Note 1 Reporting and Accounting Policies

Nature of Operations

Infinity Property and Casualty Corporation (Infinity or the Company) is a holding company that, through subsidiaries, provides personal automobile insurance with a concentration on nonstandard auto insurance. Although licensed to write insurance in all 50 states, Infinity is committed to growth within selected states, including California, that management believes offer the greatest opportunity for premium growth and profitability. Currently, Infinity generates approximately 53% of its total gross written premiums from California.

Basis of Consolidation and Reporting

The accompanying Consolidated Financial Statements are unaudited and should be read in conjunction with Infinity Property and Casualty Corporation's Annual Report on Form 10-K for the year ended December 31, 2006. This Quarterly Report on Form 10-Q, including the Notes to the Consolidated Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations, focuses on Infinity's financial performance since the beginning of the year.

These financial statements reflect certain adjustments necessary for a fair presentation of Infinity's results of operations and financial position. Such adjustments consist of normal, recurring accruals recorded to accurately match expenses with their related revenue streams and the elimination of all significant inter-company transactions and balances.

Estimates

Certain accounts and balances within these financial statements are based upon management's estimates and assumptions. The amount of reserves for claims not yet paid, for example, is an item that can only be recorded by estimation. Unrealized capital gains and losses on investments are subject to market fluctuations, and managerial judgment is required in the determination of whether unrealized losses on certain securities are temporary or other-than-temporary. Should actual results differ significantly from these estimates, the effects on Infinity's results of operations could be material. The results of operations for the periods presented may not be indicative of the Company's results for the entire year.

New Accounting Standards

Infinity adopted Statement of Financial Accounting Standards No. 155, Accounting for Certain Hybrid Financial Instruments an amendment of FASB Statement No. 133 and 140 (SFAS 155) effective as of January 1, 2007. SFAS 155 permits the fair value remeasurement of any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation under SFAS 133, Accounting for Derivative Instruments and Hedging Activities (SFAS 133); clarifies which interest-only strips and principal-only strips are not subject to requirements of SFAS 133; establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or hybrid financial instruments that contain an embedded derivative requiring bifurcation; and clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives. There was no impact to the accounting for the hybrid contract owned on the date of adoption. All

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

securities acquired on or after January 1, 2007 are accounted for in accordance with the new guidelines.

Effective January 1, 2007, Infinity adopted the FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an interpretation of SFAS 109, Accounting for Income Taxes (FIN 48). FIN 48 creates a single model to address accounting for uncertainty in tax positions. Additionally, FIN 48 clarifies the accounting for income taxes, by prescribing a minimum recognition

Table of Contents

INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q

Notes to Consolidated Financial Statements

threshold that a tax position is required to meet before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest, penalties, accounting in interim periods, disclosure and transition. The adoption of FIN 48 did not have an impact on Infinity's financial position and results of operations (See Note 6 of the Consolidated Financial Statements).

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS 157) which defines fair value, establishes a framework for measuring fair value, and expands disclosures about the information used to measure fair value. SFAS 157 applies whenever other accounting pronouncements require, or permit, assets or liabilities to be measured at fair value; it does not require any new fair value measurements. SFAS 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Based on the Company's current use of fair value measurements, SFAS 157 is not expected to have a material effect on the results of operations or financial position of the Company.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115 (SFAS 159) which permits entities to voluntarily choose to measure many financial instruments and certain other items at fair value. The election is made on an instrument-by-instrument basis and is irrevocable. If the fair value is elected for an instrument, the statement specifies that entities report unrealized gains and losses at each subsequent reporting date. SFAS 159 is effective for fiscal years beginning after November 15, 2007. The Company does not expect the adoption of this statement to have a material impact on the results of operations or financial position of the Company.

Reclassifications

Certain amounts in the prior period consolidated financial statements have been reclassified to conform with the current period presentation. These reclassifications had no effect on total assets, total liabilities, total shareholders' equity or net income as previously reported.

Note 2 Share-Based Compensation

Restricted Stock Plan

Infinity's Restricted Stock Plan was established in 2002. There were 500,000 shares of Infinity common stock reserved for issuance under the Restricted Stock Plan, of which 134,375 shares have been issued through June 30, 2007. The fair value of shares issued under Infinity's Restricted Stock Plan is expensed over the vesting periods of the awards based on the market value of Infinity's stock on the date of grant. In February 2006, 44,792 shares of restricted stock vested under Infinity's Restricted Stock Plan.

On July 31, 2007, Infinity's Compensation Committee approved the grant of 72,234 shares of restricted stock to certain officers under the Company's 2002 Restricted Stock Plan. These shares of restricted stock will vest in full on July 31, 2011. During the vesting period, the shares of restricted stock will not have voting rights and will accrue dividends to be paid once the shares have vested.

Non-Employee Directors' Stock Ownership Plan

In May 2005, Infinity's shareholders approved the Non-Employee Directors' Stock Ownership Plan (Directors' Plan). The purpose of the Directors' Plan is to include Infinity common stock as part of the compensation provided to its non-employee directors and to provide for stock ownership requirements for Infinity's non-employee directors. There are 200,000 shares of Infinity common stock reserved for issuance under the Directors' Plan, of which 12,553 shares have been issued through June 30, 2007. Under the terms of the Directors' Plan, shares are granted on or about June 1 of each year and are restricted from sale or transfer by any recipient for six months from the date of grant. On June 1, 2006, a total of 2,990 shares of Infinity common stock, valued pursuant to the Directors' Plan at \$125,000, were issued to Infinity's non-employee directors. On June 1, 2007, a total of 5,658 shares of Infinity common stock, valued pursuant to the Directors' Plan at \$300,000, were issued to Infinity's non-employee directors.

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Notes to Consolidated Financial Statements*****Employee Stock Purchase Plan***

Infinity established the Employee Stock Purchase Plan in 2004. Under this plan, all eligible full-time employees may purchase shares of Infinity common stock at a 15% discount to the current market price. Employees may allocate up to 25% of their base salary with a maximum annual participation amount of \$25,000. The source of shares issued to participants is treasury shares and/or authorized but previously unissued shares. The maximum number of shares which may be issued under the ESPP may not exceed 1,000,000, of which 21,619 had been issued through June 30, 2007. Infinity's ESPP is qualified under Section 423 of the Internal Revenue Code of 1986, as amended. The 15% discount for shares purchased during the three-month periods ended June 30, 2007 and 2006 approximated \$9,700 and \$10,000, respectively. The 15% discount for shares purchased during the six-month periods ended June 30, 2007 and 2006 approximated \$18,800 and \$22,000, respectively. The discounts were recognized as compensation expense in the Consolidated Statements of Earnings in each period. Participants' shares are treated as issued and outstanding for earnings per share calculations.

Stock Option Plan

Infinity's Stock Option Plan (the SOP) was established with 2,000,000 shares (subject to anti-dilution provisions) of Infinity common stock reserved for issuance under the SOP. Infinity's Compensation Committee (the Committee) administers the plan. Each member of the Committee is an outside director, as such term is defined under Section 162(m) of the Code, as a Non-Employee Director as defined in Rule 16b-3(b) promulgated under the Securities Exchange Act of 1934.

