The Company is filing a form 8-K/A to amend its earlier Form 8K filing on November 29, 2004 to add pro forma financial information, and is filing a form 8-K to report a long-term financing transaction, completed on December 9, 2004.

Item 1.01 Entry into a Material Definitive Agreement.

On December 9, 2004, we obtained long-term financing for the real property we acquired on November 23, 2004 known as Choice Centre (the Property). This financing was obtained through a promissory note made by Columbia Pike I, LLC (Columbia), a special purpose entity of which Caplease, LP, our wholly-owned subsidiary, is the sole member. We consolidate the assets, liabilities and results of Columbia for accounting purposes. The payment terms of the note are summarized below:

<u>Payee</u>	<u>Original Principal Amount</u>	<u>Interest Rate</u>	<u>Maturity Date</u>
Wachovia Bank, N.A.	\$32,625,000	5.30%	May 11, 2013

Debt service and principal payments on the notes are payable monthly. The note requires a balloon payment of approximately \$24.5 million at maturity. The note may not be prepaid during the first three years but may be defeased during this period at the sole discretion of Columbia. The note is secured by a mortgage on the property (including any improvements on the premises) and an assignment of the leases and rents on the property.

The note is subject to customary events of default, including the failure to pay principal and/or interest on the note or the determination that any representation or warranty made in the loan documents is false or misleading in any material respect. Upon such event of default, the note will, at the option of the payee, become immediately due and payable.

Wachovia Investors, Inc., an affiliate of Wachovia Bank, owns approximately 3.7% of our outstanding common stock. We have entered in to a master repurchase agreement with Wachovia Bank to finance our asset investments on a short-term basis. From time to time, we may sell net lease assets to Wachovia Bank or its affiliates on what we believe are fair market terms. In addition, Wachovia Bank acts as servicer of our net lease loan assets and the transfer agent of our common stock.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

As discussed under Item 1.01 above, on December 9, 2004, we obtained long-term financing for the real property we acquired on November 23, 2004 which resulted in the creation of a direct financial obligation.

Item 9.01. Financial Statements and Exhibits.

The following pro forma financial information and exhibits are filed as part of this report.

(b) Pro forma financial information;

The unaudited pro forma financial statements set forth:

- the Pro Forma Condensed Consolidated Balance Sheet (unaudited) as of September 30, 2004;

- the notes to Pro Forma Condensed Consolidated Financial Statements (unaudited); and
- the Statement of Estimated Taxable Operating Results and Estimated Cash to be Made Available by Operations (unaudited) for the year ended December 31, 2003.

The unaudited pro forma condensed consolidated balance sheet of Capital Lease Funding, Inc. (the Company) as of September 30, 2004 assumes the Company's acquisition of the Property had been consummated on September 30, 2004. The unaudited pro forma condensed consolidated income statements for the year ended December 31, 2003 and the nine months ended September 30, 2004 assume the Company's acquisition of the Property occurred on January 1, 2003. The pro forma condensed consolidated financial statements do not purport to represent what our financial position or results of operations would have been if the acquisition had been consummated as of the dates indicated, nor do they purport to project our financial position or results of operations at any future date or for any future period. These pro forma condensed consolidated financial statements should be read in conjunction with our 2003 historical financial statements as included in the final prospectus for our initial public offering (filed with the SEC on March 19, 2004) and our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2004.

The pro forma financial statements are based upon assumptions contained in the notes thereto and should be read in conjunction with such notes.

The unaudited pro forma financial statements may not necessarily reflect the results of operations or financial position of the Company which would have actually resulted had the acquisition occurred as of the dates and for the periods indicated, nor should they be taken as indicative of the future results of operations or the future financial position of the Company.

Notes to Pro Forma Condensed Consolidated Financial Statements
(Unaudited)

1. Basis of Presentation

The accompanying unaudited pro forma condensed consolidated financial statements are presented to reflect the acquisition of Choice Centre, Silver Spring, MD (the Property), an unaffiliated third party, by Capital Lease Funding, Inc.

The accompanying unaudited pro forma condensed consolidated balance sheet presents the historical financial information of the Company as of September 30, 2004 as adjusted for the acquisition of Choice Center as if the transaction had occurred on September 30, 2004.

The accompanying unaudited pro forma condensed consolidated statements of operations for the year ended December 31, 2003 and the nine months ended September 30, 2004 combines the historical operations of the Company with the historical operations of Choice Centre as if the transaction had occurred on January 1, 2003.

2. Pro Forma Adjustments

The unaudited pro forma condensed consolidated financial statements reflect the following significant pro forma adjustments:

- (a) Adjustment to reflect the Company's purchase of the Property, for approximately \$43.8 million, inclusive of acquisition and closing costs. The Company has allocated the purchase price to land, buildings and improvements in the accompanying pro forma consolidated balance sheet. The Company is in the process of determining if any intangible assets were acquired which may result in future adjustments to the allocation of the purchase price. See Note 2(c).
 - (b) Adjustment to reflect the Company's long-term financing on the Property. Subsequent to the purchase date and during December 2004, the Company obtained long-term mortgage financing on the Property with Wachovia Bank, N.A., in the principal amount of \$32.6 million at an interest rate of 5.30%. Inclusive of costs incurred related to the financing, the Company's effective interest rate on the financing is 5.43%. The mortgage loan with Wachovia Bank, N.A. requires monthly payment of interest and principal, with a maturity date of May 2013.
 - (c) Adjustment required for the historical rental revenues and operating expenses for the Property. Operating expenses include management costs and fees, and unreimbursed property expenses calculated using the historical costs of the Property. Rental income is recognized on a straight-line basis. The Company intends to account for the acquisition in accordance with Statements of Financial Accounting Standards No. 141, Business Combinations, and No. 142, Goodwill and Other Intangibles, and is currently in the process of analyzing the fair value of the acquired property's in-place leases. No value has yet been assigned to the leases and, therefore, the purchase price allocation is preliminary and subject to change.
 - (d) Adjustment required to reflect depreciation on the Property, based on the total allocated cost of the acquisition to depreciable assets. For GAAP purposes, the Company depreciates the Property using the straight-line method with an estimated useful life of 40 years. As discussed in Notes 2(a) and 2(c), the Company has not finalized the allocation of the purchase price. Any change to the allocation may result in changes to depreciation. The adjustment also reflects the reclassification of historical depreciation expense associated with corporate equipment and fixtures.
 - (e) Adjustment required to reflect interest expense on the long-term financing that the Company put in place during December 2004, including the impact of amortization of deferred financing costs using the constant interest method.
