PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To be held on May 5, 2004

This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of USA Truck, Inc., a Delaware corporation (the Company or USA Truck), for use at the Annual Meeting of Stockholders of the Company to be held at the time and place and for the purposes set forth in the foregoing notice. The mailing address of the Company is 3200 Industrial Park Road, Van Buren, Arkansas 72956, and its telephone number is (479) 471-2500.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, certain officers and employees of the Company, who will receive no special compensation therefor, may solicit proxies in person or by telephone, telegraph, facsimile or other means. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to the beneficial owners of the Common Stock of the Company.

The approximate date on which this Proxy Statement and the accompanying proxy are first being mailed to stockholders is April 7, 2004.

REVOCABILITY OF PROXY

Any stockholder executing a proxy retains the right to revoke it at any time prior to exercise at the Annual Meeting. A proxy may be revoked by delivery of written notice of revocation to Clifton R. Beckham, Secretary of the Company, by execution and delivery to the Company of a later proxy or by voting the shares in person at the Annual Meeting. If not revoked, all shares represented at the Annual Meeting by properly executed proxies will be voted as directed therein. If no direction is given, such shares will be voted for election of all nominees for director and for the approval of each of the other proposals set forth herein.

OUTSTANDING STOCK AND VOTING RIGHTS

The Board of Directors has fixed the close of business on March 8, 2004 as the record date for determining the stockholders having the right to notice of, and to vote at, the Annual Meeting. As of the record date, 9,334,546 shares of Common Stock were outstanding. Each stockholder will be entitled to one vote for each share of Common Stock owned of record on the record date. The stock transfer books of the Company will not be closed. Stockholders are not entitled to cumulative voting with respect to the election of directors. The holders of a majority of the outstanding shares of Common Stock, present in person or represented by proxy, are necessary to constitute a quorum.

REQUIRED AFFIRMATIVE VOTE AND VOTING PROCEDURES

The Company's bylaws provide that the nominees who receive a plurality of the votes cast by stockholders present or represented by proxy at an Annual Meeting, and entitled to vote on the election of directors, will be elected as directors of the Company. Thus, any abstentions or broker non-votes will have no effect on the election of directors.

Proposals Two and Three regarding the approval of the USA Truck, Inc. 2003 Restricted Stock Award Plan and the USA Truck, Inc. 2004 Equity Incentive Plan must be approved by the affirmative vote of stockholders holding a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. Abstentions and broker non-votes will be counted as shares present for purposes of determining the presence of a quorum, and abstentions will have the same effect as votes against the proposals. Shares subject to broker non-votes are not considered entitled to vote on these matters and therefore will have no effect on the

outcome of the votes on these proposals. Brokers do not have discretionary authority to vote on Proposals Two and Three.

As indicated in the table under the heading Security Ownership of Certain Beneficial Owners, Directors and Executive Officers, the directors and executive officers of the Company beneficially owned more than 47% of the outstanding shares of the Company's Common Stock as of the record date and therefore collectively may have the ability to effectively control the outcome of the vote on the election of a director at the Annual Meeting.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS,

Each person named in the table, unless otherwise indicated, has sole voting and investment power with respect to the shares indicated as being beneficially owned by him.

Orler, are independent directors, as defined by Rule 4200(a)(15) of The Nasdaq Stock Market's listing standards.

The Executive Compensation Committee met once in 2003 and is currently composed of Joe D. Powers (Chairman), Roland S. Boreham, Jr. and Jim L. Hanna. See Executive Compensation Report of Compensation Committee on Annual Compensation.

The Audit Committee meets with representatives of the Company's independent auditors to review the auditors' findings during the conduct of the annual audit and to discuss recommendations with respect to the Company's internal control policies and procedures. The Audit Committee also reviews quarterly financial and operating results of the Company, through meetings and conference calls, with the management, independent auditors and securities counsel of the Company. The Board has adopted a written charter for the Audit Committee, which sets forth the purpose and responsibilities of the Audit Committee in greater detail and is attached as Exhibit C to this proxy statement. The Audit Committee met five times in person and five times via conference call during 2003 and is currently composed of Terry A. Elliott (Chairman), Joe D. Powers and Roland S. See the biographical information for Mr. Elliott, above, for a description of his experience relevant to his status as our audit committee financial expert. All of the members of the Audit Committee are independent as defined by Rule 4200(a)(15) of The Nasdaq Stock Market's listing standards. See Independent Auditor Report of Audit Committee.

Nominating Committee

The Board has adopted a written charter for the Nominating Committee, which sets forth the purpose and responsibilities of the Nominating Committee in greater detail, a copy of which is available on our website www.usa-truck.com under the caption Corporate Governance. All of the members of the Nominating Committee are independent as defined by Rule 4200(a)(15) of The Nasdaq Stock Market's listing standards.

The Nominating Committee's policy with regard to considering director candidates recommended by stockholders is set forth in detail in the Nominating Committee charter. Any stockholder of the Company who is the record or beneficial owner of at least one percent or one thousand dollars in market value of the shares of stock entitled to be voted at the next annual meeting of the Company and who has held such shares for at least one year may submit to the Nominating Committee for consideration for approval as a director nominee a recommendation of any person who meets certain minimum qualifications, which are described below and listed in the Nominating Committee's charter. Stockholders must submit such recommendations in the manner and by the dates specified for stockholder nominations in the Company's Bylaws. The Nominating Committee will evaluate any stockholder recommendations pursuant to the same procedures that it follows in connection with consideration of recommendations received from any other source.

Whenever a determination has been made that it is necessary to nominate one or more persons, in addition to incumbent directors, the Nominating Committee will have primary authority for identifying persons who meet certain minimum qualifications and who otherwise have the experience and abilities necessary to serve as effective members of the Board of Directors. The Nominating Committee may delegate this identification function to one or more of its members. In performing this function, the Nominating Committee may rely on such resources as it deems appropriate, including without limitation, recommendations from management of the Company, from incumbent directors, from third parties or from stockholders. In addition, the Nominating Committee may, at the Company's expense, engage the services of professional search firms or other consultants or advisers and may pay them such fees as the Nominating Committee shall determine to be reasonable and appropriate.

Each nominee must be at least 21 years of age at the time of his or her election as a director and must meet such other minimum qualifications as may be set forth from time to time in the Company's Bylaws. In addition to such minimum requirements, each nominee must, unless waived by the Nominating Committee, have a bachelor's degree from an accredited U.S. college or university, or a corresponding degree from a foreign educational institution, have at least 10 years of experience in a business or profession (which need not be the truckload or other transportation industry) that, in the opinion of the Nominating Committee, provides the proposed nominee with such experience as will enable him or her to serve as an effective member of the Board of Directors, and have no relationship with the Company or other circumstances that would be likely to create a conflict of interest or otherwise interfere with the exercise by such person of impartial judgment in his or her capacity as a director. Finally, in identifying and selecting persons for consideration as nominees, the Nominating Committee will consider the rules and regulations of the Securities and Exchange Commission and The Nasdaq Stock Market (or such other stock exchange or stock market on which the Company's securities may be listed or traded from time to time) regarding the composition of the Board of Directors and the qualifications of its members.

The Nominating Committee may take such actions as it deems appropriate to evaluate whether each person who has been recommended or proposed for approval as a nominee meets the minimum qualifications, as described above and set forth in the Nominating Committee charter, and otherwise has the experience and abilities necessary to be an effective member of Board of Directors. These procedures may include at least one personal interview of the candidate by the Nominating Committee, discussions with qualified representatives of companies or firms by which the candidate is or has previously been employed or on whose boards of directors the candidate is serving or has previously served, or with such other persons as the Nominating Committee deems appropriate to rely upon as references for the candidate, and completion of a questionnaire regarding the candidate's prior employment and service on boards of directors, criminal convictions or sanctions and other matters deemed appropriate by the Nominating Committee.

Non-employee Director Stock Option Committee

The Non-employee Director Stock Option Committee, which met once in 2003, is composed of Robert M. Powell (Chairman) and Jerry D. Orler and is responsible for administering the 1997 Nonqualified Stock Option Plan for Nonemployee Directors and grants to nonemployee directors under the proposed 2004 Equity Incentive Plan. See Proposal Three: Approval of 2004 Equity Incentive Plan for a description of the 2004 Equity Incentive Plan.

Employee Stock Option Committee

The Employee Stock Option Committee, which did not meet during 2003, is composed of Roland S. Boreham, Jr. (Chairman) and Jim L. Hanna and is responsible for administering the Company's Employee Stock Option Plan.

PROPOSAL TWO: APPROVAL OF 2003 RESTRICTED STOCK AWARD PLAN

General

On August 22, 2003, the Company's Board of Directors approved the adoption of the USA Truck, Inc. 2003 Restricted Stock Award Plan (the Restricted Stock Plan), under which the Company may issue up to 150,000 shares of common stock as awards of restricted stock to officers of the Company. The purpose of the Restricted Stock Plan is to reward officers who receive awards for their contributions to the achievement by the Company of its business objectives and provide incentives to them to continue to perform services for the Company to the best of

their abilities. Awards under the Restricted Stock Plan vest over a period of not less than five years. Vesting of awards is also subject to the achievement of such performance goals as may be approved by the Board of Directors. The shares of restricted stock are nontransferable prior to vesting.

Shares issued as restricted stock awards under the Restricted Stock Plan will consist solely of shares of common stock contributed to the Company for that purpose by its Chief Executive Officer. No previously unissued shares will be issued under the Restricted Stock Plan. This reflects the mutual desire of the Company and its Chief Executive Officer that the issuance of shares of restricted stock under the Restricted Stock Plan shall not dilute the interests of the Company's stockholders. Any shares not subject to outstanding awards when the Restricted Stock Plan terminates, and any shares forfeited after the Restricted Stock Plan terminates, will be returned to the Chief Executive Officer.

The Restricted Stock Plan and the awards made under the Restricted Stock Plan are subject to approval by the Company's stockholders at the 2004 annual meeting. If not approved, the Restricted Stock Plan will terminate, the awards will be null and void and all shares of common stock contributed by the Chief Executive Officer for purposes of issuance under the Restricted Stock Plan will be returned to him.

The Restricted Stock Plan is discussed in more detail below. The full text of the Restricted Stock Plan is attached as Exhibit A to this proxy statement. The following description of the material features of the Restricted Stock Plan is qualified in its entirety by reference to the complete text of the Restricted Stock Plan.

Stockholder Approval Requirements

The Restricted Stock Plan is being submitted to the Company's stockholders for approval pursuant to Nasdaq's listing standards. Among other requirements, Nasdaq-listed companies must obtain stockholder approval for any stock purchase plan or other arrangement by which officers or directors may acquire stock. There are limited exceptions to this stockholder approval requirement, but none of those exceptions is applicable to the Restricted Stock Plan.

Administration

The Restricted Stock Plan is administered by a person appointed by the Board of Directors as Administrator. Currently, the Chief Executive Officer is serving as the Administrator. The Administrator has full authority to determine and recommend to the Board of Directors all provisions of awards under the Restricted Stock Plan, including the individuals to whom awards will be granted (each, a Participant), the type and amount of awards to be granted, the timing of such awards, and the restrictions and other conditions to which the vesting of awards may be subject. Each award, however, must be approved by the full Board of Directors and will be made only after the Board has approved the terms and conditions of the award.

Eligibility

Officers of the Company who, in the Administrator's judgment, contribute to the achievement of economic objectives of the Company are eligible to receive awards under the Restricted Stock Plan. The Company currently has a total of 13 officers.

Shares Available for Awards

The total number of shares of common stock available for issuance under the Restricted Stock Plan is 150,000 shares, consisting solely of shares contributed by the Chief Executive Officer specifically for the purpose of issuance as restricted stock pursuant to awards granted under the Restricted Stock Plan. On August 22, 2003, the Chief Executive Officer contributed 100,000 shares of his common stock to the Company for purposes of issuance under the Restricted Stock Plan. All 100,000 of the contributed shares were awarded as restricted stock on that date. The ability of the Company to grant future awards is subject to the contribution of additional shares by the Chief Executive Officer or the forfeiture of outstanding shares of restricted stock. The Chief Executive Officer may contribute additional shares at such time or times as he may determine. The number of shares that may be awarded under the Restricted Stock Plan may be appropriately adjusted to account for any stock splits, reverse stock splits, or stock dividends effected by the Company.

