Issuance of Special Use Permit for Winter Park Resort

On April 28, 2016 the United States Department of Agriculture Forest Service and the City and County of Denver, through the Winter Park Recreational Association, executed a new United States Department of Agriculture Forest Service Special Use Permit (the “Permit”).

The Permit is issued to the City and County of Denver through Winter Park Recreational Association as agent, and agreed to by Intrawest/Winter Park Operations Corporation (“Winter Park Resort”), a wholly-owned subsidiary of Intrawest Resort Holdings, Inc., for the limited purpose of obligating Winter Park Resort to operate in compliance with specific terms of the Permit.

Specifically, Winter Park Resort agreed to operate in compliance with an approved operating plan which outlines the steps that must be taken to protect public health and safety as well as the environment, and includes sufficient detail and standards to enable the Forest Service to monitor the operations for compliance with the terms and conditions of the Permit.

The Permit effectively requires that an annual ski area permit fee be paid by Winter Park Resort to the United States for the activities authorized by the Permit.

The Permit is valid until April 29, 2056, 40 years from the date of issuance.
