### Our Company

We are a Delaware holding company whose China-based operating subsidiaries are primarily engaged in the manufacture and sale of high precision cold-rolled steel products and in the provision of heat treatment and cutting of medium and high carbon hot-rolled steel strips. We are headquartered in Sheung Wan, Hong Kong.

We became a public company in May 1997 through a reverse merger with SSI Capital Corporation. At that time, we changed our name to OraLabs Holding Corp. and our principal business was the production and sale of consumer products relating to oral care and lip care and the distribution of nutritional supplements through our wholly-owned subsidiary, OraLabs, Inc. In December 2006, we merged with Partner Success Holdings Limited, or PSHL, a British Virgin Islands business company which owns Chengtong. In connection with that transaction, we subsequently redeemed all of the shares of our outstanding common stock owned by our former President, Gary Schlatter, in exchange for all of the issued shares of OraLabs, Inc. Thereafter, we renamed ourselves China Precision Steel, Inc. to reflect our continuing operations.

Through our wholly-owned operating subsidiaries, Shanghai Chengtong Precision Strip Company Limited, or Chengtong, and Shanghai Blessford Alloy Company Limited, or Shanghai Blessford, we are a niche and high value-added steel processing company. We use commodity steel to create a specialty premium steel intended to yield above-average industry gross margins. Specialty precision steel pertains to the precision of measurements and tolerances of thickness, shape, width, surface finish and other special quality features of highly-engineered end-use applications. We manufacture and sell precision ultra-thin and high strength cold-rolled steel products with thicknesses ranging from 7.5 mm to 0.03 mm. We also provide heat treatment and cutting and slitting of cold-rolled steel strips not exceeding 7.5 mm thickness. Our process puts hot-rolled de-scaled (pickled) steel coils through a cold-rolling mill, utilizing our patented systems and high technology reduction processing procedures, to make steel coils and sheets in customized thicknesses, according to customer specifications. Currently, our specialty precision products are mainly used in the manufacture of automobile parts and components, steel roofing, plane friction discs, appliances, food packaging materials, saw blades, textile needles and microelectronics.

Most of our sales are made domestically in China, however, over the course of the past two years, we have begun to alter our product mix to meet market demands in our primary market, as well as to expand into overseas markets. During fiscal 2007, we began exporting our cold-rolled steel products to Nigeria, Thailand, Indonesia and the Philippines. We intend to expand into additional overseas markets in the future, subject to suitable market conditions and favorable regulatory controls. We continue to focus on the production of higher margin products, although we have increased production of certain of our lower margin products due to market demand. These changes in our strategy have created increased capital requirements as we have sought to construct additional rolling mills to accommodate our planned growth.

Our market is highly competitive, although we have focused on a niche market that allows us to compete effectively as we continue to grow our business. We face significant competition for raw materials, especially crude steel, and our financial results may be impacted by changes in the market prices for these materials. Given our size, we do not have the ability to influence the prices at which we must purchase raw materials. However, the nature of our products

enables us to pass on all or part of the price fluctuations in raw materials to our customers.

As of June 30, 2008, we had an annual production capacity of approximately 120,000 tons. Our second cold-rolling mill, which has been operating since October 2006 with a production design capacity of 120,000 tons, has an approximately 50% utilization rate as of June 30, 2008, and is expected to reach 80% to 90% capacity by the end of calendar year 2009. We commenced construction of our third mill in the last quarter of calendar year 2008, which we expect will have an equivalent design capacity. Each mill takes approximately three to four years to reach full operating capacity. The second and third mills will focus on the production of high carbon, high strength cold-rolled steel products and the production of more complex precision steel products that cannot be manufactured in our first rolling mill. Our first rolling mill, which has an operating capacity of 60,000 to 70,000 tons depending on the thickness of the steel processed, will continue to primarily manufacture low carbon precision cold-rolled steel products.

During the fiscal years ended June 30, 2008, 2007 and 2006, we earned net income before discontinued operations of \$18,583,111, \$7,472,661, and \$7,514,101, respectively. The discontinued operations represent those of OraLabs, Inc. which was spun off from the Company in December of 2006. At June 30, 2008, we had total assets of \$165,535,370. Chengtong and Shanghai Blessford currently have approximately 283 employees, including 45 senior management and technical staff members, and leases 20,000 square meters of production facilities in Jiading District, Shanghai, on four acres of property.

