PROXY STATEMENT

Important Notice Regarding the Availability of Proxy Materials for the 2018 Shareholder Meeting:

This proxy statement, the Notice of Internet Availability of Proxy Materials (the “Notice”) and our annual report to shareholders for the year ended December 31, 2017 (the “2017 Annual Report”) are available at www.columbiabank.com.

The Columbia Board of Directors (the “Board”) is soliciting proxies for this year’s Annual Meeting of Shareholders (the “Annual Meeting”). This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

INFORMATION ABOUT THE ANNUAL MEETING

The meeting will be at 1:00 p.m. on Wednesday, May 23, 2018 at the Greater Tacoma Convention and Trade Center, 1500 Broadway, Tacoma, Washington 98402

The Board set March 26, 2018 as the record date for the meeting (the “Record Date”). Shareholders who owned Columbia common stock at the close of business on that date are entitled to vote at the Annual Meeting, with each share entitled to one vote for each matter to be voted on at the meeting. There were 73,206,039 shares of Columbia common stock outstanding on the Record Date.

In this proxy statement, the terms the “Company,” “Columbia,” “we,” “us” or “our” refer to Columbia Banking System, Inc.

Under the rules of the Securities and Exchange Commission (the “SEC”), we are furnishing proxy materials to our shareholders on the Internet, rather than mailing paper copies of the materials (including the 2017 Annual Report) to each shareholder. As a result, unless you previously elected to receive paper copies or request them this year, you will not receive paper copies of these proxy materials. We are sending to our shareholders (other than those that previously elected to receive paper copies) a copy of the Notice, which will instruct you as to how you may access and review the proxy materials over the Internet. The Notice will also instruct you as to how you may access your proxy card to vote your shares by telephone or over the Internet. If you would like to receive a paper copy of our proxy materials, free of charge, please follow the instructions included in the Notice.

The Notice was mailed to shareholders on April 13, 2018.

Our business strategy is to provide our customers with the financial sophistication and breadth of products of a regional banking company while retaining the appeal and service level of a community bank. We continually evaluate our existing business processes while focusing on maintaining asset quality and balanced loan and deposit portfolios, building our strong core deposit base, expanding total revenue and controlling expenses in an effort to increase our return on

average equity and gain operational efficiencies. We believe that, as a result of our strong commitment to highly personalized, relationship-oriented customer service, our varied products, our strategic branch locations and the long-standing community presence of our managers, banking officers and branch personnel, we are well positioned to attract and retain new customers and to increase our market share of loans, deposits, and other financial services in the communities we serve. We are committed to increasing market share in the communities we serve by continuing to leverage our existing branch network and considering business combinations that are consistent with our expansion strategy. We believe that achievement of these goals will create long-term value for our shareholders, consistent with protecting the interests of depositors.

GENERAL INFORMATION

Why did I receive a Notice of Internet Availability of Proxy Materials instead of paper copies of the proxy materials?

In accordance with rules and regulations adopted by the SEC, instead of mailing a printed copy of our proxy materials to all shareholders entitled to vote at the Annual Meeting, we are furnishing the proxy materials to our shareholders over the Internet. If you received the Notice by mail, you will not receive a printed copy of the proxy materials. Instead, the Notice will instruct you as to how you may access and review the proxy materials and submit your vote via the Internet. If you received the Notice by mail and would like to receive a printed copy of the proxy materials, please follow the instructions included in the Notice for requesting such materials.

We mailed the Notice on April 13, 2018 to all shareholders entitled to vote at the Annual Meeting. As of the date of mailing of the Notice, all shareholders and beneficial owners have the ability to access all of our proxy materials on a website referred to in the Notice. These proxy materials are available free of charge.

What is being voted on at the Annual Meeting?

At the Annual Meeting you will be asked to vote on:

• the election of fourteen nominees to serve on the Board until the 2019 Annual Meeting of Shareholders or until their successors have been elected and have qualified;

• the approval of the 2018 Equity Incentive Plan, which we refer to as the “2018 Plan”

• the approval, on an advisory basis (non-binding), of the compensation of Columbia’s named executive officers; and

• the approval, on an advisory basis (non-binding), of the appointment of Deloitte & Touche LLP (“Deloitte”) as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2018.

Who is entitled to vote?

Only shareholders who owned Columbia common stock, either directly or beneficially, as of the close of business on the Record Date are entitled to receive notice of the Annual Meeting and to vote the shares that they held on that date at the Annual Meeting, or any postponement or adjournment of the Annual Meeting.

How do I vote?

At the Meeting. Shares held in your name as the shareholder of record may be voted by you in person at the Annual Meeting. Shares held beneficially in “street name” may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from the broker or other agent that holds your shares, giving you the right to vote the shares, and you bring the legal proxy to the Annual Meeting.

By Mail. Shareholders who ask for and receive a paper proxy card may vote by mail and should complete, sign and date their proxy card and mail it in the pre-addressed envelope that will accompany the delivery of the paper proxy card. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted.

By Internet. For shares registered in your name, you may go to <http://www.proxyvote.com> to transmit a proxy to vote your shares by means of the Internet. You will be required to provide our number and the control number, both of which are contained on the Notice or the proxy card, as applicable. You will then be asked to complete an electronic proxy card. The votes represented by such proxy will be generated on the computer screen, and you will be prompted

to submit or revise them as desired. We must receive votes submitted via the Internet by 11:59 p.m. ET on May 22, 2018.

Table of Contents

By Telephone. You may grant a proxy to vote your shares by telephone. The telephone voting procedures are designed to authenticate your identity, to allow you to grant a proxy to vote your shares, and to confirm that your instructions have been recorded properly. To vote by telephone, call 1-800-690-6903 by 11:59 p.m. ET on May 22, 2018. Please see the instructions on the Notice or the proxy card, as applicable.

For shares registered in the name of a broker or bank. Most beneficial owners, whose stock is held in “street name,” receive instructions for granting proxies from their banks, brokers or other agents, rather than a proxy card. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name,” and as the beneficial owner, you have the right to direct your broker on how to vote.

A number of brokers and banks are participating in a program provided through Broadridge Financial Solutions Inc. that offers the means to grant proxies to vote shares over the telephone and Internet. If your shares are held in an account with a broker or bank participating in the Broadridge program, you may grant a proxy to vote those shares by calling the telephone number or visiting the website shown on the instruction form received from your broker or bank.

Can I revoke my proxy and/or change my vote?

Yes. You may revoke your proxy and change your vote at any time before the proxy is exercised by filing with Columbia’s Secretary a notice of revocation, voting again by Internet or telephone (only your last Internet or telephone proxy submitted prior to the meeting will be counted), signing and returning a new proxy card with a later date, obtaining a legal proxy from the broker or other agent that holds your shares, or attending the Annual Meeting and voting in person. The powers of the proxy holders will be suspended if you attend the Annual Meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board’s recommendations?

The Board recommends a vote (i) FOR the election of the director nominees listed in this proxy statement, (i) FOR the approval of the 2018 Plan, (iii) FOR the approval, on an advisory basis (non-binding), of the compensation of Columbia’s named executive officers, and (iv) FOR the approval, on an advisory basis (non-binding), of Deloitte as the independent registered public accounting firm for the fiscal year 2018.

If you indicate when voting by Internet or by telephone that you wish to vote as recommended by the Board, or if you sign and return a proxy card without specific instructions as to how to vote, William T. Weyerhaeuser and Hadley S. Robbins, as the persons named as proxy holders on the proxy card, will vote as recommended by the Board of Directors. If any other matters are considered at the meeting, Mr. Weyerhaeuser and Mr. Robbins will vote as recommended by the Board. If the Board does not give a recommendation, Mr. Weyerhaeuser and Mr. Robbins will have discretion to vote as they think best.

Will my shares be voted if I do not vote by using the Internet, by telephone or by signing and returning my proxy card?

If your shares are registered in your name and you do not vote by using the Internet, by telephone or by returning a signed proxy card or do not vote in person at the Annual Meeting, your shares will not be voted.

If your shares are held in “street name” and you do not submit voting instructions to your broker, your broker may vote your shares at this meeting on the advisory (non-binding) approval of the appointment of the independent registered public accounting firm only. If no instructions are given with respect to the election of directors, the approval, on an advisory basis (non-binding), of the compensation of Columbia’s named executive officers or the selection on an advisory (non-binding) basis of the frequency for holding future advisory shareholder votes to approve executive compensation, your broker cannot vote your shares on these proposals.

Table of Contents

How many votes are needed to hold the Annual Meeting?

A majority of Columbia's outstanding shares as of the Record Date (a quorum) must be present at the Annual Meeting in order to hold the meeting and conduct business. Shares are counted as present at the meeting if a shareholder is present and votes in person at the meeting or has properly submitted a proxy card. As of the Record Date for the Annual Meeting, 73,206,039 shares of Columbia common stock were outstanding and eligible to vote. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to a matter on which the broker has expressly not voted. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (i) the broker has not received voting instructions from the beneficial owner and (ii) the broker lacks discretionary voting power to vote such shares.

What vote is required to elect directors?

In an uncontested election, a nominee for election to a position on the Board will be elected as a director if the votes cast For the nominee exceed the votes cast Against the nominee (known as majority voting). The term of any director who does not receive a majority of votes cast in an election held under that standard terminates on the earliest to occur of: (i) 90 days after the date election results are certified; (ii) the date the director resigns; and (iii) the date the Board fills the position. Our Bylaws provide that an election is considered "contested," and will be held under a plurality standard, if there are shareholder nominees for director pursuant to the advance notice provision in Section 1.17 of our Bylaws who are not withdrawn by the advance notice deadline set forth in that section. You may vote For, Against, or Abstain from voting for the listed nominees. The following will not be votes cast and will have no effect on the election of any director nominee: (i) a share whose ballot is marked as abstain; (ii) a share otherwise present at the meeting but for which there is an abstention; and (iii) a share otherwise present at the meeting as to which a shareholder gives no authority or direction. Shareholders may not cumulate their votes in the election of directors.

What vote is required to approve the 2018 Plan?

To approve the 2018 Plan, we must receive the affirmative vote For the proposal by holders of a majority of the shares present in person or by proxy and voting on the proposal. You may vote For, Against or Abstain from approving the proposal. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

What vote is required to approve the advisory (non-binding) resolution on the compensation of Columbia's executive officers?

The affirmative vote For by a majority of those shares present in person or by proxy and voting on this matter is required on the advisory (non-binding) resolution on the compensation of Columbia's named executive officers. You may vote For, Against or Abstain from approving the advisory (non-binding) resolution to approve named executive officer compensation. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

What vote is required to approve the advisory (non-binding) proposal on the appointment of the independent registered public accountants?

The proposal to approve, on an advisory basis (non-binding), the appointment of Deloitte as Columbia's independent registered public accounting firm will be adopted if a majority of the votes present in person or by proxy and voting on this matter are cast For the proposal. You may vote For, Against or Abstain from approving the proposal. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

Can I vote on other matters?

We have not received timely notice of any shareholder proposals to be considered at the Annual Meeting, and the Board does not know of any other matters to be brought before the Annual Meeting.

Table of Contents

Who is soliciting my proxy and who is paying the cost of solicitation?

The Board is soliciting proxies for use at the 2018 Annual Meeting. Certain directors, officers and employees of Columbia and its banking subsidiary, Columbia State Bank, or its trust company subsidiary, Columbia Trust Company, may solicit proxies by mail, telephone, facsimile, or in person.

We will pay for the costs of solicitation. We do not expect to pay any compensation for the solicitation of proxies, except to brokers, nominees and similar record holders for reasonable expenses in mailing proxy materials to beneficial owners of our common stock. However, management may, if it determines it necessary to obtain the requisite shareholder vote, retain the services of a proxy solicitation firm.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the Annual Meeting. We will publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days after the Annual Meeting. After the Form 8-K is filed, you may obtain a copy by visiting our website at www.columbiabank.com, the SEC's website at www.sec.gov, or by writing to: Columbia Banking System, Inc., Attention: Corporate Secretary, 1301 "A" Street, Tacoma, Washington, 98402-4200.

When are proposals and director nominations for the 2019 Annual Meeting due?

Proposals by shareholders to transact business at Columbia's 2019 Annual Meeting must be delivered to Columbia's Secretary no later than January 25, 2019 in order to be considered for inclusion in our proxy statement and proxy card and should contain such information as is required under our Bylaws. Such proposals will also need to comply with the SEC's regulations regarding the inclusion of shareholder proposals in Columbia-sponsored proxy materials. In order for a shareholder proposal to be raised from the floor during next year's annual meeting, or for a shareholder to nominate a person or persons for a director, written notice must be received by us no earlier than the 150th day and no later than the 120th day prior to the first anniversary of the 2018 Annual Meeting (meaning no earlier than December 26, 2018, and no later than January 25, 2019), and should contain such information as required under our Bylaws. However, if the date of the 2019 Annual Meeting is more than 30 days before or more than 60 days after the anniversary of the 2018 Annual Meeting, notice must be delivered no earlier than the 150th day and no later than the 120th day prior to the date of the 2019 Annual Meeting or, if the first public announcement of the 2019 Annual Meeting date is less than 100 days before the meeting date, notice must be delivered no later than the 10th day following the date of the Company's first public announcement of the 2019 Annual Meeting date.

To be in proper form, a shareholder's notice must include the specified information concerning the proposal or director nominee as described in our Bylaws. The Company will not consider any proposal or nomination that is not timely or otherwise does not meet the Bylaw and SEC requirements for submitting a proposal or nomination.

Notice of intention to present proposals at the 2019 Annual Meeting, or to obtain a copy of the detailed procedures regarding notice requirements for proposals or director nominations, should be directed to Columbia's Corporate Secretary, 1301 "A" Street, Tacoma, Washington 98402.

CORPORATE GOVERNANCE

Guidelines

The Board is committed to sound business practices, transparency in financial reporting and high standards of corporate governance. We operate within a comprehensive plan of corporate governance with the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. We regularly monitor developments in the area of corporate governance and our corporate governance policies, practices and committee charters are reviewed periodically and updated as necessary to reflect changes in regulatory requirements and evolving oversight practices.

Board and Company Leadership Structure

The Board is committed to maintaining an independent board, and an overwhelming majority has been comprised of outside directors for many years. It has further been the practice of Columbia to separate the duties of Chairman and Chief Executive Officer. In keeping with good corporate governance practices, the Board believes that the separation of the duties of Chairman and Chief Executive Officer eliminates any inherent conflict of interest that may arise when the roles are combined, and that an independent director can best provide the leadership and objectivity required as Chairman.

Director Qualifications

The Board believes each of the Company's directors should bring a rich mix of qualities and skills to the Board. All of our directors bring to the Board a wealth of leadership experience derived from their service in a variety of professional and executive positions and extensive board experience.

The Corporate Governance and Nominating Committee is responsible for the oversight and nomination process for director nominees. The Corporate Governance and Nominating Committee has not historically adopted formal "director qualification standards" for recommended nominees. However, the Corporate Governance and Nominating Committee annually reviews the experience, qualifications, attributes and skills of each director and nominee as part of its evaluation of whether these are the right individuals to serve on Columbia's Board to help Columbia successfully meet its strategic plans. Because directors are elected for one-year terms, the Corporate Governance and Nominating Committee has an annual opportunity to assess these factors and, if appropriate, determine not to re-nominate any director. A more detailed discussion regarding the considerations given by the Corporate Governance and Nominating Committee when considering director nominees is set forth below in the section entitled "Board Structure and Compensation—Board Committees—Corporate Governance and Nominating Committee."

The biographical information set forth above summarizes the experience, qualifications, attributes and skills that Columbia believes qualifies each director to serve on the Board. The Corporate Governance and Nominating Committee and the Board believe each respective director's professional and business acumen and board experience, and the total mix of all directors' experience and skills, are beneficial to the Company and the Board.

Code of Ethics and Corporate Governance Documents

We have adopted a Code of Ethics for senior financial officers, which applies to our principal executive officer, principal financial officer, principal accounting officer or controller, and any persons performing similar functions.

You can access our Code of Ethics, Audit Committee, Corporate Governance and Nominating Committee and Personnel and Compensation Committee charters, and our Bylaws in the "About—Investor Relations— Governance Documents" section of our website at www.columbiabank.com, or by writing to: Columbia Banking System, Inc.,

Director Independence

With the assistance of legal counsel to Columbia, the Corporate Governance and Nominating Committee has reviewed the applicable legal standards for Board and committee member independence, and the criteria applied to determine “audit committee financial expert” status. The Corporate Governance and Nominating Committee has also reviewed the answers to annual questionnaires completed by each of the directors, which included questions regarding any potential director-affiliated transactions.

The Board then analyzed the independence of each director and nominee and determined that the following members of the Board meet the standards regarding “independence” required by applicable law, regulation and NASDAQ listing standards, and that each such director is free of relationships that would interfere with the exercise of independent judgment. In determining the independence of each director, the Board considered many factors, including any loans to the directors, each of which (i) were made in the ordinary course of business; (ii) were substantially made on the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company or the Bank; and (iii) did not involve more than the normal risk of collectability or present other unfavorable features. Such arrangements are discussed in detail in the section entitled “Certain Relationships and Related Transactions.”

Based on these standards, the Board has determined that each of the following current non-employee directors and director nominees is independent:

David A. Dietzler	Michelle M. Lantow
Craig D. Eerkes	Randal Lund
Ford Elsaesser	S. Mae Fujita Numata
Mark A. Finkelstein	Elizabeth W. Seaton
John P. Folsom	Janine Terrano
Eric Forrest	William T. Weyerhaeuser
Thomas M. Hulbert	

Based on the standards described above, the Board determined that Hadley S. Robbins, who serves as the President and Chief Executive Officer of the Company, is not independent because he is an executive officer of the Company.

Compensation Committee Interlocks and Insider Participation

During 2017, the Personnel and Compensation Committee consisted of Ms. Lantow (Chair), Mr. Eerkes, Mr. Finkelstein, Mr. Forrest (effective November 1, 2017), Mr. Hulbert and Ms. Numata. During 2017, none of our executive officers served on the compensation committee (or equivalent body) or board of directors of another entity whose executive officer served on the Personnel and Compensation Committee.

Shareholder Communications with the Board

Shareholders and other interested parties may communicate with the Board by writing to the Chairman of the Board c/o Columbia’s Corporate Secretary, Columbia Banking System, Inc., 1301 “A” Street, Tacoma, Washington, 98402-4200. These communications will be reviewed by our Corporate Secretary and if they are relevant to, and consistent with, our operations and policies, they will be forwarded to the Chairman of the Board.

Audit Committee. With the appointment of Janine Terrano in January, 2018, the Audit Committee is now comprised of seven directors, each of whom is considered “independent” as defined by the NASDAQ listing standards and applicable SEC rules. The Audit Committee operates under a formal written charter, a copy of which is posted on our website at www.columbiabank.com. The Board has determined that each of Mr. Dietzler and Ms. Numata are “Audit Committee Financial Experts” as defined by SEC rules.

The Audit Committee is responsible for the oversight of the quality and integrity of Columbia’s financial statements, its compliance with legal and regulatory requirements, the qualifications and independence of its independent auditors, the performance of its internal audit function and independent auditors and other significant financial

matters. In discharging its duties, the Audit Committee is expected to, among other things:

- have the sole authority to appoint, retain, compensate, oversee, evaluate and replace the independent auditors;

- review and approve the engagement of the independent auditors to perform audit and non-audit services and related fees;

Table of Contents

- review the financial reports and disclosures submitted to appropriate regulatory authorities;
- maintain procedures for the receipt, retention and treatment of complaints regarding financial matters; and
- review and approve related party transactions.

Personnel and Compensation Committee. The Personnel and Compensation Committee is comprised of six directors, each of whom is considered independent as defined by the NASDAQ listing standards and applicable SEC and IRS rules. The Personnel and Compensation Committee is charged with the responsibility of reviewing the performance of our Chief Executive Officer and other key employees and determines, approves and reports to the Board on the elements of their compensation and long-term equity based incentives. The committee may periodically retain an independent consultant to assist the committee in its deliberations regarding compensation for the Chief Executive Officer and other key executives. The committee is directly responsible and has full authority for the appointment, compensation and oversight of compensation consultants, legal counsel and any other advisors retained by the committee. The committee solicits and receives input and recommendations from the Chief Executive Officer with respect to the compensation of the other executive officers. In addition, the Executive Vice President and Chief Human Resources Officer assists the committee in its work.

The Personnel and Compensation Committee commissioned Pearl Meyer and Partners (“Pearl Meyer”), an independent outside compensation consultant, to conduct a study of the Company’s 2016 executive compensation compared to a peer group comprised of other publicly traded financial services companies. The committee has used this report, as a reference in making compensation decisions. The Pearl Meyer report provided information on executive base salaries and short-term and long-term incentives based on competitive data from published proxy filings of a peer group of 16 bank holding companies. Further information relating to the Pearl Meyer report is discussed in the section entitled “Compensation Discussion and Analysis.”