Through June 30, 2007, there were 1,392,820 shares available for grant under the SOP. No options have been granted since 2004. The SOP allows forfeited options to be reissued. Options are generally granted with an exercise price equal to the closing price of Infinity's stock at the date of grant and have a 10-year contractual life. Options granted to employees generally vest at the rate of 20% per year of continuous service commencing one year after grant while options issued to non-employee directors are immediately exercisable. For options with graded vesting, the fair value of the award is recognized on a straight-line method. Certain options provide for acceleration of vesting if there is a change in control as defined in the SOP. Subject to specific limitations contained in the SOP, Infinity's Board of Directors has the ability to amend, suspend or terminate the plan at any time without shareholder approval. Unless earlier terminated, the plan may continue in effect until December 16, 2012.

As permitted by SFAS 123(R), Infinity used the modified Black-Scholes model with the assumptions noted below to estimate the value of employee stock options on the date of grant. Expected volatilities are based on historical volatilities of Infinity's stock. Infinity judgmentally selected the expected option life to be 7.5 years which is also the midpoint between the last vesting date and the end of the contractual term. The risk-free rate for periods within the contractual life of the options is based on the yield on 10-year Treasury notes in effect at the time of grant. The dividend yield was based on expected dividends at the time of grant.

The weighted-average-grant-date fair values of options granted during 2004 and 2003 were estimated using the modified Black-Scholes valuation model and the following weighted-average assumptions:

	2004 Grants	2003 Grants
Weighted-average-grant date fair value	\$ 13.87	\$ 5.97
Dividend yield	0.7%	1.4%
Expected volatility	33.0%	33.0%
Risk-free interest rate	4.3%	4.0%
Expected life	7.5 years	7.5 years
Weighted-average-grant exercise price	\$ 33.56	\$ 16.11
Outstanding as of June 30, 2007	167,100	253,468

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Notes to Consolidated Financial Statements**

The following chart describes activity for Infinity's Stock Option Plan for the three-month period ended June 30, 2007:

Options	Number of Options	Weighted-average Exercise Price	Weighted-average Remaining Term (in years)	Aggregate Intrinsic Value (a) (in millions)
Outstanding as of December 31, 2006	450,016	\$ 23.23		
Granted				
Exercised	(27,448)	24.71		
Forfeited	(2,000)	33.58		
Outstanding as of June 30, 2007	420,568	\$ 23.09	6.03	\$ 11.6
Vested or expected to vest as of June 30, 2007	420,568	\$ 23.09	6.03	\$ 11.6
Exercisable as of June 30, 2007	276,732	\$ 22.33	5.99	\$ 7.9

(a) The intrinsic value for the stock options is calculated based on the difference between the exercise price of the underlying awards and Infinity's closing stock price as of the reporting date.

SFAS 123(R) requires the recognition of stock-based compensation for the number of awards that are ultimately expected to vest. As of June 30, 2007, Infinity used an estimated forfeiture rate of 0%. Estimated forfeitures will be reassessed in subsequent periods and may change based on new facts and circumstances.

Cash received from option exercises for the six months ended June 30, 2007 and 2006 was \$0.7 million and \$1.5 million, respectively. The actual tax benefit realized for the tax deductions from options exercised of share-based payment arrangements totaled \$0.2 million and \$0.7 million, respectively, for the six months ended June 30, 2007 and 2006. The total intrinsic value of options exercised during the six months ended June 30, 2007 and 2006, was approximately \$0.7 million and \$2.0 million, respectively.

As of June 30, 2007, there was \$1.1 million of stock option compensation expense related to non-vested awards not yet recognized in the consolidated financial statements, which is expected to be recognized over a weighted-average period of 0.7 years. The total fair value of stock option and restricted stock shares which vested during the six months ended June 30, 2007 and 2006 was approximately \$0.5 million and \$0.5 million, respectively.

Infinity has a policy of issuing new stock for the exercise of stock options.

Note 3 Computations of Earnings Per Share

The following table illustrates the computation of Infinity's basic and diluted earnings per common share (in thousands, except per share figures):

	For the three months ended		For the six months ended	
	June 30, 2007	June 30, 2006	June 30, 2007	June 30, 2006
Net earnings for basic and diluted earnings per share	\$ 14,322	\$ 19,981	\$ 36,080	\$ 49,047
Average basic shares outstanding	19,403	20,582	19,459	20,628

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

Basic earnings per share	\$	0.74	\$	0.97	\$	1.85	\$	2.38
Average basic shares outstanding		19,403		20,582		19,459		20,628
Restricted stock not yet vested								12
Dilutive effect of assumed option exercises		213		215		206		223
Average diluted shares outstanding		19,616		20,797		19,665		20,863
Diluted earnings per share	\$	0.73	\$	0.96	\$	1.83	\$	2.35

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Notes to Consolidated Financial Statements****Note 4 Long-Term Debt**

In February 2004, Infinity issued \$200 million principal of senior notes due February 2014 (the Senior Notes). The Senior Notes accrue interest at an effective yield of 5.55% and bear a coupon of 5.5%, payable semiannually. At the time the notes were issued, Infinity capitalized \$2.1 million of debt issuance costs, which are being amortized over the term of the Senior Notes. The June 30, 2007 fair value of \$188.1 million was calculated using a 160 basis point spread to the ten-year U.S. Treasury Note of 5.03%, which was obtained from Bloomberg, a national broker quotation network.

In August 2005, Infinity entered into an agreement for a \$50 million three-year revolving credit facility (the Credit Agreement) that requires Infinity to meet certain financial and other covenants. Infinity is currently in compliance with all covenants under the Credit Agreement. At June 30, 2007 and 2006, there were no borrowings outstanding under the Credit Agreement.

Note 5 Investments

Summarized information for Infinity's investment portfolio follows (in thousands):

	June 30, 2007			Gross Unrealized	
	Amortized Cost	Fair Value	% of Total Fair Value	Gain	Loss
Fixed maturities	\$ 1,311,842	\$ 1,298,000	96%	\$ 4,177	\$ (18,019)
Equity securities	48,653	50,604	4%	1,952	(1)
Total	\$ 1,360,495	\$ 1,348,604	100%	\$ 6,129	\$ (18,020)

	December 31, 2006			Gross Unrealized	
	Amortized Cost	Fair Value	% of Total Fair Value	Gain	Loss
Fixed maturities	\$ 1,258,021	\$ 1,250,185	96%	\$ 9,020	\$ (16,856)
Equity securities	53,030	55,479	4%	2,449	
Total	\$ 1,311,051	\$ 1,305,664	100%	\$ 11,469	\$ (16,856)

	June 30, 2007	December 31, 2006
Number of positions held with unrealized:		
Gains	148	204
Losses	327	301
Number of positions held that individually exceed unrealized:		
Gains of \$500,000	1	1
Losses of \$500,000	1	1
Percentage of positions held with unrealized:		
Gains that were investment grade	82%	83%

Losses that were investment grade	82%	94%
-----------------------------------	-----	-----

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Notes to Consolidated Financial Statements**

The following table sets forth the amount of unrealized loss by age and severity at June 30, 2007 (in thousands):

Age of unrealized loss:	Fair Value of Securities with Unrealized Losses	Total Gross			
		Unrealized Losses	Less than 5%*	5% to 10%*	Greater than 10%*
Less than or equal to:					
Three months	\$ 292,771	\$ (3,521)	\$ (3,322)	\$ (193)	\$ (6)
Six months	5,041	(107)	(107)		
Nine months	14,249	(251)	(251)		
Twelve months	490	(9)	(9)		
Greater than twelve months	557,717	(14,132)	(13,535)	(597)	
Total	\$ 870,268	\$ (18,020)	\$ (17,224)	\$ (790)	\$ (6)

* As compared to amortized cost.