### RISK FACTORS

We operate in a highly competitive environment in which there are numerous factors which can influence our business, financial position or results of operations and which can also cause the market value of our securities to decline. Many of these factors are beyond our control and therefore, are difficult to predict. You should read the section entitled "Risk Factors" in our most recent Annual Report on Form 10-K and our most recent Quarterly Reports on Form 10-Q, which are incorporated herein by reference. That section discusses what we believe to be the principal risks that could affect us, our business or our industry, and which could result in a material adverse impact on our financial results or cause the market price of our common stock to fluctuate or decline. However, there may be additional risks and uncertainties not currently known to us or that we presently deem immaterial that could also affect our business operations and the market value of our securities.

### SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains and incorporates "forward-looking statements" within the meaning of Section 27A of the United States Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the United States Securities Exchange Act of 1934, as amended, or the Exchange Act. Any statements about our expectations, beliefs, plans, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. These statements are often, but not always, made through the use of words or phrases like "anticipate," "estimate," "plans," "projects," "continuing," "ongoing," "target," "expects," "management believes," "we believe," "we may," "we will," "we should," "we seek," "we plan," the negative of those terms, and similar words or phrases. We base these forward-looking statements on our expectations, assumptions, estimates and projections about our business and the industry in which we operate as of the date of this prospectus. These forward-looking statements are subject to a number of risks and uncertainties that cannot be predicted, quantified or controlled and that could cause actual results to differ materially from those set forth in, contemplated by, or underlying the forward-looking statements. Statements in this prospectus and in documents incorporated into this prospectus, including those set forth below in "Risk Factors," describe factors, among others, that could contribute to or cause these differences.

Because the factors discussed in this prospectus or incorporated by reference could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements made by us or on our behalf, you should not place undue reliance on any such forward-looking statements. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of

unanticipated events. New factors emerge from time to time, and it is not possible for us to predict which will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

#### USE OF PROCEEDS

Except specified otherwise in any prospectus supplement, we expect to use the net proceeds from the sale of the securities offered hereby to finance our growth plans including possible acquisitions and/or to fund the future expansion of our existing manufacturing facilities, as well as for general working capital purposes. Pending these uses, we plan to invest the net proceeds in investment-grade, interest-bearing securities.

## RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table shows our ratio of earnings to combined fixed charges and preferred stock dividends for the periods indicated:

	Nine Months Ended March 31, 2009	Years Ended June 30,		2006	2005	2004
		2008	2007			
Ratio of earnings to combined fixed charges and preferred stock dividends:						
Including deposit interest	(1.51)	16.50	7.93	9.06	14.62	1.84
Excluding deposit interest	(1.58)	16.26	7.84	9.06	14.62	1.84

We have computed the ratio of earnings to combined fixed charges and preferred stock dividends set forth above by dividing earnings from continuing operations by fixed charges. For the purpose of determining the ratios, earnings include pre-tax income from continuing operations, extraordinary charges and changes in accounting principles plus fixed charges (excluding capitalized interest). Fixed charges consist of the sum of interest on all indebtedness (including capitalized interest), interest expense on deposits, as applicable, and interest within rental expense, which is estimated to be one-third of rental expense. We do not have any preferred stock issued and outstanding.

## DESCRIPTION OF SECURITIES

The following description, together with the additional information included in any applicable prospectus supplement, summarizes the material terms of our securities that may be offer under this prospectus. For a complete description of the terms of our common stock and preferred stock, please refer to our certificate of incorporation and our amended and restated by-laws, each of which are incorporated by reference into the registration statement which includes this prospectus. The terms of our common and preferred stock may also be affected by the General Corporation Law of Delaware. We will also include in the prospectus supplement, where applicable, information about material United States federal income tax considerations relating to our securities. See "Where You Can Find More Information."

## Common Stock

We are authorized to issue up to 62,000,000 shares of common stock, par value \$0.001. As of May 15, 2009, there were 46,562,953 shares of our common stock outstanding held by approximately 874 stockholders. Holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of stockholders and do not have cumulative voting rights. Accordingly, holders of a majority of the shares of common stock entitled to vote in any election of directors may elect all of the directors standing for election. Holders of our common stock are entitled to receive proportionately any dividends as may be declared by our board of directors. Upon our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive proportionately our net assets available for distribution after the payment of all debts and other liabilities. Holders of our common stock have no preemptive, subscription, redemption or conversion rights. Our common stock is traded on The NASDAQ Capital Market under the symbol "CPSL."

All of our issued and outstanding shares of common stock are duly authorized, validly issued, fully paid and nonassessable. The rights, preferences and privileges of holders of our common stock are subject to and may be

adversely affected by, the rights of the holders of shares of any series of preferred stock which we may, subject to stockholder approval, authorize, designate and issue in the future. To the extent that additional shares of our common stock are issued, the relative interests of existing stockholders will be diluted.

