EXPLANATORY NOTE

This report combines the annual reports on Form 10-K for the year ended December 31, 2011 of CubeSmart (the Parent Company or CubeSmart) and CubeSmart, L.P. (the Operating Partnership). The Parent Company is a Maryland real estate investment trust, or REIT, that owns its assets and conducts its operations through the Operating Partnership, a Delaware limited partnership, and subsidiaries of the Operating Partnership. The Parent Company, the Operating Partnership and their consolidated subsidiaries are collectively referred to in this report as the Company. In addition, terms such as we, us, or our used in this report may refer to the Company, the Parent Company, or the Operating Partnership.

The Parent Company is the sole general partner of the Operating Partnership and, as of December 31, 2011, owned a 96.3% general partnership interest in the Operating Partnership. The remaining 3.7% interest consists of common units of limited partnership issued by the Operating Partnership to third parties in exchange for contributions of properties to the Operating Partnership. As the sole general partner of the Operating Partnership, the Parent Company has full and complete authority over the Operating Partnership s day-to-day operations and management.

Management operates the Parent Company and the Operating Partnership as one enterprise. The management teams of the Parent Company and the Operating Partnership acting through its general partner are identical.

There are a few differences between the Parent Company and the Operating Partnership, which are reflected in the note disclosures in this report. The Company believes it is important to understand the differences between the Parent Company and the Operating Partnership in the context of how these entities operate as a consolidated enterprise. The Parent Company is a REIT, whose only material asset is its ownership of the partnership interests of the Operating Partnership and subsidiaries of the Operating Partnership. As a result, the Parent Company does not conduct business itself, other than acting as the sole general partner of the Operating Partnership, issuing public equity from time to time and guaranteeing the debt obligations of the Operating Partnership and subsidiaries of the Operating Partnership. The Operating Partnership holds substantially all the assets of the Company and, directly or indirectly, holds the ownership interests in the Company is real estate ventures. The Operating Partnership conducts the operations of the Company is business and is structured as a partnership with no publicly traded equity. Except for net proceeds from equity issuances by the Parent Company, which are contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required by the Company is business through the Operating Partnership units of the Operating Partnership or equity interests in subsidiaries of the Operating Partnership.

The Company believes that combining the annual reports on Form 10-K of the Parent Company and the Operating Partnership into a single report will:

- facilitate a better understanding by the investors of the Parent Company and the Operating Partnership by enabling them to view the business as a whole in the same manner as management views and operates the business;
- remove duplicative disclosures and provide a more straightforward presentation in light of the fact that a substantial portion of the disclosure applies to both the Parent Company and the Operating Partnership; and
- create time and cost efficiencies through the preparation of one combined report instead of two separate reports.

In order to highlight the differences between the Parent Company and the Operating Partnership, the separate sections in this report for the Parent Company and the Operating Partnership specifically refer to the Parent Company and the Operating Partnership. In the sections that combine disclosures of the Parent Company and the Operating Partnership, this report refers to such disclosures as those of the Company. Although the Operating Partnership is generally the entity that directly or indirectly enters into contracts and real estate ventures and holds assets and debt, reference to the Company is appropriate because the business is one enterprise and the Parent Company operates the business through the Operating Partnership.

As general partner with control of the Operating Partnership, the Parent Company consolidates the Operating Partnership for financial reporting purposes. The Parent Company does not have significant assets other than its investment in the Operating Partnership. The substantive difference between the Parent Company s and the Operating Partnership s filings is the fact that the Parent Company is a REIT with public shares, while the Operating Partnership is a partnership with no publicly traded equity. In the financial statements, this difference is primarily reflected in the equity (or capital for Operating Partnership) section of the consolidated balance sheets and in the consolidated statements of equity (or capital) and

comprehensive income (loss). Apart from the different equity treatment, the consolidated financial statements of the Parent Company and the Operating Partnership are nearly identical. The separate discussions of the Parent Company and the Operating Partnership in this report should be read in conjunction with each other to understand the results of the Company s operations on a consolidated basis and how management operates the Company.

