual division, expansion of market share, minimization of overhead, inventory management, cost savings, cash conservation, customer service improvement and the performance of the Company relative to peers and the market. The Compensation Committee, in conjunction with the Chief Executive Officer, establishes criteria for each NEO annually which is shared with the NEO and their performance is annually reviewed.

The Company established for each NEO a target Incentive Award opportunity expressed as a percentage of the NEO's annual base salary rate at the beginning of fiscal 2016, and a maximum Incentive Award expressed as a percentage of that base salary. Target and maximum Incentive Awards are based upon the recommendation of the Chief Executive Officer and the approval of the Compensation Committee. For fiscal 2016, the target Incentive Award for each of the NEOs was set at 40% of their respective base salary and the maximum Incentive Award for each of the NEOs was set at 60% of their respective base salary, subject to revision of the target and the maximum Incentive Award by the Chief Executive Officer and the Compensation Committee during fiscal 2016.

Incentive Awards, if any, are based both upon the performance of the NEO as determined by the Company in view of the circumstances and considerations and also upon the Company's achievement of the performance goal target for the relevant fiscal year, such that 70% of the target Incentive Award will be initially determined by reference to the Company's achievement of the performance goal target (the Non-Equity Incentive Plan Compensation component) and 30% of the Incentive Award will be discretionary (the Bonus component), based upon the Company's and the Committee's evaluation of the NEO's performance against its expectations and principles.

Table of Contents

The Performance Component payout will be linearly interpolated between 80% and 120% of the Performance Goal Target as follows:

Directional Non-Equity Incentive Compensation Payout Schedule

(Linear/Scaled)

Adjusted Operating Income Achievement Level	Performance (as Percentage of Annual Performance Goal Target)	Payout (as Percentage of target Non-Equity Incentive Plan Compensation Component)
Threshold	80%	50%
Target	100%	100%
Maximum	120%	115%

For fiscal 2016, the performance goal target established for the Non-Equity Incentive Plan Compensation component of the Incentive Award was the Company's accomplishment of adjusted operating income as reflected in its annual financial statements for fiscal 2016 reflecting a growth rate of 8% over the adjusted operating income for fiscal 2015.

The discretionary Bonus component of the Incentive Award, if any, is intended to reward key employees based upon both the Company's overall performance and the individual's performance measured against a broad range of performance indicators.

For purposes of the discretionary Bonus component, individual performance is assessed based upon the level of attainment of established responsibilities, goals and objectives for each NEO. Each NEO develops annual business objectives and budgets for their respective areas, which are approved by the Chief Executive Officer and are used for this assessment. Individual performance is also measured by how the executive's actions conform with and exemplify the Company's ten "Leadership Principles" as follows:

Leadership Principles: Good governance is good for profitability and good for our talented and committed team. As a group we embrace ten key Leadership Principles, which define our commitment to excellence. Living by these principles is paramount. They are the compass that guides us to achieve our full potential, both as individuals within the company and as a major player in the industry.

Leadership: Provide leadership by example.

Change: Understand that change means opportunity and do not be afraid of it.

Accessibility: Be accessible and supportive, and recognize the contributions of others.

Speed: Maintain a competitive advantage by reacting quickly to new opportunities.

Client Focus: Our first responsibility is to our clients. Client service is our highest priority.

Hard Work: Establish a standard of hard work and practice it consistently.

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

Excellence + Innovation: Have a passion for excellence and innovation.

Priorities: Establish priorities by clearly differentiating between the big issues and the small ones.

Confidence: Have the confidence to empower others to do their best.

Justice: Always make decisions fairly. Justice builds confidence and trust, which in turn encourages motivation and teamwork.

For each NEO, the NEO's impact upon initiatives of their division, department function or organization is considered, as well as their impact on the morale of these groups. Additionally, each executive, whether reporting directly to the Chief Executive Officer or not, completes a self-assessment that is also used as a basis by the Chief Executive Officer and the Compensation Committee for the determination of any Incentive Award. For executives reporting directly to the Chief Executive Officer, their performance is reviewed by the Chief Executive Officer together with the Executive Vice President,

Administration, who is responsible for the Company's Human Resources functions. For the NEOs other than the Chief Executive Officer, their performance is also reviewed by the Chief Executive Officer with the Compensation Committee.

Historically, the actual Incentive Awards have ranged from 20% to 40% of base salary for eligible executives. The Company retains the discretion to grant no Incentive Awards or to grant Incentive Awards that exceed the target, in each case as the situation warrants, such as unusual, non-recurring, extraordinary or unexpected circumstances or developments, either in relation to the Company or the NEO, including in relation to unusual, non-recurring or extraordinary items in the determination of adjusted operating income that in their discretion do not relate to the future income or values of the Company. As the Incentive Awards look at broad performance indicators, the Company believes that there is no single metric that would lend itself to the risk of manipulation of results by the NEOs to influence any Incentive Award outcome.

For fiscal 2016, the Company's Adjusted Operating Earnings exceeded the maximum performance level of 120% of performance target. Accordingly, for fiscal 2016, after its review and discussion, the Compensation Committee approved Incentive Awards for each of the NEOs at the payout levels commensurate with maximum performance levels with respect to the performance-based Non-Equity Incentive Plan Compensation component. The Compensation Committee awarded Incentive Awards totaling \$469,530, of which the Non-Equity Incentive Plan Compensation component was \$439,530 and the discretionary Bonus component was \$30,000, to be distributed to the NEOs other than the Chief Executive Officer, in amounts recommended by the Chief Executive Officer as set forth in the "Summary Compensation Table".

For fiscal year 2017, the Company will continue to maintain this Incentive Award compensation plan, with its performance-based component (Non-Equity Incentive Plan Compensation) and a discretionary-based component (Bonus), for the NEOs of the Company other than the Chief Executive Officer with the same approach as fiscal 2016.

Long-Term Equity Awards. Historically the Compensation Committee has allocated a block of equity awards to be granted throughout the year based on similar criteria and process as the annual non-equity incentive awards, with special focus on retention and consistent long-term performance. The Compensation Committee approves the specific grants for the NEOs in the same manner as described above for the annual non-equity incentive awards. The Company believes that share ownership among its executives is important for alignment of executive interests.

Stock Options - The NEOs and other executives are eligible to receive grants of stock options. The options have an exercise price of the closing price of our stock on the date of grant, vesting according to both the performance-based and time-based criteria, and a ten-year term. Any stock options not fully vested on the date the employee separates are subject to forfeiture. These grants are designed for retention of the executive and to align the executive's compensation with the long-term success of the Company. The Compensation Committee did not approve Company grants of stock options to NEOs in fiscal 2016.

Performance Stock Units - The NEOs and other executives are eligible to receive grants of performance stock units. The performance stock units have both service vesting and performance vesting criteria by reference to performance goals set for each award based on the Adjusted Operating Earnings Per Share target for each of the upcoming two fiscal years and cumulatively for the upcoming three fiscal years and to the extent performance condition is satisfied, service conditions vest over a period of three years. These grants are designed to promote retention and to align executive compensation with the long-term success of the Company.

