PROXY STATEMENT
FOR THE 2011 ANNUAL MEETING OF STOCKHOLDERS

June 28, 2011

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We are sending you these proxy materials because the Board of Directors (the “Board”) of Gran Tierra Energy Inc. (“Gran Tierra”) is soliciting your proxy to vote at the 2011 annual meeting of stockholders, including at any adjournments or postponements of the annual meeting. You are invited to attend the annual meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the annual meeting to vote your shares. Instead, if you are a stockholder of record of our common stock, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or through the internet. See “How do I vote” below for further information on how to vote, including if you hold our common stock through a broker in “street name” or hold exchangeable shares.

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials over the internet. We are sending to our stockholders of record the proxy materials, including this proxy statement and an annual report to stockholders. We intend that our stockholders who hold their stock in “street name” will receive a Notice of Internet Availability of Proxy Materials (the “Notice”). All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice.

We intend to mail the proxy materials on or about May 11, 2011 to all stockholders of record entitled to vote at the annual meeting. We expect that the Notice will be sent to stockholders who hold their stock in “street name” on or about that same date.

Will I receive any other materials by mail?

If you are sent a Notice, you may be sent a proxy card, along with a second Notice, on or after May 21, 2011.

How do I attend the annual meeting?

The meeting will be held on Tuesday, June 28, 2011 at 3:00 p.m. (Calgary time) at the Calgary Petroleum Club, Devonian Room, 319 Fifth Avenue S.W., Calgary, Alberta T2P 0L5 Canada. Directions to the annual meeting may be found at www.grantierra.com. Information on how to vote in person at the annual meeting is discussed below.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 29, 2011 will be entitled to vote at the annual meeting. On this record date, there were 260,253,351 shares of common stock outstanding and entitled to vote, one share of Special A Voting Stock, and one share of Special B Voting Stock. On the record date, the one share of Special A Voting Stock was entitled to 7,811,112 votes, which equals the number of shares of common stock issuable upon exchange of exchangeable shares of Gran Tierra Goldstrike Inc. that were issued in connection with the transaction between the former stockholders of Gran Tierra Energy Inc., an Alberta corporation (“Gran Tierra Canada”), and Goldstrike, Inc. (the “Goldstrike Exchangeable Shares”). On the record date, the one share of Special B Voting Stock was entitled to 8,998,069 votes, which equals the number of shares of common stock issuable upon exchange of exchangeable shares of Gran Tierra Exchangeco Inc. that were issued in connection with the transaction between the former stockholders of Solana Resources Limited, an Alberta corporation (“Solana”), and Gran Tierra (the “Solana Exchangeable Shares” and together with the Goldstrike Exchangeable Shares, the “Exchangeable Shares”).

Stockholders of Record: Shares Registered in Your Name

If on April 29, 2011 your shares were registered directly in your name with Gran Tierra’s transfer agent, Computershare Trust Company, N.A., then you are a stockholder of record. As a stockholder of record, you may vote in person at the annual meeting or vote by proxy. Whether or not you plan to attend the annual meeting, we urge you to fill out and return the proxy mailed to you or vote by proxy by telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 29, 2011 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice, and/or these proxy materials if you have received them, are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you request and obtain a valid proxy from your broker or other agent.

Stockholders Holding Exchangeable Shares

Holder of Goldstrike Exchangeable Shares are receiving these proxy materials which relate solely to the annual meeting of Gran Tierra and are being delivered in accordance with the provisions of the Goldstrike Exchangeable Shares and the Voting Exchange and Support Agreement dated November 10, 2005 (the “Goldstrike Voting Exchange Agreement”) among Goldstrike Inc., 1203647 Alberta Inc., Gran Tierra Goldstrike Inc. and Olympia Trust Company (the “Goldstrike Trustee”). The Goldstrike Exchangeable Shares are the economic equivalent to the shares of common stock of Gran Tierra. In accordance with the Goldstrike Voting Exchange Agreement, holders of Goldstrike Exchangeable Shares are entitled to instruct the Goldstrike Trustee as to how to vote their Goldstrike Exchangeable Shares. The Goldstrike Trustee holds the one outstanding share of our Special A Voting Stock, which is entitled to as many votes as there are outstanding Goldstrike Exchangeable Shares on the record date, and may only vote the one share of Special A Voting Stock as directed by the holders of Goldstrike Exchangeable Shares. Holders of Goldstrike Exchangeable Shares who do not hold their Goldstrike Exchangeable Shares in their own name are not entitled to instruct the Goldstrike Trustee as to how to exercise voting rights at the annual meeting. Only holders of Goldstrike Exchangeable Shares whose names appear on the records of Gran Tierra Goldstrike Inc. as the registered holders of Goldstrike Exchangeable Shares are entitled to instruct the Goldstrike Trustee as to how to exercise voting rights in respect of their Goldstrike Exchangeable Shares at the annual meeting. Holders of Goldstrike Exchangeable Shares may also obtain a proxy from the Goldstrike Trustee to vote their Goldstrike Exchangeable Shares at the annual meeting. Holders of Goldstrike Exchangeable Shares should follow the instructions sent to them by the Goldstrike Trustee in order to exercise their voting rights.

Holder of Solana Exchangeable Shares are receiving these proxy materials which relate solely to the annual meeting of Gran Tierra and are being delivered in accordance with the provisions of the Solana Exchangeable Shares and the Voting and Exchange Trust Agreement dated November 14, 2008 (the “Solana Voting Exchange Agreement”) among Gran Tierra, Gran Tierra Exchangeco Inc. and Computershare Trust Company of Canada (the “Solana Trustee”). The Solana Exchangeable Shares are the economic equivalent to the shares of common stock of Gran Tierra. In accordance with the Solana Voting Exchange Agreement, holders of Solana Exchangeable Shares are entitled to instruct the Solana Trustee as to how to vote their Solana Exchangeable Shares. The Solana Trustee holds the one outstanding share of our Special B Voting Stock, which is entitled to as many votes as there are outstanding Solana Exchangeable Shares on the record date, and may only vote the one share of Special B Voting Stock as directed by the holders of Solana Exchangeable Shares. Holders of Solana Exchangeable Shares who do not hold their Solana Exchangeable Shares in their own name are not entitled to instruct the Solana Trustee as to how to exercise voting rights at the annual meeting. Only holders of Solana Exchangeable Shares whose names appear on the records of Gran Tierra Exchangeco Inc. as the registered holders of Solana Exchangeable Shares are entitled to instruct the Solana Trustee as to how to exercise voting rights in respect of their Solana Exchangeable Shares at the annual meeting. Holders of Solana Exchangeable Shares may also obtain a proxy from the Solana Trustee to vote their Solana Exchangeable Shares at the annual meeting. Holders of Solana Exchangeable Shares should follow the instructions sent to them by the Solana Trustee in order to exercise their voting rights.

If on April 29, 2011 your Exchangeable Shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice, and these proxy materials if you have received them, are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of instructing your Trustee as to how to vote your Exchangeable Shares. As a beneficial owner, you have the right to direct your broker or other agent regarding how to instruct your Trustee as to how to vote your Exchangeable Shares.

What am I voting on?

There are four matters scheduled for a vote:

- Election of the Board's seven nominees for director to serve until the next annual meeting and their successors are duly elected and qualified;
- Advisory approval of the compensation of Gran Tierra's named executive officers, as disclosed in this proxy statement in accordance with SEC rules;
- Advisory indication of the preferred frequency of stockholder advisory votes on the compensation of Gran Tierra's named executive officers; and
- Ratification of selection by the Audit Committee of the Board of Deloitte & Touche LLP as the independent registered public accounting firm of Gran Tierra for its fiscal year ending December 31, 2011.

What if another matter is properly brought before the annual meeting?

The Board knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote "For" all the nominees to the Board or you may "Withhold" your vote for any nominee you specify. With regard to your advisory vote on how frequently we should solicit stockholder advisory approval of executive compensation, you may vote for any one of the following: one year, two years or three years, or you may abstain from voting on that matter. For each of the other matters to be voted on, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are fairly simple:

Stockholders of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy on the internet or by telephone, or vote by proxy using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the annual meeting and vote in person even if you have already voted by proxy.

Ø To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

Ø To vote using the proxy card, simply complete, sign and date the proxy card that may be delivered and return it promptly in the envelope provided. If you return your signed proxy card to us by 11:59 p.m. Eastern Time on June 27, 2011, we will vote your shares as you direct.

Ø To vote over the telephone, dial 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your vote must be received by 11:59 p.m. Eastern Time on June 27, 2011 to be counted.

Ø To vote on the internet, go to <http://www.proxyvote.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your vote must be received by 11:59 p.m. Eastern Time on June 27, 2011 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Gran Tierra. Simply follow the voting instructions in the Notice to ensure that your vote is counted. If you have received these proxy materials and voting instructions therein, simply complete and mail the voting instructions to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

Beneficial Owner: Exchangeable Shares

If you are a holder of Goldstrike Exchangeable Shares, you should have received voting instructions with these proxy materials from the Goldstrike Trustee, which is the holder of the one share of Special A Voting Stock. Follow the instructions from the Goldstrike Trustee, or contact the Goldstrike Trustee for further information. Instruments of proxy must be received by Olympia Trust Company, located at 2300, 125 - 9th Avenue S.E., Calgary, Alberta, T2G OP6, Canada, by 11:59 p.m. Calgary Time on June 24, 2011, or not less than 48 hours before the time for the holding of or any adjournment of the annual meeting. Follow the directions on the voting instruction form, which includes how voting instructions may be sent by facsimile transmission.