In addition, the Personnel and Compensation Committee:

- reviews all employee benefit plans; and
- makes determinations in connection with compensation matters as may be necessary or advisable.

The Personnel and Compensation Committee operates under a written charter, a copy of which is posted on our website at www.columbiabank.com. The committee meets as needed, and may delegate to one or more of its members the responsibility of meeting with consultants and management to obtain information for presentation and consideration by the entire committee.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is comprised of six directors, each of whom is considered “independent” as defined by the NASDAQ listing standards, and is responsible for recommending a slate of directors to the full Board for election at the annual meeting, recommending directors to fill vacancies as they occur, monitoring Columbia’s corporate governance principles and practices and making appropriate recommendations for enhancements or other changes to the full Board.

The Corporate Governance and Nominating Committee will consider nominees recommended by shareholders provided that the recommendations are made in accordance with the procedures described in this proxy statement under the section “General Information—When are proposals and director nominations for the 2019 Annual Meeting due?” The committee evaluates all candidates, including shareholder-proposed candidates, using generally the same methods and criteria. The Corporate Governance and Nominating Committee operates under a formal written charter, a copy of

which is posted on our website at www.columbiabank.com.

In deciding whether to recommend incumbent directors for re-nomination, the committee evaluates Columbia's evolving needs and assesses the effectiveness and contributions of its existing directors. The committee is authorized to establish guidelines for the qualification, evaluation and selection of new directors to serve on the Board. The committee has not adopted, nor does it anticipate adopting, specific minimum qualifications for committee-recommended nominees, nor has the committee adopted a formal policy relating to Board diversity, although the committee and the Board value and seek to include members with a diversity of backgrounds, professional experience and skills relevant to the Company. The committee instead evaluates each nominee on a case-by-case basis, including assessment of each nominee's business experience, involvement in the communities served by Columbia, and special skills. The Corporate Governance and Nominating Committee also evaluates

Table of Contents

whether the nominee's skills are complementary to existing Board members' skills, and the Board's need for operational, management, financial, technological or other expertise.

The committee has the authority and responsibility to monitor and review the appropriateness of the Company's principles and practices of corporate governance in light of emerging standards and best practices and the needs of the Company and its shareholders, and make such recommendations to the full Board as the Committee considers appropriate. The committee also has the authority and responsibility to review the level and form of director compensation, taking into account such factors as the compensation paid to directors of comparable companies, and recommends any changes to the full Board for consideration. The process and procedures used in determining Board compensation for 2017 are discussed in the section below.

Enterprise Risk Management Committee. The Enterprise Risk Management Committee (the "ERM Committee") was formed in 2009 and, with the addition of Janine Terrano in January 2018, is now comprised of six directors, each of whom is considered independent under NASDAQ rules. The ERM Committee works closely with the Audit Committee and is responsible for the oversight of Columbia's policies, procedures, and practices related to business, market, and operational risks as they impact the strategic, operational, reporting, and compliance objectives of its strategic plan. The ERM Committee is responsible for reporting risk issues and events to the Board and providing the Board with necessary oversight and advice to set risk tolerances. It is anticipated that the company's new Executive Vice President and Chief Risk Officer who took office in March, 2018 will assist the committee in its work.

Risk Oversight

The Board has ultimate authority and responsibility for overseeing risk management at Columbia. Some aspects of risk oversight are fulfilled at the full Board level. For example, the Board regularly receives reports from management on credit risk, liquidity risk and operational risk, including cybersecurity. The Board delegates other aspects of its risk oversight function to its committees. The Audit Committee oversees financial, accounting and internal control risk management; the head of the Company's internal audit function reports directly to the Audit Committee. The executive officers have regularly reported directly to the entire Board and to appropriate Board committees with respect to the risks they are responsible for managing.

The ERM Committee is responsible for the oversight of Columbia's policies, procedures, and practices related to business, market, and operational risks as they impact the strategic, operational, reporting, and compliance objectives of its strategic plan.

The Personnel and Compensation Committee oversees the management of risks that may be posed by the Company's compensation practices and programs. As part of this process, the Personnel and Compensation Committee is responsible for reviewing the compensation policies and practices for all employees, not just executive management. In its review of these policies and practices, the Personnel and Compensation Committee has determined that the current policies and practices do not create or encourage risks that are reasonably likely to have a material adverse effect on the Company.

Director Compensation

The Corporate Governance and Nominating Committee has authority over director compensation subject to the Board's authority to approve changes. Directors receive compensation in the form of cash and, as applicable, equity awards in the form of restricted stock or, in the past, stock options. We do not pay directors who are also employees of Columbia or Columbia Bank additional compensation for their service as directors.

The following table shows compensation paid or accrued for the last fiscal year to our non-employee directors.

The footnotes to the table describe the details of each form of compensation paid to directors.

For each director other than Messrs. Forrest and Lund, represents a restricted stock award of 2,000 shares granted on June 28, 2017 at the grant date fair value. For Mr. Forrest, represents a restricted stock award of 1,333 shares granted on November 1, 2017 and for Mr. Lund, represents a restricted stock award of 1,833 shares granted on July (2)26, 2017. The fair value of these awards was determined in accordance with the Compensation—Stock Compensation topic of the FASB ASC 718. Assumptions used to calculate these amounts are set forth in the notes to the Company's audited financial statements for the fiscal year ended 2017, included in the Company's 2017 Annual Report.

(3) Represents above-market earnings on Ms. Lantow's and Ms. Numata's deferred compensation accounts, the material terms of which are described below under "Deferred Compensation Plan."

Cash Compensation. Non-employee directors are paid an annual retainer as compensation plus a per-meeting attendance fee for service as a director. Members of the ERM, Audit, Personnel and Compensation, and Corporate Governance and Nominating Committees, respectively, receive an additional per meeting attendance fee for committee meetings. The Chairman of the Board and the Chairs of the Audit, the Personnel and Compensation, ERM and certain other committees receive an additional retainer in light of the increased demands associated with those positions. Non-employee directors may elect to defer the receipt of meeting and/or director fees in accordance with the terms of the Company's Deferred Compensation Plan.

Equity Compensation. Non-employee directors may from time to time be granted restricted stock awards pursuant to our 2014 Stock Option & Equity Compensation Plan, the material terms of which are discussed under the section "Executive Compensation—Equity Compensation." Restricted stock awards generally vest over a pre-determined period.

Long Term Care Program. In 2001, we implemented a long-term care program for directors serving at that time, which provides benefits in the event those individuals become chronically ill. The coverage is for a period of three years up to a lifetime, depending on the age of the director, and the amount of the benefit is based on the director's years of service with Columbia after the inception of the long-term care program. We paid a one-time premium for the long-term care policies. Expenses are allocated to the directors participating in the program on an annual basis. All directors covered by this plan are fully vested. The long-term care program was available to all directors when the plan was implemented, including executive officers that were also directors. We have purchased Bank Owned Life Insurance policies to fund this program. The Board has no plans to extend the program to any officers or directors who were not directors in 2001.

Deferred Compensation Plan. We maintain a deferred compensation plan known as the 401 Plus Plan (the "Deferred Compensation Plan") for certain directors, a select group of senior management and key employees, as designated by resolution of the Board. The Deferred Compensation Plan generally provides for the deferral of certain taxable income earned by participants in the Deferred Compensation Plan. Non-employee directors may elect to have any portion, up

to 100%, of his or her director's fees deferred.

Stock Ownership Guidelines. The Board had previously approved stock ownership guidelines that required directors to achieve a stock ownership position of at least 7,000 shares within five years of joining the Board. In March 2017, the Board replaced the stock ownership guidelines with a Stock Ownership Policy that, effective January 1, 2017, requires non-executive directors to hold shares equal in value to five times the annual Board cash retainer. As of year-end 2017, all non-executive directors satisfied the Stock Ownership Policy requirements other than Mr. Lund, who joined the Board in 2017. See "Stock Ownership Guidelines and No Hedging" in the Compensation Discussion & Analysis below for additional details regarding the Stock Ownership Policy.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

Columbia has substantially met our long-held goal of being a leading Northwest regional community bank, with 155 branches in Washington, Oregon and Idaho. The Personnel and Compensation Committee (referred to in this Compensation Discussion and Analysis as the “Committee”) made compensation decisions for our executive team in the context of this achievement and other core performance results.

2017 Financial Results

Consolidated net income for 2017 was a record \$112.8 million, representing an 8% increase compared to the prior year. The increase in net income was a result of higher net interest income from the growth in our interest-earning assets, higher noninterest income due to the sale of our merchant card services portfolio, and improved operating leverage achieved through diligent expense management.

Loan growth for 2017 was 35%, or \$2.15 billion, due to the acquisition of Pacific Continental, which added \$1.87 billion in loans, and substantial loan originations for the year of \$1.20 billion.

Our ongoing commitment to our customers and the communities we serve resulted in a low cost deposit base and a core deposit ratio of 95%. Our six basis points average cost of core deposits is an important factor in the stability of our net interest margin. Core deposit growth for 2017 was \$2.29 billion due to the acquisition of Pacific Continental as well as organic growth.

Core noninterest expense to average assets⁽¹⁾, a measure of operating efficiency, improved significantly during 2017, declining to 2.67% from 2.77% in 2016. Reported noninterest expense to average assets increased to 2.87% in 2017, compared to 2.80% in 2016 as a result of higher acquisition-related expense in 2017.

Credit quality remained solid, with total nonperforming assets to period-end assets at 0.63% compared to 0.35% at December 31, 2016. This metric was negatively impacted by the nonperforming assets acquired through the Pacific Continental acquisition.

2017 Shareholder Return

2017 Total Shareholder Return. Our shareholders realized a 1% total return on their investment during 2017, which was in line with the KBW Regional Banking Index’s return of 2%. The NASDAQ Composite Index performed better than the financial sector with a total return of 30% during 2017. Our three-year total shareholder return is 77%, compared to returns of 50% and 51% for the KBW Regional Banking and NASDAQ Composite Indexes, respectively.

Increases in regular dividends. We raised our regular cash dividend from \$0.77 to \$0.88 per share during 2017. Our dividend payout ratio was 47% for 2017 compared to 85% for 2016. The decrease was due to the special dividends paid in 2016. Our 2017 dividend yield was 2%, based on our closing price at December 31, 2017.

(1) Core noninterest expense to average assets is a non-GAAP financial measure. Please refer to Appendix A for additional information and reconciliations to the most directly comparable GAAP financial measure.

2017 Milestones

Market Share. As of June 30, 2017, Columbia Bank ranked seventh in deposit market share in the Northwest. The bank ranked eighth in deposit market share out of 83 institutions in Washington, seventh out of 49 in Oregon and thirteenth out of 32 in Idaho.

Industry Accolades. Columbia Bank was again recognized by Forbes on its 2018 list of “America’s Best Banks,” ranking 11th in the country. The rankings were based on asset quality, capital adequacy, net interest margin and profitability of the nation’s 100 largest publicly traded banks and thrifts.

Workplace Accolades. Our continued commitment to employees contributed to Columbia Bank being named as one of “Washington’s Best Workplaces” 2017 by the Puget Sound Business Journal for the eleventh consecutive year.

Record Income, Loan Production and Deposits. Columbia achieved strong loan production of \$1.20 billion for the year and record net income of \$112.8 million. Deposits, including core deposits, increased to over \$10 billion for the first time in company history.

Outstanding Corporate Citizen. Columbia fosters a culture of giving back to the communities where we live and conduct business. We support numerous nonprofit organizations both monetarily and through the volunteer efforts of our employees. In 2017, we provided support to organizations that serve the homeless, the arts, chambers of commerce, economic development organizations, public school districts, and numerous other causes.

Through generous donations from customers, employees and the community, Columbia’s third annual “Warm Hearts Winter Drive” raised \$220,365 and 6,542 warm winter items to benefit homeless shelters across the Northwest.

2017 Compensation Highlights

Leadership Transition. Following the unexpected passing of Ms. Dressel in February 2017, Mr. Robbins, formerly our Executive Vice President, Chief Operating Officer, was appointed our President and Chief Executive Officer. In connection with his appointment, we entered into an employment agreement with Mr. Robbins that reflects our compensation best practices. As a result of Mr. Robbins’ increased authority and responsibilities, the Compensation Committee, in consultation with its independent compensation consultant, increased Mr. Robbins’ target compensation opportunity to better align with the target compensation opportunities provided to the chief executive officers at our peers.

Above-Target Incentive Earnouts. Solid annual and long-term performance resulted in above-target annual cash incentive payouts and above-target vesting of performance shares. Earned annual incentives for our Named Executives for 2017 performance ranged from 134% to 136% of target, and performance shares for the 2015-2017 performance period were earned at 139% of target.

Updated Compensation Policies. In 2017, the Board adopted (1) a new Clawback Policy, which provides for the recovery of incentive compensation from current and former executive officers under certain circumstances and (2) a new Stock Ownership Policy, which requires our Chief Executive Officer and Executive Vice Presidents to own shares equal in value to three times and two times, respectively, their annual base salaries.

Changes in Leadership

Mr. Robbins was appointed Interim Chief Executive Officer on February 22, 2017 following the unexpected passing of Ms. Dressel. The board conducted a national, external search for a permanent Chief Executive Officer and determined that Mr. Robbins was the leading candidate. Accordingly, on June 28, 2017, Mr. Robbins was appointed to serve as President and Chief Executive Officer and a member of the Board, effective as of July 1, 2017.

On July 10, 2017, Mr. Stein was appointed as Executive Vice President and Chief Operating Officer, filling the role vacated by Mr. Robbins. Mr. Stein also continues as the Company's Chief Financial Officer while the Company conducts a search for a successor Chief Financial Officer.

In connection with these leadership changes, the Committee approved an increase in the base salary and the target annual incentive and target long-term incentive opportunities for Mr. Robbins effective July 1, 2017, which are described in more detail in "Compensation Tables—Post-Employment and Termination Benefits—Executive Employment Agreements" below.

The table below shows the 2017 total target direct compensation opportunities for our current Named Executives. For Mr. Robbins, (1) the base salary reflects the prorated annual base salary to which Mr. Robbins was entitled for each position that he held in 2017, for the period of time in 2017 in which he held that position, (2) the target annual incentive reflects the target calculated based on the actual base salary paid to Mr. Robbins in 2017 and (3) the target long-term incentive reflects the target long-term incentive opportunity to which Mr. Robbins is entitled as the Company's President and Chief Executive Officer. The Committee focuses on target direct compensation as shown below in making annual compensation decisions.

Current Named Executive	2017 Target Direct Compensation*			
	Annual Base Salary	Target Annual Incentive	Target Long-Term Incentive	Total
Hadley S. Robbins, President and Chief Executive Officer	\$548,833	\$329,300	\$436,320	\$1,314,453
Clint E. Stein, Executive Vice President, Chief Operating Officer and Chief Financial Officer	406,600	162,640	223,630	792,870
David C. Lawson, Executive Vice President, Chief Human Resources Officer	276,000	110,400	151,800	538,200
Andrew L. McDonald, Executive Vice President, Chief Credit Officer	323,000	129,200	177,650	629,850
Kumi Y. Baruffi, Executive Vice President, General Counsel	255,000	102,000	140,250	497,250

* The amounts reported differ from the amounts determined under SEC rules as reported for 2017 in the Summary Compensation Table set forth under "Compensation Tables" below. The above table is not a substitute for the Summary Compensation Table.

Compensation Philosophy

In keeping with our long-term goal to consistently increase earnings per share and shareholder value, the Committee is guided by the following key principles in determining the compensation of our Named Executives:

Accountability for Business Performance. The executives' compensation in salary, as well as annual incentive and long-term incentive compensation opportunities, should be tied in part to overall Company financial performance.

Accountability for Individual Performance. To encourage and reflect individual contributions to the Company's performance, compensation should be tied in part to the individual's performance.

Table of Contents

Alignment with Shareholder Interests. Compensation should be tied in part to the Company's stock performance through the granting of stock awards with multi-year vesting and performance-based vesting, which serves to align executives' interests with those of our shareholders.

Competition. Compensation should reflect the competitive marketplace, so that we can attract, retain, and motivate key executives of superior ability who are critical to our future success.

Reasonable Levels of Compensation. Total compensation opportunities and payouts should be reasonable and not excessive. We do not rigidly target or formulaically set compensation at a specific percentile compared to our peers. However, we do target overall compensation for executive officers in amounts that are roughly in line with the median of our peers.

Independent Oversight. The Committee, composed solely of independent directors, is responsible for reviewing and establishing the compensation for the Named Executives. The Committee periodically receives advice from an independent compensation consultant who has been retained by and reports directly to the Committee and performs no other work for management without the authorization of the Committee. In addition, the Committee may choose to review compensation analyses prepared by consultants retained by management.

Risk Management. Compensation policies and practices should align with sound risk management and be structured not to create incentives that subject the Company to excessive risk. Such policies and practices should strike a healthy balance between contributing to the Company's growth and promoting a conservative exposure to risk.

Factors in Setting Overall Compensation Levels

When establishing overall compensation opportunities for the Named Executives, the Committee considers the following factors:

the Company's overall performance and performance relative to its peers during the past year, including meeting its financial and other strategic goals;

the executives' respective levels of responsibility and functions within the Company;

each executive's performance during the past year in meeting individual objectives;

how compensation of our executives compares to executives at peer institutions, with a particular focus on financial institutions with similar corporate objectives and comparable asset size;

Table of Contents

- the alignment of executive compensation decisions and policies with the decisions and policies applicable to other employees;
 - the need to provide a competitive executive compensation package to attract and retain superior executive talent;
 - as appropriate, general economic conditions within our market area and the overall banking industry;
 - the recommendations of our Chief Executive Officer in setting compensation for other executives; and
- the results of the prior year's shareholder advisory vote on executive compensation, which, consistent with prior years, received solid shareholder support in 2017, reflecting our shareholders' support for our compensation philosophy and the executive compensation decisions made by the Committee.

The Committee generally follows this process for determining executive compensation; however, other discretionary and subjective components may also be considered if appropriate.

Role and Relationship of the Compensation Consultant

The Committee has the sole authority to retain and terminate a compensation consultant and to approve the consultant's fees and all other terms of the engagement. The Committee has direct access to outside advisors and consultants throughout the year.

The Committee engaged Pearl Meyer with respect to recommendations regarding 2017 executive compensation decisions. The Committee made these decisions in part based on Pearl Meyer's study of the Company's executive compensation program in 2016 (the "2016 Executive Compensation Study"). The Committee also retained the services of Pearl Meyer in June 2017 to consider whether any updates to the Company's peer group were appropriate following the Company's acquisition of Pacific Continental Corporation, as described below in "The Role of Benchmarking."

In accordance with SEC rules and NASDAQ listing standards, the Committee took appropriate actions in 2017 to consider the independence of Pearl Meyer.

The Role of Benchmarking

The 2016 Executive Compensation Study compared the Company's executive compensation program to the compensation programs of a peer group comprised of other publicly traded financial services companies, as described below. The Committee used the report as a tool in setting compensation levels in 2017.

Pearl Meyer's 2016 Executive Compensation Study provided market observations on executive base salaries and short- and long-term incentive opportunities based on competitive data from published proxy filings of a peer group of 16 bank holding companies. The peer group in the 2016 Executive Compensation Study was selected primarily based on the assets, operating revenue and market capitalization, geographic location, communities served and loan mix and revenue mix of the peer group, which Pearl Meyer advised were appropriate parameters. Based on the recommendations of Pearl Meyer, the Committee approved the peer group for market comparisons and benchmarking in October 2016, which consisted of the following bank holding companies:

In conducting the 2016 Executive Compensation Study, Pearl Meyer also considered compensation at Umpqua Holdings Corporation, Washington Federal, Inc., South State Corporation and Banner Corporation as additional reference points where appropriate as requested by the Committee.

For compensation decisions beginning with 2018 compensation, the Committee engaged Pearl Meyer to consider whether any updates to the 2016 peer group were appropriate. Based upon Pearl Meyer's recommendation, the Committee approved the 2017-2018 peer group in June 2017. In considering the 2017-2018 peer group, Pearl Meyer considered the assets, operating revenue, market capitalization, and loan mix and revenue mix of the peer companies, which Pearl Meyer determined to be the appropriate parameters. The 2017-2018 peer group consists of the following 17 bank holding companies:

Compensation Structure

Principal Elements of Compensation

Our overall compensation program for executives currently consists of six key elements:

- Base Salary
- Annual Incentive Compensation
- Long-Term Equity Incentives
- Retirement Benefits

·Severance and Change-in-Control Benefits

·General Employee Benefits

The combination of these six key elements reinforces our pay for performance philosophy and strengthens our ability to attract and retain highly qualified executives in our highly competitive banking environment. We believe that this mix of fixed and variable pay advances both the short- and long-term interests of our business, promotes creating long term shareholder value and helps us recruit and retain top executives. The Committee's

Table of Contents

decisions regarding the executive compensation program design and individual pay are made in the context of the total compensation philosophy outlined above, including our financial performance.

