NOTES TO INTERIM CONDENSED FINANCIAL STATEMENTS
June 30, 2003

Note 1 - Presentation

The condensed balance sheets of the Company as of June 30, 2003, the related condensed consolidated statements of operations for the six months ended June 30, 2003 and inception through June 30, 2003, and the condensed consolidated statements of cash flows for the six months ended June 30, 2003 and inception through June 30, 2003, included in the condensed financial statements include all adjustments (consisting of normal, recurring adjustments) necessary to summarize fairly the Company's financial position and results of operations. The results of operations for the six months ended June 30, 2003 are not necessarily indicative of the results of operations for the full year or any other interim period. The information included in this Form 10-QSB should be read in conjunction with Management's Discussion and Analysis and Financial Statements

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

and notes thereto included in the Company's December 31, 2002 Form 10-KSB.

Note 2 - Accounting Change

On May 15, 2003, the FASB issued Statement of Financial Accounting Standards No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity (FAS 150). This Statement establishes standards for classifying and measuring as liabilities certain financial instruments that embody obligations of the issuer and have characteristics of both liabilities and equity. Immediately American Leisure adopted FAS 150 and reclassified its Series C preferred stock to liabilities. There was no cumulative effect of this accounting change. The accounting change did not have an effect on revenue and quarterly earnings during 2002.

Note 3 - Assets Held for Sale

American Leisure's management determined certain property's best use was for its commercial development and has reclassified it to land held for development as the land is no longer for sale.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the Financial Statements and Notes thereto appearing elsewhere in this Quarterly Report. Certain statements in this Quarterly Report, which are not statements of historical fact, are forward-looking statements. See "Special Note Regarding Forward-Looking Information" on Page 2.

The Company does not undertake and expressly disclaims any duty to update or revise forward-looking statements, even if the Company's situation may change in the future.

General

The Company's vacation real estate operations are or will be managed under two business segments. One will develop, market and sell Vacation Ownership Interests in the Company's resorts, primarily through the Vacation/Travel Clubs, and the other (currently Sunstone Golf Resort) will acquire tracts of real estate suitable for vacation resort properties, which will be subdivided, improved and sold, typically on a retail basis as vacation home sales.

The Company expects to experience seasonal fluctuations in its gross revenues and net earnings. This seasonality may cause significant fluctuations in the quarterly operating results of the Company. In addition, other material fluctuations in operating results may occur due to the timing of development and the Company's use of the percentage-of-completion method of accounting. Management expects that the Company will continue to invest in projects that will require substantial development (with significant capital requirements).

The Company believes that the terrorist attacks on September 11, 2001 in the United States, the recent hostilities in the Middle East and other world events that have decreased the amount of vacation and corporate air travel by Americans, but have not materially changed the company's business plan. There can be no assurances, however, that a long-term decrease in air travel or increase in anxiety regarding actual or possible future terrorist attacks or other world events will not have a material adverse impact on the Company's future results of operations.

Costs associated with the acquisition and development of vacation resorts, including carrying costs such as interest and taxes, are capitalized as inventory and will be allocated to cost of real estate sold as the respective revenues are recognized.

Introduction

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

The character and holdings of the Company has changed substantially since the preceding fiscal year as set forth below. During the second quarter of the Companies previous fiscal year it acquired certain companies to enter into the travel and tourism and vacation resort industry. The readers of the current un-audited quarterly statements are referred to the Company's last Form 10Q-SB as filed and any subsequent Form 8-K(s) for a more in-depth view of the Company's financial position, results of operations, changes in cash flows and new businesses. Accordingly, management's discussion as set forth below focuses primarily on the period from June 14, 2002 to June 30, 2003.

General

The Company has now been designed and structured to own, control and direct a series of companies in the travel and tourism and vacation resort industries so that it can achieve significant vertical and horizontal integration in the sourcing of, and the delivery of, corporate and vacation travel services. Our mission is to:

- o own and operate vacation hotel/resort properties,
- o build large travel club membership bases through various travel club programs,
- o build a large membership base in our vacation and travel clubs, and
- o promote our resort assets and sell travel services and vacation ownership to those club members and other corporate and vacation travelers.

