IMA EXPLORATION INC.
(AN EXPLORATION STAGE COMPANY)
NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2007
(UNAUDITED - PREPARED BY MANAGEMENT)
(EXPRESSED IN CANADIAN DOLLARS)

1. NATURE OF OPERATIONS AND CONTINGENCY

IMA Exploration Inc. (the "Company") is a natural resource company engaged in the business of acquisition, exploration and development of mineral properties in Argentina. The Company presently has no proven or probable reserves and on the basis of information to date, it has not yet determined whether these properties contain economically recoverable ore reserves. Consequently the Company considers itself to be an exploration stage company. The amounts that were shown as mineral properties and deferred costs represent costs incurred to date, less amounts amortized and/or written off, and do not necessarily represent present or future values. As at March 31, 2007 the Company had no mineral property interests other than the Navidad Interest. The Company considers that it has adequate resources to maintain its core operations for the balance of the fiscal year.

On March 5, 2004, Aquiline Resources Inc. ("Aquiline"), through its subsidiary, Minera Aquiline Argentina SA, filed a claim in the Supreme Court of British Columbia against the Company seeking a constructive trust over the Navidad properties and damages. On July 14, 2006 the court released its judgment on the claim. The Company was not successful in its defense and the court found in Aquiline's favour.

The Order reads in part:

- " (a) that Inversiones Mineras Argentinas SA ("IMA SA") transfer the Navidad Claims and any assets related thereto to Minera Aquiline or its nominee within 60 days of this order;
- (b) that IMA take any and all steps required to cause IMA SA to comply with the terms of this order;
- (c) that the transfer of the Navidad Claims and any assets related thereto is subject to the payment to IMA SA of all reasonable amounts expended by IMA SA for the acquisition and development of the Navidad Claims to date; and
- (d) any accounting necessary to determine the reasonableness of the expenditures referred to in (c) above shall be by reference to the Registrar of this court."

On October 18, 2006, the Company and Aquiline reached a definitive agreement for the orderly conduct of the Navidad Project pending the determination of the appeal by the Company against the judgment of the trial court. The parties have agreed that the transactions outlined in the agreement are in satisfaction of the Order referenced above. The principal terms and conditions of the agreement are as follows:

Edgar Filing: IMA EXPLORATION INC - Form 6-K

- (a) control of the Navidad Project will be transferred to Aquiline in trust for the ultimately successful party in the appeal;
- (b) the Company and Aquiline have agreed to the costs spent to date developing the Navidad Project in the amount of \$18,500,000. Upon transfer of control of the Navidad Project, Aquiline paid \$7,500,000 of the costs into trust and the balance will be expended by Aquiline in developing the Navidad Project during the period of the appeal and secured under the terms of the trust conditions;
- (c) in the event that the Company is unsuccessful on appeal, the Company will be paid such \$18,500,000 amount, less legal costs Aquiline would be entitled to in relation to the trial and the appeal.

(EXPRESSED IN CANADIAN DOLLARS)

1. NATURE OF OPERATIONS AND CONTINGENCY (continued)

- (d) in the event that the Company's appeal is successful, it will pay Aquiline's qualifying costs expended on developing the Navidad Project during the period of the appeal, less legal costs the Company would be entitled to in relation to the trial and the appeal, and control of the Navidad Project will then revert to the Company; and
- (e) pending finalization of the appeal process, neither party will attempt a hostile takeover of the other.

The effective date of the transfer of the Navidad project was November 16, 2006. A copy of the agreement has been posted on the SEDAR website as one of the Company's public documents and is titled "Interim Project Development Agreement".

The Company's appeal of this judgment was heard by the British Columbia Court of Appeal between April 10 and April 12, 2007 (see Note 10). The Company is currently unable to determine either the outcome or timing of the appeal decision. The Company's factum and reply to Aquiline's factum have been posted to the Company's public documents on the SEDAR website.

The costs associated with this litigation have been and may continue to be significant, with no guarantee of a successful outcome for the Company. The Company has not provided for any future legal costs and will expense the legal costs as they occur (see Note 2).

