Item 8.01

Other Events.

Kinder Morgan Canada Limited (KML), an indirect wholly-owned subsidiary of Kinder Morgan, Inc. (KMI), has filed a preliminary prospectus with the securities regulatory authorities of all provinces and territories of Canada in connection with a proposed initial public offering (Offering) of its restricted voting shares. If completed, the Offering will constitute a sale of a portion of KMI 's interest in the Canadian business of KMI (the Business). The Business is composed of: the Trans Mountain pipeline system (including related terminals assets), the Puget Sound pipeline, the Jet Fuel pipeline system, the Canadian portion of the Cochin pipeline system, the Vancouver Wharves Terminal and the North 40 Terminal; as well as three jointly controlled investments: the Edmonton Rail Terminal, the Alberta Crude Terminal and the Base Line Terminal. This action is consistent with guidance KMI has provided, most recently in its April 19, 2017 first quarter earnings release and during the related earnings call, that KMI continues to develop financing alternatives for the Trans Mountain Expansion Project, either by bringing in a joint venture partner into Trans Mountain or conducting an initial public offering of a portfolio that would include Trans Mountain and other Kinder Morgan Canadian assets. The preliminary filing represents an important step in securing the best opportunity for obtaining acceptable financing terms for the project.

The securities of KML have not been and will not be registered under the United States Securities Act of 1933 (the Securities Act) or the securities laws of any state or other jurisdiction of the United States. Accordingly, these securities may not be offered or sold in the United States absent registration under the Securities Act or an exemption from registration, and in each case in compliance with the applicable securities laws of any state or other jurisdiction of the United States. This Current Report on Form 8-K shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale or acceptance of an offer to buy these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to the time a receipt for the final prospectus or other authorization is obtained from the securities commission or similar authority in such jurisdiction. In particular, this Current Report on Form 8-K is not an offer of securities for sale in the United States.

This Current Report on Form 8-K contains statements that are forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended. All statements contained in this Current Report on Form 8-K, other than statements of historical facts, are forward-looking statements for purposes of these provisions. These forward-looking statements include statements about the Offering and KMI 's development of financing alternatives for the Trans Mountain Expansion Project. KML may not complete the Offering or any other financing alternatives. All forward-looking statements are subject to the risks described in KMI 's filings with the Securities and Exchange Commission.