The Compensation Committee approved Company grants of performance stock units to NEOs in fiscal 2016 employing the same methodology as used with the CEO. The grants were subject to a target performance metric of Adjusted Operating Income Per Share increase for fiscal year 2016 over fiscal 2015 and for each of the two immediately following fiscal years (for a total of three fiscal years) with 8% increase for fiscal 2016 and 5% increase for each of fiscal 2017 and 2018. The Performance Units would be earned according to performance on a directional payout schedule as follows:

Directional Performance Unit Schedule

(Linear/Scaled)

Adjusted Operating Income Per Share	Performance as Percentage of Cumulative PSU Annual Target for	Percentage of Units Earned (Per Grant)
--	---	---

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

Achievement Level	Applicable Two or Three Year Period	
Threshold	80%	50%
Target	100%	100%

Table of Contents

If either the two-year or the cumulative three-year target is met, then the percentage of Performance Units vested would be determined by reference to the higher performance accomplishment percentage. Goals for each annual grant are set by the Compensation Committee or the Board within 90 days of the beginning of each fiscal year.

Actual amounts of awards granted in fiscal 2016 are disclosed in the "Summary Compensation Table" and the "Grants of Plan-Based Awards" table. The fiscal 2016 Performance Units granted to our NEOs, which will not vest until the actual results for the second or third fiscal year period in the three-year performance cycle are known, were estimated to be earned at the maximum payout level for purposes of the "Summary Compensation Table" and the "Outstanding Equity Awards at 2016 Fiscal year End" table in the "Executive Compensation" section.

Change of Control Severance Plan for Executives. The change in control plan for NEO's, other than the CEO, was adopted to mitigate the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction might otherwise be motivated to act in their own interests rather than the interests of the stockholders. Thus, the change in control provisions are designed so that employees are neither harmed nor given a windfall in the event of a change in control.

The Company's plans generally provide that a change in control may occur upon (i) any liquidation or the sale of substantially all of the assets of the Company and Ethan Allen Global, Inc. taken as a whole, or (ii) any merger, or (iii) any person becoming a beneficial owner of more than 50% of the then-outstanding voting stock of the Company or Ethan Allen Global, Inc.; or (iv) the Company's incumbent directors cease to constitute at least a majority of the Board of directors of the Company, except in connection with the election or nomination of directors approved by a vote of at least a majority of the directors then comprising the incumbent board of directors of the Company.

For any benefits to be earned, a change in control must occur and the executive's employment must be terminated within two years following the change in control, either by the Company without cause or the executive for good reason (often called a "double trigger"). The plan does not provide tax gross-ups. Payments and benefits to the executive will be reduced to the extent necessary to result in the executive's retaining a larger after-tax amount, taking into account the income, excise and other taxes imposed on the payments and benefits. For additional information, see "Potential Payments Upon Termination or Change in Control". Benefits provided under the program include (i) a lump sum cash payment equal to one times the sum of the executive's base salary and the average of the prior three years' annual Incentive Bonus and (ii) a lump sum cash payment equal to the pro-rated portion of the executive's average of the prior three years' annual Incentive Bonus for the year of termination. The Change in Control Severance Plan includes non-solicitation, non-disparagement and confidentiality provisions and waivers of customary claims.

Executive Perquisites/Other Personal Benefits

We offer a very limited amount of perquisites and other personal benefits to our named executive officers. The Compensation Committee believes that these perquisites are reasonable and consistent with prevailing market practice and the Company's overall compensation program. Perquisites are not a material part of our compensation program. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to our NEOs. In 2015, with the exception of Mr. Kathwari, the NEOs did not receive any perquisites. Mr. Kathwari received: (1) access to and use of Company cars (including driver, gas, registration, title, insurance and maintenance) and a club membership; (2) reimbursement of life insurance premiums up to \$50,000; (3) a retirement contract (described below); (4) dividends and interest on a long-standing restricted stock book account established pursuant to his previous employment agreements; and (5) dividend equivalent payments on stock units awarded pursuant to a prior employment agreement. Mr. Kathwari's use of the Company car and club membership are as a convenience to the Company and are for business purposes. See footnote 7 to the "Summary Compensation Table".

Deductibility Cap on Executive Compensation

Section 162(m) of the Internal Revenue Code (the "Code") limits deductibility of annual compensation in excess of \$1 million paid to the Company's Principal Executive Officer and to each of its next three most highly compensated executive officers (other than the Principal Financial Officer) (for these purposes, the "Named Executives"). However, compensation is exempt from this limit if it qualifies as "performance-based compensation." As part of its role, the Compensation Committee considers the anticipated tax treatment to us and the executive officers in its review and establishment of compensation programs and payments. In general, the Compensation Committee believes that it is in our best interest to receive maximum tax deductions for compensation paid to the Named Executives. In general, we intend to pay

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

performance-based compensation, including equity compensation, in a manner that preserves our ability to deduct the amounts paid to executive officers, although to maintain flexibility in compensating Named Executives in a manner designed to promote varying corporate goals, the Compensation Committee may award compensation that is not fully deductible when it deems such award to be in the best interest of the Company.

Table of Contents

In 2015, the Company submitted an amended and restated Stock Incentive Plan to stockholders, to allow awards thereunder to qualify under the "performance-based compensation" requirements, which was approved by stockholders. The Company also submitted the incentive performance bonus provisions of the 2015 Employment Agreement to its stockholders who agreed to have the annual incentive bonuses granted under the 2015 Employment Agreement comply with the "performance-based compensation" requirements under Section 162(m) of the Code.

The 2015 Employment Agreement is intended to permit the Company to pay incentive compensation which qualifies as "performance-based compensation", thereby permitting the Company to receive a federal income tax deduction for the payment of such incentive compensation. If the Compensation Committee or Board of Directors makes a discretionary incentive compensation payment in the case of extraordinary economic circumstances under the 2015 Employment Agreement, such discretionary incentive compensation payment will not be tax-deductible under Section 162(m) of the Code.

Certain Conclusions as to Compensation

The Compensation Committee believes that long-term stockholder value is enhanced by corporate and individual performance achievements. Through the plans and practices described above, a meaningful portion of the Company's executive compensation is based on competitive pay practices, as well as corporate and individual performance. The Compensation Committee believes equity compensation, in the form of stock options, restricted stock and stock units is vital to the long-term success of the Company. The Compensation Committee remains committed to this policy, recognizing that the competitive market for talented executives and the cyclical nature of the Company's business may result in highly variable compensation for a particular time period.

The following table sets forth compensation concerning the compensation for services rendered to us during the years indicated by our Principal Executive Officer, Principal Financial Officer and the three next most highly compensated executive officers (the "Named Executive Officers").

For Named Executive Officers other than Mr. Kathwari, amounts shown represent Annual Cash Bonus under the 2016 Incentive Award program described in the "Incentive Awards Annual Cash Bonus and Annual Non-Equity Incentive Plan Compensation" section.

(2)

Stock awards represent aggregate fair values of performance stock units as of each grant date, computed in accordance with Accounting Standards Codification Topic 718. For financial statement reporting purposes, these fair values are charged to expense over the vesting period, which is generally two to three years for stock unit awards. The actual values that employees may realize if any, will not be known until the vesting date and could differ significantly. See footnote 10 to the Company's Form 10-K for fiscal year ended June 30, 2016 for assumptions in the valuation.

(3)

No option awards were granted in fiscal 2016. The amounts shown for option awards represent aggregate fair values as of each grant date, computed in accordance with Accounting Standards Codification Topic 718. For financial statement reporting purposes, these fair values are charged to expense over the vesting period, which is generally three to five years for option grants. The actual values that employees may realize if any, will not be known until the vesting date and could differ significantly. See footnote 10 to the Company's Form 10-K for fiscal year ended June 30, 2016 for assumptions in the valuation.

