The mailing address of our principal executive offices is c/o Maurant Governance Services (Cayman) Limited, 94 Solaris Avenue, Camana Bay, Grand Cayman KY1-1108, Cayman Islands.

Please note that while our proxy materials and our Annual Report on Form 10-K are available on our website, no other information contained on the website is incorporated by reference into or considered to be part of this document or our Annual Report on Form 10-K.

Shareholders Entitled to Vote; Record Date

Only holders of record of our ordinary shares, par value US\$0.0001 per share, at 5:00 p.m. Cayman Islands time on April 18, 2019 (the "record date") are entitled to notice of, and to attend and to vote at, the Annual Meeting. As of 5:00 p.m. Cayman Islands time on the record date, we had outstanding 777,413,184 ordinary shares, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting, except as otherwise provided in this Proxy Statement. On the record date, approximately 606,423,597 of the 777,413,184 outstanding ordinary shares were held in the name of Citibank, N.A. (the "Depositary") as depositary for the American Depositary Shares (the "ADSs"), which issues Company-sponsored American Depositary Receipts ("ADRs"), evidencing ADSs that in turn each represent 13 of our ordinary shares. Each shareholder of record is entitled to one vote for each ordinary share held by such shareholder.

Quorum

We are an exempted company incorporated in the Cayman Islands with limited liability, and our affairs are governed by our amended and restated memorandum and articles of association, which we refer to as our "articles"; the Companies Law (as amended) of the Cayman Islands, which we refer to as the "Cayman Companies Law"; and the common law of the Cayman Islands.

The quorum required for a general meeting of shareholders at which an ordinary resolution is proposed consists of such shareholders present in person or by proxy who together hold shares carrying the right to at least a simple majority of all votes capable of being exercised on a poll. The quorum required for a general meeting at which a special resolution is proposed consists of such shareholders present in person or by proxy who together hold shares carrying the right to at least two-thirds of all votes capable of being exercised on a poll.

Table of Contents

Voting

An ordinary resolution to be passed by the shareholders requires the affirmative vote of a simple majority of the votes cast by the shareholders entitled to vote who are present in person or by proxy at a general meeting, while a special resolution requires the affirmative vote of at least two-thirds of the votes cast by the shareholders entitled to vote who are present in person or by proxy at a general meeting (except for certain types of winding up of the Company, in which case the required majority to pass a special resolution is 100%). Both ordinary resolutions and special resolutions may also be passed by a unanimous written resolution signed by all the shareholders of our Company, as permitted by the Cayman Companies Law and our articles. A special resolution is required for important matters such as a change of name and amendments to our articles. Our shareholders may effect certain changes by ordinary resolution, including increasing the amount of our authorized share capital, consolidating and dividing all or any of our share capital into shares of larger amounts than our existing shares and cancelling any authorized but unissued shares. Proposals 1 through 8 of this Proxy Statement are all ordinary resolutions.

Persons who hold our ordinary shares directly on the Cayman Register on the record date ("Cayman record holders") must either (1) return a proxy card (a) by mail or by hand to the offices of the Cayman Registrar: Mourant Governance Services (Cayman) Limited, 94 Solaris Avenue, Camana Bay, Grand Cayman KY1-1108, Cayman Islands, or (b) by email at BeiGene@mourant.com; or (2) attend the Annual Meeting in person to vote on the proposals.

Persons who hold our ordinary shares directly on the HK Register on the record date ("HK record holders," and together with the Cayman record holders, "record holders") must either (1) return a proxy card by mail or by hand to the offices of the HK Registrar: Computershare Hong Kong Investor Services Limited, 17M Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong; or (2) attend the Annual Meeting in person to vote on the proposals.

Persons who own our ordinary shares indirectly on the record date through a brokerage firm, bank or other financial institution, including persons who own our ordinary shares in the form of ADSs through the Depositary ("beneficial owners"), must return a voting instruction form to have their shares or the shares underlying their ADSs, as the case may be, voted on their behalf. Brokerage firms, banks or other financial institutions that do not receive voting instructions from beneficial owners may either vote these shares on behalf of the beneficial owners if permitted by applicable rules or return a proxy leaving these shares un-voted (a "broker non-vote").

ADS holders are not entitled to vote directly at the Annual Meeting, but the Deposit Agreement, dated as of February 5, 2016, as amended (the "Deposit Agreement"), by and among the Depositary, the Company and the holders of ADSs permits registered holders of ADSs as of the record date to instruct the Depositary how to exercise their voting rights pertaining to the ordinary shares so represented. The Depositary has agreed that it will endeavor, insofar as practicable and permitted under applicable law and the provisions of the Deposit Agreement, to vote (in person or by delivery to BeiGene of a proxy) the ordinary shares registered in the name of the Depositary in accordance with the voting instructions received from the ADS holders. If the Depositary does not receive instructions from a holder, such holder shall be deemed, and the Depositary shall (unless otherwise specified in the notice distributed to holders of ADSs) deem such holder, to have instructed the Depositary to give a discretionary proxy to a person designated by us to vote the ordinary shares represented by such holders' ADSs, provided that no such discretionary proxy may be given by the Depositary with respect to any matter to be voted upon that we inform the Depositary that (a) we do not wish such proxy to be given, (b) substantial opposition exists, or (c) the rights of holders of ordinary shares may be materially adversely affected. In the event that the instruction card is executed but does not specify the manner in which the ordinary shares represented are to be voted (i.e., by marking a vote "FOR," "AGAINST" or any other option), the Depositary will vote in respect of each proposal as recommended by the Board

Table of Contents

as described in the Notice of Annual General Meeting. Instructions from the ADS holders must be sent to the Depositary so that the instructions are received by no later than 10:00 a.m. New York Time on May 28, 2019.

Abstentions and broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast on a given proposal.

We have retained the Cayman Registrar to hold and maintain our Cayman Register and the HK Registrar to hold and maintain our HK Register. The Cayman Registrar and the HK Registrar will be engaged by us to take delivery of completed proxy forms posted to them in accordance with the details above.

We encourage you to vote by proxy by mailing or emailing or sending by hand an executed proxy card in accordance with the instructions and deadlines above. Voting in advance of the meeting will ensure that your shares will be voted and reduce the likelihood that we will be forced to incur additional expenses soliciting proxies for the Annual Meeting. Any record holder of our ordinary shares may attend the Annual Meeting in person and may revoke the enclosed form of proxy at any time by:

executing and delivering to the Cayman Registrar or the HK Registrar, as applicable, a later-dated proxy by mail or email or by hand pursuant to the instructions above until 4:00 a.m. Cayman Islands Time / 5:00 p.m. Hong Kong Time on June 2, 2019; or

voting in person at the Annual Meeting.

Beneficial owners of our ordinary shares and ADSs representing our ordinary shares who wish to change or revoke their voting instructions should contact their brokerage firm, bank or other financial institution or the Depositary, as applicable, for information on how to do so. Beneficial owners who wish to attend the Annual Meeting and vote in person should contact their brokerage firm, bank or other financial institution holding our ordinary shares on their behalf in order to obtain a "legal proxy" which will allow them to both attend the meeting and vote in person. Without a legal proxy, beneficial owners cannot attend or vote at the Annual Meeting because their brokerage firm, bank or other financial institution may have already voted or returned a broker non-vote on their behalf. Record holders of ADSs who wish to attend the Annual Meeting and vote in person should contact the Depositary (and beneficial owners wishing to do the same should contact their brokerage firm, bank or other financial institution holding their ADSs) to cause their ADSs to be cancelled and the underlying shares to be withdrawn in accordance with the terms and conditions of the Deposit Agreement so as to be recognized by us as a record holder of our ordinary shares.

No Appraisal Rights

Our shareholders have no rights under the Cayman Companies Law or under our articles to exercise dissenters' or appraisal rights with respect to the proposals being voted on.

Expenses of Solicitation

We are making this solicitation and will pay the entire cost of preparing and distributing the proxy materials and soliciting votes. If you choose to access the proxy materials over the Internet, you are responsible for any Internet access charges that you may incur. Our officers, directors and employees may, without compensation other than their regular compensation, solicit proxies through further mailings, personal conversations, facsimile transmissions, emails or otherwise. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the proxies.

Procedure for Submitting Shareholder Proposals

The Cayman Companies Law provides shareholders with only limited rights to requisition a general meeting and does not provide shareholders with a right to put any proposal before a general meeting. However, these rights may be provided in a company's articles of association. Our articles allow our shareholders holding in aggregate not less than one-tenth of the voting rights of issued shares and entitled to vote at general meetings to requisition an extraordinary general meeting of our shareholders, in which case our Board of Directors is obliged to convene an extraordinary general meeting and to put the resolutions put forward to a vote at such meeting. Additionally, under our articles, at a properly requisitioned extraordinary general meeting, our shareholders will have right to propose resolutions with respect to the election, appointment or removal of directors. Our articles provide no other right to put any proposals before annual general meetings or extraordinary general meetings. As a Cayman Islands exempted company, we are not obligated by law to call shareholders' annual general meetings. However, our corporate governance guidelines require us to call such meetings every year to the extent required by the listing rules of any stock exchange on which our ordinary shares or ADSs are traded.