Upon any termination of the Restricted Stock Plan, all shares then available for issuance under the Restricted Stock Plan and not subject to outstanding awards will be returned to the Chief Executive Officer. Any shares that then remain subject to forfeiture under outstanding awards and are subsequently forfeited by a Participant and returned to the Company will also be returned to the Chief Executive Officer. Upon the return of any such stock to the Chief Executive Officer, the Chief Executive Officer will own such stock outright and without restriction of any kind.

Awards, Vesting, and Performance Goals

On August 22, 2003, the Company issued an aggregate of 100,000 shares of common stock as restricted stock awards to certain officers of the Company. The following table shows the number of shares of restricted stock awarded to the only officers named in the Summary Compensation Table contained elsewhere in this proxy statement who received awards and by the Company's current executive officers as a group. Four executive officers have received awards under the Restricted Stock Plan, which is subject to stockholder approval. No awards have been made to the Chief Executive Officer, to any director of the Company or to any non-executive officer employees.

¹ The value of the awards is estimated solely for purposes of this table based on the closing sale price (\$10.71) of the Company's common stock on The Nasdaq Stock Market on the date of award. See the text following this table for a summary of the accounting treatment applicable to the value of the restricted stock awards. The actual value of the awards to the recipients will depend, among other things, on future market values of the Company's common stock and the extent to which the vesting conditions of the awards are satisfied.

Upon approval of the Restricted Stock Plan by the stockholders, each outstanding award will vest in five equal annual increments on March 1 of each year beginning in 2005 and ending in 2009, subject to the achievement by the Company of performance goals based on year-over-year increases in retained earnings. Specifically, one-fifth of the number of shares covered by each award will vest on March 1, 2005, if the Company's retained earnings shall have increased by 15% from December 31, 2002, to December 31, 2004, and one-fifth of the number of shares covered by each award will vest on March 1 of each of the following four years if the Company's retained earnings shall have increased by 10% during the immediately preceding fiscal year. The shares of common stock subject to each increment of an award are subject to forfeiture if a recipient's employment with the Company is terminated, or if the specified performance goal is not achieved, prior to the increment's vesting date. An increment may vest with respect to one-half of the shares covered by that increment if 90% of the related performance goal is met. Any forfeited shares will be available for future awards under the Restricted Stock Plan.

Upon approval of the Restricted Stock Plan by the stockholders, the fair market value of the 100,000 shares of common stock subject to the awards will be amortized over the vesting period as compensation expense based on

management's assessment as to whether achievement of the performance goals is probable. The amount of compensation expense will be adjusted on a quarterly basis based on changes in the market value of the Company's common stock up to the date the shares vest. To the extent the performance goals are not achieved and there is not full vesting in the shares awarded, the compensation expense recognized to the extent of the unvested and forfeited shares will be reversed. The award of 100,000 shares will be recorded by the Company, upon approval of the stockholders, as contributed paid-in capital and unearned compensation based on the fair market value of the Company's stock at the date of stockholder approval.

On March 8, 2004, the closing sale price of the Company's common stock on The Nasdaq Stock Market was \$10.90.

General Terms of Awards

Restricted stock awarded under the Restricted Stock Plan will be subject to the following terms and conditions and will contain such additional terms, conditions and restrictions as the Administrator may recommend and the Board of Directors may approve:

The shares of common stock subject to an award under the Restricted Stock Plan will vest as determined by the Administrator and approved by the Board, provided, however, that no shares may vest less than one year after the date of grant of the award, no more than 20% of the shares subject to an award may vest during any period of less than one year, and no shares subject to an award may continue to vest after the Participant has ceased to be in the continuous employ or service as an officer of the Company or a subsidiary.

Unless a Stock Award Agreement specifically provides otherwise, no Participant may, prior to the vesting of the shares, assign or transfer any right or interest in the shares, or subject such shares to any lien.

Unless a Stock Award Agreement specifically provides otherwise, the Board will determine at the time of declaration of any dividends or distributions with respect to the unvested portion of an award whether such dividends or distributions will be subject to the same risk of forfeiture and other restrictions as the shares to which such dividends or distributions relate. All stock dividends, stock rights, and stock issued upon split-ups or reclassifications or shares of common stock will be subject to the same restrictions as the shares with respect to which the stock dividends, rights, or additional shares are issued.

At the discretion of the Administrator, the Participant may be required, until the restrictions have lapsed, to keep the stock certificates evidencing restricted stock, along with duly endorsed stock powers, in the custody of the Company or its transfer agent.

If a Participant's full-time employment or service as an officer of the Company or a subsidiary is terminated for any reason, all unvested portions of all awards then held by such Participant will automatically terminate and all unvested shares will be forfeited.

Subject to the limitations contained in the Restricted Stock Plan and the Stock Award Agreement, a Participant will have all voting, dividend, liquidation and other rights of a stockholder of the Company with respect to his or her vested and unvested shares of restricted stock.

Amendment and Termination

The Board may suspend or terminate the Restricted Stock Plan at any time and may amend the Restricted Stock Plan from time to time in such respects as the Board deems advisable in order that awards under the Restricted Stock Plan will conform to any change in applicable laws or regulations or in any other respect the Board deems to be in the best interest of the Company. The Company will submit to its stockholders for their approval any amendments to the Restricted Stock Plan that are required to be approved by stockholders, either by law or the rules and regulations of any governmental authority, The Nasdaq Stock Market or any stock exchange on which the Company's stock is then traded. Generally, the rules of The Nasdaq Stock Market require stockholder approval for any amendments to equity compensation plans that are material, including without limitation any material increase in the number of shares to be issued under a plan, any material increase in benefits to persons participating in a plan, any material expansion of the persons eligible to participate in a plan, or any expansion in the types of options or awards provided under a plan. No termination, suspension, or amendment of the Restricted Stock Plan will adversely affect any outstanding award without the consent of the affected Participant.

Federal Tax Consequences

The Restricted Stock Plan is not qualified under the provisions of section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. The material tax consequences as they relate to awards under the Restricted Stock Plan to the Company and to Participants who are U.S. citizens under current U.S. federal income tax laws are as follows:

Generally, the recipient of a restricted stock award will recognize ordinary compensation income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is unvested when it is received under the Restricted Stock Plan, the recipient generally will not recognize income until the stock vests, that is, until it is freely transferable or no longer subject to substantial risk of forfeiture. For the taxable year in which vesting occurs, the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within thirty (30) days of his or her receipt of the restricted stock award, to recognize ordinary compensation income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient in exchange for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired as restricted stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. Upon the disposition of any stock received as a restricted stock award under the Restricted Stock Plan the difference between the sale price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year from the date as of which he or she was required to recognize any compensation income.

The Company will receive a compensation expense deduction for federal income tax purposes in an amount equal to the ordinary income recognized by the Participant in the taxable year in which restrictions lapse (or in the taxable year of the award if, at that time, the Participant filed a timely election to accelerate recognition of income).

The Company may not deduct compensation of more than \$1 million that is paid to an individual who, on the last day of the taxable year, is either the Company's chief executive officer or is among one of the four other most highly-compensated officers for that taxable year. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. The Company believes that awards in the form of performance-based restricted stock may qualify as performance-based compensation and, as such, be exempt from the \$1 million limitation on deductible compensation.

The information set forth above is a summary only and does not purport to be complete. In addition, the information is based upon current U.S. federal income tax rules and therefore is subject to change when those rules change. Moreover, because the tax consequences to any recipient may depend on his or her particular situation, each recipient should consult his or her tax adviser as to the federal, state, local and other tax consequences of the grant of a restricted stock award or the disposition of stock acquired as a result of an award.

Term of Restricted Stock Plan

The Restricted Stock Plan will terminate on August 31, 2009, unless terminated prior to such date by action of the Board. No award will be granted after the Restricted Stock Plan terminates, but awards outstanding upon termination of the Restricted Stock Plan may continue to vest,

Edgar Filing: USA TRUCK INC - Form DEF 14A

and the provisions of the Restricted Stock Plan will remain in effect for the purpose of governing such outstanding awards until all shares subject to such outstanding awards shall have either vested or been forfeited and returned to the Company.

Vote Required for Approval

The affirmative vote of stockholders holding a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this proposal. The approval of the Restricted Stock Plan by the stockholders will also have the effect of approving the awards made on August 22, 2003, covering 100,000 outstanding shares of restricted stock.

The Board of Directors recommends that the stockholders vote FOR this proposal.

PROPOSAL THREE: APPROVAL OF 2004 EQUITY INCENTIVE PLAN

General

On February 27, 2004, the Company's Board of Directors approved the adoption of the USA Truck, Inc. 2004 Equity Incentive Plan (the "Equity Incentive Plan"). The Equity Incentive Plan will permit awards of incentive stock options, nonqualified stock options, restricted stock, stock units, performance shares, performance units and other incentives payable in cash or in shares of Company stock. Individuals to whom awards may be granted (each, a "Participant") include any employee, officer or director of the Company or of any entity that is directly or indirectly controlled by the Company. Stockholder approval of the Equity Incentive Plan will permit performance-based awards made under the Equity Incentive Plan to qualify for deductibility under Section 162(m) of the Code.

The Company currently has outstanding options previously granted under its Employee Stock Option Plan and 1997 Nonqualified Stock Option Plan for Nonemployee Directors (the "Directors Plan"). However, the Employee Stock Option Plan, which was adopted in 1992, has terminated, and the Company does not currently have in place a plan under which it may grant options or other equity awards to its officers and employees. Although the Directors Plan technically remains in effect, no shares remain available for grant to directors under that plan, unless any outstanding options expire or are forfeited without exercise. The Equity Incentive Plan is integral to the Company's compensation strategies and programs and will maintain the flexibility that the Company needs to keep pace with its competitors and effectively attract, motivate and retain the caliber of employees and directors essential for achievement of the Company's success. The Board of Directors believes that adoption of the Equity Incentive Plan will enhance the long-term stockholder value of the Company by offering participants opportunities to acquire a proprietary interest in the Company and to link their interests and efforts to the long-term interests of the Company's stockholders.

The Equity Incentive Plan is subject to approval by the Company's stockholders at the 2004 annual meeting.

The Equity Incentive Plan is discussed in more detail below. The full text of the Equity Incentive Plan is attached as Exhibit B to this proxy statement. The following description of the material features of the Equity Incentive Plan is qualified in its entirety by reference to the complete text of the Equity Incentive Plan.

Stockholder Approval Requirements

Edgar Filing: USA TRUCK INC - Form DEF 14A

The Equity Incentive Plan is being submitted to the Company's stockholders for approval pursuant to Nasdaq's listing standards. Among other requirements, Nasdaq-listed companies must obtain stockholder approval for any stock purchase plan or other arrangement by which officers and directors may acquire stock. There are limited exceptions to this stockholder approval requirement, but none of those exceptions is applicable to the Equity Incentive Plan.

Administration

The Equity Incentive Plan will be administered by the Executive Compensation Committee of the Board of Directors. However, with respect to Participants who are nonemployee directors, the Equity Incentive Plan will be administered by the Nonemployee Director Stock Option Committee of the Board. The Board or the Executive Compensation Committee may delegate the administration of the Equity Incentive Plan, subject to certain limitations. In the following discussion, "Committee" means the Executive Compensation Committee or the Nonemployee Directors Stock Option Committee, as applicable.

Eligibility

Individuals to whom awards may be granted include any employee, officer or director of the Company or of any entity that is directly or indirectly controlled by the Company. As of March 8, 2004, there were approximately 2,800 total officers, directors and employees of the Company.

