CENUCO, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2004

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Currently, Cenuco, Inc., (a Delaware corporation) and Subsidiaries (the "Company") is engaged in two different business segments:

Cenuco has pioneered the ability to transmit live streaming video onto cellular phones, cellular capable Personal Digital Assistants, 802.x devices, and remote computers. The patent pending core technology has been productized as a security remote video monitoring family of products for the retail/consumer, small to medium size enterprise, as well as for large enterprise, government, and homeland security market sectors. Cenuco's cellular remote video monitoring products are approved for sale to all Federal and military agencies, including the Department of Homeland Security. The Company was issued a five-year General Services Administration Contract number, GS-04F-0025N, in July 2003. Cenuco also develops wireless solutions and web services for the academic, real estate, and other markets.

Additionally, we are engaged in the online distance learning industry with a focus on the international, mid-career adult and corporate training markets since 1993 through various predecessor entities. We own and operate an online distance learning university and nutrition academy that offers licensed certificate and degree programs in a variety of concentrations to students in over 90 countries worldwide. We are licensed by the State Education Departments of the States of Alabama and Florida, respectively. In addition to online training, we develop wireless applications for schools and enterprise companies.

Our offices are located at 6421 Congress Ave, Suite 201, Boca Raton, Florida 33487 and 801 Executive Park Drive, Mobile, Alabama 36606.

Our reportable segments are strategic business units that offer different products, which complement each other. They are managed separately based on the fundamental differences in their operations.

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). The accompanying consolidated financial statements for the interim periods are unaudited and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial

Edgar Filing: CENUCO INC - Form 10QSB

position and operating results for the periods presented. The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. These consolidated financial statements should be read in conjunction with the consolidated financial statements for the year ended June 30, 2003 and notes thereto contained in the Company's report on Form 10-KSB as filed with the SEC. The results of operations for the nine months ended March 31, 2004 are not necessarily indicative of the results for the full fiscal year ending June 30, 2004.

Certain reclassifications have been made to the prior period's consolidated statements of operations to conform to the current period's presentation.

INVENTORIES

Inventories, consisting of security cameras and equipment, are stated at the lower of cost or market utilizing the first-in, first-out method.

REVENUE RECOGNITION

The Company follows the guidance of the Securities and Exchange Commission's Staff Accounting Bulletin 104 for revenue recognition. In general, the Company records revenue when persuasive evidence of an arrangement exists, services have been rendered or product delivery has occurred, the sales price to the customer is fixed or determinable, and collectability is reasonably assured. The following policies reflect specific criteria for the various revenues streams of the Company:

In connection with the development and sale of wireless solutions and web services, which include the development of business-to-business and business-to-consumer wireless applications, and state of the art wireless technology and services, the Company recognizes revenue as services are performed on a pro-rata basis over the contract term or products are delivered. The Company has executed a distribution agreement whereby the distributor may purchase wireless product on consignment. Any sales made to the distributor under this agreement will be recorded as a deferred revenue liability until such time as the distributor has sold the product at which time the Company will recognize the related revenues.

The Company recognizes tuition and registration revenues from its online distance learning segment based on the number of courses actually completed in each student's course of study. For example, if a student completes three out of his nine required courses, the Company will recognize 33% of the tuition regardless of the amount of time that the student has taken to fulfill these requirements.

Tuition refunds are based on the date that the student cancels and the policy is as follows: If the student withdraws within 5 calendar days after midnight of the day the student signs the Enrollment Agreement (Full Refund Period) the student will receive a full refund with no further obligation. If the student cancels after the Full Refund Period but before the school receives the first

Edgar Filing: CENUCO INC - Form 10QSB

completed lesson, the student will be charged a registration fee of \$150 and the student will receive a full refund less the registration fee charge. If the student cancels after the school receives the first completed lesson, the student's tuition obligation will be their registration fee plus a portion of the remaining tuition as defined below.

PERCENTAGE OF COURSE COMPLETED	AMOUNT OF TUITION OBLIGATED
10% of less	10% of tuition
Between 11% - 25%	25% of tuition
Between 26% - 50%	50% of tuition
Over 50%	Obligated for full tuition.

When a student withdraws, the Company writes off the remaining tuition receivable balance against the remaining unearned revenue balance and records a net increase or decrease to net revenues.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

STOCK OPTIONS

The Company accounts for stock options issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation cost is measured on the date of grant as the excess of the current market price of the underlying stock over the exercise price. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant. The Company adopted the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" and SFAS 148, "Accounting for Stock-Based Compensation -Transition and Disclosure", which permits entities to provide pro forma net income (loss) and pro forma earnings (loss) per share disclosures for employee stock option grants as if the fair-valued based method defined in SFAS No. 123 had been applied. The Company accounts for stock options and stock issued to non-employees for goods or services in accordance with the fair value method of SFAS 123.

