Morgan Group Holding Co.  
Notes to Financial Statements

Note 1. Basis of Presentation

Morgan Group Holding Co. ("Holding" or "the Company") was incorporated in November 2001 as a wholly-owned subsidiary of LICT Corporation ("LICT, formerly Lynch Interactive Corporation") to serve, among other business purposes, as a holding company for LICT's controlling interest in The Morgan Group, Inc. ("Morgan"). On December 18, 2001, LICT's controlling interest in Morgan was transferred to Holding. At the time, Holding owned 68.5% of Morgan's equity interest and 80.8% of Morgan's voting interest. On January 24, 2002, LICT spun off 2,820,051 shares of Holding common stock through a pro rata distribution ("Spin-Off") to its stockholders. LICT retained 235,294 shares of Holding common stock to be distributed in connection with the potential conversion of a convertible note that had been issued by LICT. Such note was repurchased by LICT in 2002 and LICT retains the shares.

On October 3, 2002, Morgan ceased its operations when its liability insurance expired and it was unable to secure replacement insurance. On October 18, 2002, Morgan and two of its operating subsidiaries filed voluntary petitions under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Indiana, South Bend Division for the purpose of conducting an orderly liquidation of Morgan's assets.

## Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

On October 18, 2002, Morgan adopted the liquidation basis of accounting and, accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carry value of Morgan's liabilities exceeded the fair value of its assets, the liabilities were reduced to equal the estimated net realizable value of the assets.

Management believed that it was unlikely that the Company would realize any value from its equity ownership in Morgan and, given the fact that the Company had no obligation or intention to fund any of Morgan's liabilities, its investment in Morgan was believed to have no value after its liquidation. Because the liquidation of Morgan was under the control of the bankruptcy court, the Company believed it had relinquished control of Morgan and, accordingly, deconsolidated its ownership interest Morgan in its financial statements during 2002. On March 31, 2008, the bankruptcy proceeding was concluded and the bankruptcy court dismissed the proceeding. Morgan received no value for its equity ownership from the bankruptcy proceeding.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and nine months ended September 30, 2009 are not necessarily indicative of the results that may be expected for the year ending December 31, 2009. The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

### Recently Issued Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board, or FASB, issued Statement of Financial Accounting Standard, or SFAS, No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 162. This statement modifies the GAAP hierarchy by establishing only two levels of GAAP, authoritative and nonauthoritative accounting literature. Effective July 2009, the FASB Accounting Standards Codification, or ASC, also known collectively as the "Codification," is considered the single source of authoritative U.S. accounting and reporting standards, except for additional authoritative rules and interpretive releases issued by the SEC. Nonauthoritative guidance and literature would include, among other things, FASB Concepts Statements, American Institute of Certified Public Accountants Issue Papers and Technical Practice Aids and accounting textbooks. The Codification was developed to organize GAAP pronouncements by topic, subtopic, section, and paragraph, each of which is identified by a numerical designation, so that users can more easily access authoritative accounting guidance. The Codification is effective for financial statements issued for reporting periods that end after September 15, 2009. Updates to the ASC are issued as Accounting Standards Updates, or ASU. Because the Codification did not change GAAP, the Codification had no impact on our financial statements and footnotes, other than the replacement of

## Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

pre-codification references with ASC or ASU references herein."

6

### Note 2. Income Taxes -----

The Company is a "C" corporation for Federal tax purposes, and has provided for deferred income taxes for temporary differences between the financial statement and tax bases of its assets and liabilities. The Company has recorded a full valuation allowance against its deferred tax asset of approximately \$1.7 million arising from its temporary basis differences and tax loss carryforward, as its realization is dependent upon the generation of future taxable income during the period when such losses would be deductible.

Pursuant to Sections 382 and 383 of the Internal Revenue Code, annual use of any of the Company's net operating loss carry forwards may be limited if cumulative changes in ownership of more than 50% occur during any three year period.

### Note 3. Commitments and Contingencies -----

On March 31, 2008, the bankruptcy court dismissed Morgan's bankruptcy proceeding. Holding had not guaranteed any of the obligations of Morgan. Management believes that the Company has no commitment or obligation to fund any creditors of Morgan.

7

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

### Overview

On October 18, 2002, Morgan adopted the liquidation basis of accounting and accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carrying value of Morgan's liabilities exceeded the fair value of its assets, the liabilities were reduced to equal the estimated net realizable value of the assets.

The Company currently has no operating businesses and will seek acquisitions as part of its strategic alternatives. Its only costs are the administrative expenses required to make the regulatory filings needed to maintain its public status. These costs are estimated at \$30,000 to \$40,000 per year.

### Results of Operations

For the three months ended September 30, 2009, the Company incurred \$5,228 of expenses as compared to \$4,578 of expenses in the three months ended September 30, 2008. Higher professional fees in 2009 caused the increase in this quarter. For the nine months ended September 30, 2009, the Company incurred \$25,570 of expenses as compared to \$32,367 of expenses in the nine months ended September 30, 2008. Lower professional fees caused the reduction. During the nine months ended September 30, 2008, the Company incurred an additional audit fee of \$3,000 for the audit of its 2006 financial statements. Also, during 2008 approximately \$3,000 of legal expenses were incurred.

Investment income was \$148 in the three months ended September 30, 2009 as

## Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

compared to \$1,946 in the three months ended September 30, 2008, and \$766 in the nine months ended September 30, 2009 as compared to \$7,481 in the nine months ended September 30, 2008, as a result of the Company's investment in a United States Treasury money market fund. Lower interest rates were the primary cause of the decreases in 2009.

### Liquidity and Capital Resources

As of September 30, 2009, the Company's only assets consisted of approximately \$387,572 in cash and a capital loss carry forward of about \$4.5 million which it expects will substantially expire in 2013. The ability to utilize this carry forward is dependent on the Company's ability to generate a capital gain prior to its expiration.

### Off Balance Sheet Arrangements

None.

### Item 3. Quantitative and Qualitative Analysis of Market Risk

As of September 30, 2009, the Company had no market sensitive assets or liabilities, and, as a result, management believes that the Company is minimally exposed to changes in market risk.

### Recently Issued Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board, or FASB, issued Statement of Financial Accounting Standard, or SFAS, No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 162. This statement modifies the GAAP hierarchy by establishing only two levels of GAAP, authoritative and nonauthoritative accounting literature. Effective July 2009, the FASB Accounting Standards Codification, or ASC, also known collectively as the "Codification," is considered the single source of authoritative U.S. accounting and reporting standards, except for additional authoritative rules and interpretive releases issued by the SEC. Nonauthoritative guidance and literature would include, among other things, FASB Concepts Statements, American Institute of Certified Public Accountants Issue Papers and Technical Practice Aids and accounting textbooks. The Codification was developed to organize GAAP pronouncements by topic, subtopic, section, and paragraph, each of which is identified by a numerical designation, so that users can more easily access authoritative accounting guidance. The Codification is effective for financial statements issued for reporting periods that end after September 15, 2009. Updates to the ASC are issued as Accounting Standards Updates, or ASU. Because the Codification did not change GAAP, the Codification had no impact on our financial statements and footnotes, other than the replacement of pre-codification references with ASC or ASU references herein."

### Item 4T. Controls and Procedures

#### a) Evaluation of Disclosure Controls and Procedures

-----

Our Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 (the "Act")) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures as of the end of

## Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-Q

the period covered by this report were designed and were functioning effectively to provide reasonable assurance that the information required to be disclosed by the Company in reports filed under the Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission. The Company believes that a controls system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

### (b) Changes in Internal Controls

-----

During the period covered by this report, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our financial statements.

### Forward Looking Discussion

-----

This report contains a number of forward-looking statements, including statements regarding the prospective adequacy of the Company's liquidity and capital resources in the near term. From time to time, the Company may make other oral or written forward-looking statements regarding its anticipated operating revenues, costs and expenses, earnings and other matters affecting its operations and condition. Such forward-looking statements are subject to a number of material factors, which could cause the statements or projections contained therein, to be materially inaccurate. Such factors include the estimated administrative expenses of the Company on a go forward basis.