2. MEASUREMENT UNCERTAINTY AND NAVIDAD INTEREST

As discussed in Note 1 above, under the terms of the July 14, 2006 court order the Company's ownership of the Navidad project has been

Edgar Filing: IMA EXPLORATION INC - Form 6-K

transferred to Aquiline and the Company accordingly cautions readers that until the British Columbia Court of Appeal rules on the matter the Company may only recover the costs incurred in the development of the Navidad project.

As at March 31, 2007, the Company had recorded a Navidad interest balance of \$17,949,521, the components of which are as follows:

	\$
Mineral properties and deferred costs (i)	17,763,521
Marketable securities (ii)	186,000

Navidad interest	17,949,521
	=====

- (i) The mineral property and deferred costs represent the carrying value of the acquisition and exploration costs the Company has incurred in the development of the Navidad project.
- (ii) Marketable securities represents the carrying value of the common shares of publicly traded companies the Company received as partial consideration for entering into option and sale agreements for certain of its non-core mineral property holdings relating to the Navidad Project. Accordingly, these marketable securities were subject to transfer to Aquiline in relation to the July 2006 court order.

FOR THE THREE MONTHS ENDED MARCH 31, 2007
(UNAUDITED - PREPARED BY MANAGEMENT)
(EXPRESSED IN CANADIAN DOLLARS)

2. MEASUREMENT UNCERTAINTY AND NAVIDAD INTEREST (continued)

As discussed in Note 1 above, in the event that the Company is unsuccessful on appeal, the Company will be paid \$18,500,000 as consideration for these assets, less legal costs Aquiline would be entitled to in relation to the trial and the appeal. In the event that the legal costs that Aquiline may become entitled to are significant, the recoverability of the costs reflected as Navidad interest may be impaired. Such impairment may be material. However, at the current time, the Company is unable to determine with any degree of certainty what the final outcome of the appeal process may be, and if the Company is unsuccessful, what legal costs may be awarded to Aquiline by the court. Accordingly, the Company has not made any adjustments to the carrying value of the Navidad interest balance at March 31, 2007.

The carrying value of the components of the Navidad interest balance will be reviewed in subsequent periods and adjusted if circumstances suggest that the full amount may not be recoverable and an appropriate amount expensed for impairment when such amounts can be reasonably determined.

The Company expensed Navidad holding costs of \$40,860 in the period

Edgar Filing: IMA EXPLORATION INC - Form 6-K

ended March 31, 2007. These are costs the Company incurred in order to maintain basic operations in Argentina subsequent to the transfer of control of the Navidad project to Aquiline. The Company expects to incur additional costs until the Aquiline litigation is settled.

3. SIGNIFICANT ACCOUNTING POLICIES

The interim consolidated financial statements of the Company have been prepared by management in accordance with Canadian generally accepted accounting principles. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates. The consolidated financial statements have, in management's opinion, been properly prepared using careful judgement within reasonable limits of materiality. These interim consolidated financial statements should be read in conjunction with the most recent annual consolidated financial statements. The significant accounting policies follow that of the most recently reported annual consolidated financial statements.

NEW ACCOUNTING POLICIES

Effective January 1, 2007, the Company adopted the following new accounting standards issued by the Canadian Institute of Chartered Accountants ("CICA").

- (a) Section 3855, FINANCIAL INSTRUMENTS - RECOGNITION AND MEASUREMENT and Section 3861, FINANCIAL INSTRUMENTS - DISCLOSURE AND PRESENTATION, prescribe the criteria for recognition and presentation of financial instruments on the balance sheet and the measurement of financial instruments according to prescribed classifications. These sections also address how financial instruments are measured subsequent to initial recognition and how the gains and losses are recognized.

