**Item 8.01            OTHER EVENTS**

In November 2007 China Direct, Inc. (the Company) engaged Jefferies & Company to administer 10b5-1 insider trading plans for directors, officers and certain employees in accordance with company policy and the implementation of internal controls. Such plans, under Rule 10b5-1 of the Securities Exchange Act of 1934, allow a corporate insider to gradually diversify holdings of his company's common stock while minimizing any market effects of such trades by spreading them out over an extended period of time and eliminating any market concern that such trades were made by a person while in possession of material nonpublic information. Additionally, the officers of the Company have represented and agreed not to make any other open market sales of the Company's common stock until the plan terminates. All shares sold upon exercise will result in the strike price proceeds being delivered to the Company.
