of Shareholders and Proxy Statement**

Table of Contents

Dear Fellow Shareholders:

You are invited to attend the annual meeting of shareholders on Tuesday, May 16, 2017, at 9:00 a.m., Central Daylight Time, at 750 Park Street, Des Moines, Iowa.

The notice of annual meeting and proxy statement provide an outline of the business to be conducted at the meeting. We will also report on the progress of the Company and answer shareholder questions.

We encourage you to read this proxy statement and vote your shares. You do not need to attend the annual meeting to vote. You may complete, date and sign a proxy or voting instruction card and return it in the envelope provided (if these materials were received by mail) or vote by using the telephone or the Internet. Thank you for acting promptly.

Distribution of annual meeting materials

As we've done in the past, Principal is taking advantage of the Securities and Exchange Commission's rule that allows companies to provide proxy materials for the annual meeting via the Internet to registered shareholders. For each shareholder selecting to receive these materials electronically in the future, Principal and the Arbor Day Foundation will plant the same number of trees in a U.S. forest. In 2016, 1,429 trees were planted.

Sincerely,

Daniel J. Houston

Chairman, President and Chief Executive Officer

Director Qualifications, Director Tenure, Process for Identifying and Evaluating Director Candidates and Diversity of the Board

The Nominating and Governance Committee regularly assesses the expertise, skills, backgrounds, competencies and other characteristics of Directors and candidates for Board vacancies in light of the current Board makeup and the Company's strategic initiatives, risk factors, and other relevant circumstances. The Committee also assesses Directors' and candidates' personal and professional ethics, integrity, values and ability to contribute to the Board, including current employment responsibilities. The Board values experience as a current or former Chief Executive Officer ("CEO") or other senior executive in financial services, in international business and with financial management or accounting responsibilities. The following competencies are also particularly valued: strategic orientation, results orientation and comprehensive decision making, risk management and an understanding of current technology issues. The Committee periodically uses an outside consultant to assist with this responsibility, and these assessments provide direction in searches for Board candidates and in the evaluation of current Directors. The Committee reviews the performance of each Director whose term is expiring as part of the determination of whether to recommend his or her nomination for reelection to the Board. Input to this process is also received from the other Directors and an outside consultant may be engaged to assist with these reviews. Director performance and capabilities are evaluated against the characteristics and considerations noted above. Following the Committee's discussion, the outside consultant, if any, (or the Committee Chair) provides feedback to the Directors who were evaluated. The Board annually conducts a self-evaluation regarding its effectiveness, and the Audit, Finance, Human Resources and Nominating and Governance Committees also annually evaluate their respective committee's performance.

All Board members have:

Personal character that supports the Company's core value of integrity;

Training or experience that is useful to Principal in light of its strategy, initiatives and risk factors; and

A demonstrated willingness and ability to prepare for, attend and participate effectively in Board and Committee meetings.

Several current independent Directors have led businesses or major business divisions as CEO or President (Ms. Bernard, Mr. Dan, Mr. Ferro, Dr. Gelatt, Mr. Hochschild, Mr. Mills, Mr. Pickerell and Ms. Tallett). The following chart shows areas central to the Company's strategy, initiatives and operations for which independent Directors have specific training and executive level experience that assists them in their responsibilities.

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Table of Contents

Though the Board does not have a formal diversity policy, diversity of the Board is a valued objective. Therefore, the Nominating and Governance Committee reviews the Board's needs and diversity in terms of race, gender, national origin, backgrounds, experiences and areas of expertise when recruiting new Directors. Currently, 40% of the Company's independent Directors are women and 20% are African American.

The Board's diversity objective reflects the values of the Company as well. Principal has been recognized as one of the National Association of Female Executives' Top Companies for Executive Women 16 times and for the second year in a row, earned a perfect score on the Human Rights Campaign Foundation's 2016 Corporate Equality Index. We also were named one of the Ethisphere Institute World's Most Ethical Companies for the seventh consecutive year, Forbes' America's Best Employers, Working Mother magazine's 100 Best Companies and received the WorldatWork 2017 Seal of Distinction. The Board's effectiveness benefits from Directors who have the skills, backgrounds and qualifications needed by the Board and who also increase the Board's diversity.

Director tenure and Board refreshment are important topics that receive considerable Board focus. The Board believes that its thorough Director performance reviews and healthy Board refreshment processes better serve Principal and its stakeholders than would mandatory term limits. Strict term limits would require that Principal lose the continuing contribution of Directors who have invaluable insight into Principal and its industry, strategies and operations as a result of their experience. Nevertheless, Directors' terms must not extend past the annual meeting following their 72nd birthday. The tenure of the independent Directors is listed below. The average tenure of Principal's independent Directors is 12.9 years.

One new independent Director was added to the Board in 2016: Scott M. Mills. Mr. Mills has executive level experience in accounting and finance, asset and investment management, executive compensation, financial services, marketing, product development, strategic planning and technology. This addition was the result of a lengthy search that included consideration of numerous highly qualified candidates. The search was led by the Nominating and Governance Committee, with the assistance of a search firm. Finalist Director candidates met with Betsy J. Bernard, then Chair of the Nominating and Governance Committee, Lead Director Elizabeth Tallett, Mr. Houston and other members of senior management. We anticipate that three additional tenured Directors will be replaced over the next five years, continuing our process of regularly refreshing the talents and perspectives reflected on our Board. The tenure of the Directors, as reflected in the chart above, balances deep knowledge of the Company, its industry and relevant issues, with fresh perspectives and additional expertise, while providing the oversight and independence needed to meet the interests of our shareholders.

Communicating with stakeholders including clients, customers, employees, and investors, has always been an important part of how Principal conducts its business. Principal has had in place for some time a formal engagement process with shareholders around matters of corporate governance. This past year, we continued our engagement efforts and added to the list of investors with whom, over the last several years, the Board's Lead Director has participated in robust discussions regarding our core corporate governance policies. These discussions provide us with helpful insight into shareholders' views on current governance topics, which are then discussed with the Nominating and Governance Committee and the full Board. This continuing process regularly supplements relevant communications regarding corporate governance made through the Company's website and by the Investor Relations staff.

The Nominating and Governance Committee will consider shareholder recommendations for Director candidates sent to it c/o the Company Secretary. Director candidates nominated by shareholders are evaluated in the same manner as Director candidates identified by the Committee and search firms it retains.

Table of Contents

Proposal One Election of Directors

The Board has three classes, each having a three-year term. All of the nominees are currently Directors of Principal. We expect that all of the nominees will be able and willing to serve if elected. However, if, prior to the annual meeting of shareholders, any nominee should become unable for any reason or unwilling for good cause to serve, proxies may be voted at the 2017 Annual Meeting for another person nominated as a substitute by the Board, or the Board may reduce the number of directors.

The Board of Directors recommends that shareholders vote "For" all of the nominees for election at the Annual Meeting.

All key committees (i.e., Audit, Finance, Human Resources and Nominating and Governance Committees) are composed entirely of independent Directors;

Strong and experienced independent Lead Director;

Director resignation policy in the event that the support of a majority vote of shareholder is not achieved;

Policy regarding Directors' service on other public company boards;

Board and committee self assessments conducted annually;

Director assessment conducted in connection with Director nomination process;

Robust stock ownership guidelines for Directors;

Diverse Board membership in terms of background, experience, gender, ethnicity and tenure;

Robust shareholder engagement program to obtain valuable feedback on our compensation and governance programs;

Annual review of CEO succession plan by the independent Directors with and without the CEO present; and

Annual Board review of senior management long term and emergency succession plans.

Board Leadership Structure

The Board exercises flexibility in establishing a leadership structure that works best for Principal at any given time. Historically, the positions of Chairman of the Board and CEO have been held by two people or combined and held by one person, depending on circumstances. Currently, Daniel J. Houston is the Chairman and CEO. Since 1990, the Board has had a Lead Director because it is important that the independent Directors have a formally acknowledged leader in addition to the Chairman of the Board who leads the Board generally. The Board regularly reviews the effectiveness of this shared leadership. Whether to separate or combine the Chairman and CEO positions is based on factors such as the tenure and experience of the CEO and the broader economic and operating environment of the Company. Principal has separated the roles of Chairman of the Board and CEO during periods of management transition, with the prior Chairman retaining that position as the newly appointed CEO assumes new responsibilities. The Board prefers this flexible approach to a requirement that the positions of Chairman/CEO be combined or separate. Ms. Tallett, the Lead Director, was selected by the independent Directors. The Nominating and Governance Committee

reviews the assignments of Lead Director annually.

The Lead Director and the Chairman jointly decide on the Board's agenda for each regular quarterly meeting, and the Lead Director seeks input from the other independent Directors. The Lead Director and Chairman share the duties of presiding at each Board meeting. The Chairman presides when the Board is meeting as a full Board. The Lead Director presides when the Chairman is not present; plans and leads executive sessions of independent Directors ("Executive Sessions"); leads the Board's annual self evaluation, calls special Board meetings if the Chairman is unable to act, and leads the Board's CEO succession planning discussions. Executive Sessions generally occur at the start and end of each regularly scheduled Board meeting, and were held in conjunction with each regularly scheduled Board meeting during 2016.

Role of the Board in Risk Oversight

Risk management is an essential component of our culture and business model. Management within our business units and functional areas is primarily responsible for identifying, assessing, monitoring and managing risk exposures. The Company's Enterprise Risk Management program includes a Chief Risk Officer, whose team operates independently from the business units, and an Enterprise Risk Management Committee, composed of members from the executive management team, that provides enterprise wide oversight for material risks. The Company also has a robust internal audit function.

Table of Contents

The Board oversees management's execution and performance of its risk management responsibilities. The Board reviews strategic threats, opportunities, and risks Principal and its businesses or functions are managing. This includes oversight of risks such as credit, market, liquidity, product, operational, cybersecurity and general business risk that are handled directly by the Board or by Board Committees as discussed below:

The Audit Committee: risk and mitigation related to accounting, financial controls, legal, regulatory, ethics, compliance, operations and general business activities. The Audit Committee also oversees the framework and policies with respect to enterprise risk management.

The Finance Committee: risk and mitigation related to liquidity, credit, market, product and pricing activities. The Finance Committee also oversees capital management, capital structure and financing, investment policy, tax planning, and key risks associated with significant financial transactions. The Finance Committee also provides guidance to the Human Resources Committee on the appropriateness of Company financial goals used in annual and long-term employee incentive compensation arrangements.

The Human Resources Committee: risk and mitigation related to the design and operation of employee compensation arrangements to confirm they are consistent with business plans, do not encourage inappropriate risk taking and are appropriately designed to limit or mitigate risk. The Human Resources Committee also oversees succession planning and development for senior management.

The Nominating and Governance Committee: risks and mitigation related to the Company's environmental, sustainability and corporate social responsibilities as well as the Company's political contribution activities. The Nominating and Governance Committee also monitors whether the Board and its committees have the collective skills and experience necessary to monitor the risks facing the Principal.

The Chief Risk Officer and other members of senior management provide reports and have discussions with the Board and its committees on our risk profile and risk management activities, including reviews of ongoing adherence to policy, impacts of external events, and how strategy, initiatives, and operations integrate with our risk objectives. The Board also receives input on these issues from external entities such as our independent auditor, regulators and consultants. These activities provide the Board with a greater understanding of the material risks we face, the level of risk in matters presented for Board approval, how risks are related.

The Board views cybersecurity risk as an enterprise wide concern that involves people, processes, and technology, and accordingly treats it as a Board level matter. It embodies a persistent and dynamic threat to our entire industry and is not limited to information technology. The Board will remain focused on this critical priority by continuing to receive regular reports from the Chief Information Officer and other professionals to ensure that it is monitoring cyber threat intelligence and taking the steps necessary to implement the needed safeguards and protocols to manage the risk.

