**ITEM 1.01**      **Entry Into A Material Definitive Agreement**

## Edgar Filing: DUKE ENERGY CORP - Form 8-K

On October 3, 2005, the registrant, Cinergy Corp., Duke Energy Holding Corp., Deer Acquisition Corp., and Cougar Acquisition Corp. entered into Amendment No. 2 to the Agreement and Plan of Merger. The amendment amends the proposed certificate of incorporation of Duke Energy Holding Corp. attached as Exhibit A to the Agreement and Plan of Merger to include certain provisions to more closely resemble the registrant's and Cinergy's respective current Articles of Incorporation that provide that, subject to the rights of holders of its Preferred Stock:

- (a) the size of its board of directors may range from nine to eighteen directors, as may be set from time to time by its board of directors;
- (b) newly created directorships resulting from any increase in the number of directors and any vacancies on the board of directors may be filled only by the affirmative vote of a majority of the remaining directors then in office and that no decrease in the number of directors constituting the board of directors will shorten the term of any incumbent director;
- (c) directors are to be elected by the holders of voting stock and hold office until the next annual meeting of shareholders and until their respective successors are duly elected and qualified, and
- (d) the approval of a supermajority vote of the holders of at least 80% of the combined voting power of the then outstanding shares of stock of all classes of Duke Energy Holding Corp. entitled to vote generally in the election of directors, voting together as a single class, shall be necessary to supplement, amend, alter, change or repeal in any respect provisions in the charter relating to the number of directors and vacancies and newly created directorships.

The disclosure in this Item 1.01 is qualified in its entirety by the provisions of Amendment No. 2 to the Agreement and Plan of Merger, which is attached hereto as Exhibit 2.1 and incorporated herein by reference.

### **ITEM 7.01 Regulation FD Disclosure**

The registrant previously announced in publicly webcast presentations that approximately \$160 million of the estimated \$440 million cost savings in the third year following the completion of the merger with Cinergy Corp. ( Cinergy ) would be accelerated and reflected in discontinued operations. This was due to the announced exit from the Duke Energy North America ( DENA ) business excluding the mid-west assets, certain corporate allocations, and other structured contracts. Upon further analysis it was determined that approximately \$30 million of this amount is related to DENA's continuing operations and subsequent integration with Cinergy and therefore will continue to be included in cost savings from the merger. Accordingly, the stated \$160 million of cost savings to be accelerated is now expected to be approximately \$130 million.

### **ITEM 8.01 Other Events**

Item 4 of the registrant's Form 10-Q for the quarter ended June 30, 2005 inadvertently included the incorrect for , against and abstain tallies for the proposals submitted to shareholders. The errors did not affect the outcomes of the voting. The correct Item 4 is set forth below in its entirety.