Acquisitions

In June 2002, we acquired control of several travel related and vacation resort companies, described below:

American Leisure, Inc. ("ALI")

ALI will package holidays and vacations and sell these within the trade and to the travel club membership bases.

Sunstone Golf Resort, Inc. ("SGR")

SGR is currently in the final planning stage as a 960-unit vacation destination resort in Orlando, Florida. Development is scheduled to commence in winter of 2003 with the first vacation investment properties estimated to be delivered in the summer of 2004. It is expected that the horizontal construction finance and resort amenities will be funded via a CDD bond placement. AMLH intends to provide development, guarantees and financing support for the development of the resort so that it will become one of many fine vacation destinations to be owned by AMLH.

American Travel & Marketing Group, Inc. ("ATMG")

We believe that ATMG will generate significant travel business through the creation of clubs comprised of affinity-based travelers. ATMG has developed a travel club system and travel incentive strategy that creates and fulfills the travel and incentive needs of corporations, organizations and associations with significant member bases. AMTG is poised to secure a significant market share of

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

the affinity-travel marketing segment. As the proprietor and manager of clubs it creates, ATMG anticipates substantial revenue from annual membership fees and commissions earned on the sale of travel services once the infrastructure has been finalized to communicate and sell to its affinity-based club databases. The value added to ATMG programs by being a part of the AMLH family includes the sales opportunities to HTS corporate clients, the fulfillment capacity of the bulk buying power of HTS and the hotel/resort assets to be provided by AMLH through its resort division.

Once the infrastructure has been finalized in conjunction with American Leisure Marketing & Technology, Inc., to communicate and sell to its affinity-based club databases, we anticipate that ATMG will derive substantial revenue from annual membership fees and commissions earned from ALI on the sale of packaged travel services.

American Leisure Marketing & Technology, Inc. ("ALMT")

ALMT has acquired the assets of a sophisticated, state of the art communications center. The communications center facilities are as up to date as can be imagined, with all technology linked to the Internet. This allows the Customer Service representative to respond to the individual consumer with accuracy, speed and knowledge, thus providing the consumer with relevant and immediate information that is extraordinarily recent. This technological capacity allows American Leisure Marketing & Technology, Inc. to market the products and services of HTS, AMLH, and American Travel & Marketing, as well as third parties, in a cost effective, all encompassing way. This resource will be offered to the 3,000 HTS affiliated travel agencies, providing an unsurpassed service to the hundreds of major corporate clients, in real time telephony and web based applications via the upgrade of equipment to IP technology.

In July 2002, the Company entered into a option to acquire a controlling interest of HTS Holdings, Inc. (HTS), the parent to, among other companies, Hickory Travel Services, Inc. which will focus on the fulfillment of all of our companies' travel needs. We anticipate completing the acquisition in the Summer of 2003.

Strategy

Our business model is based on four basic premises:

Club Creation and Administration.

We intend to promote and service both travel clubs and vacation clubs to derive membership dues revenue, travel commissions revenue and prospects for conversion of travel club members to vacation club members. To enhance membership benefits, we intend to affiliate with vacation exchange programs and provide finance to members.

Vacation Resort Real Estate.

In addition to our current vacation resort assets, we intend to purchase additional vacation resort assets, particularly in the Caribbean and Florida resort areas where the demand for vacation property is strong the majority of the year.

Such resorts assets will likely include the following:

- o Resort properties suitable for conversion, for use for vacation club ownership, such as suites, one bedroom and two bedroom units;

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

- o Resort properties with contiguous vacant land suitable for further expansion;
- o Resort properties that have consistently sustained at least break-even occupancy;
- o For developable land- acreage suitable for hotel, vacation resort and/or vacation club development in prime locations with room for a substantial amenity packages; and
- o Locations that have appeal throughout the year rather than limited "seasonal" attraction.

Vacation Ownership.

We intend to market vacation assets and vacation club memberships to the general public. The membership bases of our vacation and travel clubs and guests staying at our resort assets will likely provide an ongoing source of prospects for our vacation assets and vacation club membership sales. Revenues from the sale of vacation assets and vacation club memberships is expected to be a substantial component in our ability to capitalize the front end of developments and the equity requirement for resort acquisitions.