Shareholders may present proper proposals for inclusion in our proxy statement and for consideration at our next annual general meeting of shareholders by submitting their proposals in writing to us in a timely manner. In order to be considered for inclusion in the proxy statement for the 2020 annual general meeting of shareholders, shareholder proposals must be received at our principal executive offices no later than December 31, 2019, and must otherwise comply with the requirements of Rule 14a-8 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act"). Any shareholder proposal for the annual general meeting of shareholders in 2020, which is submitted outside the processes of Rule 14a-8, shall be considered untimely unless received by the Company in writing no later than March 15, 2020. If the date of the annual meeting is moved by more than 30 days from the date contemplated at the time of the previous year's proxy statement, then notice must be received within a reasonable time before we begin to print and send proxy materials. If that happens, we will publicly announce the deadline for submitting a proposal in a press release or in a document filed with the U.S. Securities and Exchange Commission ("SEC") and announced in Hong Kong via the *hkexnews.hk* website. A copy of all notices of proposals by shareholders should be sent to us at BeiGene, Ltd., c/o Maurant Governance Services (Cayman) Limited, 94 Solaris Avenue, Camana Bay, Grand Cayman KY1-1108, Cayman Islands.

**PROPOSALS 1 TO 4
ELECTION OF DIRECTORS**

Our articles provide that persons standing for election as directors at a duly constituted general meeting of shareholders with a requisite quorum shall be elected by an ordinary resolution of our shareholders, which requires the affirmative vote of a simple majority of the votes cast on the resolution by the shareholders entitled to vote who are present in person or by proxy at the meeting. Our articles further provide that our Board of Directors will be divided into three groups designated as Class I, Class II and Class III with as nearly equal a number of directors in each group as possible, with each director serving a three-year term and until his or her successor is duly elected and qualified, subject to his or her earlier resignation or removal.

Upon the expiration of the term of each class, each director in that class, if nominated by the Board of Directors, shall be eligible for re-election at the annual general meeting to hold office for another three-year term and until such director's successor has been duly elected. Our articles provide that, unless otherwise determined by shareholders in a general meeting, our Board of Directors will consist of not less than three directors. We have no provisions relating to retirement of directors upon reaching a specified age.

In the event of a vacancy arising from the resignation of a director or as an addition to the existing board, our Board of Directors may, by the affirmative vote of a simple majority of the remaining directors present and voting at a board meeting, appoint any person to be a director.

For so long as our ordinary shares or ADSs are listed on The NASDAQ Global Select Market ("NASDAQ"), and The Stock Exchange of Hong Kong Limited (the "HKEx"), our directors are required to comply with the director nomination procedures of the NASDAQ Stock Market and the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, or HK Listing Rules, and our Board of Directors is required to include at least such number of independent directors as required by the NASDAQ rules and the HK Listing Rules.

The terms of the Class III directors are scheduled to expire on the date of the 2019 Annual Meeting. Based on the recommendation of the Nominating and Corporate Governance Committee of the Board of Directors, the Board of Directors' nominees for election by the shareholders are the current Class III members: Ranjeev Krishana, Xiaodong Wang and Qingqing Yi. If elected, each nominee will serve as a director until the annual general meeting of shareholders in 2022 and until his or her successor is duly elected and qualified, subject to his or her earlier resignation or removal.

Additionally, Jing-Shyh (Sam) Su was elected to our Board of Directors in April 2018 by our Board of Directors through the filling of a vacancy, as permitted by our articles. Based on the recommendation of the Nominating and Corporate Governance Committee of the Board of Directors, the Board of Directors nominates Jing-Shyh (Sam) Su for election by the shareholders at the Annual Meeting to serve as a Class I director. If elected, Mr. Su will serve as a director until the annual general meeting of shareholders in 2020 and until his or her successor is duly elected and qualified, subject to his or her earlier resignation or removal.

We have received from each of the Class III and Class I director nominees an annual confirmation of independence pursuant to the NASDAQ rules and Rule 3.13 of the HK Listing Rules and consider each of the independent non-executive Directors are independent under the NASDAQ and the HK Listing Rules.

The names of and certain information about the directors in each of the three classes are set forth below. There are no family relationships among any of our directors or executive officers.

PROPOSAL 7
CONNECTED PERSON PLACING AUTHORIZATION

As a commercial stage biotechnology company, the Company believes that efficient access to capital on a continuing basis is essential to funding the Company's business plans, and participation in capital raisings by biotech-focused funds with deep industry knowledge (such as the Company's existing shareholders, Baker Bros. Advisors LP and Hillhouse Capital Management, Ltd. and parties affiliated with each of them (the "Existing Shareholders")), is often crucial to the success of capital raising transactions. In connection with the Company's listing on the HKEx in August 2018, the Company therefore applied for, and the HKEx granted, a waiver (the "Waiver") from strict compliance with Rule 13.36(1) of the HK Listing Rules and the independent shareholder approval requirements set out in Chapter 14A of the HK Listing Rules in respect of the Connected Person Placing Authorization (as defined below).

In order to give the Company the flexibility to issue ordinary shares and/or ADSs to certain connected persons if and when appropriate and to comply with the HK Listing Rules, the Company proposes an ordinary resolution at the Annual Meeting to authorize the Company and its underwriters, in their sole discretion, to, in the Company's securities offerings, allocate to each of the Existing Shareholders, up to a maximum amount of shares in order to maintain the same shareholding percentage of each of the Existing Shareholders (based on then-outstanding share capital of the Company) before and after the allocation of the corresponding securities issued pursuant to an offering conducted pursuant to the General Mandate to Issue Shares set forth in Proposal 6 for a period of five years, which period will be subject to an extension on a rolling basis each year, subject to the following conditions (the "Connected Person Placing Authorization"):

- (1) the Company will put forward Proposals 6 and 7 to its shareholders in the next general meeting following the HKEx listing, which will be convened within four months after its listing (to clarify, this condition was satisfied in December 2018);
- (2) the Connected Person Placing Authorization and the shareholder approval of the General Mandate to Issue Shares are not interdependent in that our shareholders may approve the General Mandate to Issue Shares without approving the Connected Person Placing Authorization;
- (3) the Existing Shareholders shall abstain from voting on the Connected Person Placing Authorization;
- (4) the Connected Person Placing Authorization is only valid to the extent the Existing Shareholders individually hold less than 50% of the then-outstanding share capital of the Company;
- (5) any securities issued to the Existing Shareholders in an offering conducted pursuant to the General Mandate to Issue Shares shall be for cash consideration only and not as consideration for any acquisition;
- (6) none of the Existing Shareholders shall be entitled to have representatives on the committee of the Board of Directors responsible for determining the specific pricing of any offering;
- (7) apart from the potential pro rata allocation, the Existing Shareholders will subscribe for securities on the same terms and conditions as all other placees in any offering and none of the Existing Shareholders shall be entitled to any preferential treatment with respect to any offering conducted;
- (8) the Company will put forward Proposals 6 and 7 to its shareholders at each subsequent annual general meeting after its listing on the HKEx; and

PROPOSAL 8
NON-BINDING, ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") and Section 14A of the Exchange Act, we are conducting a shareholder advisory vote on the compensation paid to our named executive officers. This proposal, commonly known as a "say-on-pay" vote, gives our shareholders the opportunity to express their views on our named executive officers' compensation. The vote is advisory and therefore not binding on the Board of Directors, the Compensation Committee, or our Company. Nevertheless, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. Based on the non-binding advisory vote regarding the frequency of future executive compensation advisory votes conducted at the 2018 annual general meeting, we currently intend to conduct this advisory vote annually until the next vote on the non-binding advisory frequency of such non-binding advisory votes, which will occur at our 2024 annual general meeting.

As described in detail in the section of this Proxy Statement titled "Executive Compensation Compensation Discussion and Analysis," our executive compensation program is designed to attract, motivate and retain our named executive officers, who are critical to our success. Our Board of Directors believes that our executive compensation program is well-tailored to retain and motivate key executives while recognizing the need to align the program with the interests of our shareholders and our "pay-for-performance" philosophy. We believe that philosophy is working given the Company's performance in 2018, which is discussed in more detail in the "Executive Compensation Compensation Discussion and Analysis" section. During 2018, we made significant progress on our clinical development and business goals, including submission of three new drug applications with the China National Medical Products Administration (NMPA, formerly known as CFDA), continuing to advance or initiate late-stage clinical trials of our drug candidates and entering into collaborations with Mirati Therapeutics and Zymeworks Inc., among others. Our accomplishments are represented in our total shareholder return ("TSR"), which is at the 100th percentile compared to our compensation peer companies for the year ended December 31, 2018 and for the time period since we went public on February 3, 2016. We encourage our shareholders to read the "Executive Compensation Compensation Discussion and Analysis" section as well as the table in the section below of this Proxy Statement titled "Executive Compensation Summary Compensation Table" and other related compensation tables and narrative disclosures in this Proxy Statement, which describe our executive compensation philosophy, programs, and practices and the 2018 compensation of our named executive officers.

