Part III - Narrative

As reported in Registrant's Form 8-K filed on February 6, 2008, VoIP, Inc. (the "Company") reorganized its operations, and eliminated most of its workforce and suspended all of its telecommunications network operations. Due to the Company's staffing constraints, management has been unable to complete its 2007 Form 10-KSB filing.

(2) Have all other periodic reports required under section 13 or 15(d) of the Securities Exchange Act of 1934 or section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).

Yes No

(3) Is it anticipated that any significant change in result of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As a result of the Company's reorganization discussed in Part III above, it expects to write off all of its goodwill and other intangible assets, and most of its property and equipment, totaling approximately \$28 million, in its 2007 results of operations. This, coupled with significantly higher interest and financing expenses in 2007 versus 2006, will result in the Company reporting a significantly higher net loss for the quarter and year ended December 31, 2007 than the net loss reported for the corresponding 2006 periods.

Registrant has caused this notification to be signed on its behalf thereunto duly authorized.