The exercise prices of all options granted by the Company equal the market price at the dates of grant. No compensation expense has been recognized. Had compensation cost for the stock option plan been determined based on the fair value of the options at the grant dates consistent with the method of SFAS 123, "Accounting for Stock Based Compensation", the Company's net loss and loss per share would have been changed to the pro forma amounts indicated below for the nine months ended March 31, 2004 and 2003:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

EARNINGS (LOSS) PER COMMON SHARE

Basic net earnings (loss) per share equals net earnings (loss) divided by the weighted average shares outstanding during the year. The computation of diluted net earnings per share does not include dilutive common stock equivalents in the weighted average shares outstanding as they would be antidilutive. The reconciliation between the computations is as follows:

	Net Loss	Basic Shares	Basic EPS
	-----	-----	-----
Nine months ended March 31, 2004	\$ (1,167,871)	9,466,185	\$ (.12)
Nine months ended March 31, 2003	\$ (461,670)	8,707,239	\$ (.05)
Three months ended March 31, 2004 ...	\$ (525,421)	10,197,290	\$ (.05)
Three months ended March 31, 2003 ...	\$ (63,746)	8,714,757	\$ (.01)

INTANGIBLES AND OTHER LONG-LIVED ASSETS

The Company reviews the carrying value of intangibles and other long-lived assets for impairment at least annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of long-lived assets is measured by comparison of its carrying amount to the undiscounted cash flows that the asset or asset group is expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the property, if any, exceeds its fair market value. Goodwill represents the excess of the cost of the Company's acquired subsidiaries or assets over the fair value of their net assets at the date of acquisition. Under Statement of Financial Accounting Standards ("SFAS") No. 142, effective the first quarter of the year ended December 31, 2002, goodwill is no longer subject to amortization over its estimated useful life; rather, goodwill is subject to at least an annual assessment for impairment applying a fair-value based test.

RECENT ACCOUNTING PRONOUNCEMENTS

In April 2003, the FASB issued SFAS No. 149, "Amendment of Statement No. 133 on Derivative Instruments and Hedging Activities." This statement amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging activities under FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities." This Statement is effective for contracts

Edgar Filing: CENUCO INC - Form 10QSB

entered into or modified after June 30, 2003, and for hedging relationships designated after June 30, 2003. Management believes that adopting this statement did not have a material effect on the Company's results of operations or financial position.

-9-

CENUCO, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued) March 31, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

RECENT ACCOUNTING PRONOUNCEMENTS

In November 2002, the FASB issued FASB Interpretation No. 45 (FIN 45), *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others*, and interpretation of FASB Statements No. 5, 57, and 107 and Rescission of FASB Interpretation No. 34. FIN 45 clarifies the requirements of FASB Statement No. 5, *Accounting for Contingencies*, relating to the guarantor's accounting for, and disclosure of, the issuance of certain types of guarantees. This interpretation clarifies that a guarantor is required to recognize, at the inception of certain types of guarantees, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and initial measurement provisions of this Interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002, irrespective of the guarantor's fiscal year-end. The disclosure requirements in this interpretation are effective for financial statements of interim or annual periods ending after December 15, 2002. The adoption of FIN 45 did not have a material impact on the Company's results of operations or financial position.

In January 2003, the Financial Accounting Standards Board issued Interpretation No. 46, *"Consolidation of Variable Interest Entities,"* which addresses consolidation by business enterprises of variable interest entities. In general, a variable interest entity is a corporation, partnership, trust, or any other legal structure used for business purposes that either (a) does not have equity investors with voting rights or (b) has equity investors that do not provide sufficient financial resources for the entity to support its activities.

A variable interest entity often holds financial assets, including loans or receivables, real estate or other property. A variable interest entity may be essentially passive or it may engage in research and development or other activities on behalf of another company. The objective of Interpretation No. 46 is not to restrict the use of variable interest entities but to improve financial reporting by companies involved with variable interest entities. Until now, a company generally has included another entity in its consolidated financial statements only if it controlled the entity through voting interests. Interpretation No. 46 changes that by requiring a variable interest entity to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. The consolidation requirements of Interpretation No. 46 apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements apply to older entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. The adoption of FIN 46 did not have a material impact on the Company's results of operations or financial position.

CENUCO, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
March 31, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2003, the FASB issued SFAS 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS 150 establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both liabilities and equity. SFAS 150 requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances) because that financial instrument embodies an obligation of the issuer. SFAS 150 is effective for financial instruments entered into or modified after May 31, 2003 and otherwise is effective at the beginning the Company's interim period commencing July 1, 2003. SFAS 150 is to be implemented by reporting the cumulative effect of a change in accounting principle for financial instruments created before the issuance date of SFA 150 and still existing at the beginning of the interim period of adoption. The adoption of SFAS 150 did not have a significant effect on the company's financial statement presentation or disclosures.