We are asking our shareholders to indicate their support for the compensation of our named executive officers as described in this Proxy Statement. This vote is not intended to address any specific item of compensation but rather the overall compensation of our named executive officers and our executive compensation philosophy, programs, and practices as described in this Proxy Statement.

The say-on-pay vote is advisory and therefore not binding on the Board of Directors, the Compensation Committee or our Company. However, the Board of Directors and the Compensation Committee value the opinion of our shareholders, and to the extent there is a significant vote against the compensation of our named

Consulting Agreement

Dr. Xiaodong Wang, our Founder, Chairman of our Scientific Advisory Board and director, has been providing scientific and strategic advisory services to us since our founding in 2010. On July 24, 2018, we entered into a consulting agreement with Dr. Wang for a term of three years.

Dr. Wang's consulting services include leading our Scientific Advisory Board and providing short- and long-term strategic advice to our Company in his areas of expertise, participating in our leadership team meetings from time to time, and interacting with our key stakeholders on behalf of the Company. Through these and other contributions, Dr. Wang has helped us make significant progress on our research, development and business goals. For example, during 2018, Dr. Wang:

Provided strategic advice to our senior management team in the significant expansion of our global operations and employee base;

Worked closely with our Chief Executive Officer in the recruitment of Dr. Xiaobin Wu, who was Country Manager of Pfizer China, to join BeiGene as our General Manager in China and President of the Company;

Helped us to expand our research team to over 200 scientists at our R&D center in Beijing, China and provided strategic advice on our plans to further expand our facilities;

CORPORATE GOVERNANCE

Composition of Our Board of Directors

Our Board of Directors currently consists of nine members. We are not subject to any contractual obligations regarding the election of our directors. Our Nominating and Governance Committee and Board of Directors may consider a broad range of factors relating to the qualifications and background of nominees, which may include diversity and is not limited to race, gender or national origin. We have adopted a written policy regarding board diversity that is described below. Our Nominating and Governance Committee's and Board of Directors' priority in selecting board members is identification of persons who will further the interests of our Company through his or her established record of professional accomplishment, the depth and breadth of business experience and other background characteristics. Our directors hold office until their successors have been elected and qualified or until the earlier of their resignation or removal.

Our articles allow our shareholders holding in aggregate not less than one-tenth of the voting rights of issued shares and entitled to vote at general meetings to requisition an extraordinary general meeting of our shareholders. In the event that such a meeting is called, our articles provide that (1) the shareholders requisitioning a general meeting of shareholders may put forward resolutions to appoint or remove directors (with or without cause), and (2) at that meeting so convened the affirmative vote of a simple majority of the issued shares as of the applicable record date shall be required to approve the appointment or removal of directors. Additionally, our articles provide that any vacancy on our board of directors, including a vacancy resulting from an enlargement of our Board of Directors, may be filled only by vote of a majority of our directors then in office.

In accordance with the terms of our articles, our Board of Directors is divided into three classes, Class I, Class II and Class III, with each class serving staggered three-year terms. Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a new three-year term at the annual meeting of shareholders in the year in which their term expires.

Our Class I directors are Timothy Chen, John V. Oyler and Jing-Shyh (Sam) Su;

Our Class II directors are Donald W. Glazer, Michael Goller and Thomas Malley; and

Our Class III directors are Ranjeev Krishana, Xiaodong Wang and Qingqing Yi.

Our articles provide that the authorized number of directors may be changed only by ordinary resolution of the shareholders if the number of directors is reduced to less than three. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class shall consist of one-third of the Board of Directors.

Board and Committee Matters

Our Board of Directors has determined that all members of the Board of Directors, except John V. Oyler and Xiaodong Wang, are independent, as determined in accordance with the rules of the NASDAQ Stock Market and the HK Listing Rules. In making this independence determination, our

Table of Contents

Board of Directors considered the relationships that each such non-employee director has with us and all other facts and circumstances that the Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our share capital by each non-employee director. In considering the independence of the directors listed above, our Board of Directors considered the association of our directors with the holders of more than 5% of our share capital. We expect that the composition and functioning of our Board of Directors and each of our committees will continue to comply with all applicable requirements of the NASDAQ Stock Market, the rules and regulations of the SEC and the HK Listing Rules. There are no family relationships among any of our directors or executive officers.

Corporate Governance

We have adopted a written code of conduct that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A current copy of the code is posted on our website at www.beigene.com under "Investors NASDAQ investors" and " HKEX investors." If we make any substantive amendments to, or grant any waivers from, the code of conduct for any officer, we will disclose the nature of such amendment or waiver on our website at www.beigene.com or in a Current Report on Form 8-K.

Board Meetings and Committees

Our Board of Directors held 10 meetings during 2018. The directors ordinarily hold executive sessions at regularly scheduled meetings of the Board of Directors. During 2018, each of the directors then in office attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings of the committees of the Board of Directors on which such director then served, except Xiaodong Wang. Directors and director nominees are encouraged to attend the annual general meeting of shareholders, barring significant commitments or special circumstances. Six of our nine then-serving directors attended our 2018 annual general meeting of shareholders.

During 2018, our Board of Directors had three standing committees: Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Audit Committee

Thomas Malley, Timothy Chen and Qingqing Yi currently serve on the Audit Committee, which is chaired by Thomas Malley. Effective May 1, 2019, Jing-Shyh (Sam) Su will replace Qingqing Yi as a member of the Audit Committee. Our Board of Directors has determined that each member of the Audit Committee is "independent" for Audit Committee purposes as that term is defined in the rules of the SEC and the NASDAQ Stock Market. Our Board of Directors has designated Thomas Malley as an "audit committee financial expert," as defined in SEC rules. The Audit Committee's responsibilities include:

Nominating and Corporate Governance Committee

Donald W. Glazer and Michael Goller currently serve on the Nominating and Corporate Governance Committee, which is chaired by Donald W. Glazer. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is "independent" as that term is defined in the rules of the NASDAQ Stock Market and the HKEx. The Nominating and Corporate Governance Committee's responsibilities include:

developing and recommending to the Board of Directors criteria for board and committee membership;

establishing procedures for identifying and evaluating board of director candidates, including nominees recommended by shareholders;

identifying individuals qualified to become members of the Board of Directors;

The Nominating and Corporate Governance Committee operates pursuant to a written charter adopted by the Board of Directors, which is available on our website at www.beigene.com under "Investors NASDAQ investors" and " HKEX investors."

Board Diversity Policy

We adopted a board diversity policy (the "Diversity Policy") to set out the Company's approach to diversity on the Board of Directors. Pursuant to the Diversity Policy, our Nominating and Corporate Governance Committee will review annually the structure, size and composition of the Board of Directors and, where appropriate, make recommendations on changes to the Board of Directors. In reviewing the Board of Directors' composition, our Nominating and Corporate Governance Committee will consider, among others characteristics, the nationality, ethnicity, gender, age, skills, expertise, and industry and regional experience of board members and nominees. The Diversity Policy further provides that our Nominating and Corporate Governance Committee will discuss and, where necessary, agree on measurable objectives for achieving diversity on the Board of Directors and recommend them to the Board of Directors for adoption. The Board of Directors intends to rate its composition against the factors identified above and to recruit a director or directors to address any factors that could bear improvement. The Board of Directors specifically notes its plans to recruit at least one female director to be elected before the 2020 annual meeting of shareholders.

Director Nominations

The Board of Directors will consider and approve from time to time the criteria that it deems necessary or advisable for director candidates. The Board of Directors has full authority to modify such criteria as it deems necessary or advisable. The Board of Directors has delegated to the Nominating and Corporate Governance Committee the responsibility for developing and recommending to the Board of Directors for its consideration and approval criteria for director candidates. The Company has adopted policies and procedures for director candidates. The Board of Directors may, however, rescind its delegation and assume the responsibilities it previously delegated to the Nominating and Corporate Governance Committee.

The Board of Directors has delegated to the Nominating and Corporate Governance Committee the responsibility to identify candidates for nomination to the Board of Directors (including candidates to fill vacancies) and assessing their qualifications in light of the policies and principles in our Corporate Governance Guidelines, the Diversity Policy and the Committee's charter. The Nominating and Corporate Governance Committee will recommend director candidates for the Board of Directors' consideration and review the candidates' qualifications with the Board of Directors. The Board of Directors retains the authority to nominate a candidate for election by the shareholders as a director and to fill vacancies. From time to time, the Nominating and Corporate Governance Committee utilizes third-party search firms to identify director candidates. In identifying director candidates, the Nominating and Corporate Governance Committee may consider all facts and circumstances it deems appropriate, including, among other things, the skills of the candidate, his or her depth and breadth of business experience and other background characteristics, his or her independence and the needs of the Board of Directors.