Succession Planning and Talent Development

The Board believes that succession planning for future leadership of the Company is one of its most important roles. The Board is actively involved in talent management and reviews succession at least annually. This includes a detailed discussion of our global leadership and succession plans with a focus on key positions at the levels of senior vice president and above. In addition, the Human Resources Committee regularly discusses the talent pipeline for critical roles at a variety of organizational levels. High potential leaders are given exposure and visibility to Board members through formal presentations and informal events and the Human Resources Committee also receives regular updates on key talent indicators for the overall workforce, including diversity, recruiting and development programs. In early 2017, the Company's succession plan was used when Deanna D. Strable, a long time Company executive, replaced Terrance J. Lillis as Chief Financial Officer ("CFO").

Majority Voting

In uncontested Director elections, Directors are elected by the majority of votes cast. If an incumbent Director is not elected and no successor is elected, the Director must submit a resignation to the Board, which will decide whether to accept the resignation. The Board's decision and reasons for its decision will be publicly disclosed within 90 days of certification of the election results.

Director Independence

The Board determines at least annually whether each Director is independent, using its independence standards in these determinations. These independence standards include the New York Stock Exchange requirements for

Table of Contents

independence and are on the Company's website, www.principal.com. The Board considers all commercial, banking, consulting, legal, accounting, charitable, family and other relationships (either individually or as a partner, shareholder or officer of an organization) a Director may have with the Company and its subsidiaries. The Board most recently made these determinations for each Director in February 2017, based on:

A review of relationships and transactions between Directors, their immediate family members or other organizations and the Company, its subsidiaries or executive officers;

Questionnaires completed by each Director regarding any relationships or transactions that could affect the Director's independence;

The Company's review of its purchasing, investment, charitable giving and other records; and

Recommendations of the Nominating and Governance Committee.

The Board affirmatively determined that the following Directors have no material relationship with the Company and are independent: Ms. Bernard, Ms. Carter-Miller, Mr. Dan, Mr. Ferro, Dr. Gelatt, Ms. Helton, Mr. Hochschild, Mr. Mills, Mr. Pickerell and Ms. Tallett. The Board also determined that all current members of the Audit, Finance, Human Resources and Nominating and Governance Committees are independent.

Some Directors have categorically immaterial relationships and transactions with Principal:

Ms. Bernard, Dr. Gelatt, Ms. Helton, Mr. Pickerell and Ms. Tallett are customers of the Company's subsidiaries. Prior to the Demutualization (see page 58), Directors were required to own an insurance policy or annuity contract issued by Principal Life. All insurance policies, annuity contracts and agreements for trust services held by Directors are on the same terms and conditions as those offered to the public.

The Gelatt family companies (Dr. Gelatt is the CEO) and an affiliated trust own insurance and pension products issued by Principal Life.

Ms. Bernard, Mr. Pickerell and Ms. Tallett are directors, and Messrs. Hochschild and Mills are executive officers of for profit entities with which the Company's subsidiaries conduct ordinary commercial transactions.

Certain Relationships and Related Party Transactions

Nippon Life Insurance Company ("Nippon Life"), which held approximately 6.3% of the Company's Common Stock at the end of 2016, is the parent company of Nippon Life Insurance Company of America ("NLICA"). Nippon Life, NLICA and Principal Life have had a business relationship for more than 20 years. In 2016, Nippon Life and NLICA paid the following amounts to Principal Life or its affiliates: \$285,763 for pension services for defined contribution plans maintained by NLICA and an affiliate (mostly paid by plan participants); \$1,250 for deferred compensation plan services; \$5,900,551 for investment services. Principal Global Investors (Japan) Ltd. paid Nippon Life \$88,524 for 401(k) fees and plan administration. The Company owns approximately three percent of the common stock of NLICA and Principal Life purchased public bonds with a market value at the end of 2016 of \$62,062,500 during Nippon Life's \$2 billion public issuance in October of 2012. Since May 1, 2013, NLI US Investments, Inc. ("NLI"), has owned 20% of Post Advisory Group, LLC ("Post"), an affiliate of the Company. During 2016, Post paid NLI an aggregate of \$3,929,793 in dividends. Due to the longstanding relationship between Nippon and Principal Life, Nippon employees occasionally train on-site at Principal Life or at one of its affiliates. During 2016, and Principal Life paid Nippon Life \$313,498 in salary reimbursements in connection with these situations.

During 2016, Principal Management Corporation, an affiliate of the Company ("PMC"), paid Wellington Management Company \$3,490,645 for sub-advisory services furnished to a registered investment company managed by PMC. As of the end of 2016 Wellington owned approximately 5.2% of the Company's Common Stock.

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

As of December 31, 2016, the Vanguard Group, Inc. managed funds holding in the aggregate 9.3% of the Company's Common Stock. During 2016 Principal Shareholder Services, Inc. paid Vanguard \$31,948 for sub-transfer agent services. Vanguard paid \$1,433,430 in rent for lease of space to a borrower of the Principal Life Insurance Company general account.

Dwight Soethout, Vice President Finance, is the spouse of Deanne D. Strable, Executive Vice President and Chief Financial Officer. Mr. Soethout has been an employee of the Company since 1993. In 2016, he received approximately \$358,174 in base salary and annual bonus from Principal Life. He also participates in the long-term incentive compensation plan, and his compensation is commensurate with that of his peers. His employment and compensation were approved by the Human Resources Committee.

Table of Contents

The Nominating and Governance Committee or its Chair must approve or ratify all transactions with Related Parties that are not preapproved by or exempted from the Company's Related Party Transaction Policy (the "Policy"). At each quarterly meeting, the Committee reviews transactions with Related Parties. The Committee ratifies any transaction that is subject to the Policy if it determines it is appropriate, and may attach conditions to that approval. Transactions involving employment of a relative of an executive officer or Director must be approved by the Human Resources Committee. The Company's Related Party Transaction Policy may be found at www.principal.com.

Board Meetings

The Board held 10 meetings in 2016, five of which were two day, in person meetings. Each of the Directors then in office attended more than 75% in the aggregate of the meetings of the Board and the committees of which the Director was a member. All of the Directors then on the Board attended the 2016 Annual Meeting except Gary E. Costley who left the board in May of 2016.

Corporate Code of Business Conduct and Ethics

Each Director and officer of the Company has certified they comply with Principal's Global Code of Business Conduct and Ethics, the foundation for ethical behavior across the organization. The Code is available at www.principal.com.

Board Committees

Only independent Directors may serve on the Audit, Human Resources and Nominating and Governance Committees. The Committees review their charters and performance annually. Committee charters of the Audit, Finance, Human Resources and Nominating and Governance Committees are available on the Company's website, www.principal.com.

Table of Contents**Directors' Compensation**

Directors serve on the Boards of the Company, Principal Life and Principal Financial Services, Inc. Directors who are also employees do not receive any compensation for their service as Directors. The Company provides competitive compensation to attract and retain high quality non-employee Directors. A substantial proportion of non-employee Director compensation is provided in the form of equity to help align such Directors' interests with the interests of shareholders.

The non-employee Director compensation program is reviewed annually. The Nominating and Governance Committee uses the Board's independent compensation consultant, FW Cook, to conduct an annual comprehensive review and assessment of Director compensation. The Company targets non-employee Director compensation at approximately the median of the peer group used for Executive compensation comparisons ("Peer Group") (see page 27), which aligns with its Executive compensation philosophy. As a result of FW Cook's November 2016 review and the Committee's discussion, no changes were made to the Board compensation program.

Non-Employee Directors' Deferred Compensation Plan

Non-Employee Directors may defer the receipt of their cash compensation under the Deferred Compensation Plan for Non-Employee Directors of Principal Financial Group, Inc. This Plan has four investment options:

Phantom units tied to the Company's Common Stock;

The Principal LargeCap S&P 500 Index R5 Fund;

The Principal Real Estate Securities R5 Fund; and

The Principal Core Plus Bond R5 Fund.

The returns realized on these funds during 2016 were:

Investment Option	1 Year Rate Of Return (12/31/2016)
Principal Financial Group, Inc. Employer Stock Fund	32.21%
Principal LargeCap S&P 500 Index R5 Fund	11.49%
Principal Real Estate Securities R5 Fund	5.68%
Principal Core Plus Bond R5 Fund	3.75%

Restricted Stock Unit Grants

Non-Employee Directors receive an annual grant of Restricted Stock Units ("RSUs") under the Principal Financial Group, Inc. 2014 Directors Stock Plan. RSUs are granted at the time of the annual meeting, vest at the next annual meeting and are deferred at least until the date the Director leaves the Board. At payout, the RSUs are converted to shares of Common Stock. Dividend equivalents become additional RSUs, which vest and are converted to Common Stock at the same time and to the same extent as the underlying RSU. The Nominating and Governance Committee has the discretion to make a prorated grant of RSUs to Directors who join the Board at a time other than at the annual meeting. While the 2014 Director Stock Plan (which was approved by shareholders) allows some discretion in determining the dollar value of RSUs that may annually be awarded, it imposes a maximum limit of \$230,000 (\$500,000 for an Independent Chairman) on the size of the annual award that may be made.

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Table of Contents

As of December 31, 2016, each Non-Employee Director had the following aggregate number of outstanding RSUs, including additional RSUs received as the result of dividend equivalents:

Director Name	Total RSUs Outstanding Fiscal Year End 2016 (Shares)
Betsy J. Bernard	38,752
Jocelyn Carter-Miller	40,794
Michael T. Dan	36,205
Dennis H. Ferro	23,248
C. Daniel Gelatt	43,686
Sandra L. Helton	38,752
Roger C. Hochschild	6,106
Scott M. Mills	2,379
Blair C. Pickerell	4,952
Elizabeth E. Tallett	43,181

Other Compensation

Principal Life matches charitable gifts up to \$16,000 per nonemployee Director per year. These matching contributions are available during a Director's term and the following three years. Principal Life receives the charitable contribution tax deductions for the matching gifts.

Directors are reimbursed for travel and other business expenses they incur while performing services for the Company. Directors' spouses/partners may accompany them to the annual Board strategic retreat. At this retreat, Principal pays for some of the travel expenses and amenities for Directors and their spouses/partners, such as meals and social events. Directors are also covered under the Company's Business Travel Accident Insurance Policy and Directors' and Officers' insurance coverage. In 2016 the total amount of perquisites provided to Non-Employee Directors was less than \$10,000.

Directors' Stock Ownership Guidelines

To encourage Directors to accumulate a meaningful ownership level in the Company, the Board has had a "hold until retirement" stock ownership requirement since 2005. All RSU grants must be held while a Director is on the Board, and may only be converted to Common Stock when the Director's Board service ends. The Board has a guideline that Directors own interests in Common Stock equal to five times the annual Board cash retainer within five years of joining the Board. Directors have been able to achieve this level of ownership through the RSU hold until retirement requirement. Once this guideline is met, Directors do not need to buy additional stock if the guideline is no longer met due to a reduction in stock price, as long as the Director's ownership level is not reduced as a result of share sales.

Audit Committee Report

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

The Audit Committee oversees the Company's financial reporting process. Company management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Committee reviewed with management the audited financial statements for the fiscal year ended December 31, 2016, and discussed the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Committee discussed with Ernst & Young LLP, the Company's independent auditor, the matters required to be discussed by the applicable Public Company Accounting Oversight Board ("PCAOB") standards. These standards require the independent auditor to communicate (i) the auditor's responsibility under standards of the PCAOB; (ii) an overview of the planned scope and timing of the audit; and (iii) significant findings from the audit, including the qualitative aspects of the entity's significant accounting practices, significant difficulties, if any, encountered in performing the audit, uncorrected misstatements identified during the audit, other than those the auditor believes

Table of Contents

are trivial, if any, any disagreements with management, and any other issues arising from the audit that are significant or relevant to those charged with governance.

The Committee received from Ernst & Young LLP, the written disclosures and letter required by applicable requirements of the PCAOB regarding the independent auditor's communications with the Committee concerning independence. The Committee has discussed with Ernst & Young LLP its independence and Ernst & Young LLP has confirmed in its letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board (and the Board approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the SEC. The Committee has also approved, subject to shareholder ratification, the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2017.