Shares Available for Awards

The aggregate number of shares of Company common stock initially available for issuance under the Equity Incentive Plan will be 900,000 shares. On the day of each annual meeting of stockholders of the Company for a period of nine years, commencing with the annual meeting of stockholders in 2005, the maximum number of shares of common stock available for issuance under the Equity Incentive Plan (inclusive of shares that shall have been issued prior to such day) will automatically increase by that number of shares equal to the lesser of (i) 25,000 shares or (ii) such lesser number of shares (which may be zero or any number less than 25,000) as determined by the Board.

No Participant may receive in any one calendar year awards relating to more than 30,000 shares of the Company's common stock.

If there is any change in the Company's common stock by reason of any stock split, stock dividend, spin-off, recapitalization, merger, consolidation, combination, or exchange of shares, distribution to stockholders other than a normal cash dividend or other change in the Company's corporate or capital structure, the Compensation Committee must make equitable adjustments to the maximum number and kind of securities (i) available for issuance under the Equity Incentive Plan, (ii) that may be added on an annual basis to the number of shares available for issuance, (iii) available for issuance as incentive stock options, (iv) that may be subject to awards received by any Participant in any one calendar year, and (v) that are subject to any outstanding award and the price of each security under that award.

If an award granted under the Equity Incentive Plan lapses, expires, terminates or is forfeited, surrendered or canceled without having been fully exercised or without the issuance of all of the shares subject to the award, the shares covered by such award will again be available for use under the Equity Incentive Plan. In addition, shares that are either (i) tendered by a Participant or retained by the Company as payment for the purchase price of an award or to satisfy tax withholding obligations or (ii) covered by an award that is settled in cash will be available for issuance under the Equity Incentive Plan.

Awards, Vesting, and Performance Goals

Performance Share and Performance Unit Awards

The Committee may grant awards of performance shares and/or performance units to Participants. Each award of performance shares will entitle the Participant to a payment in the form of shares of the Company's common stock upon the attainment of specified performance goals. The Company may pay performance shares in cash, in lieu of shares, at the discretion of the Committee. Each award of performance units will entitle the Participant to a cash payment upon the attainment of specified performance goals. The Company may pay performance units in common stock, in lieu of cash, at the discretion of the Committee.

Restricted Stock and Stock Unit Awards

Restricted stock consists of shares of the Company's common stock that are transferred or sold by the Company to a Participant, but are subject to substantial risk of forfeiture and to restrictions on their sale or other transfer by the Participant. Stock units are the right to receive shares of the Company's common stock, cash or a combination of shares and cash at a future date in accordance with the terms of such grant upon the attainment of certain conditions specified by the Committee. Upon a Participant's satisfaction of any terms, conditions and restrictions, as determined by the Committee, the shares covered by a restricted stock award will be transferred to the Participant, and stock units will be paid in cash, shares of common stock or a combination of both. The Committee may determine whether restricted stock or stock unit awards accrue dividends or dividend equivalents with respect to the shares of common stock underlying any award.

Stock Appreciation Rights

The Committee may grant awards of stock appreciation rights to Participants. Each award of stock appreciation rights will entitle the Participant to a cash payment, in accordance with the terms of such grant, equal to the amount by which the fair market value of the Company's common stock on the date of exercise exceeds the grant price of the stock appreciation right, multiplied by the number of shares with respect to which the right is being exercised. The grant price of a freestanding stock appreciation right must equal the fair market value of the common stock for the grant date or a period of days not to exceed 30 days before and after the grant date. Stock appreciation rights may also be granted in tandem with stock options, in which case the stock appreciation right may be exercised only with respect to shares for which the related option is exercisable, and the exercise of the stock appreciation right would require the surrender of the Participant's right to exercise the equivalent portion of the related option. If granted in tandem, the grant price of the stock appreciation right must equal the exercise price of the option. The Company may pay stock appreciation rights in common stock, in lieu of cash, at the discretion of the Committee.

Stock Options

The Committee may grant stock options to Participants either in the form of incentive stock options or nonqualified stock options. The exercise price of any shares subject to a stock option may be no less than 100% of the fair market value of the shares for the date the stock option is granted, or 110% of such fair market value for an incentive stock option granted to a Participant who owns, directly or indirectly, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or one of its parent or subsidiary corporations (a 10% stockholder).

For purposes of the Equity Incentive Plan, fair market value means the average of the high and low per share trading prices (or the average of the opening and closing prices, or the closing price, if so determined by the Committee) for the Company's common stock on The Nasdaq Stock Market during regular session trading for a single trading day or an average of trading days not to exceed 30 days before and after the date the stock option is granted. The term of a stock option cannot exceed ten years, or five years for an incentive stock option granted to a 10% stockholder. At the time of grant, the Committee in its sole discretion will determine when stock options are exercisable and when they expire.

Under the Equity Compensation Plan, absent the prior approval of the Company's shareholders, the Committee cannot cancel any outstanding stock option for the purpose of reissuing the stock option to the Participant at a lower exercise price or reduce the exercise price of an outstanding stock option.

If the exercise price of a stock option is completely or partially paid by a tender of shares of common stock already owned by the Participant, then the instrument evidencing the option may, in the Committee's discretion, create a new option for the number of shares of common stock used to pay the exercise price. The terms of the new option will be as set forth in the original option instrument, provided that the exercise price of the new option will not be less than 100% of the fair market value of the common stock on the exercise date of the original option.

Performance Criteria

Awards of performance shares, performance units, restricted stock, stock units and other awards under the Equity Incentive Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code. These business criteria include but are not limited to profits (including, but not limited to, profit growth, net operating profit or economic profit); profit-related return ratios; return measures (including, but not limited to, return on assets, capital, equity or sales); cash flow (including, but not limited to, operating cash flow, free cash flow or cash flow return on capital); earnings (including, but not limited to, net earnings, earnings per

Edgar Filing: USA TRUCK INC - Form DEF 14A

share, earnings before or after taxes, interest, depreciation, and/or amortization, or increases in retained earnings); net sales growth; interest, depreciation and/or amortization; gross or operating margins; productivity ratios; share price (including, but not limited to, growth measures and total stockholder return); expense targets; margins; operating efficiency; customer satisfaction; and working capital targets. Any performance criteria may be used to measure the performance of the Company as a whole or any business unit of the Company. Any performance criteria may include or exclude nonrecurring items, which are items deemed by the Committee not

to be reflective of the Company's core operating performance, including exogenous events, acquisitions, divestitures, changes in accounting principles or extraordinary items determined under generally accepted accounting principles.

New Plan Benefits

A new plan benefits table, as described in the Securities and Exchange Commission's proxy rules, is not provided because no grants have been made under the Equity Incentive Plan and all awards are discretionary. On March 8, 2004, the closing sale price of the Company's common stock on The Nasdaq Stock Market was \$10.90.

Amendment and Termination

The Board or the Compensation Committee may amend the Equity Incentive Plan, except that if any applicable statute, rule or regulation, including those of The Nasdaq Stock Market or any securities exchange on which the Company's stock may then be traded, requires stockholder approval with respect to any amendment of the Equity Incentive Plan, then to the extent so required, stockholder approval will be obtained. Generally, the rules of The Nasdaq Stock Market require stockholder approval for any amendments to equity compensation plans that are material, including without limitation any material increase in the number of shares to be issued under a plan, any material increase in benefits to persons participating in a plan, any material expansion of the persons eligible to participate in a plan, or any expansion in the types of options or awards provided under a plan. Unless sooner terminated by the Board, the Equity Incentive Plan will terminate ten years from the date stockholders approve the Equity Incentive Plan.

Federal Tax Consequences

The Equity Incentive Plan is not qualified under the provisions of section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. The material tax consequences as they relate to awards under the Equity Incentive Plan to the Company and to its employees who are U.S. citizens under current U.S. federal income tax laws are as follows:

Restricted Stock

The tax consequences of awards of restricted stock under the Equity Incentive Plan are the same as for awards of restricted stock under the Restricted Stock Plan. See *Proposal Two: Approval of 2003 Restricted Stock Award Plan - Federal Tax Consequences*.

Performance Shares, Performance Units, Stock Units, and Stock Appreciation Rights

A Participant who receives an award of performance shares, performance units, stock units or stock appreciation rights does not generally recognize taxable income at the time the award is granted. Instead, the Participant will recognize ordinary compensation income when the award vests, that is, when the Participant's interest in the shares underlying the award becomes freely transferable or is no longer subject to substantial risk of forfeiture, in an amount equal to the excess, if any, of the fair market value on the vesting date of the shares underlying the award over

any amount paid by the Participant.

If a performance share, performance unit, stock unit or stock appreciation right award is paid in Company stock, the Participant's basis for the determination of gain or loss upon the subsequent disposition of such shares will be the amount paid for the shares plus any ordinary income recognized when the award becomes vested. The difference between the sale price and the Participant's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year from the date on which the award vests.

The Company will receive a compensation expense deduction for federal income tax purposes in an amount equal to the ordinary income recognized by the Participant in the taxable year in which the award vests.

Incentive Stock Options

A Participant does not generally recognize taxable income upon the grant or upon the exercise of an incentive stock option. Upon the sale of shares subject to an incentive stock option, the Participant recognizes income in an amount equal to the difference, if any, between the fair market value of the shares on the date of sale and the exercise price of those shares. The income is taxed at long-term capital gains rates if the Participant has not disposed of the stock within two years after the date of the grant of the incentive stock option and has held the shares for at least one year after the date of exercise, and the Company is not entitled to a federal income tax deduction in those circumstances. The holding period requirements are waived when a Participant dies.

The exercise of an incentive stock option may in some cases trigger liability for the alternative minimum tax.

If a Participant sells shares subject to an incentive stock option before having held them for at least one year after the date of exercise and two years after the date of grant, the Participant recognizes ordinary income to the extent of the lesser of (i) the gain realized upon the sale; or (ii) the difference between the fair market value of the shares on the date of exercise and the exercise price. Any additional gain is treated as long-term or short-term capital gain depending upon how long the Participant has held the shares prior to disposition. In the year of disposition, the Company receives a compensation expense deduction for federal income tax purposes in an amount equal to the ordinary income that the Participant recognizes as a result of the disposition.

Nonqualified Stock Options

A Participant who receives an award of a nonqualified stock option does not generally recognize taxable income at the time the award is granted. Instead, the Participant will recognize ordinary income upon exercise of the nonqualified stock option. The amount of taxable income is equal to the excess of the fair market value of the shares at the time of exercise over the exercise price. The income recognized by a Participant who is also an employee of the Company is subject to income tax withholding. The Company receives a compensation expense deduction for federal income tax purposes in an amount equal to the ordinary income recognized by the Participant in the taxable year that the Participant recognizes taxable income and in the same amount that the Participant recognizes as ordinary income.

Upon the sale of shares subject to a nonqualified stock option, the Participant recognizes income equal to the difference, if any, between the sales price of the shares and the sum of the ordinary income recognized by the Participant and any cash paid to the Company upon exercise of the option. The income is taxed at long-term capital gains rates if the Participant has not disposed of the stock within one year after the date of exercise.

General

The Company may not deduct compensation of more than \$1 million that is paid to an individual who, on the last day of the taxable year, is either the Company's chief executive officer or is among one of the four other most highly-compensated officers for that taxable year. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. The Company believes that awards in the form of performance shares, performance units, performance-based restricted stock, performance-based stock units and performance-based stock options may qualify as performance-based compensation and, as such, be exempt from the \$1 million limitation on deductible compensation.

EXECUTIVE COMPENSATION

Report of Executive Compensation Committee on Annual Compensation

The following paragraphs constitute the report of the Executive Compensation Committee of the Board of Directors (the "Committee") on executive compensation policies for fiscal year 2003. In accordance with Securities and Exchange Commission (the "Commission") rules, this report shall not be deemed to be incorporated by reference into any statements or reports filed by the Company with the Commission that do not specifically incorporate this report by reference, notwithstanding the incorporation of this Proxy Statement into any such reports.

The Committee administers the compensation program for executive officers and other management level employees of the Company and makes all related decisions, except for decisions pertaining to the grant of options. The Employee Stock Option Committee makes decisions pertaining to the grant of options.

