8. Other noteworthy matters

- The number of shares to be transferred, transfer price and transfer period are to be determined after the pricing of the offshore exchangeable notes.
- The approximate purchase price was calculated by multiplying the number of shares expected to be transferred by the market closing price of the shares on the day preceding the Board resolution.
- In case an exchange price adjustment causes an increase in the number of shares to be exchanged, the number of shares to be transferred may increase; in this case, the Company will deposit additional treasury shares for exchange with the Korea Securities Depository.
- In case it is not legally possible to exercise exchange options, the treasury shares will not be transferred.