It is Mr. Kathwari's practice to reimburse the Company for any incremental costs relating to his personal use of the club membership. In connection with Mr. Kathwari's nonqualified deferred compensation plans he also received dividends on stock units and dividend equivalent payments and interest on a dividend book account which are not included in this table. (See also "Nonqualified Deferred Compensation" and

"Executive Perquisites/Other Personal Benefits" below.)

Bonus

As discussed in the "Compensation Discussion and Analysis" section, the Compensation Committee considers the bonuses payable to the NEOs other than the Chief Executive Officer to be discretionary bonuses.

Non-Equity Incentive Plan Compensation

As discussed in the "Compensation Discussion and Analysis" section, the Compensation Committee considers the non-equity incentive plan compensation payable annually to the NEOs to be performance-based bonuses.

Equity Incentives

Stock Units and Restricted Stock. We award stock units and restricted stock to align the NEOs with long-term stockholder value and to provide competitive pay packages that serve to attract and retain qualified executives.

In fiscal 2016, the Company awarded 10,800 stock units with performance-based and time-based criteria to NEOs, other than Mr. Kathwari, pursuant to the Stock Incentive Plan. See Note 10 to "Notes to Consolidated Financial Statements" in the Company's Annual Report on Form 10-K for the year ended June 30, 2016 for additional information about share-based compensation. The actual number of performance stock units granted to each NEO in the year ended June 30, 2016 is disclosed in the "Grants of Plan-Based Awards" table below. See "Outstanding Equity Award at Fiscal Year-End" table and the footnotes thereto.

The accounting cost of restricted stock and performance stock unit awards, for which the exercise price is zero, is calculated based on the closing price of a single share of Common Stock on the date of the award for awards with no performance or market conditions. See Note 10 to "Notes to Consolidated Financial Statements" in the Company's Annual Report on Form 10-K for the year ended June 30, 2016 for additional information about share-based compensation. The Company has registered the issuance of the previously granted shares. Dividends are not payable on previously granted shares of unvested restricted stock; however Mr. Kathwari receives dividend-equivalent payments.

The NEOs are eligible to participate in the same retirement benefit program we offer to all employees at the corporate level. Our current program is a 401(k) plan with a Company-provided match. In addition, Mr. Kathwari is entitled to retirement benefits under an agreement dated September 26, 1983. Pursuant to the terms of the agreement, the Company is required to make monthly retirement payments of a maximum of \$1,875 per month, commencing on the month in which his employment with the Company terminates, and shall be paid until the earlier to occur of (i) 120 monthly payments or (ii) the death of Mr. Kathwari. Such retirement payment is subject to cost of living adjustments. 2016 Nonqualified Deferred Compensation

The Company maintains three nonqualified deferred compensation plans for Mr. Kathwari. (1) The dividend book account holds dividends and accrued interest payable from a restricted stock book account established pursuant to his previous employment agreements. As of each dividend record date for the Common Stock occurring on or after the date of any grant made pursuant to his previous employment agreements, of shares of restricted stock, but prior to the date such shares became vested or forfeited, an account established by the Company for

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

the benefit of Mr. Kathwari was credited with an amount equal to the dividends which would have otherwise been paid with respect to the shares. Amounts credited to the account are credited with interest at the rate of 5% per year until distribution. Mr. Kathwari is fully vested in all amounts credited to the account, which will be distributed to him in cash as soon as practicable after the termination of his employment. (2) The Stock Unit account holds 126,000 stock units issued in connection with Mr. Kathwari's 1997 employment agreement and for which payment has been deferred until termination of employment. Dividends are paid in cash to Mr. Kathwari on these stock units. (3) The retirement contract account entitles Mr. Kathwari to benefits under an agreement dated September 26, 1983 pursuant to which, the Company is required to make monthly retirement payments of a maximum of \$1,875 per month, commencing on the month in which his employment with the Company terminates, and shall be paid until the earlier to occur of (i) 120 monthly payments or (ii) the death of Mr. Kathwari. Such retirement payment is subject to cost of living adjustments. In the event Mr. Kathwari shall die before receiving all retirement payments Mr. Kathwari's widow shall be entitled to reduced retirement payments equal to one-half of the retirement payment amount until the earlier to occur of (a) her death or (b) the cumulative payment of 120 monthly payments to Mr. Kathwari and/or his widow.

None of the registrant contributions and aggregate earnings during fiscal 2016 are included in the executive compensation table. The dividend book account earned dividends on unvested restricted stock, and 5% interest. The retirement contract change in value was excluded from the executive compensation table because it was negative. The Stock Unit account paid quarterly cash dividends on the stock units held in the account.

The aggregate amount previously reported as compensation to Mr. Kathwari in the Summary Compensation Table for all previous years was \$1,520,245.

The deferred account balances are distributed in full upon separation of employment, except for retirement contract payments, which would be paid over 120 months.

The Ethan Allen Retirement Savings Plan

The Company maintains the Ethan Allen Retirement Savings Plan, which is effective as of July 1, 1994 (the "Retirement Plan"). The Retirement Plan covers all employees, including the NEOs, who have completed at least three months of service.

The 401(k) portion of the Retirement Plan allows participants to defer up to 100% of their compensation, subject to certain statutory limitations. In fiscal 2015, the Company made matching contributions with a maximum contribution of \$1,300 per participant. Matching contributions were made dollar for dollar on the first \$500 of a participant's before tax contribution and \$0.50 on the next \$1,600 of a participant's before tax contributions. Participant contributions and employer matching contributions are immediately and fully vested. The Retirement Plan also allows for a profit sharing contribution made by the Company to be distributed to participants. The Company made a \$400,000 profit sharing contribution to the Retirement Plan in fiscal 2016.

Investment options currently offered under the Retirement Plan include the Company's Common Stock. Participants direct the investment of their accounts under the Retirement Plan and may choose from some or all of the investment options designated by the Retirement Committee from time to time.

Change in Control

As of the end of fiscal year 2016 we maintained a change in control provision with the Chief Executive Officer as set forth in the 2015 Employment Agreement. We also have change in control provisions with all our NEOs as set forth in restricted stock and stock option agreements. The specific rights of Mr. Kathwari if his employment is terminated by the Company within two years following certain changes in control are described under "2015 Employment Agreement" above. Other officers, as determined by the Compensation Committee, including the NEOs other than Mr. Kathwari, participate in the Change in Control Severance Plan.

Potential payments under the plans and agreements are reflected in the table that follows under Potential Payments upon Termination or Change in Control. The treatment of benefits under each plan or agreement on termination or change in control is detailed in the footnotes to the table.

Potential Payments upon Termination or Change in Control

The amount of compensation which would have been payable to the NEOs upon termination of employment, assuming a June 30, 2016 termination date, and for purposes of the last column, a change in control as of the same date, is listed in the following table. A termination of employment is a requirement for the acceleration of stock option grants and restricted stock awards upon a change in control. Under the 2015 Stock Incentive Plan the compensation committee, may, in its discretion, notwithstanding the grant or award agreement, upon termination without cause, fully vest any and all Ethan Allen common stock awarded pursuant to a restricted stock award or stock option grant, unless the award was granted to a "covered employee" (as defined in the applicable Treasury Regulations) and the award was designed to meet the exception for performance-based compensation under Section 162(m) of the Code. The chief financial officer, Mr. Whitely, is not included as a "covered employee" under the applicable Treasury Regulations. Mr. Kathwari's restricted stock awards are governed by his employment agreement and no assumption is made regarding compensation committee action fully vesting those awards. The amount shown assumes the compensation committee fully vested any and all time-based restricted stock awards and stock option grants and Mr. Whitely's performance-based restricted stock grants under the 2015 Stock Incentive Plan.

