1.01

Entry into a Material Definitive Agreement.

On March 5, 2019, Exact Sciences Corporation (the "Company") entered into an underwriting agreement (the "Underwriting Agreement") with Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representative of the underwriters named therein (collectively, the "Underwriters"), pursuant to which the Company (i) agreed to sell \$650 million aggregate principal amount of its 0.3750% Convertible Senior Notes due 2027 (the "Notes") and (ii) granted the Underwriters an option to purchase up to an additional \$97.5 million aggregate principal amount of such Notes. On March 7, 2019, the Underwriters exercised in full their option to purchase the additional \$97.5 million aggregate principal amount of such Notes.

The Notes were offered and sold in a public offering (the "Offering") registered under the Securities Act of 1933, as amended (the "Securities Act"), pursuant to the Company's automatic shelf registration statement on Form S-3 filed with the Securities and Exchange Commission on June 6, 2017, which was effective upon filing (Registration No. 333-218535), and was made pursuant to a prospectus supplement, dated March 5, 2019, and a base prospectus, dated June 6, 2017, filed by the Company with the Securities and Exchange Commission pursuant to Rule 424(b) under the Securities Act.

The Underwriting Agreement includes customary representations, warranties and covenants. Under the terms of the Underwriting Agreement, the Company has agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act, or contribute to payments that the Underwriters may be required to make in respect of those liabilities.

The Offering closed on March 8, 2019. The Company estimates that net proceeds from the sale of the Notes will be approximately \$729.5 million (after deducting the underwriting discounts and estimated offering expenses payable by the Company).

The Notes were issued pursuant to an indenture, dated as of January 17, 2018 (the "Base Indenture"), between the Company and U.S. Bank National Association, as trustee (the "Trustee"), as supplemented by the second supplemental indenture dated as of March 8, 2019 (the "Supplemental Indenture" and, together with the Base Indenture, the "Indenture"), between the Company and the Trustee.

The Notes will mature on March 15, 2027 (the "Maturity Date"), unless earlier repurchased or converted. The Notes are senior unsecured obligations of the Company and bear interest at a rate of 0.3750% per year, payable semi-annually in arrears on March 15 and September 15 of each year, beginning on September 15, 2019.

Prior to September 15, 2026, the Notes will be convertible only upon the occurrence of certain events and during certain periods, and thereafter, until the close of business on the second scheduled trading day immediately preceding the Maturity Date. The Notes will be convertible into cash, shares of the Company's common stock (plus, if applicable, cash in lieu of any fractional share), or a combination of cash and shares of the Company's common stock, at the Company's election.

The Company may not redeem the Notes prior to the Maturity Date. If a fundamental change (as defined in the Indenture) occurs prior to the Maturity Date, subject to certain conditions, holders may require the Company to repurchase for cash all or any portion of their Notes at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased plus accrued and unpaid interest, if any, to, but excluding, the fundamental change repurchase date.

The conversion rate for the Notes is initially 8.9554 shares per \$1,000 principal amount of Notes, which is equivalent to an initial conversion price of approximately \$111.6645 per share of common stock representing a conversion premium of approximately 27.50% over the last reported sale price of \$87.58 per share of the Company's common stock on the Nasdaq Capital Market on March 5, 2019. The conversion rate is subject to adjustment upon the occurrence of certain specified events but will not be adjusted for accrued and unpaid interest. In addition, holders of the Notes who convert their Notes in connection with a make-whole fundamental change (as defined in the Indenture), will, under certain circumstances, be entitled to an increase in the conversion rate.

The Indenture contains customary events of default including: (1) the Company's failure to pay an installment of interest on any of the Notes for 30 calendar days after the date when due; (2) the Company's failure to pay when due (a) the principal of the Notes or (b) the fundamental change repurchase price payable in respect of any Notes; (3) the Company's failure to perform or its breach of any covenant or warranty of the Company contained in the Notes or the Indenture for a period of 60 consecutive calendar days after written notice of such failure, requiring the Company to remedy the same, shall have been given (a) to the Company by the Trustee or (b) to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the Notes then outstanding; and (4) certain events of bankruptcy, insolvency or reorganization with respect to the Company.

If an event of default occurs and is continuing, the Trustee by notice to the Company, or the holders of at least 25% in aggregate principal amount of Notes then outstanding by notice to the Company and the Trustee, may declare the principal of all of the then outstanding Notes to be due and payable.

The Indenture provides that the Company may, without the consent of the holders of the Notes, consolidate with, merge into or transfer all or substantially all of its consolidated assets to any corporation organized under the laws of the United States or any of its political subdivisions provided that: (1) the surviving entity (if not the Company) assumes all the Company's obligations under the Indenture and the Notes, as provided in the Indenture; (2) at the time of and immediately after giving effect to such transaction, no default or event of default shall have occurred and be continuing; and (3) if the Company will not be the resulting or surviving corporation from the consolidation, merger or transfer, an officer's certificate and an opinion of counsel, each stating that the consolidation, merger or transfer complies with the Indenture, have been delivered to the Trustee.

The foregoing description of the Underwriting Agreement, the Base Indenture and the Supplemental Indenture does not purport to be complete and is qualified in its entirety by reference to the full text of the agreements, which are attached, or incorporated by reference, as applicable, as Exhibit 1.1, Exhibit 4.1 and Exhibit 4.2, respectively, hereto. The form of the Notes issued pursuant to the Indenture is attached as an exhibit to the Supplemental Indenture and the terms and conditions thereof are incorporated by reference herein.

In connection with the Offering of the Notes, the Company is filing the opinion and consent of its counsel, K&L Gates LLP, regarding the validity of the securities being registered as Exhibits 5.1 and 23.1, respectively, hereto.

The Underwriting Agreement, the Indenture and the opinion filed herewith are incorporated by reference into the above referenced automatic shelf registration statement on Form S-3.

3.02 Unregistered Sale of Equity Securities.

On or about March 6, 2019, the Company entered into privately negotiated exchange agreements with a limited number of holders (Noteholders) of its outstanding 1.0% Convertible Senior Notes due 2025 (the 2025 Notes), pursuant to which it agreed to exchange, in private placement transactions in reliance on Section 4(a)(2) of the Securities Act approximately \$493.4 million in aggregate principal amount of the 2025 Notes held by the Noteholders for consideration consisting of (1) an aggregate amount of approximately \$493.3 million in cash and (2) an aggregate amount of approximately 2.16 million shares of the Company's common stock (the Exchanges). The cash portion of the consideration for the Exchanges will be funded from a portion of the net proceeds from the Offering.

The Company anticipates that the Exchanges will be completed on or about March 8, 2019. Upon completion of the Exchanges, the aggregate principal amount of the 2025 Notes is expected to be reduced to approximately \$415.1 million. The Company may also exchange or induce conversions of the 2025 Notes following completion of the Offering and may fund such exchanges or conversions with the proceeds of the Offering.

This report does not constitute an offer to sell, or a solicitation of an offer to buy, any security and shall not constitute an offer, solicitation or sale in any jurisdiction in which such offering would be unlawful.

8.01 Other Events.

The Company issued a press release dated March 5, 2019 announcing the commencement of the Offering and the Exchanges and the Company issued a press release dated March 6, 2019 announcing the upsizing and pricing of the Offering. Copies of the press releases are attached as Exhibit 99.1 and Exhibit 99.2, respectively, hereto.