The Committee does not have the responsibility to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. That is the responsibility of the Company's independent auditor and management. In giving our recommendation to the Board, the Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and (ii) the report of the Company's independent auditor with respect to such financial statements.

Luis Valdés, President International Asset Management & Accumulation. Mr. Valdés is responsible for managing the Company's operations outside of the United States in our international asset management and accumulation segment.

2016 Company Highlights:

We had strong results in 2016 with a record \$1.3 billion in both net income available to common stockholders and operating earnings⁽¹⁾, up 5 percent over 2015 on a reported basis. This growth in earnings is particularly compelling given that we had a challenging start to 2016 with strong headwinds from equity markets and foreign currency translation, as well as low interest rates. These strong results reflect underlying growth in the business, disciplined expense management, and a balanced approach to capital deployment.

Importantly, our fundamentals remain strong. In 2016, we generated \$19.4 billion in net cash flows and increased assets under management by more than \$64 billion to \$592 billion at year-end, as many of our industry peers experienced net redemptions. Investment performance remains competitive and speaks to our ongoing ability to stand out among active managers.

We deployed \$856 million of capital in 2016, or 65% of net income. We take a balanced approach to capital deployment we returned \$722 million of capital to shareholders through common stock dividends and share repurchases in 2016; we added financial flexibility with our fourth quarter debt refinancing; and we increased ownership in our investment boutiques.

Despite the volatility that we experienced in 2016, our diversified and integrated business model continues to perform well under many different economic scenarios.

In 2016, the Company's total shareholder return was above the average of our Peer Group used for compensation purposes (32.2% vs. 12.2%). Our three year total shareholder return also continues to be higher, with a three year total shareholder return of 26.2%, compared to an average total shareholder return of 0.54% for companies in the Peer Group.

2016 Compensation Highlights

In 2016, the Company's shareholders voted to approve the Company's Executive compensation program. Of the votes cast, over 94% supported the Executive compensation program. The Company considered the shareholders' approval of the compensation program to be approval of the Company's compensation philosophy, which has not changed since that vote. The only change made to the compensation program in 2016 was to revise the performance measures associated with the performance based RSU ("PSU") component of our long term incentive program (see page 25). and all changes to compensation levels have been consistent with the Company's compensation philosophy.

Based on our 2016 annual performance achievements, many of which are outlined above, 2016 Annual incentive payout averaged 99% of target.

- (1) This is a non-GAAP financial measure. See non-GAAP financial measure reconciliations in Appendix B.

Table of Contents

Based on the Company's three-year average return on equity ("ROE")⁽²⁾ and three-year average book value per share⁽³⁾ performance, the 2014-2016 PSUs vested on December 31, 2016 and 97% of the target number of shares were paid out in February 2017, according to the established performance scale, and approval by the Human Resources Committee.

Compensation Program Philosophy and Policies

Compensation Philosophy our compensation programs are designed to:

Attract and retain talented Executives and motivate them to perform at the highest level and contribute significantly to the Company's long term success;

Reinforce the Company's pay for performance culture by making a significant portion of total compensation variable and by differentiating awards based on Company and individual performance in achieving short and long term financial and strategic objectives;

Have a greater percentage of compensation to be at risk for Executives who bear higher levels of responsibility for the Company's performance; and

Align the interests of Executives and other stakeholders, including shareholders, customers and employees, by having a significant portion of the Executives' compensation in stock and requiring Executives to hold stock;

Support important corporate governance principles and established best practices.

Compensation Policies Principal's Executive compensation program incorporates the following best practices:

The Human Resources Committee's independent compensation consultant is retained by the Committee to advise on Executive and Director compensation and does no other work for the Company.

The Human Resources Committee regularly reviews an analysis of the Company's incentive compensation plans to ensure they are designed to create and maintain shareholder value, provide rewards based on the long term performance of the Company and do not encourage excessive risk.

The majority of our Executive compensation is variable and linked to meeting our short term and long term financial and strategic goals and to the performance of the Company's stock over time. Ninety percent of our CEO's 2016 target compensation and an average of 80% of our other Named Executive Officer's target total compensation are variable and tied to Company performance.

Executives receive a significant portion of their compensation in stock as noted in the chart on page 28, and are required to own a meaningful amount of stock in the Company, both of which contribute to strong alignment of management and shareholder interests.

Principal prohibits all employees, including Named Executive Officers, from purchasing any Principal securities on margin (except for exercising stock options), engaging in short sales or trading in any put or call options; and purchasing, directly or indirectly, any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) that is designed to hedge or offset any decrease in the market value of Principal securities.

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Principal has a claw back policy to recover incentive compensation paid to Executives if the compensation was based on achieving financial results that were subsequently restated, if the Committee decides that the Executive engaged in fraud or intentional misconduct that caused the restatement, and if the amount of the Executive's incentive compensation would have been lower had the financial results been properly reported.

Our change of control agreements with Executives provide market based severance protection and do not provide excise tax gross ups.

We do not provide perquisites to Executives that are not offered to all employees, except one physical examination per year, business spousal travel, and gifts of nominal value given to all sales conference attendees.

We have not repriced underwater stock options and we will not do so without shareholder approval.

Our programs are designed to be financially efficient from tax, accounting, cash flow and share dilution perspectives. We make efforts to ensure that Principal benefits from the tax deductibility of all compensation to the extent practicable. The Committee may provide compensation that is not tax deductible if it determines such action is appropriate.

Executives do not receive any income tax gross ups.

(2)

Return on equity ("ROE") is defined as (i) income from continuing operations before income taxes per the audited Consolidated Statements of Operations less net realized/unrealized capital gains (losses) and preferred stock dividends declared during such calendar year divided by (ii) the average equity excluding other comprehensive income available to common stockholders.

(3)

Book value per share is defined as total ending common equity excluding other comprehensive income divided by number of common shares outstanding end of year.

Compensation Component	Objective	Description and 2016 Highlights
Base Salary	Provides fixed income based on the size, scope and complexity of the Executive's role, Executive's historical performance and relative position compared to market pay information	<p>Base salaries are generally targeted at market median, but may vary from median based on the Executive's performance, work experience, role and the difficulty of replacing the Executive.</p> <p>In 2016, the Committee made market adjustments to the Executives' base salaries, as detailed on page 29.</p>
Annual Incentive Compensation	Motivates and rewards annual corporate performance as well as the Executive's contribution to achieving our annual objectives.	<p>A range of earnings opportunity, expressed as percentages of base salary and corresponding to three levels of performance (threshold, target and maximum), is established for each Executive. Actual bonuses depend on achievement relative to the key financial measures, corporate and divisional goals, as outlined on pages 29-31.</p> <p>Based on the Committee's assessment of performance, actual bonuses for 2016 averaged 99% of target as detailed on page 31.</p>
Long Term Incentive Compensation	Motivates and rewards long term corporate performance as well as the Executive's contribution to achieving our long term objectives. Reinforces the link between the interests of the Executives and shareholders. Encourages retention.	<p>Each year, the Committee establishes the long term award opportunity for each Named Executive Officer. Table of Contents

Compensation Component	Objective	Description and 2016 Highlights
Benefits	Protects against catastrophic expenses and provides retirement savings opportunities.	Named Executive Officers participate in most of the same benefit plans as the Company's other U.S. based employees, including health, life, disability income, vision and dental insurance, an employee stock purchase plan, 401(k) plan and pension plan. Executives also participate in non qualified retirement plans (defined benefit and defined contribution). Mr. McCaughan does not participate in the pension or non qualified retirement plans.
Perquisites	Modest additional benefits to help attract and retain Executive talent and enable Executives to focus on Company business with minimal disruption.	Executives are eligible for one physical examination per year, business spousal travel and gifts of nominal value given to all sales conference attendees.
Termination Benefits	Provides temporary income following an Executive's involuntary termination of employment, and, in the case of a change of control; helps ensure the continuity of management through the transition.	Refer to pages 33-34 for a discussion of our change of control and separation benefits. These benefits do not include excise tax gross ups.

How We Make Compensation Decisions

Human Resources Committee Involvement

The Human Resources Committee

Oversees the development and administration of the Company's compensation and benefits policies and programs;

Approves the compensation program and compensation for Executives;

Makes the compensation decisions for the CEO;

Reviews and approves corporate incentive goals and objectives relevant to compensation;

Evaluates Executives' performance results;

Evaluates the competitiveness of each Executive's total compensation; and

Approves changes to the Executive's total compensation package.

FW Cook advises the Committee on the Executive compensation program. FW Cook also advises the Nominating and Governance Committee on compensation for nonemployee Directors (see pages 18-20). FW Cook receives compensation from the Company only for its work in advising these Committees. FW Cook does not and would not be allowed to perform services for management. The Committee assessed the

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

independence factors in applicable SEC rules and NYSE Listing Standards and other facts and circumstances and concluded that the services performed by FW Cook did not raise any conflict of interest.

Each year the CEO, with input from the Human Resources Department and FW Cook, recommends the amount of base salary increase (if any), annual incentive award and long term incentive award for Executives other than himself. These recommendations are based on the Executive's performance, performance of the business areas for which the Executive is responsible (if applicable) and other considerations such as retention. The Human Resources Committee reviews these recommendations and approves compensation decisions for Executives.

No member of management, including the CEO, has a role in determining his or her own compensation; and no member is present when his or her compensation is discussed by the Human Resources Committee. The Committee consults with the independent Directors regarding the CEO's performance and then determines the compensation earned by the CEO for the current year and the CEO's compensation opportunity for the following year.

Table of Contents

[The role of the Independent Compensation Consultant & Interaction with Management](#)

The Committee has the sole authority to hire, approve the compensation of and terminate the engagement of the compensation consultant.

FW Cook conducts a comprehensive review of the Company's Executive compensation program every other year. In the years in which FW Cook does not conduct a compensation study, the Committee makes compensation decisions, in part, on survey data provided by the Human Resources Department and input provided by FW Cook.

A comprehensive study was undertaken by FW Cook in 2015 which influenced the Committee's decisions for the 2016 executive compensation program. The study reviewed all aspects of the design and structure of the Company's total Executive compensation program, and included:

Interviews with Executives and all Directors to discuss business strategy and the implications for human resources and compensation policy;

A competitive review of compensation opportunities for each of the Named Executive Officers compared to the pay opportunities of similarly situated executives at the Peer Group companies (see below);

An analysis to ensure that total share dilution and the economic costs of long term incentives are reasonable and affordable for the Company; and

A review of Executive compensation plans against potential risks. FW Cook determined that the Company's Executive compensation programs are well designed, support the Company's business strategy, and do not provide incentives to Executives to take inappropriate risks.

FW Cook also:

Attended five meetings of the Committee in 2016, as requested by the Committee Chair; and

Reviewed and commented on drafts of the Compensation Discussion & Analysis and related compensation tables for the proxy statement.

[Use of Compensation Data](#)

The Committee reviews the Peer Group of companies it uses to compare Executive compensation as part of FW Cook's biennial study. FW Cook recommends an appropriate Peer Group of public, similarly sized, diversified financial services, insurance and asset management companies, taking into account the Company's and the competitors' strategy, mix of business and size, as measured primarily by annual revenues, market capitalization and total assets. These companies are the major competitors in one or more of the Company's businesses, but none represent the exact business mix of the Company. Some of these companies have higher or lower market capitalization and revenue than Principal. Principal targets compensation for the Named Executive Officers at the median of the compensation of the named executive officers at the Peer Group companies. The companies in the Peer Group for decisions on 2016 and 2017 target compensation opportunities were:

Affiliated Managers Group

Invesco

MetLife

Ameriprise Financial

Legg Mason

Prudential Financial

Eaton Vance

Lincoln National

Sun Life Financial

Franklin Resources

ManuLife

T. Rowe Price

Voya Financial

The Committee also uses annual data from third party industry surveys for its compensation decisions.⁽⁴⁾ Every two to three years, the Company's non cash benefit programs are compared with those of more than 100 diversified financial services companies. This is a larger group than the Peer Group because the information is used for our broad based employee benefit programs. Benefit programs are also compared against those of local employers in Des Moines, Iowa as the Company has a significant employee population there.