The principal elements of the compensation program for executive officers are base salary, performance-based annual incentives and options granted under the Company's Employee Stock Option Plan (the "Option Plan"). The

goals of the program are to give the executive officers incentives to work toward the improved financial performance of the Company and to reward them for their contributions to the Company's success. The program is also designed to retain the Company's key executives, each of whom plays an important role in enabling the Company to maintain its commitment to premium service to its customers and its high standards of efficiency, productivity and safety. For a summary of 2003 compensation, see the Summary Compensation Table under the heading Executive Compensation Tables below.

Annual salaries for the Company's executive officers, including the CEO, are generally reviewed in October of each year based on a number of factors, both objective and subjective. Objective factors considered include increases in the cost of living, the Company's current performance and, to a lesser extent, the Company's overall historical performance, although no specific formulas based on such factors are used to determine salaries. Salary decisions are based primarily on the Committee's subjective analysis of the factors contributing to the Company's long-term success and of the executives' individual contributions to such success.

Cash incentive payments based on the Company's performance may be paid to the executive officers under the Company's Executive Profit-Sharing Incentive Plan. Under this plan, a specified percentage, determined annually by the Committee, of the Company's pre-tax income for the year is distributed annually to the executive officers in proportion to their base salaries. The payments are subject to certain limitations and to the achievement by the Company of a specified performance objective established annually by the Committee. Thus, whether the executive officers' total pay is comparable to the compensation of executives with similar responsibilities at comparable companies may vary from year to year depending upon the Company's performance. For 2001, 2002 and 2003, the performance objective was not achieved and, therefore, no incentive payments were made to executive officers under this plan.

Eight of the executive officers currently hold incentive stock options granted to them in October 2000. These options will vest in three increments, and each increment will be exercisable for a period of three years after vesting. These same eight executive officers also currently hold incentive stock options granted to them in January 2002. The options granted to seven of the executive officers vest in three increments, and each increment will be exercisable for a period of three years after vesting. The options granted to the remaining executive officer vest in three increments, and the first increment will be exercisable for a period of three years, the second increment for two years and the third increment for one year. All of these options were granted with exercise prices greater than or equal to the market value of the Company's Common Stock at the time of grant. The Committee believes that the extended vesting schedules and limited exercise periods of the options will encourage the optionees not only to remain with the Company but also to seek to enhance the value of the Company's stock through improvements in the Company's performance and to sustain such improvements throughout the terms of the options.

If the stockholders approve the USA Truck, Inc. 2003 Restricted Stock Award Plan, then officers of the Company will be eligible to receive awards under that plan. The purpose of this plan is to reward officers who receive awards for their contributions to the achievement by the Company of its business objectives and provide incentives to them to continue to perform services for the Company to the best of their abilities. During 2003, four executive officers were each awarded 25,000 shares of restricted stock under this plan, which awards are subject to stockholder approval at the Annual Meeting. See Proposal Two: Approval of 2003 Restricted Stock Award Plan for a description of the 2003 Restricted Stock Award Plan.

If the stockholders approve the USA Truck, Inc. 2004 Equity Incentive Plan, then employees, including executive officers, of the Company will be eligible to receive awards under that plan. This plan is integral to the Company's compensation strategies and programs and will maintain the flexibility that the Company needs to keep pace with its competitors and effectively attract, motivate and retain the caliber of employees and directors essential for achievement of the Company's success. See Proposal Three: Approval of 2004 Equity Incentive Plan for a description of the 2004 Equity Incentive Plan. No awards have been granted, and the Company has not agreed to grant any specific awards, to any officers or employees pursuant to the 2004 Equity Incentive Plan.

Additional elements of the executive officers' compensation, which are not performance-based, include matching contributions by the Company under the Company's 401(k) plan and life insurance premiums paid by the Company on behalf of the executives.

The CEO's salary is determined based on the factors and analysis described above. Specific factors considered by the Committee in establishing the CEO's salary include his current responsibilities with the Company, certain key performance ratios and his continuing contributions to the successful expansion of the Company's operations and its financial growth over recent periods. The Committee determined it prudent to increase the CEO's salary in 2003 based, in part, on the progress the Company has made to improve its operating performance over the last several years. The Committee believes that the CEO's 2003 base compensation, though generally still below that of industry peers, reflects a fair level of compensation given the Company's current level of profitability.

These awards are subject to the approval of the USA Truck, Inc. 2003 Restricted Stock Award Plan by the stockholders at the Annual Meeting. The dollar value of the restricted stock awards is estimated solely for purposes of this table based upon the award of 25,000 shares of restricted stock to each of Messrs. Beckham, Lewis and Key on August 22, 2003, and the closing price (\$10.71 per share) of the Company's common stock on The Nasdaq Stock Market on the date of the award. Each of Messrs. Beckham, Lewis and Key held 25,000 total shares of restricted stock as of December 31, 2003, the dollar value of which, in each case, was \$247,250 as estimated solely for purposes of this table based upon the closing price (\$9.89 per share) of the Company's common stock on The Nasdaq Stock Market on December 31, 2003. Each outstanding award will vest in five equal annual increments on March 1 of each year beginning in 2005 and ending in 2009, subject to the achievement by the Company of performance goals based on year-over-year increases in retained earnings. Any shares that do not vest will be forfeited. The ultimate value of the awards depends on a number of factors, including whether the performance goals are achieved and the restricted shares vest or are forfeited. Dividends, if any, will be paid on all restricted shares at the same rate as dividends received by all

stockholders, except that the Board may decide that any such dividends will be held in escrow and subject to the same risk of forfeiture as the restricted shares on which they are paid.

- (3) The amounts shown for 2003 represent matching contributions under the Company's 401(k) Plan for the benefit of Mr. Powell (\$3,739), Mr. Orlor (\$2,940), Mr. Beckham (\$2,015), Mr. Lewis (\$2,119), Mr. Key (\$2,000) and Mr. Cottingham (\$1,985), and the dollar value of life insurance premiums paid by the Company in 2003 for the benefit of Mr. Powell (\$2,724), Mr. Orlor (\$2,248), Mr. Beckham (\$1,114), Mr. Lewis (\$2,146), Mr. Key (\$204) and Mr. Cottingham (\$1,272).
- (4) Mr. Cottingham's status as an executive officer terminated on November 1, 2003, though he continues to serve in the position indicated.

COMPENSATION OF DIRECTORS

The Company pays each director who is not an employee of the Company a fee of \$1,500 per quarter plus \$500 per quarter for members of the Audit Committee and reimburses all directors for reasonable expenses they may incur attending Board or committee meetings. The Audit Committee Chairman receives an additional \$1,000 per quarter.

The Company's 1997 Nonqualified Stock Option Plan for Non-employee Directors of the Company (the "Directors' Plan") provides for the grant to directors, who are not officers or employees of the Company or its affiliates, of nontransferable, nonqualified options to purchase Common Stock. A maximum of 25,000 shares of Common Stock may be issued under the Directors' Plan, which will terminate ten years after the date of its adoption unless sooner terminated by the Board. The Non-employee Director Stock Option Committee, which consists of two or more members of the Board, a majority of which may not be non-employee directors, administers the Directors' Plan. The committee has discretion to interpret the Directors' Plan and to determine the directors to whom options are granted, the date of grant of each option, the number of shares subject thereto and the nature of restrictions, if any, on such shares. The committee determines the periods during which each option will be exercisable, provided that no option may vest less than six months or more than three years after grant or be exercisable more than five years after grant (or after certain earlier dates following termination of service). The per share exercise price of each option, which must be paid in cash, is also set by the committee, but may not be less than the fair market value of a share of Common Stock on the date of grant.

On February 21, 2003, an option was granted under the Directors' Plan to Terry A. Elliott, a non-employee director of the Company. Mr. Elliott was granted an option to purchase 3,000 shares of Common Stock, at an exercise price of \$7.52 per share, which is equal to the market price of the Common Stock on the grant date. The exercise period of such option will commence on February 20, 2006, and the expiration date of such option is February 19, 2008. Unless any outstanding options expire or are forfeited without exercise, no shares of common stock remain available for issuance pursuant to additional options under the Directors' Plan.

If the stockholders approve the USA Truck, Inc. 2004 Equity Incentive Plan, then directors of the Company will be eligible to receive awards under that plan. See Proposal Three: Approval of 2004 Equity Incentive Plan for a description of the 2004 Equity Incentive Plan. No awards have been granted, and the Company has not agreed to grant any specific awards, to directors pursuant to the 2004 Equity Incentive Plan.

Mr. Boreham is the Chairman of the Board of Baldor Electric Company, and Baldor Electric Company is party to a contract with the Company whereby the Company transports products manufactured by Baldor Electric Company. Report of Audit Committee

The following paragraphs constitute the report of the Audit Committee of the Board of Directors for fiscal year 2003. In accordance with Securities and Exchange Commission (the Commission) rules, this report shall not be deemed to be incorporated by reference into any statements or reports filed by the Company with the Commission that do not specifically incorporate this report by reference, notwithstanding the incorporation of this Proxy Statement into any such reports.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee's actions are governed by a written charter, which has been adopted by the Board of Directors.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. All of the members of the Audit Committee are independent as defined by Rules 4200(a)(15) and 4350 (d)(2) of The Nasdaq Stock Market's listing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independent Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU §380), as well as the overall scope and plans for their audit. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held five meetings in person and five by conference call during fiscal year 2003.

In reliance on the reviews and discussions referred to above, and after receiving and reviewing the written disclosures and the letter from the independent accountants as required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committees), the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee has appointed the Company's independent auditors for the first quarter of 2004 and will appoint independent auditors for the remainder of the year at the May 5, 2004 Audit Committee meeting.

As part of that commitment, the Company has adopted a Code of Business Conduct and Ethics (Code of Ethics) applicable to all its directors, officers and employees. A copy of the Code of Ethics is available on the Company s web-site www.usa-truck.com under the caption Corporate Governance. In addition, any amendments to, or waivers from, any provision of the Code of Ethics that apply to the Company s principal executive, financial, and accounting officers, or persons performing similar functions, will be posted at that same location on the Company s website.

The Company has also adopted a Policy Statement and Procedures for Reporting of Violations and Complaints (Whistleblower Policy), a copy of which is available on the Company s website www.usa-truck.com under the caption Corporate Governance. The Whistleblower Policy is intended to create a workplace environment that encourages open and honest communication and to hold the Company and its personnel, including senior management, accountable for adhering to the Company s ethical standards. The Whistleblower Policy establishes procedures for any person to report violations by the Company or any of its personnel of the Company s Code of Ethics or any laws, without fear of retaliation. It also contains special procedures for submission by employees of confidential, anonymous complaints involving the Company s accounting practices and internal accounting controls.

The Company has recently adopted a Shareholder Communications with Directors Policy, which describes the manner in which shareholders can send communications to the Board and sets forth the Company s policy regarding Board members attendance at annual meetings of shareholders. This policy is also available under the caption Corporate Governance on the Company s web-site www.usa-truck.com. All the members of the Board attended the 2003 annual stockholders meeting.

The Company s Audit Committee and Nominating Committee charters are also available on the Company s web-site www.usa-truck.com under the caption Corporate Governance. A copy of the Company s Audit Committee charter is also attached as Exhibit C to this proxy statement.

CERTAIN TRANSACTIONS

The Company has a long-standing policy of not making loans to officers, directors or affiliates of the Company. The Company s policy further prohibits entering into leases, equipment purchase agreements or other contracts with officers, directors or affiliates of the Company unless the Board, and the disinterested members of the Board, so approve upon the Audit Committee s recommendation, after the Audit Committee has determined that the transaction is reasonable, in the best interest of the Company and on terms no less favorable than could be obtained from an unrelated third party.

The Company is a party to an agreement with Alpha Delta Aviation, Inc. pursuant to which the Company receives aircraft charter service for the transportation of employees in connection with Company business. Robert M. Powell, Chairman and CEO of the Company, is the owner of Alpha Delta Aviation, Inc. This transaction was unanimously approved by the Board of Directors, with Mr. Powell abstaining, and is reviewed annually by the Audit Committee and the Board of Directors. The Audit Committee and the Board of Directors review, on a regular basis, rates charged for similar services by third parties in the relevant market area and have concluded that the terms of this agreement are no less favorable than the Company could obtain from an unrelated third party. In 2003, the total amount paid by the Company to Alpha Delta Aviation, Inc. under this agreement was \$70,704.

The Company is a party to a contract with Baldor Electric Company pursuant to which the Company transports products manufactured by Baldor Electric Company. Roland S. Boreham, Jr., a director of the Company, is the Chairman of the Board of Baldor Electric Company. This

Edgar Filing: USA TRUCK INC - Form DEF 14A

transaction was unanimously approved by the Board of Directors, with Mr. Boreham abstaining, and is reviewed annually by the Audit Committee and the Board of Directors. The Audit Committee and the Board of Directors review, on a regular basis, rates charged by the Company for similar services to its other customers in the relevant market area and have concluded that the terms of this contract are no less favorable to the Company than its typical agreements with unrelated third party customers. In 2003, the total amount received by the Company from Baldor Electric Company under this contract was \$37,142.

On December 31, 2002, the Company entered into a contract with IKON Office Solutions, Inc. (Ikon), for the provision of certain printing equipment and maintenance of such equipment (the Service Contract). Under the

Service Contract the Company will pay a minimum of \$101,000 per year for 3.25 years for the Service Contract. One of the Sales Representatives for Ikon that negotiated the contract between Ikon and the Company is the brother of Clifton R. Beckham, the Company's Senior Vice President of Finance, Chief Financial Officer and Secretary. The contract was negotiated by other officers of the Company with knowledge of the relationship between Clifton R. Beckham and that Sales Representative. The Company does not have knowledge of that Sales Representative's interest in the transaction, and the Company has been advised that he is no longer associated with Ikon. The Company previously owned all the equipment that Ikon now provides as stated in the terms of the Service Contract. The Company entered into this contract with Ikon because it believes that Ikon can provide its printing equipment and maintenance of such equipment cheaper than the Company can provide such printing equipment and maintenance itself. In 2003, the total amount paid by the Company to Ikon under this contract was \$130,259.

SECTION 16(a) COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Based solely on its review of the copies of such reports received by it, and written representations from certain reporting persons, the Company believes that during fiscal 2003, all filing requirements applicable to its directors, officers and greater than 10% beneficial owners were complied with.

Accordingly, proposals submitted for inclusion in the proxy statement relating to the 2005 Annual Meeting must be received by the Company no later than December 8, 2004. USA TRUCK, INC.

2003 RESTRICTED STOCK AWARD PLAN

Section 1. Purpose of Plan. The Board of Directors of USA Truck, Inc., a Delaware corporation (the Company), and Robert M. Powell (Powell), the Chief Executive Officer and a principal stockholder of the Company, believe the best interests of the Company will be advanced by encouraging and enabling certain officers of the Company to have an increased proprietary interest in the Company. Powell desires to facilitate the Company's ability to accomplish that purpose by contributing up to One Hundred Fifty Thousand (150,000) shares of the Company's Common Stock, par value \$0.01 per share (Common Stock), to the Company for purposes of issuance to such officers as awards of restricted stock (Awards) under this USA Truck, Inc. 2003 Restricted Stock Award Plan (the Plan), and the Company desires to accept the contribution of such shares from Powell for that purpose. The Company and Powell believe that Awards under the Plan will reward the recipients for their contributions to the achievement by the Company of its business objectives and provide incentives to them to continue to perform services for the Company to the best of their abilities.

Section 2. Plan Administration. The Plan shall be administered by a person (the Administrator) appointed by the Board of Directors. Initially, Powell shall serve as the Administrator. In accordance with and subject to the provisions of the Plan, the Administrator will have the authority to determine, and recommend to the Board of Directors, all provisions of Awards consistent with the terms of the Plan, including, without limitation, the following: (A) the officers of the Company who will receive Awards (each officer who receives an Award is referred to in this Plan as a Participant); (B) the nature and extent of the Awards to be made to each Participant (including the number of shares of Common Stock to be subject to each Award); (C) the time or times when Awards will be granted; and (D) the restrictions and other conditions (including, for example, the lapse of time and the achievement of specified performance goals) to which the vesting of Awards may be subject. Each Award, however, shall be subject to the approval of the full Board of Directors and shall be made only after the Board has approved (i) the transfer of shares of Common Stock to the Company by Powell as contemplated by Section 3, (ii) the grant of such Award to a specific Participant, and all terms and conditions (including vesting and forfeiture provisions) associated with such Award and (iii) the transfer back to the Company (as provided in Section 5(h)) of the shares of Common Stock subject to the Award (or the then-unvested portion thereof) upon forfeiture of such shares in accordance with the Plan and the agreement entered into by the Company and the Participant in connection with such Award. Neither the Administrator nor any member of the Board will be liable for any action or determination made in good faith with respect to the Plan or any Award granted under the Plan.

Section 3. Shares Available for Issuance.

(a) *Maximum Number of Shares Available.* The maximum aggregate number of shares of Common Stock that will be available for issuance under the Plan will be One Hundred Fifty Thousand (150,000) shares of Common Stock. It is the mutual desire of the Company and Powell that the issuance of shares of restricted stock pursuant to Awards granted under the Plan shall not dilute the interests of the stockholders of the Company. For that reason, the shares available for issuance under the Plan shall consist solely of shares of Common Stock contributed to the Company by Powell specifically for the purpose of issuance as restricted stock pursuant to Awards granted under the Plan. Such number and kind of shares shall be appropriately adjusted in the event of any stock splits, reverse stock splits or stock dividends hereafter paid or declared with respect to such stock. The contribution of shares of Common Stock to the Company by Powell for purposes of the Plan may occur at such time or times as Powell may determine, provided, however, that Awards may not be made under the Plan with respect to a number of shares, in the aggregate, that exceeds the number of shares of Common Stock that shall have been contributed to the Company by Powell for such purpose, plus the number of shares returned to the Company as contemplated by Section 5(h), on or prior to the date of such Awards (subject to adjustment as contemplated by the preceding sentence).

(b) *Accounting for Restricted Stock Awards.* Shares of Common Stock that are issued under the Plan, including shares that remain subject to forfeiture under outstanding Awards, will be applied to reduce the maximum number of shares of Common Stock remaining available for issuance under the Plan. Any shares of Common Stock that are forfeited back to the Company as contemplated in Section 5(h) for any reason prior to the Primary Termination Date (as defined in Section 12) will automatically again become available for issuance under the Plan through

the Primary Termination Date.

(c) *Return of Shares to Powell.* Upon any termination of the Plan, all shares then available for issuance under the Plan and not subject to outstanding Awards will be returned to Powell on or as promptly as practicable after the Primary Termination Date. Any shares of Common Stock that then remain subject to forfeiture under outstanding Awards and are subsequently forfeited by a Participant and returned to the Company pursuant to Section 5(h) will be returned to Powell by the Company on or before December 31 of the year in which the forfeiture occurs, except that any and all such shares not previously returned to Powell will be returned to him on or as promptly as practicable after the Final Termination Date (as defined in Section 12). Upon the return of shares to Powell as contemplated by this paragraph (c), such shares shall be owned outright by Powell, without restriction of any kind (other than such restrictions on transfer as may exist under federal or state securities laws). The Company's obligation to return shares to Powell pursuant to this paragraph (c) will survive termination of the Plan.

(d) *Reservation of Shares.* All shares of Common Stock that are available for issuance as Awards under the Plan (including shares that have been returned to the Company following forfeiture of prior Awards), and all shares of Common Stock that are subject to the Company's obligations under Section 3(c), shall be reserved and set aside by the Company for those purposes.

Section 4. Participation. Participants in the Plan will be those officers of the Company who, in the judgment of the Administrator, have contributed, are contributing or are expected to contribute to the achievement of economic objectives of the Company. Awards will be deemed to be granted as of the date specified by the Administrator and approved by the Board of Directors.

Section 5. Restricted Stock Awards.

(a) *Grant.* Each Award will be subject to such terms, conditions and restrictions, consistent with the other provisions of the Plan, as may be determined by the Administrator and approved by the Board of Directors.

(b) *Stock Award Agreements.* Upon the granting of an Award to a Participant, the Company shall prepare and deliver to such Participant an agreement substantially in the form attached hereto as Exhibit A (a "Stock Award Agreement") with such modifications, consistent with the Plan, as may be approved by the Board of Directors and as may be necessary to reflect the specific terms and conditions of the Award approved in accordance with Section 2. The approval by the Board of Directors of each Award shall include, without limitation, specific approval of the number of shares of Common Stock covered by the Award, the vesting and forfeiture provisions (including performance goals), the return of shares covered by the Award (and of any shares of Common Stock that may be issued in respect thereof as, for example, stock dividends) to the Company upon any forfeiture thereof and the right of the Participant to use shares of Common Stock vesting under the Award, or other shares of Common Stock owned by the Participant, to satisfy Tax Obligations (as contemplated by Section 7 of this Plan). In the event of inconsistency between the terms of any Stock Award Agreement and this Plan, the terms of the Plan shall control.

(c) *Vesting of Awards.* The shares of Common Stock subject to an Award shall vest, and the forfeiture provisions and restrictions on transfer applicable to such Award shall terminate, as determined by the Administrator and approved by the Board, subject to the following:

(i) No shares may vest less than one year after the date of grant of the Award;

(ii) No more than twenty percent (20%) of the shares subject to an Award may vest during any period of less than one year; and

Edgar Filing: USA TRUCK INC - Form DEF 14A

(iii) No shares subject to an Award may continue to vest after the Participant has ceased to be in the continuous employ or service as an officer of the Company or a subsidiary.

(d) *Dividends and Distributions.* Unless otherwise set forth in the Stock Award Agreement evidencing the Award, the Board of Directors shall determine at the time of declaration of any dividends or distributions with respect to shares of Common Stock subject to the unvested portion of an Award whether such dividends or distributions will be subject to the same restrictions (including risk of forfeiture) as the shares to which such dividends or distributions relate. The Board of Directors shall also determine whether the Company will withhold any such dividend or distribution pending vesting of the shares to which it relates and, in such event, the Board will determine whether any interest will be paid on such dividend or distribution.

All stock dividends, stock rights and stock issued upon split-ups or reclassifications of shares of Common Stock shall be subject to the same restrictions as the shares with respect to which such stock dividends, rights or additional shares are issued, and may be held in custody as provided in Section 5(f).

(e) *Restrictions on Transfer.* Except as may be otherwise expressly permitted by the Stock Award Agreement evidencing an Award, no right or interest of any Participant in shares subject to an Award prior to the vesting of such shares will be assignable or transferable, or subjected to any lien, either voluntarily or involuntarily, directly or indirectly, by operation of law or otherwise.

(f) *Enforcement of Restrictions.* To enforce the restrictions referred to in this Section 5, the Administrator may require the Participant, until the restrictions have lapsed, to keep the stock certificates, together with duly endorsed stock powers, in the custody of the Company or its transfer agent.

(g) *Certificates.* Subject to paragraph (f) above, a recipient of an Award shall be issued a certificate or certificates evidencing the shares subject to such Award. Such certificates shall be registered in the name of the Participant, and shall bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Award, which legend shall be in substantially the following form:

The transferability of this certificate and the shares represented hereby are subject to the terms and conditions (including forfeiture) of the USA Truck, Inc. 2003 Restricted Stock Award Plan and an Agreement entered into between the registered owner and USA Truck, Inc. Copies of such Plan and Agreement are on file in the corporate offices of USA Truck, Inc.

(h) *Effect of Forfeiture.* Upon the forfeiture of any shares of Common Stock subject to an outstanding Award pursuant to the terms and provisions of the Plan or any Stock Award Agreement, such shares shall automatically be forfeited and returned to the Company, without the necessity of any further action by the Participant or the Company. Any such shares that are forfeited on or prior to the Primary Termination Date shall thereafter be available for issuance as new Awards under the Plan through the Primary Termination Date.

Section 6. Effect of Termination of Employment or Other Service.

(a) *Effect of Termination.* In the event a Participant's full-time employment or service as an officer of the Company or a subsidiary of the Company is terminated by the Company or by the Participant for any reason, with or without cause, and including without limitation terminations resulting from the Participant's retirement, death or disability, all unvested portions of all Awards then held by the Participant will automatically terminate and all unvested shares covered thereby will be forfeited.

(b) *Date of Termination of Employment or Other Service.* Unless the Administrator otherwise determines in his sole discretion, a Participant's employment or service as an officer will, for purposes of the Plan, be deemed to have terminated on the date recorded on the personnel or other records of the Company or the applicable subsidiary for which the Participant provides employment or service as an officer, as determined by the Administrator in his sole discretion based upon such records. Any decision to terminate the employment or service of a Participant must be made or approved by the Board of Directors or by a duly authorized officer of the Company, other than the Administrator.

Section 7. Payment of Withholding Taxes. The Company is entitled to (i) withhold and deduct from wages of the Participant (or from other amounts that may be due and owing to the Participant from the Company or any subsidiary), or make other arrangements for the collection of,

Edgar Filing: USA TRUCK INC - Form DEF 14A

all legally required amounts necessary to satisfy the Participant's share of any and all federal, state and local withholding and employment-related tax requirements attributable to an Award (the "Tax Obligations"), including, without limitation, the grant, vesting of, or payment of dividends with respect to, shares governed by an Award, or (ii) require the Participant promptly to remit the amount necessary to satisfy the Tax Obligations to the Company before taking any action, including issuing any shares of Common Stock, with respect to an Award. To the extent any such taxes require a determination of the fair market value of any Award Shares, such value shall be determined by reference to the average of the high and low sale price of the Company's Common Stock on The Nasdaq Stock Market (or other exchange or market on which the Common Stock may then be listed) on the relevant date (or if there are no sales on such date, on the last preceding date for which such high and low sale price information is available), subject to such adjustments for nontransferability or other factors as the Company's Board of Directors may determine to be appropriate.

Notwithstanding the foregoing, the Participant shall have the right to satisfy, in whole or in part, any Tax Obligations that arise in connection with the grant or vesting of an Award by either (a) electing to have the Company withhold from the shares vesting a number of whole shares of Common Stock having an aggregate fair market value on the vesting date equal to the amount necessary to satisfy such Tax Obligations or (b) assigning and delivering to the Company other shares of Common Stock owned by the Participant having an aggregate fair market value on the grant date or vesting date, as the case may be, equal to the amount necessary to satisfy such Tax Obligations. In no event, however, may a Participant use unvested shares to satisfy any Tax Obligations. For purposes of this paragraph, the fair market value of each share of Common Stock withheld or delivered pursuant to this paragraph shall be equal to the fair market value per share on the relevant date of the shares of Common Stock granted or vesting pursuant to the Award, and if no such fair market value is determined, then the fair market value of the shares withheld or delivered to the Company shall be the average of the high and low sale price of the Company's Common Stock on The Nasdaq Stock Market (or other exchange or market on which the Common Stock may then be listed) on the relevant date (or if there are no sales on such date, on the last preceding date for which such high and low sale price information is available). Any difference between the amount of the Tax Obligations and the fair market value of the shares withheld or delivered to the Company in accordance with this paragraph shall be paid in a manner contemplated by the preceding paragraph of this Section 7. Any shares of Common Stock withheld or delivered to the Company pursuant to this paragraph will become property of the Company, and such shares shall not thereafter be available to be subject to an Award granted under the Plan and shall not be returned to Powell pursuant to Section 3(c). Any election made by a Participant under this paragraph must be made in writing to the Company before the occurrence of the event (i.e., the granting or vesting of an Award) with respect to which such election is made, and shall be irrevocable.

Section 8. Rights of Participants and the Company.

(a) *Rights as a Stockholder.* Subject to the terms, conditions, restrictions and limitations set forth in Section 5 or elsewhere in the Plan or in the applicable Stock Award Agreement, a Participant will have, with respect to shares of Common Stock (vested and unvested) issued to the Participant as an Award, all voting, dividend, liquidation and other rights of a stockholder of the Company.

(b) *Employment or Service.* Nothing in the Plan will interfere with or limit in any way the right of the Company or any subsidiary to terminate the employment or service of any Participant at any time, nor confer upon any Participant any right to continue in the employ or service of the Company or any subsidiary.

(c) *Non-Exclusivity of the Plan.* Nothing contained in the Plan is intended to modify or rescind any previously approved compensation plans or programs of the Company or create any limitations on the power or authority of the Board of Directors to adopt such additional or other compensation arrangements as the Board may deem necessary or desirable.

Section 9. Securities Law and Other Restrictions. Notwithstanding any other provision of the Plan or any Stock Award Agreements entered into pursuant to the Plan, the Company will not be required to issue any shares of Common Stock under this Plan, and a Participant may not sell, assign, transfer or otherwise dispose of shares of Common Stock issued pursuant to Awards granted under the Plan, unless there is in effect with respect to such shares a registration statement under the Securities Act of 1933 and any applicable state securities laws or an exemption from such registration under such Act and applicable state securities laws. The Company may condition such issuance, sale or transfer upon the receipt of any representations or agreements from the parties involved, and the placement of any legends on certificates representing shares of Common Stock, as the Company may deem necessary or advisable in order to comply with such securities laws or other restrictions.

Section 10. Plan Amendment, Modification and Termination. The Board may suspend or terminate the Plan or any portion thereof at any time, and may amend the Plan from time to time in such respects as the Board may deem advisable in order that Awards under the Plan will conform to any change in applicable laws or regulations or in any other respect the Board may deem to be in the best interests of the Company; provided, however, that no amendments to the Plan will be effective without approval of the stockholders of the Company if stockholder approval of the amendment is then required under the Securities Exchange Act of 1934 or the rules of any stock exchange or stock market on which the Company's securities are listed or traded. No termination, suspension or amendment of the Plan may adversely affect any outstanding Award without the consent of the affected Participant.

Section 11. Stockholder Approval. Any Award granted under the Plan prior to the date on which the Plan is approved by stockholders holding at least a majority of the voting stock of the Company represented in person or by proxy at a duly held stockholders' meeting shall be contingent upon such approval. If the Plan is not so approved by stockholders within one year after the date on which the Plan is approved by the Board of Directors, then the Plan, and any and all Awards granted under the Plan, shall terminate and be null and void as of the date of Board approval, as if the Plan had never been adopted or implemented and no Awards had ever been granted.

Section 12. Effective Date and Duration of the Plan. The effective date of the Plan shall be the date the Plan is approved by the Board of Directors (which approval shall specifically include, without limitation, the contribution and transfer of shares of Common Stock to the Company by Powell pursuant to Section 3(a) and the return of shares of Common Stock to Powell pursuant to Section 3(c)), provided that the Plan is, within one year after such date, approved by the stockholders of the Company as contemplated in Section 11. If so approved, the Plan will terminate at 11:59 p.m., Central time, on August 31, 2009 and may be terminated prior to such time by action of the Board of Directors (the date on which the Plan terminates or is terminated as contemplated by this sentence is referred to in this Plan as the "Primary Termination Date"). No Award will be granted after the Primary Termination Date. Awards outstanding upon termination of the Plan on the Primary Termination Date may continue to vest, in accordance with the terms and provisions of this Plan and the applicable Stock Award Agreement, and the provisions of this Plan shall remain in effect for the purpose of governing such outstanding Awards and for the other purposes set forth in this Plan (other than the granting of new Awards) until the date immediately following the date on which all shares subject to such outstanding Awards shall have either vested or been forfeited and returned to the Company in accordance with this Plan and the applicable Stock Award Agreements (the "Final Termination Date").

Section 13. Miscellaneous.

(a) *Governing Law.* The validity, construction, interpretation, administration and effect of the Plan and any rules, regulations and actions relating to the Plan will be governed by and construed in accordance with the laws of the State of Delaware.

(b) *Successors and Assigns.* The Plan and any Stock Award Agreements evidencing Awards will be binding upon and inure to the benefit of the successors and permitted assigns of the Company and the Participants. Without limiting the foregoing, in the event of any acquisition or change of control of the Company, the acquiring, surviving or succeeding corporation or other entity shall be bound by the terms and provisions of all outstanding Awards and by the Company's obligations under Section 3(c) (adjusted as necessary to give effect to any change in the Common Stock resulting from the acquisition or other transaction), and the Board of Directors of the Company shall take such actions as shall be necessary and appropriate to enforce the provisions of this paragraph.

Members of any committee shall serve for such term as the Board may determine, subject to removal by the Board at any time. To the extent consistent with applicable law, the Board or the Executive Compensation Committee may authorize one or more officers of the Company to grant Awards to designated classes of eligible persons, within limits specifically prescribed by the Board or the Executive Compensation Committee; provided, however, that no such officer shall have or obtain authority to grant Awards to himself or herself or to any person subject to Section 16 of the Exchange Act. SHARES SUBJECT TO THE PLAN

4.1 Authorized Number of Shares.

(a) Subject to adjustment from time to time as provided in Article XV and subject to Sections 4.1(b) and 4.2, the maximum number of shares of Common Stock available for issuance under the Plan shall be 900,000 shares.

(b) Notwithstanding Section 4.1(a) and subject to the provisions of Article XV relating to adjustments, on the day of each annual meeting of stockholders of the Company for a period of nine (9) years, commencing with the annual meeting of stockholders in 2005 and ending with the annual meeting of stockholders in 2013, the maximum number of shares of Common Stock that is available for issuance under the Plan as set forth in Section 4.1(a) (inclusive of shares that shall have been issued prior to such day) shall automatically be increased by that number of shares equal to the lesser of (i) 25,000 shares or (ii) such lesser number of shares (which may be zero or any number less than 25,000) as determined by the Board.

4.2 Share Usage.

(a) If any Award lapses, expires, terminates or is canceled prior to the issuance of shares thereunder or if shares of Common Stock are issued under the Plan to a Participant and thereafter are forfeited by the Participant and reacquired by the Company, the shares subject to such Awards and the reacquired shares shall again be available for issuance under the Plan. Any shares of Common Stock that are either (i) tendered by a Participant or retained by the Company as full or partial payment to the Company for the purchase price of an Award or to satisfy tax withholding obligations in connection with an Award or (ii) covered by an Award that is settled in cash shall be available for Awards under the Plan. All shares issued under the Plan may be either authorized and unissued shares or issued shares reacquired by the Company.

(b) The Committee shall have the authority to grant Awards as an alternative to or as the form of payment for grants or rights earned or due under other compensation plans or arrangements of the Company.

(c) Notwithstanding the foregoing, the maximum number of shares that may be issued upon the exercise of Incentive Stock Options shall equal the aggregate share number provided in Section 4.1, subject to adjustment as provided in Article XV; and provided, further, that for purposes of Section 4.3, any such shares shall be counted in accordance with the requirements of Section 162(m) of the Code.

4.3 Limitations. Subject to adjustment as provided in Article XV, no Participant shall be eligible to receive in any one calendar year Awards relating to more than 30,000 shares of Common Stock.

ARTICLE V

ELIGIBILITY

An Award may be granted to any employee, officer or director of the Company or an Affiliate whom the Committee from time to time selects. The above are eligible persons.

ARTICLE VI

AWARDS

6.1 Form and Grant of Awards. The Committee shall have the authority, in its sole discretion, to determine the type or types of Awards to be granted under the Plan. Such Awards may be granted either alone, in addition to or in tandem with any other type of Award.

6.2 Evidence of Awards. Awards granted under the Plan shall be evidenced by a written instrument that shall contain such terms, conditions, limitations and restrictions as the Committee shall deem advisable and that are not inconsistent with the Plan.