In December 2003, the FASB issued SFAS No. 132 (Revised) ("SFAS No. 132-R"), "Employer's Disclosure about Pensions and Other Postretirement Benefits." SFAS No. 132-R retains disclosure requirements of the original SFAS No. 132 and requires additional disclosures relating to assets, obligations, cash flows, and net periodic benefit cost for defined benefit pension plans and defined benefit post retirement plans. SFAS No. 132-R is effective for fiscal years ending after December 15, 2003, except that certain disclosures are effective for fiscal years ending after June 15, 2004. Interim period disclosures are effective for interim periods beginning after December 15, 2003. The adoption of the disclosure provisions of revised SFAS No. 132-R did not have a material impact on the Company's historical disclosure.

NOTE 3 - STOCKHOLDERS' EQUITY

COMMON STOCK

In September 2003, the Company issued 13,080 shares of common stock to a consultant to settle debt of \$9,000, which was outstanding as of June 30, 2003 for services previously rendered.

On September 18, 2003, the Company issued 15,000 shares of common stock to independent directors for services rendered. Such shares were valued at their market value on the date of issuance at \$1.02 per share and recorded consulting expense of \$15,300 related to the consulting services.

On December 10, 2003, the Board of Directors approved an increase in the authorized common shares to 25,000,000.

On December 10, 2003, the Company issued 260,000 shares of common stock to officers of the Company and to independent directors for services rendered. Such shares were valued at their market value on the date of issuance at \$.71 per share. The Company recorded compensation of \$184,600 related to these services.

COMMON STOCK (CONTINUED)

On December 10, 2003, in connection with consulting agreements, the Company issued 777,464 restricted shares of common stock for services rendered and to be rendered in the future. The Company valued these shares at their market value on the date of issuance of \$.71 per share or a total of \$551,999. In connection with these shares, the Company recorded consulting expense of \$162,865 for the nine months ended March 31, 2004 and had deferred consulting expense of \$389,134 at March 31, 2004, which will be amortized over the service period.

NOTE 4 - SEGMENT INFORMATION

For the three and nine months ended March 31, 2004 and 2003, the Company operated in two reportable business segments - (1) the development and sales of wireless solutions and data application services and (2) the online distance learning industry. The data application segment includes development of business-to-business and business-to-consumer wireless applications, and state of the art wireless technology and services. The latter segment, online distance learning, provides internet education training to adult learners internationally. The Company's reportable segments are strategic business units that offer different products, which compliment each other. They are managed separately based on the fundamental differences in their operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS

GENERAL

The following analysis of the results of operations and financial condition of the Company should be read in conjunction with the consolidated financial statements for the year ended June 30, 2003 and notes thereto contained in the Report on Form 10-KSB of Cenuco, Inc. as filed with the SEC. These financial statements reflect the consolidated operations of Cenuco, Inc. for the nine months ended March 31, 2004 and 2003, respectively.

This report on Form 10-QSB contains forward-looking statements. These statements consist of any statement other than a recitation of historical fact and can be identified by the use of forward-looking terminology such as "may," "expect," "anticipate," "estimate" or "continue" or the negative thereof or other variations thereon or comparable terminology. The reader is cautioned that all forward-looking statements are necessarily speculative and there are certain risks and uncertainties that could cause actual events or results to differ materially from those referred to in such forward-looking statements. We do not have a policy of updating forward-looking statements and thus it should not be assumed that silence over time means that actual events are bearing out as we estimated in such forward-looking statements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS

(Continued)

Reflecting the changing focus of our business, we plan to accelerate the development of our suite of fully integrative wireless solutions for the Security and video surveillance markets. We have focused on our development of wireless applications, while maintaining our market presence in the distance-learning sector. We have continued to try and expand our online distance-learning programs and have been restructuring and improving our efforts to obtain our goals through increased mentoring programs to facilitate the completion of course work, increased marketing efforts and improvement in our on-line learning technologies. Additionally, we are seeking opportunities to expand our programs in Asia and South America. We have hired additional sales people for our online distance-learning segment. We also believe there is a great opportunity to offer distance-learning programs focused in the security industry. By offering these programs, we can further utilize our existing distance learning platform for different markets.

Our wireless segment has produced viable solutions for the real estate and security markets. In addition, we launched our retail line of wireless video

Edgar Filing: CENUCO INC - Form 10QSB

monitoring solutions, MommyTrack(TM).

