ITEM 8.01 OTHER EVENTS

On April 12, 2006, Alliance Resource Partners, L.P. (the Partnership) announced by press release that Alliance Coal, LLC, its wholly-owned subsidiary, has acquired, through a transaction with an affiliate, the rights to approximately 99.3 million tons of high sulfur coal reserves in Union County, Kentucky. The affiliate transaction involved the purchase of all of the members' interests of River View Coal, LLC (River View), a wholly-owned subsidiary of Alliance Resource Holdings II, Inc., which is owned by members of management of the Partnership. Consequently, the River View transaction was a related-party transaction and, as such, was reviewed by the Conflicts Committee of the Board of Directors of the Partnership's managing general partner. Based upon this review, it was determined that the transaction reflected market-clearing terms and conditions customary in the coal industry. As a result, the Conflicts Committee of the Board of Directors of the Partnership's managing general partner approved the River View transaction as fair and reasonable to the Partnership and its limited partners.
