Press Release Regarding Option to Acquire Mineral Rights in the State of Para, Brazil

On September 28, 2011, Ardent Mines Limited (the “Company”) announced that Gold Hills Mining Ltda., its wholly owned Brazilian subsidiary, has executed an agreement (the “Option Agreement”) granting the Company an exclusive option to acquire mineral rights in the Carajas Mineral Province in the State of Para, Brazil. On September 22, 2011, the Company’s Brazilian subsidiary Gold Hills Mining Ltda. gave an official notification to the Cooperative of Miners of Curianopolis (“COOPEMIC”) of the Company’s intent to exercise the mineral rights option in accordance with the procedures set forth in the exclusive agreement previously signed by the parties. The closing of the exercise of the mineral rights option agreement is expected to occur during the month of October, 2011. Pursuant to the exercise of this Option Agreement, the Company expects to commence due diligence regarding this property as soon as reasonably possible.

At the inception of the Option Agreement, the Company paid COOPEMIC \$150,000, and has now determined to exercise the option with a payment of an additional \$350,000 within thirty days. The Company has agreed, under the Option Agreement, to expend a minimum of \$5,000,000 in the exploration of the applicable mining rights area. If the Company determines it is advisable to continue exploration, the Company shall pay to COOPEMIC \$250,000 after six months of exploration and an additional \$150,000 after twelve months of exploration.

If the Company’s exploration activities confirm the existence of gold, silver or copper and their respective by-products in excess of 400,000 gold equivalent ounces, certified under the standard NI-43101, as established by the Canadian Securities Administration as “measured resources,” the Company shall pay to COOPEMIC, at the end of such initial exploration, 30% of \$24 per gold equivalent ounce contained in the mineral reserves in three tranches: (i) one-third shall be paid when the Brazilian National Department of Mineral Production shall approve the final mineral exploration report; (ii) one-third shall be paid upon commencement of the extraction of gold, silver, copper and their respective by-products, contained in the areas covered by the mining rights; and (iii) one-third shall be paid within six months from the date of commencement of the extraction of gold, silver and copper and their respective by-products, contained in the areas covered by the mining rights.