Through our subsidiary, we are engaged in the online distance learning business with a focus on the international, second-career adult and corporate training markets. We currently operate our main school, Barrington University, from Mobile, Alabama, where the State of Alabama Department of Education, Code of Alabama, Title 16-46-1 through 10, licenses the school. We offer degrees and training programs to students in over 90 countries and in multiple languages. The programs are "virtual" in their delivery format and can be completed from a laptop, home computer or through a wireless device.

In addition to degree completion programs, we are focusing on training corporate personnel, continuing education (CE) courses and wireless technology for education, which we believe is a major growth area. We plan on implementing security training offerings in the future.

We are currently developing affordable wireless platforms to provide companies with quality training services for their employees. Our staff works directly with Human Resource departments to ensure the training is scalable and applicable to their employees' needs. Our technology provides seamless information to all employees, regardless if they are in the home, office or out in the field.

We have released other wireless application products that are currently being used in the Security, Real Estate and insurance industries. The software applications are compatible with most existing wireless devices while utilizing most carrier networks.

We maintain full approval for Sallie Mae funding for our students that qualify for Sallie Mae loans. Sallie Mae has been providing funds for educational loans. Sallie Mae currently owns or manages student loans for more than seven million borrowers and is the nation's leading provider of educational loans.

We operate in two reportable business segments - (1) the development and sales of wireless solutions and data application services and (2) the online distance learning industry. The data application segment includes development of business-to-business and business-to-consumer wireless applications, and state of the art wireless technology and services. The latter segment, online distance learning, provides internet education training to adult learners internationally. Our reportable segments are strategic business units that offer different products, which compliment each other. They are managed separately based on the fundamental differences in their operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS (Continued)

SEASONALITY IN RESULTS OF OPERATIONS

We experience seasonality in our results of operations from our online distance-learning segment primarily as a result of changes in the level of student enrollments and course completion. While we enroll students throughout the year, December and January average enrollments and course completion and related revenues generally are lower than other quarters due to seasonal breaks in December and January. Accordingly, costs and expenses historically increase as a percentage of tuition and other net revenues as a result of certain fixed costs not significantly affected by the seasonal second quarter declines in net revenues.

Edgar Filing: CENUCO INC - Form 10QSB

We experience a seasonal increase in new enrollments in August of each year when most other colleges and universities begin their fall semesters. As a result, instructional costs and services and selling and promotional expenses historically increase as a percentage of tuition and other net revenues in the fourth quarter due to increased costs in preparation for the August peak enrollments.

RESULTS OF OPERATIONS

NINE MONTHS ENDED MARCH 31, 2004 COMPARED TO NINE MONTHS ENDED MARCH 31, 2003

CONSOLIDATED RESULTS

The following discussion relates to our consolidated results of operations. Further discussion and analysis of operating results follows and is discussed by segment.

Revenues

For the nine months ended March 31, 2004, we had a 34% decrease in earned revenues to \$917,455 from \$1,386,821 for the nine months ended March 31, 2003.

Cost of Equipment Sales

For the nine months ended March 31, 2004 and 2003, we incurred cost of sales related to the sale of equipment of \$17,642 and \$155,301, respectively.

Instruction and Educational Support

Instruction and educational support expenses related to our online distant-learning segment. For the nine months ended March 31, 2004, instructional and educational support expenses amounted to \$84,696 or 9.0% of consolidated net revenues as compared to \$83,976 or 6% of net revenues for the nine months ended March 31, 2003.

Research and Development

For the nine months ended March 31, 2004, research and development expense amounted to \$25,379 as compared to \$41,493 for the nine months ended March 31, 2003.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS (Continued)

RESULTS OF OPERATIONS (Continued)

NINE MONTHS ENDED MARCH 31, 2004 COMPARED TO NINE MONTHS ENDED MARCH 31, 2003

Selling and Promotion

Selling and promotion expense consists primarily of recruiting fees, advertising, trade show expense, and travel. For the nine months ended March 31, 2004, selling and promotion expenses decreased by 41% to \$188,177 or 21% of consolidated net revenues as compared to \$321,395 or 23.2% of net revenues for the nine months ended March 31, 2003.

General and Administrative Expenses

Edgar Filing: CENUCO INC - Form 10QSB

General and administrative expenses, which includes salaries, professional fees, rent, travel and entertainment, insurance, bad debt, and other expenses, were \$1,778,842 for the nine months ended March 31, 2004 as compared to \$1,525,746 for the nine months ended March 31, 2003. This amounted to 194% of consolidated net revenues for the nine months ended March 31, 2004 as compared to 110% for nine months ended March 31, 2003.

Interest Income

Interest income was \$9,410 for the nine months ended March 31, 2004 as compared to \$16,476 for the nine months ended March 31, 2003, a decrease of \$7,066.