Infinity has both the ability and intent to hold those securities with unrealized losses for a period of time sufficient to allow for any anticipated recovery in fair value.

The change in unrealized gains (losses) on marketable securities included the following (in thousands):

	Pre-tax			Net
	Fixed Maturities	Equity Securities	Tax Effects	
Six months ended June 30, 2007				
Unrealized holding gains (losses) on securities arising during the period	\$ (10,510)	\$ 2,775	\$ 2,708	\$ (5,027)
Realized (gains) losses included in net income	4,504	(3,273)	(431)	800
Change in unrealized gains (losses) on marketable securities, net	\$ (6,006)	\$ (498)	\$ 2,277	\$ (4,227)
Six months ended June 30, 2006				
Unrealized holding gains (losses) on securities arising during the period	\$ (27,940)	\$ 1,195	\$ 9,359	\$ (17,386)
Realized (gains) losses included in net income	936	(950)	5	(9)
Change in unrealized gains (losses) on marketable securities, net	\$ (27,004)	\$ 245	\$ 9,364	\$ (17,395)

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Notes to Consolidated Financial Statements****Note 6 Income Taxes**

Income tax expense for the three-month and six-month periods ended June 30, 2007 was \$8.3 million and \$19.5 million, respectively, compared to \$9.7 million and \$24.3 million for the same periods of 2006. The following table reconciles Infinity's statutory federal income tax rate to its effective tax rate (in thousands).

	For the three months ended June 30,		For the six months ended June 30,	
	2007	2006	2007	2006
Earnings before income taxes	\$ 22,584	\$ 29,650	\$ 55,568	\$ 73,356
Income taxes at statutory rates	7,905	10,378	19,449	25,675
Effect:				
Dividends-received deduction	(48)	(66)	(123)	(146)
Tax-exempt interest	(507)	(505)	(1,020)	(1,012)
Adjustment to valuation allowance	797	(355)	946	(427)
Other	115	217	236	219
Provision for income taxes as show on the Consolidated Statements of Earnings	\$ 8,262	\$ 9,669	\$ 19,488	\$ 24,309
GAAP effective tax rate	36.6%	32.6%	35.1%	33.1%

In the second quarter and first six months of 2007, Infinity increased its tax valuation allowance by approximately \$797,000 and \$946,000, respectively, due to book and tax basis differences relating primarily to the sale of other-than-temporary impaired securities.

Infinity reduced its tax valuation allowance by approximately \$355,000 and \$427,000 during the second quarter and first six months of 2006, respectively, in recognition of approximately \$1.0 million and \$1.2 million of taxable capital gains realized during the second quarter and first six months of 2006, respectively.

Infinity adopted the provisions of FIN 48 effective January 1, 2007. As of the date of adoption, Infinity did not have any gross unrecognized tax benefits that would exceed a materiality threshold and therefore, there was no reduction to Retained Earnings in Infinity's Consolidated Balance Sheet at January 1, 2007.

Infinity does not have any interest or penalties accrued for unrecognized tax benefits as of June 30, 2007.

Infinity is not currently under examination by the IRS. The statute of limitations for the post-IPO short period from February 12, 2003 through December 31, 2003 and the calendar years 2004 and 2005 have not expired.

Note 7 Supplemental Cash Flow Information

Non-cash activity includes the issuance of and the liability for restricted stock compensation and the changes in net unrealized gains or losses in securities. The Company made the following payments that are not separately disclosed in the Consolidated Statements of Cash Flows (in thousands):

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

	For the three months ended June 30,		For the six months ended June 30,	
	2007	2006	2007	2006
Income tax payments	\$ 23,000	\$ 19,000	\$ 24,200	\$ 26,000
Interest payments on debt			5,500	5,500

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Notes to Consolidated Financial Statements****Note 8 Insurance Reserves**

Insurance reserves include liabilities for unpaid losses, both known and estimated for incurred but not reported (IBNR), and unpaid loss adjustment expenses (LAE). The following table provides an analysis of changes in the liability for unpaid losses and LAE on a GAAP basis (in thousands):

	Three months ended		Six months ended	
	June 30,		June 30,	
	2007	2006	2007	2006
Balance at Beginning of Period				
Unpaid losses on known claims	\$ 221,924	\$ 246,327	\$ 231,029	\$ 262,626
IBNR losses	173,703	175,590	167,965	181,340
LAE	200,574	180,788	197,035	181,904
Total unpaid losses and LAE	596,201	602,705	596,029	625,870
Reinsurance recoverables	(26,712)	(16,492)	(27,579)	(15,421)
Unpaid losses and LAE, net of reinsurance recoverables	569,489	586,213	568,450	610,449
Current Activity				
Loss and LAE incurred:				
Current accident year	196,568	164,943	375,043	332,814
Prior accident years	(6,095)	(5,616)	(7,152)	(24,621)
Total loss and LAE incurred	190,473	159,327	367,891	308,193
Loss and LAE payments:				
Current accident year	(110,517)	(93,589)	(166,801)	(142,733)
Prior accident years	(65,089)	(73,920)	(185,184)	(197,878)
Total loss and LAE payments	(175,606)	(167,509)	(351,985)	(340,611)
Balance at End of Period				
Unpaid losses and LAE, net of reinsurance recoverables	584,356	578,031	584,356	578,031
Add back reinsurance recoverables	26,199	14,668	26,199	14,668
Total unpaid losses and LAE	\$ 610,555	\$ 592,699	\$ 610,555	\$ 592,699
Unpaid losses on known claims	\$ 221,064	\$ 234,674	\$ 221,064	\$ 234,674

INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q

Notes to Consolidated Financial Statements

Note 9 Restructuring Charges

In October 2006, Infinity announced plans to consolidate certain of its customer service, centralized claims and information technology back-office operations. The objective of the restructuring is to improve service levels and to more consistently and cost effectively manage the operations.

Restructuring costs incurred in 2006 and the three and six months ended June 30, 2007 are as follows (in thousands):

	2006	Three months ended June 30, 2007	Six months ended June 30, 2007
Employee related costs	\$ 4,782	\$ (159)	\$ (972)
Contract termination costs			549
Other exit costs		77	142
Total	\$ 4,782	\$ (82)	\$ (281)

Infinity expects to incur additional charges of approximately \$1.0 million during the last six months of 2007 and approximately \$1.0 million during 2008 as additional facilities affected by the restructuring are sublet or closed.

