**PROXY STATEMENT**

**North American Galvanizing & Coatings, Inc.**

**ANNUAL MEETING OF STOCKHOLDERS**

**To Be Held on May 15, 2007**

**GENERAL INFORMATION**

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of North American Galvanizing & Coatings, Inc. ("North American Galvanizing", the "Company", "we", "us" or "our") for use at the Annual Meeting of Stockholders to be held May 15, 2007, at 10:00 a.m., local time, at the American Stock Exchange, 86 Trinity Place, New York City, or at any adjournments thereof (the "Annual Meeting").

At the close of business on March 15, 2007, the record date for stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding 8,165,981 shares of our common stock (the "Common Stock"). Each share of Common Stock is entitled to one vote on all matters.

The holders of a majority of the Common Stock present in person or represented by proxy will constitute a quorum for transacting business at the Annual Meeting. Abstentions and "broker non-votes" are counted to determine the presence or absence of a quorum at the Annual Meeting. No cumulative voting rights are authorized and dissenters' rights are not applicable to the matters being proposed.

This proxy statement and accompanying proxy card are being mailed to our stockholders on or about April 9, 2007.

Our principal executive office is located at 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135.

The seven nominees receiving the highest number of affirmative votes will be elected as directors at the Annual Meeting. This is called a plurality. A vote withheld from a nominee for director will have no effect on the results of the vote.

The affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote is required to ratify the appointment of Deloitte & Touche LLP as the independent registered public accountants.

Brokers who hold shares of Common Stock in "street name" for customers have authority to vote on certain "routine" items on behalf of their clients if they do not receive voting instructions within ten days of the Annual Meeting pursuant to the rules of the New York Stock Exchange that govern brokers, including brokers that trade shares on the American Stock

---

Exchange. Brokers will have discretionary authority to vote on the election of directors and the ratification of the independent registered public accountants, as those are considered routine items. For matters that are not routine, if a broker has not received voting instructions from its client, the broker cannot vote the shares on that proposal. This is called a "broker non-vote." Broker non-votes will be counted for purposes of establishing a quorum to conduct business at the Annual Meeting but not for determining the number of shares voted for or against a non-routine matter or as an abstention on that matter. We are not asking you to vote on any non-routine items this year.

You may revoke your proxy at any time before the Annual Meeting by:

- giving written notice to North American Galvanizing & Coatings, Inc., Attention: Corporate Secretary, 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135,
  - submitting a subsequent proxy by internet, telephone or mail with a later date, or
    - by voting in person at the Annual Meeting.

Shares represented by properly executed proxies will be voted at the Annual Meeting as specified, unless such proxies are subsequently revoked as provided above.

If no choice is specified on a valid, unrevoked proxy, the shares will be voted as follows:

- FOR the election of the directors,
  - FOR the ratification of the appointment of the independent registered public accountants.

Proxies will also authorize the shares represented thereby to be voted on any matters not known as of the date of this proxy statement that may properly be presented for action at the Annual Meeting.

## **ANNUAL REPORT**

Our Annual Report to Stockholders and Form 10-K for the fiscal year ended December 31, 2006, including audited financial statements, are enclosed with this Proxy Statement.

## **PROPOSAL 1**

### **ELECTION OF DIRECTORS**

The Board currently consists of seven members, each of whom is elected to serve for a term of one year. The resignation of a Board member in 2006 created a vacancy. The Board did not fill the vacancy and as permitted by the Company's bylaws has elected to reduce the number of Board seats from eight to seven. In the event a qualified candidate is found (and no active search is occurring at this time), the Board will consider increasing the Board size back to eight and filling the vacancy.

Seven directors are to be elected at the Annual Meeting to serve until the 2008 annual meeting or until their respective successors have been duly elected and qualified.

Seven of our current directors, Linwood J. Bundy, Ronald J. Evans, T. Stephen Gregory, Gilbert L. Klemann, II, Patrick J. Lynch, Joseph J. Morrow and John H. Sununu, have been nominated for re-election at the Annual Meeting for a term expiring at the 2008 Annual Meeting of Stockholders, and each of these nominees has agreed to serve if elected; however, if any nominee is unable or declines to serve as a director at the date of the Annual Meeting, such proxies will be voted for a substitute nominee selected by the Board. ### **BOARD OF DIRECTORS AND COMMITTEES**

The business of the Company is managed under the direction of its seven member Board of Directors. The Board meets regularly during our fiscal year to review significant developments affecting us and to act on matters requiring Board approval. It also holds special meetings when necessary between scheduled meetings.