6.3 Deferrals. The Committee may permit or require a Participant to defer receipt of the payment of any Award. If any such deferral election is permitted or required, the Committee, in its sole discretion, shall establish rules and procedures for such payment deferrals, which may include the grant of additional Awards or provisions for the payment or crediting of interest or dividend equivalents, including converting such credits to deferred stock unit equivalents.

ARTICLE VII

OPTIONS

7.1 Grant of Options. The Committee may grant Options designated as Incentive Stock Options or Nonqualified Stock Options.

7.2 Option Exercise Price. Subject to Section 7.8, the exercise price for shares purchased under an Option shall be as determined by the Committee, but shall not be less than 100% of the Fair Market Value of the Common Stock for the Grant Date, except in the case of Substitute Awards. In no event shall the Committee, without the prior approval of the Company's shareholders, cancel any outstanding Option for the purpose of reissuing the Option to the Participant at a lower exercise price or reduce the exercise price of an outstanding Option.

7.3 Term of Options. Subject to earlier termination in accordance with the terms of the Plan and the instrument evidencing the Option, and subject to Section 7.8, the maximum term of an Option shall be as established for that Option by the Committee or, if not so established, shall be ten years from the Grant Date.

7.4 Exercise of Options. The Committee shall establish and set forth in each instrument that evidences an Option the times at which, or the installments in which, the Option shall vest and become exercisable, any of which provisions may be waived or modified by the Committee at any time.

To the extent an Option has vested and become exercisable, the Option may be exercised in whole or from time to time in part by delivery as directed by the Company to the Company or a brokerage firm designated or approved by the Company of a written stock option exercise agreement or notice, in a form and in accordance with procedures established by the Committee, setting forth the number of shares with respect to which the Option is being exercised, the restrictions imposed on the shares purchased under such exercise agreement, if any, and such representations and agreements as may be required by the Committee, accompanied by payment in full as described in Section 7.5. An Option may be exercised only for whole shares and may not be exercised for less than a reasonable number of shares at any one time, as determined by the Committee.

7.5 Payment of Exercise Price. The exercise price for shares purchased under an Option shall be paid in full as directed by the Company to the Company or a brokerage firm designated or approved by the Company by delivery of consideration equal to the product of the Option exercise price and the number of shares purchased. Such consideration must be paid before the Company will issue the shares being purchased and must be in a form or a combination of forms acceptable to the Committee for that purchase, which forms may include: (a) check; (b) wire transfer; (c) tendering by attestation shares of Common Stock that have been owned by the Participant for more than six months and that on the day prior to the exercise date have a Fair Market Value equal to the aggregate exercise price of the shares being purchased under the Option; (d) to the extent permitted by applicable law, delivery of a properly executed exercise notice, together with irrevocable instructions to a brokerage firm designated or approved by the Company to deliver promptly to the Company the aggregate amount of sale or loan proceeds to pay the Option exercise price and any tax withholding obligations that may arise in connection with the exercise, all in accordance with the regulations of the Federal Reserve Board; or (e) such other consideration as the Committee may permit in its sole discretion.

To the extent that the exercise price of an Option (the original Option) is paid, in whole or in part, by a tender of shares of Common Stock already owned by the Participant, the instrument evidencing the original Option may, in the Committee's discretion, create a new Option for the number of shares of Common Stock utilized in payment of the exercise price (the new Option). The terms of the new Option shall be as set forth in the instrument evidencing the original Option, provided that the exercise price of the new Option shall not be less than 100% of the Fair

Edgar Filing: USA TRUCK INC - Form DEF 14A

Market Value of the Common Stock on the exercise date of the original Option.

7.6 Post-Termination Exercise. The Committee shall establish and set forth in each instrument that evidences an Option whether the Option shall continue to be exercisable, and the terms and conditions of such exercise, after a Termination of Service, any of which provisions may be waived or modified by the Committee at any time.

7.7 Incentive Stock Options. The terms of any Incentive Stock Options shall comply in all respects with the provisions of Section 422 of the Code, or any successor provision, and any regulations promulgated thereunder. Individuals who are not employees of the Company or one of its parent or subsidiary corporations (as such terms are defined for purposes of Section 422 of the Code) may not be granted Incentive Stock Options. To the extent that the aggregate Fair Market Value of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year exceeds \$100,000 or, if different, the maximum limitation in effect at the time of grant under the Code (the Fair Market Value being determined as of the Grant Date for the Option), such portion in excess of \$100,000 shall be treated as Nonqualified Stock Options.

7.8 Options Granted to Ten Percent Stockholders. No Incentive Stock Option shall be granted to any Participant who owns, directly or indirectly within the meaning of Section 424(d) of the Code, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or one of its parent or subsidiary corporations (as such terms are defined for purposes of Section 422 of the Code), unless at the time the Option is granted, the exercise price of the Option is at least 110% of the Fair Market Value of the Common Stock subject to such Option and such Option, by its terms, is not exercisable after the expiration of five years from the Grant Date of the Option. The provisions of this Section 7.8 shall not apply to the grant of Nonqualified Stock Options.

ARTICLE VIII

STOCK APPRECIATION RIGHTS

8.1 Grant of Stock Appreciation Rights. The Committee may grant stock appreciation rights (Stock Appreciation Rights or SARs) to Participants at any time. An SAR may be granted in tandem with an Option or alone (freestanding). The grant price of a tandem SAR shall be equal to the exercise price of the related Option, and the grant price of a freestanding SAR shall be equal to the Fair Market Value of the Common Stock for the Grant Date or a period of days not to exceed 30 days prior to and/or after the Grant Date. An SAR may be exercised upon such terms and conditions and for such term as the Committee determines in its sole discretion; provided, however, that, subject to earlier termination in accordance with the terms of the Plan and the instrument evidencing the SAR, the term of a freestanding SAR shall be as established for that SAR by the Committee or, if not so established, shall be ten years, and in the case of a tandem SAR, (a) the term shall not exceed the term of the related Option and (b) the tandem SAR may be exercised for all or part of the shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option, except that the tandem SAR may be exercised only with respect to the shares for which its related Option is then exercisable.

8.2 Payment of SAR Amount. Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying: (a) the difference between the Fair Market Value of the Common Stock for the date of exercise over the grant price by (b) the number of shares with respect to which the SAR is exercised. At the discretion of the Committee, the payment upon exercise of an SAR may be in cash, in shares of equivalent value, in some combination thereof or in any other manner approved by the Committee in its sole discretion.

ARTICLE IX

RESTRICTED STOCK AND STOCK UNITS

9.1 Grant of Restricted Stock and Stock Units. The Committee may grant Restricted Stock and Stock Units on such terms and conditions and subject to such repurchase or forfeiture restrictions, if any (which may be based on continuous service with the Company or an Affiliate or the

achievement of any of the Performance Criteria set forth in Section 11.1), as the Committee shall determine in its sole discretion, which terms, conditions and restrictions shall be set forth in the instrument evidencing the Award.

9.2 Issuance of Shares. Upon the satisfaction of any terms, conditions and restrictions prescribed with respect to Restricted Stock or Stock Units, or upon a Participant's release from any terms, conditions and restrictions of Restricted Stock or Stock Units, as determined by the Committee, and subject to the provisions of Section 13, (a) the shares of Restricted Stock covered by each Award of Restricted Stock shall become freely transferable by the

Participant, and (b) Stock Units shall be paid in cash, shares of Common Stock or a combination of cash and shares of Common Stock as the Committee shall determine in its sole discretion. Any fractional shares subject to such Awards shall be paid to the Participant in cash.

9.3 Dividends and Distributions. Participants holding shares of Restricted Stock or Stock Units may, if the Committee so determines, be credited with dividends paid with respect to the underlying shares or dividend equivalents while they are so held in a manner determined by the Committee in its sole discretion. The Committee may defer payment (with or without interest) for such periods, and apply any restrictions to the dividends or dividend equivalents as the Committee deems appropriate. The Committee, in its sole discretion, may determine the form of payment of dividends or dividend equivalents, including cash, shares of Common Stock, Restricted Stock or Stock Units.

9.4 Waiver of Restrictions. Notwithstanding any other provisions of the Plan, the Committee, in its sole discretion, may waive the repurchase or forfeiture period and any other terms, conditions or restrictions on any Restricted Stock or Stock Unit under such circumstances and subject to such terms and conditions as the Committee shall deem appropriate; provided, however, that the Committee may not adjust performance goals for any Restricted Stock or Stock Unit intended to be exempt under Section 162(m) of the Code for the year in which the Restricted Stock or Stock Unit is settled in such a manner as would increase the amount of compensation otherwise payable to a Participant.

ARTICLE X

PERFORMANCE SHARES AND PERFORMANCE UNITS

10.1 Grant of Performance Shares. The Committee may grant Awards of performance shares (Performance Shares) and designate the Participants to whom Performance Shares are to be awarded and determine the number of Performance Shares, the length of the performance period and the other terms and conditions of each such Award. Each Award of Performance Shares shall entitle the Participant to a payment in the form of shares of Common Stock upon the attainment of performance goals and other terms and conditions specified by the Committee. Notwithstanding satisfaction of any performance goals, the number of shares issued under an Award of Performance Shares may be adjusted on the basis of such further consideration as the Committee shall determine in its sole discretion. However, the Committee may not, in any event, increase the number of shares earned upon satisfaction of any performance goal by any Participant, including but not limited to any Covered Employee. The Committee, in its sole discretion, may make a cash payment equal to the Fair Market Value of the Common Stock otherwise required to be issued to a Participant pursuant to an Award of Performance Shares. It is generally expected that the Committee will exercise its discretion to make cash settlements of Awards of Performance Shares only with respect to Awards granted to Participants in countries other than the United States.

10.2 Grant of Performance Units. The Committee may grant Awards of performance units (Performance Units) and designate the Participants to whom Performance Units are to be awarded and determine the number of Performance Units and the terms and conditions of each such Award. Performance Units shall entitle the Participant to a payment in cash upon the attainment of performance goals and other terms and conditions specified by the Committee. Notwithstanding the satisfaction of any performance goals, the amount to be paid under an Award of Performance Units may be adjusted on the basis of such further consideration as the Committee shall determine in its sole discretion. However, the Committee may not, in any event, increase the amount earned under Awards of Performance Units upon satisfaction of any performance goal by any Participant, including but not limited to any Covered Employee. The Committee, in its discretion, may substitute actual shares of Common Stock for the cash payment otherwise required to be made to a Participant pursuant to a Performance Unit.

ARTICLE XI

PERFORMANCE CRITERIA

11.1 Awards Subject to Performance Goals. Awards of Restricted Stock, Stock Units, Performance Shares, Performance Units and other Awards made pursuant to the Plan, the vesting of such Awards and/or a Participant's right to receive payments thereunder may be made subject to the attainment of performance goals

relating to one or more business criteria within the meaning of Section 162(m) of the Code, including but not limited to the following: profits (including, but not limited to, profit growth, net operating profit or economic profit); profit-related return ratios; return measures (including, but not limited to, return on assets, capital, equity or sales); cash flow (including, but not limited to, operating cash flow, free cash flow or cash flow return on capital); earnings (including, but not limited to, net earnings, earnings per share, earnings before or after taxes, interest, depreciation and/or amortization, or increases in retained earnings); net sales growth; gross or operating margins; productivity ratios; share price (including, but not limited to, growth measures and total shareholder return); expense targets; margins; operating efficiency; customer satisfaction; and working capital targets (Performance Criteria). Performance Criteria may be stated in absolute terms or relative to comparison companies or indices to be achieved during a period of time.

11.2 Use and Calculation of Performance Criteria. Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company. Any Performance Criteria may include or exclude Nonrecurring Items. Performance Criteria shall be calculated in accordance with the Company's financial statements or generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an Award that is consistently applied and identified in the audited financial statements, including footnotes, or the Management's Discussion and Analysis section of the Company's annual report. The Committee may not in any event increase the amount of compensation payable to a Covered Employee upon the satisfaction of any Performance Criteria.

