Subject: Company Update

Dear Facet Team Members,

As you may have seen, a press release was issued by one of our stockholders yesterday. The stockholder proposed an alternate slate of directors for the Facet board, in advance of our annual stockholder's meeting in May, and called for the company to issue a substantial cash dividend followed by a sale of the company. Late last week, we also received a letter from this stockholder that included his alternate director slate. We issued a press release earlier this morning indicating we had received the nomination notice. It is our policy to listen to all of our stockholders and our Board is in the process of evaluating the notice. Although we thoughtfully evaluate stockholder input, we believe we are headed in the right direction strategically and do not believe these proposals are currently in the best interests of the company and our stockholders.

Given all that you have endured over the last couple of years, I realize that this information may be unsettling to many of you. But let me assure that we have a solid strategy in place—our goal for Facet is to build an oncology-focused biotech company that is committed to developing drugs to improve patient lives—and we have the support of our board of directors. The most important thing we can do is to continue to focus on our day-to-day responsibilities while working to achieve our goals.

I would like to meet with all of you in person as soon as possible, but Andrew and I have previously scheduled travels to the East Coast this week. As a result, I won't be able to speak with you live until Friday, but I look forward to sharing more information with you and hearing your thoughts then at our Town Hall meeting.

Sincerely,

Faheem