The Company is required to designate its financial instruments into one of the following five categories: held for trading; available for sale; held to maturity; loans and receivables; and other financial liabilities. All financial instruments are to be initially measured at fair value. Financial instruments classified as held for trading or available for sale are subsequently measured at fair value with any change in fair value recorded in net earnings and other comprehensive income, respectively. All other financial instruments are subsequently measured at amortized cost.

3. SIGNIFICANT ACCOUNTING POLICIES (continued)

The Company has designated its financial instruments as

Edgar Filing: IMA EXPLORATION INC - Form 6-K

follows:

- (i) Cash and short-term investments are classified as "AVAILABLE-FOR-SALE". Due to their short-term nature, their carrying value is equal to their fair value.
- (ii) Other receivables, prepaids and deposits are classified as "LOANS AND RECEIVABLES". These financial assets are recorded at values that approximate their amortized cost using the effective interest method.
- (iii) Accounts payable and accrued liabilities are classified as "OTHER FINANCIAL LIABILITIES". These financial liabilities are recorded at values that approximate their amortized cost using the effective interest method.

As a result of adopting Section 3855, interest accrued from short-term investments in the amount of \$133,479 has been reclassified from other receivables, prepaids and deposits to short-term investments.

(b) Section 1530, COMPREHENSIVE INCOME, introduces a new financial statement "Statement of Comprehensive Income" and provides guidance for the reporting and display of other comprehensive income. Comprehensive income represents the change in equity of an enterprise during a period from transactions and other events arising from non-owner sources including gains and losses arising on translation of self-sustaining foreign operations, gains and losses from changes in fair value of available for sale financial assets and changes in the fair value of the effective portion of cash flow hedging instruments. The Company has not recognized any adjustments through other comprehensive income for the three months ended March 31, 2007.

- (c) Section 3865, HEDGES specifies the criteria under which hedge accounting may be applied, how hedge accounting should be performed under permitted hedging strategies and the required disclosures. This standard did not have an impact on the Company for the three months ended March 31, 2007.

Certain of the prior period comparatives have been reclassified to conform with the current period's presentation.

7. RELATED PARTY TRANSACTIONS

- (a) The Company engages Grosso Group Management Ltd. (the "Grosso Group") to provide services and facilities to the Company. The Grosso Group is a private company owned by the Company, Golden Arrow Resources Corporation, Amera Resources Corporation,

Edgar Filing: IMA EXPLORATION INC - Form 6-K

Astral Mining Corporation, Gold Point Energy Corp. and Blue Sky Uranium Corp., each of which owns one share. The Grosso Group provides its shareholder companies with geological, corporate development, administrative and management services. The shareholder companies pay monthly fees to the Grosso Group. The fee is based upon a pro-rating of the Grosso Group's costs including its staff and overhead costs among each shareholder company with regard to the mutually agreed average annual level of services provided to each shareholder company. During the three months ended March 31, 2007, the Company incurred fees of \$105,938 (2006 - \$192,923) to the Grosso Group: \$146,400 (2006 - \$189,438) was paid in monthly payments and \$40,462 is included in other receivables, prepaids and deposits (2006 - \$3,485 included in accounts payable) as a result of a review of the allocation of the Grosso Group costs to the member companies for the period. Also included in accounts receivable, prepaids and deposits is a \$205,000 (2006 - \$205,000) deposit to the Grosso Group for the purchase of equipment and leasehold improvements and for operating working capital.

- (b) During three months ended March 31, 2007, the Company paid \$80,050 (2006 - \$43,050) to companies controlled by directors and officers of the Company, for accounting, management and consulting services provided.
- (c) The President of the Company provides his services on a full-time basis under a contract with a private company controlled by the President for an annual fee of \$250,000. Accordingly, the total compensation paid to the President in the three months ended March 31, 2007 was \$62,500 (2006 - \$25,500). This amount is included in the total amount paid to directors and officers discussed in Note 7(b) above.