Base Salary

Salaries are used to provide a competitive fixed amount of base compensation. Our goal is to provide base salary levels that reflect a combination of factors, including competitive pay levels relative to our peer group (as in effect at the time of the determination), the executives' individual performance and overall contribution to the organization, the relevant position's scope of responsibilities, the executives' experience and tenure, and our overall annual budget, which takes into account Company financial performance. The salaries of the Named Executives are reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities.

In connection with Mr. Robbins' appointment as interim Chief Executive Officer in February 2017, the Committee approved a bi-weekly stipend of \$5,538 to compensate Mr. Robbins for his additional responsibilities and then, as discussed above, the adjustment to Mr. Robbins' compensation in connection with his appointment as the Company's President and Chief Executive Officer increased his base salary. Accordingly, Mr. Robbins' base salary effective July 2017 reflected an increase over his 2016 base salary by approximately 79%. Mr. Stein's base salary was increased by approximately 11% from his annual base salary rate in effect at the end of 2016 to reflect his additional responsibilities as the Company's Chief Operating Officer. Other Named Executives' base salaries were increased from 2016 rates by approximately 4%.

Annual Cash Incentive Compensation

Consistent with competitive practices, we believe that a portion of our Named Executives' target compensation should be at risk, contingent upon the Committee's assessment of performance. When determining earned annual cash incentive awards, the Committee considers the Company's performance against pre-established financial performance measures as well as the executive's individual performance and contribution to the Company's overall performance. Annual cash incentive awards therefore seek to drive progress toward achieving the Company's annual business objectives and permit individual performance to be recognized.

In early 2017, the Committee established target annual cash incentive opportunities for 2017 equal to 40% of base salary for the Named Executives other than Ms. Dressel, who did not participate in the annual incentive plan for 2017. Earned annual incentive awards could range from 0% to 60% of base salary for those Named Executives, based on the level of achievement of the following performance goals:

	Performance Goals			Weighting	2017 Actual	% Achieved
	Threshold (50% of Target)	Target (100% of Target)	Stretch (150% of Target)

² Because the period end financials of the Company included the financial results of Pacific Continental Corporation, which the Company acquired in the fourth quarter of 2017, the Committee determined to calculate actual performance under the Ratio of Non-Performing Assets to Total Loans & OREO (the “NPA Ratio”) by averaging the NPA Ratio as of the end of each quarter in 2017. This revised calculation reduced the earned NPA Ratio from 0.72% to 0.69% but did not change the percentage achievement of the goal, which exceed the stretch performance level and was therefore capped at 150% of target.

** Each Named Executive earned 115% of target for the individual performance goal except for Mr. Stein, who earned 125% of target. The individual performance results for each Named Executive are discussed below.

For the individual performance metrics, Mr. Robbins established and approved individual performance factors for the other Named Executives, which factors are discussed in more detail below.

Performance below the “threshold” level results in no payout earned for the applicable performance goal. If performance falls between the “threshold” and “target” or “target” and “stretch” levels, then the earned payout is determined using straight line interpolation. Once earned annual incentive awards were calculated based on actual performance as compared to the goals set forth above, the Committee had the discretion to reduce or increase the payouts to the extent it determined appropriate to reflect the business environment and market conditions that may affect Columbia’s financial and stock price performance. Based in part on the recommendations of Mr. Robbins, the Committee approved the final annual incentive award payouts to the Named Executives other than Mr. Robbins. The Committee approved and recommended to the Board for approval the final annual incentive award payout to Mr. Robbins.

The table above shows the Company performance in 2017 for each of the four Company performance metrics, as well as the resulting weighted achievement percentage earned as a result of 2017 performance. For the individual performance component, the Committee considered the following achievements for each Named Executive with respect to his or her individual performance factors. For Mr. Robbins, who was responsible for leading the performance of the Company as a whole, the Committee considered the successful closing of the Company’s acquisition of Pacific Continental Corporation, including the on-schedule integration and system conversions relating to that acquisition, and Mr. Robbins’ stabilization of the Company’s operational activities and achievement of the Company’s advance strategic initiatives for 2017. For Mr. Stein, the Committee considered Mr. Stein’s service during 2017 as Chief Financial Officer and Chief Operating Officer and his preparation of the Company’s DFAST model for submission to the Federal Reserve Board. For Mr. Lawson, the Committee considered the Company’s successful integration and transition of the Pacific Continental Corporation workforce planning and talent management processes and continued achievement of human resources business objectives during the integration related to that acquisition. For Mr. McDonald, the Committee considered Mr. McDonald’s successful integration of the Pacific Continental Corporation business, smooth transition from procedures to policies in accordance with Federal Deposit Insurance Corporation recommendations and successful implementation of document imaging. For Ms. Baruffi, the Committee considered Ms. Baruffi’s contributions towards the successful closing of the Company’s acquisition of Pacific Continental Corporation and the integration of Pacific Continental Corporation into the Company’s businesses, including Ms. Baruffi’s coordination with outside counsel, regulatory agencies and third parties; support for project management, human resources and business lines; and continued focus on governance and corporate strategy. After considering each Named Executive’s performance in 2017, the Committee approved the achievement of the individual performance component at 100% of the target level for each Named Executive.

In connection with his appointment as the Company’s President and Chief Executive Officer, Mr. Robbins’ target bonus opportunity was increased to 60% of base salary (calculated for 2017 based on actual base salary paid during the year) and could range from 0% to 90% of base salary. In addition to the Company and individual performance metrics discussed above, Mr. Robbins’ bonus for 2017 was subject to a threshold goal established by the Committee in June 2017, which required the Company to achieve positive net income for the period from July 1, 2017 through December 31, 2017. The Committee certified the achievement by the Company of this threshold goal on March 2, 2018.

Based on these 2017 Company and individual performance results, the Committee approved annual incentive awards to the Named Executives for 2017 as follows:

Long-Term Equity Incentive Compensation

Columbia believes executive officers and other key management positions should have a meaningful portion of their competitive total compensation opportunity linked to shareholder return, which is directly tied to our long-term vision of growth, stability, asset quality and our commitment to a personalized banking approach. Long-term incentives take the form of equity awards that are intended to align the interests of the executive with those of our shareholders by encouraging ownership of our common stock and tying value to the long-term market value of the Company's stock. These awards also serve to promote an executive's continued service to the organization by vesting over a period of years and encourage sound risk management by providing a balanced view of performance and aligning awards with the longer-term time horizon of risk outcomes.

Since 2014, our long-term incentive compensation has consisted of a combination of performance-based restricted stock awards ("Performance Shares") that are earned over a three-year performance period and time-based restricted stock awards ("Restricted Stock"), in each case issued under the Company's 2014 Stock Option & Equity Compensation Plan (the "2014 Plan").

Grant of 2017 Long-Term Incentive Awards

In 2017, we granted our Named Executives Performance Shares that are earned and vest at the end of a three-year performance period based on achieving relative total shareholder return ("TSR") compared to the KBW Regional Banking Index (KRX) and our return on average assets ("ROAA") against targets established by the Committee. After the end of the performance period, the Committee will assess performance against the goals and determine the amount, if any, of earned Performance Shares. We also granted our Named Executives Restricted Stock awards that vest over four years, 20% on the second anniversary of grant, 30% on the third anniversary, and the remaining 50% on the fourth anniversary subject to continued service.

Table of Contents

Performance Measures for 2017 Performance Shares

For 2017, Performance Shares are earned and vest based on achievement of the following performance goals for the period from January 1, 2017 through December 31, 2019, as established by the Committee:

Performance Measure	Weighting	Measurement Perspective	Performance Goals		
			Threshold	Target	Stretch
Return on Average Assets (“ROAA”)	50%	Columbia	0.85%	1.00%	1.25%
Total Shareholder Return (“TSR”)	50%	Relative to KBW Regional Banking Index (KRX)	30 th Percentile	50 th Percentile	80 th Percentile
Payout as % of Target			50%	100%	150%

The performance measures are calculated as follows:

ROAA: Average of the Company’s ROAA for the 12 calendar quarters between January 1, 2017 and December 31, 2019, with each calendar quarter calculated separately, measured against our performance goals shown above.

TSR: Measured on a relative basis against a defined group of peer banks over the period January 1, 2017 through December 31, 2019 (calculated assuming that dividends during the period are reinvested in company shares on the date paid). For this purpose, peer banks will consist of all companies included in the KBW Regional Banking Index as of December 31, 2019.

Payout Determination for Performance Shares

At the end of the performance period, the Committee will review the Company’s actual performance and determine the number of earned awards. Performance below “threshold” for a given performance measure will result in forfeiture of the respective shares; performance at or above “stretch” for a given performance measure will result in payout equal to 150% of the respective target shares. Performance between threshold and target and target and stretch will be determined using straight line interpolation and rounded up to the nearest whole number of shares. All financial performance determinations for the Company and the peer banks will be made at the ultimate parent company level. Dividends earned on Performance Shares will accrue, but will not be paid until vesting is determinable and will only be paid on those shares earned and released from restriction.

2017 Target Long-Term Equity Incentive Award Opportunities

The target long-term equity incentive award opportunities granted in early 2017 represented, in the aggregate, approximately 55% of base salary for our current Named Executives other than Mr. Robbins. Ms. Dressel was not awarded any long-term equity incentive awards in 2017. For each of our current Named Executives, 50% of the total target opportunity was granted in the form of restricted stock and 50% in the form of Performance Shares.

In connection with his appointment as the Company’s President and Chief Executive Officer, Mr. Robbins’ target long-term incentive opportunity was increased to 80% of base salary. To effect this target opportunity for 2017, the Committee granted Mr. Robbins additional long-term incentive awards in July with an aggregate fair market value equal to \$260,000, 25% of which were granted in restricted stock and the remainder of which were granted in Performance Shares. The June awards were granted with the same terms as applied to the awards granted in the beginning of 2017; provided that, in addition to the performance measures discussed above, Mr. Robbins’ June 2017 Performance Shares were subject to a threshold goal that required the Company to achieve positive net income for the

Table of Contents

period from July 1, 2017 through December 31, 2017. The Committee certified the achievement by the Company of this threshold goal on March 2, 2018.

Equity award values are based on the closing market price of our stock on the date the Board approves the grant. For a discussion of the treatment of Ms. Dressel's long-term incentive awards following her unexpected passing, see "Compensation Tables—Post-Employment and Termination Benefits" below.

Current Named Executive	Target Performance Shares (Performance-Based Vesting)	Restricted Stock (Time-Based Vesting)
Hadley S. Robbins	7,500	4,302
Clint E. Stein	2,530	2,536
David C. Lawson	1,840	1,840
Andrew L. McDonald	2,150	2,156
Kumi Y. Baruffi	1,700	1,700
Former Named Executive		
Melanie Dressel	$\frac{3}{4}$	$\frac{3}{4}$

In establishing award levels, the Committee views each grant of an equity award to an executive as a separate incentive intended to drive future shareholder return and to promote retention. In determining the value of equity awards to executives, the Committee also considers comparisons to our peer group. Additionally, the Committee also considers awards to executives compared to the level of equity awards offered to other Company employees.

2015 Performance Share Award Payout

The Performance Shares granted in 2015 were subject to performance vesting conditions tied to the Company's ROAA and TSR relative to a defined group of peer banks, in each case over the period from January 1, 2015 through December 31, 2017. In February 2018, the Committee reviewed the Company's actual performance against the ROAA and TSR targets and determined that the awards would pay out at 139% of target. A summary of the Company's performance as measured against the goals, and the resulting payout, is set forth below:

Performance Measure	Weighting	Measurement Perspective	Performance Goals			Results	
			Threshold (50% Payout)	Target (100% Payout)	Stretch (150% Payout)	Actual Performance	Percent of Target Payout
ROAA	50%	Columbia	0.85%	1.00%	1.25%	1.14%	128%
TSR	50%	Relative to KRX	30 th Percentile	50 th Percentile	80 th Percentile	87.6 th Percentile	150%
						Total:	139%

Targeted Retention Awards

During the period in which the Board considered the Company's leadership team following Ms. Dressel's passing, the Committee determined to award Messrs. Robbins and Stein one-time, equity-based retention awards in recognition of the additional responsibilities that each assumed on an interim basis. Accordingly, the Committee awarded each of Messrs. Robbins and Stein 10,000 shares of Restricted Stock on April 26, 2017, which are scheduled to vest on April 26, 2019.

Retirement Benefits

We believe that a retirement plan for our Named Executives is an important part of the total compensation package and provides a mechanism for attracting and retaining superior executives. We have not adopted a formal pension plan but, instead, have historically provided retirement benefits through a retirement plan that provides lifetime benefits (also known as a Supplemental Executive Retirement Plan, or “SERP”), a long-term compensation plan (also known as a “Unit Plan”) and an Executive Deferred Compensation Plan. In 2013, the Unit Plans for the Named Executives were frozen and supplemented by SERPs. Both programs are described in greater detail below under “Compensation Tables—Pension Benefits.”

In 2001, the Company implemented a SERP for certain executive officers to provide retirement benefits to those officers. The SERP provides a lifetime annual retirement benefit, the amount of which declines to the extent the executive retires before a specified retirement age. The SERPs serve a retention purpose by vesting over a period of time and by restricting the executive from working for a competitor for a period following termination of employment. Starting in 2004, the Company began using supplemental compensation arrangements, which we called Unit Plans, to provide retirement benefits for executive officers instead of SERPs. Between 2004 and 2012, we awarded three separate Unit Plans to Mr. McDonald and a Unit Plan to Mr. Stein.

In 2013, the Committee approved offering SERPs to replace the Named Executives’ Unit Plans. Accordingly, the Company entered into SERPs with Messrs. McDonald and Stein, which provide that amounts drawn under their SERPs will be reduced by the amount that is attributable to each respective Unit Plan. This approach provides these executives with a retirement benefit that is consistent with Columbia’s compensation philosophy, while optimally leveraging the expense already incurred in funding the Unit Plans.

In 2013, following the acquisition of West Coast Bancorp, the Company assumed the SERP that was provided to Mr. Robbins as an executive of West Coast Bancorp; the Company also entered into a SERP with Mr. Lawson in 2013 and Ms. Baruffi in 2015. A more detailed description regarding payments under the SERPs and Unit Plans is set forth below under “Compensation Tables—Post Employment and Termination Benefits.”

As more fully described below under “Compensation Tables—Post Employment and Termination Benefits,” we also provide non-employee directors and highly-compensated employees (as defined by IRS rules) with the opportunity to defer compensation through two Executive Deferred Compensation Plans. The participation in our 401(k) plan for these individuals is limited under federal income tax rules, and we believe they should have other similar means of saving for retirement. Currently, interest paid on the participant deferrals is three-month LIBOR (the “London Interbank Offered Rate”) plus 3.58%.

Executive Employment and Change-in-Control Agreements

We provide severance and change-in-control benefits to executives that are payable in circumstances the Committee believes are appropriate and market-competitive. Change-in-control benefits are generally “double-trigger,” meaning they are payable only if the executive experiences a qualifying termination of employment in connection with a change-in-control of the Company.

Employment Agreement with Mr. Robbins. Mr. Robbins serves as President and Chief Executive Officer of Columbia and Columbia Bank pursuant to an employment agreement entered into effective July 1, 2017, which is described in detail in the section entitled “Compensation Tables—Post Employment and Termination Benefits” below. We believe that an employment agreement with our President and Chief Executive Officer helps protect the interests of our shareholders in a number of meaningful ways. It guarantees continuity of leadership through retention and through severance and change-in-control provisions and reduces potential concerns from shareholders about the degree to which the Chief Executive Officer is affected by short-term prospects for continued employment when

making key strategic, long-term decisions.

In general, upon a qualifying termination, Mr. Robbins' agreement entitles him to receive any earned but unpaid bonus for a prior fiscal year, cash severance equal to two times Mr. Robbins' annual base salary, a prorated bonus for the year of termination based on actual performance, a prorated portion of any long-term incentive awards

Table of Contents

(based on actual performance in the case of awards subject to performance-based vesting) and continued health and welfare benefits for twenty-four months.

Upon a qualifying termination related to a change-in-control, Mr. Robbins' agreement entitles him to receive any earned but unpaid bonus for a prior fiscal year, cash severance equal to two and a half times the sum of Mr. Robbins' annual base salary and target annual bonus, a prorated target bonus for the year of termination and continued health and welfare benefits for thirty months. Mr. Robbins is subject to customary restrictive covenants, including non-competition and non-solicitation covenants, during his employment and for two years following termination of employment for any reason.

Change-in-Control Agreements with Other Named Executives. The Company has entered into change-in-control agreements with each of the current Named Executives, which are described in more detail below under "Compensation Tables—Post Employment and Termination Benefits." Mr. Robbins' change-in-control agreement was superseded by his employment agreement effective as of July 1, 2017. The change-in-control agreements contain provisions, similar to those in Mr. Robbins' employment agreement, that require payments in the event of termination of employment related to a change-in-control. These arrangements are "double trigger," meaning that they provide payments only upon a covered termination of employment in connection with a change-in-control, and no covered executive will receive payments under the agreements due to a change-in-control alone. In general, upon a qualifying termination related to a change-in-control, an executive with a change-in-control agreement will be entitled to two years' annual base salary paid monthly over two years, accelerated vesting of any options and lapse of restrictions on restricted stock awards and will be subject to two-year non-compete and non-solicit covenants.

Employment Agreement with Ms. Dressel. Ms. Dressel served as the President and Chief Executive Officer until her death in February 2017 pursuant to an employment agreement entered into effective August 1, 2004. For a description of the terms of Ms. Dressel's employment agreement and the benefits to which her estate was entitled following her death, see the section entitled "Compensation Tables—Post Employment and Termination Benefits" on page 43.

Perquisites and General Employee Benefits

As with all of our employees, we strive to assist our executives in meeting their retirement income, health care, disability income, time off and other needs through competitive, cost-effective, Company-sponsored programs that provide individuals with reasonable flexibility in the context of their individual circumstances, and the Named Executives participate in these and other benefits to the same extent as other employees. These benefits include medical and dental insurance, disability insurance, and the Company's 401(k) plan. The Named Executives do not receive any perquisites or similar benefits such as Company-provided cars, car allowances, or country club memberships.

Clawback Policies for the Recovery of Incentive Compensation

Our annual and long-term incentive compensation programs provide for the recovery of incentive compensation under certain circumstances. Under these programs, the Company will recover incentive compensation awarded to current or former executive officers (during the preceding three years) if the Company restates its financial results due to material noncompliance with any financial reporting requirement under the securities laws (a "restatement"), to the extent the original awards exceeded the amounts that would have been paid under the restated results.

In June 2017, the Committee approved, and in July 2017, the Board adopted, a new Clawback Policy that covers current and former executive officers of the Company and applies to all incentive compensation granted following the date of adoption. The Clawback Policy provides that, to the full extent permitted by law, the Committee may require the forfeiture and/or repayment of unpaid incentive compensation (whether vested or unvested) and incentive

compensation paid in the preceding three-year period (but not prior to July 2017) if a “triggering event” occurs.

For purposes of the Clawback Policy, a “triggering event” is any of the following events: (1) the Company is required to prepare a restatement, (2) the executive engages in conduct that causes material financial or reputational

Table of Contents

harm to the Company or its business activities, (3) the grant or payment of incentive compensation was based on materially inaccurate performance metrics or a material misrepresentation by the executive, (4) the executive improperly or with gross negligence failed to identify, raise or assess, in a timely manner, risks material to the Company or its business activities or (5) the executive engages in a fraudulent act or knowing and willful misconduct or violates restrictive covenants or employment restrictions to which the executive is subject.

Stock Ownership Guidelines and No-Hedging

Stock Ownership Guidelines

In March 2017, the Board adopted a Stock Ownership Policy, which replaced our prior stock ownership guidelines effective as of January 1, 2017. The Stock Ownership Policy requires each Named Executive to own shares equal in value to a multiple of his or her annual base salary rather than a fixed number of shares, as was required under the prior stock ownership guidelines. For the Chief Executive Officer, the multiple is three; for Executive Vice Presidents, which include the Chief Financial Officer, Chief Operating Officer, Chief Credit Officer, Chief Human Resources Officer, and General Counsel, the multiple is two. The Stock Ownership Policy also requires non-employee directors to own shares equal in value to five times the annual Board cash retainer. The share value is based on the average closing price of Company's common stock over the 200 trading days preceding December 31 of the applicable calendar year.