Travel Services.

We intend to capitalize on the travel requirements of servicing the travel clubs and vacation clubs to garner significant group purchasing, branding and third party branding power. By actively focusing on the demand side coupled with having the structure to fulfill the travel requirements both at our resort assets and at other venues, we will seek to obtain seamless vertical and horizontal integration of services such that the traveler's entire range of needs can be fulfilled or provided by us.

Cash Flow Requirements

We will require substantial capital to adequately finance our proposed acquisitions, meet our obligations under our business model, and provide for our working capital. We anticipate that we will require approximately \$9.5 million over the next twelve months to fully implement our business model. We anticipate that we will use such funds as follows:

Program Development and Implementation Costs	\$ 5,500,000
Payoff Debt	\$ 2,000,000
Working Capital	\$ 2,000,000

LIQUIDITY

During the three months ended June 30, 2003, the Company's working capital decreased. This was due to administrative and financing costs incurred as carrying costs of the Company's assets and to maintain its operations. The Company does not currently have sufficient capital in its accounts, nor sufficient firm commitments for capital to assure its ability to meet its current obligations or to continue its planned operations. The Company is continuing to pursue working capital and additional revenue through the seeking of the capital it needs to carry on its planned operations. There is no assurance that any of the planned activities will be successful.

CAPITAL RESOURCES

As a result of its limited liquidity, the Company has limited access to additional capital resources. The Company does not have the capital to totally

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

fund the obligations that have matured to its shareholders. The shareholders have agreed to roll over their loans until the company has stronger liquidity and take security for their loans.

The Company has received additional capital through the expansion of vendor financing and loans from its directors and shareholders during the most recent quarter.

Additionally, the Company refinanced its subsidiaries ' Orlando property in March of 2003 and repaid loans that it had borrowed since February 2000 at high rates of interest. It obtained a \$6,000,000 loan that the Company believes will enable it to further develop the property by finalizing its revised planning, engineering and permitting for an increase from 799 to 960 vacation properties.

Management has made certain loan requests from several banking institutions that it believes will be funded. However, discussions are in the preliminary stages and have not yet been approved by any lending institution.

Though the obtaining of the additional capital is not guaranteed, the management of the Company believes it will be able to obtain the capital required to meet its current obligations and actively pursue its planned business activities.

OPERATIONS

Until the Company obtains the capital required to developed it properties and businesses and obtain the revenues needed from its operations to meet its obligations, the Company will be dependent upon sources other than operating revenues to meet its operating and capital needs. Operating revenues may never satisfy these needs.

The Company, in the quarter ended June 30, 2003, opened up a new call center in Tamarac, South Florida, which it believes after ninety days will be a profitable operation and will provide the required cash flow to fund its own expansion and operations. However, due to the nature of the industry the Company is currently operating in, and the do not call legislation which has recently been enacted, the management cannot predict that it will necessarily achieve the level of operations needed to provide the cash flow it requires to expand its operations.

Until the capital is obtained to enter into its planned operations discussed above, the Company will need additional capital.

ITEM 3. CONTROLS AND PROCEDURES

PART II - OTHER INFORMATION

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

ITEM 1. LEGAL PROCEEDINGS

In the ordinary course of its business, the Company may from time to time become subject to claims or proceedings relating to the purchase, subdivision, sale and/or financing of its real estate. The Company believes that the litigation proceeding discussed below is incidental to its business.