In the event the contract is terminated by the Company or as a result of a change of control, a payment is payable to the President consisting of (i) any monthly compensation due to the date of termination, (ii) options as determined by the board of directors (iii) three years of monthly compensation (which may be adjusted annually) and (iv) bonus of \$461,500. If the termination had occurred on March 31, 2007, the amount payable under the contract would be \$1,211,500. In the event the contract is terminated by the Company as a result of the President's death or permanent disability while providing services to the Company, a bonus in the amount of \$461,500 is payable.

All of the related party transactions and balances in these consolidated financial statements arose in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

10. SUBSEQUENT EVENT

Between April 10 and April 12, 2007, the Company's appeal of the July 14, 2006 judgment in relation to the Aquiline litigation (see Notes 1 and 2 above) was heard by the British Columbia Court of Appeal. The Appeal Court reserved their judgment on the appeal. The Company is seeking an order from the Appeal Court to allow its appeal, setting aside the trial judge's order and remitting the claims to the Supreme

Court of British Columbia for a new trial. In the alternative, the Company is seeking an order to allow its appeal, setting aside the trial judge's order and awarding monetary damages to Aquiline. The Company is currently unable to determine either the outcome or timing of the appeal decision.

IMA EXPLORATION INC. MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE THREE MONTHS ENDED MARCH 31, 2007

INTRODUCTION

The following management discussion and analysis and financial review, prepared as of May 14, 2007, should be read in conjunction with the Company's unaudited interim consolidated financial statements for the three months ended March 31, 2007 and audited annual consolidated financial statements and related notes for the year ended December 31, 2006. The consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP"). Except as otherwise disclosed all dollar figures in this report are stated in Canadian dollars. Additional information relevant to the Company can be found on the SEDAR website at WWW.SEDAR.COM.

FORWARD LOOKING STATEMENTS

Certain of the statements made and information contained herein is "forward-looking information" within the meaning of the Ontario Securities Act or "forward-looking statements" within the meaning of Section 21E of the Securities Exchange Act of 1934 of the United States. Forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ from those reflected in the forward-looking statements, including, without limitation, risks and uncertainties relating to foreign currency fluctuations; risks inherent in mining including environmental hazards, industrial accidents, unusual or unexpected geological formations, risks associated with the estimation of mineral resources and reserves and the geology, grade and continuity of mineral deposits; the possibility that future exploration, development or mining results will not be consistent with the Company's expectations; the potential for and effects of labour disputes or other unanticipated difficulties with or shortages of labour; the inherent uncertainty of future production and cost estimates and the potential for unexpected costs and expenses, commodity price fluctuations; uncertain political and economic environments; changes in laws or policies, foreign taxation, delays or the inability to obtain necessary governmental permits; and other risks and uncertainties, including those described under Risk Factors Relating to the Company's Business in the Company's Annual Information Form and in each management discussion and analysis. Forward-looking information is in addition based on various assumptions including, without limitation, the expectations and beliefs of management, the assumed long term price of silver and lead; that the Company can access financing, appropriate equipment and sufficient labour and that the political environment within Argentina will continue to support the development and operation of mining projects. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking statements. Accordingly, readers are advised not to place undue reliance on forward-looking statements.

OVERVIEW

Edgar Filing: IMA EXPLORATION INC - Form 6-K

The Company is a natural resource company engaged in the business of acquisition, exploration and development of mineral properties in Argentina. At present, the Company has no producing properties and consequently has no current operating income or cash flows. As of this date the Company is an exploration stage company and has not generated any revenues. The Company is entirely dependent on the equity market for its source of funds. There is no assurance that a commercially viable mineral deposit exists on any of the properties. Further evaluation and exploration will be required before the economic viability of any of the properties is determined.

In March 2004 Aquiline Resources Inc. ("Aquiline") commenced an action against the Company seeking a constructive trust over the Navidad properties and damages. The trial commenced on October 11, 2005 and ended on December 12, 2005. On July 14, 2006 Justice Koenigsberg issued her reasons for judgment and order.