Activity related to accrued restructuring charges as of June 30, 2007 are as follows (in thousands):

	Employee related costs	Contract termination costs	Other exit Costs	Total liability
Balance at December 31, 2006	\$ 4,782	\$	\$	\$ 4,782
Incurred		549	142	691
Costs paid or settled	(1,249)	(40)	(142)	(1,431)
Net adjustments	(972)			(972)
Balance at June 30, 2007	\$ 2,561	\$ 509	\$	\$ 3,070

Net adjustments in the employee related costs are primarily due to the following: (1) the decision not to centralize certain smaller departments and (2) the actual attrition being different than estimated attrition. During the fourth quarter of 2006, Infinity recorded 100% of the estimated severance assuming no attrition. In future quarters, the amount of severance costs accrued will continue to be adjusted by actual attrition.

Note 10 Subsequent Events

On July 31, 2007, Infinity's Compensation Committee approved the grant of 72,234 shares of restricted stock to certain officers under the Company's 2002 Restricted Stock Plan. These shares of restricted stock will vest in full on July 31, 2011. During the vesting period, the shares of restricted stock will not have voting rights and will accrue dividends to be paid once the shares have vested.

As of June 30, 2007, Infinity had one share repurchase program in place under which the Company could repurchase up to \$100 million of shares. Infinity has approximately \$87 million of capacity left under this repurchase program, which expires December 31, 2008. On August 2,

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

2007, Infinity announced that its Board of Directors had authorized the Company to repurchase an additional \$100 million of shares, which Infinity intends to complete by November 1, 2007 and which will be funded by Infinity's current cash and investments.

ITEM 2

Management's Discussion and Analysis of Financial Condition and Results of Operations

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains certain statements that may be deemed to be forward-looking statements that anticipate results based on our estimates, assumptions and plans that are subject to uncertainty. These statements are made subject to the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. All statements in this report not dealing with historical results or current facts are forward-looking and are based on estimates, assumptions, and projections. Statements which include the words believes, seeks, expects, may, should, intends, likely, targets, plans, anticipates, estimates or the negative version of those words and similar statements of a future or forward-looking nature identify forward-looking statements. Examples of such forward-looking statements include statements relating to expectations concerning market conditions, premiums, growth, earnings, investment performance, expected losses, rate changes and loss experience.

Actual results could differ materially from those expected by Infinity depending on: changes in economic conditions and financial markets (including interest rates), the adequacy or accuracy of Infinity's pricing methodologies, actions of competitors, the approval of requested form and rate changes, judicial and regulatory developments affecting the automobile insurance industry, the outcome of pending litigation against Infinity, weather conditions (including the severity and frequency of storms, hurricanes, snowfalls, hail and winter conditions), changes in driving patterns and loss trends. Infinity undertakes no obligation to publicly update or revise any of the forward-looking statements. For a more detailed discussion of some of the foregoing risks and uncertainties which could cause actual results to differ from those contained in the forward-looking statements, see Risk Factors contained in Part II, Item 1A of this report, as well as, in Item 1A of Infinity's Annual Report on Form 10-K for the twelve months ended December 31, 2006.

OVERVIEW

Despite the increasingly competitive market, Infinity grew personal auto gross written premiums by 12.8% during the second quarter of 2007, primarily from growth in California, Arizona, Florida, Nevada, Pennsylvania and Texas. A substantial portion of California's growth can be attributed to new policies issued due to electronic enforcement by the Bureau of Motor Vehicles of the state's compulsory automobile insurance laws.

Net earnings and diluted earnings per share for the three months ended June 30, 2007 were \$14.3 million and \$0.73, respectively, compared to \$20.0 million and \$0.96, respectively, for the three months ended June 30, 2006. Included in net earnings for the three months ended June 30, 2007 were \$4.0 million (\$6.1 million pre-tax) of favorable development on prior accident period loss and LAE reserves compared to \$3.7 million (\$5.6 million pre-tax) for the three months ended June 30, 2006. Excluding the favorable development, diluted earnings per share for the three months ended June 30, 2007 were \$0.53 compared to \$0.78 for the three months ended June 30, 2006. The decline in earnings during the second quarter is primarily related to \$3.0 million of realized losses on the sales of securities during the second quarter of 2007 and a decline in underwriting income as a result of an increase in claims frequency. See *Results of Operations Underwriting Profitability* for a more detailed discussion of Infinity's underwriting results. Net earnings for the six months ended June 30, 2007 included \$4.7 million (\$7.2 million pre-tax) of favorable development on prior accident period loss and LAE reserves compared with \$16.0 million (\$24.6 million pre-tax) for the six months ended June 30, 2006. Excluding the favorable development, diluted earnings per share of \$1.59 for the six months ended June 30, 2007 were relatively flat compared with \$1.58 for the six months ended June 30, 2006.

Total revenues increased 10.4% and 9.8% for the three and six months ended June 30, 2007 compared with the same periods of 2006. Driving the increase in revenues for the second quarter and first six months of 2007 was a 12.3% and 10.8% increase in earned premiums, respectively, resulting from gross written premium growth of 11.6% and 14.6% during the second quarter and first six months of 2007, respectively, compared to the same periods in 2006. See *Results of Operations Underwriting Premiums* for a more detailed discussion of Infinity's gross written premium growth.

Book value per share of \$35.17 at June 30, 2007 represents an 11.6% increase over the book value per share of \$31.51 at June 30, 2006. Return on equity for the three and six months ended June 30, 2007 was 10.0% and 11.2%, respectively, compared with 12.2% and 15.3% for the three and six months ended June 30, 2006.

REGULATORY ENVIRONMENT

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

Effective April 3, 2007, California adopted amended approval regulations, which among other changes, establishes, for personal auto and most other lines of property and casualty insurance written in California, a maximum permitted after-tax rate of return on invested capital at an insurance company level, currently set at 10.8%. In response to these amended regulations, as well as regulations

Table of Contents

INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q

adopted in October 2006 restricting use of territory as a rating variable, Infinity came to a preliminary agreement with the California Department of Insurance to reduce base rates by approximately 11.2%. Approval for the base rate and class plan filings is expected in the third quarter of 2007 with a fourth quarter 2007 implementation. The impact to profitability in 2007 will be negligible. Profitability in 2008 could be materially adversely affected by the reduction of base rates in California the extent to which will be impacted by the shift of business within California, the mix of California business as a percentage of Infinity's countrywide total and the profitability of states outside of California.

RESULTS OF OPERATIONS

Underwriting

Premiums

Infinity's insurance subsidiaries provide personal automobile insurance products with a concentration on nonstandard auto insurance. While there is no industry-recognized definition of nonstandard auto insurance, Infinity believes that it is generally understood to mean coverage for drivers who, due to their driving record, age or vehicle type, represent higher than normal risks and pay higher rates for comparable coverage. Infinity also writes commercial vehicle insurance, and insurance for classic collectible automobiles (Classic Collector).