If you are a holder of record of Solana Exchangeable Shares, you should have received voting instructions with these proxy materials from the Solana Trustee, which is the holder of the one share of Special B Voting Stock. Follow the instructions from the Solana Trustee, or contact the Solana Trustee for further information. Instruments of proxy must be received by Computershare Trust Company of Canada, 600, 530 - 8th Avenue S.W. Calgary, Alberta T2P 3S8, Canada, by 11:59 p.m. Eastern Time on June 24, 2011 or not less than 48 hours before the time for the holding of or any adjournment of the annual meeting. Follow the directions on the voting instruction form.

If you are a beneficial owner of Exchangeable Shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Gran Tierra. Simply follow the voting instructions in the Notice to ensure that your vote is counted.

We provide telephone and internet proxy voting to allow you to vote your shares, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your telephone or internet access, such as usage charges from internet access providers.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 29, 2011. In addition, you have one vote for each Exchangeable Share held as of April 29, 2011, which are represented by the one share of Special A Voting Stock and one share of Special B Voting Stock of Gran Tierra, as applicable. Holders of Goldstrike Exchangeable Shares should follow the instructions sent to them by the Goldstrike Trustee and holders of Solana Exchangeable Shares should follow the instructions sent to them by the Solana Trustee in order to exercise their respective voting rights.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” the election of all seven nominees for director, “For” the advisory approval of executive compensation, “For” three years as the preferred frequency of advisory votes to approve executive compensation and “For” the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2011. If any other matter is properly presented at the annual meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

What if I am a holder of Exchangeable Shares and return a voting election but do not make specific choices?

If you return a signed and dated voting election without marking voting selections, your shares will not be voted.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees and Eagle Rock Proxy Advisors may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies, but Eagle Rock Proxy Advisors will be paid its customary fee of approximately \$5,500 plus out-of-pocket expenses if it solicits proxies for Gran Tierra. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice or more than one set of proxy materials?

If you receive more than one Notice or more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices or the instructions on the proxy cards in the proxy materials to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the annual meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

Ø You may submit another properly completed proxy card with a later date, or vote again by telephone or over the internet;

Ø You may send a timely written notice that you are revoking your proxy to Gran Tierra's Secretary at 300, 625-11th Avenue, S.W., Calgary, Alberta, T2R 0E1, Canada; or

Ø You may attend the annual meeting and vote in person. Simply attending the annual meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

If you are a holder of Goldstrike Exchangeable Shares, you should follow the instructions provided by the Goldstrike Trustee with respect to the Goldstrike Exchangeable Shares you hold, and if you are a holder of Solana Exchangeable Shares, you should follow the instructions provided by the Solana Trustee with respect to the Solana Exchangeable Shares you hold.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by January 12, 2012 to David Hardy at 300, 625-11th Avenue, S.W., Calgary, Alberta, T2R 0E1, Canada; provided, however, that if our 2012 annual meeting of stockholders is held before May 29, 2012 or after July 28, 2012, then the deadline is a reasonable amount of time prior to the date we begin to print and mail our proxy statement for the 2012 annual meeting of stockholders. If you wish to submit a proposal that is not to be included in Gran Tierra's proxy materials next year or to nominate a director next year, you must do so between March 30, 2012 and April 29, 2012, unless our 2012 annual meeting of stockholders is not held between May 29, 2012 and August 27, 2012, in which case notice must be delivered to Gran Tierra not earlier than the 90th day prior to the 2012 annual meeting and not later than the later of the 60th day prior to the 2012 annual meeting or the 10th day following the day on which Gran Tierra makes its first public announcement of the 2012 annual meeting date. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the annual meeting, who will separately count, for the proposal to elect directors, votes “For,” “Withhold” and broker non-votes; with respect to the proposal regarding frequency of stockholder advisory votes to approve executive compensation, votes for frequencies of one year, two years or three years, abstentions and broker non-votes; and, with respect to other proposals, votes “For” and “Against,” abstentions and, if applicable, broker non-votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are “broker non-votes”?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of the New York Stock Exchange (“NYSE”), “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested) and, for the first time, under a new amendment to the NYSE rules, executive compensation, including the advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation. Proposals 1, 2 and 3 are all “non-routine” matters, and Proposal 4 is a “routine” matter.

How many votes are needed to approve each proposal?

Ø Proposal No. 1, the election of directors: the seven nominees receiving the most “For” votes (from the holders of votes of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Only votes “For” will affect the outcome.

Ø Proposal No. 2, advisory approval of the compensation of Gran Tierra’s named executive officers: will be approved if it receives “For” votes from the holders of a majority of shares either present in person or represented by proxy and entitled to vote. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes will have no effect.

Ø For Proposal No. 3, the advisory vote on the frequency of stockholder advisory votes on executive compensation: the frequency receiving the votes of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the annual meeting will be considered the frequency preferred by the stockholders. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes will have no effect.

Ø Proposal 4, the ratification of the selection of Deloitte & Touche LLP as Gran Tierra's independent registered public accounting firm for fiscal year ending December 31, 2011: will be approved if it receives more "For" votes than "Against" votes. Abstentions will have the same effect as "Against" votes.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding outstanding shares of Gran Tierra's capital stock representing at least a majority of the total number of votes are present at the annual meeting in person or represented by proxy. On the record date, there were 277,062,532 votes that could be cast. Those votes were represented by 260,103,351 shares of common stock outstanding and entitled to vote and 16,809,181 shares of common stock issuable upon exchange of the Exchangeable Shares and therefore entitled to vote through the one share of Special A Voting Stock and one share of Special B Voting Stock. Thus, holders of outstanding shares representing at least 138,531,267 votes must be present in person or represented by proxy at the annual meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the annual meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the Chairman of the annual meeting or the holders of a majority of shares present at the annual meeting in person or represented by proxy must adjourn the annual meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the annual meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What proxy materials are available on the internet?

The proxy statement and annual report to stockholders are available at www.proxyvote.com, <https://materials.proxyvote.com> and www.grantierra.com.

Proposal 1

Election Of Directors

Gran Tierra's Board consists of seven directors. There are seven nominees for director this year. Each director to be elected and qualified will hold office until the next annual meeting of stockholders and until his successor is elected, or, if sooner, until the director's death, resignation or removal. Each of the nominees listed below, except for Mr. Gerald Macey, is currently a director of Gran Tierra who was previously elected by the stockholders. Mr. Macey was recommended for election to Gran Tierra's Board by Mr. Jeffrey Scott, the Chairman of the Board of Directors and a non-management director of Gran Tierra. It is Gran Tierra's policy to invite nominees for directors to attend the annual meeting. Six out of the seven directors attended the 2010 Annual Meeting of Stockholders (Mr. Macey did not attend, as he was not yet a director or a nominee for director at the time).

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The seven nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the seven nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by Gran Tierra. Each person nominated for election has agreed to serve if elected. Gran Tierra's management has no reason to believe that any nominee will be unable to serve.

Nominees

The following is a brief biography of each nominee for director, his age on April 15, 2011, and a discussion of the specific experience, qualifications, attributes or skills of each nominee that led the Nominating and Corporate Governance Committee to recommend that person for reelection as a director, as of the date of this proxy statement.

Other Information

Jeffrey J. Scott entered into a settlement agreement with the Alberta Securities Commission (ASC) on February 6, 2009 with respect to allegations that Mr. Scott, along with certain other directors of High Plains Energy Inc. ("High Plains") acted contrary to the public interest in connection with their inadequate rectification of incorrect production information disclosed to the public in press releases issued by High Plains between July 2005 and January 2006. Mr. Scott admitted that he had acted contrary to the public interest by failing to: (i) disclose High Plains' actual production for the period of July to November 2005, with comparative references to the untrue figures disclosed for those months in the press releases disseminated during that period; (ii) compare the actual production rates for December 2005 and January 2006 with the untrue figures disclosed in the press releases for those months; and (iii) ensure that High Plains disclosed in a timely manner that the accuracy of its earlier disclosures of the monthly production was questionable and under review by High Plains. Mr. Scott and each of the other respondents to the settlement agreement were ordered to pay \$25,000 to the ASC of which \$5,000 was a payment towards investigation costs. The ASC noted in the settlement agreement that Mr. Scott and the other directors were provided with false information by management of High Plains with respect to production levels, and thus had no knowledge of the untrue statements in certain press releases issued by management in late 2005, until January 30, 2006, at the earliest. The ASC also noted that each of the subject directors, upon being made aware of the potential problem with High Plains' reported production, made substantial efforts and committed significant amount of time in a good faith effort to resolving the problems and determining High Plains' actual production and noted that none of the subject directors had been previously sanctioned by the Commission, and each cooperated fully with staff in its investigation.

As a result of the above the TSX Venture Exchange ("TSVE") and the Toronto Stock Exchange ("TSX") conducted their own reviews as to Mr. Scott's acceptability to serve as a director or officer of any respective exchange-listed issuer. They determined that Mr. Scott must obtain written approval prior to occupying such post and the TSXV determined that he should complete a half-day workshop "Simplifying Timely Disclosures", which he successfully completed on April 26, 2010, and further that any TSXV-listed company on whose board he sits implement a written disclosure policy.