Our Nominating and Corporate Governance Committee has not adopted a formal policy with respect to a fixed set of specific minimum qualifications for its candidates for membership on the Board of Directors. Our Nominating and Corporate Governance Committee and Board of Directors may therefore consider a broad range of factors relating to the qualifications and background of nominees, which may include diversity as set forth in the Diversity Policy. Our Nominating and Corporate Governance Committee's and Board of Directors' priority in selecting board members is identification of persons who will further the interests of our shareholders through his or her established record of professional accomplishment, depth and breadth of business experience and other background characteristics.

Board Leadership Structure and Role in Risk Oversight

Our Chief Executive Officer, John V. Oyler, is the Chairman of the Board of Directors. The Board of Directors believes that Mr. Oyler is the director best suited to identify strategic opportunities and focus of the Board of Directors due to his extensive understanding of our business as a founder and our Chief Executive Officer. The Board of Directors also believes that the combined role of Chairman and Chief Executive Officer can promote the effective execution of strategic initiatives and facilitate the flow of information between management and the Board of Directors. We do not have a lead independent director.

Our Board of Directors oversees the management of risks inherent in the operation of our business and the implementation of our business strategies. Our Board of Directors performs this oversight role by using several different levels of review. In connection with its reviews of our operations and corporate functions, our Board of Directors addresses the primary risks associated with those operations and corporate functions. In addition, our Board of Directors reviews the risks associated with our business strategies periodically throughout the year.

Each of our board committees also oversees the management of our risk that falls within the committee's areas of responsibility. In performing this function, each committee has full access to management, as well as the ability to engage advisors. Our Chief Financial Officer reports to the Audit Committee and is responsible for identifying, evaluating and implementing risk management controls and methodologies to address any identified risks. In connection with its risk management role, our Audit Committee meets privately with representatives from our independent registered public accounting firms and our Chief Financial Officer. The Audit Committee oversees the operation of our risk management program, including the identification of the primary risks associated with our business and periodic updates to such risks, and reports to our Board of Directors regarding these activities.

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management is responsible for our internal controls, financial reporting process, and compliance with laws and regulations and ethical business standards. Ernst & Young Hua Ming LLP are responsible for performing an independent audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Audit Committee's main responsibility is to monitor and oversee this process.

The Audit Committee reviewed and discussed with management our audited financial statements for the fiscal year ended December 31, 2018. The Audit Committee discussed with Ernst & Young Hua Ming LLP the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 1301, *Communications with Audit Committees*, and SEC Regulation S-X Rule 207, *Communications with Audit Committees*. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence.

The Audit Committee considered any fees paid to Ernst & Young Hua Ming LLP and Ernst & Young for the provision of non-audit related services and does not believe that these fees compromise Ernst & Young Hua Ming LLP's and Ernst & Young's independence in performing the audit.

Key elements of our compensation programs include the following:

Compensation Element	Purpose	Features

Table of Contents

In addition to our direct compensation elements, the following features of our compensation programs are designed to align our executive officers with shareholder interests and with market best practices:

What We Do	What We Don't Do
ü Maintain an industry-specific peer group for benchmarking pay	× Allow hedging or pledging of equity
ü Target pay based on market norms	× Re-price share options
ü Deliver executive compensation primarily through performance-based pay	× Provide excessive perquisites
ü Set challenging short-term incentive award goals	× Provide supplemental executive retirement plans
ü Offer market-competitive benefits for executives that are consistent with the rest of our employees	× Provide tax gross-up payments for change-of-control payments
ü Consult with an independent compensation advisor on compensation levels and practices	
ü Maintain share ownership guidelines for our executive officers equal to 6x base salary for our CEO, 3x base salary for our President and 1x base salary for our other executive officers	

Compensation Consultant

The Compensation Committee retained Frederic W. Cook & Co., Inc. ("FW Cook") to assist in an evaluation of our compensation philosophy, validate our compensation peer group, develop competitive market data to benchmark the compensation for our named executive officers and advise on matters related to our compensation structure and programs generally. The compensation consultant also consulted with the Compensation Committee about non-employee director compensation. Based on consideration of the factors set forth in the rules of the SEC and NASDAQ, the Compensation Committee has determined that their relationship with FW Cook and the work performed by FW Cook on behalf of the Compensation Committees has not raised any conflict of interest.

Defining and Comparing Compensation to Market Benchmarks

In evaluating the total compensation of our named executive officers, our Compensation Committee, using information provided by our compensation consultant, establishes a peer group of publicly traded companies in the biopharmaceutical and biotechnology industries that is selected based on a balance of the following criteria:

companies whose market capitalization, revenue, stage of development, and number of employees are similar, though not necessarily identical, to ours;

companies with similar executive positions to ours;

companies against which we believe we compete for executive talent; and

public companies based in the United States whose compensation and financial data are available in proxy statements or through widely available compensation surveys.

Table of Contents

Based on these criteria, our peer group for 2018, referred to as our 2018 peer group, as approved by our Compensation Committee, was comprised of the following 16 companies:

Agios Pharmaceuticals, Inc.	Halozyne Therapeutics, Inc.	Radius Health, Inc.
Alkermes plc	Incyte Corporation	Seattle Genetics, Inc.
Alnylam Pharmaceuticals, Inc.	Jazz Pharmaceuticals plc	Tesaro, Inc.
bluebird bio, Inc.	Juno Therapeutics, Inc.	United Therapeutics Corporation
Exelixis, Inc.	Nektar Therapeutics	
FibroGen, Inc.	Puma Biotechnology, Inc.	

We believe that the compensation practices of our 2018 peer group provided us with appropriate compensation benchmarks for evaluating the compensation of our named executive officers during 2018. Notwithstanding the similarities of the 2018 peer group to our Company, due to the nature of our business, we compete for executive talent with many public companies that are larger and more established than we are or that possess greater resources than we do, and with smaller private companies that may be able to offer greater equity compensation potential, as well as with prestigious academic and non-profit institutions. Accordingly, in 2018, our Compensation Committee generally targeted total compensation for our executive officers at the median total compensation in our 2018 peer group, with base salaries generally below our peer group and annual target cash and equity incentive awards at or above median in order to link compensation more closely with corporate and individual performance and the creation of shareholder value.

In addition, our Compensation Committee may consider other criteria, including market factors, the experience level of the executive and the executive's performance against company goals, in determining variations to this general target range.

For purposes of compensation in 2019, our Compensation Committee, with the advice of FW Cook, examined our 2018 peer group in light of our continued growth throughout 2018, the stage of development of our clinical programs, and changes in our market capitalization. With reference to these and other key business metrics, companies whose market capitalization and/or whose number of employees that were at the low end, below, or significantly above our targeted range were removed and new companies were added to the peer group for 2019.

Our peer group for 2019, referred to as our 2019 peer group, as approved by our Compensation Committee, is comprised of the following 16 companies:

Agios Pharmaceuticals, Inc.	Exelixis, Inc.	Neurocrine Biosciences, Inc.
Alexion Pharmaceuticals, Inc.	FibroGen, Inc.	Seattle Genetics, Inc.
Alkermes plc	Incyte Corporation	Tesaro, Inc.
Alnylam Pharmaceuticals, Inc.	Ionis Pharmaceuticals, Inc.	United Therapeutics Corporation
BioMarin Pharmaceutical, Inc.	Jazz Pharmaceuticals plc	
bluebird bio, Inc.	Nektar Therapeutics	

Juno Therapeutics, Inc. was removed from the 2018 peer group because it was acquired. Halozyne Therapeutics, Inc., Puma Biotechnology, Inc. and Radius Health, Inc. were removed from the 2018 peer group because of their smaller market capitalization relative to our Company (all were less than one-third of our size). Alexion Pharmaceuticals, Inc., BioMarin Pharmaceutical, Inc., Ionis Pharmaceuticals, Inc. and Neurocrine Biosciences, Inc. were added to the 2019 peer group because of their comparable stage of development and comparable market capitalization (all were within one-third and three times our size at the time the group was selected). Our market capitalization was slightly above the median of the 2019 peer group at the time the group was approved by the Compensation Committee.

Table of Contents

In addition to our peer group of U.S. publicly traded companies, our human resources team also gathers information on compensation practices and benchmarks of biotechnology and pharmaceutical companies operating in China. While this information is more difficult to obtain than in the United States, we use this market data, where available, and information from our own recruiting experience in an effort to ensure that our compensation and benefits programs in China remain competitive and help us to more effectively recruit, motivate and retain our China workforce.