Infinity is licensed to write insurance in all 50 states, but is committed to growth in targeted urban areas (Urban Zones) identified within selected focus states that management believes offer the greatest opportunity for premium growth and profitability.

Infinity classifies the states in which it operates into three categories:

Focus States States in which Infinity has identified Urban Zones for 2007 and 2008. These states include: Arizona, California, Colorado, Connecticut, Florida, Georgia, Illinois, Missouri, Nevada, Pennsylvania, Tennessee and Texas.

Maintenance States Infinity is maintaining its renewal writing in these states which include Alabama, Indiana, Mississippi, Ohio, South Carolina and Virginia. These states contain no Urban Zones, but still offer Infinity an opportunity for underwriting profit.

Other States Includes all remaining states.

Infinity further classifies territories within the Focus States into two categories:

Urban Zones include the following urban areas:

Arizona Phoenix

California Los Angeles, Sacramento, San Diego, San Francisco and San Joaquin Valley

Connecticut Hartford

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

Florida Jacksonville, Miami, Orlando and Tampa

Georgia Atlanta

Missouri Saint Louis

Pennsylvania Philadelphia

Tennessee Nashville

Texas Dallas, El Paso, Fort Worth, Houston and San Antonio

Non-Urban Zones include planned 2008 Urban Zones from the Focus States of Colorado, Illinois and Nevada, as well as all remaining areas in the Focus States located outside of a designated Urban Zone.

Infinity continually evaluates its market opportunities, thus the Focus States or Urban Zones may change over time as new market opportunities arise, as the allocation of resources changes, or as a result of changes in regulatory environments.

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q**

The following table shows Infinity's net earned premiums for the three-month periods ended June 30, 2007 and 2006 (\$ in thousands).

	2007	Three months ended June 30, 2006	\$ Change	% Change
Net earned premiums				
Gross written premium				
Personal auto insurance:				
Focus States:

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q**

The following table shows Infinity's policies-in-force as of June 30, 2007 and 2006.

	As of June 30,			
	2007	2006	# Change	% Change
Policies-in-force				
Personal auto insurance:				
Focus States:				
Urban Zones	617,982	476,175	141,807	29.8%
Non-Urban Zones	144,480	132,331	12,149	9.2%
Total Focus States	762,462	608,506	153,956	25.3%
Maintenance States	30,970	38,103	(7,133)	(18.7)%
Other States	5,536	10,575	(5,039)	(47.7)%
Total personal auto insurance	798,968	657,184	141,784	21.6%
Commercial Vehicle	14,321	14,763	(442)	(3.0)%
Classic Collector	59,032	58,002	1,030	1.8%
Other	1,095	11,211	(10,116)	(90.2)%
Total policies-in-force	873,416	741,160	132,256	17.8%

Gross written premiums for the second quarter and first six months of 2007 increased 11.6% and 14.6%, respectively, compared to the second quarter and first six months of 2006. During the first six months of 2007, Infinity filed and implemented 34 rate revisions in various states with an overall rate impact of a 1.8% increase. Policies-in-force at June 30, 2007 increased 17.8% compared to June 30, 2006.

Personal auto insurance gross written premiums in Infinity's twelve Focus States increased 16.9% and 20.6% during the second quarter and first six months of 2007 compared to the same periods in 2006 primarily from growth in California as Infinity continues to benefit from new policies issued as a result of the California Department of Motor Vehicles' implementation of electronic enforcement of compulsory insurance laws that were effective October 1, 2006. During the first and second quarters of 2007, gross written premiums in California grew 22.5% and 19.7%, respectively, compared with the same periods in 2006. Infinity expects premium growth in California to continue to slow during the second half of 2007 as compared with the second half of 2006 as the implementation of electronic enforcement will be completed by October 1, 2007 and because of the strong growth Infinity experienced in California during the second half of 2006. In addition to California, Arizona, Florida, Nevada, Pennsylvania and Texas had strong gross written premium growth during the second quarter of 2007 as compared with the same period in 2006. Seventeen of the 20 Urban Zones posted gross written premium growth during the second quarter of 2007. Business in Houston, Los Angeles, Miami, Phoenix and San Joaquin contributed \$27.5 million of the \$30.9 million of growth during the second quarter of 2007 and \$61.7 million of the \$78.4 million of gross premium growth during the first six months of 2007.

Gross written premiums in the Maintenance States declined 28.1% and 20.8% during the second quarter and first six months of 2007, respectively, compared to the same periods in 2006. The decline is primarily attributable to declines in Mississippi and South Carolina. To improve profitability, Infinity increased rates in South Carolina during December 2006 and in Mississippi during April 2007, which has slowed new business.

Gross written premiums for the Commercial Vehicle business declined 7.7% and 10.2% during the second quarter and first six months of 2007, respectively, compared to the same periods in 2006. Gross written premium growth in California and Texas has been offset by declining premiums in Florida and New York. To improve underwriting results in Florida, Infinity increased rates nine points during the fourth quarter of 2006, and as a result, Commercial Vehicle premiums have declined substantially during the first six months of 2007. Gross written premiums in New York should continue to decline as it is not a Focus State for Infinity.

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

Infinity's Classic Collector book of business grew 10.0% and 9.8% during the second quarter and first six months of 2007, respectively, compared to the same periods in 2006, primarily from growth in California, Florida and Texas.

Ceded reinsurance and the effects of unearned premium transfers grew 20.6% during the first six months of 2007 compared to the first six months of 2006. This increase was primarily a result of the first six months of 2006 including a one-time unearned premium transfer of \$0.7 million. Without the effect of the 2006 unearned premium transfer, ceded reinsurance declined 10.1% during the six-month period ended June 30, 2007 compared to the same period of 2006. For the second quarter of 2007, ceded reinsurance and the effects of unearned premium declined 2.7% compared to the same period in 2006. Infinity maintains an excess loss reinsurance treaty for higher limits personal auto liability coverages. Premiums ceded under this treaty have declined during the second quarter and first six months of 2007 since Infinity sold the renewal rights on the Connecticut book of business assumed from Great American Insurance (Assumed Agency Business), which consisted predominantly of higher policy limits for standard and preferred business.

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Profitability**

A key operating performance measure for insurance companies is underwriting profitability, as opposed to overall profitability or net earnings. Underwriting profitability is measured by the combined ratio. When the combined ratio is under 100%, underwriting results are generally considered profitable; when the ratio is over 100%, underwriting results are generally considered unprofitable. The combined ratio does not reflect investment income, other income, other expenses or federal income taxes.

While financial data is reported in accordance with GAAP for shareholder and other investment purposes, data is reported on a statutory basis for insurance regulatory purposes. Infinity evaluates underwriting profitability based on a combined ratio calculated using statutory accounting principles. The statutory combined ratio represents the sum of the following ratios: (i) losses and LAE incurred as a percentage of net earned premiums and (ii) underwriting expenses incurred as a percentage of net written premiums. Certain expenses are treated differently under statutory and GAAP accounting principles. Under GAAP, commissions, premium taxes and other variable costs incurred in connection with writing new and renewal business are capitalized as deferred policy acquisition costs and amortized on a pro rata basis over the period in which the related premiums are earned; on a statutory basis these items are expensed as incurred. Costs for computer software developed or obtained for internal use are capitalized under GAAP and amortized over their useful life, rather than expensed as incurred, as required for statutory purposes. Additionally, bad debt charge-offs on agent balances and premium receivables are included only in the GAAP combined ratios.

The following table presents the statutory and GAAP combined ratios:

	Three months ended June 30,						% Change

In evaluating the profit performance of Infinity's business, Infinity's management reviews underwriting profitability using statutory combined ratios. Accordingly, the discussion of underwriting results that follows will focus on these ratios and the components thereof.

The statutory combined ratio for the second quarter and first six months of 2007 increased 3.1 points and 4.1 points, respectively, compared to the same periods in 2006. The second quarter of 2007 and 2006 benefited from \$6.1 million and \$5.6 million, respectively, of favorable development on loss and LAE reserves. Excluding the favorable development, the statutory combined ratio for the three months ended June 30, 2007 was 95.9% a 3.0 point increase from the 92.9% for the three months ended June 30, 2006. The increase in combined ratio, excluding favorable development, is primarily attributable to increasing claims frequency. Favorable development on loss and LAE reserves for the first six months of 2007 and 2006 was \$7.2 million and \$24.6 million. Excluding favorable development for the first six months, the statutory combined ratio was up slightly to 93.3% at June 30, 2007 compared to 93.0% at June 30, 2006. Losses from catastrophes were \$0.3 million and \$0.5 million for the three and six months ended June 30, 2007, respectively, compared to \$0.5 million and \$0.8 million for the same periods of 2006.

In Infinity's Focus States, the personal auto insurance statutory combined ratio for the three and six months ended June 30, 2007 increased 5.9 points and 6.3 points, respectively. In California, Infinity saw an increase in claims frequency during the second quarter of 2007 which contributed to the 6.7 point increase in loss and LAE ratio compared to the second quarter of 2006. While claims severity in Florida has been declining, claims frequency in Florida has been increasing also contributing to the increase in loss and LAE ratio in the Focus States. Offsetting increases in California and Florida's loss and LAE ratio was an improving loss and LAE ratio in Georgia. In addition to the increasing claims frequency, the 7.3 point increase in loss and LAE ratio for the six months ended June 30, 2007, is a result of favorable development on prior accident periods loss and LAE reserves recognized during the first six months of 2006. The underwriting expense ratio for the three and six months ended June 30, 2007 has declined 0.8% and 1.0%, respectively, compared to the same periods in 2006. The growth in gross written premiums over which to spread fixed costs more effectively has contributed to the decline in underwriting expense in addition to a greater amount of fee income, which reduces underwriting expenses, collected during the first six months of 2007.

The loss and LAE ratio in the Maintenance states during the second quarter of 2007 was 25.9 points lower than the same period in 2006 primarily as a result of improving loss and LAE ratios in Alabama and South Carolina. A decrease in Alabama premium taxes and an increase in fee income contributed to an improvement in the underwriting ratio in the Maintenance States for the three and six months ended June 30, 2007 as compared to the same periods in 2006.

The combined ratio for Commercial Vehicle improved during the second quarter and first six months of 2007 as compared with the second quarter and first six months of 2006 primarily as a result of favorable development on prior accident period loss and LAE reserves recognized in the second quarter of 2007 compared with unfavorable development during the second quarter of 2006. Underwriting expense for the three months ended June 30, 2007 increased 4.0 points compared with the second quarter of 2006

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q**

primarily as a result of a premium tax adjustment, which lowered expenses in Florida during the second quarter of 2006. In addition to this premium tax adjustment, an assigned risk adjustment to commissions, which lowered expenses, during the first quarter of 2006 resulted in the 3.6 point increase in underwriting expense for the six months ended June 30, 2007 as compared with the same period in 2006.

Investment Income

Investment income is comprised of gross investment revenue and investment management fees and expenses, as shown in the following table (in thousands):

	Three months ended June 30,		Six months ended June 30,	
	2007	2006	2007	2006
Gross investment income	\$ 17,667	\$ 18,270	\$ 35,296	\$ 35,771
Investment expenses	(528)	(600)	(1,264)	(1,220)
Net investment income	\$ 17,139	\$ 17,670	\$ 34,032	\$ 34,551

Changes in investment income reflect fluctuations in market rates and changes in average invested assets. Investment income for the three and six months ended June 30, 2007 declined compared to the same periods in 2006 due to a one-time benefit of \$0.7 million recognized during the second quarter of 2006 related to the catch up of amortization of bond discount on securities sold that had previously been impaired. Excluding this one-time benefit, investment income for the three and six months ended June 30, 2007 increased as a result of slightly higher book yields on a larger investment portfolio.

Infinity recorded impairments for unrealized losses deemed other-than-temporary and realized gains and losses on sales and disposals, as follows (before tax, in thousands):

	Three months ended June 30, 2007			Three months ended June 30, 2006		
	Impairments on securities held	Realized gains (losses) on sales	Total realized gains (losses)	Impairments on securities held	Realized gains (losses) on sales	Total realized gains (losses)
Fixed maturities	\$ (1,208)	\$ (2,729)	\$ (3,937)	\$ (404)	\$ 7	\$ (397)
Equities		940	940	(127)	463	336
Total	\$ (1,208)	\$ (1,789)	\$ (2,997)	\$ (531)	\$ 470	\$ (61)

	Six months ended June 30, 2007			Six months ended June 30, 2006		
	Impairments on securities held	Realized gains (losses) on sales	Total realized gains (losses)	Impairments on securities held	Realized gains (losses) on sales	Total realized gains (losses)
Fixed maturities	\$ (2,021)	\$ (2,483)	\$ (4,504)	\$ (839)	\$ (97)	\$ (936)
Equities		3,273	3,273	(265)	1,215	950
Total	\$ (2,021)	\$ 790	\$ (1,231)	\$ (1,104)	\$ 1,118	\$ 14

The other-than-temporary impairments in the six-month period ended June 30, 2007, related primarily to firms in the financial services and utility industries along with one each of municipal and mortgage-backed fixed income securities. The impairments in the 2006 period related

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

primarily to fixed income and equity securities for firms in the financial services industry in addition to a fixed income security in the travel and real estate industry.

For Infinity's remaining securities held with unrealized losses, management believes that, based on its analysis (i) Infinity will recover its cost basis in these securities in a relatively short period of time and/or (ii) that Infinity has the ability and intent to hold these securities until they mature or recover in value. Should either of these beliefs change with regard to a particular security, a charge for impairment would likely be required. While it is not possible to accurately predict if or when a specific security will become impaired, charges for other-than-temporary impairments could be material to results of operations in a future period. Management believes it is not likely that future impairment charges will have a significant effect on Infinity's liquidity.

Had Infinity recorded additional impairment charges on all its unrealized losses that were more than twelve months old at June 30, 2007, the pre-tax earnings impact would have been \$14.1 million. Infinity has both the ability and intent to hold those securities with unrealized losses for a period of time sufficient to allow for any anticipated recovery in fair value.

