REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of

DuPont Powder Coatings USA, Inc. Profit Sharing Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of DuPont Powder Coatings USA, Inc. Profit Sharing Plan (the Plan) at December 31, 2010 and 2009, and the changes in net assets available for benefits for the year then ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DUPONT POWDER COATINGS USA, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the DuPont Powder Coatings USA, Inc. Profit Sharing Plan (the Plan) is provided for general purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is available to eligible employees of DuPont Powder Coatings USA, Inc. (the Company), a wholly owned subsidiary of E. I. du Pont de Nemours and Company (DuPont).

Administration

The Plan is administered by the Company. Bank of America, N.A. (Bank of America) is the trustee of the assets of the Plan. As trustee, Bank of America has authority to hold, manage and protect the assets of the Plan in accordance with the provisions of the Plan and trust agreements.

Participation

All employees of the Company are eligible to participate except any employee whose compensation and conditions of employment are covered by a collective bargaining agreement to which the Company is a party unless the agreement calls for the employee's participation in the Plan or an employee whose services are leased from another company. For purposes of employee contributions and compliance contributions, participation begins the first day of the next payroll period after the date an employee completes one hour of service. For purposes of Company match and Company profit sharing contributions, participation begins on the first day of the next payroll period after the date an employee completes a 12 month eligibility period in which the employee is credited with at least 1,000 hours of service during that period. Each participant who was an eligible employee at any time during the period, even if such employee did not work 1,000 hours, will receive the compliance contribution.

Contributions

Each year, participants may contribute between 1% and 15% of their eligible earnings, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may change their deferral contribution election four times a year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined

contribution plans. The Company contributions consist of (a) compliance contributions equal to 3% of eligible compensation, (b) matching contributions equal to 100% of the first 3% of eligible earnings that a participant contributes, and (c) profit sharing contributions equal to 10% of the Company's net profit for the Plan year less compliance and matching contributions made for the year. For the year ended December 31, 2010, the Company made a profit sharing contribution in the amount of \$62,801. Contributions to the Plan are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DUPONT POWDER COATINGS USA, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan announced changes to its investments options which were effective February 15, 2011. The American Century Small Company Fund was removed from the Plan and replaced with the Columbia Small Cap Growth Fund mutual Fund. In addition, the Bank of America Retirement Preservation Trust was removed from the Plan and replaced with the Invesco Stable Value Retirement Fund. Funds were automatically transferred into the new investment options unless participants choose an alternative investment option. The Plan currently offers eight mutual funds, three common/collective trust funds (CCTs), a stable value fund and DuPont company stock as investment options for participants.

Vesting

Participants are immediately vested in the portion of their accounts contributed by them, the Company's compliance contribution and in the earnings on such contributions. A participant's vested interest in the Company's matching and profit sharing contributions and the related earnings are determined using the following table:

Years of Service	Vested Percent
1 - 2	20%
2 - 3	40%
3 - 4	60%
4 - 5	80%
5 or more	100%

One full year of service is defined as a twelve-month period of employment. A participant also becomes 100% vested upon normal retirement age (age 59½) and termination of employment due to disability or death.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.75% to 10.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. The loans are executed by promissory notes and have a minimum term of one year and a maximum term of five years, except for loans made to purchase a primary residence which have a maximum term of 10 years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 11-K

On termination of services due to death, disability or retirement, participants may elect to receive the value of their vested balances, in accordance with the provisions of the Plan, in a lump-sum distribution, partial distribution, or installments or annuity payments. In-service withdrawals may be made under certain conditions as permitted by the Plan. Required minimum distributions will begin in April of the calendar year following the later of the year in which the participant attains age 70 ½ or the year following retirement or termination of employment.

DUPONT POWDER COATINGS USA, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$127,153 and \$158,271, respectively. Forfeitures may be used to restore accounts, as defined in the Plan, to pay administrative expenses or may decrease the amount of company and profit sharing contributions. During the year ended December 31, 2010, forfeited accounts were used to pay for administrative expenses of the Plan totaling approximately \$44,000.

Administrative Expenses

Reasonable expenses of administering the Plan, at the election of the Company, may be paid by the Plan. For the year ended December 31, 2010, the Plan paid \$48,259 in administrative expenses, including audit and various recordkeeping fees. Brokerage fees, transfer taxes, investment fees and other expenses incident to the purchase and sale of securities and investments shall be included in the cost of such securities or investments or deducted from the sales proceeds.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (GAAP).

Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including common stock, mutual funds, and CCTs. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. DuPont company stock is valued at the year-end unit closing price (defined as the year-end market price of common stock plus uninvested cash position). Shares of registered investment companies (mutual funds) are valued at the net asset value of shares held by the Plan at year-end. Fair value of the shares of CCTs are valued at net asset value as reported by the CCTs' trustee at year-end.

Table of Contents

DUPONT POWDER COATINGS USA, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

Purchases and sales of investments are recorded on a trade-date basis. Realized gains and losses on the sale of DuPont company stock is based on average cost of the securities sold. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were \$85,342 and \$0 at December 31, 2010 and 2009, respectively.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures*, which amends Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which are required in 2011. The adoption in 2010 did not materially affect, and the future adoption is not expected to materially affect, the Plan's financial statements.

In September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. The ASU requires that participant loans be classified as notes receivable rather than a plan investment and measured at unpaid principal balance plus accrued but unpaid interest rather than fair value. The Plan retrospectively adopted the new accounting in 2010. The adoption did not have a material effect on the Plan's financial condition.

In March 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards*. ASU 2011-04 was issued to provide a consistent definition of fair value and

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 11-K

ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This pronouncement is effective for reporting periods beginning on or after December 15, 2011. The Plan is currently evaluating the impact of the adoption on the financial statements.