Income Taxes

Deferred tax assets and liabilities are provided for significant income and expense items recognized in different years for tax and financial reporting purposes. As of March 31, 2003, we did not record a valuation allowance on the deferred tax assets because the Company's ability to realize these benefits was "more likely than not". The deferred tax asset was reported in the accompanying balance sheet at March 31, 2003. As of March 31, 2004, the net deferred taxes have been fully offset by a valuation allowance since the Company cannot currently conclude that it is more likely than not that the benefits will be realized. The net operating loss carryforward for income tax purposes of approximately \$1,400,000 expires beginning in 2017. Internal Revenue Code Section 382 places a limitation on the amount of taxable income that can be offset by carryforwards after a change in control (generally greater than a 50% change in ownership).

REVENUES

For the nine months ended March 31, 2004, we had a 24.4% decrease in earned revenues to \$779,072 from \$1,029,865 for the nine months ended March 31, 2003. The decrease in revenues is due primarily to a decrease in the number of students that have completed courses in our programs at a slower rate than expected. Unearned revenue represents the portion of tuition revenue invoiced but not earned and is reflected as a liability in the accompanying consolidated balance sheets. Since we will recognize tuition and registration revenue based on the number of courses actually completed in each student's course of study, student course completion efforts, if successful, are extremely beneficial to operating results. The general slowdown in course completion by our students had an adverse effect on our revenues. We are making efforts to mentor our students and are encouraging them to complete their respective coursework. These efforts include telephone calls, emails, letters, and the offering of incentives to students. We have recently increased our marketing efforts and we have seen an increase in student enrollment during the nine months ended March 31, 2004 and expect student enrollment to continue to increase in fiscal 2004.

Tuition refunds are based on the date that the student cancels and the policy is as follows: If the student withdraws within 5 calendar days after

Edgar Filing: CENUCO INC - Form 10QSB

midnight of the day the student signs the Enrollment Agreement (Full Refund Period) the student will receive a full refund with no further obligation. If the student cancels after the Full Refund Period but before the school receives the first completed lesson, the student will be charged a registration fee of \$150 and the student will receive a full refund less the registration fee charge. If the student cancels after the school receives the first completed lesson, the student's tuition obligation will be their registration fee plus a portion of the remaining tuition as defined below.

PERCENTAGE OF COURSE COMPLETED	AMOUNT OF TUITION OBLIGATED
10% of less	10% of tuition
Between 11% - 25%	25% of tuition
Between 26% - 50%	50% of tuition
Over 50%	Obligated for full tuition.

When a student withdraws, we write off the remaining tuition receivable balance against the remaining unearned revenue balance and recorded a net increase or decrease to net revenues.

EXPENSES

Instruction and Educational Support

Instruction and educational support expenses consist primarily of student supplies such as textbooks as well as course development fees, credit card fees, computer related expenses, and printing fees. For the nine months ended March 31, 2004, instructional and educational support expenses increased to \$84,696 or 10.9% of net tuition and tuition-related revenues as compared to \$83,976 or 8.2% of net tuition and tuition-related revenues for the nine months ended March 31, 2003. The increase in instructional and educational support expenses and the related percentages was mainly attributable to the fact that we have enrolled more students in the current period and had to purchase text books for these new students. Accordingly, student supply expense was \$47,845 or 10.0% of net tuition and tuition-related revenues for the nine months ended March 31, 2004 as compared to \$34,280 or 3.3% of revenue for the nine months ended March 31, 2003. Printing and reproduction costs decreased to \$14,540 for the nine months ended March 31, 2004 as compared to \$16,790 for the nine months ended March 31, 2003. Computer and internet expenses increased to \$13,105 for the nine months ended March 31, 2004 as compared to \$4,911 for the nine months ended March 31, 2003.

Selling and Promotion

Selling and promotion expense consists primarily of recruiting fees, advertising and travel. For the nine months ended March 31, 2004, selling and promotion expenses decreased by 55% to \$85,059 or 10.9% of net tuition and tuition-related revenues as compared to \$115,190 or 11.2% of similar net revenues for the nine months ended March 31, 2003. The decrease in selling and promotion expenses is attributable to the shift in our selling and promotion

Edgar Filing: CENUCO INC - Form 10QSB

efforts to our wireless solutions segment. We have refocused our efforts on our distant learning segment and have increased our advertising and marketing efforts. For the nine months ended March 31, 2004, advertising expense amounted to \$36,702 as compared to \$85,422 for the nine months ended March 31, 2003. Additionally, our recruiting fees increased to \$44,077 for nine months ended March 31, 2004 from \$19,136 for the nine months ended March 31, 2004. The increase is attributable to increased use of recruiters to obtain students due to our re-focusing on student enrollment. Additionally, during the nine months ended March 31, 2004, we reversed accrued recruiting fees due to the withdrawal of students that attributed to the recording of recruiting fee income. We are currently running advertisements in various national publications and newspapers in order to attract more students. We expect our advertising budget to increase through the end of fiscal 2004.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS (Continued)