The Order reads in part:

- "(a) that Inversiones Mineras Argentinas SA ("IMA SA") transfer the Navidad Claims and any assets related thereto to Minera Aquiline or its nominee within 60 days of this order;
- (b) that IMA take any and all steps required to cause IMA SA to comply with the terms of this order;

- 1 -

- (c) that the transfer of the Navidad Claims and any assets related thereto is subject to the payment to IMA SA of all reasonable amounts expended by IMA SA for the acquisition and development of the Navidad Claims to date; and
- (d) any accounting necessary to determine the reasonableness of the expenditures referred to in (c) above shall be by reference to the Registrar of this court."

On October 18, 2006, the Company and Aquiline reached a definitive agreement for the orderly conduct of the Navidad Project pending the determination of the appeal by the Company against the judgment of the trial court. The parties have agreed that the transactions outlined in the agreement are in satisfaction of the Order referenced above. The principal terms and conditions of the agreement are as follows:

- (i) control of the Navidad Project will be transferred to Aquiline in trust for the ultimately successful party in the appeal;
- (ii) the Company and Aquiline have agreed to the costs spent to date developing the Navidad Project in the amount of \$18,500,000. Upon transfer of control of the Navidad Project, Aquiline will pay \$7,500,000 of the costs into trust and the balance will be expended by Aquiline in developing the Navidad Project during the period of the appeal and secured under the terms of the trust conditions;
- (iii) in the event that the Company is unsuccessful on appeal, the Company will be paid such \$18,500,000 amount, less legal costs Aquiline would be entitled to in relation to the trial and the appeal.
- (iv) in the event that the Company's appeal is successful, it will pay

Edgar Filing: IMA EXPLORATION INC - Form 6-K

Aquiline's qualifying costs expended on developing the Navidad Project during the period of the appeal, less legal costs the Company would be entitled to in relation to the trial and the appeal, and control of the Navidad Project will then revert to the Company; and

- (v) pending the finalization of the appeal process, neither party will attempt a hostile takeover of the other.

The effective date of the transfer of the Navidad project was November 16, 2006. A copy of the agreement has been posted on the SEDAR website as one of the Company's public documents and is titled "Interim Project Development Agreement".

The Company's appeal of this judgment was heard by the British Columbia Court of Appeal between April 10 and April 13, 2007. The Company's factum and reply to Aquiline's factum are available on SEDAR and the Company's website. While the Company is confident of a favourable result from its appeal it recognizes that it may take a substantial period of time for the Court of Appeal to issue their decision.

The Company is seeking an order from the Appeal Court allowing its appeal, setting aside the trial judge's order and dismissing Aquiline's claims. Alternatively the Company is seeking an order allowing the appeal, setting aside the trial judge's order and remitting the claims to the Supreme Court of British Columbia for a new trial. As a further alternative, the Company is seeking an order allowing the appeal, setting aside the trial judge's order and awarding monetary damages to Aquiline.

The costs have been and may continue to be significant, with no guarantee of a successful outcome for the Company. The Company has not provided for any future legal costs and will expense the legal costs as they occur. Until the Appeal Court's decision is available the Company does not expect to incur further significant legal costs relating to this litigation subsequent to the appeal hearing.

SELECTED QUATERLY FINANCIAL INFORMATION

The following selected consolidated financial information is derived from the unaudited consolidated interim financial statements of the Company. The information has been prepared in accordance with Canadian GAAP.

	2007		2006			DE
	MAR 31	DEC 31	SEP 30	JUN 30	MAR 31	
	\$	\$	\$	\$	\$

Net Loss	(486,206)	(1,126,586)	(836,136)	(1,112,336)	(506,320)	(1,0
Net Loss per Common Share Basic and Diluted	(0.01)	(0.02)	(0.02)	(0.02)	(0.01)	

SUMMARY OF FINANCIAL RESULTS

For the three months ended March 31, 2007, the Company reported a consolidated loss of \$486,206 (\$0.01 per share), a decrease of \$20,114 from the loss of \$506,320 (\$0.01 per share) for the three months ended March 31, 2006. The decrease in the loss in 2007, compared to the 2006 amount, was due to a number of factors of which \$31,756 can be attributed to a change in other items partially offset by an \$11,642 increase in operating expenses.