If Mr. Kathwari's employment is terminated for any reason, including death, disability or change in control, the value of nonqualified deferred compensation plan accounts would be become immediately payable in accordance with the term of those agreements. See "Nonqualified Deferred Compensation" table for more information on those plans.

Equity awards that were fully vested by their terms as of June 30, 2016 are not included in the table above. (7)

The Change in Control Severance Plan for officers of the Company other than Mr. Kathwari provides for a lump sum payment equivalent to 12 months' salary in the event of a change in control.

(8)

The Change in Control Severance Plan for officers of the Company other than Mr. Kathwari provides for a lump sum payment equivalent to the average of the last three fiscal years bonus in the event of a change in control.

(9)

Equity awards that were fully vested by their terms as of June 30, 2016 are not included in the table above. For information on any outstanding stock option and stock unit awards, including those that are fully vested and unexercised as of June 30, 2016, see the "Outstanding Equity Awards at Fiscal Year-End" table. Amounts reflect the excess of the exercise price of the option and the closing market price of \$33.04 as of June 30, 2016, over the exercise price, which reflects the value that would have been recognized upon immediate vesting upon termination without cause or for good reason, death or disability, or due to a change in control.

(10)

Amounts reflect termination by Company without cause, or resignation by executive with good reason, in connection with a Change in Control.

For purposes of better understanding the foregoing, certain terms are summarized below:

Generally, a "change in control" means (i) any liquidation or the sale of substantially all of the assets of the Company and Ethan Allen Global, Inc. taken as a whole, or (ii) any merger, or (iii) any person becoming a beneficial owner of more than 50% of the then-outstanding voting stock of the Company or Ethan Allen Global, Inc.; or (iv) the Company's incumbent directors cease to constitute at least a majority of the Board of directors of the Company, except in connection with the

Table of Contents

election or nomination of directors approved by a vote of at least a majority of the directors then comprising the incumbent board of directors of the Company.

Generally with respect to Mr. Kathwari, "Good Reason" means and shall be deemed to exist if, without Mr. Kathwari's consent: (a) he is assigned any duties or responsibilities materially inconsistent with his titles or positions; (b) his duties, responsibilities or effective authority is reduced; (c) he is not appointed to, or is removed from, his offices or positions (including as a director and Chairman of the Board of Directors and of Ethan Allen Global, Inc.; (d) the Company breaches any material term or provision of the 2015 Employment Agreement or fails to have the agreement assumed by a successor; (e) his compensation is decreased; (f) his office location is changed more than 50 miles from its location in Danbury, Connecticut; (g) the Company attempts to terminate his employment for cause when cause does not exist; or (h) a change in control occurs (under certain conditions).

(2)

As of June 30, 2016, we did not maintain any equity compensation plans that have not been approved by our stockholders.

Compensation and Risk

Our Compensation Committee regularly conducts risk assessments to determine the extent, if any, to which our compensation practices and programs may create incentives for excessive risk taking. Based on these reviews, we believe that for the substantial majority of our employees the incentive for risk taking is low, because their compensation consists largely of fixed cash salary and a cash bonus that has a capped payout. Furthermore, the majority of these employees do not have the authority to take action on our behalf that could expose us to significant business risks.

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

In 2015, as part of its assessment, the Compensation Committee reviewed the cash and equity incentive programs for senior executives and concluded that certain aspects of the programs actually reduce the likelihood of excessive risk taking. These aspects include the use of long-term equity awards to create incentives for senior executives to work for long-term growth of the Company, including limited claw-back provisions limiting the incentive to take excessive risk for short-term gains, imposing caps on cash bonuses, requiring compliance with our Code of Business Conduct and Ethics and giving the Compensation Committee the power to reduce discretionary bonuses.

For these reasons, we do not believe that our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on us.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibility relating to the Company's financial statements and the financial reporting process, the system of internal accounting and financial controls, the internal audit function, and the annual independent audit of the Company's financial statements. However, management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. The Company's independent registered public accounting firm, KPMG, has the primary responsibility to independently audit the Company's financial statements and its internal controls in accordance with the auditing standards of the Public Company Accounting Oversight Board. The duties of the Audit Committee include, but are not limited to:

The Board of Directors has determined that all Audit Committee members, as required by SEC regulations and NYSE rules, are financially literate with accounting or related finance management expertise, as interpreted by the Board of Directors. The Board of Directors has determined that each member of the Audit Committee is an "audit committee financial expert" as defined under Item 407(d)(5)(ii) of SEC Regulation S-K and independent as contemplated by Rule 10A-3 of the Exchange Act.

In fulfilling its oversight responsibilities, the Audit Committee reviewed, with management and KPMG, the audited financial statements contained within the Annual Report on Form 10-K, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures contained in those financial statements. In addition, in compliance with the Sarbanes-Oxley Act of 2002, the Audit Committee reviewed with management and KPMG, the Company's independent registered public accounting firm, the results of management's assessment of the effectiveness of the Company's system of internal control over financial reporting as of June 30, 2016 and KPMG's audit of internal control over financial reporting as of June 30, 2016.

The Audit Committee reviewed with KPMG, who is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, their judgment(s) as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also reviewed such other matters as are required to be discussed under applicable auditing standards of the Public Company Accounting Oversight Board (United States) (the "PCAOB"). The Audit Committee has received and reviewed with KPMG the written disclosures and letter regarding their independence required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee also discussed with KPMG their independence from management and the Company, and considered whether the non-audit services provided by KPMG to the Company are compatible with maintaining KPMG's independence.

The Company also has an internal audit department that reports to the Audit Committee. The Audit Committee reviews and approves the internal audit plan once a year and receives updates of internal audit results throughout the year. The Audit Committee discussed with the Company's internal auditors and KPMG the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and KPMG to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Section 9.2 General.

For purposes of this Section 9 and Section 10, the term "**Proposing Person**" shall mean the following persons: (i) the stockholder of record providing the Shareholder Notice or Notice of Business, and (ii) the beneficial owner(s), if different, on whose behalf the Shareholder Notice or Notice of Business is being made.

For purposes of this Section 9 and Section 10, the term "**Synthetic Equity Interest**" shall mean any transaction, agreement or arrangement (or series of transactions, agreements or arrangements), including, without limitation, any derivative, swap, hedge, repurchase or so-called "stock borrowing" agreement or arrangement, the purpose or effect of which is to, directly or indirectly, (i) give a person or entity economic benefit and/or risk similar to ownership of shares of any class or series of capital stock of the Corporation, in whole or in part, including due to the fact that such transaction, agreement or arrangement provides, directly or indirectly, the opportunity to profit or avoid a loss from any increase or decrease in the value of any shares of any class or series of capital stock of the Corporation, (ii) mitigate loss to, reduce the economic risk of or manage the risk of share price changes for, any person or entity with respect to any share of any class or series of capital stock of the Corporation, (iii) otherwise provide in any manner the opportunity to profit or avoid a loss from any decrease in the value of any shares of any class or series of capital stock of the Corporation, or (iv) increase or decrease the voting power of any person or entity with respect to any shares of any class or series of capital stock of the Corporation.

For purposes of this Section 9 and Section 10 of this Article the term "Public Announcement" shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Exchange Act.

