CHIEF FINANCIAL OFFICER

May 27, 2015

Dear EDAP Shareholders,

In 2014, EDAP recorded a 11% total revenue growth driven by a 70% increase in our HIFU revenues. The solid performance of our HIFU business reflected the growing recognition of our HIFU technology worldwide and particularly the early adoption of our Focal One device. We continued to experience growing interest in the focal approach of prostate cancer treatment which comes as a complement to our Ablatherm-HIFU. The recent clearance of our Focal One device by Health Canada was a major step forward in introducing focal HIFU technology in North America; this achievement was rewarded by the placement of our first Focal One sale with the Montreal Jewish General Hospital.

2014 was also a challenging year for EDAP with significant developments in the approval path of our Ablatherm HIFU device in the U.S. Following last July's FDA Advisory Panel meeting and its negative outcome, we conveyed our deep frustration and disappointment. However, since then, we have had a lot of discussions with the FDA about our PMA file and the way moving forward in the review process. In November 2014, we received a letter from the FDA indicating that the file was not approvable in its current form. However, while we focused our efforts on amending our PMA to include FDA specific guidance in support of Ablatherm-HIFU approval, the FDA recently recommended that we seek clearance of Ablatherm HIFU via a direct De Novo petition on the basis of a prostatic tissue ablation tool claim. Consequently, we filed and submitted a De Novo petition for our Ablatherm-HIFU in April 2015.

Bringing Ablatherm to market in the U.S. remains one of the most important objectives for our Company and we are pleased that our ongoing discussions with the FDA resulted in the De Novo path. This is encouraging as it may accelerate the regulatory pathway of our HIFU technology in view of our U.S. market development while bringing HIFU minimally invasive solution to U.S. prostate cancer patients.

In early 2015, in line with our strategy, we strengthened our lithotripsy business through a multi-national OEM partnership with Quanta System, a leader in the manufacture of medical lasers. Through this partnership, Quanta will manufacture customized urological stone lasers to be sold under the EDAP brand through our global distribution network. The addition of urological stone lasers is an excellent complement to our broad lithotripsy portfolio and enables us to offer a complete range of minimally invasive solutions for urinary tract stone indications.

Finally, as we advanced our HIFU technology in the prostate cancer arena, we have learned a great deal about HIFU and its potential in other cancer indications. In early 2015, we took a major step toward expanding HIFU's reach beyond prostate cancer through our participation in the HECAM consortium, led by GE Healthcare. This multi-partner consortium aims at developing a novel HIFU treatment for liver cancer. EDAP will collaborate with its long-time academic partners at INSERM and other prominent cancer centers and, as such, will receive 2.4 million Euros in non-dilutive financing from Bpifrance over a 5-year period.

Finally, during 2014, in order to continue developing our U.S. operations and to expand our long-term growth strategy, we strengthened our balance sheet with a capital raise of \$9.3 million through the private placement of 3 million common shares. We ended the year with a strong cash position of \$14.7 million (€12.1 million).

In this context, we are pleased to convene our shareholders in a General Meeting on June 30, 2015 and would like to take this opportunity to request your support for the attached resolutions.

You will be requested to vote for resolutions submitted to (i) the Ordinary General Meeting of Shareholders and to the (ii) Extraordinary General Meeting of Shareholders.

Resolutions submitted to the Ordinary General Meeting (Resolutions 1 to 4) include approval of the Company's 2014 fiscal year accounts, related corporate activity approvals. We invite you to read the Company's Form 20-F Report relating to the 2014 fiscal year available on the Company's website www.edap-tms.com, Investor Relations section.

Resolutions submitted to the Extraordinary General Meeting (Resolutions 5 to 11), in accordance with French and international standards and in the interest of the Company, would allow us to renew the validity of some resolutions already approved and would provide the Company with the necessary legal frame to address US strategic moves and strengthen its long-term growth.

As always, the use of these delegations, if at all, will be done in light of the ultimate interest of the Company and its Shareholders.

We would like to thank our shareholders and investors for your continued support, commitment and confidence you have demonstrated in EDAP's long-term success.