RESULTS OF OPERATIONS

The Company's operating expenses for the three months ended March 31, 2007, were \$573,246 an increase of \$11,642 from \$561,604 in the 2006 period.

Notable changes in the operating expenses are: (i) Administrative and management services increased \$23,196 to \$86,428 in 2007 primarily as the result of the increase in fees paid to a Company controlled by the President (see Related Party Transactions section below) for management services; (ii) Corporate development and investor relations decreased \$54,079 to \$27,399 in 2007 due to the Company discontinuing its external investor relations services contract in July 2006 as well as decreased investor relations activity in the period; (iv) Professional fees increased \$160,445 to \$220,956 in 2007, primarily due to the legal costs incurred in connection with the Aquiline appeal heard in April 2007; (v) Salaries decreased \$73,487 to \$74,786 in 2007 due to decreases in staff and activity levels; (vi) Transfer agent and regulatory fees decreased \$16,887 to \$63,915 primarily as a result of decreased fees for the Company's listing on the TSX Venture Exchange; (vii) Travel and accommodation decreased \$37,882 due to reduced travel in the 2007 period; (viii) Navidad holding costs of \$40,860 were incurred in 2007 compared to \$Nil in 2006. These are costs incurred in order to maintain basic operations in Argentina subsequent to the transfer of control of the Navidad project to Aquiline.

In 2007 the Company recorded interest income of \$88,164 compared to \$58,510 in 2006, primarily as a result of an increase in funds on deposit.

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash position at March 31, 2007 was \$411,052, an increase of \$19,632 from December 31, 2006. Short-term investments decreased \$366,521 to \$8,133,479 at March 31, 2007 from \$8,500,000 at December 31, 2006. Total assets decreased to \$26,794,376 at March 31, 2007 from \$27,246,146 at December 31, 2006. This decrease is mainly due to the decrease in short-term investments which are used to fund the Company's operations.

The Company has received \$Nil from the exercise of warrants and options from January 1, 2007 to March 31, 2007. As at May 14, 2007, the Company had working capital of approximately \$8,300,000.

The Company considers that it has adequate resources to maintain its core operations for the next fiscal year. The Company will continue to rely on successfully completing additional equity financing to further exploration and development of mineral exploration projects. There can be no assurance that the Company will be successful in obtaining the required financing.

Except as disclosed the Company does not know of any trends, demand, commitments, events or uncertainties that will result in, or that are reasonably likely to result in, its liquidity either materially increasing or decreasing at

Edgar Filing: IMA EXPLORATION INC - Form 6-K

present or in the foreseeable future. Material increases or decreases in liquidity are substantially determined by the success or failure of the exploration programs and by the final outcome of the Company's appeal of the judgment of the Aquiline litigation.

The Company does not now and does not expect to engage in currency hedging to offset any risk of currency fluctuations.

OPERATING CASH FLOW

Cash outflow from operating activities for the three months ended March 31, 2007, was \$346,889, a decrease of \$18,454 compared to cash outflow for 2006 period of \$365,343 primarily as a result of increased interest income earned in the 2007 period.

FINANCING ACTIVITIES

During the three months ended March 31, 2007, the Company received \$Nil from the proceeds of private placements and \$Nil on the exercise of options. During the three months ended March 31, 2006, the Company received \$10,027,500 less costs of \$763,093 from the issue of special warrants in a brokered private placement and \$172,900 on the exercise of options.

INVESTING ACTIVITIES

Investing activities required cash of \$Nil during three months ended March 31, 2007, compared to \$1,357,718 for the 2006 period. The 2006 investing activities were primarily for additions to the Navidad Project in Argentina.

