Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b): 82-

SkyePharma PLC

Announces Results of Shareholder Vote

LONDON, UK, 8 February 2007 - SkyePharma PLC (LSE: SKP; Nasdaq: SKYE) announces the results of its Extraordinary General Meeting held earlier today.

All of the resolutions proposed were passed:

- o Approval of the proposed sale of the Injectable Business to Blue Acquisition Corp (the "Disposal")
- o Authorisation of the Directors to allot the new Ordinary Shares in connection with the Disposal and the expenses thereof
- o Disapplication of statutory pre-emption rights in relation to the Placing

Good progress is being made with completing the various other conditions for the Disposal. The Directors have jointly concluded that the transaction is not subject to the notice provisions of the Hart-Scott-Rodino Act of 1976 ("HSR") and that there are no HSR conditions applicable with respect to the Closing. The necessary consents, which are subject to approval from Paul Capital's financial guaranty insurer and not expected to be received shortly. It is expected that, once these agreements and consents are in place, the Disposal, which is conditional upon the Disposal being completed, will take place on the stock market trading on the completion. A further announcement will be made when the Disposal is completed.

Forthcoming results announcement

The announcement of the full year audited results for 2006 is scheduled to take place on 26 April 2007.

Frank Condella, SkyePharma's Chief Executive, said:

"I would like to thank shareholders for their support in passing these resolutions. Following the Disposal, SkyePharma is well funded and in a good position to build future value by further developing key products and technologies."