Each year, the Committee reviews the total compensation paid to the Executives by reviewing tally sheets, which include base salaries, annual and long term incentive awards earned, deferred compensation, outstanding equity awards, benefits, perquisites, and potential payments under various termination scenarios.

(4)

The surveys used were the McLagan Investment Management survey, Towers Watson U.S. Financial Services Studies Executive Database and the Towers Watson Diversified Insurance Study of Executive Compensation. The names of the companies participating in these surveys are included in Appendix A.

Table of Contents

The Committee uses this information to analyze the value of compensation actually delivered versus the compensation opportunities established by the Committee, and it is also used in making compensation and compensation plan design decisions. The only change made to the Executive compensation program in 2016 was to change the performance measures associated with the PSU component of our long-term incentive program (see page 25).

2016 Executive Compensation Decisions

The Committee made compensation decisions for the Named Executive Officers based on:

The Company's strategic and human resources objectives;

Competitive data for the Peer Group and for a broader group of diversified financial services companies (see Appendix A for a complete list of these companies);

Corporate and individual performance on key initiatives;

Economic conditions;

The CEO's compensation recommendations for other Executives;

Advice of the Committee's consultant; and

How the elements of compensation contribute to and interrelate to total compensation.

The Committee also considers the tax and accounting consequences of each element of compensation, and tries to maximize the tax deductibility to Principal of compensation under Section 162(m) of the Internal Revenue Code ("Tax Code"). This Tax Code section limits Principal from deducting annual compensation exceeding \$1,000,000 for our CEO and the three other most highly paid Named Executive Officers (other than our CFO) who are in office on the last day of the fiscal year ("Covered Employees"). There is an exception to this rule for performance based compensation. The Committee may provide compensation to Covered Employees that is not deductible if it determines, in its discretion, that it is appropriate to do so. For 2016, Messrs. Houston, McCaughan and Valdés and Ms. Strable were Covered Employees.

The chart below shows the 2016 target total compensation for our Named Executive Officers as well as the proportion of their compensation tied to Company performance. The majority of compensation paid to our Named Executive Officer's is variable and at risk as reflected in the chart below.

28 2017 Proxy Statement

Table of Contents**Base Salary**

When determining base salary for each Executive, the Committee considers the Peer Group median for comparable executive positions as well as the survey data referenced above, the Executive's performance and work experience, the importance of the position to the Company and how difficult it would be to replace the Executive. The table below provides the historical base salaries⁽¹⁾ of the Named Executive Officers.

Named Executive Officer	2014	2015	Percent Increase	
			2016	2015 to 2016
Houston	\$ 675,000	\$ 775,000	\$ 800,000	3.2%
Lillis	\$ 530,000	\$ 551,000	\$ 567,500	3.0%
McCaughan	\$ 634,000	\$ 653,000	\$ 666,000	2.0%
Strable			\$ 535,000	20.2% ⁽²⁾
Valdés	\$ 563,000	\$ 580,000	\$ 591,500	2.0%

(1)

Salaries displayed in the table are as of December 31 of the year noted. This information differs from salary information in the Summary Compensation Table as the table includes salary earned and paid in the year noted. Changes in base salary are effective in March of each year.

(2)

The 20.2% base salary increase for Ms. Strable includes a March 2016 merit increase as well as a 10.3% promotional increase in September 2016 due to her increased responsibilities as CFO.

Annual Incentive Compensation

The Named Executive Officers may earn annual cash bonuses under the Principal Financial Group, Inc. Annual Incentive Plan. This plan was approved by shareholders in 2004, and complies with Section 162(m) of the Tax Code so that these incentives to Named Executive Officers are considered performance based and are therefore fully tax deductible to the Company. The maximum aggregate bonus amount for the Named Executive Officers is 2% of annual operating income ("Bonus Pool"). For 2016, the maximum bonuses were:

Named Executive Officer	Maximum Award as Percentage of the Annual Incentive Pool	Maximum Potential Award Payment
CEO (Houston)	35%	\$9.9 million
Second highest Paid Covered Employee (McCaughan)	25%	\$7.1 million
Third highest Paid Covered Employee (Valdés)	20%	\$5.7 million
Fourth highest Paid Covered Employee (Strable)	10%	\$2.8 million
CFO (Lillis)	10%	\$2.8 million

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

The Committee sets the target and maximum annual incentive awards for each Named Executive Officer. The Committee may use its negative discretion to reduce the awards actually payable. After this reduction, maximum annual incentive opportunities are generally 200% of the target annual incentive opportunity. The Committee approved the following target awards for Named Executive Officers in each of the past three years:

Annual Incentive Targets (as a percentage of base salary)

Named Executive Officer	2014	2015	2016
Houston	125%	350%	350%
McCaughan	300%	300%	300%
Strable			100% ⁽¹⁾
Valdés	75%	75%	75%
Lillis	100%	100%	100%

(1)

As of September 30, 2016, recognizing Ms. Strable's promotion to CFO, her annual incentive increased from 75% to 100%.

Table of Contents

The CEO's target award opportunity is greater than that of the other Named Executive Officers because Mr. Houston has overall responsibility for the Company and greater responsibilities than the other Named Executive Officers. The CEO's target award opportunity has increased over time to better align his compensation with CEOs in the Peer Group. The target award opportunity for Mr. McCaughan is competitive with award opportunities of senior executives within asset management firms, which tend to be higher than target annual incentive opportunities in other industries. In establishing the target award opportunity for Messrs. Valdés and Lillis and Ms. Strable, the Committee considered the median incentive targets for comparable executive positions in the Peer Group companies, as well as the survey data referenced above.

Performance Goal Setting and Measurement Process

The Board meets each September to review the Company's long term strategy. In November, the CEO, CFO and Division Presidents recommend preliminary financial goals for the Company and business units and strategic initiatives for the next year. The Finance Committee reviews the proposed goals, underlying assumptions of the goals and initiatives, key drivers of financial performance, trends and business opportunities and advises the Board and Human Resources Committee on the appropriateness of the financial goals. The Human Resources Committee reviews and approves the final goals for the Company, the CEO and the other Executives with input from the Finance Committee and Board based on prior year end financial results. All employees develop individual performance goals with their leaders that support the Company's goals.

The Committee reviewed 2016 performance on key financial measures and corporate and divisional goals to determine the 2016 annual bonus for the Named Executive Officers. The Committee does not use any particular weighting for these goals; these measures are used as guideposts when the Committee exercises its discretion in its subjective evaluation of these factors. In determining corporate performance for 2016, the Committee reviewed Company achievements on these key financial goals:

Goal

2016 Assessment

- | | |
|---|---|
| 1. Achieve appropriate operating earnings and earnings per share ("EPS"). | One of management's responsibilities is to lead the Company in achieving its goals for operating earnings and operating earnings per diluted share. For 2016, the target for operating earnings was \$1,395M and the target for operating earnings per diluted share was \$4.73. 2016 operating earnings(5) were \$1,331M and operating earnings per share(5) was \$4.55. In addition, Messrs. McCaughan and Valdés had operating earnings goals specific to the business units they oversee: |
|---|---|

Named Executive Officer	Operating Earnings Goal	Operating Earnings Result
McCaughan Principal Global Investors	\$450M	\$444M
Valdés Principal International	\$320M	\$288M

- | | |
|--|--|
| 2. Capital Ensure sufficient capital and liquidity to maintain strong financial strength ratings relative to peers and to be able to execute upon our strategy | All capital and liquidity measures are within target ranges. |
| 3. Minimize credit loss. | 1. Assets acquired during the year aligned with the Company's Tactical Asset Allocation (TAA). |

2. Manage the current portfolio to appropriately reflect losses and impairments based on the target blended overall range of 6-9 bps after-tax.

Performance relative to the credit loss goal was slightly above the top end of the desired original range but is mitigated by very strong performance in commercial mortgage losses; the result continues below long-run pricing assumptions, as appropriate for this time in the credit cycle; and the Company's investment portfolio was managed against headwinds from the commodity-sensitive sectors that resulted in modest losses on par with, if not better than, our peers.

4. Total Company Operating Revenue/Net Revenue (Houston and Lillis)

The Company had total operating revenue⁽⁵⁾ of \$12,381M against a goal of \$12,750M and net revenue⁽⁵⁾ of \$5,283M relative to a goal of \$5,520M.

Final Annual Incentive Pay Award Determination

The following table shows the annual incentive award for each of the Named Executive Officers whose annual incentive opportunities are determined under the Annual Incentive Plan. The column "Reduction from Maximum Award" shows the amount by which the Committee reduced the maximum bonuses to determine the awards paid.

Name	2016 Salary	2016 Target	Final Award	% of Target	Reduction From Maximum Award
Houston	\$ 800,000	350%	\$ 2,744,000	98%	\$ 7,156,000
Lillis	\$ 567,500	100%	\$ 584,000	103%	\$ 2,216,000
McCaughan	\$ 666,000	300%	\$ 1,958,000	98%	\$ 5,142,000
Strable	\$ 535,000	81% ⁽¹⁾	\$ 446,000	103%	\$ 2,354,000
Valdés	\$ 591,500	75%	\$ 413,000	93%	\$ 5,287,000

(1)

Ms. Strable's pro-rated target for 2016 is 81% (75% for January 1, 2016 through September 30, 2016 and 100% for October 1, 2016 through December 31, 2016).

Executives may defer annual awards into the Excess Plan, as illustrated in the footnote to the Non Equity Incentive Compensation column of the Summary Compensation Table, on pages 36-38.

Long term Incentive Compensation

The long term incentive compensation program is designed to align the interests of Executives and shareholders. The compensation the Executives receive reflects the degree to which multiyear financial objectives are achieved and shareholder value is increased. The long term focus of the compensation programs supports the Company's businesses, for which long term performance is critical, such as retirement products, life insurance and asset management. The long term incentive compensation program also encourages collaboration among Executives in pursuing corporate wide goals.

The Committee establishes a target long term incentive award opportunity for each Named Executive Officer, stated as a percentage of each Named Executive Officer's base salary, based on Peer Group and survey data, and on the advice of its independent compensation consultant. The Committee uses the following factors to adjust the target award and determine the actual award to be granted to each Named Executive Officer ("Award Granted"):

Current competitive market data;

The Named Executive Officer's past performance;

The Named Executive Officer's current compensation;

Retention concerns;

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

The importance of the Named Executive Officer to the Company over the long term;

The potential impact the Named Executive Officer could have on the Company's results; and

The Executive's performance relative to the Named Executive Officer's peers within the Company.

The compensation ultimately received by Named Executive Officers may vary considerably from the grant date fair value of the Award Granted, due to the Company's performance and changes in share price that occur after the grant.

2016 Long Term Incentive Target & Grant (as % of base salary)

Named Executive Officer	Target %	Award Granted
Houston	600%	500%
Lillis	275%	300%
Strable	225%	250%
McCaughan	350%	325%
Valdés	225%	250%

The long term incentive targets were established by the Committee to be market competitive with award opportunities for comparable positions in Peer Group companies. Mr. Houston's award opportunity is greater than those of the other Named Executive Officers because he is CEO and has overall responsibility for the Company.

Table of Contents

Executives' long term compensation is provided as non-qualified stock options and PSUs, which each represent 50% of the total grant date fair value. PSUs entitle the Executive to earn shares of Common Stock if certain levels of performance are achieved. The Committee uses stock options as part of the long term incentive program because options are an effective way to link an Executive's compensation to changes in shareholder value. The weighting is not based on a specific formula or algorithm and is intended to create a balance between the achievement of specific operating objectives and changes in shareholder value based on the Committee's judgment, which may change from time to time.

Stock options have a ten year term and an exercise price equal to the closing price on the date of grant. Stock options vest in three equal annual installments starting on the first anniversary of the grant date.

PSUs vest based on continued service and achieving financial objectives over a three year period (with each three year period treated as a "Performance Cycle"). Executives may defer the receipt of PSUs.