Advisory Vote on Executive Compensation

At our 2018 annual general meeting of shareholders, we held our first advisory vote on executive compensation. Over 97% of the votes cast were voted in favor of the compensation of our named executive officers, as disclosed in our 2018 proxy statement. The Compensation Committee believes that this very high level of affirmative votes conveyed our shareholders' support of the Compensation Committee's decisions and our existing executive compensation programs. The Compensation Committee reviewed the final vote results and has not made any material changes to our executive compensation programs or policies as a result of the vote.

Other Key Performance Factors in Determining Executive Compensation

As the biopharmaceutical industry is characterized by a very long product development cycle, including a lengthy research and development period and a rigorous approval phase involving clinical studies and governmental regulatory approval, many of the traditional benchmarking metrics, such as product sales, revenues and profits, are inappropriate for a biopharmaceutical company such as our Company. Instead, the specific performance factors our Compensation Committee considers when determining the compensation of our named executive officers include:

key research and development achievements;

initiation and progress of clinical trials for our drug candidates;

expansion of our commercialization, manufacturing and operational capabilities;

achievement of regulatory milestones;

establishment and maintenance of key strategic relationships and new business initiatives, including financings; and

development of organizational capabilities and management of our growth.

These performance factors are considered by our Compensation Committee in connection with our annual performance reviews described below and are a critical component in the determination of annual cash and equity incentive awards for our executive officers.

Compensation Objectives and Philosophy

Our compensation programs are designed to attract, motivate and retain qualified and talented executives, motivating them to achieve our business goals and rewarding them for superior short- and long-term performance. In particular, our compensation programs are intended to reward the achievement of specified pre-determined quantitative and qualitative company performance goals and objectives and individual performance and to align the interests of our senior management team with those of our shareholders in order to attain our ultimate objective of increasing shareholder value.

The market for qualified and talented executives in the biopharmaceutical industry, particularly in oncology and in the locations where we operate, is highly competitive, and we compete for talent with many companies that have greater resources than we do. Globally, immuno-oncology is one of the most competitive fields where companies, large and small, compete for talent. In China, there are a limited

Table of Contents

number of highly qualified biopharmaceutical executives and we compete with large multinational pharmaceutical companies and an increasing number of growing biotechnology companies for talent. For example, in China, there are several companies who in recent years have raised significant funds through public listings in the United States or Hong Kong markets, including CStone, Hua Medicine, Innovent, Junshi and Zai Lab, and are using these funds to rapidly expand their workforce and clinical and/or commercial programs. Importantly, the "war for talent" in the Chinese biotech industry includes not only sourcing candidates from multinational and local companies already operating in China, but also Chinese PhD researchers and other candidates with world-class scientific and business experience from the U.S. and other countries, of which an estimated 2 million have returned to China in the six-year period ending in 2018, including an estimated 250,000 working in the life sciences industry (UBS Report: Shifting Asia, China's Biotech Revolution, August 2018). In light of these factors, we believe that our compensation program is a critical factor in our ability to attract, motivate, and retain top talent in this exceedingly competitive environment and, in turn, to our ability to capitalize on our market opportunity and succeed as a company.

We may award annual merit-based increases in base salary based upon an assessment of each executive's performance and the scope of his or her responsibilities. In 2018, we implemented a formal bonus plan with pre-established goals and weightings, which was designed to reward annual achievements based upon quantitative and qualitative company performance as well as individual performance. We awarded cash incentive payments to our named executive officers and the other members of our senior management team under our 2018 annual incentive program, which is described in more detail below. Prior to 2018, our bonus plan was effectively discretionary due to our stage of development.

We typically make equity grants to our executive officers upon commencement of their employment and annually following a review of their individual performance. We do not have any pre-established targets for allocations or apportionment by type of compensation, but our pay philosophy generally emphasizes equity compensation over cash to strengthen executive officers' alignment with shareholders. The mix of compensation components is designed to reward annual results as well as drive long-term company performance and create shareholder value.

Base Salary

We provide base salaries to our named executive officers to compensate them with a fair and competitive base level of compensation for services rendered during the year. Our Compensation Committee typically determines the base salary for each executive based on the executive's responsibilities, experience and, if applicable, the base salary level of the executive prior to joining our Company. In addition, our Compensation Committee reviews and considers the level of base salary paid by companies in our peer group for similar positions.

Merit-based increases in base salary for our executive officers, other than our Chief Executive Officer and Chief Financial Officer, are determined by our Compensation Committee based upon a summary of the executive officer's performance and a recommendation from our Chief Executive Officer. Our Chief Executive Officer also provided a summary of our Chief Financial Officer's performance and a recommendation for his merit-based increase in base salary. Any merit-based increase in base salary for our Chief Executive Officer and Chief Financial Officer is based upon an assessment of performance by our Compensation Committee, input from the Board of Directors and a review by our Compensation Committee of the base salary of chief executive officers and chief financial officers in our peer group.

With respect to Mr. Oyler, our Chief Executive Officer, at the beginning of 2018, our Compensation Committee reviewed Mr. Oyler's overall compensation, and upon the recommendation of our Compensation Committee and based on his accomplishments during 2017 and in comparison to

Table of Contents

the base salaries of chief executive officers in our 2018 peer group, our Board of Directors determined to increase his annual base salary from US\$590,000 to US\$650,000, which approximated the 25th percentile of our 2018 peer group.

At the beginning of 2018, our Compensation Committee and/or Board of Directors approved merit increases in base salary for each of our remaining named executive officers serving at that time, based upon the Company's performance, each executive officer's performance and in comparison to the base salaries of similar executive officers in our 2018 peer group. The table below sets forth the adjustments to base salary, in dollars and as a percentage, for each of our named executive officers serving at the beginning of 2018:

Name	2017 (US\$)	Base Salary 2018 (US\$)	Increase (%)
John V. Oyler	590,000	650,000	10%
Howard Liang	390,000	425,000	9%
Jane Huang	400,000	425,000	6%
Amy Peterson	400,000	425,000	6%

There was no merit increase in base salary for Dr. Wu in 2018 because he had only recently joined our Company.

2018 Annual Non-Equity Incentive Program

In March 2018, based on the recommendation of our Compensation Committee, our Board of Directors approved our annual cash incentive program for 2018. This was the first year since our initial public offering in 2016 that our bonus plan was based on pre-established, quantifiable objectives. In previous years, rapid changes within our business led the Compensation Committee to believe that it was not possible to set meaningful pre-established annual goals.

The table below shows the target award under our 2018 incentive program as a percentage of each named executive officer's annual base salary in 2018, the target cash award opportunity in dollars for 2018 and the actual cash bonus payments made to our named executive officers for 2018 performance, which were paid in 2019, as well as the actual bonus payment as a percentage of the target award opportunity.

Name	2018 Target Award (% of Base Salary)	2018 Target Award Opportunity (US\$)	2018 Actual Bonus Payment (US\$)	2018 Actual Bonus Payment (% of Target Award Opportunity)
John V. Oyler	65%	422,500	561,925	133%
Xiaobin Wu	50%	190,472(1)	261,956(1)	138%
Howard Liang	50%	212,500	278,375	131%
Jane Huang	50%	212,500	278,375	131%
Amy Peterson	50%	212,500	212,500	100%

Dr. Wu joined the Company in April 2018. Accordingly, Dr. Wu's 2018 target award opportunity and actual bonus payment was prorated to reflect his partial year of employment. RMB amount is translated into U.S. dollars based on the annual average exchange rate for RMB of ¥1.00=US\$0.1513 in 2018.

For 2018, each of our named executive officers' cash incentive award was based 75% on company goals and 25% on individual performance. The company performance metrics against which our executive officers are measured are clearly communicated, measurable, and consistently applied, and include corporate goals, such as research, clinical development and regulatory milestones, financial

goals, commercial goals, and organizational goals. Potential payouts range from 0% to 150% of the target opportunity to align delivered pay with actual performance. In addition, our Compensation Committee had the discretion under the 2018 annual cash incentive program to adjust downward any cash incentive award as it deemed appropriate. In making its determination regarding awards under the 2018 annual cash incentive program, our Compensation Committee considered our success against our 2018 company target and stretch goals in funding the corporate portion. The 2018 company goals approved by our Board of Directors and Compensation Committee, the relative target and maximum weightings assigned to each goal at the beginning of the year, and the actual achievement during the performance period as a percentage of our target company goals, were as follows:

	Target Weighting (% Corporate Portion)	Maximum Weighting (% Corporate Portion)	Actual Achievement for 2018 (as a % of target)
2018 Company Goals			
Business Development			
Establish strategic relationships to benefit the pipeline and commercial aspects of our business	10%	15%	11%
Clinical Development/Regulatory			
Execute on key enrollment, new trial and regulatory objectives	45%	67.5%	60%
Commercial			
Achieve organizational and commercial launch preparation and China product revenue and market access goals	10%	15%	15%
Finance/Strategy			
Attain various corporate financial, capital raising and strategic objectives	10%	15%	15%
Manufacturing			
Achieve various organizational and operational goals	20%	30%	26%
Research			
Achieve stated research objectives	5%	7.5%	6%
Total	100%	150%	133%

The Compensation Committee determined actual achievement against the pre-defined company goals for 2018. Specifically, during 2018, we made significant progress on our clinical development and business goals, including the events which are summarized above under "2018 Business Highlights." In addition to our accomplishments during 2018, we have made further progress since the beginning of 2019, which is summarized above under "Recent 2019 Business Highlights."

Based on our overall performance during 2018, our Compensation Committee determined that our corporate performance should be scored at 133% of target based on our Company's extraordinary performance during the year.

In determining each named executive officer's 2018 annual cash bonus, our Compensation Committee also considered individual performance in addition to the Company's performance. Accordingly, our Compensation Committee determined that Dr. Wu achieved 150% of target and Dr. Huang achieved 125% of target for individual performance. Based on the recommendation of our Compensation Committee, our Board of Directors determined that Mr. Oyler achieved 133% of target and Dr. Liang achieved 125% of target for individual performance.

Equity Awards

Our equity award program is designed to:

reward demonstrated leadership and performance;

Table of Contents

align our executive officers' interests with those of our shareholders;

retain our executive officers through the term of the awards;

maintain competitive levels of executive compensation; and

motivate our executive officers for outstanding future performance.

The market for qualified and talented executives in the biopharmaceutical industry, particularly in oncology and in the locations where we operate, is highly competitive, and we compete for talent with many companies that have greater resources than we do. Accordingly, we believe equity compensation is a crucial component of the executive compensation packages we offer.

Historically, our equity awards have generally taken the form of share options, and beginning in September 2017, RSUs. We typically grant equity awards to each of our executive officers upon commencement of employment, annually in connection with our review of corporate and individual performance, in connection with a promotion, or as a special incentive.

All equity awards to our executive officers are approved by our Compensation Committee and, other than equity awards to new hires, are typically granted by our Compensation Committee in the middle of the year. Equity awards for our Chief Executive Officer and Chief Financial Officer are reviewed and recommended by the Compensation Committee for approval by the Board of Directors. The size of equity awards varies among our executive officers based on their positions and annual performance assessments. In addition, our Compensation Committee reviews all components of the executive's compensation to ensure that his or her total compensation is aligned with our objectives. All share options granted to our executives have exercise prices equal to the fair market value of our ordinary shares on the date of grant, so that the recipient will not realize any value from his or her options unless our share price increases above the exercise price. Accordingly, this portion of our executive officers' compensation is at risk and is directly aligned with shareholder value creation.

In addition, equity grants to our executive officers typically vest over four years, which we believe provides an incentive to our executives to add value to the Company over the long term and to remain with our Company. Typically, the share options we grant to our executives have a 10-year term and vest as to 25% of the shares on the first anniversary of the grant date and then in equal monthly installments thereafter until the fourth anniversary of such date. Vesting of option grants to employees ceases upon termination of employment and exercise rights on vested options typically cease three months following termination of employment, except in the case of death or disability. Prior to the exercise of an option, the holder of a share option does not have any rights as a shareholder with respect to the shares subject to that option, including voting rights or the right to receive dividends or dividend equivalents. RSUs generally vest in equal annual installments over four years. As part of the ongoing review of our compensation strategy and practices, the Compensation Committee determines the appropriate mix of the type of equity awards, based in part on recommendations from our compensation consultant. The Compensation Committee believes that this deliberate mix of equity ensures that wealth creation remains tied to share performance (via share options) and promotes retention (through RSUs). The Compensation Committee may adjust the mix of award types or approve different award types as part of the Company's overall compensation strategy. Awards made in connection with a new, extended or expanded employment relationship may involve a different mix of equity awards, depending on the Compensation Committee's assessment of the total compensation package being offered.

In connection with the annual review of each executive officer's performance, in June 2018, our Board of Directors/Compensation Committee approved annual equity incentive awards for our named executive officers (except for Dr. Wu, our General Manager of China and President) serving at that time. There was no annual equity incentive award granted to Dr. Wu in 2018 because he had only recently joined our Company and had received equity awards in connection with the commencement of

his employment. The annual equity incentive awards granted in June 2018 to our named executive officers serving at that time are set forth in the table below:

Name	Option Award (# Ordinary Shares)	Grant Date Fair Value (US\$)	Exercise Price per Ordinary Share for Option Award (US\$)	RSU Award (# Ordinary Shares)	Grant Date Fair Value (US\$)
John V. Oyler	1,310,088	9,291,930	12.34	188,266	2,322,913
Xiaobin Wu					
Howard Liang	364,208	2,583,182	12.34	52,338	645,770
Jane Huang	310,180	2,199,983	12.34	44,564	549,851
Amy Peterson	310,180	2,199,983	12.34	44,564	549,851

Annual equity awards for 2018 were granted in a ratio of 80% stock options and 20% RSUs. The strong emphasis on options, which only deliver value if the share price increases, aligns the interests of our executive officers with our shareholders.

In addition, as disclosed in last year's proxy statement on April 30, 2018, based on the recommendation of the Compensation Committee, the Board of Directors granted a one-time, special equity award to our Chief Executive Officer in recognition of his extraordinary leadership and our achievements in 2017 and 2018 to date. This was a transformational period for our Company. During this period, under Mr. Oyler's exceptional leadership, we made significant progress on our clinical development and business goals, including:

significantly expanded our global operations, from a team of 300 employees to a team of over 1,000 employees;

recruited Dr. Xiaobin Wu, who was Country Manager of Pfizer China, to join BeiGene as our General Manager in China and President of the Company;

entered into a strategic collaboration with Celgene in July 2017 that transformed our business into a commercial stage company in China, which ended up generating US\$130.9 million in net product revenue for the year ended December 31, 2018 and provided meaningful capital and a strong partner to help advance our anti-PD-1 inhibitor, tislelizumab in late-stage clinical trials;

delivered TSR of 459% for the period from January 1, 2017 through April 30, 2018, compared to 17% for the NASDAQ Biotechnology Index (NBI) and 47% for the SPDR® S&P® Biotech ETF (XBI);

advanced three drug candidates into pivotal trials with routes to approval in China and the United States, including:

completed enrollment in a pivotal Phase 2 trial of zanubrutinib in China in patients with CLL and SLL, a pivotal Phase 2 trial of zanubrutinib in China in patients with R/R MCL, and a pivotal Phase 2 trial of tislelizumab in China in patients with relapsed/refractory classical Hodgkin's lymphoma; and

initiated a global Phase 3 trial of zanubrutinib compared to bendamustine and rituximab in treatment-naïve patients with CLL/SLL, a global pivotal Phase 2 trial of zanubrutinib in combination with GAZYVA® (obinutuzumab) in patients with relapsed or refractory follicular lymphoma, a pivotal Phase 2 trial of zanubrutinib in China in patients with WM, a global Phase 3 trial of zanubrutinib compared to ibrutinib in patients with WM, a global Phase 3 trial of tislelizumab as a second- or third-line treatment for patients with advanced lung cancer, a global Phase 3 trial of tislelizumab in patients with previously untreated

advanced HCC, a global Phase 3 trial of tislelizumab in patients with advanced unresectable or metastatic esophageal squamous cell carcinoma, a pivotal Phase 2 trial of tislelizumab in China in patients with previously treated advanced HCC, a global Phase 2 trial of tislelizumab in patients with relapsed or refractory mature T-and NK-cell lymphomas and a pivotal Phase 2 trial of pamiparib in China in patients with advanced ovarian cancer;

launched VIDAZA® (azacitidine for injection) in China for patients with Intermediate-2 / High-risk MDS, AML with 20-30% bone marrow blasts and CMML;

secured approval for REVLIMID® (lenalidomide) by the NMPA for the treatment of MM in combination with dexamethasone in adult patients with previously untreated MM who are not eligible for transplant

established a joint venture with the Guangzhou Development District to build a commercial biologics manufacturing facility in Guangzhou, China;

entered into an exclusive license agreement with Mirati for the development, manufacturing and commercialization of Mirati's sitravatinib, an investigational tyrosine kinase inhibitor, in Asia (excluding Japan), Australia and New Zealand;

entered into a commercial supply agreement for tislelizumab with Boehringer Ingelheim; and

completed two underwritten public offerings in which we raised \$946.5 million in net proceeds.

Specifically, Mr. Oyler was granted US\$15.0 million in long-term incentive awards, US\$7.5 million of which was in the form of share options and US\$7.5 million of which was in the form of time-vested RSUs. The vesting of the awards is consistent with our standard practice for awards granted to ongoing employees. The options have a 10-year term and vest as to 25% of the shares on the first anniversary of the grant date and then in equal monthly installments thereafter until the fourth anniversary of the grant date. The RSUs vest in equal annual installments over four years. The equity award to Mr. Oyler in April 2018 was a one-time, special award and was not part of his annual compensation. The Compensation Committee does not expect to grant him additional special equity awards in 2019.