Except as described above, our above-listed directors have neither been convicted in any criminal proceeding during the past ten years nor been parties to any judicial or administrative proceeding during the past ten years that resulted in a judgment, decree or final order enjoining them from future violations of, or prohibiting activities subject to, federal or state securities laws or a finding of any violation of federal or state securities law or commodities law. Similarly, no bankruptcy petitions have been filed by or against any business or property of any of our directors or officers, nor has any bankruptcy petition been filed against a partnership or business association in which these persons were general partners or executive officers.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of the Board of Directors

Gran Tierra follows the listing standards of the NYSE Amex. As required under the NYSE Amex listing standards, a majority of the members of a listed company's board of directors must qualify as "independent," as affirmatively determined by the board of directors. The Board consults with Gran Tierra's counsel to ensure that the Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in the NYSE Amex listing standards, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his family members, and Gran Tierra, its senior management and its independent auditors, the Board has affirmatively determined that the following six of seven directors are independent directors within the meaning of the applicable NYSE Amex listing standards: Messrs. Antony, Johnson, Kirton, Macey, Price and Scott. In making this determination, the Board found that none of these directors or nominees for director had a material or other disqualifying relationship with Gran Tierra. Dana Coffield, Gran Tierra's President and Chief Executive Officer, is not an independent director by virtue of his employment with Gran Tierra.

Board Leadership Structure

Gran Tierra's Chairman of the Board is an independent director. The Board of Directors has determined that this leadership structure is an appropriate structure for Gran Tierra because of the added experience and leadership provided to the company from having separate individuals perform the Chairman and Chief Executive Officer function. Gran Tierra believes that having an independent Chairman of the Board also adds an extra level of independence to the board as a whole, and increases the ability and credibility of the board in its management oversight functions.

Role of the Board in Risk Oversight

Gran Tierra's management is responsible for assessing the risks facing Gran Tierra and evaluating such risks, and the Board provides an oversight role with respect to risk management. At the direction of the Board, at each quarterly meeting of the Board management makes a presentation to the Board regarding the higher level risks facing Gran Tierra, as well as the actions being taken to ameliorate these risks. The Board then gives direction and guidance to management as to the risks presented and the actions proposed, and reassesses at the next quarterly meeting of the Board.

Meetings of the Board of Directors

The Board met 12 times during the last fiscal year as an entire board. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he served, held during the last fiscal year for which he was a director or committee member. As required under the NYSE Amex listing standards, in fiscal 2010, Gran Tierra's independent directors met in regularly scheduled executive sessions at which only independent directors were present.

Information Regarding Committees of the Board of Directors

The Board has four standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and a Reserves Committee. The following table provides membership and meeting information for fiscal year 2010 for each committee of the Board:

| Name | Audit | Compensation | Nominating and Corporate Governance | Reserves |

* Committee Chairperson

** Mr. Dawson resigned as a director effective August 4, 2010.

*** Mr. Macey was appointed to the Board on August 19, 2010.

Below is a description of each committee of the Board. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board has determined that each member of each committee meets the applicable NYSE Amex rules and regulations regarding "independence" and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to Gran Tierra.

Audit Committee

The Audit Committee of the Board was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), to oversee Gran Tierra’s corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee reviews our financial reports and other financial information disclosed to the public, the government and various regulatory bodies, our system of internal accounting, our financial controls, and the annual independent audit of our financial statements. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on Gran Tierra’s audit engagement team as required by law; reviews and approves or rejects transactions between Gran Tierra and any related persons; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by Gran Tierra regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review Gran Tierra’s annual audited financial statements and quarterly financial statements with management and the independent auditors, including a review of Gran Tierra’s disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations.”

The Audit Committee is composed of four directors: Jeffrey Scott, Verne Johnson, Ray Antony and Nicholas Kirton. The Audit Committee met six times during the fiscal year. The Audit Committee has adopted a written charter that is available to stockholders on Gran Tierra’s website at www.grantierra.com.

The Board reviews the NYSE Amex listing standards definition of independence for Audit Committee members and has determined that all members of Gran Tierra’s Audit Committee are independent (as independence is currently established in Rule 803(a)(2) of the NYSE Amex listing standards). Additionally, each Audit Committee member has met the criteria for audit committee independence set forth in Rule 10A-3 promulgated pursuant to the Exchange Act. The Board has determined that Mr. Kirton, an independent director, qualifies as an “audit committee financial expert” within the meaning of Item 407(d)(5) of Regulation S-K promulgated by the SEC, based on his past experience as a former KPMG partner. In addition to Gran Tierra’s Audit Committee, Mr. Kirton also serves on the Audit Committees of Canexus Income Fund, Grand Cache Coal Corporation and Essential Energy Services Trust, Mr. Antony also serves on the Audit Committees of Eaglewood Energy Ltd., Canyon Services Group Inc., Birch Lake Energy Inc., Paramax Resources Ltd., Blackhawk Resource Corp. and Standard Exploration Ltd., Mr. Johnson also serves on the Audit Committees of Petromanas Energy Inc. and US Oil Sands Inc. (formerly Earth Energy), and Mr. Scott also serves on the Audit Committee of Essential Energy Services Trust. Mr. Scott will not be seeking reelection to Essential Energy Services Trust. The Board has determined that these simultaneous services do not impair Messrs. Kirton, Antony, Johnson or Scott’s ability to effectively serve on Gran Tierra’s Audit Committee.

Report of the Audit Committee of the Board of Directors¹

¹ The material in this report is not “soliciting material” is not deemed “filed” with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2010, with management of Gran Tierra. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (“PCAOB”) in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants’ communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm’s independence. Based on the foregoing, the Audit Committee has recommended to the Board that the audited financial statements be included in Gran Tierra’s Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

Compensation Committee

The Compensation Committee is composed of three directors: Messrs. Antony, Johnson and Price. All members of Gran Tierra’s Compensation Committee are independent (as independence is currently defined in Rule 803(a)(2) of the NYSE Amex listing standards). The Compensation Committee met twice during 2010. The Compensation Committee has adopted a written charter that is available to stockholders on Gran Tierra’s website at www.grantierra.com.

The Compensation Committee of the Board acts on behalf of the Board to review, recommend for adoption and oversee Gran Tierra’s compensation strategy, policies, plans and programs, including:

- establishment of corporate and individual performance objectives relevant to the compensation of Gran Tierra’s executive officers, directors, and other senior management, as appropriate, and evaluating performance in light of these stated objectives;
- establishment of policies with respect to equity compensation arrangements;
- review and approval of the compensation and other terms of employment or service, including severance and change-in-control arrangements, of Gran Tierra’s Chief Executive Officer and the other executive officers; and
- administration of Gran Tierra’s equity compensation plans, pension and profit-sharing plans, deferred compensation plans and other similar plan and programs.

Each year, the Compensation Committee reviews with management Gran Tierra's Compensation Discussion and Analysis and considers whether to recommend that it be included in proxy statements and other filings.

Compensation Committee Processes and Procedures

Typically, the Compensation Committee meets at least once annually and with greater frequency if necessary. The agenda for each meeting is usually developed by the chair of the Compensation Committee, in consultation with the Chief Executive Officer. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information or advice or to otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding his compensation or individual performance objectives. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of Gran Tierra, as well as authority to obtain, at the expense of Gran Tierra, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms.

The Compensation Committee retained the services of Lane Caputo Compensation Inc. (the "Compensation Consultant") as its executive compensation consultant pursuant to a written agreement. The Compensation Consultant reports directly to the Compensation Committee and the Compensation Committee may replace the Compensation Consultant or hire additional consultants at any time. A representative of the Compensation Consultant attends meetings of the Compensation Committee, as requested, and communicates with the Compensation Committee Chair between meetings; however, the Compensation Committee makes all decisions and recommendations to the Board. The Compensation Consultant maintains a group of benchmark peers that the Compensation Committee finds relevant for comparison purposes. Services performed by the Compensation Consultant are pre-approved by the Compensation Committee and any additional work to be performed, including at the request of management, must be pre-approved by the Chair of the Compensation Committee.

Under its charter, the Compensation Committee may form, and delegate authority to, subcommittees, as appropriate. In 2010, the Compensation Committee did not form any subcommittees.

New performance objectives are established at one or more meetings held during the first quarter of the year. Generally, the Compensation Committee's process comprises two related elements: the recommendation of compensation levels; and the establishment of performance objectives for the current year. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. For all executives and directors, as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels, current company-wide compensation levels, and independent compensation surveys for the petroleum industry in Canada for peer groupings within the industry.

The specific determinations of the Compensation Committee with respect to executive compensation for fiscal 2010 are described in greater detail in the Compensation Discussion and Analysis section of this proxy statement.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board is responsible for identifying, reviewing and evaluating candidates to serve as directors of Gran Tierra (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, recommending to the Board for selection candidates for election to the Board, making recommendations to the Board regarding corporate governance issues, assessing the performance of the Board and management, and developing a set of corporate governance principles for Gran Tierra.