For the 2016 PSUs, the performance threshold is met if either of the following goals is met:

- Three year average operating ROE⁽⁶⁾ of 7.5%; or
- \$2 billion cumulative pretax operating income ("OI")⁽⁷⁾

If either the ROE or OI objective is met or exceeded, the number of units earned is determined using two performance measures, each weighted 50%, to determine the percentage of target PSUs actually earned.

Average operating ROE: this measure was selected because it reflects the efficient use of Company capital in generating profits.

Book Value per Share⁽⁸⁾ threshold tied to ROE performance measure:

If the average Book Value per Share is between \$33.75-\$39.00, the ROE performance score will be reduced by 50%.

If the average Book Value per Share is below \$33.75, the ROE performance score will be reduced to 0%.

Average Pre-tax Return on Net Revenue⁽⁹⁾ was selected as a measure because it is common among asset management peers and reflects the efficient use of Company expenditures in generating profits.

2016-2018 PSU Performance Scale

Performance Level	Threshold Award	Target Award	Maximum Award (150% of Target)
Payout (% of Target) ⁽¹⁾	50%	100%	150%
Average ROE	6.7%	13.5%	17.5%
Average Pre-tax RONR	25.7%	30.2%	34.8%

If neither the ROE nor the OI threshold performance objective is met, **no PSUs** will be earned or paid out.

- (1) Straight line interpolation is used to determine awards for performance between threshold and target and between target and maximum.

Timing of Stock Option Awards and Other Equity Incentives

Annual grants of stock options and PSUs for Principal Executives are determined by the Committee at its February meeting which occurs following the release of the prior year's results. The Committee formalized its long standing practices by adopting a policy in 2006 regarding granting stock options and other equity awards. Under this policy, the grant date for all stock options and other stock based awards shall never be earlier than the date of approval, and shall be:

For all annual awards to Executives, the date of approval by the Committee;

For new employees and promotions, the later of the date of approval or the employee's hire/promotion date;

-
- (6) Operating return on equity (ROE) is defined as operating earnings divided by common equity excluding accumulated other comprehensive income, other than foreign currency translation adjustment.
- (7) Pre-tax operating income is defined as income from continuing operations before income taxes per the audited Consolidated Statements of Operations less net realized/unrealized capital gains (losses), less preferred stock dividends declared, less net income attributable to noncontrolling interest.
- (8) Book value per share is defined as total ending common equity excluding other comprehensive income divided by the number of common shares outstanding end of year.
- (9) Pre-tax return on net revenue is defined as pre-tax operating earnings divided by net revenue. Net revenue is defined as total operating revenue less benefits, claims, and settlement expenses less dividends to policyholders.

Table of Contents

In the event of an award connected with an established stock program for non Executives, the later of the date of approval or the grant date established by the stock program; and

For any other awards, the date of approval.

Authority of the CEO to Grant Equity Awards:

Under the 2014 Stock Incentive Plan, the Committee has delegated authority to the CEO to make equity awards to sales agents and non Executive employees for new hires, promotions, retention and recognizing superior performance. The Committee receives a report on these grants at the next regular Committee meeting. The total awards granted by the CEO may not exceed 250,000 shares per year.

Benefits

The Named Executive Officers participate in Principal Life's broad based employee benefits program, including:

A qualified pension plan (except Mr. McCaughan⁽¹⁰⁾);

A 401(k) plan;

Group health, dental, vision and disability coverage and life insurance;

A discounted employee stock purchase plan;

Paid time off; and

Flexible spending account plans.

Principal Life also offers all Named Executive Officers (except Mr. McCaughan) a non-qualified defined contribution plan ("Excess Plan") and a defined benefit non-qualified retirement plan ("NQDB"). These benefits are offered to attract and retain talent and provide long term financial security to employees. The NQDB helps the Company attract midcareer Executives and retain Executives by providing competitive retirement benefits. The NQDB is coordinated with the qualified pension plan and is designed to restore benefits that otherwise would accrue to Executives in the absence of Tax Code limitations on the qualified pension plan. The narrative to the Pension Benefits Table on pages 41-43 provides additional information about the NQDB and the qualified pension plan. Principal Life maintains the Excess Plan to help attract and retain Executives by allowing Executives to save for retirement and to provide matching contributions on those savings, without regard to the limitations imposed by the Tax Code on 401(k) plans. The narrative to the Non-Qualified Deferred Compensation Table on pages 44-45 provides additional information about the Excess Plan.

The value of the retirement and savings plans for NonGrandfathered Participants (see page 42) is targeted to be, in the aggregate, slightly above the median of diversified financial services companies because a large portion of the Company's business centers on the sale of retirement products. The defined benefit pension plan for Grandfathered Choice Participants (see page 41) has a market value above the median and the 401(k) plan match for Grandfathered Choice Participants is below market median. These benefits were also originally designed to be slightly above market median to attract and retain employees. As retirement plans evolved in the marketplace, the Company has balanced realigning benefits to the marketplace with current market practice while not adversely impacting more tenured employees.

All other benefits are targeted at market median in the aggregate, which supports the Company's benefit strategy and aids in attracting and retaining talent.

Change of Control and Separation Pay

The Committee believes it is in the best interests of Principal and its shareholders to:

Assure that Principal will have the continued service of its Executives;

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Reduce the distraction of these Executives that would result from the personal uncertainties caused by a pending or threatened Change of Control;

Encourage the Executives' full attention and dedication to Principal; and

Provide the Executives with compensation and benefits upon a termination related to a Change of Control that are competitive with those of similar businesses.

For these reasons, Principal has entered into Change of Control Employment Agreements with each of the Executives. These agreements would help the Executives more fairly evaluate a potential acquisition of Principal,

-
- (10) Mr. McCaughan has not participated in the qualified pension plan, NQDB Plan or Excess Plan since January 1, 2010, due to a compensation and benefit review of asset management companies that showed that these are not common benefits for executives in that industry. This change also applied to other investment professionals.

particularly when the acquisition would result in termination of the Executive's employment. These Change of Control Employment Agreements are based on market practice and do not affect other components of the Executives' compensation. When entering into these agreements, the Committee reviewed survey data and practices of other public insurance and financial services companies. The Committee continues to review market practices in this area for potential changes in these agreements.

All benefits provided to the Executives upon a Change of Control are paid after both a Change of Control and qualifying termination of employment have occurred (sometimes referred to as a double trigger), except that the then current value of the Executive's Excess Plan and NQDB will be paid upon a Change of Control to ensure that the value of those plans is not reduced if the Company is sold. These agreements do not provide excise tax gross ups. See pages 46-48 for details.

The Company has a severance plan to provide benefits to employees whose employment is terminated by the Company due to a reorganization or reduction in the workforce. Additional payments may be permitted in some circumstances as a result of negotiations with Executives, particularly when Principal requests additional covenants from the executives.

Stock Ownership Guidelines

Executives are required to own stock in Principal to ensure their interests are aligned with the shareholders' interests and with the long term performance of Principal. Once the Executive achieves the required stock ownership level based on market value, the ownership requirement remains at the number of shares owned at the time, regardless of subsequent changes in stock price or salary. Upon promotion, the Executive is required to meet the next level of stock ownership.

Until the ownership guideline is met, Executives are required to retain a portion of the "net profit shares" resulting from equity based long term incentive plan grants. Net profit shares are the shares remaining after payment of the option exercise price and taxes owed at time of exercise, vesting of RSUs or earn out of performance shares. The percentage of net profit shares that must be retained until the multiple of salary guidelines are met are shown below:

Executive Level	Retention Ratio	Multiple of Base Salary
Chairman (Houston)	75%	5 times
Division Presidents & Executive Vice Presidents (Lillis, McCaughan, Strable & Valdés)	50%	3 times

All Named Executive Officers comply with these guidelines.

Claw Back Policy

The Committee has also adopted a compensation recovery policy that applies to Executives. Principal can recover incentive compensation if the amount of the compensation was based on achievement of financial results that were subsequently restated if the Committee decides that the Executive engaged in fraud or intentional misconduct that caused the restatement of the Company's financial statements, and if the amount of the Executive's incentive compensation or equity award would have been lower had the financial results been properly reported.

Trading Policy

Principal prohibits Directors and employees, including Executives, from:

Purchasing Principal securities "on margin" (i.e., with the proceeds of a loan from a brokerage firm when the loan is secured by Principal securities), except for the exercise of employee stock options.

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Short sales;

Trading in put or call options; and

Purchasing, directly or through a designee, any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) that is designed to hedge or offset any decrease in the market value of Principal securities.

Succession Planning

The Human Resources Committee, the CEO and the head of Human Resources have an ongoing focus on executive development and succession planning to prepare Principal for future success. In addition to preparing for CEO succession, the succession planning process includes all key executive positions. A comprehensive review of executive talent, including assessments by an independent consulting firm, has determined participants' readiness to take on additional leadership roles and identified the developmental and coaching opportunities needed to prepare them for greater responsibilities. The CEO makes a formal succession planning presentation to the Board of Directors annually. CEO succession planning is a responsibility of the entire Board and all members participate. In addition, the Company has an emergency succession plan for the CEO that is reviewed by the Board annually.

Human Resources Committee Report

The Human Resources Committee of the Company has reviewed and discussed the foregoing Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussion, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Risk Assessment of Employee Incentive Plans

The Human Resources Compensation Department and the chief risk officers in the business units conducted a review and analysis of the Company's employee incentive compensation plans to determine whether the plans are reasonably likely to have a material adverse effect on the Company, and reviewed their processes and conclusions with the Chief Risk Officer. The following factors, among others, were assessed:

- Plan design;
- Performance metrics and quality of goal setting;
- Administrative procedures, including governance practices and plan compliance;
- Plan communications and disclosures;
- Potential risks created by the plans;
- Risk control factors and their effectiveness; and
- Inherent and residual risk ratings.

Some key factors that mitigate risks of the Company's incentive plans are the Company's stock ownership guidelines for Executives, the compensation recovery policy and the Human Resources Committee's ability to exercise its judgment in evaluating the quality of performance achievements when determining earned compensation. Employees are prohibited from purchasing the Company's securities on margin (except for the exercise of stock options), engaging in short sales or trading in any put or call options; and purchasing, directly or through a designee, any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) designed to hedge or offset any decrease in the market value of Company securities.

A summary of the assessment process and conclusions was reviewed with the Human Resources Committee. Based on this analysis, the Company has determined that its employee incentive compensation plans are designed to encourage behaviors that create and maintain shareholder value, do not encourage excessive risk, and are not reasonably likely to have a material adverse effect on Principal.

(2)

Amounts represent the aggregate grant date fair value amounts for awards and options granted in the year noted. The assumptions for the valuation of stock option awards under the ASC Topic 718 for awards included in the Summary Compensation Table are as follows:

Grant Date	Exercise Price	Volatility	Expected Term	Dividend Yield	Risk Free Interest Rate
February 24, 2014	\$ 44.88	32.21%	6.5 year	2.496%	2.04%
February 23, 2015	\$ 51.35	32.21%	6.5 year	2.805%	1.80%
February 22, 2016	\$ 37.38	31.67%	6.5 year	4.066%	1.47%

The grant date fair value per share of each RSU or PSU granted on the same date as an option listed in the above table was equal to the exercise price reported for options granted on such date.

(3)

PSUs will be earned and paid in shares of Common Stock only if performance requirements are met or exceeded. The PSUs are eligible for dividend equivalents, and the dividend equivalents are subject to the same performance requirements as the corresponding PSUs and are only earned if the performance measures are met or exceeded. The maximum payout for the 2014, 2015, and 2016 PSUs is 150% of the target number of PSUs. If the

Table of Contents

PSUs granted in 2016 are earned at the maximum payout, the grant date value of such PSUs would be as shown in the following table, and the amounts reported in the Stock Awards column, above, would be increased by the amount shown in the column to the far right of the following table.