In connection with the commencement of Dr. Wu's employment with us, he received US\$20 million in long-term incentive awards, US\$5 million of which was in the form of share options and US\$15 million of which was in the form of time-vested RSUs. The options vest over a five-year period, with 20% of the shares subject to the option becoming exercisable on the first anniversary of the grant date, and the balance becoming exercisable in 48 successive equal monthly installments, subject to Dr. Wu's continued service. The RSUs will vest in equal installments over five years from the grant date, subject to Dr. Wu's continued service. A portion of the equity awards was a buy-out from his compensation arrangements at his previous employer and the rest was an inducement for him to join our Company.

The equity awards granted to our named executive officers during 2018 and the grant date fair value of those awards determined in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standards Codification, or ASC, Topic 718, are shown in the 2018 Grants of Plan-Based Awards table below.

Insider Trading Policy and Hedging Policy

Our insider trading policy expressly prohibits short sales by our named executive officers, directors and specified other employees. Unless such transaction has been approved by the insider trading compliance officer or the Audit Committee, our insider trading policy expressly prohibits derivative transactions of our shares by our named executive officers, directors and specified other employees, including purchases or sales of puts, calls or other derivative securities of the Company or any derivative securities that provide the economic equivalent of ownership of any of our securities or an

opportunity, direct or indirect, to profit from any change in the value of our securities; or other hedging transactions with respect to the Company's securities. In addition, our insider trading policy expressly prohibits our named executive officers, directors and specified other employees from using the Company's securities as collateral in a margin account. No named executive officers, directors and specified other employees may pledge Company securities as collateral for a loan (or modify an existing pledge) unless the pledge has been approved by the insider trading compliance officer or the Audit Committee.

Share Ownership Guidelines

In February 2019, our Compensation Committee adopted share ownership guidelines applicable to our non-employee directors and our executive officers, including our Chief Executive Officer, to further align the interests of the leadership of our Company with those of our shareholders. The equity ownership guidelines are as follows: our Chief Executive Officer must hold equity worth at least six times his annual base salary; our President must hold equity worth at least three times his annual based salary; each of our other executive officers must hold equity worth at least one times his or her base salary; and each of our non-employee directors must hold equity worth at least five times the annual board cash retainer. Covered individuals and newly appointed or elected persons have five years to achieve the guideline. The following forms of equity count toward the ownership guideline: shares owned outright, shares beneficially owned, shares held by an entity of which a director is a partner, officer or employee, shares underlying vested RSUs that are held or deferred, and 50% of unvested RSUs and vested but unexercised "in-the-money" share options.

Benefits and Other Compensation

Other compensation to our executives consists primarily of broad-based benefits that we provide to all full-time employees (which may vary based on the location of employment), including health insurance, life and disability insurance, dental insurance, and retirement benefits.

In addition, our full-time employees in the People's Republic of China ("PRC"), including one of our named executive officers, participate in a government mandated defined contribution plan, pursuant to which pension benefits, medical care, an employee housing fund and other welfare benefits are provided to employees. Chinese labor regulations require that our PRC subsidiaries make contributions to the government for these benefits based on percentages of the employees' salaries.

Our U.S. subsidiary maintains a 401(k) retirement plan for all of its full-time employees in the United States, including some of our named executive officers, with an opportunity to save for retirement on a tax-advantaged basis. Pursuant to the 401(k) plan, participants will be able to elect to defer their current compensation by up to the statutorily prescribed annual limit (which was US\$18,500 in 2018), with additional salary deferral amounts not to exceed US\$6,000 available to participants beginning in the year they become 50 years of age. Our U.S. subsidiary matches 50% of employee contributions, limited to the first 6% of compensation.

In 2018, we adopted our Second Amended and Restated 2018 Employee Share Purchase Plan ("2018 ESPP"), pursuant to which our employees, including our named executive officers, have an opportunity to purchase our ordinary shares (including in the form of ADSs) at a discount on a tax-qualified basis through payroll deductions. The 2018 ESPP is designed to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code. The purpose of the 2018 ESPP is to encourage our employees, including our named executive officers, to become our shareholders and better align their interests with those of our other shareholders. Our Chief Executive Officer is not eligible to participate in the 2018 ESPP because he owns more than 5% of our outstanding shares.

Table of Contents

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our named executive officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make him or her more efficient and effective, and for recruitment and retention purposes, as disclosed in this Proxy Statement. For example, we provide tax equalization and reimbursement for tax preparation services for some of our executive officers due to the complexity of the international tax regime. In the future, we may provide perquisites or other personal benefits in limited circumstances. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by our Compensation Committee.

Rule 10b5-1 Plans

Our policy governing transactions in our securities by directors, officers and employees permits our officers, directors and certain other persons to enter into trading plans complying with Rule 10b5-1 under the Exchange Act. Under these trading plans, the individual relinquishes control over the transactions once the trading plan is put into place. Accordingly, sales under these plans may occur at any time, including possibly before, simultaneously with, or immediately after significant events involving our Company.

2019 Compensation for Our Named Executive Officers**Base Salary**

In February 2019, our Compensation Committee and/or Board of Directors approved merit increases in base salary for each of our named executive officers serving at that time, based upon the Company's and individual's performance in 2018 and in comparison to the base salary of similar executive officers in our 2019 peer group. The table below sets forth the adjustments to base salary, in dollars and as a percentage, for each of our named executive officers serving in February 2019:

Name	2018 (US\$)	Base Salary 2019 (US\$)	Increase (%)
John V. Oyler	650,000	675,000	3.8%
Xiaobin Wu	567,408(1)	608,116(1)	7.2%
Howard Liang	425,000	435,000	2.4%
Jane Huang	425,000	435,000	2.4%

(1) RMB amount is translated into U.S. dollars based on the annual average exchange rate for RMB of ¥1.00=US\$0.1513 in 2018.

Annual Non-Equity Incentive Compensation

In March 2019, based on the recommendation of our Compensation Committee, our Board of Directors approved our annual cash incentive program for 2019, which is structured similar to our 2018 annual cash incentive program described above.

Equity Granting Practices**Delegation to Our Chief Executive Officer and/or Chief Financial Officer**

Currently, all of our employees, including our named executive officers, are eligible to participate in our Second Amended and Restated 2016 Share Option and Incentive Plan (the "2016 Plan"). All new full-time employees are granted share options and/or RSUs when they start employment and all continuing employees are eligible for share option and/or RSU awards on an annual basis based on performance and upon promotions to positions of greater responsibility. Our Compensation Committee

Table of Contents

has delegated to Mr. Oyler, our Chief Executive Officer, and/or Dr. Liang, our Chief Financial Officer and Chief Strategy Officer, the authority to make equity awards under our 2016 Plan to new hires and in connection with promotions and with our annual incentive program, in each case other than to employees with a title of senior vice president or above or who are subject to Section 16 of the Exchange Act. The value of shares underlying share options and the value of RSUs either of them may grant to any one individual must be within a range based on job title specifically set by our Compensation Committee for these awards, and the aggregate number of shares underlying share options and the number of RSUs either of them may grant within a period must be within specified limits set by our Compensation Committee for these awards. The exercise price of share options must be equal to the higher of 1/13th of the closing price of our ADSs on the NASDAQ Global Market on the date of grant and the average closing price of the five business days prior to the date of grant. With respect to share option awards and RSUs to new hires other than the employees with a title of senior vice president or above, Mr. Oyler or Dr. Liang are authorized to approve the award in connection with such hire and provide that the award is generally to be granted on the last trading day of the calendar month following the employee's start date. With respect to share option and RSU awards made in connection with promotions other than of employees with a title of senior vice president or above, Mr. Oyler or Dr. Liang are authorized to approve the award in connection with such promotion. We are required to maintain a list of share options and RSUs granted pursuant to this delegated authority and periodically report to our Compensation Committee such awards.

Compensation Risk Assessment

We believe that although a portion of the compensation provided to our executive officers and other employees is performance-based, our executive compensation program does not encourage excessive or unnecessary risk taking. This is primarily due to the fact that our compensation programs are designed to encourage our executive officers and other employees to remain focused on both short-term and long-term strategic goals, in particular in connection with our pay-for-performance compensation philosophy. As a result, we do not believe that our compensation programs are reasonably likely to have a material adverse effect on us.