The Nominating and Corporate Governance Committee is composed of three directors: Messrs. Scott, Kirton and Antony. All members of the Nominating and Corporate Governance Committee are independent (as independence is currently defined in Rule 803(a)(2) of the NYSE Amex listing standards). The Nominating and Corporate Governance Committee met three times during the fiscal year. The Nominating and Corporate Governance Committee has adopted a written charter that is available to stockholders on Gran Tierra's website at www.grantierra.com.

The Nominating and Corporate Governance Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements and having the highest personal integrity and ethics. The Nominating and Corporate Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of Gran Tierra, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of Gran Tierra's stockholders. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of Gran Tierra and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee considers diversity, age, skills, and such other factors as it deems appropriate given the current needs of the Board and Gran Tierra, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors' overall service to Gran Tierra during their terms, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent NYSE Amex purposes, which determination is based upon applicable NYSE Amex listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after

considering the function and needs of the Board. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. In fiscal 2010, neither the Nominating and Corporate Governance Committee nor the Board paid any fees to any third party to assist in the process of identifying or evaluating director candidates.

The Nominating and Corporate Governance Committee does not have a formal policy regarding diversity in identifying nominees for director. However, in assessing a potential nominee, the Nomination and Corporate Governance Committee considers the professional experience, education, skills and viewpoints of the nominee and how those factors will contribute to expanding the collective knowledge and experience of the Board. The Nominating and Corporate Governance Committee considers that, while nominees should present a good fit with the existing Board in terms of their ability to work together to create stockholder value in a constructive way, diversity in opinion and viewpoint contribute to the overall success of the Board and Gran Tierra as a whole.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee at the following address: Gran Tierra Energy Inc., 300, 625-11th Avenue S.W., Calgary, Alberta T2R 0E1, Canada, Attention: Director Nominations. This written recommendation must be delivered at least 120 days prior to the anniversary of the mailing of Gran Tierra's proxy statement for the last annual meeting of stockholders. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record holder of Gran Tierra's stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

Reserves Committee

The primary purpose of the Reserves Committee is to act on behalf of the Board in fulfilling the Board's oversight responsibilities with respect to evaluating and reporting on Gran Tierra's oil and gas reserves.

The Reserves Committee oversees Gran Tierra's (1) annual review of its oil and gas reserves, (2) procedures for evaluating and reporting its oil and gas producing activities, and (3) compliance with applicable regulatory and securities laws relating to the preparation and disclosure of information with respect to its oil and gas reserves. The Reserves Committee also consults with the Audit Committee on matters relating to Gran Tierra's oil and gas reserves which impact Gran Tierra's financial statements. The Reserves Committee is composed of three directors: Messrs. Price, Johnson, and Coffield. All members of the Reserves Committee are independent (as independence is currently defined in Rule 803(a)(2) of the NYSE Amex listing standards), other than Mr. Coffield, Gran Tierra's Chief Executive Officer. The Reserves Committee met one time during fiscal 2010. The Reserves Committee has adopted a written charter that is available on Gran Tierra's website at www.grantierra.com.

Stockholder Communications with the Board of Directors

Gran Tierra's Board has adopted a formal process by which stockholders may communicate with the Board or any of its directors. This information is available on Gran Tierra's website at www.grantierra.com.

Code of Ethics

Gran Tierra has adopted the Gran Tierra Code of Business Conduct and Ethics that applies to all officers, directors and employees. The Code of Business Conduct and Ethics is available on Gran Tierra's website at www.grantierra.com. If Gran Tierra makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code to any executive officer or director, Gran Tierra will promptly disclose the nature of the amendment or waiver on its website.

PROPOSAL 2

Advisory Vote on Executive Compensation

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Exchange Act, Gran Tierra's stockholders are now entitled to vote to approve, on an advisory basis, the compensation of Gran Tierra's named executive officers as disclosed in this proxy statement in accordance with SEC rules. This vote is not intended to address any specific item of compensation, but rather the overall compensation of Gran Tierra's named executive officers and the philosophy, policies and practices described in this proxy statement.

The compensation of Gran Tierra's named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, Gran Tierra believes that its compensation policies and decisions are focused on pay-for-performance principles and strongly aligned with our stockholders' interests; consistent with current market practices. Compensation of Gran Tierra's named executive officers is designed to enable Gran Tierra to attract and retain talented and experienced executives to lead Gran Tierra successfully in a competitive environment.

Accordingly, the Board is asking the stockholders to indicate their support for the compensation of Gran Tierra's named executive officers as described in this proxy statement by casting a non-binding advisory vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to Gran Tierra's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion in this proxy statement, is hereby APPROVED."

Because the vote is advisory, it is not binding on the Board or Gran Tierra. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires the vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting.

The Board Of Directors Recommends
A Vote In Favor Of Proposal 2

PROPOSAL 3

Advisory Vote on the Frequency of Solicitation of Advisory Stockholder Approval of Executive Compensation

The Dodd-Frank Act and Section 14A of the Exchange Act also enable Gran Tierra's stockholders to indicate their preference regarding how frequently Gran Tierra should solicit a non-binding advisory vote on the compensation of Gran Tierra's named executive officers as disclosed in Gran Tierra's proxy statements. Accordingly, Gran Tierra is asking stockholders to indicate whether they would prefer an advisory vote every year, every other year or every three years. For the reasons described below, the Board recommends that the stockholders select a frequency of three years.

After considering the benefits and consequences of each alternative, the Nominating and Corporate Governance Committee of the Board recommends that the advisory vote on the compensation of Gran Tierra's named executive officers be submitted to the stockholders once every three years.

The Committee believes that a triennial advisory vote on the compensation of Gran Tierra's named executive officers will be less disruptive to Gran Tierra, eliminate short term focus on its executive compensation, and is less expensive.

Accordingly, the Board is asking stockholders to indicate their preferred voting frequency by voting for one, two or three years or abstaining from voting on the resolution below:

“RESOLVED, that the alternative of soliciting advisory stockholder approval of the compensation of Gran Tierra's named executive officers once every one, two or three calendar years that receives the votes of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the annual meeting shall be considered the frequency preferred by the stockholders.”

While the Board believes that its recommendation is appropriate at this time, the stockholders are not voting to approve or disapprove that recommendation, but are instead asked to indicate their preferences, on an advisory basis, as to whether the non-binding advisory vote on the approval of Gran Tierra's executive officer compensation practices should be held every year, every other year or every three years. The option among those choices that receives the votes of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the annual meeting will be deemed to be the frequency preferred by the stockholders.

The Board and the Compensation Committee value the opinions of the stockholders in this matter and, to the extent there is any significant vote in favor of one frequency over the other options, even if less than a majority, the Board will consider the stockholders' concerns and evaluate any appropriate next steps. However, because this vote is advisory and therefore not binding on the Board or Gran Tierra, the Board may decide that it is in the best interests of the stockholders that Gran Tierra hold an advisory vote on executive compensation more or less frequently than the option preferred by the stockholders. The vote will not be construed to create or imply any change or addition to the fiduciary duties of Gran Tierra or the Board.

PROPOSAL 4

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board has selected Deloitte & Touche LLP as Gran Tierra's independent registered public accounting firm for the fiscal year ending December 31, 2011 and has further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the annual meeting. Deloitte & Touche LLP has audited Gran Tierra's financial statements since its inception in 2005. Representatives of Deloitte & Touche LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither Gran Tierra's Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte & Touche LLP as Gran Tierra's independent registered public accounting firm. However, the Audit Committee of the Board is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of Gran Tierra and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting at the annual meeting will be required to ratify the selection of Deloitte & Touche LLP. Abstentions and broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Principal Accountant Fees and Services

Set forth below is a summary of fees paid to Deloitte & Touche LLP, our independent registered Chartered Accountants, for services in the fiscal periods ended December 31, 2010 and December 31, 2009. In determining the independence of Deloitte & Touche LLP, the Audit Committee considered whether the provision of non-audit services is compatible with maintaining Deloitte & Touche LLP's independence.

| | Fiscal Year Ended (in thousands) | |
|--------------------|-------------------------------------|------------|
| | 2010 | 2009 |
| Audit Fees | \$ 977,630 | \$ 833,408 |
| Audit-related Fees | 36,663 | 45,068 |
| Tax Fees | 0 | 5,661 |
| All Other Fees | 39,757 | 86,256 |
| Total Fees | \$ 1,054,050 | \$ 970,393 |

Audit Fees

The total audit fees and reimbursement of expenses paid to Deloitte & Touche LLP were for audits, reviews of the quarterly financial statements, and the preparation of consents.

Audit Related

Audit related fees include miscellaneous advisory services related to the acquisitions and share registration activities of Gran Tierra during the year.

Tax Fees

Tax fees, including reimbursement of expenses, paid to Deloitte & Touche LLP in 2009, were for the review of tax considerations on the sale of the Guachiria Block in April 2009.

All Other Fees

Other Fees included a project related to vulnerability assessment of Gran Tierra's information systems as well as public accounting board information and comments letters.

All fees described above were approved by the Audit Committee.