The Board has determined that Messrs. Bundy, Klemann, Lynch, Morrow and Sununu are “independent directors,” as the term is defined under the listing standards of AMEX. Mr. Gregory is a non-management director who the Board has determined not to be independent based on an ongoing business relationship with the Company. Mr. Evans is the sole management member of the Board. When we use the term “non-management director” in this proxy statement, we are referring to all the Board members with the exception of Mr. Evans.

The Board met seven times in 2006 (including regularly scheduled and special telephonic meetings). Each director attended at least 75% of the total meetings of the Board and the total meetings of each applicable committee. The non-management directors meet in executive session, as needed, without the management director or other members of management. The Board does not have a policy regarding director attendance at annual meetings. For the 2006 Annual Meeting of Stockholders, six of the seven directors attended the meeting.

We have a non-executive Chairman in lieu of a “lead” director who presides at all executive sessions of the Board. An interested person who wishes to contact either the Chairman or the non-management directors as a group may do so by writing to either the Chairman or the Non-Management Directors, c/o Corporate Secretary, North American Galvanizing & Coatings, Inc., 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135, which will be forwarded, unopened, to the addressee. Stockholders may also contact any other member of the Board by writing to the same address, c/o Board of Directors.

(3) See Summary Compensation Table for disclosure related to Ronald J. Evans who is also an Executive Officer of the Company.

**Overview of Director Compensation and Procedures**

Director compensation is now and has historically been set by the Board. Director compensation has historically been relatively low with most directors serving because of their equity interest in the Company or their personal or business relationship with our large shareholders.

Non-management directors receive an annual fee, currently \$35,000, payable in quarterly installments, and receive no additional compensation for committee services beyond their annual fee. The Company reimburses the directors for their out-of-pocket expenses for attending Board and committee meetings which, from time-to-time may include the Director's spouse.

The management director receives no compensation beyond the compensation he receives as CEO but participates in the Director Stock Unit Program to the extent described below.

At the Company's Annual Meeting held July 21, 2004, stockholders approved a Director Stock Unit Program ("Program"). Under the Program, effective January 1, 2005, each non-

D-6

---

management director is required to defer at least 50% (\$17,500) of his or her annual fee, and may elect to defer 75% (\$26,250) or 100% (\$35,000) of the annual fee. The director must make the annual deferral decision before the start of the year. Amounts deferred under the Program are converted into a deferred Stock Unit grant under the Company's 2004 Incentive Stock Plan at the average of the closing prices for a share of the Company's Common Stock for the 10 trading days before the quarterly director fee payment dates.

To encourage deferral of fees by non-management directors, the Company makes a matching Stock Unit grant ranging from 25% to 75% of the amount deferred by the director as of the same quarterly payment dates.

Under the Program, the Company automatically defers from the management director's salary a dollar amount equal to 50% (\$17,500) of the director fees for outside directors. The management director may elect to defer an amount equal to 75% (\$26,250) or 100% (\$35,000) of the director fees for non-management directors from his or her compensation, and the Company matches deferrals by the management director with Stock Units at the same rate as it matches deferrals for non-management directors.

Deliveries of the granted stock are made five calendar years following the year for which the deferral is made subject to acceleration upon the resignation or retirement of the director or a change in control.

Each non-management director received a grant of options to purchase 10,000 shares of Common Stock (the "Non-Employee Director Options") under the 2004 Incentive Stock Plan on February 23, 2007. This grant is in recognition of 2006 performance. During 2006, no options were granted to the non-management directors. The exercise price for each share of stock subject to an option grant shall be no less than the fair-market value of the Common Stock on the date of the grant. Options granted to non-management directors become exercisable six months following the date of the grant and have a ten year term.

### **Corporate Governance**

The corporate governance guidelines adopted by the Board in 2004 address the qualification and selection of Board members, independence of Board members, Board leadership, structure of Board committees and Board processes. In addition, the guidelines include a requirement for executive sessions of non-management directors, an annual self-assessment of the performance of the Board and its committees, an annual performance evaluation of the Chief Executive Officer, and a charter for each Board committee. We have also adopted a Code of Conduct and Ethics that applies to the Board, our corporate officers, including our Chief Executive Officer and Chief Financial Officer, and all of our other employees. Our corporate governance guidelines, the charters for our committees and our Code of Conduct and Ethics, including our independence standards (which conform to AMEX rules), are available on our website at <http://www.nagalv.com/Investors.asp>.

## Committees of the Board

The Board maintains the following four standing committees, the membership of which is determined from time to time by the Board:

**Executive Committee.** Messrs. Sununu (chairman), Klemann, Morrow, and Evans are members of the Executive Committee, which met four times in 2006. The Executive Committee is delegated authority to act on behalf of the Board in certain operational and personnel matters, and to approve capital expenditures within limits authorized by the Board.