The Company became a defendant in an action that was filed in Orange County, Florida. In June, 2001, Rock Investment Trust, P.L.C., a British limited liability company, and RIT, L.C., a related Florida limited liability company, filed suit against Malcolm J. Wright, American Vacation Resorts, Inc., American Leisure, Inc., Inversora Tetuan, S.A., Sunstone Golf Resort, Inc., and SunGate Resort Villas, Inc., seeking either the return of an alleged \$500,000 investment or ownership interest in one or more of the defendant entities equivalent to the alleged investment amount. Defendants have denied all claims and Mr. Wright, American Vacation Resorts, Inc., American Leisure, Inc., Inversora Tetuan, S.A., Sunstone Golf Resort, Inc., and SunGate Resort Villas, Inc. have counterclaimed against Rock Investment Trust and its principal, Roger Smee, seeking damages in excess of \$10 million, assuming success on all aspects of the litigation. The litigation is in the discovery phase and is not currently set for trial. While many depositions and other discovery of facts remains to be done, based on the status of the record developed thus far, counsel believes that Rock Investment Trust's and RIT's claims are without merit and that the counterclaim will be successful. The amount of damages which may be recovered on the counterclaim is subject to a variety of factors and considerations.

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

Issuance of Senior Securities

On June 14, 2002, in connection with the closing of the acquisition of American Leisure Corporation (formerly American Leisure Holdings, Inc.) ("ALC"), we authorized the issuance of 10,000,000 Preferred shares that could be split into different classes of Preferred shares. AMLH has created three new series of its preferred stock and issued shares of Series A & B in 2002 and Series C of these Series of shares in 2003. For the full details of the rights and designations of each class of Preferred Stock the investor is advised to read the appropriate 8K or the attachments to our 10K, which gives full disclosure. In June 2002, we authorized the issuance of 1,000,000 Series A Preferred Shares of which 880,000 were issued to certain debt holders of ALC. Our Series A Preferred Stock has the following rights, privileges and preferences:

Series A Preferred Stock.

AMLH has designated 1,000,000 shares of Series A convertible preferred stock, par value \$0.01 per share. As of June 30, 2003, 880,000 shares of Series A preferred stock were issued and outstanding.

Ranking. The Series A preferred stock ranks senior to the common stock as to dividends and liquidation preference.

Dividends. If declared by the board of directors of AMLH, dividends on each share of the Series A preferred stock will be paid annually at an annual rate of 12% of the liquidation preference per share. Dividends will be payable in preference and priority to any payment of any cash dividend on Common Stock or any other shares of capital stock of the Company junior in priority to the Series A Preferred Stock (such Common Stock and other inferior stock being collectively referred to as "Junior Stock"), Any unpaid dividends accrue and are cumulative.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

Liquidation Preference. Upon liquidation, dissolution or winding up of AMLH, before payment of any amount due to any Junior Stock, each share of Series A preferred stock will be entitled to be paid out of assets available for distribution \$10 per share plus all accrued unpaid dividends, calculated through the date of liquidation.

Voting Rights. Each holder of outstanding shares of Series A Preferred Stock shall be entitled to the number of votes equal to the number of whole shares of Common Stock into which the shares of Series A Preferred Stock held by such holder are convertible (as adjusted from time to time) at each meeting of stockholders of the Company (and written actions of stockholders in lieu of meetings) with respect to any and all matters presented to the stockholders of the Company for their action or consideration. Except as provided by law, or by the provisions of Subsection 3(b) of the certificate of designation of Series A, or by the provisions establishing any other series of Preferred Stock, holders of Series A Preferred Stock and of any other outstanding Series of Preferred Stock shall vote together with the holders of Common Stock as a single class.

Redemption. AMLH has the right to redeem all or part of the outstanding Series A preferred stock at any time after five years from the date of issue. The redemption price per share will be \$10 per share plus all accrued unpaid dividends, calculated through the date of redemption.

Conversion. Each share of Series A Preferred Stock shall be convertible, at the option of the holder thereof, at any time and from time to time, into ten (10) fully paid and non-assessable shares of Common Stock (the "Conversion Rate"). Such initial Conversion Rate, and the rate at which shares of Series A Preferred Stock may be converted into shares of Common Stock, shall be subject to adjustment as provided below. In the event of a liquidation of the Company, the Conversion Rights shall terminate at the close of business on the first full day preceding the date fixed for the payment of any amounts distributable on liquidation to the holders of Series A Preferred Stock.