Pre-Approval Policies and Procedures

Before Gran Tierra engages an independent registered public accountant to render audit services, any engagement covering audit or non-audit services by the auditors is approved by Gran Tierra's Audit Committee or the engagement to render services is entered into pursuant to pre-approval policies and procedures established by the Audit Committee. The pre-approval policy adopted by Gran Tierra's Audit Committee on March 9, 2006 to permit pre-approval of non-audit services is attached as Schedule A to the charter of the Audit Committee, which was filed as Exhibit 99.1 to Gran Tierra's Annual Report on Form 10-KSB for 2005. This policy requires that the Audit Committee consider, prior to pre-approving any non-audit services, multiple factors taken as a whole, including whether the services are prohibited pursuant to SEC rules, whether the auditors are best positioned to provide the services, and the percentage of total services the non-audit services will comprise. Requests for non-audit services will be made in writing to Gran Tierra's independent auditor specifying the services requested and the reasons for the request, and the chairperson of the Audit Committee will be copied on the communication. Gran Tierra's independent auditor must respond to Gran Tierra's request with a description of the services, the fees that it will charge, and a request for pre-approval of the services plus pre-approval of 10% over the amount. The chairperson of the Audit Committee will then make a determination based on all of the relevant factors, and if approved report back to the Audit Committee at the next Audit Committee meeting for ratification.

The Audit Committee has determined that the rendering of the services other than audit services by Deloitte & Touche LLP is compatible with maintaining the principal accountant's independence.

(12)Based on a Schedule 13G/A reporting beneficial ownership as of December 31, 2010. Fidelity Management & Research Company (“Fidelity”), 82 Devonshire Street, Boston, Massachusetts 02109, a wholly-owned subsidiary of FMR LLC, is the beneficial owner of 8,853,900 shares as a result of acting as investment adviser to various investment companies. Edward C. Johnson 3d and FMR LLC, through its control of Fidelity, and the funds each has sole power to dispose of the 8,853,900 shares owned by the funds. Neither FMR LLC nor Edward C. Johnson 3d, Chairman of FMR LLC, has the sole power to vote or direct the voting of the shares owned directly by the Fidelity Funds, which power resides with the Funds’ Boards of Trustees. Pyramis Global Advisors, LLC (“PGALLC”), 900 Salem Street, Smithfield, Rhode Island, 02917, an indirect wholly-owned subsidiary of FMR LLC, is the beneficial owner of 11,683,150 shares as a result of its serving as investment adviser to institutional accounts, non-U.S. mutual funds, or investment companies owning such shares. Edward C. Johnson 3d and FMR LLC, through its control of PGALLC, each has sole dispositive power over 11,683,150 shares and sole power to vote or to direct the voting of 11,683,150 shares of Common Stock owned by the institutional accounts or funds advised by PGALLC as reported above. Pyramis Global Advisors Trust Company (“PGATC”), 900 Salem Street, Smithfield, Rhode Island, 02917, an indirect wholly-owned subsidiary of FMR LLC, is the beneficial owner of 1,498,160 shares as a result of its serving as investment manager of institutional accounts owning such shares. Edward C. Johnson 3d and FMR LLC, through its control of Pyramis Global Advisors Trust Company, each has sole dispositive power over 1,498,160 shares and sole power to vote or to direct the voting of 1,172,920 shares of Common Stock owned by the institutional accounts managed by PGATC as reported above. FIL Limited (“FIL”), Pembroke Hall, 42 Crow Lane, Hamilton, Bermuda, and various foreign-based subsidiaries provide investment advisory and management services to a number of non-U.S. investment companies and certain institutional investors. FIL is the beneficial owner of 267,600 shares. FMR LLC and FIL are of the view that they are not acting as a “group” for purposes of Section 13(d) under the Securities Exchange Act of 1934 (the “1934” Act) and that they are not otherwise required to attribute to each other the “beneficial ownership” of securities “beneficially owned” by the other corporation within the meaning of Rule 13d-3 promulgated under the 1934 Act. Therefore, they are of the view that the shares held by the other corporation need not be aggregated for purposes of Section 13(d). However, FMR LLC is making this filing on a voluntary basis as if all of the shares are beneficially owned by FMR LLC and FIL on a joint basis.

(13)Includes shares issuable upon exercise of options to acquire 3,754,995 shares of common stock exercisable within 60 days of April 1, 2011, warrants to acquire 173,338 shares of common stock exercisable within 60 days of April 1, 2011, and 9,427,109 Exchangeable Shares.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Gran Tierra’s directors and executive officers, and persons who own more than ten percent of a registered class of Gran Tierra’s equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Gran Tierra. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish Gran Tierra with copies of all Section 16(a) forms they file.

To Gran Tierra’s knowledge, based solely on a review of the copies of such reports furnished to Gran Tierra and written representations that no other reports were required, during the fiscal year ended December 31, 2010, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.

Compensation Discussion and Analysis

In this section, we will describe the material components of our executive compensation program for our "named executive officers" or "NEOs," whose compensation is set forth in the 2010 Summary Compensation Table and other compensation tables contained in this proxy statement:

- Dana Coffield, our President and Chief Executive Officer
 - Martin Eden, our Chief Financial Officer
 - Shane O'Leary, our Chief Operating Officer
- David Hardy, our Vice President, Legal, General Counsel and Secretary
- Julio César Moreira, our President, Gran Tierra Energy Brasil Ltda.

We also provide an overview of our executive compensation philosophy and our executive compensation program. In addition, we explain how and why the Compensation Committee of our Board (the "Compensation Committee") arrives at specific compensation policies and decisions involving the NEOs.

Opportunity for Stockholder Feedback

The Compensation Committee carefully considers feedback from our stockholders regarding our executive compensation program. Stockholders are invited to express their views to the Compensation Committee as described under the heading “Communication with Directors” in this proxy statement. In addition, the advisory vote on the compensation of the NEOs provides stockholders with an opportunity to communicate their views on our executive compensation program.

You should read this section of the proxy statement in conjunction with the advisory vote that we are conducting on the compensation of the NEOs (See “Proposal 2 — Advisory Vote on Executive Compensation”). This Compensation Discussion and Analysis contains information that is relevant to your voting decision.

Our Business

Gran Tierra is an independent international energy company engaged in oil and gas acquisition, exploration, development and production. We own oil and gas properties in Colombia, Argentina, Peru and Brazil. Our revenue and interest for the year ended December 31, 2010 was approximately \$374.5 million. For more information about our business, please see “Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 25, 2011.

2010 Business Highlights

While the past 12 months marked another year of uncertainty and challenges in the global economy and financial markets, throughout this period, as a result of our steady leadership, we were able to seize opportunities and further differentiate ourselves from the competition. During 2010, we had the following significant accomplishments:

- Record average annual production of 14,325 barrels of oil per day (“BOPD”) net after royalty (“NAR”), a 13% increase in average daily oil production from 2009, and record fourth quarter average production of 15,792 BOPD NAR;
- Record proved reserves of 23.6 million barrels of oil (“MMBO”) NAR, after producing 5.2 MMBO NAR during 2010;
- Record proved plus probable (2P) reserves of 31.0 MMBO NAR, and record proved plus probable plus possible (3P) reserves of 47.3 MMBO NAR;
- Record revenue and other income for the year of \$374.5 million, an increase of 42% from \$263.7 million for 2009;
 - Record funds flow from operations of \$203.4 million compared to \$159.5 million for 2009;
- Net income of \$37.2 million or \$0.15 per share basic and \$0.14 diluted, compared to net income of \$13.9 million or \$0.06 per share basic and \$0.05 diluted in 2009;

- Cash and cash equivalents of \$355.4 million at December 31, 2010 compared to \$270.8 million at December 31, 2009;
- Acquired 70% working interest and operatorship in four blocks in the Recôncavo Basin of Brazil, with one block still pending regulatory approval;
- Successfully drilled and tested the Moqueta-1, -2 and -3 exploration and delineation wells in the Moqueta oil discovery in Colombia;
- Successfully bid on 3 exploration blocks encompassing 1.5 million gross acres in Colombia's Open Round 2010;
- Acquired a 20% interest in 6.7 million gross acres in three contiguous blocks adjacent to Gran Tierra Energy's existing blocks 122 and 128 in Peru and acquired a 60% working interest and operatorship in Block 95 in the Marañon Basin, all pending regulatory approval; and
- Entered into an arrangement agreement to acquire all the issued and outstanding shares and warrants of Petrolifera Petroleum Limited (which transaction closed on March 18, 2011), a company with substantial assets featuring both high working interest and operatorship which complement our current assets in three of the four South American countries in which we operate.

2010 Executive Compensation Highlights

In February 2011, in view of our financial performance during 2010, as well as our other business accomplishments (as described above), the Compensation Committee took the following compensation actions:

- We maintained our 2010 compensation philosophy for 2011 which is to (i) target the salary component for Gran Tierra's employees at the 65th percentile of Gran Tierra's peer group, (ii) target total cash compensation for Gran Tierra's employees at the 75th percentile of Gran Tierra's peer group at target performance and (iii) target total direct compensation (including equity compensation) for Gran Tierra's employees at 75th percentile of Gran Tierra's peer group at target performance levels; and
- We made annual and long-term incentive awards with respect to 2010 performance consistent with our 2010 business results.

2010 Corporate Governance Highlights

We endeavor to maintain good governance standards including with respect to the oversight of our executive compensation policies and practices. The following policies and practices were in effect during 2010:

- The leadership structure of our Board consists of an independent Chairman and strong Board committee chairs.
- The Compensation Committee is composed solely of independent directors who have established ways to communicate with stockholders regarding their executive compensation ideas and concerns.
- The Compensation Committee's independent compensation consultant, Lane Caputo Compensation Inc. is retained directly by the Compensation Committee and performs only limited consulting services for us with the full knowledge of the Compensation Committee.
- The Compensation Committee conducts an annual review and approval of our compensation strategy, including a review of our compensation-related risk profile, so that our compensation-related risks are not reasonably likely to have a material adverse effect on the Company.

Philosophy and Objectives of our Executive Compensation Program

Our philosophy underlying our executive compensation program is to provide an attractive, flexible, and market-based total compensation program tied to performance and aligned with the interests of our stockholders. Our objective is to recruit and retain the caliber of executive officers and other key employees necessary to deliver sustained high performance to our stockholders and communities where we have a strong presence. Our executive compensation program is an important component of these overall human resources policies. Our compensation practices also serve as a means of communicating our goals and standards of conduct and performance, and for motivating and rewarding employees in relation to their achievements.

We observe the follow principles:

- **Retain and Hire Top Caliber Executives:** Executive officers should have base salaries and employee benefits that are market competitive and that permit us to hire and retain high-caliber individuals at all levels;
- **Pay for Performance:** A significant portion of the annual compensation of our executive officers should vary with annual business performance and each individual's contribution to that performance;
- **Reward long-term growth and profitability:** Executive officers should be rewarded for achieving long-term results, and such rewards should be aligned with the interests of our stockholders;
- **Provide modest perquisites:** Perquisites for our executive officers should be minimized and limited to items that serve a reasonable business purpose.

Gran Tierra's compensation program consists of three basic elements—base salary, cash bonus and equity incentives. We focus on providing a majority of our total compensation for our named executive officers, linked to both Gran Tierra's performance (solely in the case of Dana Coffield, our President and Chief Executive Officer) and to individual performance through performance-based cash awards, and equity awards which are only valuable if Gran Tierra's stock price increases.

We link a portion of our executives' cash compensation to Gran Tierra's performance as measured by achievement of budget targets for items such as production, reserves, capital expenditures, revenues and operating costs, as well as other factors such as liquidity, share price performance given overall market conditions, and other objectives specific to the company's situation at the time. The price of oil directly impacts the performance of Gran Tierra. During 2010, the price of West Texas Intermediate Crude oil (the reference price for most of our contracts) experienced fluctuations from \$64.78 to \$91.48. In addition, we provide long-term incentives to our executives and employees in the form of stock option grants. Options generally vest over three years, linking executives' rewards directly to their ability to create value for our stockholders and providing an incentive for our executives to remain with Gran Tierra over the long term.

In 2009, the Compensation Committee changed the timing of when it reviewed and decided annual compensation from the last quarter of the calendar year to the first quarter of the year following the most recently completed year. As a result, stock option awards which reflect 2010 performance were awarded in March 2011; stock option awards which reflect 2009 performance were awarded in March 2010. As a result of the Compensation Committee's change in timing, annual equity incentives were granted in December 2008 which reflects 2008 performance and no annual grants were made in 2009 (but were instead made in March 2010).

Risk Assessment

In February 2011, we conducted an update to our assessment of the risks associated with our compensation policies and practices. This update included an examination of the changes in the Company's risk profile over the past year for our executive compensation policies and practices. Based on this assessment, we determined that these risks were not reasonably likely to have a material adverse effect on Gran Tierra. Among other things, we took into consideration the fact that our principal incentive compensation plans and arrangements contained similar design and risk mitigation features as the prior year's plans and arrangements.

Compensation Process

The Compensation Committee recommends to the Board for approval the annual compensation for Gran Tierra's President and Chief Executive Officer. Within the framework of the compensation programs reviewed and approved by the Compensation Committee and based on management's review of market competitive positions, each year our Chief Executive Officer recommends the level of base salary increase (if any), the annual incentive award, and the long-term incentive award value for executive officers, including the other named executive officers. These recommendations are based upon his assessment of each executive officer's performance, the performance of the individual's respective business or function, and employee retention considerations. The Compensation Committee reviews our Chief Executive Officer's recommendations and approves any compensation changes affecting our executive officers as it determines in its sole discretion, and then makes its recommendations to the Board for approval.

Our Chief Executive Officer does not play any role with respect to any matter affecting his own compensation.

With the transition in 2009 for an amended compensation cycle, Gran Tierra contemplated the success and performance of its executive team for the year 2010 while taking a deliberate and objective approach to fairly assess compensation awards. Previously, Gran Tierra's practice was to consider compensation annually (at year-end), including the award of equity based compensation. Gran Tierra now makes its compensation decisions for the coming year, and reviews performance for the prior year, in the first quarter. Annual bonuses in respect of 2010 performance, as well as equity incentive awards and salary increases for 2011, were approved in February 2011. Bonuses in respect of 2010 performance were paid in February 2011 and equity incentives were issued on March 9, 2011.

Role of the Compensation Consultant

The Compensation Committee relies upon external advisors and third-party compensation surveys as well as the knowledge and experience of Compensation Committee members and other members of the Board to set rewarding and competitive levels of salary and other compensation. The retention of and scope of services from independent compensation advisors are to be assessed on an annual basis.

The Compensation Committee retained the services of Lane Caputo Compensation Inc. (the "Compensation Consultant") as its executive compensation consultant pursuant to a written agreement. The Compensation Consultant reports directly to the Compensation Committee and the Compensation Committee may replace the Compensation Consultant or hire additional consultants at any time. A representative of the Compensation Consultant attends meetings of the Compensation Committee, as requested, and communicates with the Compensation Committee Chair between meetings; however, the Compensation Committee makes all decisions and recommendations to the Board. The Compensation Consultant maintains a group of benchmark peers that the Compensation Committee finds relevant for comparison purposes. Services performed by the Compensation Consultant are pre-approved by the Compensation Committee and any additional work to be performed, including at the request of management, must be pre-approved by the Chair of the Compensation Committee.

The total amount of fees paid to the Compensation Consultant for services to the Compensation Committee in 2010 was \$45,879. The Compensation Consultant received \$25,984 in other fees from us for general compensation related work for the Company and \$3,519 to participate in a general industry survey of long-term compensation.

Third Party Source Used

Our executive compensation program is designed with the flexibility to be competitive and motivational within the various marketplaces in which we compete for employees, while being subject to centralized design, approval, and control. The Compensation Committee relies on various sources of compensation information to ascertain the competitive market for our executive officers, including the named executive officers. To assist in establishing recommendations for 2010 bonuses and the 2011 executive compensation structure, the Compensation Consultant continued with the philosophy of measuring Gran Tierra's compensation structure against a relevant group of industry peers (the "Custom Peer Group") against which to benchmark executive compensation. Although it would have been preferable to only include peers that compete with Gran Tierra in the international energy arena, Gran Tierra's relative size, and the lack of sufficient international peers of similar size, dictated that peers with domestic operations of similar size be included in the peer group, and, in fact, such domestic peers are predominate in the group. As a result, the Custom Peer Group included peers of a similar size to the company based on market capitalization and average daily production volumes, and included peers with operations located both internationally and domestically. For 2010, the Custom Peer Group consisted of the following 24 companies:

In addition, local compensation surveys were consulted to ensure that the Custom Peer Group pay practices reflected local pay practices in the countries in which the Company employs executive officers.

Given the extensive research and analysis used to develop the peer benchmark group, the Compensation Committee believes that compensation survey data used in the 2010 review provides a useful guide for comparative purposes. The Compensation Committee recognizes that a successful compensation program also requires an application of judgment to maintain a subjective determination of individual performance by our executives. Therefore, the Compensation Committee applies its judgment in reconciling the program's objectives with the realities of rewarding excellent performance and retaining valued employees.

Elements of Compensation

The Compensation Committee has determined that Gran Tierra will use three basic elements of compensation — base salary (including benefits), cash bonus and equity incentives. Each component has a different purpose.

The Compensation Committee believes that base salaries at this stage in Gran Tierra's growth and especially within the international exploration and production sector, must be competitive to retain the best executives. The Compensation Committee believes that principal performance incentives should be in the form of long-term equity incentives given the longer-term nature of Gran Tierra's business plan. Long-term incentives to date have been in the form of stock options but Gran Tierra's equity plan also provides for other equity incentive forms, such as restricted stock and stock bonuses, which the Compensation Committee is not considering at this time. Short-term cash bonuses are a common element of compensation in Gran Tierra's industry and among Gran Tierra's peers with whom Gran Tierra competes for executive talent. The Compensation Committee ultimately determines the optimal allocation split between the three forms of compensation relative to Gran Tierra's peers for each executive position, taking into account the contributions of each executive and the operational and financial achievements of Gran Tierra. This exercise has been based on the evaluation of the achievement of goals set by the Chief Executive Officer at the beginning of the year and consensus among the members of the Compensation Committee, all of whom have significant experience in the oil and gas exploration business.

Salary

The Compensation Committee determined 2010 base salaries based upon the survey presented by the Compensation Consultant and, taking into consideration the very competitive nature of the international exploration and production sector and the corresponding shortage of experienced senior talent, determined that a target at the 65th percentile of the Custom Peer Group data was appropriate to retain the services of Gran Tierra's executives, the exact amount determined by the Compensation Committee's subjective assessment of the appropriate salary for each executive given their performance and roles within Gran Tierra.