ARTICLE XII

OTHER STOCK OR CASH-BASED AWARDS

In addition to the Awards described in Articles VII through X, and subject to the terms of the Plan, the Committee may grant other incentives payable in cash or in shares of Common Stock under the Plan as it determines to be in the best interests of the Company and subject to such other terms and conditions as it deems appropriate.

ARTICLE XIII

WITHHOLDING

The Company may require the Participant to pay to the Company the amount of (a) any taxes that the Company is required by applicable federal, state, local or foreign law to withhold with respect to the grant, vesting or exercise of an Award (tax withholding obligations) and (b) any amounts due from the Participant to the Company or to any Affiliate (other obligations). The Company shall not be required to issue any shares of Common Stock under the Plan until such tax withholding obligations and other obligations are satisfied.

The Committee may permit or require a Participant to satisfy all or part of his or her tax withholding obligations and other obligations by (a) paying cash to the Company, (b) having the Company withhold an amount from any cash amounts otherwise due or to become due from the Company to the Participant, (c) having the Company withhold a number of shares of Common Stock that would otherwise be issued to the Participant (or become vested in the case of Restricted Stock) having a Fair Market Value equal to the tax withholding obligations, calculated at the minimum statutory withholding rate, and other obligations, or (d) surrendering a number of shares of Common Stock the Participant already owns having a Fair Market Value equal to the tax withholding obligations, calculated at the minimum statutory withholding rate, and other obligations.

ARTICLE XIV

ASSIGNABILITY

No Award or interest in an Award may be sold, assigned, pledged (as collateral for a loan or as security for the performance of an obligation or for any other purpose) or transferred by the Participant or made subject to attachment or similar proceedings otherwise than by will or by the applicable laws of descent and distribution, except that to the extent permitted by the Committee, in its sole discretion, a Participant may designate one or more

beneficiaries on a Company-approved form who may receive payment under an Award after the Participant's death. During a Participant's lifetime, an Award may be exercised only by the Participant.

ARTICLE XV

ADJUSTMENTS

In the event, at any time or from time to time, a stock dividend, stock split, spin-off, combination or exchange of shares, recapitalization, merger, consolidation, distribution to shareholders other than a normal cash dividend or other change in the Company's corporate or capital structure results in (a) the outstanding shares of Common Stock, or any securities exchanged therefor or received in their place, being exchanged for a different number or kind of securities of the Company or of any other company or (b) new, different or additional securities of the Company or of any other company being received by the holders of shares of Common Stock, then the Committee shall make proportional adjustments in (i) the maximum number and kind of securities available for issuance under the Plan; (ii) the numbers of shares by which the aggregate number of shares available for issuance may increase annually as provided in Section 4.1(b), (iii) the maximum number and kind of securities issuable as Incentive Stock Options as set forth in Section 4.2; (iv) the maximum number and kind of securities that may be subject to Awards made to an individual in any one calendar year as set forth in Section 4.3; and (v) the number and kind of securities that are subject to any outstanding Award and the per share price of such securities, without any change in the aggregate price to be paid therefor.

The determination by the Committee as to the terms of any of the foregoing adjustments shall be conclusive and binding.

Notwithstanding the foregoing, the issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, for cash or property, or for labor or services rendered, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, outstanding Awards or the number of shares available for issuance under the Plan.

ARTICLE XVI

AMENDMENT AND TERMINATION

16.1 Amendment, Suspension or Termination of the Plan. The Board or the Executive Compensation Committee of the Board may amend, suspend or terminate the Plan or any portion of the Plan at any time and in such respects as it shall deem advisable; provided, however, that, to the extent required by applicable law or regulation or by the rules of The Nasdaq Stock Market or any stock exchange on which the Company's stock may from time to time be listed or traded, shareholder approval shall be required for any amendment to the Plan.

16.2 Term of the Plan. Unless sooner terminated as provided herein, the Plan shall terminate ten years from the Effective Date. After the Plan is terminated, no future Awards may be granted, but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the Plan's terms and conditions. Notwithstanding the foregoing, no Incentive Stock Options may be granted more than ten years after the earlier of (a) the adoption of the Plan by the Board and (b) the Effective Date.

Edgar Filing: USA TRUCK INC - Form DEF 14A

16.3 Consent of Participant. The amendment, suspension or termination of the Plan or a portion thereof or the amendment of an outstanding Award shall not, without the Participant's consent, materially adversely affect any rights under any Award theretofore granted to the Participant under the Plan. Any change or adjustment to an outstanding Incentive Stock Option shall not, without the consent of the Participant, be made in a manner so as to constitute a modification that would cause such Incentive Stock Option to fail to continue to qualify as an Incentive Stock Option. Notwithstanding the foregoing, any adjustments made pursuant to Article XV shall not be subject to these restrictions.

ARTICLE XVII

GENERAL

17.1 No Individual Rights. No individual or Participant shall have any claim to be granted any Award under the Plan, and the Company has no obligation for uniformity of treatment of Participants under the Plan.

Furthermore, nothing in the Plan or any Award granted under the Plan shall be deemed to constitute an employment contract or confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Affiliate or limit in any way the right of the Company or any Affiliate to terminate a Participant's employment or other relationship at any time, with or without cause.

17.2 Issuance of Shares. Notwithstanding any other provision of the Plan, the Company shall have no obligation to issue or deliver any shares of Common Stock under the Plan or make any other distribution of benefits under the Plan unless, in the opinion of the Company's counsel, such issuance, delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act or the laws of any state or foreign jurisdiction) and the applicable requirements of any stock market, securities exchange, or similar entity.

To the extent the Plan or any instrument evidencing an Award provides for issuance of stock certificates to reflect the issuance of shares of Common Stock, the issuance may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the applicable rules of any stock market or securities exchange.

17.3 Indemnification. Each person who is or shall have been a member of the Board, the Committee, any other committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Article III shall be indemnified and held harmless by the Company against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit or proceeding against him or her; provided, however, that he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf, unless such loss, cost, liability or expense is a result of his or her own willful misconduct or except as expressly provided by statute.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's certificate of incorporation or bylaws, as a matter of law, or otherwise, or of any power that the Company may have to indemnify them or hold them harmless.

17.4 No Rights as a Shareholder. Unless otherwise provided by the Committee or in the instrument evidencing the Award or in a written employment or services agreement, no Option or Award denominated in units shall entitle the Participant to any cash dividend, voting or other right of a shareholder unless and until the date of issuance under the Plan of the shares that are the subject of such Award.

Edgar Filing: USA TRUCK INC - Form DEF 14A

17.5 Compliance With Laws and Regulations. Notwithstanding anything in the Plan to the contrary, the Committee, in its sole discretion, may bifurcate the Plan so as to restrict, limit or condition the use of any provision of the Plan with respect to Participants who are officers or directors subject to Section 16 of the Exchange Act without so restricting, limiting or conditioning the Plan with respect to other Participants. Additionally, in interpreting and applying the provisions of the Plan, any Option granted as an Incentive Stock Option pursuant to the Plan shall, to the extent permitted by law, be construed as an incentive stock option within the meaning of Section 422 of the Code.

17.6 Participants in Other Countries. The Committee shall have the authority to adopt such modifications, procedures and subplans as may be necessary or desirable to comply with provisions of the laws of other countries in which the Company or any Affiliate may operate to ensure the viability of the benefits from Awards granted to Participants employed in such countries, to comply with applicable foreign laws and to meet the objectives of the Plan.

17.7 No Trust or Fund. The Plan is intended to constitute an unfunded plan. Nothing contained herein shall require the Company to segregate any monies or other property, or shares of Common Stock, or to create any trusts, or to make any special deposits for any immediate or deferred amounts payable to any Participant, and no Participant shall have any rights that are greater than those of a general unsecured creditor of the Company.

17.8 Successors. All obligations of the Company under the Plan with respect to Awards shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all the business and/or assets of the Company.

17.9 Severability. If any provision of the Plan or any Award is determined to be invalid, illegal or unenforceable in any jurisdiction, or as to any person, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or, if it cannot be so construed or deemed amended without, in the Committee's determination, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

17.10 Choice of Law. The Plan, all Awards granted thereunder and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by the laws of the United States, shall be governed by the laws of the State of Delaware without giving effect to principles of conflicts of law.

ARTICLE XVIII

EFFECTIVE DATE

The Plan shall become effective on the date (the Effective Date) on which the shareholders of the Company approve the Plan, immediately following such shareholder approval of the Plan.

As Approved May 7, 2003

CHARTER

I. PURPOSE AND AUTHORITY

This Charter (this Charter) shall govern the operations of the Audit Committee (the Committee) of the Board of Directors (the Board) of USA Truck, Inc., a Delaware corporation (the Corporation). The purpose of the Charter is to set forth the rules and guidelines necessary to enable the Committee to effectively (1) manage the engagement of the Corporation's outside auditors and (2) assist and direct the Board in fulfilling its oversight responsibilities by conducting thorough reviews of: financial statements and reports provided by the Corporation to the government or to the public; the Corporation's systems of internal controls; and the Corporation's auditing, accounting and financial reporting processes generally. Consistent with this purpose, the Committee shall encourage continuous improvement of, and shall foster adherence to, the Corporation's policies, procedures and practices at all levels. The Committee's primary responsibilities are to:

Monitor the Corporation's financial reporting processes and systems of internal controls regarding finance and accounting.

Monitor the independence and performance of the Corporation's outside auditors.

Provide an avenue of communication among the Board, the outside auditors, and financial and senior management of the Corporation.

Appoint, evaluate and discharge, in its sole discretion, the corporation's outside auditors.

In discharging its duties, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Corporation.

The Committee shall have the authority to retain on behalf of the Committee, at the Corporation's expense, such outside counsel or other advisers, as the Committee deems necessary and appropriate in connection with the performance of its duties and to determine, in its sole discretion, the terms of such engagements and the fees that will be paid to such advisers. The Committee shall not be required or expected to retain such outside counsel or advisers on a routine or ongoing basis, but shall have the authority to do so whenever it determines that such engagement is necessary or appropriate and in the best interest of the Corporation and its shareholders. In addition to providing the funding for the compensation of such advisers, the Corporation shall also provide appropriate funding for the ordinary administrative expenses of the Committee that the Committee determines to be necessary or appropriate in carrying out its duties.

For purposes of this Charter, the term outside auditors means any public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Corporation.

II. COMPOSITION

The Committee shall be comprised of three or more directors, each of whom shall be independent and free from any relationship that, in the opinion of the Board, would interfere with the exercise of that person's independent judgment as a member of the Committee. Each member of the Committee shall meet all requirements for independence and experience promulgated by the National Association of Securities Dealers, Inc. (NASD) and set forth in Section 10A(m)(3) of the Securities Exchange Act of 1934 (the Exchange Act) and the rules and regulations of the Securities and Exchange Commission (the Commission) as applicable to the Corporation. No member of the Committee may own or control (or be employed by an entity that owns or controls) twenty percent (20%) or more of the Corporation's outstanding voting securities. In addition, before any director who owns ten percent (10%) or more, but less than twenty percent (20%), of the outstanding voting securities of the Corporation becomes a member of the Committee, the Board shall determine that such ownership, together with all other relevant facts and circumstances, does not cause that director to fail to meet the standard set forth in the first sentence of this Section II.

At least one member of the Committee shall be an audit committee financial expert as defined in Item 401(h) of Regulation S-K of the Commission and shall meet the financial sophistication requirements set forth in NASD Rule 4350(d)(2)(A), as the same may be amended or superseded from time to time. The full Board shall determine whether a particular director satisfies these requirements.

Members of the Committee shall be elected by the Board at the annual meeting of the Board to serve until their successors are duly elected and qualified. If a member is unable to serve a full term, the Board shall select a replacement. Unless a Chairman is elected by the full Board, the members of the Committee shall designate a Chairman by majority vote of the full Committee.

III. MEETINGS

The Committee, or its Chairman, shall communicate each quarter with the outside auditors and management to review the Corporation's interim financial statements in accordance with Section V.2., below. VI. RELATED-PARTY TRANSACTIONS
