Item 8.01 Other Events

Certain directors and officers of IPG Photonics Corporation (the “Company”) adopt from time to time pre-arranged trading plans (each, a “Plan”) designed to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, and the Company’s policies regarding stock transactions. Under Rule 10b5-1, directors, officers and other persons who are not in possession of material non-public information may adopt a plan or contract for pre-arranged sales of Company securities under specified conditions and at specified times. Using these Plans, insiders can gradually diversify their investment portfolios, spread stock trades out over an extended period of time to reduce market impact and avoid concerns about transactions occurring at a time when they might possess inside information.

The Plan adopted by Alexander Ovtchinnikov, Senior Vice President of Components, provides for the sale of up to 18,638 shares, including shares acquired upon exercise of stock options, over a period ending March 2018, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plan adopted by George BuAbbud, Vice President, Telecommunications Products, provides for the sale of up to 7,000 shares, including shares acquired upon exercise of stock options, over a period ending May 2018, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plan adopted by Angelo P. Lopresti, Senior Vice President, General Counsel and Corporate Secretary, provides for the sale of up to 19,000 shares, including shares acquired upon exercise of stock options, over a period ending February 2018, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plan adopted by Timothy P.V. Mammen, Chief Financial Officer and Senior Vice President, provides for the sale of up to 16,250 shares, including shares acquired upon exercise of stock options, over a period ending February 2018, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plan adopted by Eugene Scherbakov, Chief Operating Office, Managing Director of IPG Laser GmbH, Senior Vice President of Europe and member of the Board of Directors, provides for the sale of up to 7,125 shares, including shares acquired upon exercise of stock options, over a period ending January 2018, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plans adopted by the Valentin P. Gapontsev Trust I, the Valentin P. Gapontsev Trust II and the Valentin P. Gapontsev Trust III provide for the sale of up to 24,000, 2,600 and 2,100 shares, respectively, over a period ending March 2018, unless terminated sooner in certain circumstances. Shares will be sold under the Plans on the open market at prevailing market prices, subject to minimum price thresholds.

The Company does not undertake to report Plans that may be adopted by any directors, officers or affiliates of the Company in the future, or to report any modification or termination of any Plan, except to the extent required by law.