The Named Executives and non-employee directors may satisfy the ownership requirements in the Stock Ownership Policy with common stock owned directly or indirectly (if the participant has a pecuniary interest in the shares), vested stock-based awards (other than options) and unvested restricted stock or restricted stock unit awards that are subject to time-based vesting requirements. If a participant is not in compliance with the Stock Ownership Policy as of December 31 of any year, he or she must retain all of the shares held as of that date and all shares acquired in the following year (including any shares granted to the participant pursuant to an equity award or acquired on exercise of an option), other than any shares withheld to pay an option exercise price or tax obligations.

At year end 2017, each Named Executive satisfied the new Stock Ownership Policy requirements other than Mr. Robbins, who joined the Company in 2013 following its acquisition of West Coast Bancorp and whose salary was increased in connection with his appointment as our Chief Executive Officer in 2017, and Ms. Baruffi, who joined the Company in September 2014. Accordingly, Mr. Robbins and Ms. Baruffi will be required to retain the shares that each held as of December 31, 2017 and any shares acquired in 2018, except as described above.

No-Hedging

The Company has also adopted insider-trading policies that prohibit directors, executive officers and certain other individuals from (1) trading in any put, call, short sale or other derivative securities relating to the Company's securities and (2) engaging in any hedging transactions with respect to any of the Company's securities.

Impact of Tax Treatment of Compensation

The Committee and management consider the accounting and tax impacts of various programs designed to balance the potential cost to the Company with the benefit/value to the executive. Section 162(m) of the Code generally prohibits publicly held companies from deducting compensation paid to a Named Executive that exceeds \$1 million during the tax year. Prior to the adoption of the Tax Cuts and Jobs Act (the "Tax Act"), which was enacted on December 22, 2017, to the extent that compensation was based upon the attainment of performance goals set by the Committee pursuant to plans approved by our shareholders, the compensation generally was not included in the \$1 million limit. The Tax Act repealed this exemption, and, as a result, compensation paid to Named Executive in excess of \$1 million will no longer be deductible, even if performance-based, other than with respect to certain arrangements in place on

November 2, 2017 (and the scope of such transition relief is currently uncertain).

The Committee generally sought to maximize deductibility of executive compensation under Section 162(m), as in effect prior to the Tax Act, while retaining discretion to compensate executives in a manner commensurate with performance and the competitive market for executive talent. In 2014, we adopted and our shareholders approved the 2014 Plan, which allowed for the grant of awards that qualified as performance-based compensation under Section

Table of Contents

162(m). Following the enactment of the Tax Act, we retain the ability to pay compensation that exceeds deductibility limits and believe that having flexibility to recruit, retain and motivate our employees is in the best interests of our shareholders.

Compensation Tables

The following table shows compensation paid or accrued in the years shown for Columbia's Named Executives. As required by SEC rules, Columbia's Named Executives include Columbia's current Chief Executive Officer, Chief Financial Officer and the three other most highly paid executive officers, as well as Columbia's former Chief Executive Officer who served in that role during part of 2017.

At stretch performance, the Performance Shares grant date fair value would be \$389,547 for Mr. Robbins, \$129,258 for Mr. Stein, \$94,006 for Mr. Lawson, \$109,844 for Mr. McDonald, and \$86,853 for Ms. Baruffi.

For 2016, amounts shown include the grant date fair value of Restricted Stock awards granted on February 24, 2016 that vest 20% on the second anniversary of the grant date, 30% on the third anniversary of the grant date and the remaining 50% of which vest on February 24, 2020 and the grant date fair value of Performance Shares granted on March 23, 2016 for the period commencing January 1, 2016 and ending December 31, 2018 (the 2016-2018 performance period). At stretch performance, the Performance Shares grant date fair value would be \$135,571 for Mr. Robbins, \$126,891 for Mr. Stein, \$92,171 for Mr. Lawson, \$107,878 for Mr. McDonald, and \$478,630 for Ms. Dressel.

For 2015, amounts shown include the grant date fair value of Restricted Stock awards granted on March 25, 2015 that vest 20% on the second anniversary of the grant date, 30% on the third anniversary of the grant date and the remaining 50% of which vest on March 25, 2019 and the grant date fair value of Performance Shares granted on March 25, 2015 for the period commencing January 1, 2015 and ending December 31, 2017 (the 2015-2017 performance period). The grant date fair value of stock awards was determined in accordance with FASB ASC 718. Assumptions used to calculate these amounts are set forth in footnote 4 to “2017 Grants of Plan-Based Awards” and in Note 23 to the Company’s audited financial statements for the fiscal year ended 2017, included in the Company’s 2017 Annual Report. The fair market value of Restricted Stock awards granted in 2017 was based on the closing price of (3) Columbia’s common stock on NASDAQ on the applicable grant date, February 22, 2017 (\$41.25 per share), April 26, 2017 (\$40.67 per share) and July 3, 2017 (\$40.70 per share). The fair market value of 50% of the Performance Shares was based on the closing price of Columbia’s common stock on NASDAQ on the grant date February 22, 2017 (\$41.25 per share) and July 3, 2017 (\$40.70 per share) and 50% on a fair value calculation using a Monte-Carlo simulation (\$26.87 per share and \$29.19 per share, respectively).

(4) The amounts in this column reflect the annual incentive awards earned under the 2014 Stock Option & Equity Compensation Plan for 2017 performance.

The amounts in this column do not represent amounts actually paid to a Named Executive. Includes the change in actuarial present value of the accumulated projected benefit under the SERP, which is a non-cash amount that can vary significantly from year-to-year based upon assumptions underlying the actuarial calculations. Assumptions (5) such as discount rate and retirement age are reviewed annually by the Company and are intended to be individually appropriate. The SERP is discussed in further detail under “Post Employment and Termination Benefits—Supplemental Executive Retirement Plan.”

For 2017, amounts shown include: for Mr. Robbins \$1,546,008 of change in the actuarial present value of projected benefit under the Supplemental Executive Retirement Plan (the "SERP") and which he is not currently entitled to receive because such amounts are not fully vested, and \$15,477 of above-market earnings on his DCA; for Mr. Stein, \$276,704 of change in the actuarial present value of projected benefit under the SERP, which he is not currently entitled to receive because such amounts are not fully vested, and \$2,027 of above-market earnings

Table of Contents

on his DCA; for Mr. Lawson, \$196,366 of change in the actuarial present value of projected benefit under the SERP, which he is not currently entitled to receive because such amounts are not fully vested, and \$1,593 of above-market earnings on his DCA; for Mr. McDonald, \$282,604 of change in the actuarial present value of projected benefit under the SERP, which he is not currently entitled to receive because such amounts are not fully vested, and \$2,027 of above-market earnings on his DCA; and for Ms. Baruffi, \$140,390 of change in the actuarial present value of projected benefit under the SERP, which she is not currently entitled to receive because such amounts are not fully vested, and \$1,040 of above-market earnings on her DCA.

For 2016, amounts shown include: for Ms. Dressel, \$600,531 of change in the actuarial present value of projected benefit under the SERP and \$7,697 of above-market earnings on her DCA; for Mr. Stein, \$144,953 of change in the actuarial present value of projected benefit under the SERP, which he is not currently entitled to receive because such amounts are not fully vested, and \$3,459 of above-market earnings on his DCA; for Mr. Lawson, \$129,771 of change in the actuarial present value of projected benefit under the SERP, which he is not currently entitled to receive because such amounts are not fully vested, and \$1,207 of above-market earnings on his DCA; for Mr. McDonald, \$204,854 of change in the actuarial present value of projected benefit under the SERP, which he is not currently entitled to receive because such amounts are not fully vested, and \$1,971 of above-market earnings on his DCA; and for Mr. Robbins, \$151,430 of change in the actuarial present value of projected benefit under the SERP and \$14,717 of above-market earnings on his DCA.

For 2015, amounts reflect the impact of amendments to the SERP formula. The SERP is designed to provide lifetime retirement benefits equal to 60% of the average of the three highest years of base salary (which we refer to as the “SERP formula”), with an annual two percent cost of living adjustment to benefit payments. Prior to 2015, the SERP benefits were calculated based on a fixed dollar amount. In 2015, in order to better account for fluctuations in the participant’s base salary over time, the Company amended the SERP to provide that the SERP benefit available to each participant would instead equal the SERP formula described above. This change contributed to an increase in the actuarial present value of projected benefit under the SERP, which is reflected in this column, but does not represent any cash compensation paid to the Named Executives in 2015.

Stock Option and Equity Compensation Plan. The 2014 Plan provides for the grant of restricted stock, incentive stock options, nonqualified stock options, restricted stock units and stock appreciation rights. All eligible employees and directors may participate in the 2014 Plan. As of December 31, 2017, 893,982 shares remain available for future grant under the 2014 Plan. The 2014 Plan replaced the Amended and Restated Stock Option and Equity Compensation Plan (the “Former Equity Plan”); however, any awards remaining outstanding under the Former Equity Plan continue to be governed by the terms of that plan. See the section entitled “Proposal No.2 Approval of 2018 Equity Incentive Plan” for a discussion of our proposal with respect to shareholder approval of the 2018 Equity Incentive Plan (the “2018 Plan”), which the Board adopted on March 28, 2018 subject to shareholder approval.

- (2) The interest rate is the three-month LIBOR rate plus 3.58%. The Plan Administrator annually reviews for appropriateness the calculation of the rate of interest (the "Interest Crediting Rate") that is applied to a participant's DCA in the Deferred Compensation Plan. The Interest Crediting Rate is adjusted quarterly for fluctuations in the three-month LIBOR rate. Plan participants are notified of any adjustments to the Interest Crediting Rate.

On the last date of each month, each participant's DCA is credited with an amount equal to the product of (i) one-twelfth (1/12th) of the Interest Crediting Rate for the quarter in which such month occurs, times (ii) the average balance of the DCA in the DCA for that month. The credited amount is treated as part of the credit balance for all purposes of the Deferred Compensation Plan. As used herein, the average balance in a DCA for a month is equal to the quotient determined by dividing (i) the sum of the credit balance in the DCA at the close of business each day in the calendar month, by (ii) the number of days in such month.

- (3) For Ms. Dressel, represents the lump sum distribution of her Deferred Compensation Plan account to her estate following her death.

For Mr. Robbins includes amounts previously reported in the Summary Compensation Table for 2014 through 2016 (\$867,699). For Mr. Stein includes amounts previously reported in the Summary Compensation Table for (4) 2012 through 2016 (\$153,335). For Mr. Lawson includes amounts previously reported in the Summary Compensation Table for 2014 through 2016 (\$69,889). For Mr. McDonald includes amounts previously reported in the Summary Compensation Table for 2004 through 2016 (\$78,179).

Deferred Compensation Plan. In February 2004, the Board adopted the 2005 Deferred Compensation Plan for certain directors, a select group of senior management and key employees, as designated by resolution of the Board. The Deferred Compensation Plan generally provides for the deferral of certain taxable income earned by participants in the Deferred Compensation Plan. Designated officers or key employees may elect to defer annually under the Deferred Compensation Plan up to 50% of his or her salary to be earned in the calendar year, and up to 100% of any cash bonuses or other incentive compensation. In October 2016, the Board and the Committee approved an Amended and Restated 2005 Deferred Compensation Plan, which froze that plan to new participants effective as of October 26, 2016, and a 2016 Deferred Compensation Plan. Except as noted below, the 2016 Deferred Compensation Plan is substantially the same as the 2005 Deferred Compensation Plan.

Distribution Election Notice. At the time a participant first makes an election to defer covered compensation, he or she must deliver to the Company a signed "distribution election notice" in which he or she elects to receive distributions of the credit balance in his or her DCA in the form of either a single lump-sum payment or monthly installment payments over a period not to exceed 120 months. A participant may change such election from time to time; but if a distribution election notice is delivered to the Company less than 12 calendar months before the month in which distributions begin, such notice will not be effective and the Company will instead treat the distribution election notice that was last delivered to the Company before such 12 calendar month period as the effective notice.

Distributions Upon Retirement or Disability. The Company will distribute the credit balance in a DCA maintained for a participant at the time he or she retires or becomes disabled as either a single lump sum or monthly installment payments, as elected by the participant. If the participant has elected a single lump-sum distribution, such distribution will be made within 90 days after the date that a participant retires or becomes disabled. If the participant has elected monthly installment payments, such distribution will be made on the first day of each month, beginning with the first day of the third month following the month in which a participant retires or becomes disabled and continuing until the full amount of the DCA maintained for the participant has been distributed. Until the DCA has been distributed in full, interest will continue to be credited to the DCA. The monthly installment payments will be in as nearly equal amounts as possible. Notwithstanding any contrary provisions of the Plan, if the participant dies after monthly installment payments of the credit balance in the DCA maintained for him or her have begun, then the remaining credit balance in the DCA will be distributed to his or her designated beneficiary in a single lump sum within 30 days after the

Company receives notice that the participant has died.

Lump-Sum Distributions Upon Termination of Employment Other Than Because of Death, Disability, or Retirement or if DCA is Less Than \$25,000. The 2005 Deferred Compensation Plan provides that,

44

Table of Contents

notwithstanding a participant's election to receive a distribution of the credit balance in the DCA maintained for him or her in the form of monthly installment payments, such credit balance will be distributed to the participant in a single lump sum within 90 days after the date on which he or she terminates his or her services or employment with the Company, if (i) such termination of services or employment is for any reason other than because he or she retires or becomes disabled, or (ii) if the credit balance of the DCA maintained for him or her does not exceed \$25,000. Unlike the 2005 Deferred Compensation Plan, the 2016 Deferred Compensation Plan permits participants to elect installment payments for any termination of employment, rather than only on a termination due to retirement or disability. If a participant's services or employment with the Company is terminated because of his or her death, the credit balance in the participant's DCA will be distributed to his or her designated beneficiary.

Under the terms of the SERP, executives must, in addition to other conditions, be fully vested. Full vesting is based on a 20 year schedule. As of December 31, 2017, Messrs. Robbins, Stein, Lawson, and McDonald were approximately 54%, 61%, 23% and 68% vested, respectively and Ms. Baruffi was approximately 17% vested.

(1) Named Executives (other than Mr. Robbins) must have at least 10 years of service with the Company in order to receive benefits upon a voluntary termination that occurs prior to reaching the early retirement age of 55. Mr. Robbins became fully vested in a retirement benefit upon the Company's acquisition of West Coast Bancorp.

The estimated maximum annual retirement benefit payable under the SERP for the Named Executives upon achieving age 64 for Mr. Robbins and age 65 for Messrs. Stein, Lawson and McDonald and Ms. Baruffi; and is as follows assuming a single life annuity: Messrs. Robbins, Stein, Lawson, and McDonald, \$292,730, \$318,863, \$94,174 and \$181,416, respectively and Ms. Baruffi, \$252,959. As discussed below, Ms. Dressel's beneficiaries were not entitled to payments under her SERP following her death and instead were entitled to payments under certain Bank-Owned Life Insurance policies.

(2)

Supplemental Executive Retirement Plan. Over the years, Columbia has implemented a supplemental executive retirement plan, or SERP, for certain executive officers of Columbia to provide retirement benefits to those officers. Where a participant has twenty years of service and is therefore fully vested, the SERP is designed to provide lifetime retirement benefits equal to 60% of the average of the three highest years of base salary (which we refer to as the "SERP formula"), with an annual two percent cost of living adjustment to benefit payments. Prior to 2015, the SERP benefits available to each participant were calculated based on a fixed dollar amount set forth in the officer's SERP, which was intended to approximate the SERP formula. In 2015, in order to better account for fluctuations in the participant's base salary over time, the Company amended the SERP to provide that the SERP benefit available to each participant would instead equal the SERP formula described above. On September 27, 2017, the Committee approved an amendment to the SERP, which revised the vesting schedule from vesting on an annual basis to vesting on a monthly basis in order to conform vesting with the methodology for determining early retirement benefits under the SERP.

Each SERP includes a number of restrictions on payment, including a requirement, subject to certain exceptions, that the Named Executive (other than Mr. Robbins) attain age 65 (62 in the event of a change-in-control). Each Named Executive's SERP, other than Mr. Robbins' SERP, includes a number of potential

Table of Contents

adjustments to the date on which retirement payments are initiated and to the amount of the Named Executive's benefit. These potential adjustments include provisions for early retirement subject to the early commencement reduction factor of 5% for each year that the benefit is paid prior to reaching age 65, payable upon reaching age 55, and a 2% annual inflation adjustment to benefit payments. As of December 31, 2017, Mr. McDonald was eligible for early retirement benefits. Ms. Dressel was eligible for early retirement benefits on February 22, 2017. Named Executives terminated pursuant to a change-in-control of Columbia shall be vested in the benefit that the executive would have received had the Named Executive remained employed by Columbia until reaching the normal retirement age. In the event the Named Executive becomes disabled, the executive will be 100% vested, regardless of tenure. Other potential SERP adjustments include an elimination of benefits if the Named Executive violates non-competition requirements or if the Named Executive is terminated for cause or resigns voluntarily before reaching the early retirement age and does not have ten years of service or before achieving 100% vesting. Under the terms of each SERP, the Named Executive and the Company will cooperate and use all reasonable efforts, in compliance with applicable law, to minimize the amount of any excise tax imposed by Section 4999 of the Internal Revenue Code.

The SERP is unsecured and unfunded and there are no plan assets. Columbia has purchased Bank-Owned Life Insurance ("BOLI") policies on the lives of the Named Executives and other officers and intends to use income from these policies to offset SERP benefit expenses. In 2016, Columbia purchased additional BOLI policies to supplement Columbia's existing portfolio. The BOLI policies, through the split dollar life insurance agreements with the officers, provide a death benefit equal to three times the officer's then current base salary and approximately ten times the projected benefit at normal retirement age of the officer's SERP. The agreements take into account any other life insurance policies purchased by and owned by the Company that pay benefits to the participant's beneficiary at death. This split dollar benefit is payable to the officer's beneficiaries if the officer dies while employed with the Company, in which case the officer (and his or her beneficiaries) would not be entitled to any benefits under the SERP. If the officer retires or terminates employment for any reason other than death, then the officer and his or her beneficiaries forfeit any benefits under the split dollar agreement, and all proceeds from the BOLI policies are instead paid to the Company.

The income generated from the BOLI policies is projected to, on a cumulative basis, substantially offset the ongoing costs of the SERP program. This projection includes assumptions related to future BOLI policy performance, the Bank's cost of funds and discount rates applicable to the SERP program. Any excess revenue generated from the BOLI will be used to offset other employee benefit costs. BOLI is not a permissible bank investment but BOLI may be purchased in order to offset employee benefit expenses pursuant to the authority granted by the "Interagency Statement on the Purchase and Risk Management of Life Insurance," dated December 7, 2004 and described for State-Chartered Federal Reserve member banks in Supervisory Letter SR 04-19.

As described below, the Company had previously entered into Unit Plans with each of Messrs. McDonald and Stein in lieu of a SERP. In 2013, the Company entered into SERPs with Messrs. McDonald and Stein, and their respective Unit Plan were frozen to new contributions. Payments under each Unit Plan were postponed until benefits are drawn from the Named Executive's SERP (and the SERP benefits will be reduced by the amount that is attributable to the respective Unit Plan).

Long-Term Incentive Awards Change-in-Control Treatment. In the event of a change-in-control, all unvested 2014 Performance Shares vest in full as of the date of the closing of such change-in-control transaction based on stretch performance. For the 2016 and 2017 Performance Shares, the Committee determined that, in the event of a change-in-control, all unvested Shares will vest in full as of the date of the closing of such change-in-control transaction based on the greater of target or actual performance. The Committee intends that future awards of Performance Shares will provide for change-in-control vesting treatment consistent with the change-in-control vesting treatment in the 2016 and 2017 Performance Shares.

Executive Employment Agreement. Mr. Robbins serves as President and Chief Executive Officer of Columbia and Columbia Bank pursuant to an employment agreement entered into effective July 1, 2017. The term of the employment agreement with Mr. Robbins extends for three-years following its effective date.

Mr. Robbins' employment agreement provides that if his employment is terminated without cause or if he resigns for good reason, then he would receive cash severance equal to two times his annual base salary, a prorated portion of any incentive payment earned during the year of termination, continued welfare benefits for two years and vesting of a pro rata portion of his long-term incentive awards (based on the portion of the vesting period in which Mr. Robbins

remained employed with the Company), subject to achievement of any performance criteria. The employment agreement also provides for certain benefits and payments if Mr. Robbins terminates his employment within two years following a change-in-control (as defined in the agreement) or if Mr. Robbins' employment was terminated by the Company without cause or by Mr. Robbins with good reason at any time from and after six months prior to the public announcement of a transaction that will result in a change-in-control. In such event, the agreement provides that Mr. Robbins would receive an amount equal to 2.5 times the sum of his annual base salary and target bonus, a prorated target bonus for the year of termination, continued welfare benefits for 30 months and his long-term incentive awards would be treated in accordance with their terms. In the event Mr. Robbins is terminated without cause, or he voluntarily terminates for good reason, and within six months the Company publicly announced a change-in-control, upon closing of the change-in-control, the agreement provides that he would be entitled to receive the change-in-control payments set forth above, less any payments that he received as a termination payment.