Notwithstanding anything in this Section 9 to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Corporation is increased and no Public Announcement is made naming all of the nominees for directors or specifying the size of the increased Board of Directors made by the Corporation at least ten (10) business days before the last day a stockholder may deliver such Shareholder Notice, such Shareholder Notice also shall be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be received by the Secretary not later than the close of business on the tenth (10th) day following the day on which such Public Announcement is first made by the Corporation.

No person shall be eligible for election as a director of the ~~Company~~ Corporation unless nominated in accordance with the procedures set forth in this Section 9. If the ~~Chairman~~ chairman of the meeting determines that a nomination was not made in accordance with the foregoing procedures, the ~~Chairman~~ chairman of the meeting shall declare to the annual meeting that the nomination was defective and such defective nomination shall be disregarded.

Except as otherwise provided for in these By-Laws or required by law, nothing in this Section 9 shall obligate the Corporation to include in any proxy statement or other stockholder communication distributed on behalf of the Corporation or the Board of Directors information with respect to any nominee for director.

This Section 9 will not be applicable to the election of directors by the holders of Preferred Stock, if any, of the Corporation, voting separately as a single class of stock, if and as provided in the Certificate of Incorporation (including any Certificate of Designation for any class or series of Preferred Stock).

Section 9.3 Proxy Access

(a) Whenever the Board of Directors solicits proxies with respect to the election of Directors at an annual meeting of stockholders, subject to the provisions of this Section 9.3, the Corporation shall include in its proxy statement for such annual meeting, (i) as a nominee, in addition to any persons nominated for election by the Board of Directors or any committee thereof, any person nominated for election (the "Stockholder Nominee") to the Board of Directors by a stockholder, or group of not more than twenty (20) stockholders, that satisfies the requirements of this Section 9.3 (the "Eligible Stockholder") and that timely submits the notice required by this Section 9.3 (the "Notice of Proxy Access Nomination") requesting to have its nominee included in the Corporation's proxy materials for such annual meeting pursuant to this Section 9.3 and (ii) the Required Information (defined below) concerning such person. No person or entity may be a member of more than one group of stockholders constituting an Eligible Stockholder with respect to any annual meeting. For purposes of this Section 9.3, the "Required Information" that the Corporation will include in its proxy statement is the information provided to the Secretary of the Corporation by the Eligible Stockholder concerning the Stockholder Nominee and the Eligible Stockholder that is required to be disclosed in the Corporation's proxy statement by the rules and regulations promulgated under the Exchange Act, and if the Eligible Stockholder so elects, a written statement, not to exceed 500 words, in support of the Stockholder Nominee's candidacy (the "Statement"). Notwithstanding anything to the contrary contained in this Section 9.3, the Corporation may omit from its proxy materials any information or Statement (or portion thereof) that it, in good faith, believes would violate any applicable law or regulation.

(b) To be timely, the Notice of Proxy Access Nomination must be delivered to, or mailed to and received by, the Secretary of the Corporation not less than one hundred twenty (120) days nor more than one hundred fifty (150) days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, notice by the stockholder in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the annual meeting was mailed or such Public Announcement of the date of the annual meeting was made, whichever first occurs.

(c) The maximum number of Stockholder Nominees nominated by all Eligible Stockholders that will be included in the Corporation's proxy materials with respect to an annual meeting of stockholders (the "Nominee Limit") shall not exceed twenty percent (20%) of the total number of Directors in office as of the last day on which a Notice of Proxy Access Nomination may be delivered pursuant to and in accordance with this Section 9.3 (the "Final Proxy Access Nomination Date") or if such amount is not a whole number, the closest whole number below twenty percent (20%), but not less than two (2). In the event that one or more vacancies for any reason occurs on the Board of Directors after the Final Proxy Access Nomination Date but before the date of the annual meeting and the Board of Directors resolves to reduce the size of the board in connection therewith, the Nominee Limit shall be calculated based on the number of Directors in office as so reduced. Any individual nominated by an Eligible Stockholder for inclusion in the Corporation's proxy materials pursuant to this Section 9.3 whom the Board of Directors decides to nominate as a nominee of the Board of Directors shall further reduce the Nominee Limit. Any Eligible Stockholder submitting more than one Stockholder Nominee for inclusion in the Corporation's proxy materials pursuant to this Section 9.3 shall rank such Stockholder Nominees based on the order that the Eligible Stockholder desires such Stockholder Nominees to be selected for inclusion in the Corporation's proxy statement in the event that the total number of Stockholder Nominees submitted by the Eligible Stockholders pursuant

to this Section 9.3 exceeds the maximum number of nominees provided for in this Section 9.3. In the event that the number of Stockholder Nominees submitted by Eligible Stockholders pursuant to this Section 9.3 exceeds the maximum number of nominees provided for in this Section 9.3, the highest ranking Stockholder Nominee who meets the requirements

B-4

of this Section 9.3 from each Eligible Stockholder will be selected for inclusion in the Corporation's proxy materials until the maximum number is reached, going in order of the number (largest to smallest) of shares of common stock of the Corporation each Eligible Stockholder disclosed as owned in its respective Notice of Proxy Access Nomination submitted to the Corporation. If the maximum number is not reached after the highest ranking Stockholder Nominee who meets the requirements of this Section 9.3 from each Eligible Stockholder has been selected, this process will continue with the next highest ranked nominees as many times as necessary, following the same order each time, until the maximum number is reached. Notwithstanding anything to the contrary contained in this Section 9.3, if the Corporation receives a Shareholder Notice pursuant to this Section 9 that a stockholder intends to nominate for election at such annual meeting a number of Proposed Nominees greater than or equal to a majority of the total number of Directors to be elected at such meeting, no Stockholder Nominees will be included in the Corporation's proxy materials with respect to such annual meeting pursuant to this Section 9.3.

(d) If the Stockholder Nominee or an Eligible Stockholder fails to continue to meet the requirements of this Section 9.3 or if a Stockholder Nominee withdraws, dies, becomes disabled or is otherwise disqualified from being nominated for election or serving as a Director prior to the annual meeting: (1) the Corporation may, to the extent feasible, remove the name of the Stockholder Nominee and the Statement from its proxy statement, remove the name of the Stockholder Nominee from its form of proxy and/or otherwise communicate to its stockholders that the Stockholder Nominee will not be eligible for nomination at the annual meeting; and (2) the Eligible Stockholder may not name another Stockholder Nominee or, subsequent to the last day on which a Stockholder's Notice of Proxy Access Nomination would be timely, otherwise cure in any way any defect preventing the nomination of the Stockholder Nominee identified in the Notice of Proxy Access Nomination provided pursuant to this Section 9.3.

(e) For purposes of this Section 9.3, an Eligible Stockholder shall be deemed to "own" only those outstanding shares of common stock of the Corporation as to which the stockholder possesses both (i) the full voting and investment rights pertaining to the shares and (ii) the full economic interest in (including the opportunity for profit from and risk of loss on) such shares; provided that the number of shares is calculated in accordance with clauses (i) and (ii) shall not include any shares (x) sold by such stockholder or any of its affiliates in any transaction that has not been settled or closed, (y) borrowed by such stockholder or any of its affiliates for any purposes or purchased by such stockholder or any of its affiliates pursuant to an agreement to resell or (z) subject to any option, warrant, forward contract, swap, contract of sale, other derivative or similar agreement entered into by such stockholder or any of its affiliates, whether any such instrument or agreement is to be settled with shares or with cash based on the notional amount or value of shares of common stock of the Corporation, in any such case which instrument or agreement has, or is intended to have, the purpose or effect of (1) reducing in any manner, to any extent or at any time in the future, such stockholder's or its affiliate's full right to vote or direct the voting of any such shares, and/or (2) hedging, offsetting or altering to any degree any gain or loss realized or realizable from maintaining the full economic ownership of such shares by such stockholder or affiliate. A stockholder shall "own" shares held in the name of a nominee or other intermediary so long as the stockholder retains the right to instruct how the shares are voted with respect to the election of Directors and possesses the full economic and interest in the shares. A stockholder's ownership of shares shall be deemed to continue during any period in which the stockholder has delegated any voting power by means of a proxy, power of attorney or other instrument or arrangement which is revocable at any time by the stockholder. A stockholder's ownership of shares shall be deemed to continue during any period in which the stockholder has loaned such shares provided that the stockholder has the power to recall such loaned shares on three (3) business days' notice and has recalled such loaned shares as of the date the Notice of Proxy Access Nomination is delivered to, or mailed to and received by, the Secretary of the Corporation in accordance with this Section 9.3 and holds such shares through the date of the annual meeting. The terms "owned," "owning" and other variations of the word "own" shall have correlative meanings. Whether outstanding shares of common stock of the Corporation are "owned" for these purposes shall be determined by the Board of Directors or any committee thereof, which determination shall be conclusive and binding. For purposes of this Section 9.3, the term "affiliate" or "affiliates" shall have the meaning ascribed thereto in Rule 12b-2 promulgated under the Exchange Act.

(f) In order to make a nomination pursuant to this Section 9.3, an Eligible Stockholder must have owned (as defined above) the Required Ownership Percentage (as defined below) of the Corporation's outstanding capital stock (the "Required Shares") continuously for the Minimum Holding Period (as defined below) as of both the date the Notice of Proxy Access Nomination is delivered to, or mailed to and received by, the Secretary of the Corporation in accordance with this Section 9.3 and the record date for determining the stockholders entitled to vote at the annual meeting and must continue to own the Required Shares through the meeting date. For purposes of this Section 9.3, the "Required Ownership Percentage" is three percent (3%) or more, and the "Minimum Holding Period" is three (3) years. For the avoidance of doubt, if a group of shareholder aggregates ownership of shares to satisfy the Required Ownership Percentage, all shares held by each stockholder constituting their contribution to satisfy the Required Ownership Percentage must be held by that stockholder continuously for at least three (3) years. A group of two or more funds that are (A) under common management and investment control, or (B) publicly offered and part of the same family of funds (as defined herein), or (C) under common management and funded primarily by a single employer shall be treated as one stockholder or person to satisfy the Required Ownership Percentage. The term "family of funds" shall mean two or more investment companies or funds (whether organized in the U.S. or outside the U.S.) that hold themselves out to investors as related companies for purposes of investment and investor services.

(g) Within the time period specified in this Section 9.3 for delivering the Notice of Proxy Access Nomination, an Eligible Stockholder must provide the following in writing to the Secretary of the Corporation: (i) one or more written statements from the record holder of the shares owned by the Eligible Stockholder (and from each intermediary through which the shares are or have been held during the Minimum Holding Period) verifying that, as of a date within seven calendar days prior to the date the Notice of Proxy Access

(ii) a copy of the Schedule 14N that has been filed with the Securities and Exchange Commission as required by Rule 14a-18 under the Exchange Act; (iii) the information, representations and agreements that are the same as those that would be required to be set forth in a Shareholder Notice pursuant to Section 9.1; (v) a representation and agreement of the Eligible Stockholder that the Eligible Stockholder (including each member of any group of stockholders that together is an Eligible Stockholder hereunder) (A) acquired the Required Shares in the ordinary course of business and not with the intent to change or influence control of the Corporation, and does not presently have such intent, (B) presently intends to maintain qualifying ownership of the Required Shares through the date of the annual meeting, (C) has not engaged and will not engage in any, and has not and will not be a "participant" in another person's, "solicitation" within the meaning of Rule 14a-1(l) under the Exchange Act in support of the election of any individual as a Director at the annual meeting other than its Stockholder Nominee(s) or a nominee of the Board of Directors, (D) agrees not to distribute to any stockholder any form of proxy for the annual meeting other than the form distributed by the Corporation, (E) agrees to comply with all applicable laws and regulations applicable to the use, if any, of soliciting material and to file any such soliciting material with the Securities and Exchange Commission regardless of whether such filing is required under Regulation 14A under the Exchange Act, and (F) will provide facts and other information in all communications with the Corporation and its stockholders that are or will be true and correct in all material respects and do not and will not omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading; (vii) a written consent to provide any information that the Board of Directors reasonably requests to determine that the Stockholder Nominee (A) would qualify as "independent" for the purposes of the audit committee membership under the listing standards of each principal U.S. exchange upon which the common stock of the Corporation is listed, any applicable rules of the Securities and Exchange Commission and any publicly disclosed standards used by the Board of Directors in determining and disclosing independence of Directors, (B) is a "non-employee director" for the purposes of Rule 16b-3 under the Exchange Act (or any successor rule), (C) is an "outside director" for the purposes of Section 162(m) of the Internal Revenue Code (or any successor provision) and (D) is not and has not been subject to any event specified in Item 401(f) of Regulation S-K (or any successor rule), without reference to whether the event is material to an evaluation of the ability or integrity of the Stockholder Nominee or whether the event occurred in the ten-year time period referenced in such Item; (viii) a written consent to provide, at the reasonable request of the Board of Directors, any details of the position of the Stockholder Nominee as an officer or director of any competitor (that is, any entity that produces products or provides services that compete with or are alternatives to the products produced or services provided by the Corporation or its affiliates) of the Corporation, within the three (3) years preceding the submission of the Nomination Notice information; (ix) an undertaking that the Eligible Stockholder agrees to (A) assume all liability stemming from any legal or regulatory violation arising out of the Eligible Stockholder's communications with the stockholders or out of the information that the Eligible Stockholder provided to the Corporation and (B) indemnify and hold harmless (jointly with all other group members, in the case of a group member) the Corporation and each of its Directors, officers and employees individually against any and all liabilities, losses, damages, expenses or other costs (including attorneys' fees) incurred in connection with any threatened or pending action, suit or proceeding, whether legal, administrative or investigative, against the Corporation or any of its Directors, officers or employees arising out of any nomination, solicitation or other activity by the Eligible Stockholder in connection with its efforts to elect the Stockholder Nominee pursuant to this Section 9.3; and (x) in the case of a nomination by a group of stockholders, the designation by all group members of one group member that is authorized to act on behalf of all group members with respect to matters relating to the nomination, including withdrawal of the nomination.

(h) Within the time period specified in this Section 9.3 for delivering the Notice of Proxy Access Nomination, each Eligible Stockholder and Stockholder Nominee must deliver or cause to be delivered to the Secretary of the Corporation:

(i) a written representation and agreement of the Stockholder Nominee that such person (A) consents to being named in the proxy statement as a nominee and to serving as a Director if elected, (B) understands his or her duties as a Director under the DGCL and agrees to act in accordance with those duties while serving as a Director, (C) is not or will not become a party to any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such nominee, if elected as a Director, will act or vote as a Director on any issue or question to be decided by the Board of Directors, (D) if elected as a Director, will comply with all applicable laws and stock exchange listing standards and the Corporation's policies and guidelines applicable to Directors, and (E) will provide facts and other information in all communications with the Corporation and its stockholders that are or will be true and correct in all material respects and do not and will not omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading;

(ii) with respect to each Stockholder Nominee, all completed and signed questionnaires required of Directors, and such additional information as the Corporation may determine necessary to permit the Board of Directors to make the determinations set forth in subparagraph (g)(vii) and (viii) of this Section 9.3; and

(iii) with respect to each Stockholder Nominee who consents to stand for election, an irrevocable resignation of such Stockholder Nominee in advance of the meeting for the election of Directors, providing that such resignation shall become effective upon a determination by the Board of Directors or any committee thereof that (A) the information provided to the Corporation by such individual pursuant to this Section 9.3 was untrue in any material respect or omitted to state a

material fact

necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading or (B) such individual, or the Eligible Stockholder who nominated such individual, failed to comply with any obligation owed to or breached any representation made under or pursuant to these By-Laws.