RELATED PARTY TRANSACTIONS

The Company engages Grosso Group Management Ltd. (the "Grosso Group") to provide services and facilities to the Company. The Grosso Group is a private company owned by the Company, Golden Arrow Resources Corporation, Amera Resources Corporation, Astral Mining Corporation, Gold Point Energy Corp. and Blue Sky Uranium Corp., each of which owns one share. The Grosso Group provides its shareholder companies with geological, corporate development, administrative and management services. The shareholder companies pay monthly fees to the Grosso Group. The fee is based upon a pro-rating of the Grosso Group's costs including its staff and overhead costs among each shareholder company with regard to the mutually agreed average annual level of services provided to each shareholder company. During the three months ended March 31, 2007, the Company incurred fees of \$105,938 (2006 - \$192,923) to the Grosso Group: \$146,400 (2006 - \$189,438) was paid in monthly payments and \$40,462 is included in other receivables, prepaids and deposits (2006 - \$3,485 included in accounts payable) as a result of a review of the allocation of the Grosso Group costs to the member companies for the period. Also included in accounts receivable, prepaids and deposits is a \$205,000 (2006 - \$205,000) deposit to the Grosso Group for the purchase of equipment and leasehold improvements and for operating working capital.

During three months ended March 31, 2007, the Company paid \$80,050 (2006 - \$43,050) to companies controlled by directors and officers of the Company, for accounting, management and consulting services provided.

The President of the Company provides his services on a full-time basis under a contract with a private company controlled by the President for an annual fee of \$250,000. Accordingly, the total compensation paid to the President in the three

Edgar Filing: IMA EXPLORATION INC - Form 6-K

months ended March 31, 2007 was \$62,500 (2006 - \$25,500). This amount is included in the total amount paid to directors and officers discussed above.

In the event the contract is terminated by the Company or as a result of a change of control, a payment is payable to the President consisting of (i) any monthly compensation due to the date of termination, (ii) options as determined by the board of directors (iii) three years of monthly compensation (which may be adjusted annually) and (iv) bonus of \$461,500. If the termination had occurred on March 31, 2007, the amount payable under the contract would be \$1,211,500. In the event the contract is terminated by the Company as a result of the President's death or permanent disability while providing services to the Company, a bonus in the amount of \$461,500 is payable.

CRITICAL ACCOUNTING ESTIMATES AND RECENT ACCOUNTING PRONOUNCEMENTS

The preparation of financial statements in conformity with Canadian GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the period. Significant areas requiring the use of management estimates relate to the determination of environmental obligations and impairment of mineral properties and deferred costs. Actual results may differ from these estimates.

Reference should be made to the Company's significant accounting policies contained in Note 3 of the Company's consolidated financial statements for the years ended December 31, 2006, 2005 and 2004. These accounting policies can have

- 4 -

a significant impact of the financial performance and financial position of the Company. As disclosed previously, the Company has not made any provision for any potential loss in the event of an adverse judgement related to the Aquiline legal action.

NEW ACCOUNTING POLICIES

Effective January 1, 2007, the Company adopted the following new accounting standards issued by the Canadian Institute of Chartered Accountants ("CICA").

- (a) Section 3855, FINANCIAL INSTRUMENTS - RECOGNITION AND MEASUREMENT and Section 3861, FINANCIAL INSTRUMENTS - DISCLOSURE AND PRESENTATION, prescribe the criteria for recognition and presentation of financial instruments on the balance sheet and the measurement of financial instruments according to prescribed classifications. These sections also address how financial instruments are measured subsequent to initial recognition and how the gains and losses are recognized.

The Company is required to designate its financial instruments into one of the following five categories: held for trading; available for sale; held to maturity; loans and receivables; and other financial liabilities. All financial instruments are to be initially measured at fair value. Financial instruments classified as held for trading or available for sale are subsequently measured at fair value with any change in fair value recorded in net earnings and other comprehensive income, respectively. All other financial instruments are subsequently measured at amortized cost.