The table below shows the maximum amounts that could be paid to Mr. Robbins under his agreements, and (i) is based on his salary at December 29, 2017; and (ii) assumes the triggering event was December 29, 2017.

*Reflects the annual lifetime annuity payable following the triggering event under the terms of the applicable plan.

In the event Mr. Robbins was terminated without cause, or he voluntarily terminated for good reason, and within (1) six months the Company publicly announced a change-in-control, upon closing of the change-in-control, he would be entitled to receive change-in-control payments, less any payments that he received as a termination payment.

(2) Represents two times Mr. Robbins annual salary in the year of termination payable in equal monthly installments over two years following termination.

For voluntary termination for good reason and termination without cause, represents the prorated portion of any (3) incentive payment earned during the year of termination payable in a lump sum; provided that, if such termination is due to change-in-control, represents the prorated portion of Mr. Robbins' target annual incentive.

For termination due to change-in-control, represents 0.5 times Mr. Robbins annual salary in the year of termination (4) plus 2.5 times Mr. Robbins target annual incentive payable in equal monthly installments over a 30-month period following termination.

Reflects the aggregate SERP benefits (or split dollar life insurance benefits calculated based on SERP benefits) to (5) which Mr. Robbins would be entitled, including the retirement benefit in which Mr. Robbins vested upon the Company's acquisition of West Coast Bancorp, which had a value at December 29, 2017 of \$1,159,314 and

which reduces the benefits otherwise payable under Mr. Robbins' existing SERP. See "Pension Benefits" above for more details regarding these benefits. Annual amounts reflected in the table above reflect a single lifetime annuity; however Mr. Robbins alternatively may elect a joint and survivor annuity.

Benefits on Death. Death benefits are not payable pursuant to the SERP; however, in the event of Mr. Robbins' death while employed, a Split Dollar Agreement provides a one-time lump sum benefit of a stated dollar amount calculated as ten times the projected annual SERP benefit at normal retirement.

Benefits on Disability. In the event that Mr. Robbins becomes Disabled, the amount represents a one-time lump sum payment calculated as the present value of the projected stream of retirement benefit payments that Mr. Robbins would expect to receive had he remained employed until normal retirement age.

Benefits on Termination without Cause or Due to CIC. Upon a termination without cause or due to a change-in-control, benefits are payable in a lifetime annuity.

- (6) Represents the amount equal to three times base salary as of the date of death that would be due to Mr. Robbins' beneficiaries under a bank owned life insurance policy payable by the insurer.
- (7) Represents the value of continued employer-paid health and welfare benefits for two years following termination (or in the event of a termination due to change-in-control, for 30 months following termination).
- (8) Represents the fair market value of unvested equity awards with performance shown at stretch performance or, in the case of a voluntary termination for good reason or a termination without cause not in connection with a change-in-control, a prorated portion of the target number of unvested equity awards, in each case based on the closing price of Columbia's common stock on NASDAQ on December 29, 2017 of \$43.44 per share.

Change-in-Control Agreements. Columbia Bank has entered into change-in-control agreements with Messrs. Stein, Lawson and McDonald and Ms. Baruffi.

The agreements contain provisions, similar to those contained in the employment agreement for Mr. Robbins discussed above, that require payments in the event of termination of employment without cause or by the executive for good reason within 365 days following a change-in-control (as defined in the agreements) or termination of employment without cause prior to the change-in-control at any time from and after sixty days prior to the public announcement of a transaction that will result in a change-in-control, provided that the change-in-control occurs within 18 months of the executive's termination date. Under the agreements, the executives are entitled to (i) receive their base salary for terms of two years; (ii) accelerated vesting of options; and (iii) removal of restrictions on any restricted stock or other restricted securities, subject to Federal securities laws. These agreements also contain a covenant that the executive will not compete with or solicit employee, customer or business partner of Columbia or any of its subsidiaries for up to two years after the commencement of severance benefit payments, unless payments of such severance benefits are waived by the executive. The terms of the agreements are five years unless otherwise extended in writing.

Unit Plans. Columbia previously entered into Unit Plans with each of Mr. McDonald (three plans, one each in 2004, 2006 and 2007) and Mr. Stein (in 2008). The plans were provided primarily to supplement retirement benefits in lieu of a SERP. Each separate Unit Plan provides that the executive will begin receiving a monthly payment beginning the first month following the tenth anniversary of each plan, based on an annual aggregate payment of \$25,000 per year for ten years. In the event the executive's employment is terminated by the Company without cause, or he is terminated due to disability, the executive will be entitled to receive a payment based on the prorated portion of his term of employment, payable in monthly payments following the tenth anniversary of each plan. If the executive leaves the employment of Columbia prior to expiration during the respective ten-year period, the entire amount is forfeited. Once

receiving the benefit, there is a non-competition clause restricting the executive from working for a competitor.

As noted above, in 2013, the Company entered into a SERP with Messrs. McDonald and Stein. Benefits under the Unit Plans were frozen to new contributions. In the event any benefit payments due Messrs. McDonald or Stein pursuant to their respective SERP plans are to be made simultaneously with payment amounts due them pursuant to their respective Unit Plans, then any SERP benefit payments will be reduced by amounts to be paid out from their Unit Plans. The reduced SERP benefit payment will be determined by deducting the amount of the Unit

Table of Contents

Plan payments from the scheduled SERP benefit payments. Once the Unit Plan benefit payment periods expire, retirement benefit payments under the SERP plan will no longer be reduced.

The tables below show the maximum amounts that could be paid to Messrs. Stein, Lawson, McDonald and Ms. Baruffi under their respective agreements, which are based on (i) the executive's salary at December 29, 2017; and (ii) assumes the triggering event was December 29, 2017.

(1) The amount for Messrs. Stein, Lawson, McDonald and Ms. Baruffi represents two times each Named Executive's annual base salary payable in equal monthly installments for two years following the termination date.

Reflects the benefits to which each Named Executive would be entitled under their SERPs (or split dollar life insurance benefits calculated based on SERP benefits) and, in the case of Messrs. McDonald and Stein, under their Unit Plans, which reduce the benefits otherwise payable under their SERPs (except in the event of death). See (2) "Pension Benefits" and "Unit Plans" above for more details regarding these benefits. Annual amounts reflected in the tables above reflect a single lifetime annuity; however the Named Executives alternatively may elect a joint and survivor annuity.

Benefits on Death. Death benefits are not payable pursuant to the SERP; however, in the event of death of a Named Executive while employed, a Split Dollar Agreement provides a one-time lump sum benefit of a stated dollar amount calculated as ten times the projected annual SERP benefit at normal retirement. For Messrs. McDonald and Stein, amounts also include the benefits that each would be entitled under their Unit Plans, which would not reduce the benefits payable under their SERPs. Mr. Stein's Unit Plan provides for \$24,788 annually for ten years following death and Mr. McDonald's Unit Plans collectively provide for \$74,988 annually for ten years following death. In the event that Mr. Stein or Mr. McDonald dies after their respective Unit Plan payments have begun, then any remaining payments in the ten-year benefit stream will be made to his beneficiaries.

Table of Contents

Benefits on Disability. In the event of disability, the amounts for Messrs. Stein, Lawson, McDonald and Ms. Baruffi represent a one-time lump sum payment calculated as the present value of the projected stream of retirement benefit payments that the Named Executive would expect to receive had he or she remained employed until normal retirement age.

Benefits on Termination without Cause or Due to CIC. Upon a termination without cause or due to a change-in-control, benefits are payable in a one-time lump sum, except that for Messrs. Lawson and McDonald benefits are payable in a lifetime annuity. The benefits payable on a termination without cause reported for Messrs. Stein, Lawson and McDonald in the Company's 2017 proxy statement were overstated as a result of calculating the benefits assuming a change-in-control had occurred. These amounts have been corrected in the tables above.

Retirement Benefits. Mr. McDonald was eligible to retire as of December 29, 2017 and receive benefits under his SERP payable in a lifetime annuity.

(3) Represents the amount equal to three times base salary as of the date of death that would be due to each Named Executive's beneficiaries under a bank owned life insurance policy payable by the insurer.

Represents the fair market value of unvested equity awards based on the closing price of Columbia's common stock (4) on NASDAQ on December 29, 2017 of \$43.44 per share. Performance Shares granted in 2016 and 2017 are shown at stretch performance.

Former Named Executive Employment Agreement. Ms. Dressel served as President and Chief Executive Officer of Columbia and Columbia Bank pursuant to an employment agreement entered into effective August 1, 2004. The term of the employment agreement with Ms. Dressel was a rolling three-year term that provided for termination by either party through a notice of non-renewal submitted at least 60 days prior to the anniversary of the agreement.

Ms. Dressel's employment agreement provided that if her employment was terminated without cause or if she resigned for good reason, then she would receive salary and benefits for the greater of two years or the balance of the contract term, a prorated portion of any incentive payment earned during the year of termination, and all forfeiture provisions regarding any outstanding restricted stock or other compensation agreements would lapse. The employment agreement also provided for certain benefits and payments if Ms. Dressel terminated her employment within two years following a change-in-control (as defined in the agreement) or if Ms. Dressel's employment was terminated by the Company without cause or by Ms. Dressel with good reason at any time from and after six months prior to the public announcement of a transaction that would result in a change-in-control. In such event, in addition to the continued benefits and payment of base salary described above (as well as the lapsing of any forfeiture provisions), the agreement provided that Ms. Dressel would receive an amount equal to two times any incentive payment she received for the year preceding her termination, and all of her stock awards would fully vest and any restrictions would lapse. In the event Ms. Dressel was terminated without cause, or she voluntarily terminated for good reason, and within six months the Company publicly announced a change-in-control, upon closing of the change-in-control, the agreement provided that she would be entitled to receive the change-in-control payments set forth above, less any payments that she received as a termination payment.

Effective February 1, 2009, Ms. Dressel voluntarily agreed to an amendment to her employment agreement that provided that if the total payment and benefits to be received by her as a result of a termination of employment in connection with a change-in-control would be in an amount that would cause them to be a "parachute payment" within the meaning of Section 280G of the Code, such payments would be reduced so that the total amount of such payments and benefits is \$1 less than the amount constituting a parachute payment. Ms. Dressel's employment agreement was amended in February 2015 to remove this "cutback" provision. The 2015 amendment to Ms. Dressel's employment agreement provided that Ms. Dressel and the Company would cooperate and use all reasonable efforts, in compliance with applicable law, to minimize the amount of any excise tax imposed by Section 4999 of the Code.

Following Ms. Dressel's unexpected passing in February 2017, her beneficiaries became entitled to the lump sum payout of her Deferred Compensation Plan account equal to \$516,203 and payout of the BOLI policies described above in an aggregate amount of approximately \$6.3 million.

Employee Stock Purchase Plan. We also maintain an Employee Stock Purchase Plan (the “ESPP”) that was adopted in 1995, and amended in 2000, 2006, 2009 and 2010. The ESPP allows eligible employees to purchase shares of Columbia common stock at 90% of the lower of the market price at either the beginning or the end of each six-month offering period by means of payroll deductions. At December 31, 2017, there were 428,829 shares available for purchase under the ESPP.

Pay Ratio

Set forth below is the total annual compensation for 2017 of Mr. Robbins, the median of the total annual compensation of our employees (other than Mr. Robbins) and the ratio of those two values:

CEO Total Annual Compensation as reported in the Summary Compensation Table (A)	Median Total Annual Compensation of Our Employees (B)	Ratio of (A) to (B)
\$ 3,501,130	\$ 48,738	72 to 1

To identify our median employee, we used our entire employee population as of December 31, 2017, excluding the approximately 344 employees of Pacific Continental Corporation who became employees of the Company as a result of our acquisition of Pacific Continental Corporation on November 1, 2017. We measured compensation based on total gross pay for 2017 as reported to the Internal Revenue Service on Form W-2 for 2017 and annualized the compensation of all permanent employees hired or rehired during 2017. In accordance with SEC rules, after identifying our median employee, we calculated 2017 total annual compensation for both our median employee and Mr. Robbins using the same methodology that we use to determine our Named Executives’ total annual compensation for the Summary Compensation Table. This calculation produced the ratio shown in the table above.

Mr. Robbins’ total annual compensation above reflects his compensation for approximately six months as our President and Chief Executive Officer, four months as our interim Chief Executive Officer and two months in his former position as our Executive Vice President, Chief Operating Officer. If Mr. Robbins had served as our President and Chief Executive Officer for the entire year at the annual base salary rate set forth in his employment agreement then, assuming that Mr. Robbins earned an annual bonus at the same percentage of target bonus as described in the section entitled “Annual Cash Incentive Compensation” on page 29, Mr. Robbins’ total annual compensation for 2017 would be \$3,784,144 and the resulting pay ratio would have been 78 to 1.

PROPOSAL NO. 2

APPROVAL OF 2018 EQUITY INCENTIVE PLAN

The Board adopted the 2018 Equity Incentive Plan of Columbia Banking System, Inc. (the “2018 Plan”) on March 28, 2018, subject to shareholder approval at the Annual Meeting. The 2018 Employee Plan will be effective on May 23, 2018 if it is approved by our shareholders at the 2018 Annual Meeting (the “Effective Date”).

The 2018 Plan will be applicable only to awards granted on or after the Effective Date and will replace the 2014 Stock Option and Equity Compensation Plan (the “Current Plan”) for awards granted on or after the Effective Date. The Board has determined that, subject to shareholder approval of the 2018 Plan, no shares will be available, and no new grants will be made, under the Current Plan after the Effective Date. The terms and conditions of awards granted under the Current Plan prior to the Effective Date will not be affected by the adoption or approval of the 2018 Plan and the Current Plan will remain effective with respect to such awards.

The 2018 Plan provides for the issuance of equity-based awards covering up to 3,050,000 shares. We believe that the shares available for issuance under the Current Plan would only provide sufficient shares for our equity-based compensation programs for no more than approximately one to two years. Therefore, if our shareholders do not approve the 2018 Plan, our future ability to issue equity-based awards, other than cash-settled awards, will be limited. This could have significant adverse consequences, including to our ability to attract and retain talent and align compensation with the interests of our shareholders.

Best Practices and Updates. The 2018 Plan includes a number of provisions designed to protect stockholder interests and appropriately reflect our compensation philosophy and current tax law regime, which include:

Default Double-Trigger Change in Control Treatment. On a change in control of the Company, awards will not be entitled to “single-trigger” vesting unless the surviving company does not assume the awards or replace the awards with awards containing substantially the same terms.

No Dividends or Dividend Equivalents Paid on Unvested Awards. The 2018 Plan provides that any dividends paid on restricted shares and any dividend equivalent rights granted in respect of a restricted stock unit will accrue during the period in which such awards are unvested and will only be paid to the holder of the award if and to the extent that the award vests. No dividends or dividend equivalents may be paid on unvested awards.

Non-Employee Director Awards. The 2018 Plan incorporates the program by which we will compensate our non-employee directors beginning after the Annual Meeting, which includes the following: (1) an annual cash retainer of \$35,000, (2) an annual equity retainer of \$70,000 and (3) a per-meeting attendance fee of \$1,000. Additionally, the Board may determine to establish an annual retainer for each non-employee director chairing or serving on any standing committee of the Board that does not exceed \$15,000 per committee. The Board may also provide a retainer or other fee for other services, including for service as Chair of the Board or on a specific purpose committee.

Clawback and No Hedging Policies. Awards will be subject to our policies, including our clawback, stock ownership and no hedging policies. For a description of these policies, see “Compensation Discussion & Analysis—Clawback Policies for the Recovery of Incentive Compensation” and “—Stock Ownership Guidelines and No-Hedging.”

No Discounted Awards or Repricings. The exercise price per share of options and stock appreciation rights must be not less than the fair market value of a share on the grant date and may not be repriced without shareholder approval.

No “Evergreen” or Liberal Share Recycling. The 2018 Plan does not contain an evergreen provision and authorizes a fixed number of shares available for grant. Shares tendered by a grantee or withheld by the Company in payment of the exercise price or consideration required to be paid, or to satisfy any tax withholding obligation, with respect to an award are not available for future awards.

Changes Related to Tax Reform. As a result of the changes to Section 162(m) of the Code resulting from the Tax Cuts and Jobs Act enacted on December 22, 2017, the 2018 Plan does not include certain provisions that are in the Current Plan and that were designed to qualify awards under that plan as performance-based compensation for purposes of Section 162(m), including annual limitations on certain awards that could be granted to individual participants. As described in greater detail under “Compensation Discussion & Analysis—Impact of Tax Treatment of Compensation,” the recent tax reform eliminated the performance-based compensation exception other than with respect to certain arrangements in place on November 2, 2017. Nevertheless, we will continue to be able to grant awards that are subject to performance-based vesting conditions under the 2018 Plan consistent with our compensation philosophy.

Burn Rate and Overhang. The Company’s historical share usage under its equity compensation plans (sometimes referred to as “burn rate”) and the potential dilution of the Company’s shareholders that could occur with respect to the Company’s equity plans (sometimes referred to as “overhang”) are summarized below.

Burn rate is a calculation of shares granted during the year divided by weighted average shares outstanding.

	2017	2016	2015	Average
(a) Restricted Stock and Performance Share awards granted (1)	337,384	335,593	306,007	326,328
(b) Weighted average basic shares outstanding	59,882,000	57,184,000	57,019,000	58,028,333
(c) Burn rate (a/b) (2)	0.56%	0.59%	0.54%	0.56%
(d) Adjusted burn rate (3)	1.40%	1.47%	1.34%	1.40%

(1) Reflects the maximum, gross number of shares underlying awards made during the respective year.

(2) Not adjusted for forfeitures, withholding and expirations, which would reduce the burn rate if taken into account.

(3) Adjusted to reflect the Institutional Shareholder Services “multiplier” counting each full value award as 2.50 option shares.

Overhang is a calculation of the total potential dilution attributable to equity-based compensation and reflects the shares reserved for all outstanding (unvested) grants plus shares available for future grants as a percentage of common shares outstanding. The overhang as of March 15, 2018 is calculated as follows:

(a) Shares available under the 2018 Plan	3,050,000
(b) Shares underlying outstanding awards*	1,019,769
(c) Shares remaining available under the Current Plan**	663,476
(d) Total shares authorized for, or outstanding under, employee awards (a + b + c)	4,733,245
(e) Total shares outstanding	73,258,428
(f) Overhang (d/e)	6.46%

* Of such shares, 13,596 are underlying stock options. Performance Share awards are shown assuming that maximum performance is achieved.

** If the 2018 Plan is approved, no shares will be available, and no new awards will be made, under the Current Plan. In 2018, we have granted awards under our Current Plan covering approximately 237,624 shares, which are included in “shares underlying outstanding awards” above. Additionally, we intend to use approximately 34,095 shares that are currently available under the Current Plan to grant our regular annual performance based equity awards prior to the date of the Annual Meeting.

Table of Contents

The number of shares remaining available for grant as described above differs from information reported in our 10-K, which reports the information as of December 31, 2017. Additional information as of March 15, 2018 includes:

Shares of Restricted Stock outstanding	962,718
Performance Share awards outstanding*	43,445
Shares to be issued upon exercise of outstanding options and rights	13,596
Weighted-average exercise price of outstanding options and rights	\$39.01
Weighted-average contractual life of outstanding options and rights in years	0.1488 years
Shares remaining available for future issuance under equity compensation plans**	1,074,607

* Outstanding performance Share awards, all of which are unearned, are shown assuming that maximum performance is achieved. As discussed above, we intend to use approximately 34,095 shares that are currently available under the Current Plan to grant our regular annual performance based equity awards prior to the date of the Annual Meeting.

** Consists of 663,476 shares available for future issuance under the Current Plan and 411,131 shares available for purchase under the Employee Stock Purchase Plan. As discussed above, if the 2018 Plan is approved, no shares will be available, and no new awards will be made, under the Current Plan; however, we intend to use approximately 34,095 of the shares that are currently available under the Current Plan to grant our regular annual performance based equity awards prior to the date of the Annual Meeting.

