BANCO DE CHILE ANNOUNCES SOLUTION PLAN TO CLIENTS

FOR ERRONEOUS FORWARDING OF BANK STATEMENTS

Banco de Chile announced today a solution plan for its fifty two thousand clients affected for the erroneous forwarding of bank statements, equivalent to a 7.7% of its total account holders of the institution. This plan includes CLP\$ 1,055 million (Chilean pesos) in direct reparations to the affected clients. The Bank will disburse, in total, more than CLP\$ 1,300 million (Chilean pesos) in granting benefits.

Each of the clients, holders of the bank statement incorrectly forwarded will receive a deposit of CLP\$ 20,000 (Chilean peso) in its bank account. Besides affected clients will be beneficiaries of an individual insurance, at no cost, for one year, which will protect them in case of any material damage that may suffer as a consequence of the misuse of the information contained in bank statements erroneously forwarded, with coverage of UF 300 (*Unidades de Fomento*) per client.

Once this solution was approved by the National Consumer Service, a thirty days term was set in order to make it effective.

We have assumed from the very first moment the responsibility for this regrettable error and we will honor our commitments to the clients , explained Arturo Tagle, Chief Executive Officer of Banco de Chile. We would like to respond by delivering a direct and concrete benefit for the inconveniences we may have caused and to protect them in case of misuse of the information .

Trust and security of our clients is fundamental to us, be sure we are taking all measures in order to avoid that these facts may repeat , concluded Tagle.

This solution represents a disbursement on part of Banco de Chile of a total amount of CLP\$ 1,055,400,000 (Chilean pesos).