(i) In the event that any information or communication provided by the Eligible Stockholder or the Stockholder Nominee to the Corporation or its stockholders ceases to be true and correct in any material respect or omits a material fact necessary to make the statements made, in light of the circumstances under which they were made, not misleading, such Eligible Stockholder or Stockholder Nominee, as the case may be, shall promptly notify the Secretary of the Corporation of such defect in such previously provided information or communication and of the information that is required to correct any such defect.

(j) The Corporation shall not be required to include, pursuant to this Section 9.3, a Stockholder Nominee in its proxy materials for any meeting of stockholders (i) for which the Secretary of the Corporation receives a Shareholder Notice that a stockholder has nominated such Stockholder Nominee for election to the Board of Directors pursuant to the advance notice requirements for Proposed Nominees set forth in Section 9.1 and Section 9.2, (ii) who is not independent for the purposes of the audit committee under the listing standards of each principal U.S. exchange upon which the common stock of the Corporation is listed, any applicable rules of the Securities and Exchange Commission and any publicly disclosed standards used by the Board of Directors in determining and disclosing independence of Directors, in each case as determined by the Board of Directors, (iv) who is not a "non-employee director" for the purposes of Rule 16b-3 under the Exchange Act (or any successor rule), (v) who is not an "outside director" for the purposes of Section 162(m) of the Internal Revenue Code (or any successor provision), (vi) whose election as a member of the Board of Directors would cause the Corporation to be in violation of these By-Laws, the Corporation's Certificate of Incorporation, the rules and listing standards of any exchange upon which the common stock of the Corporation is listed, or any applicable state or federal law, rule or regulation, (vii) who is or has been, within the past three (3) years, an officer or director of any competitor (that is, any entity that produces products or provides services that compete with or are alternatives to the products produced or services provided by the Corporation or its affiliates) of the Corporation, (viii) who is a named subject of a pending criminal proceeding (excluding traffic violations and other minor offenses) or has been convicted in such a criminal proceeding within the past ten (10) years or (ix) if such Stockholder Nominee or the Eligible Stockholder (or any member of any group of stockholders that together is such Eligible Stockholder) nominating such Stockholder Nominee fails to comply with any of its obligations or breaches any of its representations made under or pursuant to these By-Laws.

(k) Notwithstanding anything to the contrary set forth herein, the Corporation may omit from its proxy statement, or may supplement or correct, any information, including all or any portion of the statement in support of the Stockholder Nominee included in the Notice of Proxy Access Nomination, if the Board of Directors in good faith determines that (i) such information is not true in all material respects or omits a material statement necessary to make the statements made not misleading; (ii) such information directly or indirectly impugns character, integrity or personal reputation of, or directly or indirectly makes charges concerning improper, illegal or immoral conduct or associations, without factual foundation, with respect to, any person; or (iii) the inclusion of such information in the proxy statement would otherwise violate the applicable rules of the Securities and Exchange Commission or any other applicable law, rule or regulation.

(l) Notwithstanding anything to the contrary set forth herein, the Board of Directors or the chairman of the meeting of stockholders shall declare a nomination of a Stockholder Nominee by an Eligible Stockholder to be invalid, and such nomination shall be disregarded notwithstanding that proxies in respect of the vote of stockholders of such annual meeting may have been received by the Corporation, if (i) the Stockholder Nominee and/or the nominating Eligible Stockholder (or any member of any group of stockholders that together is such Eligible Stockholder) shall have failed to comply with any of its or their obligations or breached any of its or their representations under or pursuant to these By-Laws, as determined by the Board of Directors or the chairman of the meeting or (ii) the nominating Eligible Stockholder (or a qualified representative thereof) does not appear at the meeting of stockholders to present the nomination of such Stockholder Nominee pursuant to this Section 9.3.

(m) Any Stockholder Nominee who is included in the Corporation's proxy materials for a particular annual meeting of stockholders but either (i) withdraws from or becomes ineligible or unavailable for election at such annual meeting, or (ii) does not receive votes cast in favor of such Stockholder Nominee's election equal to at least 25% of the number of shares voted in such election, will be ineligible to be a Stockholder Nominee pursuant to this Section 9.3 for the next two (2) annual meetings. For the avoidance of doubt, this Section 9.3 shall not prevent any stockholder from nominating any person to the Board of Directors pursuant to and in accordance with Section 9.1.

power of the Corporation and do all such lawful acts and thing as are not by applicable law or the Certificate of Incorporation or these By-Laws directed or required to be exercised or done by the Stockholders.

Section 2. *Election of Directors.*

Each director shall be elected by the vote of a majority of the votes cast with respect to the director at an annual meeting for the election of directors at which a quorum is present; provided, however, that in the case of a contested election, the directors shall be elected by the vote of a plurality of the stock present in person or represented by proxy at any such meeting and entitled to vote on the election of directors. For purposes of this Section 2, a majority of the votes cast means, with respect to each director, the number of shares voted "for" a director exceeds the number of votes cast "against" that director's election (with "abstentions" and "broker nonvotes" not counted as a vote cast either "for" or "against" that director's election). For purposes of this Section 2, a "contested election" shall mean an election of directors where (i) the Secretary of the Corporation receives proper notice under Section 9.1 of Article II that a stockholder intends to make a nomination at such meeting, (ii) the number of nominated individuals including the Proposed Nominees (as defined in Section 9.2 of Article II) nominee(s) would exceed the number of directors to be elected, and (iii) the notice has not been withdrawn by the tenth (10th) day following the day on which the Corporation first mails notice of the meeting for such election or the day when a Public Announcement (as defined in Section 9.2 of Article II) thereof was made.

The Board of Directors shall not nominate for election as director any nominee who has not agreed to offer, promptly following the annual meeting at which he or she is elected as director, an irrevocable resignation that will be effective upon (a) the failure to receive the required number of votes for reelection at the next annual meeting of stockholders at which he or she faces reelection, and (b) acceptance of such offer to resign by the Board of Directors. In addition, the Board of Directors shall not fill a director vacancy or newly created directorship with any candidate who has not agreed to offer, promptly following his or her appointment to the Board of Directors, the same form of resignation.

If a nominee fails to receive the required number of votes for reelection (the "Incumbent Director"), the Board of Directors (excluding the director in question) shall, within ninety (90) days after certification of the election results, decide whether to accept the Incumbent Director's offer to resign through a process overseen by the Corporate Governance/Nominations Committee (and excluding the director in question from all Board of Directors and committee deliberations). The Board of Directors in making its determination may consider any factor it deems relevant.

Notwithstanding the foregoing, if, following an election of directors, each Director of the Corporation fails to receive the required number of votes for reelection, then, in such event, each Incumbent Director shall continue to serve until such Incumbent Director's successor is duly elected and qualified, or until such Incumbent Director's earlier resignation pursuant to Section 11 of this Article III or removal pursuant to Section 13 of this Article III.