This report also includes separate Item 9A (Controls and Procedures) disclosures and separate Exhibit 31 and 32 certifications for each of the Parent Company and the Operating Partnership in order to establish that the Chief Executive Officer and the Chief Financial Officer of each entity have made the requisite certifications and that the Parent Company and Operating Partnership are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934, as amended, and 18 U.S.C. § 1350.

ITEM 1. BUSINESS

Overview

We are a self-administered and self-managed real estate company focused primarily on the ownership, operation, management, acquisition and development of self-storage facilities in the United States.

As of December 31, 2011, we owned 370 self-storage facilities located in 26 states and in the District of Columbia containing an aggregate of approximately 24.4 million rentable square feet. As of December 31, 2011, approximately 78.4% of the rentable square footage at our owned facilities was leased to approximately 173,000 tenants, and no single tenant represented a significant concentration of our revenues. As of December 31, 2011 we owned facilities in the District of Columbia and the following 26 states: Alabama, Arizona, California, Colorado, Connecticut, Florida, Georgia, Illinois, Indiana, Louisiana, Maryland, Massachusetts, Michigan, Mississippi, Nevada, New Jersey, New Mexico, New York, North Carolina, Ohio, Pennsylvania, Tennessee, Texas, Utah, Virginia and Wisconsin. In addition, as of December 31, 2011, we managed 103 properties for third parties, bringing the total number of properties we owned and/or managed to 473. As of December 31, 2011 we managed facilities in the District of Columbia and the following 26 states: Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Massachusetts, Maryland, Michigan, New Hampshire, Minnesota, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Texas and Virginia.

Our self-storage facilities are designed to offer affordable and easily-accessible storage space for our residential and commercial customers. Our customers rent storage cubes for their exclusive use, typically on a month-to-month basis. Additionally, some of our facilities offer outside storage areas for vehicles and boats. Our facilities are designed to accommodate both residential and commercial customers, with features such as wide aisles and load-bearing capabilities for large truck access. All of our facilities have an on-site manager during business hours, and 255, or approximately 69%, of our facilities have a manager who resides in an apartment at the facility. Our customers can access their storage cubes during business hours, and some of our facilities provide customers with 24-hour access through computer controlled access systems. Our goal is to provide customers with the highest standard of facilities and service in the industry. To that end, approximately 72% of our facilities include climate controlled cubes, compared to the national average of 36% reported by the 2011 Self-Storage Almanac.

The Parent Company was formed in July 2004 as a Maryland REIT. The Parent Company owns its assets and conducts its business through its operating partnership, CubeSmart, L.P. (our Operating Partnership), and its subsidiaries. The Parent Company controls the Operating Partnership as its sole general partner and, as of December 31, 2011, owned an approximately 96.3% interest in the Operating Partnership. The Operating Partnership has been engaged in virtually all aspects of the self-storage business, including the development, acquisition, management, ownership and operation of self-storage facilities.

Acquisition and Disposition Activity

As of December 31, 2011 and 2010, we owned 370 and 363 facilities, respectively, that contained an aggregate of 24.4 million and 23.6 million rentable square feet with occupancy rates of 78.4% and 76.3%, respectively.

On October 24, 2011, we entered into a purchase agreement with the ownership entities to acquire a portfolio of 22 self-storage facilities branded under the name Storage Deluxe that contain an aggregate of approximately 1.6 million rentable square feet (the Storage Deluxe Acquisition). The aggregate purchase price for all the properties in the Storage Deluxe Acquisition is approximately \$560 million, comprised of approximately \$472 million payable in cash and the assumption of approximately \$88 million of existing fixed-rate debt. On November 3, 2011, we acquired 16 of the properties for approximately \$357.3 million. The 16 properties purchased are located in New York, Connecticut and Pennsylvania. We anticipate closing on the purchase of the remaining properties with a purchase price of approximately \$202.7 million, including the assumption of \$88 million of secured fixed-rate debt, immediately following completion of the loan assumption process, which we expect to conclude during the first quarter of 2012.

A complete listing of, and additional information about, our facilities is included in Item 2 of this Annual Report on Form 10-K. The following is a summary of our 2011, 2010 and 2009 acquisition and disposition activity:
