THE PROXY PROCESS AND SHAREHOLDER VOTING

Why Did I Receive These Materials?

Shareholders of the Company at the close of business on the March 13, 2006 Record Date are entitled to vote at the Company's Annual Meeting of Stockholders. This **Proxy Statement** provides notice of the shareholder meeting, describes the proposals presented for shareholder action and includes information required to be disclosed to shareholders. The accompanying **Proxy Card** provides shareholders with a simple means to vote on the described proposals without having to attend the shareholder meeting in person.

What Does It Mean If I Receive More Than One Set Of Materials?

This means you hold shares of the Company in more than one way. For example, you may own some shares directly as a **Registered Holder** and other shares through a broker or you may own shares through more than one broker. In these situations you may receive multiple sets of proxy materials. It is necessary for you to vote, sign and return all of the Proxy Cards or follow the instructions for any alternative voting procedure on each of the Proxy Cards you receive in order to vote all of the shares you own. Each Proxy Card you received came with its own prepaid return envelope; if you vote by mail make sure you return each Proxy Card in the return envelope which accompanied that Proxy Card.

How Do I Vote?

You may vote by mail or follow any alternative voting procedure described on the Proxy Card. To use an alternative voting procedure, follow the instructions on each Proxy Card that you receive. To vote by mail, sign and date each Proxy Card you receive, indicating your voting preference on each proposal, and return each Proxy Card in the prepaid envelope which accompanied that Proxy Card. If you return a signed and dated Proxy Card but you do not indicate your voting preferences, your shares will be voted in favor of the director nominees and in favor of the other proposals. By returning your signed and dated Proxy Card or providing instructions by the alternative voting procedure in time to be received for the 2006 Annual Meeting of Stockholders, you authorize Henry C. Duques and Michael T. Whealy to act as your **Proxies** to vote your shares of Common Stock as specified.

Does My Vote Matter?

Absolutely! Corporations are required to obtain shareholder approval for the election of directors and other important matters. Each share of Common Stock is entitled to one vote and every share voted has the same weight. In order for the Company to obtain the necessary shareholder approval of proposals, a **quorum** of shareholders (a majority of the issued and outstanding shares entitled to vote, excluding treasury stock) must be represented at the meeting in person or by proxy. If a quorum is not obtained, the Company must postpone the meeting and solicit additional proxies; this is an expensive and time-consuming process that is not in the best interest of the Company or its shareholders. Since few shareholders can spend the time or money to attend shareholder meetings in person, voting by proxy is important to obtain a quorum and complete the shareholder vote.

What Is The Effect Of Not Voting?

It depends on how ownership of your shares is registered. If you own shares as a Registered Holder, rather than through a broker, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement. Assuming a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own shares through a broker and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. As described in the answer to the following Question, in the absence of your voting instruction, your broker may or may not vote your shares.

Table of Contents

If I Don't Vote, Will My Broker Vote For Me?

If you own your shares through a broker and you don't vote, your broker may vote your shares in its discretion on some routine matters. With respect to other proposals, however, your broker may not be able to vote your shares for you. With respect to these proposals, the aggregate number of unvoted shares is reported as the **broker non-vote**. Broker non-vote shares are counted toward the quorum requirement but they do not affect the determination of whether a matter is approved. The Company believes that the proposals set forth in this Proxy Statement are routine matters on which brokers will be permitted to vote unvoted shares.

Is My Vote Confidential?

Yes. The vote of any shareholder will not be revealed to anyone other than a non-employee tabulator of votes or an independent election inspector, except (i) as necessary to meet applicable legal and stock exchange listing requirements, (ii) to assert claims for or defend claims against the Company, (iii) to allow the inspectors of election to certify the results of the shareholder vote, (iv) in the event a proxy solicitation in opposition to the Company or the election of the Board of Directors takes place, (v) if a shareholder has requested that their vote be disclosed, or (vi) to respond to shareholders who have written comments on Proxy Cards.

If I Own My Shares Through A Broker, How Is My Vote Recorded?

Brokers typically own shares of Common Stock for many shareholders. In this situation the Registered Holder on the Company's stock register is the broker or its nominee. This often is referred to as holding shares in **Street Name**. The **Beneficial Owners** do not appear in the Company's shareholder register. Therefore, for shares held in Street Name, distributing the proxy materials and tabulating votes are both two-step processes. Brokers inform the Company how many of their clients are Beneficial Owners and the Company provides the broker with that number of proxy materials. Each broker then forwards the proxy materials to its clients who are Beneficial Owners to obtain their votes. When you receive proxy materials from your broker, the accompanying return envelope is addressed to return your executed Proxy Card to your broker. Shortly before the meeting, each broker totals the votes and submits a Proxy Card reflecting the aggregate votes of the Beneficial Owners for whom it holds shares.

Can I Revoke My Proxy And Change My Vote?

Yes. You have the right to revoke your proxy at any time prior to the time your shares are voted. If you are a Registered Holder, your proxy can be revoked in several ways: (i) by timely delivery of a written revocation delivered to the Corporate Secretary, (ii) by submitting another valid proxy bearing a later date, or (iii) by attending the meeting and giving the Inspectors of Elections notice that you intend to vote your shares in person. If your shares are held by a broker, you must contact your broker in order to revoke your proxy.

Will Any Other Business Be Transacted At The Meeting? If So, How Will My Proxy Be Voted?

Management does not know of any business to be transacted at the Annual Meeting of Stockholders other than those matters described in this Proxy Statement. The period specified in the Company's By-Laws for submitting additional proposals to be considered at the meeting has passed and there are no such proposals to be considered. However, should any other matters properly come before the meeting, and any adjournments and postponements thereof, shares with respect to which voting authority has been granted to the Proxies will be voted by the Proxies in accordance with their judgment.

Table of Contents

Who Counts The Votes?