Sincerely,

S/Philippe Chauveau

Such statements are based on management's current expectations and are subject to a number of risks and uncertainties, including matters not yet known to us or not currently considered material by us, and there can be no assurance that anticipated events will occur or that the objectives set out will actually be achieved. Important factors that could cause actual results to differ materially from the results anticipated in the forward-looking statements include, among others the uncertainties of the U.S. FDA approval process, the clinical status and market acceptance of our HIFU devices and the continued market potential for our lithotripsy device. Factors that may cause such a difference also may include, but are not limited to, those described in the Company's filings with the Securities and Exchange Commission and in particular, in the sections "Cautionary Statement on Forward-Looking Information" and "Risk Factors" in the Company's Annual Report on Form 20-F. Ablatherm-HIFU treatment is in clinical trials, but not FDA-approved or marketed in the United States.

A- DECISIONS RELATING TO THE ORDINARY GENERAL SHAREHOLDERS' MEETING

Management report on the Company's activity for the fiscal year ended December 31, 2014:

We invite you to read the Board of Directors' management report available pursuant to French laws and regulations and the Company's 2014 Annual Report on the 2014 consolidated accounts, which is available on the Company's website www.edap-tms.com, in the "Investor Relations" section.

With respect to the Company's activities since the beginning of the current fiscal year, we also invite you to read the Board of Directors' management report which also provides information relating to significant events that occurred since January 1, 2015 and future prospects (resolutions 1 to 4).

B- DECISIONS RELATING TO THE EXTRAORDINARY SHAREHOLDERS' MEETING

Prior to examining the various resolutions submitted to your approval, please find below a summary of the reasons that have led us to call the Extraordinary Shareholders' Meeting.

On June 30, 2014, we convened you to submit to you certain resolutions allowing us to seize financing opportunities in order to strengthen the Company's financial structure and its potential development. We hereby wish to renew and extend the validity of some of these delegations granted to the Board of Directors as some of these delegations will terminate in November 2015.

In accordance with French and international standards and in the interest of the Company, in the view of its development, it seems appropriate to us to renew various financial delegations to your Board of Directors (resolutions 6 to 9) granted to the Board of Directors to implement share capital increases, immediately or in the future, with or without preferential subscription rights, with the same objective of responding to opportunities which may arise and thus allow the Company to strengthen its equity capital.

In addition, in line with the Company's profit-sharing policy in favor of its employees and in accordance with French law, we submit two delegations of authority to be granted to your Board of Directors so that it may carry out a share capital increase to the benefit of, on the one hand, directors, officers and individuals who have an employment contract with the Company, and, on the other hand, participants in the Company's employee savings plan (resolutions 10 and 11).

The maximum aggregate nominal amount of share capital increases that may be carried out pursuant to the delegations we propose you to grant to your Board of Directors would be set at 1,300,000 euros, i.e., a maximum number of shares of 10,000,000 with a nominal value of 0.13 euros each (resolution 5).

This amount would be an aggregate maximum which would be the same for all resolutions providing for share capital increases. To this amount must be added, if need be, the additional amount of the shares or securities to be further issued to preserve, as provided by law and by any applicable contractual provision providing for other cases of adjustments, the rights of the holders of securities giving access to share capital or other rights giving access to share capital.

Through the delegations that are hereby submitted to your approval, the Board of Directors would have all powers to implement these delegations, in accordance with applicable law and the Company's by-laws, in order, without limiting the generality hereof, to set the dates, the amounts, the terms and conditions of any issuance, the form and characteristics of shares or securities giving access to the share capital or debt securities to be issued, with or without a premium.

Please also note that the delegations granted pursuant to resolutions 6, 7, 8 and 9 will replace the previously granted delegations having the same purpose.

In the event that the Board of Directors uses the delegations of authority granted to it pursuant to these resolutions, it shall report to the next Ordinary Shareholders' Meeting on the use made by it of such delegations, in accordance with applicable laws and regulations.

For each of the delegations submitted to your approval, the reports established by the Company's statutory auditor will be read to you.

We propose to hereinafter review each of the resolutions submitted to your approval in the Extraordinary Shareholders' Meeting:

B-1 Financial delegations to be granted to the board of directors

Resolution 5 sets the maximum aggregate nominal amount of the share capital increases that may be carried out and the debt securities that may be issued pursuant to the delegations submitted to your vote at 1,300,000 euros, i.e., a maximum of 10,000,000 shares to be issued with a nominal value of 0.13 euro each.