Adjustment for Common Stock Price Below \$1.00. In the event that the average Market Price of the Common Stock for any thirty (30) consecutive Trading Days is below \$1.00 and the Market Price of the Common Stock remains below \$1.00 through the Trading Day immediately prior to the Conversion Date, then the Conversion Rate shall be the lower of (i) the Liquidation Value divided by the average Market Price of the Common Stock for the ten (10) consecutive Trading Days immediately prior to the Conversion Date, and (ii) the Conversion Price as determined under Section 4, excluding this Section 4(k) of the certificate of Designation of the Series A stock.

No fractional shares of Common Stock shall be issued upon conversion of the Series A Preferred Stock. In lieu of fractional shares, the Company shall pay cash equal to such fraction multiplied by the quotient of the Liquidation Value divided by the Conversion Rate.

In August we authorized the issuance of 100,000 Series B Preferred Shares of which 2,500 were issued to purchase certain call center equipment.

Series B Preferred Stock

AMLH has designated 100,000 shares of Series B preferred stock, par value \$0.01 per share. During August, 2002, 2,500 shares of Series B preferred stock were issued to acquire certain call center equipment.

Ranking. The Series B Preferred Stock ranks senior to the common stock as to

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

dividends and liquidation preference but after and subject to the payment in full of all amounts required to be distributed to the holders of any other class or series of stock of the Company ranking on liquidation or dividend prior and in preference to the Series B Preferred Stock (collectively referred to as "Senior Preferred Stock"), but before any payment shall be made to the holders of Junior Stock by reason of their ownership thereof,

Dividends. Dividends on the Series B preferred stock, if declared by the board of directors of AMLH, will be paid annually at an annual rate of 12% of liquidation preference per share. Dividends will be payable in preference and priority to any payment of any cash dividend on Common Stock or any other shares of capital stock of the Company junior in priority to the Series B Preferred Stock (such Common Stock and other inferior stock being collectively referred to as "Junior Stock"), Any unpaid dividends accrue and are cumulative.

Liquidation Preference. Upon liquidation, dissolution or winding up of AMLH, and after payment of any amount due to any Series A or C Preferred Stock holder of AMLH, but before any Junior Stock holder, each share of Series B preferred stock will be entitled to be paid out of the assets available for distribution, \$100 per share, plus all accrued unpaid dividends calculated through the date of liquidation.

Voting Rights. Each holder of outstanding shares of Series B Preferred Stock shall be entitled to the number of votes equal to the number of whole shares of Common Stock into which the shares of Series B Preferred Stock held by such holder are convertible (as adjusted from time to time) at each meeting of stockholders of the Company (and written actions of stockholders in lieu of meetings) with respect to any and all matters presented to the stockholders of the Company for their action or consideration. Except as provided by law, or by the provisions of Subsection 3(b) of the certificate of designation of Series B, or by the provisions establishing any other series of Preferred Stock, Holders of Series B Preferred Stock and of any other outstanding series of Preferred Stock shall vote together with the holders of Common Stock as a single class.

Redemption. AMLH has the right to redeem all or part of the outstanding Series B preferred stock at any time after five years from the date of issue. The Series B preferred stock will be redeemed at a price per share equal to \$100 per share, plus all accrued unpaid dividends, calculated through the date of redemption.

Conversion. Each share of Series B Preferred Stock shall be convertible, at the option of the holder thereof, at one time, into such number of paid and non-assessable shares of Common Stock (the "Conversion Rate") calculated by dividing the Liquidation Value by the Market Price (as defined herein) but such Conversion Rate shall not be greater than twenty (20) (the "High Conversion Rate") and not less than twelve and one-half (12.5) (the Low Conversion rate").

The term "Market Price" shall mean, with respect to a share of Common Stock on any date, either: (1) if there shall not then be a public market for the Common Stock, the fair market value per share of Common Stock as determined by the Board of Directors in good faith exercising its fiduciary duties; or (2) if there shall then be a public market for the Common Stock, the average of the Daily Market Prices (as defined below) for the ten (10) consecutive Trading Days immediately prior to the Conversion Date.

No fractional shares of Common Stock shall be issued upon conversion of the Series B Preferred Stock. In lieu of fractional shares, the Company shall pay cash equal to such fraction multiplied by the quotient of the Liquidation Value divided by the Conversion Rate.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

Mandatory Conversion. Each share of Series B Preferred Stock shall be automatically converted into such number of paid and non-assessable shares of Common Stock on the date six (6) months after the Company has listed its Common Stock for trading on the American Stock Exchange (the "Automatic Conversion Date") at the Conversion Rate determined on the Automatic Conversion Date.