Section 3. ~~Section 2.~~ *Quorum and manner of Acting and Organization.* Unless the Certificate of Incorporation or these By-Laws require a greater number, a majority of the total number of directors shall constitute a quorum for the transaction of business, and the affirmative vote of a majority of the directors present at meetings at which a quorum is present shall be the act of the Board of Directors. When a meeting is adjourned to another time or place (whether or not a quorum is present), notice need not be given of the adjourned meeting, the Board of Directors may transact any business which might have been transacted at the original meeting. If quorum shall not be present at any meeting of the Board of Directors, the directors present thereat may adjourn the meeting, from time to time, without notice other than announcement at the meeting, until a quorum shall be present.

Section 4. ~~Section 3.~~ *Time and place of Meetings.* The Board of Directors shall hold its meetings at such place, either within or without the State of Delaware, and at such time as may be determined from time to time by the Board of Directors (or the Chairman in the absence of a determination by the Board of Directors). The Chairman of the Board shall preside at all meetings of the Board of Directors (or in the absence of the Chairman of the Board, such member as may be designated by the Chairman of the Board).

Section 5. ~~Section 4.~~ *Annual Meeting.* The Board of Directors shall meet for the purpose of organization, the election of officers and the transaction of other business, as soon as practicable after each annual meeting of stockholders, on the same day and at the same place where such annual meeting shall be held. Notice of such meeting need not be given. In the event such annual meeting of stockholders is not so held, the annual meeting of the Board of Directors may be held at such place either within or without the State of Delaware, on such date and at such time as shall be specified in a notice thereof given as hereinafter provided in Section 7 of this Article III or in a waiver of notice thereof signed by any director who chooses to waive the requirement of notice.

Section 6. ~~Section 5.~~ *Regular Meetings.* After the place and time of regular meetings of the Board of Directors shall have been determined and notice thereof shall have been once given to each member of the Board of Directors, regular meetings may be held without further notice being given.

Section 7. ~~Section 6.~~ *Special Meetings.* Special meetings of the Board of Directors may be called by the Chairman of the Board or the President and shall be called by the Chairman of the Board, Chief Executive Officer or Secretary on the written request of any four of the

INDEMNIFICATION

Section 1. *Power to Indemnify in Actions, Suits or Proceedings other Than Those by or in the Right of the Corporation.* Subject to Section 3 of this Article V, the Corporation shall indemnify, to the fullest extent permitted by applicable law, now or hereafter in effect, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that he is or was a director or officer of the Corporation, or is or was a director or officer of the Corporation serving at the request of the Corporation as a director or officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of *nola contendere* or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Section 2. *Power to Indemnity in Actions, Suit or Proceedings by or in the Right of the Corporation.* Subject to Section 3 of this Article V, the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was director or officer of Corporation, or is or was a director or officer of the Corporation serving at the employee or agent of another corporation, partnership joint venture trust, employee benefit plan or other enterprise against expenses (including attorneys' fees) actually reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation; except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have adjudged to be liable to the Corporation unless and only to the extent that the Court of Chancery or the court in which

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

B-12

Edgar Filing: ETHAN ALLEN INTERIORS INC - Form DEF 14A

Section 3. *Authorization of Indemnification.* Any indemnification under this Article V (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the director or officer is proper in the circumstances because he has met the applicable standard of conduct set forth in Section 1 or section 2 of this Article V, as the case may be. Such determination shall be made (i) by the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (ii) if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (iii) by the stockholders. To the extent, however, that a director or officer of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding described above, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith, without the necessity of authorization in the specific case.

Section 4. *Good Faith Defined.* For purposes of any determination under Section 3 of this Article V, a person shall be deemed to have acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, or, with respect to any criminal action or proceeding, to have had no reasonable cause to believe his conduct was unlawful, if his action is based on the records or books of account of the Corporation or another enterprise, or on information supplied to him by the officers of the Corporation or another enterprise in the course of their duties, or on the advice of legal counsel for the Corporation or another enterprise or on information or records given or reports made to the Corporation or another enterprise by an independent certified public accountant or by an appraiser or other expert selected with reasonable care by the Corporation or another enterprise. The term "another enterprise" as used in this Section 4 shall mean any other corporation or any partnership, joint venture, trust, employee benefit plan or other enterprise of which such person is or was serving at the request of the Corporation as a director, officer, employee or agent. The provisions of this Section 4 shall not be deemed to be exclusive or to limit in any way the circumstances in which a person may be deemed to have met the applicable standard of conduct set forth in Sections 1 or 2 of this Article V, as the case may be.

Section 5. *Indemnification by a Court.* Notwithstanding any contrary determination in the specific case under Section 3 of this Article V, and notwithstanding the absence of any determination thereunder, any director or officer may apply to any court of competent jurisdiction in the State of Delaware for indemnification to the extent otherwise permissible under Sections 1 and 2 of this Article V. The basis of such indemnification by a court shall be a determination by such court that indemnification of the director or officer is proper in the circumstances because he has met the applicable standards of conduct set forth in Section 1 or 2 of this Article V, as the case may be. Neither a contrary determination in the specific case under Section 3 of this Article V nor the absence of any determination thereunder shall be a defense to such application or create a presumption that the director or officer seeking indemnification has not met any applicable standard of conduct. Notice of any application for indemnification pursuant to this Section 5 shall be given to the Corporation promptly upon the filing of such application. If successful, in whole or in part, the director or officer seeking indemnification shall also be entitled to be paid the expense of prosecuting such application.

Section 6. *Expenses Payable in Advance.* Expenses incurred by a director or officer in defending or investigating a threatened or pending action, suit or proceeding shall be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Corporation as authorized in this Article V.

Section 7. *Nonexclusivity of Indemnification and Advancement of Expenses.* The indemnification and advancement of expenses provided by or granted pursuant to this Article V shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any By-Law, agreement, contract, vote of stockholders or disinterested directors or pursuant to the direction (howsoever embodied) of any court of competent jurisdiction or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, it being the policy of the Corporation that indemnification of the persons specified in Sections 1 and 2 of this Article V shall be made to the fullest extent permitted by law. The provisions of this Article VIII shall not be deemed to preclude the indemnification of any person who is not specified in Sections 1 or 2 of this Article V but whom the Corporation has the power or obligation to indemnify under the provisions of the General Corporation Law of the State of Delaware, or otherwise.

Section 8. *Insurance.* The Corporation may purchase and maintain insurance on behalf of any person who is or was a director or officer of the Corporation, or is or was a director or officer of the Corporation serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Corporation would have the power or the obligation to indemnify him against such liability under the provisions of this Article V.

Section 9. *Certain Definitions.* For purposes of this Article V, references to "the Corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors or officers, so that any person who is or was a director or officer of such constituent corporation, or is or was a director or officer of such constituent corporation serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, shall stand in the same position under the provisions of this Article V with respect to the resulting or surviving corporation as he would have with respect to such constituent corporation if its separate existence had continued. For purposes of this Article V, references to "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to "serving at the request of

employee or agent of the Corporation which imposes duties on, or involves services by, such director or officer with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner he reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the Corporation" as referred to in this Article V.

Section 10. *Survival of Indemnification and Advancement of Expenses.* The indemnification and advancement of expenses provided by, or granted pursuant to, this Article V shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director or officer and shall inure to the benefit of the heirs, executors and administrators of such a person.