**Audit Committee.** Messrs. Lynch (chairman), Bundy, and Klemann are members of the Audit Committee, which met eight times in 2006. Each member of the Audit Committee is an “independent director” as defined in the AMEX rules for Audit Committee members. The Board has determined that Mr. Lynch qualifies as an audit committee “financial expert” within the meaning of the rules and regulations of the Securities and Exchange Commission (the “SEC”).

The Audit Committee is responsible for, among other things,

- appointing our independent registered public accountants, subject to stockholder ratification,
- reviewing the scope of the annual audit and recommendations of the independent registered public accountants,
- reviewing and discussing with management and the independent registered public accountants our audited financial statements and other financial information,
- monitoring the independence and performance of our independent registered public accountants, and
- evaluating overall risk exposures and the adequacy of the overall internal control functions of the Company.

**Compensation Committee.** Messrs. Bundy (chairman), Gregory, Lynch and Morrow are members of the Compensation Committee, which met four times in 2006. Messrs. Bundy, Lynch and Morrow are “independent directors” as defined in the AMEX rules.

The Compensation Committee considers remuneration of our corporate and subsidiary officers, administers our incentive compensation and stock option plans and approves the adoption of employee benefit plans. The Compensation Committee evaluates the performance of the Chief Executive Officer and Chief Financial Officer and recommends to the Board their compensation.

The Board has determined that Mr. Gregory does not qualify as an independent director under AMEX rules because of the level of business that Gregory Industries, Inc. conducts with the Company as disclosed in this proxy statement on p. D-22 under “Related Party Transactions”. The Board, however, has named Mr. Gregory to the Compensation Committee because it believes that the business relationship of Gregory Industries to the Company does not affect Mr. Gregory’s judgment on compensation issues and that Mr. Gregory’s previous business experience is helpful to the committee. The Board has also named Mr. Gregory to the Corporate Governance and Nominating Committee, which is composed of all non-management directors.

**Corporate Governance and Nominating Committee.** The Corporate Governance and Nominating Committee was formed in 2003, and is composed of Messrs. Morrow (chairman), Bundy, Gregory, Klemann, Lynch and Sununu. Messrs. Bundy, Klemann, Lynch, Morrow and Sununu are “independent directors” as defined in the AMEX rules. The Corporate Governance and Nominating Committee met one time in 2006.

The Corporate Governance and Nominating Committee is responsible for, among other things, identifying and evaluating the qualifications of candidates for Board membership and making recommendations of candidates for consideration of nomination by the Board.

The Corporate Governance and Nominating Committee reviews and recommends to the Board the slate of director nominees to be proposed for election at annual meetings of stockholders and candidates to fill vacancies on the Board that occur between annual meetings of the stockholders. In identifying and evaluating candidates for Board membership, the Corporate Governance and Nominating Committee takes into account all factors it considers appropriate. While there are no specific minimum requirements for director nominees, the Committee does consider the following non-exclusive factors: professional experience, knowledge, integrity, independence, diversity of backgrounds and the extent to which the candidate would fill a present need on the Board.

The Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director with an emphasis on the needs of the Company. The Committee will consider candidates for the board of directors recommended by stockholders and will evaluate such candidates in the same manner as other potential candidates. Any stockholder who wishes to recommend a person to be considered for nomination as a director by the Corporate Governance and Nominating Committee may do so by submitting the candidate's name and qualifications in writing to Corporate Governance and Nominating Committee, c/o Corporate Secretary, 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135. Stockholders may directly nominate persons for director in accordance with the provisions of our Bylaws, a copy of which is on file with the SEC.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

The Compensation Committee reviews and approves, and recommends for the approval of the full Board of Directors, the annual compensation and compensation procedures for the two executive officers of the Company, including the Chief Executive Officer and Chief Financial Officer. The CEO confers with the Compensation Committee concerning the compensation of the CFO. The Compensation Committee has not utilized compensation consultants but has the right to do so under its charter and may in the future. At present, the Compensation Committee believes that the cumulative business experience of its members is adequate for its compensation decisions.

Our objective is to provide for executive compensation that will attract and retain skilled executives and will link executive compensation to corporate performance. To achieve these goals, we believe that our executive compensation must include adequate short-term compensation (primarily in the form of salary and annual bonus) and long-term compensation (primarily in the form of stock options and other equity-based awards.) The Compensation Committee has no policy as far as the allocation of executive compensation between short-term and long-term compensation or between cash and equity compensation. This allocation is based on a case by case analysis.

**Salary.** Actual salaries are based on individual performance contributions within a competitive salary range for each position established through job evaluation and market comparisons. We review approved salary ranges annually to determine parity with national compensation trends and to ensure that we maintain a reasonably competitive compensation structure. The President and Chief Executive Officer's salary is approved by the Board based on a review and recommendation by the Compensation Committee, taking into consideration historical compensation, corporate performance, similar competitive compensation of Chief Executive Officers at peer corporations, assessment of past performance, leadership characteristics and its expectations of future contributions to the Company's long-term success. The CFO's compensation is determined in a like manner except that the CEO has a substantial role, together with the Compensation Committee, in setting the CFO's compensation subject to Board approval.

During 2006, the Compensation Committee recommended and the Board approved an increase in annual base salary of \$20,000, to \$200,000, for the Chief Executive Officer and an increase in annual base salary of \$20,000, to \$150,000 for the Chief Financial Officer, effective April 1, 2006. In February 2007, the Compensation Committee recommended and the Board approved an increase in annual base salary of \$125,000, to \$325,000, for the Chief Executive Officer and an increase in annual base salary of \$25,000, to \$175,000 for the Chief Financial Officer, effective April 1, 2007. These increases were based in large part upon the Company's improved performance in 2005 and 2006.

You will see from the compensation chart on page D-14 that a substantial portion of the CEO's compensation (25.3%) came from equity awards. Conversely, only 5.5% of the CFO's compensation came from equity awards. This relative disparity is based upon the Compensation Committee's view that a substantial portion of the CEO's compensation should be linked to Company performance and the performance of the Company's stock.

Most of the stock options exercised by the CEO in 2006 were awarded to the CEO on his initial hire date in 1996 as an incentive to increase shareholder value. The stock options were exercised as a result of the improvement in the Company's stock price and because those options granted in 1996 were scheduled to expire in 2006. The Board extended for 42 days the exercise date of these 1996 stock options in order to permit the CEO to make a cashless exercise of the options during an open window period under the Company's insider trading policy.

**Annual Incentive Compensation.** Our executive management team is eligible to participate in a discretionary annual bonus program. The Committee, subject to Board approval, administers the plan and selects the key employees and executive officers who participate but with substantial CEO input on all employees except himself. This authority enables the Committee to consider achievement of individual objectives in deciding on, and recommending to the Board, the amount of any bonus for a participant.

The Compensation Committee took into consideration the corporate performance and contributions and earnings performance by our key managers and officers for the year ended December 31, 2006, and approved an aggregate of \$390,500 in bonus awards for 31 persons, including our Chief Executive Officer and Chief Financial Officer. The Compensation Committee determined these bonuses in February, 2007, based upon corporate performance and the performance of the particular employee in 2006. The Compensation Committee is currently evaluating a management incentive bonus program which after review and approval by the Board, may be implemented during 2007.

The Board approved the recommendations of the Compensation Committee.

**2004 Incentive Stock Plan.** Equity awards, historically in the form of stock option grants, are made under this plan to provide additional incentives to employees to work to maximize our growth and stockholder value. The stock option program may utilize vesting periods to encourage key employees to continue in our employ. The number of options granted is determined by the subjective evaluation of the executive's ability to influence our long-term growth and profitability. Options are granted at the current market price at the time of the grant.

The Compensation Committee recommends, and the Board approves, equity awards under this plan. The CEO confers with the Compensation Committee on all plan awards other than those made to himself. Grants are made before March 15 each year.

In 2006, the Compensation Committee recommended and the Board approved stock option grants totaling 157,500 shares of Common Stock to our employees, including 100,000 awarded to the Chief Executive Officer and 20,000 awarded to the Chief Financial Officer. In February 2007, the Compensation Committee recommended and the Board approved stock option grants totaling 265,000 shares of Common Stock to our employees, including 200,000 awarded to the Chief Executive Officer and 25,000 awarded to the Chief Financial Officer.

**401K Plan.** The Company offers a 401(k) defined contribution plan to its eligible employees, including executive officers. Although the Company match is discretionary, the Company has historically matched a participant's contributions up to 3% and contributed to the North American Galvanizing Common Stock Fund of the 401K an additional 110% of a participant's contributions over 3%, but not to exceed 6%, of the participant's compensation.

**Perquisites.** The Company offers to pay the travel costs of the executives' spouses to attend the Annual Meeting of Shareholders. The aggregate cost in total is less than \$10,000 per year. The Company provides no other perquisites to its executives.