Purposes and Effects of the 2018 Plan

We have historically maintained an equity incentive plan for the benefit of our employees and directors. The Board believes that stock-based incentives are essential to attract and retain the services of individuals who are likely to make significant contributions to our success, to encourage ownership of our common stock by employees and directors, and to promote our success by providing both rewards for exceptional service and long-term incentives for future contributions to the Company. The Board believes that stock-based compensation is an important element to attract and retain the best people to help grow the Company and its earnings in a competitive marketplace. The Board has adopted the 2018 Plan as the vehicle for making future awards of stock-based incentive compensation to employees and directors of the Company and its affiliates.

The Board unanimously recommends that shareholders approve the 2018 Plan in order to allow the Company to continue to offer equity-based awards to employees and directors as part of its overall compensation package and be competitive in its marketplace.

Summary of the 2018 Plan

The following summary of the terms of the 2018 Plan is qualified in its entirety by reference to the text of the 2018 Plan, which is attached as Appendix B to this Proxy Statement.

Administration

The 2018 Plan will be administered by the Personnel and Compensation Committee (the “Committee”). Among other things, the Committee will determine, in its discretion, the persons who will receive awards under the 2018 Plan, the time when awards will be granted, the terms of the awards and the number of shares of the Company’s common stock subject to the awards. Subject to applicable law and rules of a stock exchange or quotation system, the Committee may delegate all or some of its power and authority to administer the 2018 Plan to one or more of its members or any other person selected by it, and may revoke any such delegation at any time. The Board may take any action under the 2018 Plan that would otherwise be the responsibility of the Committee. All decisions of the Board or Committee

relating to the 2018 Plan and awards granted thereunder do not need to be uniform and generally will be final and binding on all persons.

Table of Contents

Eligibility

All employees and directors of the Company and its subsidiaries are eligible to participate in the 2018 Plan. As of March 15, 2018, approximately 2,212 employees and 13 non-employee directors would have been eligible to receive awards under the 2018 Plan. For purposes of the following summary, an eligible person who has been granted an award under the 2018 Plan is referred to as a “Grantee.”

Stock Available for Issuance Through the 2018 Plan

Generally. The 2018 Plan provides for a number of forms of stock-based compensation, as further described below. The number of shares of the Company’s common stock that may be subject to awards will be 3,050,000 shares.

Acquired Awards. Shares of the Company’s common stock subject to Awards (as defined below) that are assumed, converted or substituted under the 2018 Plan as a result of the Company’s acquisition of another company (including by way of merger, combination or similar transaction) will not count against the number of shares that may be granted under the 2018 Plan. Available shares under a stockholder approved plan of an acquired company (as appropriately adjusted to reflect the transaction) may be used for Awards under the 2018 Plan and do not reduce the maximum number of shares available for grant under the 2018 Plan, subject to applicable stock exchange requirements.

Share Counting. Shares subject to an Award that are not issued because the Award is forfeited or cancelled will be returned and made available for further grant under the 2018 Plan; provided that shares will not again be available for further grant in the case of shares that are (i) used to satisfy a withholding obligation of the Grantee, (ii) tendered to the Company to pay the exercise price or consideration required to be paid with respect to an Award or (iii) subject to a stock appreciation right, to the extent the stock appreciation right is exercised.

Non-Employee Director Awards. The 2018 Plan provides that, for the 12-month period following the first Board meeting after each annual meeting of the Company’s stockholders (each, the “Annual Period”), non-employee directors of the Company will be paid in accordance with the provisions of the 2018 Plan. Each non-employee director will receive for his or her service on the Board (1) an annual cash retainer of \$35,000, (2) an annual equity retainer of \$70,000 and (3) a per-meeting attendance fee of \$1,000. Additionally, the Board may determine to establish an annual retainer for each non-employee director chairing or serving on any standing committee of the Board that does not exceed \$15,000 per committee. The retainers and fees will increase by 5% each year beginning with the 2019-2020 Annual Period unless the Board determines to defer and cumulate the increase (or a portion of the increase). The Board may at any time provide any Director with a retainer or other fee for service in addition to that provided in the 2018 Plan, including for service as Chair of the Board, on a specific purpose committee or to any Subsidiary or for any other special service, in each case determined in the discretion of the Board.

Description of Awards Under the 2018 Plan

The Committee may award to eligible Grantees incentive stock options and nonqualified stock options; restricted shares; restricted stock units; stock appreciation rights; and cash awards, each of which is referred to as an “Award.”

The terms of these Awards as set forth in the 2018 Plan are described in greater detail below.

Stock Options. Options granted under the 2018 Plan may include options intended to meet the requirements of an “incentive stock option” as defined in Section 422 of the Internal Revenue Code and “non-qualified options;” provided that the maximum number of shares of common stock underlying incentive stock options that may be granted to any one Grantee (other than a non-employee director) in a calendar year is 100,000 shares. The exercise price for each option granted under the 2018 Plan is determined by the Committee, but may not be less than 100% of the fair market value on the date of grant. “Fair market value” is defined in the 2018 Plan to mean the closing sale price of a share of the

Company's common stock as reported on the NASDAQ Stock Market. The term of each option will be fixed by the Committee and may not exceed 10 years from the date of grant; provided that vested options will expire on an earlier date if the Grantee's employment with the Company terminates. During the lifetime of the Grantee, options may only be exercised by the Grantee.

Restricted Stock Awards. A restricted stock Award means a share of common stock issued to an employee or director that is subject to restrictions and conditions determined by the Committee, including, for example, completing a specified number of years of service or attaining specified performance goals. No cash or other consideration need be paid for shares of common stock subject to an Award, other than in the form of services performed under terms

Table of Contents

and conditions determined by the Committee. Any portion of a restricted stock Award that is not vested because the specified objectives were not attained is forfeited. A Grantee holding a restricted stock Award (both vested and unvested) will have the rights of a shareholder (including voting and liquidation rights) with respect to the shares subject to the Award; provided that all ordinary cash dividends or other ordinary distributions paid during the period of restriction upon any share of restricted stock will be retained by the Company and will be paid to the Grantee (without interest) if and to the extent that the restricted stock vests.

Restricted Stock Unit. A restricted stock unit means the right to receive common stock or a payment in cash in an amount equal to the fair market value of such common stock on the date on which the restricted stock unit Award is settled. No cash or other consideration need be paid for shares of common stock subject to an Award, other than in the form of services performed under the terms and conditions determined by the Committee. The holder of a restricted stock unit will have none of the rights of a shareholder until such time as shares, if any, are actually issued. Any portion of an Award that is not vested because the specified objectives were not attained is forfeited. The 2018 Plan provides that a restricted stock unit may include a right to a “dividend equivalent,” which is an amount equal to the total dollar value of all dividends that would have been paid on the shares of common stock covered by the Award between the date of grant of the restricted stock units and the date on which the restricted stock units are settled if such shares of common stock had been delivered pursuant to the Award. A restricted stock unit does not include a dividend equivalent unless the applicable Award agreement clearly specifies that it does. Any restricted stock units that are granted with dividend equivalents will accrue dividend equivalents at the time and at the same rate as dividends are paid on shares of Common Stock, which dividend equivalents will be retained by the Company and will be paid to the Grantee (without interest) if and to the extent that the restricted stock units vest.

Stock Appreciation Right. A stock appreciation right means the right to receive payment in cash or common stock in an amount equal to the excess of the fair market value of the Company’s common stock on the date of exercise of the right to receive payments under the stock appreciation right and the fair market value of the Company’s common stock on the date of grant. The reference price applicable to a stock appreciation right may never be less than the fair market value of the underlying stock on the date on which the stock appreciation right is granted, and no stock appreciation right may be exercisable later than 10 years after the grant date.

Cash Awards. The Committee will also have the discretion to grant cash Awards (including, without limitation, retainers and meeting-based fees for non-employee directors) under the 2018 Plan upon such terms and conditions as it establishes. Each cash Award will have a value as determined by the Committee. The Committee may establish performance goals in its discretion and determine payout in its discretion.

Change in Control

Except as otherwise provided in the Award Agreement, in the event of a change in control in which the surviving, successor or acquiring corporation in the transaction agrees to replace Awards with rights to its equity that confer substantially the same benefits as those represented by the Awards, as determined by the Committee, Awards under the 2018 Plan will be subject to “double-trigger vesting” so that, if a Grantee’s employment is terminated by the Company or any successor entity thereto without cause, or the Grantee resigns his or her employment for good reason, in either case, on or within two years after the change in control, each Award granted to the Grantee prior to such change in control will become fully vested. If the surviving, successor or acquiring corporation in the transaction does not agree to replace Awards with equity awards that confer substantially the same benefits, then all Awards will vest on the closing of the transaction or any earlier date selected by the Committee. Unless the Committee determines otherwise, any outstanding Awards that are subject to performance-vesting conditions will be deemed earned at the greater of the target level and the actual performance level as of the change in control date and will cease to be subject to any further performance conditions but will continue to be subject to time-based vesting following the change in control in accordance with the original performance period.

In the event of a change in control or similar transaction, a Grantee's Award will be treated in accordance with one or more of the following methods as determined by the Committee in its sole discretion: (i) settle Awards for an amount of cash or securities equal to their value, where in the case of stock options and stock appreciation rights, the value of such Awards will be equal to their in-the-money spread value (if any); (ii) provide for the assumption of or the issuance of substitute Awards that will substantially preserve the otherwise applicable terms of any affected Awards; (iii) modify the terms of the Awards to add events, conditions or circumstances upon which the vesting of the Awards will accelerate; or (iv) provide that for a period of at least 20 days prior to the change in control, any stock options or stock appreciation rights that would not otherwise become exercisable prior to the

Table of Contents

change in control will be exercisable as to all shares subject thereto (contingent upon and subject to the occurrence of the change in control) and that any stock options or stock appreciation rights not exercised prior to the consummation of the change in control will terminate and be of no further force and effect as of the change in control. In the event of a change in control where all options and stock appreciation rights are settled for an amount (as determined in the sole discretion of the Committee) of cash or securities, the Committee may, in its sole discretion, terminate any option or stock appreciation right for which the exercise price is equal to or exceeds the per share value of the consideration to be paid in the change in control transaction without payment of consideration therefor.

Adjustments for Changes in Capitalization

Subject to any required action by the shareholders of the Company, the number of shares subject to Awards, the number of shares available for grants, the exercise price for shares specified in Awards, the value of shares used to determine amounts required to be paid under restricted stock units (and any associated dividend equivalent) and stock appreciation rights and the individual Grantee limitations set forth in the 2018 Plan will be proportionately adjusted for any increase or decrease in the number of issued shares of the Company's common stock resulting from a stock split or other subdivision or consolidation of shares, the payment of any extraordinary cash or stock dividend on shares or any other increase or decrease in the number of such shares effected without receipt of consideration by the Company. The Committee will make such adjustments and its determination in that respect will be final, binding and conclusive. The grant of an Award will not affect in any way the right or power of the Company to adjust, reclassify, reorganize or change its capital or business structure.

No Re-pricing or Repurchase of Options and Stock Appreciation Rights

The exercise price of outstanding options and stock appreciation rights may not be changed, and the Company may not make an offer to purchase outstanding options or stock appreciation rights for cash, or exchange outstanding options or stock appreciation rights for other securities, at a time when the exercise price of the outstanding options or stock appreciation rights exceeds the fair market value of the common stock covered by the options or stock appreciation rights, except with approval of the Company's shareholders or as otherwise required or permitted in the 2018 Plan (for example, proportionate adjustments in the event of a corporate transaction that impacts the Company's common stock).

Clawback Policies

Awards under the 2018 Plan will be subject to any clawback or recapture policy that the Company may adopt from time to time to the extent provided in such policy and, in accordance with such policy, may be subject to the requirement that the Awards be repaid to the Company after they have been distributed to the Grantee. For a description of our clawback policy, see "Compensation Discussion & Analysis—Clawback Policies for the Recovery of Incentive Compensation."

Non-Transferability of Awards

No Award granted under the 2018 Plan may be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner, other than by will or by the laws of descent or distribution if permitted by the 2018 Plan.

Term of the 2018 Plan; Amendment and Termination

The 2018 Plan will have a term of 10 years following the date of shareholder approval. The 2018 Plan may be amended or terminated at any time by the Board subject to any required shareholder approval. If the 2018 Plan is terminated, it will remain in effect with respect to any Awards granted under it that are outstanding at the time of its termination. The Board or Committee may amend outstanding Awards under the 2018 Plan; provided that any

amendment may not, without the Grantee's consent, materially impair or diminish the Grantee's rights under the Award.

Federal Income Tax Consequences

The following is a brief description of the current U.S. federal income tax treatment generally arising with respect to grants of Awards under the 2018 Plan. This summary is not intended to constitute tax advice, is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

Incentive Stock Options. Holders of incentive stock options incur no federal income tax (other than potential

Table of Contents

alternative minimum tax) on the grant or exercise of such options. Although there is no limit on the aggregate fair market value of stock that can be subject to an incentive stock option, to the extent the fair market value of stock (measured at the date of grant) with respect to which the option becomes exercisable for the first time during a calendar year exceeds \$100,000, then the option will be treated as a nonqualified stock option to the extent of the excess. If stock received upon exercise of an incentive stock option is disposed on or after the later of (i) the second anniversary of the date of grant of the incentive stock option and (ii) the first anniversary of the date of exercise of the incentive stock option (the “statutory holding period”), then the holder incurs tax at capital gain rates, provided the stock is treated in its hands as a capital asset. The Company will generally not be entitled to a deduction for any amount relating to stock issued under an incentive stock option.

If stock received upon exercise of an incentive stock option is disposed before the statutory holding period, then the holder will be subject to tax as follows: (1) on the excess of the fair market value of the shares on the date of exercise (or the amount realized on the disqualifying disposition, if less) over the exercise price paid, as ordinary income, and (2) on the excess, if any, of the amount realized on the disqualifying disposition over the fair market value of the shares on the date of exercise, as capital gain. If the amount realized from a disqualifying disposition is less than the exercise price paid (i.e., the holder’s basis) and the loss sustained upon such disposition would otherwise be recognized, the holder will not recognize any ordinary income from the disqualifying disposition and instead will recognize a capital loss. In the event of a disqualifying disposition, the amount recognized by the holder as ordinary income is generally deductible by the Company.

The current position of the Internal Revenue Service is that income tax withholding and FICA and FUTA taxes (“employment taxes”) do not apply upon the exercise of an incentive stock option or upon any subsequent disposition, including a disqualifying disposition, of shares acquired pursuant to the exercise of the incentive stock option.

Nonqualified Stock Options. The holder of a nonqualified stock option recognizes income subject to federal income tax on the date of exercise of such option. The holder is taxed on the excess of (i) the fair market value of the stock (measured on the date of exercise) acquired upon exercise of the option over (ii) the option exercise price. The income is taxable at ordinary income rates and subject to employment taxes, and the Company is entitled to a deduction for the amount included by the holder in income.

Restricted Stock Awards. A Grantee of restricted stock will generally not be subject to federal income tax or employment taxes with respect to the stock at the time of grant if the stock is subject to a substantial risk of forfeiture. Instead, the Grantee is subject to federal income tax and employment taxes with respect to such stock in the taxable year in which the stock is transferable or is no longer subject to such substantial risk of forfeiture, whichever is applicable. The amount that the Grantee must include in gross income with respect to the restricted stock is the excess of the fair market value of the stock at the time it is transferable or no longer subject to a substantial risk of forfeiture, whichever is applicable, over the amount (if any) that was paid for the stock. In lieu of the foregoing, a Grantee of restricted stock can make a special election under Section 83(b) of the Code to include in gross income, for the taxable year in which the stock is granted, the excess of the fair market value of the stock at the time of grant over the amount (if any) paid for the stock. The Company is entitled to a deduction for the amount included by the Grantee in income.

Restricted Stock Units. The grant of a restricted stock unit will result in no income to the Grantee or deduction for the Company until such time as payments are actually made to the Grantee under the restricted stock unit. Upon vesting of the restricted stock unit, the fair market value of the shares covered by the Award on the vesting date will be subject to employment taxes. At the time the Company settles the Award, the Grantee will recognize ordinary income and the Company will be entitled to a deduction measured by the fair market value of the shares plus cash, if any, transferred to the Grantee.

Stock Appreciation Rights. The grant of a stock appreciation right will result in no income to the Grantee or deduction for the Company until such time as payments are actually made to the Grantee under the stock appreciation right.

Upon exercise of a stock appreciation right, an amount equal to the cash and/or the fair market value (measured on the date of exercise) of the shares received will be taxable to the holder as ordinary income, and such amount will be deductible by the Company. This amount of income will be subject to employment taxes.

Cash Awards. At the time the Company makes a payout pursuant to a cash Award the Grantee will recognize

Table of Contents

ordinary income and the Company will be entitled to a deduction equal to the amount of such cash payment. This amount of income will be subject to employment taxes.

Additional Medicare Tax. Grantees will also be subject to a 3.8% tax on the lesser of (i) “net investment income” for the relevant taxable year and (ii) the excess of modified adjusted gross income for the taxable year over a certain threshold (between \$125,000 and \$250,000, depending on the Grantee’s circumstances). The Grantee’s net investment income generally includes net gains from the disposition of shares.

Section 162(m). Under Section 162(m) of the Code, the Company may not deduct compensation in any taxable year in excess of \$1,000,000 that is paid to any individual who was a “covered employee” (generally, our named executive officers) for any taxable year beginning after December 31, 2016.

Non-Employee Director Awards. The discussion above regarding the federal income tax implications of Awards generally applies to Awards granted to non-employee directors of the Company, except that non-employee directors are not eligible to receive incentive stock options and any amounts taxable to non-employee directors in respect of Awards are not subject to employment taxes (including the additional 3.8% Medicare tax) but may be subject to certain self-employment taxes.

New Plan Benefits

Awards granted under the 2018 Plan will be subject to the Committee’s discretion, and the Committee has not determined future Awards or who might receive them. As a result, the benefits that will be awarded or paid under the 2018 Plan are not currently determinable. The Awards granted for the 2017 fiscal year would not have changed if the 2018 Plan had been in place instead of the Current Plan and are set forth in the following table and, for our Named Executives, in the 2017 Summary Compensation Table and the 2017 Grants of Plan-Based Awards table and, for our non-employee directors, in the 2017 Director Compensation Table above.

PROPOSAL NO. 3

ADVISORY (NON-BINDING) VOTE
ON EXECUTIVE COMPENSATION

At the 2017 Annual Meeting, shareholders voted on an advisory (non-binding) resolution on the frequency of a shareholder vote on named executive officer compensation. As recommended by the Board, the shareholders approved that an advisory (non-binding) vote to approve named executive officer compensation should occur on an annual basis, and that frequency was subsequently approved by the Board. Accordingly, we have included and will include a non-binding advisory vote on named executive compensation in our proxy materials on an annual basis until the next vote on the frequency of such advisory votes, which will occur no later than our 2023 annual meeting. In accordance with the vote of the shareholders and the Board, we are providing you the opportunity, as a shareholder, to endorse or not endorse our executive pay program through the following non-binding resolution:

“RESOLVED, that the shareholders approve the compensation of named executive officers as described in the Compensation Discussion & Analysis and the tabular disclosures regarding Named Executive compensation (together with the accompanying narrative disclosures) in this proxy statement.”

We believe that our compensation policies and procedures are strongly aligned with the long-term interests of our shareholders. Columbia’s compensation program is guided by the philosophy that total executive compensation should vary based on achievement of both individual and corporate goals and objectives, and should be focused on long-term strategies to build shareholder value. We invite you to consider the details of our executive compensation provided under “Executive Compensation—Compensation Discussion & Analysis” in this proxy statement. That section provides you with information about the structure of our executive compensation and the objectives that our compensation program is intended to achieve.

The compensation of our executives for 2017 is closely aligned with 2017 shareholder returns and Company financial performance. Columbia had strong financial results including significant increases in net income and shareholder return. The compensation of our executives increased along with our strong performance and Columbia’s growth.

Because your vote is advisory, it will not be binding upon the Board. However, the Personnel and Compensation Committee values the opinions that our shareholders express in their votes, and will take into account the outcome of the vote when considering future executive compensation arrangements.

Vote Required and Board Recommendation

The proposal on the advisory (non-binding) vote to approve executive compensation requires the affirmative vote FOR of a majority of the shares present and voting on this matter.

The Board unanimously recommends a vote “**FOR**” approval of the compensation of executive officers as described in the Compensation Discussion and Analysis and the tabular disclosures regarding named executive compensation (together with the accompanying narrative disclosures) in this proxy statement.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board makes the following report, which notwithstanding anything to the contrary set forth in any of Columbia's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, will not be incorporated by reference into any such filings and will not otherwise be deemed to be proxy soliciting materials or to be filed under such Acts.