Edgar Filing: IMA EXPLORATION INC - Form 6-K

The Company has designated its financial instruments as follows:

- (i) Cash is classified as "FINANCIAL ASSETS HELD FOR TRADING". Due to its nature, the carrying value equals its fair value.
- (ii) Short-term investments are classified as "FINANCIAL ASSETS HELD FOR TRADING". These financial assets are recorded at their fair value which is equal to the principal balance of the investment and interest accrued at the balance sheet date.
- (iii) Other receivables, prepaids and deposits are classified as "LOANS AND RECEIVABLES". These financial assets are recorded at values that approximate their amortized cost using the effective interest method.
- (iv) Accounts payable and accrued liabilities are classified as "OTHER FINANCIAL LIABILITIES". These financial liabilities are recorded at values that approximate their amortized cost using the effective interest method.

As a result of adopting Section 3855, interest accrued from short-term investments in the amount of \$133,479 has been reclassified from other receivables, prepaids and deposits to short-term investments.

- (b) Section 1530, COMPREHENSIVE INCOME, introduces a new financial statement "Statement of Comprehensive Income" and provides guidance for the reporting and display of other comprehensive income. Comprehensive income represents the change in equity of an enterprise during a period from transactions and other events arising from non-owner sources including gains and losses arising on translation of self-sustaining foreign operations, gains and losses from changes in fair value of available for sale financial assets and changes in the fair value of the effective portion of cash flow hedging instruments. The Company has not recognized any adjustments through other comprehensive income for the three months ended March 31, 2007.
- (c) Section 3865, HEDGES specifies the criteria under which hedge accounting may be applied, how hedge accounting should be performed under permitted hedging strategies and the required disclosures. This standard did not have an impact on the Company for the three months ended March 31, 2007.

In addition to the above, reference should be made to the recent accounting pronouncements in Canada and in United States that are described in Note 11 of the Company's consolidated financial statements for the years ended December 31, 2006, 2005 and 2004.

- 5 -

RISK FACTORS

The Company's operations and results are subject to a number of different risks at any given time. These factors, include but are not limited to litigation,

Edgar Filing: IMA EXPLORATION INC - Form 6-K

disclosure regarding exploration, additional financing, project delay, titles to properties, price fluctuations and share price volatility, operating hazards, insurable risks and limitations of insurance, management, foreign country and regulatory requirements, currency fluctuations and environmental regulations risks. Exploration for mineral resources involves a high degree of risk. The cost of conducting programs may be substantial and the likelihood of success is difficult to assess. For a more complete discussion of these risks and others, reference should be made to the December 31, 2006 Management Discussion and Analysis.

FINANCIAL INSTRUMENTS

The Company's financial instruments as at March 31, 2007 consist of cash, short-term investments, other receivables, prepaids and deposits and accounts payable and accrued liabilities. For discussion of the valuation of these financial instruments for financial reporting purposes, refer to the Critical Accounting Estimates and Recent Accounting Pronouncements section above.

DISCLOSURE CONTROLS AND PROCEDURES AND INTERNAL CONTROL OVER FINANCIAL REPORTING

Management has designed disclosure controls and procedures, or has caused them to be designed under its supervision, to provide reasonable assurance that material information relating to the Company, is made known to management by others within those entities, particularly during the period in which the annual filings are being prepared. Management has also designed such internal control over financial reporting, or caused it to be designed under management's supervision, to provide reasonable assurance regarding the reliability of financial reporting and preparation of the financial statements for the three months ended March 31, 2007 in accordance with Canadian Generally Accepted Accounting Principles. There has been no change in the Company's disclosure controls and procedures or in the Company's internal control over financial reporting that occurred during the most recently completed quarter that has materially affected, or is reasonably likely to materially affect, the Company's disclosure controls and procedures or internal control over financial reporting.

SHARE DATA INFORMATION

As of May 14, 2007 there were 52,013,064 common shares, 3,504,404 warrants and 4,624,000 stock options outstanding.

INVESTOR RELATIONS

The Company currently does not engage any outside investor relations consultants. Mr. Sean Hurd is the Company's Vice-President, Corporate Communications and coordinates investor relations activities. The Company also maintains a web site at www.imaexploration.com.