Named Executive Officer	Amount by Which Aggregate Grant Date Values Reported Would be Increased
Houston	\$ 1,000,008
Lillis	\$ 425,627
Strable	\$ 303,133
McCaughan	\$ 541,132
Valdés	\$ 369,688

- (4) The amounts shown represent annual incentive compensation awards earned in 2016 and paid in 2017 and include the following amounts deferred into the qualified 401(k) Plan and Excess Plan:

Named Executive Officer	Employee Contributions on Incentive Pay
Houston	\$ 225,712
Lillis	\$ 43,127
McCaughan	\$ 0
Strable	\$ 89,200
Valdés	\$ 33,265

- (5) Assumptions underlying the determination of the amount of increase in actuarial value for both the qualified and nonqualified pension plans are disclosed on page 43. Changes in these assumptions and compensation

changes will impact this value annually. There are no above market earnings on deferred compensation.

In past proxy statements, the same actuarial assumptions have been used regardless of whether a Named Executive Officer with a benefit under the traditional pension formula has elected to receive their NQDB plan distribution in the form of an annuity or as a lump sum payment. Because a different discount rate is used for determining lump sum payments, the company has changed the assumptions used to value the NQDB reflected in the Summary Compensation Table to reflect the Named Executive Officer's elected form of distribution. This is a better reflection of the value of the benefit that will ultimately be paid to the Named Executive Officer.

(6)

For Messrs. Houston and Lillis, the 2015 Change in Pension Values are (\$306,688) and (\$1,160,093), respectively. Pursuant to SEC reporting rules, a negative Change in Pension Value is reported in the Summary Compensation Table as a zero.

(7)

All Other Compensation for the Named Executive Officers consists of the following:

Name	Perquisites & Contributions Other Personal Benefits(a)	Principal Life Contributions to Defined Plans(b)	Total
Houston	\$ 25,328	\$ 136,631	\$ 161,959
Lillis	\$ 11,211	\$ 30,130	\$ 41,341

- (1) The maximum award shown is the maximum aggregate award payable under the Annual Incentive Pay Plan for the Named Executive Officers, based on the Bonus Pool. In determining the actual annual incentive award payable, the Human Resources Committee exercises negative discretion to reduce the amount payable from the maximum award determined under the Annual Incentive Pay Plan as described on pages 29-31.
- (2) These columns reflect PSUs granted on February 22, 2016. These PSUs will vest, if at all, according to the 2016-2018 PSU performance scale outlined on page 32. The maximum payout for the 2016 PSUs is 150% of the target number of PSUs.
- (3) The options vest in three equal annual installments beginning on the first anniversary of the grant date. The options are not eligible for dividend equivalents. The number of stock options awarded to each Named Executive Officer in a given year is calculated by dividing the grant date fair value of one option into the portion of the Adjusted Target Award Opportunity (50%) to be delivered in options, using the Black-Scholes model.
- (4) The per-share option exercise price is the closing price of the Common Stock on the date of grant.
- (5) Represents the grant date fair value of the award at target.

Grandfathered Participants

Grandfathered Participants were age 47 or older with at least ten years of service on December 31, 2005, and elected to retain the prior benefit provisions under the Defined Benefit ("DB") Plan and the NQDB and to forego receipt of the additional matching contributions offered under the 401(k) and Excess Plans.

Defined Benefit Plan (Traditional Formula)

39.2% of Average Compensation (the highest five consecutive years' total Payout of the past ten years of Pay. "Pay" is the Named Executive Officer's base salary and annual incentive bonus up to the Tax Code limits) below the Integration Level⁽¹⁾ plus 61.25% of Average Compensation above the Integration Level.

Cash Balance Plan The Annual Pay Credits are calculated using the table below

Age+ Service Years (Points)	Annual Pay Credit Contribution on Pay Above Taxable Wage Base(2)	
	Contribution on All Pay	
< 40	4.00%	2.00%
40 49	5.50%	2.75%

60 69	9.00%	4.50%
70 79	11.50%	5.75%
80 or more	14.00%	7.00%

Mr. Lillis will receive a retirement benefit under the Traditional Formula.

NO Defined Benefit

The NQDB benefit formula for Grandfathered Participants hired before January 1, 2002 is the greater of:

65% of Average Compensation, offset by Social Security and DB Plan benefits; or

The greater of the traditional or cash balance DB Plan benefit for Grandfathered Participants without regard to Tax Code limits, offset by the benefit that can be provided under the DB Plan.

Mr. Houston's retirement benefit will be the greater of the Traditional or Cash Balance Formulas.

The NQDB benefit formula for Non Grandfathered Participants hired before January 1, 2002 is:

Mr. Valdés retirement benefit will be the Cash Balance Formula. Mr. Valdés will also have a small benefit under the Traditional Formula due to service prior to January 1, 2006.

The traditional or cash balance pension plan benefit for Non Grandfathered Choice Participants (whichever is greater) without regard to Tax Code limits, offset by the benefit that can be provided under the DB Plan.

For employees who were active participants in the plan on December 31, 2005, their accrued benefit will not be less than their accrued benefit determined as of that date.

Mr. McCaughan's retirement benefit will be the Cash Balance Formula. He has not accrued any benefits under this plan since January 1, 2010.

For both groups, there is a reduction if payments start earlier than Normal Retirement Age (Traditional Benefit Formula only):

Ms. Strable's retirement benefit will be the greater of the Traditional or Cash Balance Formulas.

Principal subsidizes early retirement if the Named Executive Officer remains employed until Early Retirement Age (age 57 with 10 years of service), which is the earliest date an employee may begin receiving retirement benefits.

The early retirement benefits for Grandfathered Choice Participants (and Non Grandfathered Choice Participants for benefits accrued prior to January 1, 2006) range from 75% at age 57 to 100% at age 62. The early retirement benefits for Non Grandfathered Choice Participants for benefits accrued after December 31, 2005 range from 75% at age 57 to 97% at age 64.

If the Named Executive Officer terminates employment before reaching Early Retirement Age, Principal Life does not subsidize early retirement. The early retirement benefits range from 58.6% at age 57 to 92.8% at age 64.

Benefits under the Traditional Formula are eligible for a Cost of Living Adjustment (COLA) after retirement benefits begin. For Non Grandfathered Participants only benefits accrued as of December 31, 2005 receive this adjustment. The COLA is based on the Consumer Price Index.

Table of Contents**Pension Distributions**

Participants receive an annuity under the traditional benefit formula in the DB Plan. The qualified cash balance benefit formula in the DB Plan allows for benefits as an annuity or lump sum.

NQDB benefits may be paid as a lump sum at termination/retirement, or as an annuity. Distributions may also be allowed at death or a change of control. For participants in the plan prior to January 1, 2010, a mandatory payment occurs at age 65, and they may elect for payments on a specified date between age 60 and 65.

(1) As of December 31, 2016.

(2) Benefit calculations have been made using the following assumptions:

Annuity Basis Discount Rate (for Traditional Benefit): 4.5% for December 31, 2015 and 4.15% for December 31, 2016 benefits. Traditional benefits under the qualified DB Plan must be paid as annuity. Under the NQDB Plan, Named Executive Officers may elect whether benefits will be paid as

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

annuity or in a single sum payment. Ms. Strable has elected her NQDB benefit to be paid as an annuity;

Lump Sum Basis Discount Rate (for Traditional Benefit): for those Named Executive Officers who have elected to receive their traditional NQDB benefits in a single lump sum payment (Messrs. Houston, Lillis and Valdés) the present value of their December 31, 2016 Traditional NQDB benefits has been determined using a discount rate of: 5.80% for expected lump sums in 2018 or later; 6.70% for lump sum payments expected to be made in 2017.

Annuity Mortality: RP-2006 Rates (baseline from SOA RP-2014)

Improvement: For December, 2015, RPEC-2014 model using historical data through 2011 (graduated data through 2009). For December 31, 2016, RPEC-2014-v2016 model using historical data through 2014 (graduated data through 2012).

Convergence: 7-year to SSA 2010-2088 improvement scale (SSA Trustees Report 2014).;

Lump Sum Mortality: 1994 GAR Projected to 2008 Unisex, Scale AA;

Cost of living increase: 1.6875% for December 31, 2015 benefits and 1.50% for December 31, 2016 benefits;

Retirement age of 64 for Mr. Lillis (early retirement eligible) who would then receive unreduced benefits. Retirement age of 65 for Mr. Houston and Ms. Strable, who will not have unreduced benefits prior to that point. Retirement age of 65 for Mr. Valdés frozen traditional benefit plus current cash balance account. Current cash balance account for Mr. McCaughan;

The present value of the cash balance benefit is the current account balance projected with the cash balance interest crediting rate to age 65 and then discounted back to the current age using the annuity basis discount rate with no mortality (Mr. McCaughan and Mr. Valdés cash balance account); and

Cash balance interest crediting rate of 5.5% for December 31, 2015 and 5.0% for December 31, 2016.

Severance Plans

Messrs. Houston, Lillis and Valdés and Ms. Strable are eligible for severance under the Company's severance plan if they are terminated as a result of layoffs, position elimination or similar reasons. They are not eligible for severance benefits if they take a comparable job with Principal Life, fail to sign a release of claims against Principal Life, and/or other specified reasons. The benefit payable under the severance plan is the greater of one week of base salary for each year of service with Principal Life or two weeks of base salary for each \$10,000 of annual base salary (rounded to the nearest \$10,000). Each of the Named Executive Officers would be eligible for 52 weeks of severance under this plan. The severance plan has a minimum benefit of six weeks and a maximum benefit of 52 weeks of base pay, and also provides for three months of reimbursement of premium for continuation of medical, dental and vision insurance under the Retiree medical plan if the Executive is eligible to retire or COBRA if the Executive is not eligible to retire. In circumstances in which the severance plan does not apply, the Human Resources Committee would determine whether any severance benefits would be paid to Messrs. Houston, Lillis and Valdés and Ms. Strable.

An agreement made with Mr. McCaughan when he was hired provides that if he is terminated without "Cause", as that term is defined in the Change of Control Employment Agreements (see below), he will be paid (i) one year's base compensation and one year's annual bonus at target, and (ii) all other accrued entitlements, in accordance with the terms of the relevant plan.

Change of Control Employment Agreements

Principal has Change of Control Employment Agreements with each of the Named Executive Officers. These Agreements have a term of two years and will automatically renew for successive one year periods unless Principal provides a notice electing not to extend the term. If during the term of these agreements a Pre-Change of Control Event" or a Change of Control occurs, the term of the agreements will extend until the second anniversary of a Change of Control. These agreements provide that if payments upon termination of employment related to a Change of Control would be subjected to the excise tax imposed by Section 4999 of the Tax Code, and if reducing the amount of the payments would result in greater benefits to the Named Executive Officer (after taking into consideration the payment of all income and excise taxes that would be owed as a result of the Change of Control payments), Principal will reduce the Change of Control payments by the amount necessary to maximize the benefits received, determined on an after tax basis.

The severance and other benefits provided under these agreements will be available to Named Executive Officers upon a Change of Control if their employment is terminated following or in connection with a Pre-Change of Control Event, or if any third party ends or adversely changes the terms and conditions of their employment. For a termination prior to a Change of Control, such termination or change in employment is deemed to have occurred immediately following the date on which a Change of Control occurs, rather than at the time the termination or change in employment actually occurs.

Under these Agreements, a Pre-Change of Control Event means:

An offer that would result in a third party owning 40% or more of the Company's voting securities;

A proxy solicitation or contest for the election of one or more members of the Company's Board; or

An agreement that would result in a Change of Control.

Under these Agreements, a Change of Control means:

Any person becoming an owner of 40% or more of the Company's Common Stock;

Directors on the Board on the date of the Agreements (or those thereafter nominated for election, or elected to replace such Directors by certain incumbent Directors) are no longer a majority of the Board;

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

A merger, reorganization, consolidation or similar transaction in which the shareholders of Principal do not continue to own more than 60% of the voting securities of the surviving corporation or its ultimate parent corporation; or

Approval by the shareholders of Principal of a sale of its assets or a plan of liquidation.