The Audit Committee consists of the directors listed below. The Board has determined that the membership of the Audit Committee meets the independence requirements as defined under the NASDAQ listing standards.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors are responsible for auditing the Company's financial statements, expressing an opinion as to their conformity with generally accepted accounting principles and annually auditing the Company's internal control over financial reporting. The Audit Committee is responsible for overseeing Columbia's financial reporting processes on behalf of the Board. With respect to fiscal year 2017 the Audit Committee has:

reviewed and discussed the audited financial statements with management, and management represented to the (1) Audit Committee that Columbia's consolidated financial statements were prepared in accordance with generally accepted accounting principles;

discussed with Deloitte the matters required to be discussed by the statement on Auditing Standards No. 61, as (2) amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T;

(3) received from Deloitte the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee discussed with Deloitte that firm's independence;

(4) discussed with Columbia's internal and independent accountants the overall scope and plans for their respective audits; and

met with the internal and independent auditors, with and without management present, to discuss the results of (5) their examinations, the evaluations of Columbia's internal controls, and the overall quality of Columbia's financial reporting.

The members of the Audit Committee are not full-time employees of the Company and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Audit Committee necessarily rely on the information provided to them by management and the independent accountants. Accordingly, the Audit Committee's considerations and discussions referred to above do not assure that the audits of the Company's financial statements and internal control over financial reporting have been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Based on the review and discussions referred to in items (1) through (5) above, the Audit Committee has recommended to the Board that the audited financial statements be included in Columbia's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for filing with the SEC.

PROPOSAL NO. 4

ADVISORY (NON-BINDING) VOTE ON APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Deloitte currently serves as our independent registered public accounting firm, and that firm conducted the audits of our financial statements since the fiscal year ended December 31, 1997. The Audit Committee has appointed Deloitte to serve as the Company's independent registered public accounting firm to conduct an audit of the financial statements for fiscal year 2018.

Appointment of the Company's independent registered public accounting firm is not required to be submitted to a vote of our shareholders for approval or ratification. However, upon the recommendation of the Audit Committee, the Board has determined to submit the selection of auditors to our shareholders for an advisory (non-binding) vote. In the event our shareholders do not vote for the appointment, the Audit Committee may reconsider whether to retain Deloitte, and may retain Deloitte or another firm without re-submitting the matter to our shareholders. Even if the appointment is approved, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the Company's and its shareholders' best interest.

Representatives of Deloitte are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

The Board unanimously recommends that you vote "FOR" the appointment of Deloitte to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers to send reports of their ownership of our stock to the SEC. We believe that all Section 16(a) filing requirements that apply to our directors and executive officers were complied with for the fiscal year ended December 31, 2017. In making this disclosure we have relied solely on written representations of our directors and executive officers, and copies of the reports that they have filed with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions between Columbia or its affiliates and related persons (including directors and executive officers of Columbia and Columbia Bank, or their immediate family) must generally be approved by the Audit Committee, in accordance with the policies and procedures set forth in the Related Persons Transactions Policy adopted by the Board. Under the Related Persons Transaction Policy, a transaction between a "related person" will be consummated only if the Audit Committee, or a majority of the disinterested independent members of the Board, approves or ratifies such transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party.

During 2017, certain directors and executive officers of Columbia and Columbia Bank, and their immediate family members, were customers of Columbia Bank, and it is anticipated that such individuals will continue to be customers of Columbia Bank in the future. All transactions between Columbia Bank and its executive officers and directors, and their associates, were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons not related to the Company, and, in the opinion of management, did not involve more than the normal risk of collectability or present other unfavorable features.

Table of Contents

- x. “Restricted Stock Unit” means a right granted under the Plan to receive a payment in cash or Common Stock, or a combination of both, as determined by the Committee, with a value equal to the sum of (i) the Fair Market Value, on the date of that the Restricted Stock Unit is settled, of one share of Common Stock per Restricted Stock Unit, and (ii) the Dividend Equivalent, if the Award Agreement for the Restricted Stock Unit clearly specifies that it includes a Dividend Equivalent. If the Committee determines to settle payment in Common Stock, then it may pay cash in lieu of fractional shares.
- y. “SEC” means the U.S. Securities and Exchange Commission.
- z. “Shareholder-Employee” means an Employee who owns, at the time an Incentive Stock Option is granted, stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or a Subsidiary. For this purpose, the attribution of stock ownership rules of Code Section 424(d) shall apply.
- aa. “Stock Appreciation Right” means a right granted under the Plan to receive a payment in cash or Common Stock, or a combination of both, as determined by the Committee, with a value equal to the excess of (i) the Fair Market Value, on the date of exercise of the right, of one share of Common Stock per Stock Appreciation Right, over (ii) the Fair Market Value, on the date of grant of the right, of such share of Common Stock. Such Fair Market Value shall not be increased or otherwise adjusted because of dividends or other distributions paid at any time on or with respect to shares of Common Stock. In addition, the following shall apply to Stock Appreciation Rights: (1) Amounts payable under the Stock Appreciation Right shall not be greater than the excess of the Fair Market Value of Common Stock (disregarding lapse restrictions as defined in Treasury Regulations §1.83-3(i)) on the date the Stock Appreciation Right is granted over the Fair Market Value of the Common Stock (disregarding lapse restrictions as defined in Treasury Regulations §1.83-3(i)) on the date the Stock Appreciation Right is exercised, with respect to the number of shares fixed on or before the date of grant of the Stock Appreciation Right (2) the Stock Appreciation Right exercise price shall never be less than the Fair Market Value of the underlying stock (disregarding lapse restrictions as defined in Treasury Regulations §1.83-3(i)) on the date the Stock Appreciation Right is granted; (3) the Stock Appreciation Right shall not include any feature for the deferral of compensation other than the deferral of recognition of income until the exercise of the Stock Appreciation Right, and (4) no Stock Appreciation Right shall be exercisable later than the 10th anniversary date of its grant.
- bb. “Subsidiary” means, (i) in the case of an Incentive Stock Option, a corporation having a relationship with the Company described in Code Section 424(f), and (ii) in the case of any other type of Award, a corporation with which the Company is considered a single employer under Code Section 414(b).
- cc. “Vest” means satisfaction in full of all conditions precedent, imposed by the Plan and the related Award Agreement, to a Grantee’s right to exercise an Option, to hold Restricted Stock free of any obligation to forfeit or retransfer the same to the Company or to receive payments under a Restricted Stock Unit, Stock Appreciation Right or Cash Award.

3. Stock Subject to Plan and Maximum Awards

- a. General. Subject to the adjustments provided in Section 17, the number of shares of Common Stock that may be made subject to Awards of all types shall be Three Million, Fifty Thousand (3,050,000). The Company shall reserve such shares, to the extent that it deems appropriate from authorized but unissued shares of Common Stock and from shares of Common Stock that have been reacquired by it. Shares of Common Stock subject to Awards that are assumed, converted or substituted under the Plan as a result of the Company’s acquisition of another company (including by way of merger, combination or similar transaction) will not count against the number of shares that may be granted under the Plan. Available shares under a stockholder approved plan of an acquired company (as appropriately adjusted to reflect the transaction) may be used for Awards under the Plan and do not reduce the

maximum number of shares available for grant under the Plan, subject to applicable stock exchange requirements.

b. Share Counting. Shares of Common Stock that are made subject to an Award of Options, Restricted Stock, Restricted Stock Units (together with any Dividend Equivalent) or Stock Appreciation Rights that will or may be settled in stock shall be counted against the number of shares set forth in Section 3.a, unless and until the Grantee forfeits rights in the Award by failing to satisfy any condition to Vesting; and shares of Common Stock that are made subject to an Award of Restricted Stock Units (together with any Dividend Equivalent) shall not count against such number if, in either case, they are settled in cash. Any shares of Common Stock made subject to an Award shall again become available to be made subject to a new Award if the shares are not issued because the Award is forfeited or cancelled, but shares of

Common Stock shall not again become available under Section 3.a to be made subject to an Award in the case of shares that are (i) used to satisfy a withholding obligation of the Grantee, (ii) tendered to the Company to pay the exercise price or consideration required to be paid with respect to an Award, and (iii) subject to a Stock Appreciation Right, to the extent the Stock Appreciation Right is exercised.

c. Maximum Awards. The maximum number of shares of Common Stock subject to Incentive Stock Options granted to any one Grantee (other than a non-employee Director) in a calendar year is 100,000.

d. Non-Employee Director Awards.

For the 12-month period following the first Board meeting after each annual meeting of the Company's stockholders (beginning after the Company's 2018 annual meeting of stockholders) (each such 12-month period, the "Annual Period"), each non-employee Director shall receive for service on the Board (1) an annual cash retainer of \$35,000, (2) an annual equity retainer of \$70,000 and (3) a per-meeting attendance fee of \$1,000, in each case increased by 5% per year beginning with the 2019-2020 Annual Period unless the Board determines in its discretion to defer and cumulate any increase (or portion).

For each Annual Period (beginning after the Company's 2018 annual meeting of stockholders), the Board may establish a retainer for each non-employee Director chairing or serving on any standing committee of the Board as determined in the discretion of the Board and not exceeding \$15,000 per committee, increased by 5% per year beginning with the 2019-2020 Annual Period unless the Board determines in its discretion to defer and cumulate any increase (or portion).

The Board may at any time provide any Director with a retainer or other fee for service in addition to that provided for in this Section 3.d., including for service as Chair of the Board, on a specific purpose committee or to any Subsidiary or for any other special service, in each case determined in the discretion of the Board.

Any retainer or fee pursuant to this Section 3.d. may be payable in the form of a Cash Award, Restricted Stock and/or Restricted Stock Unit Award, in such combination and on such terms and conditions as determined in the discretion of the Board. Unless the Board determines otherwise, (A) no fee or retainer shall be prorated for a partial year served except that a non-employee Director who joins the Board after the annual grant of Restricted Stock and/or Restricted Stock Unit Award to the Board for that year will receive a prorated Award for such year and any Award of Restricted Stock Units shall accrue Dividend Equivalents, which shall be paid in accordance with Section 6.a. of the Plan.

4. Administration of the Plan

a. The Committee. The power and authority to administer the Plan is vested in the Personnel and Compensation Committee of the Board and, with respect to Awards to non-employee Directors, the Corporate Governance and Nominating Committee of the Board (each such committee as the context requires is the "Committee"), each of which shall be selected by the Board and shall consist of at least two (2) Directors. Persons selected to the Committee shall satisfy applicable independence criteria of the stock exchange or quotation system on which the Common Stock may then be listed or quoted and be a "non-employee director" within the meaning of Rule 16b-3 promulgated under the Exchange Act. If the Committee does not exist or the Board, for any reason determined by it desires to directly administer the Plan, then the Board may take any action under the Plan that would otherwise be the responsibility of the Committee. Once appointed, the Committee shall continue to serve until otherwise directed by the Board.

b. Delegation of Responsibilities. Except to the extent prohibited by applicable law or the applicable rules of a stock exchange or quotation system, the Committee may delegate all or some of its power and authority to administer the Plan to one or more of its members, or to any other person or persons selected by it. The Committee may revoke

such delegation at any time.

B-5

c. Powers of the Committee. Subject to the terms and conditions explicitly set forth in the Plan, the Committee shall have the authority and discretion to do the following:

i. determine the persons to whom Awards are to be granted, the times of grant, and the number of shares of Common Stock subject to each Award

ii. subject to the terms of this Plan, determine the exercise price for shares of Common Stock to be issued pursuant to the exercise of an Option the purchase price, if any, of Restricted Stock the Fair Market Value of Common Stock used to determine the amount required to be paid under a Restricted Stock Unit (if applicable) or Stock Appreciation Right and whether a Restricted Stock Unit includes a Dividend Equivalent

iii. determine all other terms and conditions (which need not be identical between or among Grantees) of each Award

iv. modify or amend the terms of any Award previously granted, or grant substitute Options, subject to the provisions of Sections 15 and 20

v. cancel or suspend Awards, subject to the provisions of Section 20

vi. interpret the Plan and Awards

vii. authorize any person or persons to execute and deliver Award Agreements, or to take any other actions deemed by the Committee to be necessary or appropriate, to effectuate the grant of Awards

viii. waive any conditions to Vesting and

ix. make all other determinations, and take all other actions that the Committee deems necessary or appropriate, to administer the Plan in accordance with its terms and conditions.

All decisions, determinations and interpretations of the Committee relating to the Plan and Awards shall be final and binding upon all persons, including all Grantees and any other persons interested in any Awards, unless otherwise expressly determined by a vote of a majority of the entire Board. No member of the Committee or the Board, or any person to whom the Committee delegates its powers, responsibilities or duties in writing (each, a "Covered Person") shall be liable to any person (including any Grantee) for any action taken or omitted to be taken with respect to the Plan or any Awards. Each Covered Person shall be indemnified and held harmless by the Company against and from:

x. (any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or incurred by such Covered Person in connection with or resulting from any action, suit or proceeding to which such Covered Person may be a party or in which such Covered Person may be involved by reason of any action taken or omitted to be taken under the Plan or any Award Agreement, in each case, in good faith; and

xi. any and all amounts paid by such Covered Person, with the Company's approval, in settlement thereof, or paid by such Covered Person in satisfaction of any judgment in any such action, suit or proceeding against such Covered Person, provided that the Company will have the right, at its own expense, to assume and defend any such action, suit or proceeding and, once the Company gives notice of its intent to assume the defense, the Company will have sole control over such defense with counsel of the Company's choice.

The foregoing right of indemnification will not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case, not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such

B-6

Covered Person's bad faith, fraud or willful misconduct. The foregoing right of indemnification will not be exclusive of any other rights of indemnification or coverage to which Covered Persons may be entitled under the Company's articles of incorporation or bylaws or insurance policies, pursuant to any individual indemnification agreements between such Covered Person and the Company, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such persons or hold them harmless.

d. Section 16(b) Compliance and Bifurcation of Plan. It is the intention of the Company that the Plan comply in all respects with Rule 16b-3 under the Exchange Act, and the Plan shall be construed in favor of its so complying. If any Plan provision is determined to not comply with such Rule 16b-3, the provision shall be deemed null and void. Notwithstanding any contrary provisions of the Plan, the Board, in its absolute discretion, may bifurcate the Plan so as to restrict, limit or condition the use of any provision of the Plan with respect to Grantees who are officers and directors subject to Section 16(b) of the Exchange Act, without so restricting, limiting, or conditioning the use of such provision of the Plan with respect to other Grantees.

5. Eligibility

All Employees and Directors are eligible to be selected to be granted an Award. Notwithstanding any contrary provisions of this Plan, a Director who is not also an Employee may not be selected to be granted an Incentive Stock Option.

6. Granting of Awards

a. General. Only Employees and Directors selected by the Committee, in its sole discretion, shall be granted Awards. An Award may consist solely of Incentive Stock Options, Nonqualified Stock Options, Restricted Stock, Restricted Stock Units (either including or not including a Dividend Equivalent), Stock Appreciation Rights, Cash Awards or any combination of the foregoing. All Awards are subject to the terms and conditions of the Plan. Notwithstanding any actions taken by the Company in connection with the grant of an Award to any person, such person shall have no rights to or under such Award prior to the time he first performs services as an Employee or Director. Any Restricted Stock Units that are granted with Dividend Equivalents shall accrue Dividend Equivalents at the time and at the same rate as dividends are paid on shares of Common Stock, which Dividend Equivalents shall be retained by the Company and shall be paid to the Grantee (without interest) if and to the extent that the Restricted Stock Units vest and shall be forfeited if for any reason the Restricted Stock Units are forfeited. For the avoidance of doubt, no dividends or Dividend Equivalents shall be paid on unvested Awards.

b. Award Agreement. Each Award shall be evidenced by an Award Agreement that sets forth the terms and conditions of the Award. A person who is granted an Award shall have no rights under the Award unless and until such person duly executes and delivers to the Company an Award Agreement. An Award shall expire, and the Company shall have no further obligations with respect thereto, if the person does not so execute and deliver an Award Agreement within any period of time prescribed by the Company.

c. Consideration. The Committee shall determine the form and amount, if any, of consideration required to be paid by a Grantee with respect to an Award. Such consideration may take the form of cash, property, shares of Common Stock or services.

d. Arrangements to Cancel Restricted Stock. The Company may make such arrangements as it deems necessary or appropriate to hold shares of Restricted Stock in escrow until Grantee satisfies all conditions to Vesting and to automatically cancel such shares if Grantee fails to satisfy such conditions.

7. Cash Awards

- a. Grant of Cash Awards. Subject to the terms of this Plan, Cash Awards (including, without limitation, retainers and meeting-based fees for Directors) may be granted to Grantees in such amounts, and upon such terms, at any time and from time to time, as shall be determined by the Committee.
- b. Value of Cash Awards. Each Cash Award shall have a value as may be determined by the Committee.

B-7

Table of Contents

c. Earning of Cash Awards. Each Cash Award shall be subject to such Vesting conditions (which may include performance goals) as determined by the Committee in its discretion.

d. Form and Timing of Cash Awards. Payment of earned Cash Awards shall be as determined by the Committee and as evidenced by the applicable Award Agreement, which shall in any event be no later than as may be required under Section 409A of the Code.

8. Vesting of Awards

a. The Committee may impose any terms and conditions on the Vesting of an Award that it determines to be appropriate, including requiring the Grantee to continue to provide services as an Employee or Director for a specified period of time or to meet performance goals established by the Committee. Such terms and conditions shall be set forth in an Award Agreement.

b. Unless otherwise provided in an Award, in the event of the death or Disability of a Grantee who at the time of his death or cessation of service due to Disability was an Employee or Director and who was an Employee or Director at all times since the date of grant of (i) a Restricted Stock Award, or (ii) a Restricted Stock Unit Award, then the target number of shares of Restricted Stock and/or Restricted Stock Units, as the case may be, shall Vest upon such death or cessation of services due to Disability.

9. Exercise and Settlement of Awards

a. Options. Grantee shall pay the full exercise price for shares of Common Stock purchased under an Option, at the time the Option is exercised, in cash or other consideration of comparable value deemed acceptable by the Committee (including by tendering, by either actual delivery of shares or by attestation, shares of Common Stock acceptable to the Committee and valued at Fair Market Value as of the date of exercise), or in any combination thereof, as determined by the Committee. The Committee may permit a Grantee to elect to pay the exercise price upon the exercise of an Option by irrevocably authorizing a third party to sell shares of Common Stock (or a portion of the shares of Common Stock sufficient to pay the exercise price) acquired upon exercise of the Option and remit to the Company the sale proceeds therefrom sufficient to pay the entire exercise price and any tax withholding resulting from such exercise.

b. Restricted Stock. The Company shall take such actions as it determines to be reasonably necessary to release Restricted Stock from forfeiture restrictions as soon as practicable after the Restricted Stock Vests.

c. Other Equity-Based Awards. The Company shall settle payment of any amounts due under a Restricted Stock Unit (together with any Dividend Equivalent that it includes) or Stock Appreciation Right upon exercise of such right by the Grantee provided, however, that notwithstanding any contrary provisions of the Plan, Restricted Stock Units (together with any Dividend Equivalent that it includes) that become Vested shall be settled by payment of amounts owed thereunder on or before the later of (i) the date that is two and one-half (2 1/2) months after the end of the Grantee's first taxable year in which such amounts are no longer subject to a substantial risk of forfeiture, or (ii) the date that is two and one-half (2 1/2) months after the end of the first taxable year of the person for whom the Grantee performed services in which such amounts are no longer subject to a substantial risk of forfeiture.

d. Cash Awards. Cash Awards shall be paid as described in Section 7 above.

10. Terms Applicable to Options

a. Limit on Value of Options Granted. Subject to Section 3.c. above, any number of Options may be granted from time to time to a person eligible to receive the same hereunder, except that in the case of Incentive Stock Options

the aggregate Fair Market Value (determined as of the date each Option is granted) of all shares of Common Stock with respect to which Incentive Stock Options become exercisable for the first time by the Grantee in any one calendar year (under all incentive stock option plans of the Company and all Subsidiaries taken together) shall not exceed \$100,000.

b. Exercise Price. The exercise price for shares of Common Stock subject to an Option shall not be less than 100% of the Fair Market Value of a share of Common Stock as of the date of grant of the Option provided, however, that in the case of an Incentive Stock Option granted to an Employee who immediately before the grant of such Incentive

B-8

Table of Contents

Stock Option is a Shareholder-Employee, the Incentive Stock Option exercise price shall be at least 110% of the Fair Market Value of the Common Stock as of the date of grant of the Incentive Stock Option.

c. Term of Option. No Option granted under the Plan shall in any event be exercisable after the expiration of ten (10) years from the date such Option is granted provided, however, that in the case an Incentive Stock Option granted to an Employee who immediately before such Incentive Stock Option is granted is a Shareholder-Employee, the term of such Incentive Stock Option shall be for not more than five (5) years from the date such Option is granted. Subject to the foregoing and other applicable provisions of the Plan, the Committee shall determine the term of each Option in its sole discretion.

d. Exercise During Lifetime of Grantee. During the lifetime of a Grantee, only the Grantee may exercise such Option.

