EXPLANATORY NOTE

This amendment to Form 8-K is being filed to amend certain information contained in the original report. The amendment contains the entire report, as amended and restated, except for the exhibit which is incorporated by reference from the prior report.

Item 1.01 Entry into a Material Definitive Agreement.

The information in Item 3.02 below, is incorporated herein by reference.

Item 3.02 Unregistered Sales of Equity Securities.

On December 7, 2006, Gold Resource Corporation (the "Company") completed a private placement and sold a total of 4,322,000 shares of its common stock to investors in a transaction that was not registered under the Securities Act of 1933 ("Securities Act"). The shares were sold pursuant to a subscription agreement with each purchaser. The subscription agreement summarized the offering, contained customary representations and warranties by the subscriber and contained a registration rights provision in favor of the purchaser. Each share was sold for \$1.20 per share for aggregate proceeds of \$5,186,400. The Company received proceeds of \$4,928,430, net of finder's fees.

Pursuant to the registration rights provision in the subscription agreement, the Company agreed to use its commercially reasonable efforts to cause the shares to be registered for resale with the Securities and Exchange Commission ("SEC") as promptly as practical after the closing of the transaction and to pay the costs associated with such registration. If the Company is unable to have a registration statement registering these shares for resale declared effective on or before June 7, 2007, the Company will be required to issue additional shares of common stock equal to 10% of the shares sold to each investor in the private placement as liquidated damages.

In connection with the offering, the Company agreed to pay a finder's fee equal to 5% of the gross proceeds in cash and issue shares of the Company's common stock equal to 6% of the number of shares sold to individuals and entities who assisted with locating purchasers for the Company's stock and who are not officers or directors of the Company. As a result, the Company paid total finder's fees of \$257,970 and issued 257,700 shares of stock.

The shares were sold by the Company in transactions exempt from the registration requirements of the Securities Act pursuant to Rule 506 of Regulation D and in transactions that did not require registration pursuant to Rule 903 of Regulation S. Each investor in the U.S. was an "accredited investor" within the meaning of Rule 501. Further, the Company did not engage in any general solicitation or advertising in connection with the offering and exercised reasonable care in connection with the offering to ensure that the purchasers were not underwriters, including the placement of legends restricting transfer on certificates representing the securities. The remainder of the shares were sold to persons who were not in the U.S. and were not "U.S. persons" as defined in Rule 902 of Regulation S. The Company did not engage in any directed selling efforts in the United States in connection with the offering and placed legends on stock certificates restricting transfer in accordance with Regulation S.

The descriptions in this report of contracts, agreements or other arrangements to which the Company is party are summaries only and are not necessarily complete.