These Agreements also provide:

That the Named Executive Officers receive specified salary, annual incentive compensation and benefits for two years following a Change of Control if their employment continues after the Change of Control;

That if the successor to Principal agrees to issue equity to replace the equity awards they received from Principal, the outstanding equity awards will continue or will become equity related to the common stock of the successor company ("Successor"). Any outstanding performance based equity awards will be converted into time vesting restricted stock or RSUs for Principal stock (or the stock of the Successor). If the Successor does not or cannot agree to such substitution, then any such awards that are not converted will become fully vested, exercisable

and/or distributable upon the Change of Control. In addition, the Agreements and equity award agreements specify that the Human Resources Committee (as made up immediately prior to the Change of Control) determines whether awards will be settled in cash;

For severance and other benefits if their employment is terminated without "Cause" or by the Named Executive Officer voluntarily for Good Reason. Termination without Cause or by the Named Executive Officer for Good Reason is referred to as a Qualifying Termination; and

That they will vest in all benefits previously accrued under the NQDB and Excess Plans, and these benefits will be paid in accordance with these plans.

The benefits received upon a Change of Control without termination of employment include the current vested account balance in the Excess Plan and the current vested benefit in the NQDB, according to change of control distribution elections on file for these plans.

For purposes of the Agreements, Good Reason means negative changes in the terms and conditions of the Named Executive Officer's employment, consisting of:

Failure to pay base salary;

Failure to pay the annual bonus or a reduction in annual bonus opportunity;

Material adverse change in position, authority or duties;

Material reduction in the aggregate compensation and benefits;

Relocation to any office or location more than 50 miles from where the Named Executive Officer worked immediately before the Change of Control;

Any material breach of the Change of Control Employment Agreement;

Any purported termination the Company claims is for Cause, but fails to satisfy the requirements for a Cause termination; or

The failure of the Successor to be bound by the Agreements.

Cause means any one or more of the following:

Commission of certain crimes;

Misconduct or habitual neglect of duties; or

Willful or intentional breach of the Change of Control Employment Agreement.

The benefits to be paid or provided under the Agreements if termination occurs for Good Reason or without Cause consist of:

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Lump sum severance benefits equal to two times the sum of the annual base salary and target annual bonus;

Immediate vesting of all stock options, stock appreciation rights, shares of restricted stock, PSAs, PSUs, performance units, RSUs and deferred stock units;

A prorated annual bonus for the year of termination minus the amount paid for the bonus at the time of the Change of Control; and

The reimbursement for legal fees and other related expenses to enforce the Agreements.

In addition, until the third anniversary of the date of the Named Executive Officer's termination, he or she and his or her eligible family members will receive medical, prescription drug, dental, vision, group term life insurance, and accidental death and dismemberment coverages comparable to those received by Executives whose employment continues.

Pursuant to these Agreements, the Named Executive Officers agreed that for one year following a termination of employment that results in the Named Executive Officer receiving the severance benefits described above, he or she will not work for a competing business, solicit employees or customers, or interfere with the relationships of the Company, its affiliates and subsidiaries with their employees or customers.

Table of Contents**Potential Payments Upon Termination Related to a Change of Control**

The following table describes the potential payments upon involuntary termination without Cause or voluntary termination for Good Reason following a Change of Control. The calculations provided in the table assume:

termination occurred on December 31, 2016;

per share price of the Company's Common Stock was \$57.86, the closing price as of December 30, 2016, the last trading day of the year.

Named Executive Officer	Cash Severance(1)	Spread on Previously Unvested Options	Value of Previously Unvested Restricted Stock & Performance Shares(2)	Accelerated Benefit Continuation(3)	Pension Benefit(4)	Total Termination Benefits (before taxes)
Houston	\$ 7,200,000	\$ 5,158,230	\$ 6,150,923	\$ 79,727	\$ 0	\$ 18,588,880
Lillis	\$ 2,270,000	\$ 2,314,870	\$ 3,274,240	\$ 64,968	\$ 0	\$ 7,924,078

Valdés	\$ 2,070,250	\$ 2,015,212	\$ 3,942,060	\$ 79,727	\$ 0	\$ 8,107,249

(1) Cash severance equals two times the sum of base salary and target annual bonus. In addition, the Named Executive Officers would be entitled to a pro rata bonus for the year of termination.

(2) Equals the full value of unvested restricted shares and unearned performance shares as of December 30, 2016, where vesting would be accelerated, at a stock price of \$57.86. Performance shares granted in 2014 and 2015 are valued at target, based on Company performance to date as of December 30, 2016.

(3) Includes the estimated cost of continued medical, dental, vision, and life insurance coverage for three years after the Named Executive Officer's termination and outplacement services.

(4) Represents the lump sum present value of the accelerated vesting of unvested retirement benefits. All of the Named Executive Officers are fully vested in their pension benefit.

Proposal Two Advisory Vote to Approve Executive Compensation

The Company's Executive compensation program is designed to reward Executives who contribute to the achievement of the Company's business objectives and to attract, retain and motivate talented Executives to perform at the highest level and contribute significantly to the Company's success. The program is designed to tie the delivery of Executive compensation to the achievement of the Company's long and short term financial and strategic goals and to align the interests of Executives and shareholders. The purposes and objectives of, and the rationale behind, the Company's compensation program are described in significant detail in the Compensation Discussion and Analysis, starting on page 22. Of particular note are the following policies and practices aligned with recognized corporate governance best practice:

Our Executive compensation is, in large measure, highly variable and directly linked to our short term and long term financial and strategic goals and the performance of the Company's stock price over time.

Executives receive a significant portion of total compensation opportunity in the form of equity based long term incentives and are required to own stock in Principal to ensure their interests are aligned with the shareholders' interests and long term performance of Principal.

Principal prohibits all employees, including Executives, from: purchasing Company securities on margin, except for the exercise of employee stock options; short sales; trading in put or call options; and purchasing, directly or through a designee, any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) that is designed to hedge or offset any decrease in the market value of Company securities.

Principal has a compensation recovery policy to recover incentive compensation paid to Executives if the amount of the compensation was based on achievement of financial results that were subsequently restated, if, in the opinion of the Committee, the Executive engaged in fraud or intentional misconduct that caused the restatement of the Company's financial statements, and if the amount of the Executive's incentive compensation or equity award would have been lower had the financial results been properly reported.

Our Executive Change of Control Employment Agreements provide market-based service protection and do not contain excise tax gross ups.

We provide limited perquisites to Executives one physical examination per year, business spousal travel, and gifts of nominal value given to all sales conference attendees.

Our programs are designed to be financially efficient from tax, accounting, cash flow and share dilution perspectives. We make efforts to ensure tax deductibility to Principal of all compensation to the extent practicable.

Shareholders are being asked to vote on the Company's compensation policies and procedures for the Named Executive Officers, as described in the Compensation Discussion and Analysis and the compensation tables and the accompanying narratives in this Proxy Statement.

This vote is not intended to address any specific item of compensation, but the Company's overall compensation related to our Named Executive Officers. Because your vote is advisory, it will not be binding on the Board and will not overrule any decision by the Board or require the Board to take any action. However, the Human Resources Committee, which is responsible for designing and administering the Company's Executive compensation program, values shareholder opinions and will consider the outcome of the vote when making future compensation decisions for the Named Executive Officers.

This proposal, commonly known as a "say on pay" proposal, gives shareholders the opportunity to vote on an advisory, nonbinding basis to approve the compensation of our Named Executive Officers as disclosed in this proxy statement pursuant to SEC rules through the following resolution:

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

The Board of Directors recommends that shareholders vote "For" this resolution.

Table of Contents

Proposal Three Frequency of Advisory Vote to Approve Executive Compensation

Shareholders are asked to vote on how often they will to vote on approval of the Company's compensation policies and procedures for the Named Executive Officers. Shareholders may vote on whether this occurs every one, two or three years. Currently, this vote is held every year, and the Board believes this practice should continue.

Because the vote is advisory, it will not be binding on the Board and will not overrule any decision by the Board or require the Board to take any action. However, the Human Resources Committee, which is responsible for designing and administering the Company's Executive compensation program, values shareholder opinions, and will consider the outcome of the vote when deciding how frequently shareholders should be asked to vote to approve Executive compensation.

The next vote on the frequency of advisory votes on executive compensation will be held at the Annual Meeting in 2023.

RESOLVED, that the shareholders of the Company indicate by their vote on this resolution whether the shareholders' advisory vote on executive compensation should take place every year, every two years, or every three years, or that they abstain from voting.

The Board of Directors recommends that shareholders vote that the frequency of the advisory vote on executive compensation be held every year.

Proposal Four Ratification of Appointment of Independent Registered Public Accountants

Subject to shareholder ratification, the Audit Committee has appointed the firm of Ernst & Young LLP to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2016. In order to assure continuing auditor independence, the Audit Committee periodically considers the advisability and potential impact of selecting a different independent external audit firm. Ernst & Young LLP has served as the Company's independent registered public accountant since it became a publicly traded company in 2001, and Principal Life has used Ernst & Young LLP as its independent registered public accountant for many years prior thereto. The Audit Committee and the Board of Directors believe, after the consideration of a variety of factors, that the continued retention of Ernst & Young LLP is in the best interest of the Company and its shareholders. Ratification of the appointment of the independent registered public accountants requires the affirmative vote of a majority of the shares represented at the meeting and voting on the matter. If the shareholders do not ratify this appointment, the Audit Committee will consider the matter of the appointment of the independent registered public accountants.

RESOLVED, that the appointment of Ernst & Young, LLP to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2017 be ratified.

The Board of Directors recommends that shareholders vote "For" this resolution.

Representatives of Ernst & Young LLP will be present at the Annual Meeting, will be given an opportunity to make a statement if they so desire and will be available to respond to appropriate questions relating to the audit of the Company's 2016 consolidated financial statements.

Audit Fees

The aggregate fees billed by the Company's independent registered public accounting firm in 2016 and 2015 for professional services rendered in connection with regulatory audits in accordance with US GAAP, statutory, or foreign accounting principles; consultation on matters addressed during these audits; review of documents filed with regulators including the SEC; other engagements required by statute; or engagements that generally only the Company's independent registered public accounting firm can reasonably provide, such as comfort letters or consents, were approximately \$10,390,000 in 2016 and \$10,352,000 in 2015.

Audit Related Fees

The aggregate fees billed by the Company's independent registered public accounting firm in 2016 and 2015 for professional services rendered in connection with audit related services such as financial statement audits of employee benefit plans, financial statement audits not required by statute or regulation, accounting consultations in connection with proposed transactions or emerging accounting standards, and other attest and related advisory services not required by statute or regulation totaled approximately \$1,828,000 in 2016 and \$1,397,000 in 2015.

Tax Fees

The aggregate fees billed by the Company's independent registered public accounting firm for professional services rendered in connection with tax services consisting primarily of tax compliance totaled approximately \$71,000 in 2016 and \$88,000 in 2015. Tax compliance generally involves preparation, assistance or attestation related to tax filings in various domestic and non-domestic jurisdictions. Tax consultation generally involves assistance in connection with tax audits, filing appeals, and compliance with tax related regulations.

All Other Fees

The aggregate fees billed by the Company's independent registered public accounting firm for professional services rendered in connection with other services, consisting primarily of software licensing, totaled \$0 in 2016 and approximately \$27,000 in 2015.

The Audit Committee has adopted a policy on auditor independence that calls for the Committee to preapprove any service the Company's independent registered public accountant proposes to provide to the Company, its majority owned subsidiaries, employee benefit plans or affiliates which the Company controls or significantly influences. The policy also calls for the Committee to preapprove any audit service any independent auditor proposes to provide to these entities. The purpose of the policy is to assure that the provision of such services does not

impair any auditor's

Table of Contents

independence. The policy provides for the general preapproval of specific types of Audit and Audit Related services and fees up to an established individual engagement and annual threshold. The policy requires specific preapproval of all other services. Pursuant to the policy, each quarter Principal management presents to the Committee a detailed description of each particular service that meets the definition of services that have been generally approved and each service for which specific preapproval is sought, and an estimate of fees for each service. The policy accords the Audit Committee Chair authority to preapprove services and fees for those services that arise between regularly scheduled meetings of the Audit Committee. In considering whether to preapprove the provision of non audit services by the independent registered public accountant, the Audit Committee will consider whether the services are compatible with the maintenance of the independent registered public accountant's independence. The Audit Committee does not delegate its responsibilities to preapprove services performed by an independent auditor to management.