The Board of Directors asks you to approve or renew the resolutions mentioned below, using the legal mechanism of delegation of authority, and to delegate your authority to it in order to:

- increase the share capital by issuance of shares or any securities giving access to the share capital of the Company or giving a right to allocation of debt securities, with preservation of the Company's shareholders' preferential subscription rights (resolution 6)

-

increase the share capital by issuance of shares or any securities giving access to the share capital of the Company or giving a right to debt securities, with cancellation of the Company's shareholders' preferential subscription rights, by means of a public offering (resolution 7)

-increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights in favor of one or several categories of persons who meet certain specified characteristics, being specified that the issuance price will be at least equivalent to the volume weighted average price of the three trading days on the Nasdaq preceding the pricing date, to which there may be applied a maximum 30% discount (resolution 8).

This resolution 8 reserves subscription of such shares to the new or existing investors who meet all of the criteria specified in A. or B. below, for a minimum individual subscription amount of 250,000 euros as at the date of subscription (issuance premium included):

A.

- (i) institutional investors or individuals that are qualified institutional buyers or accredited investors under U.S. law or qualified investors (investisseurs qualifiés) under French law (e.g., investment funds, investment companies, pension funds, banks and other financial institutions or insurance companies, etc.) ; and
- (ii) specialized or skilled in the health care or biotechnologies sectors or specialized in investing in companies with high growth potential; and
- (iii) which are prepared to make an investment decision in respect of the Company solely based on available public information, provided, however, that each prospective investor will be required to enter into a confidentiality agreement regarding the proposed investment prior to any disclosure to it of the name of the Company; or

B. any placement agent or underwriter in connection with the offering or the placement of shares or securities giving access to the Company's share capital to investors meeting the criteria set forth in A. above as part of such agent's or underwriter's compensation for their services.

-increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights in favor of practitioners using the Company's technologies who meet certain specified characteristics, or commercial partners, or patients who have benefited from treatments using technologies developed by the Company, with a maximum of 150 subscribers, with a minimum individual subscription amount of 10,000 euros, being specified that the issuance price will be at least equivalent to the volume weighted average price of the three trading days on the Nasdaq preceding the pricing date, to which there may be applied a maximum 30% discount (resolution 9).

B-2 DELEGATION TO BE GRANTED IN THE SCOPE OF THE PROFIT-SHARING PLAN IN FAVOR OF THE COMPANY'S EMPLOYEES

The Board of Directors asks you to approve the resolutions mentioned below and to delegate your authority to it in order to:

-increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights in favor of : (i) directors and officers of the Company in office at the date of issuance of the shares or other securities, and (ii) individuals who have an employment contract with the Company at the date of issuance of the shares or other securities, it being indicated that the issuance price will be set by the Board of Directors by reference to either:

-the price of the latest transaction on the Company's share capital carried out during the six months prior to the issuance, with a premium or discount of 10% respectively compared to such price, or

-in the event no transaction on the Company's share capital has occurred during the six months prior to the issuance, a price at least equivalent to the volume weighted average price of the three trading days on the Nasdaq preceding the pricing date, to which there may be applied a maximum 30% discount.

In any case, the price so determined by the Board of Directors may represent a discount compared to the trading price of the Company's share on the Nasdaq (resolution 10).

-increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights, within a limit of 42,549 euros by issuance of ordinary shares of the Company, directly or through an employee mutual fund, reserved to participants in the Company's employee savings plan as permitted under articles L. 3332-1 et seq. of the French Labor code which would be open to the Company's employees and affiliated entities, as defined by article L. 225-180 of the French Commercial code (resolution 11).

This last proposal (eleventh) is submitted to you pursuant to the provisions of article L. 225-129-6 of the French Commercial code. Your Board of Directors reminds you that, taking into account the Company's structure, this proposal does not fall within the Company's profit-sharing policy and thus we recommend that you do not vote in favor of this resolution 11 submitted for your approval.

In this context, we ask you to vote on the aforementioned resolutions submitted to you by your Board of Directors.

The Board of Directors

This document and the draft resolutions that it refers to and will be submitted for your approval are not an offer to purchase, or a solicitation of an offer to buy shares or any other securities of the Company.

7. decides that if the subscriptions as of right (*souscription à titre irréductible*), or as the case may be, excess subscriptions (*souscription à titre réductible*) have not absorbed the entire issuance of shares or of securities or debt securities, the Board of Directors may choose, in the order that seems relevant to it, one or several of the options below:
