Item 8.01. Other Events.

For the benefit of investors and other interested parties, Adaptec, Inc. (the Company) is filing this Form 8-K to reflect the Company's reorganization of its operating segments as of April 1, 2004, as described below, and amend certain information previously presented in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2004.

Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, and Note 6 Goodwill and Other Intangible Assets, Note 12 Restructuring Charges and Note 21, Segment, Geographic and Significant Customer Information, of Item 8, Financial Statements and Supplementary Data: These items and note reflect the Company's reorganization, as of April 1, 2004, of its previously reported Storage Solutions Group segment (SSG) and its Storage Networking Group segment (SNG), as management changed the way that the Company manages and evaluates the Company's businesses. The Company reorganized its internal organization structure to operate in three reportable segments: BU1, BU2 and DSG. Whereas historically the Company's SSG and SNG segments each offered distinct products across its entire customer base, the new BU1 and BU2 segments offer an integrated set of products to customers that are specific to the segment. A description of the types of customers or products and services provided by each reportable segment, as of April 1, 2004, were as follows:

BU1 includes high-volume OEM customers, which tend to have longer design cycles and integration processes and large, established customer bases. The Company generally sells a large number and wide variety of its products to these customers.

BU2 includes the distribution channel customers and VARs that buy a wide variety of products. It also includes all other OEM customers that are primarily focused on specific markets (for example, imaging and back-up) and generally purchase only storage system products.

DSG provides high-performance I/O connectivity and digital media solutions for personal computing platforms, including notebook and desktop PCs sold to consumers and small and midsize businesses.

Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, and Note 24, Subsequent Events, of Item 8, Financial Statements and Supplementary Data: These items and note reflect the Company's acquisition of (i) IBM's i/p Series RAID component business and (ii) Snap Appliance, a provider of NAS solutions.

Item 9.01(c). Financial Statements and Exhibits