#### Preferred Stock

We are authorized to issue up to 8,000,000 shares of preferred shares, par value \$0.001, issuable in series. No shares of preferred stock are currently outstanding. Our board of directors is authorized, subject to limits imposed by relevant Delaware laws, to issue shares of preferred stock in one or more classes or series within a class upon authority of the board without further stockholder approval. Any preferred stock issued in the future may rank senior to the common stock with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up of us, or both. In addition, any such shares of preferred stock may have class or series voting rights.

If we offer a specific series of preferred stock under this prospectus, we will describe the terms of the preferred stock in the prospectus supplement for such offering and will file a copy of the certificate establishing the terms of the preferred stock with the SEC. To the extent required, this description will include:

- the title and stated value;
- the number of shares offered, the liquidation preference per share and the purchase price;
- the dividend rate(s), period(s) and/or payment date(s), or method(s) of calculation for such dividends;
- whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends will accumulate;

  - voting rights, if any, of the preferred stock;

#### Warrants

We may issue warrants to purchase preferred stock and/or common stock. We may issue the warrants under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as described in the prospectus supplement. If we issue the warrants under warrant agreements, the warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. We will describe the particular terms of any warrants that we offer in the prospectus supplement relating to those warrants.

The applicable prospectus supplement will contain, where applicable, the following terms of, and other information relating to, the warrants:

- any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

#### Units

We may issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The applicable prospectus supplement may describe:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and
  - any additional terms of the governing unit agreement.

The applicable prospectus supplement will describe the terms of any units. The preceding description and any description of units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the unit agreement and, if applicable, collateral arrangements and depositary arrangements relating to such units.

#### Anti-takeover Effects of Our Certificate of Incorporation and By-laws

Our Certificate of Incorporation and By-laws, as well as Delaware corporate law, contain provisions that could delay or prevent a change of control or changes in our management that a stockholder might consider favorable and may prevent you from receiving a takeover premium for your shares. These provisions include, for example: (i) our certificate of incorporation provides that only our Chairman or any three (3) board members may call a special meeting of stockholders; (ii) our Certificate of Incorporation cannot be amended unless our board of directors recommends the amendment; (iii) our stockholders cannot increase the size of our board of directors to more than nine (9) without the approval of the board of directors; (iv) our board of directors is authorized to issue up to 8,000,000 preferred shares without a stockholder vote; and (v) our stockholders may not remove members from our

board of directors except for cause.

We are a Delaware corporation subject to the provisions of Section 203 of the Delaware General Corporation Law, an anti-takeover law. Generally, this statute prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder (generally, persons who beneficially own 15% or more of our outstanding voting stock), for a period of three years after the date of the transaction in which such person became an interested stockholder, unless the business combination is approved in a prescribed manner. A business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the stockholder. We anticipate that the provisions of Section 203 may encourage parties interested in acquiring us to negotiate in advance with our board of directors, because the stockholder approval requirement would be avoided if a majority of the directors then in office approve either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions apply even if the offer may be considered beneficial by some of our stockholders.

## Transfer Agent and Registrar

The transfer agent and registrar for our securities is Corporate Stock Transfer, Inc., 3200 Cherry Creek Drive South, Suite 430, Denver, Colorado 80209, and its telephone number is (303) 282-4800.

## PLAN OF DISTRIBUTION

We may sell the securities from time to time pursuant to underwritten public offerings, negotiated transactions, block trades or a combination of these methods. We may sell the securities (1) through underwriters (2) through agents (3) directly to agents; (4) to or through broker dealers; and (5) through a combination of any such methods of sale.

We may distribute the securities from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

We may also sell the securities offered by this prospectus in “at the market offerings” within the meaning of Rule 415(a)(4) of the Securities Act, to or through market maker or into an existing trading market, on an exchange or otherwise.

We may solicit directly offers to purchase the securities being offered by this prospectus. We may also designate agents to solicit offers to purchase the securities from time to time. We will name in a prospectus supplement any agent involved in the offer or sale of our securities.

If we utilize a dealer in the sale of the securities being offered by this prospectus, we will sell these securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

If we utilize an underwriter in the sale of the securities being offered by this prospectus, we will execute an underwriting agreement with the underwriter at the time of sale and we will provide the name of any underwriter in the prospectus supplement that the underwriter will use to make resales of the common stock, preferred stock, warrants and units to the public. In connection with the sale of the securities, we, or the purchasers of securities for whom the underwriter may act as agent, may compensate the underwriter in the form of underwriting discounts or commissions. The underwriter may sell the common stock, preferred stock, warrants and units to or through dealers, and the underwriter may compensate those dealers in the form of discounts, concessions or commissions.