The Compensation Committee recommended to the Board, and the Board approved, the following annual salaries (USD) for 2010:

Mr. Coffield — \$320,397

Mr. O'Leary — \$282,726

Mr. Eden — \$250,184

Mr. Moreira — \$321,641

Mr. Hardy — \$186,089

Other than Mr. Moreira, whose base salary is paid in Brazilian reals, the named executive officers are paid in Canadian dollars.

Mr. Coffield's and Mr. Eden's 2010 salaries were slightly below the median of the Custom Peer Group while Mr. Moreira's was at the median. Mr. O'Leary's salary was at the 75th percentile due primarily to the inclusion of peers with domestic operations and the differences in compensation practices between operational executives in international and domestic locales. Mr. Hardy joined Gran Tierra in March 2010 after the data for the Custom Peer Group had been compiled. The Custom Peer Group compensation data for general counsels related to persons with significantly different responsibilities than the general counsel position at Gran Tierra and therefore a comparison against such data is not a useful metric.

Bonus

Bonuses for 2010 were based on corporate, business unit and personal performance, with the following individual weightings:

| | Corporate | | Business | | Personal | |
|--------------|-------------|---|----------|-------------|-------------|---|
| | Performance | | Unit | Performance | Performance | |
| Mr. Coffield | 100 | % | 0 | % | 0 | % |
| Mr. O'Leary | 70 | % | 0 | % | 30 | % |
| Mr. Eden | 70 | % | 0 | % | 30 | % |
| Mr. Hardy | 60 | % | 0 | % | 40 | % |
| Mr. Moreira | 30 | % | 40 | % | 30 | % |

The Compensation Committee, using its subjective judgment of Gran Tierra's performance in 2010 measured against the performance goals set forth for the Company, determined that the performance score for 2010 was 90%. For Messrs. O'Leary and Eden, the corporate performance score was applied to 70% of the target bonus and the remaining 30% of target bonus was determined based upon individual performance as measured against the specific executive's individual performance objectives. For Mr. Moreira, the corporate performance score applied to 30% of the target bonus, 40% of target bonus was determined based upon business unit performance and the remaining 30% of target bonus was determined based upon individual performance. For Mr. Hardy, the corporate performance score was applied to 60% of the target bonus and the remaining 40% of target bonus was determined based upon individual performance as measured against the specific executive's individual performance objectives.

Equity Incentives

On March 3, 2010, Mr. Hardy was granted a stock option to purchase 150,000 shares of Gran Tierra's common stock. This grant was made in conjunction with the commencement of employment at Gran Tierra. The exercise price per share of the option was the fair market value of Gran Tierra's common stock on the date of grant. The Compensation Committee considered Mr. Hardy's experience, job responsibilities and internal equity within the relevant senior leadership teams, in determining the level of this grant and negotiated this option grant as part of the initial compensation package.

In February 2011, the Compensation Committee considered elements of individual, business unit and corporate performance in determining grant levels and granted options under the terms of Gran Tierra's 2007 Equity Incentive Plan to each of Gran Tierra's executive officers as follows:

Mr. Coffield: 375,000 shares
Mr. Eden: 200,000 shares
Mr. O'Leary: 275,000 shares
Mr. Moreira: 125,000 shares
Mr. Hardy: 100,000 shares

The levels of these awards were based on recommendations from the Compensation Consultant, taking into account Gran Tierra's desired competitive positioning of Total Direct Compensation targeting the 75th percentile of the Custom Peer Group, as stated in the Compensation Philosophy described above based on the fair value of awards at time of grant. In addition to the fair value, the absolute number of awards and each award as a percentage of total shares outstanding versus the Custom Peer Group were also considered.

Termination and Change in Control Provisions

Gran Tierra's employment agreements with Gran Tierra's executive officers contain termination and change in control provisions. These provisions provide that Gran Tierra's executive officers will receive severance payments in the event that their employment is terminated other than for "cause" or if they terminate their employment with us for "good reason", as discussed in "Agreements with Executive Officers" below. The termination and change-in control provisions were industry standard clauses at the time that the executive officers entered into the employment agreements with Gran Tierra.

Benefits

Messrs. Coffield, Eden, O'Leary, Moreira, and Hardy are eligible for full participation in all rights and benefits under any life insurance, disability, medical, dental, health and accident plans maintained by Gran Tierra for its employees and executives. In addition, these Executives will be paid their base salary in the event they become disabled, until such time as the Executive begins to receive long-term disability insurance benefits. These are standard basic benefits in the industry.

Compensation Committee Report²

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis ("CD&A") contained in this proxy statement. Based on this review and discussion, the Compensation Committee has recommended to the Board that the CD&A be included in this proxy statement and incorporated into Gran Tierra's Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

Compensation Policies and Practices as They Relate to Risk Management

The Compensation Committee and the Board reviewed Gran Tierra's compensation policies and practices as they relate to risk management practices and risk-taking incentives. In the course of this review the Compensation Committee and the Board noted that the fixed (or salary) portion of compensation is designed to provide a steady income regardless of Gran Tierra's stock price performance so that executives do not feel pressured to focus exclusively on stock price performance to the detriment of other important business metrics. The variable (cash bonus and equity) portions of compensation are designed to reward both short term and long term corporate performance. For short-term performance, Gran Tierra's cash bonus is awarded based on a formula using the achievement of a combination of corporate goals, personal goals and business goals (if applicable), except in the case of the Chief Executive Officer, who was evaluated for 2010 performance on the basis of the achievement of the corporate goals only. For long-term performance, the stock option awards cliff vest annually over three years and are only valuable if Gran Tierra's stock price increases over time. These variable elements of compensation are a sufficient percentage of overall compensation to motivate executives to produce superior short-and long-term corporate results, while the fixed element is also sufficiently high that the executives are not encouraged to take unnecessary or excessive risks in doing so. Finally:

- significant weighting towards long-term incentive compensation discourages short-term risk taking;
- goals are appropriately set to avoid targets that, if not achieved, result in a large percentage loss of compensation;

² The material in this report is not "soliciting material," is furnished to, but not deemed "filed" with, the Commission and is not deemed to be incorporated by reference in any filing of the Company under the Securities Act or the Exchange Act, other than the Company's Annual Report on Form 10-K, where it shall be deemed to be "furnished," whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

- incentive awards are decided by the Compensation Committee and recommended to the Board of Directors for approval; and
- as an oil and gas exploration company, Gran Tierra does not face the same level of risks associated with compensation for employees at financial services (traders and instruments with a high degree of risk) or technology companies (rapidly changing markets).

Based on the above, the Compensation Committee concluded that the risks arising from Gran Tierra's compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on Gran Tierra.

Compensation Committee Interlocks and Insider Participation

As noted above, Gran Tierra's Compensation Committee consists of Messrs. Johnson, Price and Antony, and for a portion of the year Mr. Dawson. None of the members of the Compensation Committee has at any time been an officer or employee of Gran Tierra. No member of the Board or of the Compensation Committee served as an executive officer of another entity that had one or more of Gran Tierra's executive officers serving as a member of that entity's board or compensation committee.

The bonuses are to be paid within 60 days of the end of the preceding year based on the executive performance.

The employment agreements do not have terms of specified duration. The employment agreements provide for severance payments to each executive, in the event the executive is terminated without cause or the executive terminates the agreement for good reason, in the amount of two times total compensation for the prior year (in the case of Mr. Coffield) or in the amount of one times total compensation for the prior year (in the case of Messrs. Eden, Hardy and Moreira) or an amount equal to 18 months of prior period compensation for Mr. O'Leary.

With respect to the employment agreement with all of the executive officers other than Mr. Moreira, the definitions of "cause," "good reason" and "change in control" are set forth below. Mr. Moreira's employment agreement contains definitions of these terms that are similar but not entirely consistent with these definitions.

"Cause" is defined as any of the following: (i) conviction of, or plea of nolo contendere to, a felony; (ii) participation in a fraud against Gran Tierra; (iii) participation in an act of dishonesty against Gran Tierra intended to result in the executive's personal enrichment; (iv) willful material breach of Gran Tierra's written policies; (v) intentional significant damage to Gran Tierra's property by the executive; (vi) material breach of the employment agreement; or (vii) conduct by the executive that, in the good faith and reasonable determination of the Board, demonstrates gross unfitness to serve provided that in such event, Gran Tierra shall provide notice to the executive describing the nature of the gross unfitness and the executive shall thereafter have ten (10) days to cure such gross unfitness if such gross unfitness is capable of being cured.

"Good reason" includes (i) an adverse change in the executive's position, title, duties or responsibilities, or any failure to re-elect him to such position (except for termination for "cause"), (ii) a reduction in the executive's base salary unless all other executive officers are similarly reduced, or a change in the basis upon which the executive's annual compensation is paid or determined except that annual performance bonuses are discretionary and shall not be considered adverse under the agreement if a performance bonus is reduced from a prior year or not paid, (iii) a change in control, or (iv) any breach by the employer of any material provision of the employment agreement.

