NOTE 1. BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and the instructions to Form 10-QSB. Accordingly, they do not include all information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2003 are not necessarily indicative of results that may be expected for the year ending December 31, 2003. For further information, refer to the audited financial statements and footnotes thereto included in the Company's Form 10-KSB for the year ended December 31, 2002.

NOTE 2. GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplates continuation of the Company as a going concern. However, the Company has incurred recurring losses resulting in a stockholders' deficit of (\$39,417) and working capital deficit of (\$109,923) at March 31, 2003. In addition, the Company's only asset is cash of \$8,842. These factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

In view of these matters, the continued existence of the Company is dependent upon its ability to meet its financing requirements and, ultimately, the success of its planned future operations. There can be no assurance that the Company will obtain the necessary financing nor that the planned future operations will be successful.

ITEM II. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

Three Months Ended March 31, 2003 vs. Three Months Ended March 31, 2002

Net sales increased from \$16,915 in the three months ended March 31, 2002 to \$25,630 in the three months ended March 31, 2003. This increase is directly attributable to a reduction in telephone expenses when the Company changed its local service provider. Operating expenses increased from \$25,345 or 150% of net sales to \$33,041 or 129% of net sales. The change in operating expenses was due to the following items: (i) an increase in salaries of \$600 from \$5,400 in 2002 to \$6,000 in 2003; (ii) a decrease in lease payments for phone equipment (leases expired in March 2002) of \$3,583 from \$5,142 for the three months ended March 31, 2002 to \$1,559 for the three months ended March 31, 2003; (iii) a increase

in general and administrative expenses of \$4,545 from \$6,708 for the three months ended March 31, 2002 to \$11,253 for the three months ended March 31, 2003; and (v) an increase in professional fees of \$6,134 from \$3,775 in the three months ended March 31, 2002 to \$9,909 in the three months ended March 31, 2003 associated with additional registration costs. Since sales increased and operating expenses increased, the Company's net loss decreased from (\$8,430) in the three months ended March 31, 2002 to (\$7,411) in the three months ended March 31, 2002 to (\$7,411) in the three months ended March 31, 2003. The number of pay telephones in service during the three months ended March 31, 2003 were approximately 150 telephones throughout these periods.

Liquidity and Capital Resources

On March 31, 2003 the Company had only \$8,842 cash on hand. It was the opinion of Management that the lack of funds would not enable the Company to affect its registration under the Exchange Act and file periodic reports until such time as it is able to generate revenues/cash flow from its operations. Current funds having been expended and with managements' assumption that the Company may not generate sufficient revenues from operations, the Company will (a) be dependent upon management to fund operations and/or (b) be dependent upon some form of debt or equity financing, if available, and if available, under terms deemed reasonable to management The management of the Company has orally committed to fund the Company on an "as needed" basis for a period of one (1) year, with up to \$50,000 in order to fund operations for such 12 month period. Management has also verbally committed to further fund up to an additional \$50,000 if its' original estimate for funds needed during such 12 month period proves to be understated. The funding referred to is not subject to any limitations other than the dollar amounts indicated. The Company's auditors have included a "going concern" opinion in their report on the Company's financial statements contained in the Company's 10-KSB for the year ended December 31, 2002.

Need for Additional Financing

The Company believes that its existing capital will be insufficient to meet the Company's cash needs, including costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. The Company may rely upon issuance of its securities to pay for services necessary to meet reporting requirements.

revisions which may be made to any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

Item III. Controls and Procedures.