RESULTS OF OPERATIONS (Continued)

NINE MONTHS ENDED MARCH 31, 2004 COMPARED TO NINE MONTHS ENDED MARCH 31, 2003

General and Administrative Expenses

General and administrative expenses, which includes salaries, consulting fees, professional fees, rent, travel and entertainment, insurance, bad debt, and other expenses, were \$828,807 for the nine months ended March 31, 2004 as compared to \$684,062 for the nine months ended March 31, 2003. This amounted to 106.4% of net tuition and tuition-related revenues for the nine months ended March 31, 2004 as compared to 66.4% for the nine months ended March 31, 2003. The change was directly attributable to increased non-cash compensation expense from the issuance of common stock and grants of stock options and warrants for services offset by decreases in operating expenses and was primarily due to the following factors:

The cost of professional fees decreased to \$37,563 for the nine months ended March 31, 2004 as compared to \$64,778 for the nine months ended March 31, 2003. During the nine months ended March 31, 2003, we incurred additional costs associated with the filing of a registration statement with the Securities and Exchange Commission and incurred legal expenses in connection with the dismissal of a lawsuit. For the nine months ended March 31, 2004, salaries were \$186,450 as compared to salaries of \$190,857 for the nine months ended March 31, 2004. Additionally, we experienced an increase in postage and delivery expenses due to an increased student enrollment. We incurred bad debt (income) expense of \$(28,540) for the nine months ended March 31, 2004 as compared to \$246,279 for the nine months ended March 31, 2003. For the nine months ended March 31, 2004, we reduced our allowance for doubtful account due to the withdrawal of inactive students. For the nine months ended March 31, 2004, we recorded non-cash compensation and consulting fees of \$502,408 from the issuance of common stock and grants of stock option and warrants for services.

Interest Income

Interest income was \$106 for the nine months ended March 31, 2004 as compared to \$9,511 for the nine months ended March 31, 2003, a decrease of \$9,405 due to the fact that cash was transferred to our wireless segment. We currently invest our excess cash balances in primarily two interest-bearing accounts with two financial institutions.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS (Continued)

RESULTS OF OPERATIONS (Continued)

NINE MONTHS ENDED MARCH 31, 2004 COMPARED TO NINE MONTHS ENDED MARCH 31, 2003

WIRELESS AND WEB SOLUTIONS SEGMENT (Continued)

For the nine months ended March 31, 2004 and 2003, we incurred cost of sales related to the sale of equipment of \$17,642 and \$155,301, respectively.

For the nine months ended March 31, 2004 and 2003, we incurred research and development expenses from the development of our new products of \$25,379 and \$41,493, respectively.

For the nine months ended March 31, 2004, selling and promotion expenses amounted to \$103,118, which included \$44,205 in commission expense, \$24,254 in advertising expense, printing and reproduction expense of \$3,848, travel expenses of \$26,849, and other expenses of \$3,962. For the nine months ended March 31, 2003, selling and promotion expenses amounted to \$206,205, which included \$16,021 in commission expense, \$5,362 in advertising expense, \$97,427 of trade show expense, printing and reproduction expense of \$25,642, travel expenses of \$31,125, licensing fees of \$30,628 and other expenses. We expect to increase our selling and marketing activities in fiscal 2004.

For the nine months ended March 31, 2004, we incurred \$950,035 of general and administrative expenses, which included salaries expense of \$364,356, consulting expense of \$157,969, rent expense of \$32,992, professional fees of \$41,721 and other expenses. Additionally, for the nine months ended March 31, 2004, we recorded non-cash compensation of \$138,450 from the issuance of common stock and grants of stock options and warrants for services. For the nine months ended March 31, 2003, we incurred \$841,684 of general and administrative expenses, which included salaries of \$449,837, consulting expense of \$76,895, computer and internet related expenses of \$12,226, rent expense of \$31,967, licensing fees of \$68,062 and other expenses. The increase in consulting fees for the nine months ended March 31, 2004 as compared to the nine months ended March 31, 2003 was attributable to an increase in fees paid for public relations services related to our MommyTrack product. The increase in rent expense for the nine months ended March 31, 2004 as compared to the nine months ended March 31, 2003 was attributable the increase in rent allocated to our wireless segment related to an increase in office space used by this segment.

Edgar Filing: CENUCO INC - Form 10QSB

For the nine months ended March 31, 2004 and 2003, interest income was \$9,403 and \$6,965, respectively. We currently invest our excess cash balances in primarily two interest-bearing accounts with two financial institutions.

OVERALL CONSOLIDATED RESULTS

Net income (loss)

As a result of the foregoing factors, we recognized a net loss of \$(1,167,871) or \$(.12) per share on a consolidated basis for the nine months ended March 31, 2004 as compared to net loss of \$(461,670) or \$(.05) per share for the nine months ended March 31, 2003.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS (Continued)

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2004, we had \$3,399,745 in cash and equivalents and a short-term investment on hand to meet our obligations.

In connection with a private placement, we sold one unit for \$100,000 comprised of 100,000 shares of common stock and warrants entitling the holder to purchase up to 100,000 shares of the Company's common stock, at an exercise price of \$1.00. Additionally, in March 2004, we consummated a capital raise through a private placement offered to accredited investors. We offered, through a placement agent, investment units consisting of 5,000 shares of its common stock offered at \$4.00 per share with a callable warrant to purchase 5,000 shares of its common stock at \$4.50 per share. The private placement was originally to be for a maximum amount of \$5,000,000, but was subsequently increased to a maximum of \$6,000,000. As of March 31, 2004, we sold 15,000 units under the private placement aggregating 750,000 shares of common stock and 750,000 warrants for net proceeds of \$2,678,439. In April 2004, we sold the remaining units and issued 750,000 shares of common stock and 750,000 warrants for net proceeds of \$2,721,745. Additionally, we received proceeds of \$50,000 from the exercise of warrants. In the future, we plan on raising additional funds to expand our operations or to pursue acquisition opportunities or other expansion opportunities.

During the nine months ended March 31, 2004, we invested substantial time and resources developing and evaluating products and opportunities for our wireless solutions segment. We will continue to develop new wireless solutions for both of our segments and may consider acquisitions, business combinations, or start up proposals, which could be advantageous to our product lines or business plans, although the Company expects to be profitable in the future there can be no assurance.

Net cash used in operations was \$343,314 for the nine months ended March 31, 2004 as compared to net cash used in operations of \$418,148 for the nine months ended March 31, 2003. We feel that with expected positive cash flow, our current cash balance is sufficient to sustain our operations over the ensuing 12-month period, including the expected growth during this period.

Net cash used in investing activities for the nine months ended March 31, 2004 was \$2,611,428 as compared to \$62,893 for nine months ended March 31, 2004 and primarily related to our investment in certificate of deposits during the nine months ended March 31, 2004 of \$2,576,546. Additionally we acquired property and equipment of \$34,882 and \$62,893 for the nine months ended March

Edgar Filing: CENUCO INC - Form 10QSB

31, 2004 and 2003, respectively.

We currently have no material commitments for capital expenditures. Our future growth is dependent on our ability to raise capital for expansion, and to seek additional revenue sources. If we decide to pursue any acquisition opportunities or other expansion opportunities, we may need to raise additional capital, although there can be no assurance such capital-raising activities would be successful.

CRITICAL ACCOUNTING POLICIES

A summary of significant accounting policies is included in Note 1 to the audited financial statements included in Quarterly Report on Form 10-QSB for the year ended June 30, 2003. We believe that the application of these policies on a consistent basis enables us to provide useful and reliable financial information about our operating results and financial condition.

-24-

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

We account for stock options issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation cost is measured on the date of grant as the excess of the current market price of the underlying stock over the exercise price. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant. We adopted the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" and SFAS 148, "Accounting for Stock-Based Compensation - Transition and Disclosure", which permits entities to provide pro forma net income (loss) and pro forma earnings (loss) per share disclosures for employee stock option grants as if the fair-valued based method defined in SFAS No. 123 had been applied. We account for stock options and stock issued to non-employees for goods or services in accordance with the fair value method of SFAS 123.

We recognize tuition and registration revenue based on the number of courses actually completed in each student's course of study. For example, if a student completes three out of his nine required courses, the Company will recognize 33% of the tuition regardless of the amount of time that the student has taken to fulfill these requirements. Tuition refunds are based on the date that the student cancels and the policy is as follows: If the student withdraws within 5 calendar days after midnight of the day the student signs the Enrollment Agreement (Full Refund Period) the student will receive a full refund with no further obligation. If the student cancels after the Full Refund Period but before the school receives the first completed lesson, the student will be charged a registration fee of \$150 and the student will receive a full refund less the registration fee charge. If the student cancels after the school receives the first completed lesson, the student's tuition obligation will be their registration fee plus a portion of the remaining tuition as defined below.

PERCENTAGE OF COURSE COMPLETED	AMOUNT OF TUITION OBLIGATED
10% of less	10% of tuition
Between 11% - 25%	25% of tuition
Between 26% - 50%	50% of tuition
Over 50%	Obligated for full tuition.

Edgar Filing: CENUCO INC - Form 10QSB

When a student withdraws, we write off the remaining tuition receivable balance against the remaining unearned revenue balance and recorded a net increase or decrease to net revenues.

In connection with the development and sale of wireless solutions and web services, which include the development of business-to-business and business-to-consumer wireless applications, and state of the art wireless technology and services, we recognize revenue as services are performed on a pro-rata basis over the contract term or products are delivered. We have executed a distribution agreement whereby the distributor may purchase wireless product on consignment. Any sales made to the distributor under this agreement will be recorded as a deferred revenue liability until such time as the distributor has sold the product at which time we will recognize the related revenues.

RECENT ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board has recently issued several new accounting pronouncements:

In January 2003, the Financial Accounting Standards Board issued Interpretation No. 46, "Consolidation of Variable Interest Entities," which addresses consolidation by business enterprises of variable interest entities. In general, a variable interest entity is a corporation, partnership, trust, or any other legal structure used for business purposes that either (a) does not have equity investors with voting rights or (b) has equity investors that do not provide sufficient financial resources for the entity to support its activities.

A variable interest entity often holds financial assets, including loans or receivables, real estate or other property. A variable interest entity may be essentially passive or it may engage in research and development or other activities on behalf of another company. The objective of Interpretation No. 46 is not to restrict the use of variable interest entities but to improve financial reporting by companies involved with variable interest entities. Until now, a company generally has included another entity in its consolidated financial statements only if it controlled the entity through voting interests. Interpretation No. 46 changes that by requiring a variable interest entity to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. The consolidation requirements of Interpretation No. 46 apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements apply to older entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. The adoption of FIN 46 did not have a material impact on the Company's results of operations or financial position.

In May 2003, the FASB issued SFAS 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS 150 establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both liabilities and equity. SFAS 150 requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances) because that financial instrument embodies an obligation of the issuer. SFAS 150 is effective for financial instruments entered into or modified after May 31, 2003 and otherwise is effective at the beginning the Company's interim period commencing July 1, 2003. SFAS 150 is to be implemented by

Edgar Filing: CENUCO INC - Form 10QSB

reporting the cumulative effect of a change in accounting principle for financial instruments created before the issuance date of SFA 150 and still existing at the beginning of the interim period of adoption. The adoption of SFAS 150 did not have a significant effect on the company's financial statement presentation or disclosures.

In December 2003, the FASB issued SFAS No. 132 (Revised) ("SFAS No. 132-R"), "Employer's Disclosure about Pensions and Other Postretirement Benefits." SFAS No. 132-R retains disclosure requirements of the original SFAS No. 132 and requires additional disclosures relating to assets, obligations, cash flows, and net periodic benefit cost for defined benefit pension plans and defined benefit post retirement plans. SFAS No. 132-R is effective for fiscal years ending after December 15, 2003, except that certain disclosures are effective for fiscal years ending after June 15, 2004. Interim period disclosures are effective for interim periods beginning after December 15, 2003. The adoption of the disclosure provisions of revised SFAS No. 132-R did not have a material impact on the Company's historical disclosure.

ITEM 3. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, we conducted an evaluation, under the supervision and with the participation of the Chief Executive Officer and Principal Accounting Officer, of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based on this evaluation, the Chief Executive Officer and Principal Accounting Officer concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. There was no change in the Company's internal control over financial reporting during the Company's most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Changes in Internal Controls

There have been no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls or in other factors that could significantly affect these controls subsequent to the Evaluation Date set forth above.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time the company faces litigation in the ordinary course of business. Currently we are not involved with any litigation which will have a material adverse effect on our financial condition.

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

On March 2, 2004, in connection with a new employee, we are to issue 17,000 shares of common stock. We valued these shares at their market value on the date of issuance of \$5.00 per share and recorded non-cash compensation of \$85,000. As of March 31, 2004, these shares had not been issued and are included in common stock issuable on the consolidated balance sheet.

Edgar Filing: CENUCO INC - Form 10QSB

During the quarter ended March 31, 2004, we shall issue 2,703 shares of common stock for services rendered. We valued these shares at their market value on the first date at the beginning of the service period at \$1.10 to \$4.50 per share and recorded professional fees of \$3,000. As of March 31, 2004, these shares had not been issued and are included in common stock issuable on the consolidated balance sheet.

During the quarter ended March 31, 2004, we issued 6,666 shares of common stock upon the exercise of a option for proceeds of \$2,800

In March 2004, we consummated a capital raise through a private placement offered to accredited investors. We sold 15,000 units under the private placement aggregating 750,000 shares of common stock and 750,000 warrants for net proceeds of \$2,678,439. As of March 31, 2004, these shares had not been issued and are included in common stock issuable on the consolidated balance sheet.