Votes will be counted and certified by the Inspectors of Election, who are employees of Wells Fargo Bank, N.A., the Company's independent Transfer Agent and Registrar. If you are a Registered Holder, your executed Proxy Card is returned directly to Wells Fargo for tabulation. As noted above, if you hold your shares through a broker, your broker returns one Proxy Card to Wells Fargo on behalf of its clients.

How Much Does The Proxy Solicitation Cost?

The Company has engaged the firm of Morrow & Co. to assist in distributing and soliciting proxies for a fee of \$9,000, plus expenses. However, the proxy solicitor fee is only a small fraction of the total cost of the proxy process. The largest expense in the proxy process is printing and mailing the proxy materials. Proxies also may be solicited on behalf of the Company by directors, officers or employees of the Company in person or by mail, telephone or facsimile transmission. No additional compensation will be paid to such directors, officers, or employees for soliciting proxies. The Company will bear the entire cost of solicitation of proxies, including the preparation, assembly, printing and mailing of this Proxy Statement and the accompanying Proxy Card, Notice of Meeting, and Annual Report to Shareholders.

PROPOSALS SUBMITTED FOR SHAREHOLDER VOTE

Proposal 1

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes serving staggered three-year terms. The terms of office of four current directors, Messrs. Burnham, Greenberg, Jones and Russell expire at the 2006 Annual Meeting of Stockholders. Messrs. Burnham, Greenberg, Jones and Russell have been nominated for reelection through the 2009 Annual Meeting of Stockholders or until a successor is elected and qualified. (See the Board of Directors section for information concerning all Directors.) In the case of a vacancy occurring during the year in any class, the Board of Directors may elect another director as a replacement, may leave the vacancy unfilled or may reduce the number of directors.

The terms of Mr. Coulter, Mr. Duques, Mr. Fote, Mr. Kiphart and Ms. Spero expire at the 2007 Annual Meeting of Stockholders. However, Mr. Fote will resign as a director effective on the date of the 2006 Annual Meeting of Stockholders. The terms of Ms. Davis, Mr. Ellwood, Mr. Robinson and Mr. Weinbach expire at the 2008 Annual Meeting of Stockholders.

A shareholder may (i) vote for the election of any one or more of the nominees, or (ii) withhold authority to vote for one or more of the nominees by so indicating on the Proxy Card. Your shares will be voted as you specify on the enclosed Proxy Card or as you instruct via the alternative voting procedure described on the Proxy Card. If you sign, date and return the Proxy Card without specifying how you want your shares voted, they will be voted for the election of the director nominees. If unforeseen circumstances (such as death or disability) require the Board of Directors to substitute another person for any of the director nominees, your shares will be voted for that other person.

Directors are elected by a plurality of votes of the shares represented at the meeting and entitled to vote. Therefore, if a quorum is present, the four nominees receiving the greatest number of votes will be elected.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE TO RE-ELECT MESSRS. BURNHAM, GREENBERG, JONES AND RUSSELL AS DIRECTORS FOR THREE-YEAR TERMS.

Table of Contents

Proposals 2, 3 and 4

RATIFICATION OF ELECTION OF THREE DIRECTORS

In the case of a vacancy occurring during the year in any class, the Board of Directors may elect another director as a replacement, may leave the vacancy unfilled or may reduce the number of directors. In addition, the Company's By-Laws provide that newly created directorships resulting from any increase in the authorized number of directors must be filled by a majority of the directors then in office.

Since the 2005 Annual Meeting of Stockholders, the Board of Directors has elected three Directors, David A. Coulter, Henry C. Duques and Peter B. Ellwood. The terms of Messrs. Coulter and Duques expire at the 2007 Annual Meeting of Stockholders and the term of Mr. Ellwood expires at the 2008 Annual Meeting of Stockholders. The Board would like to obtain shareholder feedback on the Board's election of Messrs. Coulter, Duques and Ellwood.

The Board of Directors recommends to shareholders the ratification of the election of Messrs. Coulter, Duques and Ellwood. A shareholder may vote for, against or abstain from voting for the ratification of the election of each of Messrs. Coulter, Duques and Ellwood. Your shares will be voted as you specify on the enclosed Proxy Card or as you instruct via the alternative voting procedure described on the Proxy Card. If you sign, date and return the Proxy Card without specifying how you want your shares voted, they will be voted for the ratification of the three Directors.

In the event the shareholders fail to ratify the election of Mr. Coulter, Mr. Duques or Mr. Ellwood, the Corporate Governance Committee of the Board of Directors will consider it a direction to not recommend such Director for re-election when his term expires.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE TO RATIFY THE ELECTION OF MESSRS. COULTER, DUQUES AND ELLWOOD.

Proposal 5

RATIFICATION OF SELECTION OF AUDITORS

The Board of Directors recommends to the shareholders the ratification of the selection of Ernst & Young LLP, independent registered public accounting firm, to audit the accounts of the Company and its subsidiaries for 2006. Ernst & Young LLP has served as the independent registered public accounting firm for the Company or its predecessor entities since 1980. Consistent with regulations adopted pursuant to the Sarbanes-Oxley Act of 2002, the lead audit partner having primary responsibility for the audit and the concurring audit partner are rotated every five years.

A representative of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement, and will be available to respond to appropriate questions.

Summary of Principal Accountant's Fees for 2005 and 2004

Audit Fees. Ernst & Young LLP's fees for the Company's annual audit were \$10.2 million in 2005 and \$10.0 million in 2004. Audit fees primarily include fees related to the audit of the Company's annual consolidated financial statements; the review of its quarterly consolidated financial statements; statutory audits required domestically and internationally; comfort letters, consents, and assistance with and review of documents filed with the SEC; and other accounting and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Oversight Board (United States).

Audit-Related Fees. Ernst & Young LLP's fees for audit-related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements were \$4.1 million in 2005 and \$4.3 million in 2004. Audit-related fees primarily include fees related to service auditor examinations, due diligence related to mergers and acquisitions, attest services that are not required by statute or regulation and consultation concerning financial accounting and reporting standards not classified as audit fees.

Tax Fees. Ernst & Young LLP's fees for tax compliance, tax advice, and tax planning services to the Company were \$2.5 million in 2005 and \$2.5 million in 2004.

All Other Fees. Ernst & Young LLP's fees for all other professional services were \$0.1 million in 2005 and \$0 in 2004. All other professional services included providing assistance with the Company's accounting education program.

During 2005, all audit and more than 99.9% of non-audit services provided by the independent registered public accounting firm were pre-approved by the Audit Committee of the Board of Directors or, consistent with the pre-approval policy of the Audit Committee, by the Chairperson of the Committee.

In the event the shareholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent registered public accounting firm at any time during the year if it feels that such a change would be in the best interest of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR PROPOSAL 5.

In addition, a non-employee chairperson of a standing committee received an annual retainer of \$8,000 for service prior to May 11, 2005. After May 11, 2005, the chairperson of the Audit Committee receives an annual retainer of \$20,000, the chairperson of the Compensation and Benefits Committee receives an annual retainer of \$10,000, and the chairpersons of the Corporate Governance and Executive Committees each receive an annual retainer of \$8,000.

Non-employee directors have the option of electing to receive all or a portion of the annual retainer fees in the form of stock option grants pursuant to the First Data Corporation 1993 Director's Stock Option Plan. The purchase price for such options is a percentage of the fair market value of the stock at the time of the grant. Effective May 11, 2005, the price at which the retainer is converted into stock increased from ten percent (10%) of the fair market value of the stock at the time of the grant to twenty-five percent (25%) of such value, resulting in a reduction in the number of shares subject to the option that the director would receive if they make the election.

Annual Grants of Non-Qualified Stock Options

Non-employee directors also receive annual grants of non-qualified stock options pursuant to the First Data Corporation 1993 Director's Stock Option Plan. Each non-employee director receives options for 20,000 shares of Common Stock upon commencing services as a director and options for 8,000 shares of Common Stock on the date of each annual shareholders' meeting thereafter, except that on the fourth annual shareholders' meeting after the initial grant and every third annual shareholders' meeting thereafter, instead of options for 8,000 shares, each non-employee director receives options for 28,000 shares. Each non-employee director who serves at the request of the Company on the governing board of an entity in which the Company has a significant ownership or business interest also receives options for 4,000 shares of Common Stock upon initial appointment to that board and options for 4,000 shares of Common Stock each year thereafter as long as he or she remained a non-employee director and continued to serve on such board at the request of the Company.

Reimbursements

Directors are reimbursed for their expenses incurred in attending Board, committee and shareholder meetings, including those for travel, meals and lodging.

Indemnification Agreements

Each non-employee member of the Board of Directors has entered into a Director Indemnification Agreement with the Company to clarify indemnification procedures. Consistent with the indemnification rights already provided to all directors of the Company in the Company's Second Amended and Restated Certificate of Incorporation, each agreement provides that the Company shall indemnify and hold harmless each non-employee director to the fullest extent permitted or authorized by the General Corporation Law of the State of Delaware in effect on the date of the agreement or as such laws may be amended or replaced to increase the extent to which a corporation may indemnify its directors.

- (1) Non-employee directors have the option of electing to receive all or a portion of the annual retainer fees in the form of purchased stock option grants pursuant to the First Data Corporation 1993 Director's Stock Option Plan. The purchase price for such options is a percentage of the fair market value of the stock at the time of the grant. Effective May 11, 2005, the purchase price increased from ten percent (10%) of the fair market value of the stock at the time of the grant to twenty-five percent (25%) of such value. The fair market value of the stock at the time of the grants ranged from \$38.0536 to \$41.5986. The following retainer fees were converted to options during the year: Mr. Burnham, \$80,000; Ms. Davis, \$80,000; Mr. Ellwood, \$22,500; Mr. Greenberg, \$80,000; Mr. Jones, \$157,000; Mr. Kiphart, \$80,000; Mr. Russell, \$89,500; Ms. Spero, \$88,000; Mr. Weinbach, \$80,000.
- (2) The values were calculated using the Black-Scholes single option-pricing model, a formula widely used and accepted for valuing traded stock options. Any ultimate value will depend on the market value of the Company's stock at a future date. The Company uses assumptions that consider all substantive characteristics of the options and are based on an analysis of historical information, external data, and other factors. Assumptions used are based on grant date of the options. The following assumptions were used to calculate the values for grants under the First Data Corporation 1993 Director's Stock Option Plan: estimated future dividend yield of 0.577%; expected price volatility of 35.93%; weighted average risk-free rate of return of 4.066%.
- (3) The values were calculated using the Black-Scholes single option-pricing model, as described in Footnote (2) above. Options only have value to the extent the stock price exceeds the grant price on the date of exercise. The options have grant prices ranging from \$38.0536 to \$41.5986.
- (4) Mr. Coulter became a member of the Board of Directors on January 9, 2006.
- (5) Ms. Davis received options for 28,000 shares instead of 8,000 because 2005 was the fourth Annual Stockholders Meeting after her initial grant.
- (6) Mr. Jones was the Chairperson of the Oversight Committee until such committee was dissolved by the Company's Board of Directors on September 28, 2005. Because of the additional time commitment required of the chairperson of the Oversight Committee, Mr. Jones received an annual retainer of \$60,000.

Table of Contents**Independence of Directors**

The Board of Directors believes that a majority of its members are independent outside directors. A director is independent if they have had no material relationship with the Company and otherwise satisfy the independence requirements of the New York Stock Exchange. The Board believes that the following relationships are immaterial for purposes of determining independence: (i) owning or holding options to acquire First Data Common Stock, (ii) service as an officer or employee of First Data or its subsidiaries that ended more than five years ago, (iii) any prior service as an interim Chief Executive Officer of First Data, (iv) employment or affiliation with the auditor of First Data that ended more than five years ago, (v) having a family member that is an employee but not an executive officer of First Data, (vi) any relationship that is not required to be disclosed in the Company's annual Proxy Statement, and (vii) owning part of a company in which First Data also has an ownership interest if there is no other material relationship between First Data and such company. All other relationships are reviewed on a case-by-case basis. The Board has reviewed the independence of the current directors under these standards and found Mr. Burnham, Mr. Coulter, Ms. Davis, Mr. Ellwood, Mr. Greenberg, Mr. Jones, Mr. Russell, Ms. Spero, and Mr. Weinbach to be independent.

(2) Messrs. Ellwood and Greenberg were appointed to the Corporate Governance and Audit Committees, respectively, on February 22, 2006.
Audit Committee

The Audit Committee consists of three or more directors each of whom the Board has determined has no material relationship with the Company and is otherwise independent under the rules of the New York Stock Exchange. No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee. All Audit Committee members must be financially literate, and at least one member must have accounting or related financial management expertise. The Board of Directors has determined that Ms. Davis, Mr. Greenberg, Mr. Jones and Mr. Weinbach are audit committee financial experts as defined by Item 401(h) of Regulation S-K of the Securities and Exchange Commission. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to: (i) the integrity of the Company's consolidated financial statements, (ii) the Company's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures, (iii) the

independent registered public accounting firm's qualifications and independence, (iv) the performance of the Company's internal audit function and independent registered public accounting firm, and (v) the Company's contingency plans for business continuity.

The Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent registered public accounting firm and all accounting firms. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year. Any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. Once pre-approved, the services and pre-approved amounts are monitored against actual charges incurred and modified if appropriate. During 2005, the Audit Committee met fourteen times.

Compensation and Benefits Committee

The Compensation and Benefits Committee consists of three or more directors, each of whom the Board has determined has no material relationship with the Company and is otherwise independent under the rules of the New York Stock Exchange. The Compensation Committee is responsible for (i) establishing the Company's general compensation philosophy, and overseeing the development and implementation of compensation programs, (ii) with input from the Board of Directors, reviewing and approving corporate goals and objectives relevant to the compensation of the CEO and other management, evaluating the performance of the CEO and other management in light of those goals and objectives, and setting the CEO's and other management's compensation levels based on this evaluation, (iii) administering and interpreting all salary and incentive compensation plans for officers, management and other key employees, (iv) reviewing senior management compensation, (v) reviewing management organization, development and succession planning, (vi) taking any actions relating to employee benefit, compensation, and fringe benefit plans, programs, or policies of the Company, (vii) establishing, overseeing and delegating authority to employee committees with respect to employee benefit plans, (viii) overseeing regulatory compliance with respect to compensation matters, (ix) reviewing and approving severance or similar termination payments to any executive officer of the Company, (x) preparing reports on executive compensation, (xi) reporting activities of the Committee to the Board of Directors on a regular basis and reviewing issues with the Board as the Committee deems appropriate, and (xii) preparing an annual performance evaluation of the Committee. The Compensation Committee regularly consults with independent compensation advisors in performing its duties. During 2005, the Compensation Committee met nine times.

Corporate Governance Committee

The Corporate Governance Committee consists of two or more directors who have no material relationship with the Company and are otherwise independent under the rules of the New York Stock Exchange. All the members of the Corporate Governance Committee meet the independence standards set forth in the rules of the New York Stock Exchange. The Corporate Governance Committee is responsible for (i) establishing criteria for selecting new Directors, (ii) assessing, considering and recruiting candidates to fill positions on the Board of Directors, (iii) recommending the director nominees for approval by the Board of Directors and the shareholders, (iv) establishing and recommending to the Board of Directors guidelines for the removal of directors, (v) reviewing the desirability of and recommending policies from time to time regarding term limits and mandatory retirement for directors, (vi) reviewing at least annually and recommending modifications to the Board of Directors corporate governance guidelines, (vii) advising the Board of Directors with respect to the charters, structure, operations and membership qualifications for the various Board committees of the Board of Directors, (viii) establishing and implementing self-evaluation procedures for the Board of Directors and its committees, (ix) reviewing and making recommendations regarding the succession plans relating to positions held by senior executive officers of the Company; and (x) reviewing shareholder proposals submitted for inclusion in the Company's Proxy Statement. During 2005, the Corporate Governance Committee met five times.

Executive Committee

The Executive Committee meets in place of the full Board of Directors in intervals between meetings of the Board. The Committee may act on behalf of the Board of Directors on all matters permitted by the General Corporation Law of the State of Delaware. However, the Executive Committee's practice is only to approve matters when action is required between Board meetings and the Board has been briefed on the matter or the matter is relatively small or routine. The Executive Committee met seven times in 2005.

Oversight Committee

The Oversight Committee, which was dissolved by the Board of Directors on September 28, 2005, consisted of one or more directors who, in the judgment of the Board of Directors, had no material relationship with the Company and are otherwise independent under the rules of the New York Stock Exchange. At the time of dissolution, the Committee's membership consisted of Courtney F. Jones (Chairperson). The Oversight Committee was responsible for (i) reviewing intercompany transactions and relationships that involve potential conflicts of interest with related parties, (ii) establishing policies and procedures regarding relationships with related parties, (iii) reviewing compliance with such policies and procedures, and (iv) approving in advance transactions or relationships involving an actual or potential conflict of interest between the Company and related parties in cases in which management or the Committee deems approval is required to protect the interests of shareholders of the Company.

The Board of Directors approved the dissolution of the Oversight Committee due to the elimination of some of the unique risks that led to the establishment of the Oversight Committee and the establishment of the Related Party Acquisition / Formation / Transaction Policy. The Board directed management of the Company to manage the formation, acquisition and transactions with entities partially owned by the Company with periodic reports to the Corporate Governance Committee.

Communications with the Board Of Directors

Any shareholder who desires to contact the non-management directors or the other members of the Company's Board of Directors may do so by writing to: First Data Corporation, Board of Directors, 10825 Farnam Drive, Suite C-12, Omaha, Nebraska 68154. Communications that are intended specifically for non-management directors should be addressed to the attention of the Chairperson of the Corporate Governance Committee. All communications will be forwarded to the Chairperson of the Corporate Governance Committee unless the communication is specifically addressed to another member of the Board, in which case, the communication will be forwarded to that director.

Board Attendance at Annual Stockholders Meeting

Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the Company's Annual Meeting of Stockholders, it encourages directors to attend. All directors as of the date of the 2005 Annual Stockholder Meeting attended such meeting.

Presiding Director of Non-Management Director Meetings

The non-management directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. The Chairperson of the Corporate Governance Committee, currently Ms. Spero, is the presiding director at these meetings.

Nomination of Directors

The Board is responsible for nominating directors for election by the shareholders and filling any vacancies on the Board that may occur. The Corporate Governance Committee is responsible for identifying, screening and recommending candidates to the Board for Board membership. In formulating its recommendations, the Corporate Governance Committee will consider recommendations offered by any shareholder, director or officer of First Data.

Director Qualifications

General criteria for the nomination of director candidates include experience, high ethical standards and integrity, skills, diversity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties—all in the context of an assessment of the perceived needs of the Board at that point in time. The Board believes that independent outside directors should constitute a majority of the Board of Directors. In exercising its Director nomination responsibilities, the Committee considers women and minority candidates consistent with the Company's nondiscrimination policies. The Board also believes that it should generally have no fewer than eight and no more than fifteen directors. This range permits diversity of experience without hindering effective discussion or diminishing individual accountability. Each director is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as a Board or Committee member.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the systems of internal controls.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements of the Company set forth in the Company's 2005 Annual Report to Shareholders and the Company's Annual Report on Form 10-K for the year ended December 31, 2005 with management of the Company. The Audit Committee also discussed with Ernst & Young LLP, independent registered public accounting firm for the Company, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with United States generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. The Statement on Auditing Standards No. 61 communications include, among other items, matters relating to the conduct of an audit of the Company's consolidated financial statements under the standards of the Public Company Accounting Oversight Board (United States).

The Audit Committee has received the written communication from Ernst & Young LLP required by Independence Standards Board Standard No. 1, has considered the compatibility of non-audit services with the auditors' independence, and has discussed with Ernst & Young LLP their independence from the Company.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for 2005 for filing with the Securities and Exchange Commission.

REPORT OF THE CORPORATE GOVERNANCE COMMITTEE

The Corporate Governance Committee of the Board of Directors of the Company (i) identifies and recommends to the Board nominees for election as directors at each annual meeting of shareholders and to fill vacancies on the Board, (ii) develops and recommends to the Board corporate governance principles applicable to the Company, and (iii) establishes evaluation procedures for the Board and its committees that conduct self-evaluations.

The Corporate Governance Committee seeks to identify and recommend governance policies that reflect best practices among corporations, conform with legislative and regulatory requirements, and are in the best interest of the Company. In fulfilling that responsibility, the Committee periodically reviews the governance practices of the Company against the standards of practice of other companies as well as practices recommended by outside experts.

During 2005, in addition to the Corporate Governance Committee's usual responsibilities, the Committee recommended three new directors to fill vacancies on the Board.

In fulfilling its responsibilities to identify and recommend directors, the Corporate Governance Committee will review any candidate recommended by the shareholders of the Company in light of the Committee's criteria for selection of new Directors. The Corporate Governance Committee seeks to create a Board that defines and enforces standards of accountability that enable executive management to execute their responsibilities fully and

in the interests of shareholders. Nominees for director are selected on the basis of their strength of character, judgment, business experience, specific areas of expertise, factors relating to the composition of the Board (including its size and structure) and principles of diversity. In exercising its Director nomination responsibilities, the Committee considers women and minority candidates consistent with the Company's nondiscrimination policies.

From time to time, the Company has engaged third parties to identify potential candidates, gather information regarding potential candidates, and provide an evaluation of such candidates. The Company may continue to engage such third parties in the future.

COMPENSATION AND BENEFITS COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Benefits Committee (the Committee) establishes the compensation program for the Chief Executive Officer and the other Named Executives. Our goal is to provide compensation that attracts and retains exceptional business leaders and motivates them to achieve short and long-term business objectives that ultimately drive long-term business success.

To accomplish this goal, our objective is to provide compensation packages that:

are competitive with other companies we compete against for talent,

have a significant percentage that varies based on company, business segment, and individual performance, and

align the executive's interest with the interests of our shareholders through equity compensation.

The Committee sets compensation by considering compensation paid by eighteen companies that broadly reflect financial services/processing companies of similar scope and complexity with which we compete for talent, including Electronic Data Systems Corp., Computer Sciences Corp., and Xerox Corp. While base pay generally is set near the 50th percentile of this peer group, the incentive plans are targeted to provide compensation at approximately the 75th percentile of the peer group to focus the executives on achieving aggressive goals.

ELEMENTS OF EXECUTIVE COMPENSATION

The CEO and Named Executives' total compensation is a combination of base salary, cash incentive compensation, stock options, restricted stock, and perquisites. For these executives, the Committee has determined that a significant portion of total compensation should be comprised of at-risk, performance-based components. The at-risk components are structured to reward results that benefit shareholders and are not earned unless specific, pre-established goals are met.

Base Salary. Annually, the Committee reviews and determines the base salaries of the CEO and the Named Executives. The Committee bases its determination on many factors, including results achieved, future potential, scope of responsibility and experience, and competitiveness of the compensation.

Annual Incentive Compensation. The Senior Executive Incentive Plan, approved by shareholders, provides an annual incentive opportunity for the CEO and Named Executives based on achieving aggressive improvements in performance of the Company as measured by performance goals established by the Committee.

Table of Contents

The goals may be measured by specified levels of earnings before interest expense and taxes (EBIT), earnings per share, operating profit, return to shareholders (including dividends), return on equity, earnings, revenues, market share, cash flow, cost reduction goals, the attainment of a specified stock price, economic value added, or any combination of these measures. For 2005, the criteria included an earnings per share target that was not satisfied. The Committee, at its discretion, may reduce the amount otherwise payable under the plan or make other awards outside of the plan when circumstances warrant.

Long-Term Incentive Compensation. Although no awards have been granted since 2003, the Committee has been able to make awards to executives in a cash plan called the Shareholder Value Plan since 1993. Under the Shareholder Value Plan, performance units may be awarded each year to the CEO and the Named Executives for a two-year performance period. The value of the awards are determined at the end of this period by measuring the Company's total shareholder return compared to the total shareholder return of the companies in the S&P 500 Index over the same period (subject to the Committee's discretion to adjust downward). The award has no value unless the total shareholder return on the Company's common stock exceeds that of 50% of the companies in the S&P 500 index. The awards reached their maximum value if the percentage increase in the price of the Company's common stock, plus dividends, exceeded that of 75% of the companies in the S&P 500 Index. The value of the award is then banked for an additional two-year period and increased annually by an amount equal to 50% of the Company's return on equity percentage or, if the return on equity is negative, decreased by an amount equal to 100% of the Company's return on equity percentage. The awards for the performance period ending December 31, 2002 were paid in 2005. The amounts banked at the end of 2002 were increased by 16.95% and 9.83%, 50% of the Company's return on equity during 2003 and 2004, respectively. No awards have been banked since that time and no awards were granted in 2004, 2005 or 2006.

Equity Compensation. Under the Company's 2002 Long-Term Incentive Plan approved by shareholders, the Committee may award stock options, restricted stock, restricted stock units and stock appreciation rights to the executives. The Committee makes annual equity grants to the Named Executives considering market data and the mix of equity compensation versus other compensation to align the interest of the Named Executives with the interests of the shareholders.

Perquisites. The CEO and Named Executives are provided with perquisites that the Committee believes are reasonable and competitive to help the Company hire and retain the best executive for the position. The potential perquisites may include personal use of the Company's aircraft, personal use of tickets to certain professional events, personal financial planning up to \$20,000 for the first year and \$10,000 for each subsequent year, country club membership expenses, reimbursement for relocation and moving expenses, or the personal use of a car leased by the company. With the exception of relocation and moving expenses, the value of such perquisites generally does not exceed \$50,000 per year per executive.

RETIREMENT, DEFERRED COMPENSATION, STOCK PURCHASE AND BENEFIT PLANS

All First Data employees in the U.S. are eligible to participate in the First Data Incentive Saving Plan, the Employee Stock Purchase Plan, and certain other benefit plans. The Company also offers a Supplemental Incentive Savings Plan to a group of about 2,300 eligible U.S. employees. As U.S. employees, Mr. Fote and the Named Executives are eligible to participate in these plans as described below. The Company does not currently offer a defined benefit plan but does have three defined benefit plans that have been frozen.

First Data Incentive Savings Plan. The First Data Incentive Savings Plan is a qualified 401(k) plan, in which some Named Executives may be limited to a 6% contribution rate. After one year of service, employees receive a dollar-for-dollar company matching contribution up to 3% of eligible compensation. Employees receive additional employer contributions independent of their deferrals to the plan; these additional employer contributions include a service related contribution equal to 1.5% of eligible pay after 5 years of First Data service and 3% of eligible pay after 10 years of First Data service. Certain employees hired prior to April 1, 1996 also receive an employer contribution, related to the pension plan freeze, equal to 3.4% of eligible pay.

Table of Contents

Employee Stock Purchase Plan. The Employee Stock Purchase Plan is a discounted stock purchase plan available to most employees of the Company operating under Section 423 of the Internal Revenue Service Code. Money is accumulated through payroll deductions and used to make quarterly purchases of FDC common stock at a price equal to a 15% discount from the lower of the market price at the beginning or end of the quarter.

Supplemental Incentive Savings Plan. The Named Executives are eligible to participate in an unfunded non-qualified deferred compensation plan. This serves as a supplement to the Incentive Savings Plan (referenced above) as an additional way to defer compensation on a pre-tax basis. Each year, the return on the balances in the plan is set based on the current interest rates for comparable long-term commercial credit obligations and adjusted to reflect the variable rate, illiquid, subordinated and compensatory aspects of the plan, with the return in 2005 set at 7.0%. Each executive determines the amount of their compensation that is deferred each year.

Other Benefit Plans. The Named Executives also are eligible to participate in the employee benefit plans and programs generally available to the Company's employees, including coverage under the Company's medical, dental, life and disability insurance plans.

EMPLOYMENT POLICIES AND PRACTICES

Employment Agreements. In general, the Company does not enter into employment agreements with our employees, including senior executives. The Named Executives serve at the will of the Board. The Company recently made an exception to this policy to outline the compensation arrangement to retain the services of Mr. Duques as CEO following the retirement of Mr. Fote.

