**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On October 8, 2012, EnergySolutions, Inc. (the Company) initiated a restructuring plan (the Plan) to reduce its operating costs and improve profitability. Under the Plan, the Company is reorganizing its business reporting units, reducing its facility footprint and implementing a reduction in force of approximately 265 employees across multiple business segments and functions. The Company expects to complete the Plan by the end of the fourth quarter of 2012. The Company estimates that the Plan will result in a reduction in expenses of approximately \$35 million annually, not including restructuring charges associated with the Plan.

As a result of the Plan, the Company expects to incur total restructuring charges of between \$12 million and \$16 million, substantially all of which represent cash expenditures. The foregoing estimated charges include between \$9 million and \$11 million for severance, termination benefits and employee relocation costs, and between \$3 million and \$5 million for facility costs.

Certain statements in this Current Report on Form 8-K may be deemed to be forward-looking statements under the Private Securities Litigation Reform Act of 1995. The Company intends that all such statements be subject to the safe-harbor provisions of that Act. Such statements include those pertaining to anticipated accounting charges, cash expenditures and operating expense cost savings and improved profitability. Many factors may cause the Company's actual results to differ materially from those discussed in any such forward-looking statements, including those risks and uncertainties described in the Company's filings with the U.S. Securities and Exchange Commission, including the Company's most recent Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q, as the same may be amended from time to time. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
