Morgan Group Holding Co.
Notes to Financial Statements

Note 1. Basis of Presentation

Morgan Group Holding Co. ("Holding" or "the Company") was incorporated in November 2001 as a wholly-owned subsidiary of LICT Corporation ("LICT, formerly Lynch Interactive Corporation") to serve, among other business purposes, as a holding company for LICT's controlling interest in The Morgan Group, Inc. ("Morgan"). On December 18, 2001, LICT's controlling interest in Morgan was transferred to Holding. At the time, Holding owned 68.5% of Morgan's equity interest and 80.8% of Morgan's voting interest. On January 24, 2002, LICT spun off 2,820,051 shares of Holding common stock through a pro rata distribution ("Spin-Off") to its stockholders. LICT retained 235,294 shares of Holding common stock to be distributed in connection with the potential conversion of a convertible note that had been issued by LICT. Such note was repurchased by LICT in 2002 and LICT retains the shares.

On October 3, 2002, Morgan ceased its operations when its liability insurance expired and it was unable to secure replacement insurance. On October 18, 2002, Morgan and two of its operating subsidiaries filed voluntary petitions under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Indiana, South Bend Division for the purpose of conducting an orderly liquidation of Morgan's assets.

On October 18, 2002, Morgan adopted the liquidation basis of accounting and, accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carry value of Morgan's liabilities exceeded the fair value of its assets, the liabilities were

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

reduced to equal the estimated net realizable value of the assets.

Management believed that it was unlikely that the Company would realize any value from its equity ownership in Morgan and, given the fact that the Company had no obligation or intention to fund any of Morgan's liabilities, its investment in Morgan was believed to have no value after its liquidation. Because the liquidation of Morgan was under the control of the bankruptcy court, the Company believed it had relinquished control of Morgan and, accordingly, deconsolidated its ownership interest Morgan in its financial statements during 2002. On March 31, 2008, the bankruptcy proceeding was concluded and the bankruptcy court dismissed the proceeding. Morgan received no value for its equity ownership from the bankruptcy proceeding.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2009 are not necessarily indicative of the results that may be expected for the year ending December 31, 2009. The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Recently Issued Accounting Pronouncements

In May 2008, the FASB issued SFAS No. 163, "Accounting for Financial Guarantee Insurance Contracts." SFAS No. 163 clarifies how SFAS No. 60, "Accounting and Reporting by Insurance Enterprises," applies to financial guarantee insurance contracts issued by insurance enterprises, including the recognition and measurement of premium revenue and claim liabilities. SFAS No. 163 also requires expanded disclosures about financial guarantee insurance contracts. SFAS No. 163 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and all interim periods within those fiscal years, except for disclosures about the insurance enterprise's risk-management activities. Disclosures about the insurance enterprise's risk-management activities are effective the first period beginning after issuance of SFAS No. 163. The adoption of SFAS No. 163 had no impact on the Company's financial statements.

6

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations and SFAS No. 160, Noncontrolling Interest in Consolidated Financial Statements. These Statements replace FASB Statement No. 141, Business Combinations, and requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS No. 141(R) also makes significant amendments to other Statements and other authoritative guidance. The Statements are effective for years beginning on or after December 15, 2008. The adoption of SFAS No. 141(R) and SFAS No. 160 had no impact on the Company's financial statements.

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133 (SFAS No. 161). SFAS No. 161 requires enhanced disclosures regarding an entity's derivative and hedging activities. These enhanced disclosures include information regarding how and why an entity uses derivative instruments; how to account for derivative instruments and related hedge items under SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, and its related interpretations; and how derivative instruments and related hedge items affect an entity's financial position, financial performance and cash flows. SFAS No. 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The adoption of SFAS No. 161 had no impact on the Company's financial statements.

Note 2. Net assets of Morgan Group

Upon Morgan Group, Inc.'s bankruptcy filing, the Company has deconsolidated its investment, as the Company believes it no longer has controlling or significant influence. On March 31, 2008, the bankruptcy proceeding was concluded and the bankruptcy court dismissed the proceeding. The Company received no value for its equity ownership.

Note 3. Income Taxes

The Company is a "C" corporation for Federal tax purposes, and has provided for deferred income taxes for temporary differences between the financial statement and tax bases of its assets and liabilities. The Company has recorded a full valuation allowance against its deferred tax asset of approximately \$1.7 million arising from its temporary basis differences and tax loss carryforward, as its realization is dependent upon the generation of future taxable income during the period when such losses would be deductible.