Severance Policy. In July 2005, the Company established a formal policy for the payment of benefits to senior executives, including the Named Executives, upon severance from the Company and upon a change of control. The Company has had a policy on the payment of severance benefits for many of its employees for a number of years but had not established a severance benefit or change of control policy for its most senior executives. The Policy is intended to promote uniform treatment of senior executives who are involuntarily terminated other than for cause or who are involuntarily terminated or terminated for good reason following a change in control, and to afford such executives and other employees the opportunity to protect the share value they have helped create in the event of any change in control. The Policy provides for payment of the following severance benefits, which are the same in the event of a change in control or involuntary termination other than for cause except as indicated below:

- (i) A cash payment equal to the Senior Executive's base pay plus target bonus for the year multiplied by 2.99 for the CEO and by 2 for all other Senior Executives.
- (ii) The Senior Executive's prorated bonus at target for the year of termination.
- (iii) Certain other cash incentives that would have been paid had the Senior Executive's employment not terminated.
- (iv) Welfare benefits coverage would continue for 3 years for the CEO and 2 years for other Senior Executives (the Severance Period) with a portion of the costs of such benefits paid by the Senior Executive.
- (v) For equity compensation awards that were made pursuant to the Company's 2002 Long-Term Incentive Plan (2002 LTIP):

Upon a change in control, all equity awards become fully vested and exercisable on the date of the change of control. However, the right to exercise awards granted after July 26, 2005 will continue until the end of the Senior Executive's Severance Period, while awards granted prior to the Effective Date must be exercised within three months after the Senior Executive's termination, and

Edgar Filing: FIRST DATA CORP - Form DEF 14A

If a Senior Executive is involuntarily terminated without cause and no change in control has occurred, equity awards granted after July 26, 2005, other than awards that vest only if performance measures are attained, will continue to vest and be exercisable until the end of the Senior Executive's Severance Period.

Table of Contents

The actual payments under the policy are contingent upon many factors as of the time benefits would be paid, including elections by the executive and tax rates, but the following estimate for benefits upon a change in control was considered by the Committee for the following selected executives at the time the policy was adopted.

(All numbers are in \$000s and assume event occurred on July 1, 2005)

	Kimberly S. Patmore	Christina A. Gold	Edward A. Labry III	Pamela H. Patsley
	Chief Financial Officer	President, Western Union Financial Services	President, First Data Commercial Services	President, FDI
Cash Payment	\$ 2,050	\$ 2,700	\$ 2,200	\$ 2,300
Prorated Bonus	250	350	175	300
Fringe Benefits (1)	158	195	225	165
Deferred Bonus	550	750	0	600
Unvested Stock Options (2)	1,203	1,619	94	1,317
Unvested Restricted Stock (2)	4,050	4,500	0	4,050
Estimated Tax Gross Up (3)	1,766	2,626	0	2,080
Total (4)	\$ 10,027	\$ 12,740	\$ 2,694	\$ 10,812

(1) Fringe benefits, including health, life and disability benefits coverage, are estimated to be 15% of the executives' salary.

(2) Assumes stock value of \$45.00 per share.

(3) Assumes 40% tax rate.

(4) Total benefits upon a severance event that does not involve a change in control would be somewhat less than the total above.

Mr. Fote and Mr. Duques have separate agreements discussed below and this plan does not apply to them.

Share Ownership Guidelines. To promote equity ownership in the Company by directors and executives and the alignment of their financial interests with the interests of shareholders, the Board of Directors has established the following share ownership guidelines.

	Number of Shares
Chief Executive Officer	150,000
Other Members of the Management	
Executive Committee	30,000
Directors	10,000

Directors and officers have five years from the date they are subject to a requirement to meet the corresponding ownership guideline. Share ownership includes shares purchased on the open market, shares owned jointly with or separately by spouse, shares held through an employee stock purchase plan or retirement plan, shares obtained through a stock option exercise, vested restricted stock/restricted stock unit shares, and, for purposes of the director ownership requirement, any stock option or stock appreciation right purchased from First Data which are vested and unexercised are credited at the percentage of its purchase price in relation to the fair market value of First Data stock on the date of purchase under the applicable plan (e.g., shares subject to options purchased at 25% of fair market value will be credited at 25% for purposes of these guidelines; 40,000 options purchased at 25% of fair market value would receive a credit of 10,000 shares).

Deductibility of Compensation. Section 162 (m) of the Internal Revenue Code limits the deductibility of executive compensation paid by publicly held corporations to \$1,000,000 per employee. The limitation generally does not apply to compensation based on performance goals if certain requirements are met. The Compensation Committee, as much as possible, uses and intends to use performance-based compensation. However the Committee believes that the Company must attract, retain and reward the executive talent necessary to maximize the return to shareholders and that it may be necessary and appropriate to forgo a tax deduction in some circumstances. For example, Mr. Fote's base salary of \$1.1 million for 2005 exceeded the deductibility threshold.

Table of Contents

Performance Reviews. Each year, the non-management members of the Board and the CEO mutually develop goals for the CEO in several major areas. The Committee also has a formal process for providing a performance review and feedback to the CEO. Similarly, the CEO reviews his assessment of each member of the Named Executives with the outside Board members and receives their input. The CEO then meets with each individual to discuss performance and to set performance goals for the year.

Use Of Consultants. The Committee has retained The Hay Group for a number of years to assist in structuring appropriate and competitive executive compensation packages. The Committee also hired Foley and Company, Inc. and Johnson and Associates, Inc. in 2004 to independently review the pay components and pay levels of the CEO and Executive Committee members to determine if the pay plans drive performance and if they are aligned with the best interest of First Data's shareholders. Foley and Johnson recommended changes for the Committee to consider to better attract and retain the leadership talent required to achieve double digit growth goals. The Committee worked with The Hay Group to address the recommendations from this analysis.

BASIS FOR CEO COMPENSATION

Mr. Fote's Compensation. In February 2005, after consultation with fellow non-management directors and the compensation consultant for the Committee, the Committee established the following compensation package for Mr. Fote consistent with its objective to (i) provide a base salary near the 50th percentile of a comparable peer group with incentive pay targeted to provide compensation at approximately the 75th percentile of the peer group and (ii) align Mr. Fote's interest with the interests of the shareholders.

Salary	\$ 1,100,000
2005 Target Bonus	\$ 1,400,000
Stock Option Award	300,000 shares
Restricted Stock Award	100,000 shares

Mr. Fote announced his retirement and resigned as Chief Executive Officer on November 26, 2005. No part of the 2005 target bonus was paid to Mr. Fote, as the performance metrics for the plan were not satisfied. In accordance with the terms of the Company's Long-Term Incentive Plans, Mr. Fote will be permitted to exercise his outstanding options for 3 years (or the expiration date of the options, if earlier), in the case of options granted under the 1992 Long-Term Incentive Plan, and for 4 years (or the expiration date of the options, if earlier), in the case of options granted under the 2002 Long-Term Incentive Plan.

In connection with his retirement, the Company entered into an agreement with Mr. Fote to provide the Company access to his continued services as an employee through December 31, 2005 and for 18 months thereafter as a consultant. Mr. Fote agreed not to provide services to a broad list of competitors of the Company during the period he is an employee or is providing consulting services, as well as not to solicit employees of or interfere with any of the Company's relationships with its customers during this period. Pursuant to the agreement, the 175,000 shares of restricted stock held by Mr. Fote vested at his retirement as an employee on December 31, 2005. Mr. Fote also will be paid an annual fee for his services as a consultant at an annual rate of \$1,100,000. Additionally, the Company will provide Mr. Fote with continuing medical benefits coverage, an office and the assistance of a dedicated administrative assistant during his services as a consultant.

Mr. Duques' Compensation. Mr. Duques was appointed as the Chief Executive Officer of the Company as of November 26, 2005. Mr. Duques salary was set at \$250,000 per year, which is substantially less than the base salary that was paid to Mr. Fote. However, Mr. Duques received a larger stock option grant for 850,000 shares to incent Mr. Duques to unlock unrealized shareholder value. The option is currently exercisable and will expire in five years unless Mr. Duques is terminated for cause or quits voluntarily prior to November 26, 2007.

Mr. Duques was not eligible to receive a bonus for 2005 but will be eligible to receive an annual bonus for 2006 under the Senior Executive Incentive Plan based on the achievement of earnings per share objectives determined by the Committee. The target annual bonus for 2006 will be \$1.4 million, with the opportunity to receive a greater or lesser amount depending on the assessed level of performance.

INVOLVEMENT IN CERTAIN LEGAL PROCEEDINGS

Daniel P. Burnham, a director of the Company, has agreed with the staff of the United States Securities and Exchange Commission (SEC) to submit an offer of settlement related to an inquiry of a matter that occurred during his tenure as Chairman and Chief Executive Officer of Raytheon Company. The offer of settlement would be subject to approval by the SEC. The inquiry as it relates to Mr. Burnham relates to alleged improper disclosure and accounting in 2000 and 2001 for the deteriorating market for a line of aircraft manufactured by a Raytheon subsidiary. Under the proposed settlement, Mr. Burnham would consent, without admitting or denying the SEC s findings or allegations, to entry of an administrative cease and desist order finding that he violated Sections 17(a)(2) and (3) of the Securities Act of 1933 and caused Raytheon s violations of Sections 13(a) and 13(b)(2) of the Exchange Act of 1934 and certain rules thereunder and a civil court order requiring him to return a portion of his 2000 cash bonus, as well as pay a civil fine.

In considering the re-nomination of Mr. Burnham to the Company s Board of Directors, the Corporate Governance Committee and the Board of Directors reviewed the facts surrounding Mr. Burnham s offer of settlement with the SEC. The Committee noted that the allegations were not related to Mr. Burnham s service as either a Director of the Company or Chairperson of the Company s Compensation and Benefits Committee. In addition, the Committee and the Board considered Mr. Burnham s substantial experience, the cooperative and forthright manner in which Mr. Burnham brought the allegations to the attention of the Committee and the Board, and the numerous contributions Mr. Burnham has made to the Board of Directors over the past two years, including his valuable service as a member and Chairperson of the Compensation and Benefits Committee. After its review, the Committee and the Board determined that the allegations are not reflective of Mr. Burnham s conduct, judgment or integrity as they relate to his service on the Company s Board and that Mr. Burnham s valuable service to the Company over the past two years warranted his re-nomination.

I. Purpose and Organization

The purpose of the Audit Committee of the Board of Directors is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to: (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures, (iii) the independent auditor's qualifications and independence, (iv) the performance of the Corporation's internal audit function and independent auditors, and (v) the Corporation's contingency plans for business continuity. The Committee also must prepare the report that is required to be included in the annual proxy statement pursuant to the rules of the Securities and Exchange Commission.

The Committee shall consist of three or more directors each of whom the Board has determined has no material relationship with the Corporation and each of whom is otherwise independent under the rules of the New York Stock Exchange. The Board also shall determine that each member is financially literate, and that at least one member has accounting or related financial management expertise. No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee.

Members and the Chairperson shall be appointed by the Board for such term as the Board may determine, and shall serve at the pleasure of the Board.

The Committee shall meet at least once every fiscal quarter. The Committee periodically should meet separately with management, the manager of the internal audit department and the independent auditors to discuss any matters that the Committee or any of these persons or firms believe should be discussed privately. The Committee may request any officer or employee of the Corporation, or any outside counsel or independent auditors of the Corporation to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

Each year the Committee shall establish a schedule of meetings; additional meetings may be scheduled as required.

A quorum at any Committee meeting shall be at least two members. All determinations of the Committee shall be made by a majority of its members present at a meeting duly called and held, except as provided herein (or where only two members are present, by unanimous vote). Any decision or determination of the Committee reduced to writing and signed by all of the members of the Committee shall be fully as effective as if it had been made at a meeting duly called and held.

The Chairperson of the Committee shall be responsible for establishing the agendas for meetings of the Committee. An agenda, together with materials relating to the subject matter of each meeting, shall be sent to members of the Committee prior to each meeting. Minutes for all meetings of the Committee shall be prepared to document the Committee's discharge of its responsibilities. The minutes shall be circulated in draft form to all Committee members to ensure an accurate final record, shall be approved at a subsequent meeting of the Committee and shall be distributed periodically to the full Board of Directors. The Committee shall make regular reports to the Board of Directors.