11. Termination of Employment or Directorship

a. Unvested Awards. Subject to the provisions of Section 8 above, a Grantee shall forfeit all rights in, to and under all Awards that have not Vested prior to the time the Grantee first ceases to be an Employee or Director. Such forfeiture shall occur without the need for further action by any person.

b. Vested Restricted Stock Units and Cash Awards. All Restricted Stock Units and Cash Awards that are Vested at the time a Grantee first ceases to be an Employee or Director shall be settled promptly following such event.

c. Vested Options and Stock Appreciation Rights. Options and Stock Appreciation Rights that are Vested at the time a Grantee first ceases to be an Employee or Director shall terminate on, if not exercised before, the earlier of (i) the same day of the third month after the date of termination of his status as an Employee or Director, or (ii) the expiration date of the Option or Stock Appreciation Right provided in the Award Agreement. Notwithstanding the immediately preceding sentence:

Upon the death of a Grantee who at the time of his death is an Employee or Director, and who has been an Employee or Director at all times since the date of grant of the Option or Stock Appreciation Right, all of such Grantee's Options and Stock Appreciation Rights that are Vested at the time of his death shall terminate, and may no longer be exercised, on the earlier of (a) one year after such date of death or at such later date as the Committee may set, in its sole discretion or (b) the expiration date of the Option or Stock Appreciation Right provided in the Award Agreement, except that if the expiration date should occur during the 90-day period immediately following the Grantee's death, then the Option or Stock Appreciation Right shall terminate, and may no longer be exercised, at the end of such 90-day period. The Option or Stock Appreciation Right shall be exercisable at any time prior to such termination by the Grantee's estate, or by any person or persons who acquire the right to exercise the Option or Stock Appreciation Right by bequest, inheritance or otherwise by reason of the death of the Grantee

If a Grantee ceases to be an Employee or Director at any time during the term of his or her Option or Stock Appreciation Right by reason of a Disability and the Grantee has been an Employee or Director at all times since the date of grant of the Option or Stock Appreciation Right, an Option or Stock Appreciation Right that is Vested at such time shall terminate, and may no longer be exercised, on the earlier of (i) one year after the date the Grantee ceases to be an Employee or Director, or (ii) the expiration date of the Option or Stock Appreciation Right provided in his or her Award Agreement

If a Grantee ceases to be an Employee or Director for Cause, then all Options and Stock Appreciation Rights that are Vested at such time shall terminate, and may no longer be exercised, immediately upon his or her ceasing to be an Employee or Director and

Nonqualified Stock Options and Stock Appreciation Rights granted to a person who is a Director but who ceases
iv. thereafter to be a Director (other than due to death or Disability or Cause) shall expire at such time as the
Committee shall determine, but in no event more than

B-9

six (6) months after the person ceases to be a Director, and shall otherwise be exercisable on such terms and conditions as the Committee shall determine.

d. Permitted Absences From Work. A person shall not be treated as ceasing to be an Employee or Director if the interruption of his or her services as such is caused by military leave, sick leave or any other bona fide leave of absence approved by the Company or a Subsidiary, whichever is the entity for which the person primarily performs services provided, however, that in the case of Incentive Stock Options, the foregoing is subject to any restrictions of laws or regulations applicable to such Options.

12. Compliance with Applicable Law and Clawback Policies

a. Shares of Common Stock shall not be issued pursuant to the Plan or any Award granted hereunder, unless the issuance and delivery of the shares will not violate, and can otherwise be done in a manner that complies with, the provisions of applicable law (including, without limitation, the Securities Act of 1933, as amended, and the Exchange Act), and the rules regulations of any stock exchange or quotation system on which the Common Stock may then be listed or quoted. Issuance of shares of Common Stock is further subject to the approval of counsel for the Company with respect to such compliance. Notwithstanding anything to the contrary, the Company will not be required to make any payment or grant any Award under the Plan or any Award Agreement that would otherwise be a prohibited golden parachute payment within the meaning of Section 18(k) of the Federal Deposit Insurance Act.

b. If the Committee at any time determines that any consent is necessary or desirable as a condition of, or in connection with, the granting of any Award, the delivery of shares of Common Stock or the delivery of any cash, securities or other property under the Plan, or the taking of any other action thereunder (each such action a “Plan Action”), then, subject to Section 22 such Plan Action will not be taken, in whole or in part, unless and until such consent will have been effected or obtained to the full satisfaction of the Committee. The Committee may direct that any certificate evidencing shares of Common Stock delivered pursuant to the Plan will bear a legend setting forth such restrictions on transferability as the Committee may determine to be necessary or desirable, and may advise the transfer agent to place a stop transfer order against any legended shares. The term “consent” for this purpose shall include (i) any listings, registrations, qualifications, consents or approvals upon or by any securities exchange or governmental agency or regulatory body, (ii) other consents or authorizations required to comply with applicable law or (iii) any consents by the Grantee to any restrictions on the shares of Common Stock or other property delivered under the Plan. Nothing herein will require the Company to list, register or qualify the Shares on any securities exchange.

c. Awards under the Plan will be subject to any clawback or recapture policy that the Company may adopt from time to time to the extent provided in such policy and, in accordance with such policy, may be subject to the requirement that the Awards be repaid to the Company after they have been distributed to the Grantee.

13. Tax Compliance

The Company, in its sole discretion, may take any actions that it deems to be necessary or advisable to comply with all tax reporting and withholding requirements applicable to Awards under applicable law, including, but not limited to, withholding or causing to be withheld from any form of compensation or other amount due a Grantee such amounts as the Company determines is required to be withheld. Notwithstanding anything to the contrary contained herein, in no event will the Company be liable to a Grantee on account of an Award’s failure to (a) qualify for favorable United States or foreign tax treatment or (b) avoid adverse tax treatment under United States or foreign law, including, without limitation, Section 409A.

14. Non-Transferability

No Award or rights under an Award may be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner, other than by will or by the laws of descent or distribution if permitted herein. Shares of Restricted Stock may be sold, pledged, assigned, hypothecated, transferred, or disposed of only after such shares Vest and are released from forfeiture restrictions in accordance with Section 9.b. and only in compliance with the Company's policies as in effect from time to time.

B-10

15. Change in Control

a. Except as otherwise provided in the Award Agreement, in the event of a Change in Control, then all Awards (including Awards subject to performance-vesting conditions) shall immediately Vest as of the date of the closing of such transaction, unless the Committee elects to Vest the Awards as of an earlier date. Notwithstanding the immediately preceding sentence, if the surviving, successor or acquiring corporation in the transaction (or its parent) agrees to replace Awards with rights to its equity that confer substantially the same benefits as those represented by the Awards, as determined by the Committee, then the Awards shall not Vest but shall be so replaced. The Committee shall notify each Grantee in writing of any action to Vest or replace Awards hereunder not less than twenty (20) days prior to the expected closing date of the transaction that prompts such action. Unless the Committee determines otherwise or as otherwise provided in the applicable Award Agreement, if a Grantee's Employment is terminated by the Company or any successor entity thereto without Cause, or the Grantee resigns his or her Employment for Good Reason, in either case, on or within two (2) years after a Change in Control, (i) each Award granted to such Grantee prior to such Change in Control will become fully vested (including the lapsing of all restrictions and conditions) and, as applicable, exercisable, and (ii) any Shares deliverable pursuant to Restricted Stock Units will be delivered promptly (but no later than 15 days) following such Grantee's termination of employment.

b. Unless the Committee determines otherwise, as of the Change in Control date, any outstanding Awards that are subject to performance-vesting conditions shall be deemed earned at the greater of the target level and the actual performance level as of the date of the Change in Control with respect to all open performance periods and will cease to be subject to any further performance conditions. Such Awards will continue to be subject to time-based vesting following the Change in Control in accordance with the original performance period except as provided in Section 15.a. or as determined by the Committee in accordance with Section 15.c.

c. In the event of a Change in Control, a Grantee's Award will be treated, to the extent determined by the Committee to be permitted under Section 409A, in accordance with one or more of the following methods as determined by the Committee in its sole discretion: (i) settle such Awards for an amount of cash or securities equal to their value, where in the case of stock options and stock appreciation rights, the value of such awards, if any, will be equal to their in-the-money spread value (if any), as determined in the sole discretion of the Committee; (ii) provide for the assumption of or the issuance of substitute awards that will substantially preserve the otherwise applicable terms of any affected Awards previously granted under the Plan, as determined by the Committee in its sole discretion; (iii) modify the terms of such awards to add events, conditions or circumstances (including termination of Employment within a specified period after a Change in Control) upon which the vesting of such Awards or lapse of restrictions thereon will accelerate; or (iv) provide that for a period of at least 20 days prior to the Change in Control, any stock options or stock appreciation rights that would not otherwise become exercisable prior to the Change in Control will be exercisable as to all Shares subject thereto (but any such exercise will be contingent upon and subject to the occurrence of the Change in Control and if the Change in Control does not take place within a specified period after giving such notice for any reason whatsoever, the exercise will be null and void) and that any stock options or stock appreciation rights not exercised prior to the consummation of the Change in Control will terminate and be of no further force and effect as of the consummation of the Change in Control. In the event that the consideration paid in the Change in Control includes contingent value rights, earnout or indemnity payments or similar payments, then the Committee will determine if Awards settled under clause (i) above are (a) valued at closing taking into account such contingent consideration (with the value determined by the Committee in its sole discretion) or (b) entitled to a share of such contingent consideration. For the avoidance of doubt, in the event of a Change in Control where all Options and Stock Appreciation Rights are settled for an amount (as determined in the sole discretion of the Committee) of cash or securities, the Committee may, in its sole discretion, terminate any Stock Option or Stock Appreciation Right for which the exercise price is equal to or exceeds the per share value of the consideration to be paid in the Change in Control transaction without payment of consideration therefor. Similar actions to those specified in this Section 15 may be taken in the event of a merger or other corporate reorganization that does not constitute a Change in Control.

16. Rights as a Shareholder

No person shall have any rights as a shareholder by reason of an Award until and unless the Company actually issues and delivers shares of Common Stock to such person pursuant to the Award. In the case of Restricted Stock, the Grantee thereof shall have all the rights of a shareholder (including voting and liquidation rights) with respect to shares of Restricted Stock that are issued and delivered to the Grantee, until such shares are forfeited or reacquired by the Company in accordance with the terms of the Award. Notwithstanding the foregoing, all ordinary cash dividends or other ordinary distributions paid upon any share of Restricted Stock during the period of restriction shall be retained by

B-11

Table of Contents

the Company and shall be paid to the Grantee (without interest) if and to the extent that the Award of Restricted Stock vests and shall revert back to the Company if for any reason the share of Restricted Stock upon which such dividends or other distributions were paid reverts back to the Company. Any extraordinary dividends or other extraordinary distributions shall be treated in accordance with Section 17. If any such dividends or distributions are paid in Shares, such Shares shall automatically be subject to the same restrictions and conditions as the shares of Restricted Stock with respect to which they were paid.

17. Adjustments on Change in Capitalization

Subject to any required action by the shareholders of the Company, the number of shares of Common Stock subject to Awards, the number of shares of Common Stock available for grants under additional Awards, the exercise price for shares of Common Stock specified in each outstanding Option or Stock Appreciation Right, the value of Common Stock used to determine amounts required to be paid under Restricted Stock Units (together with any Dividend Equivalent that it includes) and Stock Appreciation Rights and the individual Grantee limitations set forth in Section 3.c. shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split or other subdivision or consolidation of shares, the payment of any extraordinary cash or stock dividend on the Common Stock or any other increase or decrease in the number of such shares of Common Stock effected without receipt of consideration by the Company provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” The Committee shall make such adjustments and its determination in that respect shall be final, binding and conclusive. No Incentive Stock Option shall be adjusted by the Committee pursuant to this Section 17 in a manner that causes the Incentive Stock Option to fail to continue to qualify as an “incentive stock option” within the meaning of Code Section 422. Except as otherwise expressly provided in this Section 17, no Grantee shall have any rights by reason of any stock split or other subdivision or consolidation of shares, any payment of an extraordinary cash or stock dividend, or any other increase or decrease in the number of such shares of Common Stock. Except as otherwise expressly provided in this Section 17, any issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect the number of shares or price of Common Stock subject to any Award, and no adjustments in Awards shall be made by reason thereof. The grant of an Award shall not affect in any way the right or power of the Company to adjust, reclassify, reorganize or change its capital or business structure.

18. Term of the Plan

The Plan shall become effective on the earlier of the date it is (i) adopted by the Board or (ii) approved by the shareholders. Revisions and amendments to the Plan requiring the approval of shareholders of the Company, as described in Section 20, shall be effective when approved by the shareholders. Subject to Section 20, the Plan shall have a term of 10 years following the date of shareholder approval. In the event the Plan terminates or is terminated as provided in this Section 18 or Section 20, it shall remain in effect with respect to any Awards granted under it that are outstanding at the time of such termination.

19. No Right to Employment

Neither the adoption of the Plan nor the granting of an Award shall (i) confer upon any person a right to be employed by or to provide services to the Company or any Subsidiary, or to continue such employment or service or (ii) interfere in any way with the right of a person, or the right of the Company or a Subsidiary, to terminate such employment relationship or service at any time.

20. Amendment or Early Termination of the Plan

a. Amendment or Early Termination. The Board may terminate the Plan at any time. The Board may amend the Plan from time to time in such respects as the Board deems advisable, except that, without proper approval of the

shareholders of the Company, no such revision or amendment shall:

- i. increase the number of shares of Common Stock subject to the Plan, other than in connection with an adjustment under Section 17 or

B-12

Table of Contents

otherwise modify the Plan in a manner that would require shareholder approval under any applicable laws or ii. regulations or the rules of any stock exchange or quotation system on which the Common Stock may then be listed or quoted.

Subject to the foregoing, it is specifically intended that the Board or Committee may amend the Plan without shareholder approval to comply with legal, regulatory, and stock exchange or quotation system requirements and to avoid unanticipated consequences deemed by the Committee to be inconsistent with the purposes of the Plan or any Award Agreement.

b. Modification and Amendment of Awards. The Board or Committee may modify or amend outstanding Awards granted under the Plan; provided, however that the modification or amendment shall not, without the consent of the Grantee, materially impair or diminish any of the Grantee's rights or any of the obligations of the Company under such Award. Except as otherwise provided in this Plan, no outstanding Award shall be terminated without the consent of the Grantee. Unless the Grantee otherwise agrees, any changes or adjustments made to outstanding Incentive Stock Options granted under this Plan shall be prospective only and shall be made in a manner that will not constitute a "modification," as defined in Code Section 424(h), and will not cause such Incentive Stock Options to fail to qualify as "incentive stock options" under Code Section 422.

c. Re-pricing or Repurchase of Options and Stock Appreciation Rights. The exercise price of outstanding Options and Stock Appreciation Rights may not be changed, and the Company may not make an offer to purchase outstanding Options or Stock Appreciation Rights for cash or exchange outstanding Options or Stock Appreciation Rights for other securities, at a time when the exercise price of the outstanding Options or Stock Appreciation Rights exceeds the Fair Market Value of the Common Stock covered by the Options or Stock Appreciation Rights, except (i) with the approval of shareholders of the Company, or (ii) as otherwise required or permitted in the Plan.

21. Nature of Awards; Other Payments or Awards

All Awards are unfunded and unsecured obligations of the Company. Any bookkeeping entries maintained by the Company with respect to Awards are merely for the convenience of the Company. The Company is not required to segregate any assets that may at any time represent an Award and no Grantee or other person shall have any rights or interests in any particular assets of the Company by reason of an Award. A Grantee is a mere general unsecured creditor of the Company with respect to an Award. Nothing contained in the Plan will be deemed in any way to limit or restrict the Company from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

22. IRC Section 409A

The provisions of this Plan are intended to comply with Section 409A of the Code, U.S. Treasury regulations issued thereunder, and related U.S. Internal Revenue Service guidance ("Section 409A"). Such provisions will be interpreted and applied in a manner consistent with Section 409A so that payments and benefits provided to Employee hereunder will not, to the greatest extent possible, be subject to taxation under such Section 409A. Notwithstanding any contrary provisions hereof, this Plan may be amended if and to the extent the Company determines that such amendment is necessary to comply with Section 409A. Without limiting the generality of this Section 22, with respect to any Award made under the Plan that is intended to be "deferred compensation" subject to Section 409A:

- a. Any payment due upon a Grantee's termination of employment will be paid only upon such Grantee's separation from service from the Company within the meaning of Section 409A;
- b. Any payment due upon a Change in Control of the Company will be paid only if such Change in Control constitutes a "change in ownership" or "change in effective control" within the meaning of Section 409A, and in the event

that such Change in Control does not constitute a “change in the ownership” or “change in the effective control” within the meaning of Section 409A, such Award will vest upon the Change in Control and any payment will be delayed until the first compliant date under Section 409A;

c. Any payment to be made with respect to such Award in connection with the Grantee’s separation from service from the Company within the meaning of Section 409A (and any other payment that would be subject to the

B-13

Table of Contents

limitations in Section 409A(a)(2)(B) of the Code) will be delayed until six months after the Grantee's separation from service (or earlier death) in accordance with the requirements of Section 409A;

d. To the extent necessary to comply with Section 409A, any other securities, other Awards or other property that the Company may deliver in lieu of Shares in respect of an Award will not have the effect of deferring delivery or payment beyond the date on which such delivery or payment would occur with respect to the Shares that would otherwise have been deliverable (unless the Committee elects a later date for this purpose in accordance with the requirements of Section 409A);

e. With respect to any required consent described in Section 12(b) or the applicable Award Agreement, if such consent has not been effected or obtained as of the latest date provided by such Award Agreement for payment in respect of such Award and further delay of payment is not permitted in accordance with the requirements of Section 409A, such Award or portion thereof, as applicable, will be forfeited and terminate notwithstanding any prior earning or vesting;

f. If the Award includes a "series of installment payments" (within the meaning of Section 1.409A-2(b)(2)(iii) of the Treasury Regulations), the Grantee's right to the series of installment payments will be treated as a right to a series of separate payments and not as a right to a single payment;

g. If the Award includes Dividend Equivalents, the Grantee's right to the Dividend Equivalents will be treated separately from the right to other amounts under the Award; and

h. For purposes of determining whether the Grantee has experienced a separation from service from the Company within the meaning of Section 409A, "subsidiary" will mean a corporation or other entity in a chain of corporations or other entities in which each corporation or other entity, starting with the Company, has a controlling interest in another corporation or other entity in the chain, ending with such corporation or other entity. For purposes of the preceding sentence, the term "controlling interest" has the same meaning as provided in Section 1.414(c)-2(b)(2)(i) of the Treasury Regulations, provided that the language "at least 20 percent" is used instead of "at least 80 percent" each place it appears in Section 1.414(c)-2(b)(2)(i) of the Treasury Regulations.

23. Non-Uniform Determinations; Waiver of Claims; No Third-Party Beneficiaries

a. The Committee's determinations under the Plan and Award Agreements need not be uniform and any such determinations may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan (whether or not such persons are similarly situated). Without limiting the generality of the foregoing, the Committee will be entitled, among other things, to make non-uniform and selective determinations under Award Agreements, and to enter into non-uniform and selective Award Agreements, as to (a) the persons to receive Awards, (b) the terms and provisions of Awards and (c) whether a Grantee's employment has been terminated for purposes of the Plan.

b. Each Grantee of an Award recognizes and agrees that before being selected by the Committee to receive an Award the Grantee has no right to any benefits under the Plan. Accordingly, in consideration of the Grantee's receipt of any Award hereunder, the Grantee expressly waives any right to contest the amount of any Award, the terms of any Award Agreement, any determination, action or omission hereunder or under any Award Agreement by the Committee, the Company or the Board, or any amendment to the Plan or any Award Agreement (other than an amendment to the Plan or an Award Agreement to which his or her consent is expressly required by the Plan or the express terms of an Award Agreement). Nothing contained in the Plan, and no action taken pursuant to its provisions, will create or be construed to create a trust of any kind or a fiduciary relationship between the Company and any Grantee. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.

c. Except as expressly provided in an Award Agreement, neither the Plan nor any Award Agreement will confer on any person other than the Company and the Grantee of any Award any rights or remedies thereunder. The exculpation and indemnification provisions of Section 4.c. will inure to the benefit of a Covered Person's estate and beneficiaries and legatees.

25. Governing Law

This Plan and any agreements or other documents hereunder shall be interpreted and construed in accordance with the laws of the State of Washington and applicable Federal law.