**Change in Control Provisions.** Awards under the 2004 Incentive Stock Plan and the Director Stock Unit Plan are subject to accelerated vesting upon a change in control of the Company, resignation or retirement. The Compensation Committee believes these accelerated vesting provisions to be fair and customary. The change in control provisions in the CEO's employment agreement are discussed below.

**CEO Employment Agreement.** The Company recently entered into a written employment agreement with the CEO. This three year employment agreement, effective April 1, 2007, provides the CEO an annual base salary of \$325,000 during the term subject to possible increase by the Board. Under the agreement, the CEO remains eligible to participate in all Company benefit plans.

If the CEO's employment is terminated for any reason other than a change in control or for cause or because of a permanent disability, then the employment agreement provides that CEO (or his estate) is entitled to a one-time termination payment equal to his then annual base salary.

In the event either the CEO or the Company elects to terminate the agreement upon the occurrence of a change in control, then the CEO will be entitled to receive a one-time payment equal to 2.99 times his annual base salary as of the date of termination. The CEO would have received a termination payment of \$971,750 in the event the employment agreement had been in effect as of December 31, 2006, and a change of control and termination had occurred at that time.

The CEO and the Chairman of the Board in consultation with the Compensation Committee negotiated the terms of the employment agreement, which were recommended by the Compensation Committee and approved by the Board. The Compensation Committee and the Board believe that the terms of the agreement are reasonable and that the agreement was needed in order to retain the services of the CEO.

The Compensation Committee believes that compensation levels during 2006 adequately reflect our compensation goals and policies. The Compensation Committee will continue to evaluate the relationship between its executive and key managerial compensation and our performance and stockholder value.

The Audit Committee reviews our financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the Audit Committee has met and held discussions with management and the independent auditor regarding the fair and complete presentation of the Company's results. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principals generally accepted in the United States of America.

The Audit Committee is responsible for, among other things, reviewing with our independent registered public accountants the scope and results of their audit engagement. In connection with the fiscal 2006 audit, the Audit Committee has:

- reviewed and discussed with Deloitte & Touche, LLP, our independent registered public accountants ("Deloitte"), and with management our audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2006,
- discussed with Deloitte the matters required by Statement on Auditing Standards No. 61, as amended, relating to communications between the Audit Committee and the independent registered public accountants, and

## PROPOSAL 2

### **RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

The Audit Committee has appointed Deloitte as independent registered public accountants to conduct the 2007 audit of our financial statements. The Board has directed that such appointment be submitted for ratification by the stockholders at the Annual Meeting.

Deloitte has served as our independent registered public accountants since 1990. A representative of Deloitte is expected to be present at the Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Total fees for professional services provided by Deloitte for the years ended December 31, 2006 and 2005 were \$316,364 and \$211,313, respectively, for the following services:

#### **Audit Fees**

The aggregate fees for professional services rendered by Deloitte for the audit of our annual financial statements and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q in 2006 and 2005 were \$180,262 and \$139,300, respectively.

#### **Audit-Related Fees**

The aggregate fees paid for audit-related services in 2006 and 2005 related to attestation fees paid for audits of the Company's employee benefit plan were \$13,000 and \$10,195, respectively. In addition, during 2006 fees of \$21,885 were charged by Deloitte for reviewing a change in depreciation method, assistance with the company's response to an SEC comment letter, and audit opinion required for an S-8 filing registering the 2004 Incentive Stock Option Plan.

#### **Tax Fees**

The aggregate fees paid for preparation of tax returns were \$29,180 and \$45,848 for 2006 and 2005, respectively. The aggregate fees for tax planning and consultation on tax compliance in 2006 and 2005 were \$14,983 and \$14,570, respectively. In addition, fees of \$57,054 were paid during 2006 for assistance with an IRS examination.

#### **All Other Fees**

Total Other Fees of \$1,400 paid during 2005 related to review of stock option accounting.

The Audit Committee charter provides for the pre-approval of all audit services and all non-audit services to be provided by our independent registered public accountants that are

permitted under applicable law and regulation, and all corresponding fees and terms, by the Audit Committee. Pursuant to procedures established by the Audit Committee, the Chief Financial Officer and/or Chief Executive Officer are required to review and recommend for approval such services to the Audit Committee, subject to the de minimus exception for non-audit services permitted by SEC rules and regulations. For fiscal years 2006 and 2005, none of the fees listed above were covered by the de minimus exception.

The Audit Committee has considered whether the provision of non-audit services by Deloitte for the year ended December 31, 2006 is compatible with maintaining the principal independent registered public accountant's independence.

**The Board recommends that you vote FOR ratification of the appointment of Deloitte & Touche LLP.**