The Audit Committee did not approve the services described above under the captions Audit Related Fees, Tax Fees and All Other Fees by utilizing the de minimis exception of SEC Rule 2-01(c)(7)(i)(C).

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Includes shares owned by Ms. Strable's spouse.

In addition to beneficial ownership of Common Stock, the Company's Directors and Executive Officers also hold different forms of "stock units" that are not reported in the security ownership table but represent additional financial interests that are subject to the same market risk as Common Stock. These units include shares that may be acquired after May 13, 2016, pursuant to previously awarded stock options, RSUs, performance share units and nontransferable accounting entry units such as phantom stock units issued pursuant to Company stock based compensation and benefit plans. The value of such units is the same as the value of the corresponding number of shares of Common Stock.

See "Directors' Compensation" on pages 18-20 for a discussion of the options and RSUs granted to Directors under the Principal Financial Group, Inc. 2014 Directors Stock Plan and the phantom stock units credited to Directors who participate in the Deferred Compensation Plan for nonemployee Directors of Principal Financial Group, Inc. See "Compensation Discussion and Analysis" beginning on page 22 for a discussion of the performance units credited to officers who defer receipt of awards under a long term performance plan, the options and RSUs granted under the 2014 Stock Incentive Plan, and phantom stock units credited to officers that defer salary into an employer stock fund available under the Excess Plan.

As of March 14, 2017, the Directors and Executive Officers named in the security ownership table hold a pecuniary interest in the following number of units: Ms. Bernard, 3,167; Ms. Carter Miller, 3,167; Dr. Costley, 0; Mr. Dan, 17,173; Mr. Ferro, 21,473; Dr. Gelatt, 3,167; Ms. Helton, 3,167; Mr. Hochschild, 8,528; Mr. Mills, 3,686; Mr. Pickerell, 3,167; Ms. Tallett, 9,596; Mr. Zimpleman, 0; Mr. Houston, 336,088; Mr. Lillis, 128,312; Mr. McCaughan, 235,631; Ms. Strable, 120,639; and Mr. Valdés, 136,349.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors, Executive Officers and persons who own more than ten percent of a registered class of the Company's equity securities (Reporting Persons) to file with the SEC and the New York Stock Exchange reports of ownership of the Company's securities and changes in ownership. Reporting Persons required to provide the Company with copies of all Section 16(a) reports they file. Based on a review of the reports provided to the Company or written representations from Reporting Persons, the Company believes that during the fiscal year ended December 31, 2016, all Section 16(a) reports were filed on a timely basis.

Questions and Answers About the Annual Meeting

Why didn't I receive a copy of the paper proxy materials?

The Securities and Exchange Commission ("SEC") rules allow companies to notify shareholders that proxy materials are available on the Internet and to provide access to those materials via the Internet. You may obtain paper copies of the proxy materials free of charge by following the instructions provided in the notice of Internet availability of proxy materials.

Why did I receive notice of and access to this proxy statement?

The Board is soliciting proxies to be voted at the Annual Meeting of shareholders to be held on May 16, 2017, at 9:00 a.m., Central Daylight Savings Time, at 750 Park Street, Des Moines, Iowa, and at any adjournment or postponement of the meeting. When the Board asks for your proxy, it must provide you access to proxy materials that contain information required by law. These materials were first made available, or sent to shareholders on April 4, 2017.

What is a proxy?

It is your legal designation of another person to vote the stock you own. The other person is called a proxy. When you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. Principal has designated three of Company's officers to act as proxies for the 2017 Annual Meeting: Timothy M. Dunbar, Executive Vice President and Chief Investment Officer; Deanna D. Strable, Executive Vice President and Chief Financial Officer; and Karen E. Shaff, Executive Vice President, General Counsel and Secretary.

What will the shareholders vote on at the Annual Meeting?

Election of four Directors for three year terms;

An advisory vote to approve Named Executive Officer compensation;

An advisory vote on the timing of future advisory votes on Executive compensation; and

Ratification of the appointment of independent auditors.

Will there be any other items of business on the agenda?

Principal does not expect any other items of business because the deadline for shareholder proposals and nominations has passed. However, if any other matter should properly come before the meeting, the people authorized by proxy will vote according to their best judgment.

Who can vote at the Annual Meeting?

Shareholders as of the close of business on March 22, 2017 ("Record Date") can vote at the Annual Meeting.

How many votes do I have?

You will have one vote for every share of Company Common Stock you owned on the Record Date.

Table of Contents

What constitutes a quorum?

One third of the outstanding shares of Common Stock as of the Record Date. On the Record Date, there were 288,315,114 shares of Common Stock outstanding. A quorum must be present, in person or by proxy, before any action can be taken at the Annual Meeting, except an action to adjourn the meeting.

How many votes are required for the approval of each item?

Each nominee for Director will be elected if there are more votes for the nominee than votes against the nominee. Directors are elected by the majority of votes cast in uncontested Director elections.

The advisory vote to approve the Company's Named Executive Officer compensation will be approved if there are more votes for the proposal than against the proposal.

The advisory vote on frequency of future advisory votes on executive compensation asks shareholders to express their preference for one of three choices for future advisory votes on executive compensation every year, every other year, or every three years. Abstentions have the same effect as not expressing a preference.

The appointment of the independent auditors will be ratified if there are more votes for the proposal than votes against the proposal.

Abstentions and broker non votes will be treated as being present at the meeting for the purpose of determining a quorum but will not be counted as votes for the proposals. They have no impact on the Director nominees, the advisory vote to approve Named Executive Officer compensation or ratification of independent auditors.

What are Broker Non votes?

If your shares are held in a brokerage account, your broker will ask you how you want your shares to be voted. If you give your broker directions, your shares will be voted as you direct. If you do not give directions, the broker may vote your shares on routine items of business, but not on non routine items. Proxies that are returned by brokers because they did not receive directions on how to vote on non routine items are called "broker non votes."

How do I vote by proxy?

Shareholders of record may vote by mail, by telephone or through the Internet. Shareholders may vote "for," "against" or "abstain" from voting for each of the Director nominees, the advisory vote to approve Named Executive Officer compensation, and the proposal to ratify the appointment of the independent auditors.

By Mail. Sign and date each proxy or voting instruction card you receive and return it in the prepaid envelope. Sign your name exactly as it appears on the proxy. If you are signing as a representative (for example, as an attorney in fact, executor, administrator, guardian, trustee or an officer or agent of a corporation or partnership), indicate your name and your title or capacity. If the stock is held in custody for a minor, the custodian should sign, not the minor. If the stock is held in joint ownership, one owner may sign on behalf of all owners.

By Telephone. Follow the instructions on the proxy or voting instruction card or the instructions in the email message that notified you of the availability of the proxy materials. If you vote by telephone, do not return your proxy or voting instruction card. Telephone voting will be available until 1:00 a.m., Central Daylight Time, on May 16, 2017 for proxy cards and until 1:00 a.m., Central Daylight

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Time, on May 12, 2017, for voting instruction cards.

Through the Internet. You may vote on line at www.investorvote.com. Follow the instructions provided in the notice of Internet availability of proxy materials or on the proxy or voting instruction card. If you vote through the Internet, do not return your proxy or voting instruction card. Internet voting for proxy cards will be available until 1:00 a.m., Central Daylight Time, on May 16, 2017, and until 1:00 a.m., Central Daylight Time, on May 12, 2017, for voting instruction cards.

Table of Contents

How do I vote shares that are held by my broker?

If you own shares held by a broker, you may direct your broker or other nominee to vote your shares by following the instructions that your broker provides to you. Most brokers offer voting by mail, telephone and through the Internet.

How do I vote in person?

If you are going to attend the Annual Meeting, you may vote your shares in person. However, we encourage you to vote in advance of the meeting by mail, telephone or through the Internet even if you plan to attend the meeting.

How do I vote my shares held in the Company's 401(k) plan?

The trustees of the plan will vote your shares in accordance with the directions you provide by voting on the voting instruction card or the instructions in the email message that notified you of the availability of the proxy materials. Shares for which voting instructions are not received are voted in the discretion of the trustees.

How are shares held in the Demutualization separate account voted?

Principal became a public company on October 26, 2001, when Principal Mutual Holding Company converted from a mutual insurance holding company to a stock company (Demutualization) and the initial public offering of shares of the Company's Common Stock was completed. Principal issued Common Stock to Principal Life, and Principal Life allocated this Common Stock to a separate account that was established to fund policy credits received as Demutualization compensation by certain employee benefit plans that owned group annuity contracts. Although Principal Life will vote these shares, the plans may give Principal Life voting directions. A plan may give voting directions by following the instructions on the voting instruction card or the instructions in the message that notified you of the availability of proxy materials. Principal Life will vote the shares as to which it received no direction in the same manner, proportionally, as the shares in the Demutualization separate account for which it has received directions.

Who counts the votes?

Votes will be counted by Computershare Trust Company, N.A.

What happens if I do not vote on an issue when returning my proxy?

If no specific instructions are given, proxies that are signed and returned will be voted as the Board of Directors recommends:

"For" the election of all Director nominees;

"For" approval of the Company's named executive officer compensation;

"For" the advisory shareholder vote on executive compensation occurring every year; and

"For" the ratification of Ernst & Young LLP as independent auditors.

How do I revoke my proxy?

If you hold your shares in street name, you must follow the instructions of your broker or bank to revoke your voting instructions. Otherwise, you can revoke your proxy or voting instructions by voting a new proxy or instruction card or by voting at the meeting.

What should I do if I want to attend the Annual Meeting?

Please bring photo identification and, if your stock is held by a broker or bank, evidence of your ownership of Common Stock as of March 22, 2017. The notice of Internet availability of proxy materials you received in the mail, a letter from your broker or bank or a photocopy of a current account statement will be accepted as evidence of ownership.

How do I contact the Board?

You may contact the through the Lead Director through the Investor Relations section of the Company's website at www.principal.com, or by writing to:

Lead Director, c/o Karen E. Shaff
Executive Vice President, General Counsel and Secretary
Principal Financial Group, Inc.
Des Moines, Iowa 50392-0300

All emails and letters received will be categorized and processed by the Company's Secretary and then sent to the Company's Lead Director.

How do I submit a shareholder proposal for the 2018 Annual Meeting?

The Company's next annual meeting is scheduled for May 22, 2018. Proposals should be sent to the Company's Secretary. To be included in next year's proxy statement, proposals must be received by December 5, 2017. In addition, the Company's By-Laws provide that any shareholder wishing to propose any other business at the annual meeting must give Principal written notice between January 16, 2018 and February 18, 2018. That notice must provide other information as described in the Company's By-Laws, which are on the Company's website, www.principal.com.

What is "householding?"

We send shareholders of record at the same address one copy of the proxy materials unless we receive instructions from a shareholder requesting receipt of separate copies of these materials.

If you share the same address as other shareholders and would like Principal to send only one copy of future proxy materials, please contact Computershare Trust Company, N.A. at 866-781-1368, or P.O. Box 43078, Providence, RI 02940-3078. You can also contact Computershare to receive individual copies of all documents.

Where can I receive more information about the Company?

We file reports and other information with the SEC, which are available on the Company's website at www.principal.com and at www.sec.gov. You may also contact the SEC at 1-800-SEC-0330. The Audit, Finance, Human Resources and Nominating and Governance Committee charters, the Company's Corporate Governance Guidelines, and Principal's Code of Business Conduct and Ethics are also available on the Company's website, www.principal.com.

The Board urges you to vote by using the Internet or telephone or by returning the proxy or **voting instruction card**.
