EMCOR GROUP, INC. REPORTS 2004 SECOND QUARTER RESULTS - Reiterates 2004 Full-Year Guidance -

NORWALK, CONNECTICUT, July 22, 2004 - EMCOR Group, Inc. (NYSE: EME) today reported results for the second quarter and six months ended June 30, 2004.

For the 2004 second quarter, net income was \$1.4 million, or \$0.09 per diluted share, versus net income of \$8.3 million, or \$0.53 per diluted share, in the 2003 second quarter. For the second quarter of 2004, the Company reported revenues of \$1.19 billion, compared to \$1.14 billion in the second quarter of last year.

Operating income in the second quarter of 2004 was \$4.2 million, versus operating income of \$16.6 million in the second quarter of last year. In the second quarter of 2004, selling, general and administrative expenses ("SG&A") were \$97.1 million, or 8.1% of revenues, compared to \$106.6 million, or 9.3% of revenues in the same quarter last year.

As of June 30, 2004, the Company's contract backlog was \$3.08 billion, versus \$3.15 billion at the end of the 2003 second quarter. EMCOR's backlog evolution reflects a continuation of its planned reduction in construction projects undertaken as the Company conserves capacity in preparation for private sector market recovery.

For the first six months of 2004, the Company reported net income of \$7.2 million, or \$0.46 per diluted share, versus net income of \$11.5 million, or \$0.74 per diluted share, in the first six months of 2003. Revenues for the first half of 2004 were \$2.30 billion, compared with revenues of \$2.21 billion in the first half of last year.

For the first half of 2004, the Company reported an operating loss of \$0.8 million, compared with operating income of \$24.2 million a year ago.

- MORE -

Included in the Company's results for the 2004 six-month period are approximately \$5.3 million in restructuring expenses, primarily related to the Company's previously announced management realignment and related initiatives, and a \$9.6 million reversal of income tax reserves no longer required based on a current analysis of probable exposures. Both items were recognized in the Company's 2004 first quarter results, except for \$0.1 million of restructuring expenses in the second quarter.

Frank T. MacInnis, Chairman and CEO of EMCOR Group, stated, "We believe that EMCOR's performance lags broad economic cycles by about two quarters. As the second quarter progressed, we began to see signs of a recovery in some of our markets. Although factors such as continued heightened exposure to the public sector and reduced demand for small-project discretionary work continued to adversely affect profitability, the second quarter brought with it the beginnings of a recovery in private sector work that had not previously been present in the marketplace. Additionally, efforts taken to improve the performance of our UK operations have led to improved results compared to the year ago period."

Mr. MacInnis added, "As market conditions have begun to improve, we're maintaining our focus on controlling our cost structure and managing working capital. Despite the increase in first half revenues, we were able to reduce SG&A costs by 8.9%, year over year, and strong quarterly cash performance contributed to one of the strongest balance sheets in the industry."

Mr. MacInnis concluded, "We stated early this year that the major defining factor in EMCOR's performance would be the overall pace of economic recovery. We are encouraged by the signs of improvement in both our construction and facilities services markets and we believe that this recovery will build momentum as we move into the second half of 2004. Going forward, we will continue to manage our backlog to ensure capacity to take on additional private sector work and will maintain our focus on cost controls and balance sheet strength. Given year-to-date revenue performance, we expect full-year revenue for 2004 to be approximately \$4.6 billion and expect 2004 earnings per share on a diluted basis to be \$2.15 and \$2.75, which includes the tax accrual adjustments reported in the first quarter and 2004 actual and anticipated restructuring charges of approximately \$6.0 million, as previously announced."

EMCOR Group, Inc. is a worldwide leader in mechanical and electrical construction services and facilities services. This press release and other press releases may be viewed at the Company's Web site at www.emcorgroup.com.

EMCOR Group's second quarter conference call will be available live via Internet broadcast today, Thursday, July 22, at 10:30 AM Eastern Time. You can access the live call through the Home Page of the Company's Web site at www.emcorgroup.com.
