**Item 8.01**

**Other Events**

On August 25, 2011, Standard & Poor's Ratings Services (S&P) published *Bond Insurance Rating Methodology and Assumptions*, a criteria article that follows upon S&P's *Request for Comment: Bond Insurance Criteria*, published January 24, 2011. Both publications are available at [www.standardandpoors.com](http://www.standardandpoors.com). The criteria described in the article update and supersede S&P's previous criteria for rating bond insurers. S&P noted that the impact of new bond insurance rating criteria could result in financial strength ratings on investment-grade bond insurers (such as Assured Guaranty Ltd.'s subsidiaries Assured Guaranty Municipal Corp. and Assured Guaranty Corp.) being lowered by one or more rating categories. The article states that the criteria are effective immediately and that S&P expects any rating changes to occur after its review of third quarter 2011 financial statements, but no later than November 30, 2011. However, a rating agency may place a company's financial strength rating on credit watch for a downgrade at any time.

Assured Guaranty Ltd. (together with its subsidiaries, Assured Guaranty) is currently reviewing S&P's revised bond insurance rating criteria. The final criteria contain a number of changes from the proposals submitted in January 2011 for comment from market participants, including a new Largest Obligors Test that was not included in the January 2011 *Request for Comment*. This test appears to have the effect of significantly reducing Assured Guaranty's allowed single risk limits and limiting its financial strength rating level. Assured Guaranty is in the process of analyzing the new criteria, including the Largest Obligors Test, and intends to communicate further once it has had the opportunity to evaluate it and discuss its implications with S&P.