A "Change in Control" is defined as (i) a dissolution, liquidation or sale of all or substantially all of the assets of Gran Tierra; (ii) a merger or consolidation in which Gran Tierra is not the surviving corporation; (iii) a reverse merger in which Gran Tierra is the surviving corporation but the shares of Gran Tierra's common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise; or (iv) the acquisition by any person, entity or group within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act (excluding any employee benefit plan, or related trust, sponsored or maintained by Gran Tierra or any affiliate of Gran Tierra) of the beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of securities of Gran Tierra representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of directors.

All agreements include standard insurance, non-competition and confidentiality provisions.

Nonqualified Deferred Compensation

Our named executive officers do not participate in a company deferred compensation plan other than Mr. Moreira, who participates in the broad-based plan offered to employees of Gran Tierra Energy Brasil LTDA. This supplemental social security plan is a “Brazilian Free Benefit Generating Plan”, or “PGBL”, and intended to primarily provide tax deferred savings to supplement the benefit provided to employees under the national retirement benefit system. A lower tax rate may apply to benefits paid out under the plan after a defined length of investment in accordance with applicable law. Vested and accrued amounts are generally paid out upon a termination of service after the age of 55, although distributions prior to such may be permitted under the plan in limited circumstances in accordance with applicable law. The plan was adopted in June, 2010. The amount of the benefit under the PGBL is based on the employer’s contributions to the plan equal to a percentage of the eligible employee’s base salary, ranging from 4% for rank and file employees to 8% for executives like Mr. Moreira, and the employee’s own contributions (Mr. Moreira has made no contributions to the plan). This aggregate account balance is increased or decreased each month based on the returns provided under one or more of four permitted investment funds set forth in the plan document. The employer’s contribution is credited with earnings or losses based only on one fund, which is a fixed income fund investing in Brazilian National Treasury and/or Central Bank bonds, National Treasury Securities and by fixed income investments permitted by the current legislation. Participants may “invest” their own contributions in this fund and/or in up to three additional funds set forth in the plan document that are selected in accordance with Brazilian law.

| Name | Executive Contributions in Last FY (\$) | Registrant Contributions in Last FY (\$)(1) | Aggregate Earnings in Last FY (\$)(2) | Aggregate Withdrawals/ Distributions (\$) | Aggregate Balance at Last FYE (\$)(3) |
|--------------|---|---|---------------------------------------|---|---------------------------------------|
| Mr. Coffield | \$ - | \$ - | \$- | \$ - | \$- |
| Mr. Eden | \$ - | \$ - | \$- | \$ - | \$- |
| Mr. O'Leary | \$ - | \$ - | \$- | \$ - | \$- |
| Mr. Hardy | \$ - | \$ - | \$- | \$ - | \$- |
| Mr. Moreira | \$ - | \$ 29,875 | \$972 | \$ - | \$30,847 |

(1) All employer contributions are included and described in the footnotes to the Summary Compensation Table.

(2) Represents credited earnings or losses based on a fixed income fund investing in Brazilian National Treasury and/or Central Bank bonds, National Treasury Securities and by fixed income investments permitted by the current Brazilian legislation, which, for 2010, provided an effective rate of return of 6.866%. These credited earnings are not reported as part of 2010 compensation in the Summary Compensation Table.

(3) The plan was adopted in June 2010. No amounts in this column were previously reported in the Summary Compensation Table for previous years.

Potential Payouts Upon Termination or Change in Control

The Named Executive Officers are entitled to severance payments in the event of a involuntary termination of employment by Gran Tierra other than for "cause" (as defined in their employment agreements), or a termination of employment by the Named Executive Officer for "good reason" (as defined in their employment agreements, including a change in control of Gran Tierra), as follows: Mr. Coffield is eligible to receive a payment of two times the prior year's total compensation; Mr. O'Leary is eligible for a payment equal to the previous 18 months total compensation; and each of Messrs. Eden, Hardy and Moreira is eligible for a payment equal to equal the prior year's compensation. If an involuntary termination of employment without "cause," or a termination for "good reason" had occurred, on December 31, 2010, the Named Executive Officers would have received the following payments (calculated using December 31, 2010 exchange rates):

| Name | Payment |
|--------------|--------------|
| Mr. Coffield | \$ 1,142,168 |
| Mr. Eden | \$ 422,735 |
| Mr. O'Leary | \$ 718,178 |
| Mr. Hardy | \$ 337,663 |
| Mr. Moreira | \$ 470,224 |

In addition, on any termination of his employment, Mr. Moreira would be eligible for a distribution of his entire accrued pension balance, which was \$30,847 as of December 31, 2010.

Director Compensation

The following table shows for the fiscal year ended December 31, 2010, certain information with respect to the compensation of all non-employee directors of Gran Tierra:

|---------------|-----------------------------|-----------------------|------------|
| Jeffrey Scott | \$ 117,032 | \$ 250,041 | \$367,073 |
| Walter Dawson | \$ 34,838 | \$ 200,033 | \$234,871 |
| Verne Johnson | \$ 90,689 | \$ 200,033 | \$290,722 |
| Nick Kirton | \$ 91,896 | \$ 200,033 | \$291,929 |

| Gerald Macey | \$ 11,110 | \$ 322,643 | \$333,753 |

(1) Assumptions made in the valuation of stock options granted are discussed in Note 6 to Gran Tierra's 2010 Consolidated Financial Statements. Reflects the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Each director received only one option grant award in 2010, the fair market value of which is reflected in the table

(2) At December 31, 2010, the following directors held options to purchase the following number of shares: Mr. Scott – 900,000 shares; Mr. Dawson – 0 shares; Mr. Johnson – 510,000 shares; Mr. Kirton – 385,000 shares; Mr. Price – 285,000 shares; Mr. Antony – 285,000 shares; and Mr. Macey – 100,000 shares.

On March 3, 2010, each of the above non-employee directors (other than Mr. Macey, who joined the Gran Tierra Board in August 2010) were granted an option to purchase 60,000 shares (75,000 shares in the case of Mr. Scott, Gran Tierra's Chairman of the Board) of Gran Tierra common stock at an exercise price of \$5.90, the fair market value on the date of grant. Gran Tierra expects that in the future annual grants to its non-employee directors will continue to occur in the first quarter of the calendar year.

In 2010, Gran Tierra paid an annual fee of \$25,136 to each director who serves on the Gran Tierra Board and an additional \$35,190 for the Chairman of the Gran Tierra Board. Gran Tierra also paid an additional annual fee of \$15,081 for each committee chair (except for the audit committee) and \$10,054 for each committee member (except for the audit committee). The audit committee chair was paid an annual fee of \$30,163 and each member was paid an annual fee of \$15,081. In addition, a fee of \$1,207 was paid for each board or committee meeting attended. Directors who are not Gran Tierra employees are eligible to receive awards under Gran Tierra's 2005 and 2007 Equity Incentive Plan. Compensation arrangements with the directors who are also Gran Tierra employees are described in the preceding sections of this Proxy Statement under the heading "Gran Tierra Executive Compensation and Related Information."

Certain Relationships and Related Transactions

Related Person Transactions Policy and Procedures

Gran Tierra discourages transactions with related persons. The charter of the Audit Committee provides that the Audit Committee is charged with reviewing and approving or disapproving any related person transactions, as defined under Regulation S-K, Item 404. In addition, potential related persons transactions are to be referred to the Chief Executive Officer, and brought to the attention of the full Board if material.

Certain Related-Person Transactions

On August 3, 2010, Gran Tierra entered into a contract related to the drilling program in Peru with a company for which Mr. Dawson, a director of Gran Tierra until August 4, 2010, was a greater than 10% stockholder and director. During the last quarter of 2010, Gran Tierra received services under this contract and as of December 31, 2010, had accrued expenditures for drilling activities performed by such drilling and services company in the amount of \$800,000. Mr. Dawson serves as CEO and Chairman of this drilling services company. Mr. Dawson resigned as a director of Gran Tierra on August 3, 2010, effective August 4, 2010.

In February 2009, Gran Tierra entered into a sublease with Tuscany International Drilling Inc. ("Tuscany") for the former corporate offices of Solana that Gran Tierra acquired as a result of the acquisition of Solana. The term of the sublease runs from February 1, 2009 to August 31, 2011 and the sublease payment is \$7,050 per month plus approximately \$4,000 for operating and other expenses. Mr. Scott, Chairman of the Board, is a member of the board of directors of Tuscany. Mr. Scott did not participate in the discussion that led to the approval of the sublease, and the terms of the sublease are consistent with current market conditions in the Calgary real estate market.

Gran Tierra has entered into indemnity agreements with certain officers and directors which provide, among other things, that Gran Tierra will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he may be required to pay in actions or proceedings which he is or may be made a party by reason of his position as a director, officer or other agent of Gran Tierra, and otherwise to the fullest extent permitted under Nevada law and Gran Tierra's Bylaws.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are stockholders of Gran Tierra will be “householding” Gran Tierra’s proxy materials. A single Notice of Internet Availability of Proxy Materials or a single set of annual meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials or a separate set of annual meeting materials, please notify your broker. Direct your written request to Gran Tierra Energy Inc., Jason Crumley, Investor Relations Director, 300, 625-11th Avenue, S.W., Calgary, Alberta, T2R 0E1, Canada or contact Martin Eden, Chief Financial Officer, at (403) 265-3221. Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials or multiple sets of annual meeting materials at their addresses and would like to request “householding” of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