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Interest Expense**

The Senior Notes accrued interest at an effective yield of 5.55% (Refer to Note 4 of the Consolidated Financial Statements for additional information on the Senior Notes). Interest expense on the Senior Notes recognized in the Consolidated Statements of Earnings for the three-month and six-month periods ended June 30, 2007 was \$2.8 million and \$5.5 million, respectively, and \$2.8 million and \$5.5 million, respectively, for the same periods in 2006.

Other Income

Other income for the three and six months ended June 30, 2007 was \$1.4 million and \$1.7 million, respectively, compared to \$0.6 million and \$1.3 million, respectively for the corresponding periods of 2006. The \$0.8 million and \$0.4 million increase in other income for the second quarter and first six months of 2007, respectively, is primarily due to fees received in the second quarter of 2007 on renewal premium from the 2005 sale of the Assumed Agency Business Connecticut personal auto book offset by the continued decline of finance charge income from assumed business that is in run-off.

Other Expense

Other expenses for the three months ended June 30, 2007 were \$0.3 million compared to \$1.1 million for the corresponding period of 2006. Other expense for the six months ended June 30, 2007 were \$1.0 million compared to \$1.9 million for the same period of 2006. The decline in other expenses for both the three months and six months ended June 30, 2007 is primarily as a result of a decrease in incurred corporate litigation expenses during the first half of 2007 and losses on subleases recognized during the first half of 2006.

Income Taxes

The following table reconciles the Company's GAAP effective tax rate for the three months and six months ended June 30, 2007 and 2006, respectively (See Note 6 of the Consolidated Financial Statements for additional information):

	Three months ended June 30,		Six months ended June 30,	
	2007	2006	2007	2006
Statutory tax rate	35.0%	35.0%	35.0%	35.0%
Adjustments				
Dividends-received deduction	(0.2)%	(0.2)%	(0.2)%	(0.2)%
Tax-exempt interest	(2.2)%	(1.7)%	(1.8)%	(1.4)%
Adjustment to valuation allowance	3.5%	(1.2)%	1.7%	(0.6)%
Other	0.5%	0.7%	0.4%	0.3%
GAAP Effective tax rate	36.6%	32.6%	35.1%	33.1%

In the second quarter and first six months of 2007, Infinity increased its tax valuation allowance due to book and tax basis differences relating primarily to the sale of other-than-temporary impaired securities. Infinity reduced its tax valuation allowance during the second quarter and first six months of 2006 in recognition of taxable capital gains realized.

LIQUIDITY AND CAPITAL RESOURCES**Sources and Uses of Funds**

Infinity is organized as a holding company with all of its operations being conducted by its insurance subsidiaries. Accordingly, Infinity will have continuing cash needs for administrative expenses, the payment of interest on borrowings, shareholder dividends, share repurchases and taxes. Administrative expenses at the holding company have averaged approximately \$7.0 million annually since 2004.

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

At June 30, 2007, Infinity had outstanding \$200 million principal of Senior Notes due 2014, bearing a fixed 5.5% interest rate. Interest payments on the Senior Notes of \$5.5 million are due each February and August through maturity in February 2014. (Refer to Note 4 of the Consolidated Financial Statements for more information on the Senior Notes).

In February 2007, Infinity increased its quarterly dividend to \$.090 per share from \$.075 per share. At this current amount, Infinity s

Table of Contents

INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q

2007 annualized dividend payments would be approximately \$7.0 million.

In January 2005, the Board of Directors authorized a share repurchase program expiring on December 31, 2007, whereby the Company could repurchase up to an aggregate amount of \$50 million of its outstanding common shares. During the second quarter and first six months of 2006, Infinity repurchased 278,300 shares at an average cost of \$41.59 and 363,300 shares at an average cost of \$41.49, respectively. This program was completed on December 28, 2006.

In October 2006, the Company announced that the Board of Directors approved a second share repurchase program expiring on the earliest of December 31, 2008 or the completion of all purchases contemplated by the program, whereby the Company may repurchase up to an aggregate amount of \$100 million of its outstanding common shares. During the second quarter and first six months of 2007, Infinity repurchased 79,692 shares at an average cost of \$48.90 and 267,486 shares at average cost of \$48.15, respectively.

In August 2007, the Company announced that the Board of Directors approved a third program to repurchase an additional \$100 million of shares, which Infinity intends to complete by November 1, 2007.

Funds to meet Infinity's cash needs may come primarily from dividends and tax payments from the insurance subsidiaries, borrowing on its line of credit, as well as cash and investments held by the holding company. As of June 30, 2007, Infinity had \$220.9 million of cash and investments. In 2006, Infinity's insurance subsidiaries paid Infinity \$160.0 million in ordinary dividends. In 2007, Infinity's insurance subsidiaries may pay to Infinity up to \$113.8 million in ordinary dividends without prior regulatory approval. For the six-month period ended June 30, 2007, \$5.3 million of dividends have been paid by the insurance subsidiaries.

In August 2005, Infinity entered into an agreement for a \$50 million three-year revolving credit facility that includes requirements to meet certain financial and other covenants. Infinity is currently in compliance with all covenants under the agreement. Under this agreement, there were no borrowings outstanding at June 30, 2007 or 2006.

Infinity's insurance subsidiaries generate liquidity to satisfy their obligations, primarily by collecting and investing premiums in advance of paying claims. Infinity's insurance subsidiaries' cash flow from operations was approximately \$1.1 million and \$34.7 million for the three and six-month periods ended June 30, 2007, respectively, and approximately \$2.5 million and \$12.1 million for the three and six-month periods ended June 30, 2006, respectively. In addition, to satisfy their obligations, Infinity's insurance subsidiaries have available the proceeds from maturing, and sales of, securities from its \$1.1 billion fixed maturity portfolio at June 30, 2007.

Management believes that cash and investment balances, cash flows generated from operations or borrowings, and maturities and sales of investments are adequate to meet the future liquidity needs for Infinity and its insurance subsidiaries.

Reinsurance

Infinity utilizes excess of loss and catastrophe reinsurance to mitigate the financial impact of large or catastrophe losses. The catastrophe reinsurance provides protection for losses up to \$10 million in excess of \$5 million for any single event. Infinity's excess of loss reinsurance provides reinsurance protection for commercial auto losses up to \$700,000 for claims exceeding \$300,000 per occurrence and personal auto losses up to \$900,000 for claims exceeding \$100,000 per occurrence per coverage. Premiums ceded under these agreements for the three months ended June 30, 2007 and 2006 were \$1.2 million and \$1.3 million, respectively. Premiums ceded under these agreements for the six months ended June 30, 2007 and 2006 were \$2.3 million and \$2.8 million, respectively. Infinity also utilizes reinsurance to mitigate losses on other lines including its small homeowners book, which is currently in runoff.

Investments

On April 1, 2007, Infinity's four-year agreement with American Money Management to manage Infinity's investment portfolio ended. At that time, Infinity engaged two money managers for its fixed income portfolio and a Wilshire 5000 exchange traded fund for the equity portfolio. In the second quarter, the fixed income managers repositioned the investment portfolio to take advantage of opportunities identified in municipal bonds and high quality, well collateralized mortgage-backed and CMO securities resulting in significant sales and purchase activity on the Consolidated Statements of Cash Flows.

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

Infinity's consolidated investment portfolio at June 30, 2007 contained approximately \$1.3 billion in fixed maturity securities and \$50.6 million in equity securities, all carried at fair value with unrealized gains and losses reported as a separate component of shareholders' equity on an after-tax basis. At June 30, 2007, Infinity had pre-tax net unrealized losses of \$13.8 million on fixed

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****Management's Discussion and Analysis of Financial Condition and Results of Operations**

maturities and pre-tax unrealized gains of \$2.0 million on equity securities. Combined, the pre-tax net unrealized losses increased by \$9.2 million and \$6.5 million for the three-month and six-month periods ended June 30, 2007, primarily due to a decline in general market interest rates.

Approximately 95% of Infinity's fixed maturity investments at June 30, 2007 were rated investment grade, and as of the same date, the average credit rating of Infinity's fixed maturity portfolio was AA+. Investment grade securities generally bear lower yields and have lower degrees of risk than those that are unrated or non-investment grade. Management believes that a high quality investment portfolio is more likely to generate a stable and predictable investment return.

Since all of these securities are carried at fair value in the balance sheet, there is virtually no effect on liquidity or financial condition upon the sale and ultimate realization of unrealized gains and losses. The average duration of Infinity's fixed maturity portfolio was 3.7 years at June 30, 2007.

At June 30, 2007, Infinity's fixed maturity portfolio included 10 CMOs, or 1.6% of the total market value of the fixed income portfolio, with exposure to sub-prime mortgages. Although these CMOs have sub-prime mortgages as underlying collateral, all of them have AAA ratings and are in well secured tranches.

Securities that do not have a single maturity date are reported at average maturity. Actual maturities may differ from contractual maturities because certain securities may be called or prepaid by the issuers.

The table below sets forth the scheduled maturities of fixed maturity securities at June 30, 2007, based on their fair values (in thousands).

Maturity	Fair Market Value			Amortized Cost	
	Securities with Unrealized Gains	Securities with Unrealized Losses	Securities with No Unrealized Gains or Losses	All Fixed Maturity Securities	All Fixed Maturity Securities
One year or less	\$ 26,619	\$ 26,397	\$ 8,762	\$ 61,778	\$ 61,444
After one year through five years	110,984	332,160	17,593	460,737	466,505
After five years through ten years	72,322	117,887	2,045	192,254	193,755
After ten years	60,555	36,077	2,051	98,683	98,378
Mortgage-backed securities	121,913	357,739	4,896	484,548	491,760
Total	\$ 392,393	\$ 870,260	\$ 35,347	\$ 1,298,000	\$ 1,311,842

ITEM 3**Quantitative and Qualitative Disclosure of Market Risk**

As of June 30, 2007, there were no material changes to the information provided in Infinity's Form 10-K for 2006 under the caption "Exposure to Market Risk" in Management's Discussion and Analysis of Financial Condition and Results of Operations.

ITEM 4**Controls and Procedures**

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form 10-Q

Infinity's chief executive officer and chief financial officer, with assistance from management, evaluated Infinity's disclosure controls and procedures (as defined in Exchange Act Rule 13a-15) as of June 30, 2007. Based on that evaluation, they concluded that the controls and procedures are effective. There has been no change in Infinity's internal controls during the first six months of 2007 that has materially affected, or is reasonably likely to materially affect, Infinity's internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)).

Table of Contents**INFINITY PROPERTY AND CASUALTY CORPORATION 10-Q****PART II****OTHER INFORMATION****ITEM 1A****Risk Factors**

The following risk should be read in conjunction with other information provided in this report and with the risk factors discussed in Item 1A of the Company's annual report on Form 10-K for the year ended December 31, 2006.

Recently-enacted California regulations may materially adversely affect the Company's profitability.

Effective April 3, 2007, California adopted amended rate approval regulations (amended regulations), which, among other changes, establishes, for personal auto and most other lines of property and casualty insurance written in California, a maximum permitted after-tax rate of return on invested capital at an insurance company level, currently set at 10.8%.

In response to these amended regulations, as well as regulations adopted in October 2006 restricting use of territory as a rating variable, Infinity came to a preliminary agreement with the California Department of Insurance to reduce base rates by approximately 11.2%. Approval for the base rate and class plan filings is expected in the third quarter of 2007 with a fourth quarter 2007 implementation. If approved on terms agreed to by Infinity and the California Department of Insurance, the decrease in rates in California could materially adversely affect the Company's profitability beginning in 2008.

ITEM 2**Unregistered Sales of Equity Securities and Use of Proceeds****Issuer Purchases of Equity Securities**

Period	Total Number of Shares Purchased	Average Price Paid per Share (a)	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (b)	Maximum Number (or Approximate Dollar Value) that May Yet Be Purchased Under the Plans or Programs
April 1, 2007 - April 30, 2007	62,023	\$ 48.33	62,023	\$ 88,013,579
May 1, 2007 - May 31, 2007	3,181	47.12	3,181	87,863,600
June 1, 2007 - June 30, 2007	14,488	51.73	14,488	87,113,756
Total	79,692	\$ 48.90	79,692	\$ 87,113,756

(a) Average price paid per share excludes commissions.

(b) In October 2006, the Company announced that the Board of Directors approved a share repurchase program expiring on the earliest of December 31, 2008 or the completion of all purchases contemplated by the Plan, whereby the Company may repurchase up to an aggregate of \$100 million of its outstanding shares.

On August 2, 2007, the Company announced that the Board of Directors approved an additional share repurchase program, which the Company intends to complete by November 1, 2007, whereby the Company shall repurchase \$100 million of its shares outstanding.

ITEM 4

Submission of Matters to a Vote of Security Holders

The shareholders of the Company voted on three items at the Annual Meeting of Shareholders held on May 21, 2007:

1. The election of five Class II Directors;
 2. Ratification of Ernst & Young LLP as Infinity's Independent Registered Public Accounting Firm; and
 3. Amendment of the Amended and Restated Articles of Incorporation to eliminate the classified board structure.
- The nominees for directors were elected based upon the following votes:

	Votes	Votes
Nominee	For	Withheld
Jorge G. Castro	17,681,387	488,543
Drayton Nabers Jr.	17,681,687	488,243
Samuel J. Simon	17,452,967	716,963
Roger Smith	16,843,288	1,326,642
Gregory C. Thomas	17,681,687	488,243

Ratification of Ernst & Young LLP as Infinity's Independent Registered Public Accounting Firm was approved as follows:

18,152,062 Votes for approval
 16,417 Votes against
 1,451 Abstentions
 Broker Non-Votes

The amendment of the Amended and Restated Articles of Incorporation to eliminate the classified board structure was approved as follows:

17,881,930 Votes for approval
 283,424 Votes against
 4,575 Abstentions
 Broker Non-Votes