We will provide in the applicable prospectus supplement any compensation we pay to underwriters, dealers or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers. Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act of 1933 and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We may enter into agreements to indemnify underwriters, dealers and agents against civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect thereof. The underwriters, dealers and agents may engage in other transactions with us, or perform services for us, in the ordinary course of business.

Any underwriter may engage in over-allotment, stabilizing and syndicate short covering transactions and penalty bids in accordance with Regulation M of the Exchange Act. Over-allotment involves sales in excess of the offering size,

which creates a short position. Stabilizing transactions involve bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate short covering transactions involve purchases of securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the underwriters to reclaim selling concessions from dealers when the securities originally sold by such dealers are purchased in covering transactions to cover syndicate short positions. These transactions may cause the price of the securities sold in an offering to be higher than it would otherwise be. These transactions, if commenced, may be discontinued by the underwriters at any time.

Our common stock currently is traded on the NASDAQ Capital Market. Any shares of our common stock sold pursuant to a prospectus supplement also will be traded on the NASDAQ Capital Market or on an exchange on which our common stock offered is then listed, subject (if applicable) to official notice of issuance. We are not obligated to maintain our listing on the NASDAQ Capital Market. Any underwriters to whom we sell our securities for public offering and sale may make a market in the securities that they purchase, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice.

The anticipated date of delivery of the securities offered hereby will be set forth in the applicable prospectus supplement relating to each offering.

## INFORMATION NOT REQUIRED IN PROSPECTUS

## Item 14. Other Expenses of Issuance and Distribution.

The following is a statement of estimated costs and expenses to be paid by us in connection with the issuance and distribution of the securities being registered hereby:

	Amount to be Paid*
SEC Registration Fee(1)	\$ 1,572
Accounting Fees and Expenses	\$ 15,000
Legal Fees and Expenses	\$ 15,000
Printing Fees and Expenses	\$ 5,000
Miscellaneous	\$ 2,000
Total	\$ 38,572

\* All amounts shown, except the SEC registration fee, are estimated and may vary based upon, among other things, the number of issuances and the amount of securities offered. We will pay all of these expenses.

(1) Represents \$1,572 previously paid in connection with Registration Statement No. 333-156504.

## Item 15. Indemnification of Directors and Officers.

Section 145 of the General Corporation Law of the State of Delaware permits a corporation, under specified circumstances, to indemnify its directors, officers, employees or agents against expenses (including attorneys' fees), judgments, fines and amounts paid in settlements actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties by reason of the fact that they were or are directors, officers, employees or agents of the corporation, if such directors, officers, employees or agents acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reason to believe their conduct was unlawful. In a derivative action, i.e., one by or in the right of the corporation, indemnification may be made only for expenses actually or reasonably incurred by directors, officers, employees or agents in connection with the defense or settlement of an action or suit, and only with respect to a matter as to which they have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made if such person shall have been adjudged liable to the corporation, unless and only to the extent that the court in which the action or suit was brought shall determine upon application that the defendant directors, officers, employees or agents are fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Our certificate of incorporation states that our directors will not have personal liability for monetary damages for any breach of fiduciary duty as a director, except to the extent that the Delaware General Corporation Law prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty. We also carry liability insurance covering each of our directors and officers.

Our bylaws require us to indemnify our former and current directors and officers of the Company against expenses incurred in any action brought against those persons as a result of their role with the Company, to the fullest extent permitted by law. Our board of directors has the discretion to indemnify other persons acting in their capacity as

authorized representatives of the Company to the same extent. Similarly, we may, in some circumstances, advance to a person potentially eligible for indemnification the expenses incurred in defending such an action.

Insofar as indemnification by us for liabilities arising under the Securities Act may be permitted to our directors, officers or persons controlling the company pursuant to provisions of our articles of incorporation and bylaws, or otherwise, we have been advised that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. In the event that a claim for indemnification by such director, officer or controlling person of us in the successful defense of any action, suit or proceeding is asserted by such director, officer or controlling person in connection with the securities being offered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

II-2

---

The majority of our directors and all of our executive officers reside outside the United States. In addition, our principal executive office is located in Hong Kong. Outside the United States, it may be difficult for investors to enforce judgments obtained against the Company, our director or our officers in actions brought in the United States, including actions predicated upon the civil liability provisions of U.S. federal securities laws.

At the present time, there is no pending litigation or proceeding involving a director, officer, employee or other agent of ours in which indemnification would be required or permitted. We are not aware of any threatened litigation or proceeding, which may result in a claim for such indemnification.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

II-3

---

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement,

provided, however, that subsections (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those subsections is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(5) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(6) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into

the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(7) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

II-4

---

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
  - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
  - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
  - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

- (9) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