Estimated Payments and Benefits Upon Termination or Change of Control

The amount of compensation and benefits payable to each of our named executive officers who were employed on December 31, 2018 in various termination and change in control situations has been estimated in the tables below. The value of the equity vesting acceleration was calculated in each of the tables below based on the assumption that the change in control and executive's employment termination occurred on December 31, 2018, the last business day of the fiscal year ended December 31, 2018. The closing price of the Company's ADSs on the NASDAQ Global Select Market as of December 31, 2018, the last trading day of 2018, was US\$140.26. A price of US\$10.79 per ordinary share, which was the ADS closing price divided by 13 (i.e., on an as-converted to ordinary share basis), was used as the value of the Company's ADSs in the change in control or the employment termination calculations. The value of the option vesting acceleration was calculated by multiplying the number of unvested option shares subject to vesting acceleration as of December 31, 2018, by the difference between the closing price of the Company's ordinary shares as of December 31, 2018, and the exercise price for such unvested option shares. The value of restricted share or RSU vesting acceleration was calculated by multiplying the number of unvested restricted shares or RSUs subject to vesting acceleration as of December 31, 2018, by the closing price of the Company's ordinary shares as of December 31, 2018.

CEO Pay Ratio

Under rules adopted pursuant to the Dodd-Frank Act, we are required to calculate and disclose the total compensation paid to our median paid employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to our Chief Executive Officer (the "CEO Pay Ratio"). The paragraphs that follow describe our methodology and the resulting CEO Pay Ratio.

Measurement Date

We identified the median employee using our employee population on November 1, 2018 (including all employees, whether employed on a full-time, part-time, seasonal or temporary basis).

Consistently Applied Compensation Measure (CACM)

Under the relevant rules, we are required to identify the median employee by use of a "consistently applied compensation measure" (CACM). We chose a CACM that closely approximates the annual target total direct compensation of our employees. Specifically, we identified the median employee by aggregating, for each employee as of November 1, 2018: (1) annual base pay, (2) annual target cash incentive opportunity, and (3) the grant date fair value for equity awards granted in 2018. In identifying the median employee, we converted compensation amounts paid in foreign currencies based on the applicable year-to-date average exchange rate as of November 1, 2018, and annualized the compensation values of individuals that joined our Company during 2018. We did not exclude workers in non-U.S. countries and did not make any cost-of-living adjustments.

Methodology and Pay Ratio

After applying our CACM methodology, we identified the median employee. Once the median employee was identified, we calculated the median employee's annual target total direct compensation in accordance with the requirements of the Summary Compensation Table.

Our median employee compensation in 2018 as calculated using Summary Compensation Table requirements was US\$95,217. Our Chief Executive Officer's compensation in 2018 as reported in the Summary Compensation Table was US\$27,895,819. Therefore, our CEO Pay Ratio for 2018 is approximately 293:1. Excluding the one-time special equity award granted to our CEO in 2018 in the amount of \$15.0 million in recognition of his extraordinary leadership and our achievements in 2017 and 2018 up to the date of the grant, the CEO's total compensation for 2018 would have been \$12,896,043 and the CEO Pay Ratio for 2018 would have been approximately 135:1.

This information is being provided for compliance purposes and is a reasonable estimate calculated in a manner consistent with the SEC rules, based on our internal records and the methodology described above. The SEC rules for identifying the median compensated employee allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios. Neither the Compensation Committee nor management of the Company used the CEO Pay Ratio measure in making compensation decisions.

Table of Contents**DIRECTOR COMPENSATION**

Our Board of Directors has adopted an independent director compensation policy that is part of a total compensation package that is designed to enable us to attract and retain, on a long-term basis, high caliber independent directors. Under the policy, all independent directors are paid cash compensation as set forth below:

	Annual Retainer (US\$)
Board of Directors:	
All independent directors	50,000
Audit Committee:	
Chairperson	22,500
Non-Chairperson members	10,000
Compensation Committee:	
Chairperson	17,500
Non-Chairperson members	7,500
Nominating and Corporate Governance Committee:	
Chairperson	12,500
Non-Chairperson members	5,000

Under our Independent Director Compensation Policy, each independent director will be granted equity awards valued at US\$300,000 in connection with their initial election or appointment to the Board of Directors, pro-rated for the portion of the year served leading up to the next annual meeting of shareholders, and annual equity awards valued at US\$300,000 on the date of each annual meeting of shareholders. Each of the awards will consist of one-half share options and one-half RSUs, vesting on the earlier of the first anniversary of date of grant or the date of the next annual general meeting, and in full upon death, disability or the occurrence of specified events in connection with a change of control of the Company. The options will have an exercise price equal to the fair market value of the Company's ordinary shares on the date of grant, based on the higher of the closing ADS price on the NASDAQ Stock Market and the average closing price of the five business days prior to the date of grant, and both the options and RSUs will be granted under the 2016 Plan and forms of award agreements thereunder. In addition, under the terms of the 2016 Plan, the value of all equity awards and other cash compensation paid to each independent director for their service as an independent director may not exceed US\$1,000,000 in any calendar year. We also reimburse all reasonable out-of-pocket expenses incurred by independent directors in attending board and committee meetings.

We are currently evaluating our Independent Director Compensation Policy to potentially change the initial and annual equity grants to independent directors from a combination of share options and RSUs to entirely share options in order to be consistent with customary market practice of companies listed on the HKEx.

In February 2019, our Compensation Committee adopted share ownership guidelines applicable to our non-employee directors, the terms of which are described above under "Share Ownership Guidelines."

Director Compensation 2018

The following table sets forth a summary of the compensation we paid to our directors during 2018. Other than as set forth in the table, in 2018, we did not pay any compensation, make any equity awards or non-equity awards or pay any other compensation to the members of our Board of Directors named in the table. Mr. Oyler, our Founder, Chief Executive Officer and Chairman, receives no

compensation for his service as a director and, consequently, is not included in this table but is presented above in "Summary Compensation Table".

Dr. Xiaodong Wang, our Co-Founder and Chair of our Scientific Advisory Board, also receives no compensation for his service as a director but receives compensation as a consultant, which is reflected in the table below. Dr. Wang's consulting services include leading our Scientific Advisory Board and providing short- and long-term strategic advice to our Company in his areas of expertise, participating in our leadership team meetings from time to time, and interacting with our key stakeholders on behalf of the Company. Through these and other contributions, Dr. Wang has helped us make significant progress on our research, development and business goals. For example, during 2018, Dr. Wang:

Provided strategic advice to our senior management team in the significant expansion of our global operations and employee base;

Worked closely with our Chief Executive Officer in the recruitment of Dr. Xiaobin Wu, who was Country Manager of Pfizer China, to join BeiGene as our General Manager in China and President of the Company;

Attended meetings of our research team and provided strategic advice on critical projects that help advance our discovery efforts and new product pipeline, including our most recent internally developed product candidates to enter into clinical development, BGB-A333, an investigational humanized monoclonal antibody against the immune checkpoint receptor ligand PD-L1; and BGB-A425, an investigational humanized monoclonal antibody against TIM-3;

Helped us to expand our research team to over 200 scientists at our R&D center in Beijing, China and provided strategic advice on our plans to further expand our facilities;

Helped us with the establishment and continued management of our joint venture with the Guangzhou Development District to build a commercial biologics manufacturing facility in Guangzhou, China;

Provided strategic advice on key regulatory filings, including our two NDAs in China for zanubrutinib and tislelizumab;

Supported our senior management team in the evaluation of business development opportunities, such as our license agreements with Mirati Therapeutics, Inc., MEI Pharma, Inc., SpringWorks Therapeutics and Zymeworks Inc.; and

Attended various investor meetings, including in connection with our global offering and listing on the HKEx in August 2018 in which we raised US\$869.7 million in net proceeds.

We believe that Dr. Wang's stature in the Chinese scientific and biotechnology communities provides us with significant intangible benefits and access to key stakeholders in our industry. His scientific expertise and knowledge of oncology research and development and the Chinese market are highly valuable to our Company, and his compensation is set to be in line with his major contributions

NOTES

1. **This proxy is solicited by the Board of Directors.** A proxy need not be a shareholder of the Company. A member may appoint a proxy of his/her own choice. If you wish to appoint someone else, please delete the words "the Chairman of the meeting" and insert the name of the person whom you wish to appoint in the space provided. The Chairman of the meeting will act as your proxy, whether or not such deletion is made, if no other name is inserted. If you wish to vote less than all of the ordinary shares held by you, please delete the words "all of my/our ordinary shares" and insert the number of the ordinary shares that you wish to vote. If you wish to use less than all your votes, or to cast some of your votes **FOR** and some of your votes **AGAINST** a particular resolution and some of your votes **ABSTAIN** from voting on a particular resolution, you must write the number of votes in the relevant box(es).
2. **If this form is returned without an indication as to how the proxy shall vote, the proxy will (i) vote in the manner recommended by the Board of Directors on the above matters presented in the Proxy Statement and (ii) vote or abstain at his/her discretion with respect to any other matters properly presented at the AGM.**
3. If you mark the box "abstain", it will mean that your proxy will abstain from voting and, accordingly, your vote will not be counted either for or against the relevant resolution. Abstentions will be counted for the purpose of determining the presence or absence of a quorum.
4. This form of proxy is for use by shareholders only. If the appointor is a corporate entity this form of proxy must either be under its seal or under the hand of an officer or attorney duly authorized for that purpose.