Pursuant to Sections 382 and 383 of the Internal Revenue Code, annual use of any of the Company's net operating loss carry forwards may be limited if cumulative changes in ownership of more than 50% occur during any three year period.

Note 4. Commitments and Contingencies

Holding had not guaranteed any of the obligations of Morgan and it has no further commitment or obligation to fund any creditors.

7

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

On October 18, 2002, Morgan adopted the liquidation basis of accounting and accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carrying value of Morgan's liabilities exceeded the

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

fair value of its assets, the liabilities were reduced to equal the estimated net realizable value of the assets.

The Company currently has no operating businesses and will seek acquisitions as part of its strategic alternatives. Its only costs are the administrative expenses required to make the regulatory filings needed to maintain its public status. These costs are estimated at \$30,000 to \$40,000 per year.

Results of Operations

For the three months ended March 31, 2009, the Company incurred about \$16,286 (including \$15,000 of 2008 audit fees) of expenses as compared to \$22,038 of expenses in the three months ended March 31, 2008. During the three months ended March 31, 2008, the Company incurred an additional audit fee of \$18,000 for the audit of its 2007 and 2006 financial statements. Also, during 2008 approximately \$3,000 of legal expenses were incurred.

Investment income was \$402 in the three months ended March 31, 2009 as compared to \$3,453 in the three months ended March 31, 2008, as a result of the Company's investment in a United States Treasury money market fund. Lower interest rates were the primary cause of the decrease in 2009.

Liquidity and Capital Resources

As of March 31, 2009, the Company's only assets consisted of approximately \$404,753 in cash and a capital loss carry forward of about \$4.5 million which it expects will substantially expire in 2013. The ability to utilize this carry forward is dependent on the Company's ability to generate a capital gain prior to its expiration.

Off Balance Sheet Arrangements

None.

Item 3. Quantitative and Qualitative Analysis of Market Risk

As of March 31, 2009, the Company had no market sensitive assets or liabilities, and, as a result, management believes that the Company is minimally exposed to changes in market risk.

Recently Issued Accounting Pronouncements

In May 2008, the FASB issued SFAS No. 163, "Accounting for Financial Guarantee Insurance Contracts." SFAS No. 163 clarifies how SFAS No. 60, "Accounting and Reporting by Insurance Enterprises," applies to financial guarantee insurance contracts issued by insurance enterprises, including the recognition and measurement of premium revenue and claim liabilities. SFAS No. 163 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and all interim periods within those fiscal years, except for disclosures about the insurance enterprise's risk-management activities. Disclosures about the insurance enterprise's risk-management activities are effective the first period beginning after issuance of SFAS No. 163. The adoption of SFAS No. 163 had no impact on the Company's financial statements.

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations and SFAS No. 160, Noncontrolling Interest in Consolidated Financial Statements. These Statements replace FASB Statement No. 141, Business Combinations, and requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date,

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

measured at their fair values as of that date. SFAS No. 141(R) also makes significant amendments to other Statements and other authoritative guidance. The Statements are effective for years beginning on or after December 15, 2008. The adoption of SFAS No. 141(R) and SFAS No. 160 had no impact on the Company's financial statements.

8

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133 (SFAS No. 161). SFAS No. 161 requires enhanced disclosures regarding an entity's derivative and hedging activities. These enhanced disclosures include information regarding how and why an entity uses derivative instruments; how to account for derivative instruments and related hedge items under SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, and its related interpretations; and how derivative instruments and related hedge items affect an entity's financial position, financial performance and cash flows. SFAS No. 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The adoption of SFAS No. 161 had no impact on the Company's financial statements.

Item 4T. Controls and Procedures

a) Evaluation of Disclosure Controls and Procedures

Our Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 (the "Act")) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures as of the end of the period covered by this report were designed and were functioning effectively to provide reasonable assurance that the information required to be disclosed by the Company in reports filed under the Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission. The Company believes that a controls system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

(b) Changes in Internal Controls

During the period covered by this report, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our financial statements.

9

Forward Looking Discussion

This report contains a number of forward-looking statements, including statements regarding the prospective adequacy of the Company's liquidity and capital resources in the near term. From time to time, the Company may make other oral or written forward-looking statements regarding its anticipated

operating revenues, costs and expenses, earnings and other matters affecting its operations and condition. Such forward-looking statements are subject to a number of material factors, which could cause the statements or projections contained therein, to be materially inaccurate. Such factors include the estimated administrative expenses of the Company on a go forward basis.