Series C Preferred Stock

AMLH has designated 28,000 shares of Series C convertible preferred stock, par value \$0.01 per share. No shares of Series C convertible preferred stock were outstanding on December 31, 2002. 27,189 of these shares were issued on January 29, 2003 and are outstanding at June 30, 2003.

Ranking. The Series C Preferred Stock ranks on parity with Series A Preferred Stock and senior to common stock and any other series of preferred stock except Series A as to dividends and liquidation preference.

Dividends. If declared by the board of directors of AMLH, dividends on each share of the Series C preferred stock will be paid annually at an annual rate of 4% of the liquidation preference per share. Dividends will be payable in preference and priority to any payment of any cash dividend on Common Stock or any other shares of capital stock of the Company junior in priority to the Series C Preferred Stock (such Common Stock and other inferior stock being collectively referred to as "Junior Stock"), Any unpaid dividends will accrue and are cumulative.

Liquidation Preference. Upon liquidation, dissolution or winding up of AMLH, and before payment of any amount due to any Junior Stock, each share of Series C preferred stock will be entitled to be paid out of assets available for distribution \$100, plus all accrued unpaid dividends calculated through the date of liquidation.

Voting Rights. Each holder of outstanding shares of Series C Preferred Stock shall be entitled to the number of votes equal to the number of whole shares of Common Stock into which the shares of Series C Preferred Stock held by such holder are convertible (as adjusted from time to time) at each meeting of stockholders of the Company (and written actions of stockholders in lieu of meetings) with respect to any and all matters presented to the stockholders of the Company for their action or consideration. Except as provided by law, or by the provisions of Subsection 3(b) of the certificate of designation of Series C, or by the provisions establishing any other series of Preferred Stock, holders of Series C Preferred Stock and of any other outstanding series of Preferred Stock shall vote together with the holders of Common Stock as a single class.

Redemption. If, on or after the date five (5) years after the Original Issue Date, any shares of Series C Preferred Stock shall be then outstanding, the Company shall have the right to redeem (unless otherwise prevented by law) all (but not less than all) such outstanding shares at an amount per share equal to the Liquidation Value plus an amount equal to accrued but unpaid dividends, if any, to the date of redemption on such share.

Mandatory Redemption. If, on or after the date five (5) years after the Original Issue Date, any shares of Series C Preferred Stock shall be then outstanding, one or more holders of the then-outstanding shares of Series C Preferred Stock ("Electing Holders") shall have the right to require the Company to redeem all (but not less than all) such outstanding shares held by such holder; provided, however, that in the event that less than 4,770 shares of Series C Preferred Stock shall have been converted into Common Stock prior to the date that is five

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

(5) years from the Original Issue Date that such right to require the redemption of the Series C Preferred Stock shall arise on and after the date that is six (6) years from the Original Issue Date.

Conversion. Each share of Series C Preferred Stock shall be convertible, at the option of the holder thereof, in amounts of not less than 1000 share increments, into such number of paid and non-assessable shares of Common Stock (the "Conversion Rate") calculated by dividing the Liquidation Value by the Market Price but such Conversion Rate shall not be greater than twenty (20) (the "High Conversion Rate") and not less than twelve and one-half (12.5) (the "Low Conversion Rate"). The term "Market Price" shall mean, with respect to a share of Common Stock on any date, either: (1) if there shall not then be a public market for the Common Stock, the fair market value per share of Common Stock as determined by the Board of Directors in good faith exercising its fiduciary duties; or (2) if there shall then be a public market for the Common Stock, the average of the Daily Market Prices (as defined below) for the ten (10) consecutive Trading Days immediately prior to the Conversion Date.

No fractional shares of Common Stock shall be issued upon conversion of the Series C Preferred Stock. In lieu of fractional shares, the Company shall pay cash equal to such fraction multiplied by the quotient of the Liquidation Value divided by the Conversion Rate.
