### **1. Overview**

#### **A. Industry**

##### **(1) Industry characteristics and growth potential**

TFT-LCD technology is one of the most widely used technologies in the manufacture of flat panel displays and the demand for flat panel displays is growing rapidly. The flat panel display industry is characterized by entry barriers due to rapidly evolving technology, capital-intensive characteristics, and the significant investments required to achieve economies of scale, among other factors. There is strong competition between a limited number of players within the industry and production capacity in the industry, including ours, is being continually increased.

The demand for LCD panels for notebook computers and desktop monitors has been closely related to the IT industry cycle. The demand for LCD panels for TVs is growing with the start of HDTV broadcasting and as LCD TVs have come to play a key role in the digital display market. There is competition between TFT-LCD and PDP technologies in the area of large flat TV products. In addition, LCD panel markets for applications, such as mobile phones, PDAs, medical applications and automobile navigation systems, among others, are growing steadily.

The average selling prices of our display panels have declined in general and are expected to continually decline with time irrespective of industry-wide fluctuations as a result of, among other factors, technology advances and cost reductions.

##### **(2) Cyclicity**

The TFT-LCD business has high cyclicity as well as being a capital-intensive business. In spite of the increase in demand for products, this industry has experienced periodic volatility caused by imbalances between demand and supply due to capacity expansion within the industry.

Intense competition and expectations of demand growth may lead panel manufacturers to invest in manufacturing capacity on similar schedules, resulting in a surge in capacity when production is ramped up at new fabrication facilities.

During such surges in capacity growth, our customers can exert and have exerted strong downward pricing pressure, resulting in sharp declines in average selling prices and significant fluctuations in our gross margins. Conversely, demand surges and fluctuations in the supply chain can lead to price increases.

##### **(3) Competitiveness**

Our ability to compete successfully depends on factors both within and outside our control, including product pricing, performance and reliability, successful and timely investment and product development, success of our end-brand customers in marketing their brands and products, component and raw material supply costs, foreign exchange rate and general economic and industry conditions.

Core competitiveness includes technology leadership, capability to design new products and premium products, timely investment in advanced fabs, cost leadership through application of large production lines, innovation of process and productivity, and collaborative customer relationships.

## Table of Contents

Most importantly, cost leadership and stable and long-term relationships with customers are critical to secure profit even in a buyer's market.

A substantial portion of our sales is attributable to a limited group of end-brand customers and their designated system integrators. The loss of these end-brand customers, as a result of customers entering into strategic supplier arrangements with our competitors or otherwise, would thus result in reduced sales.

Developing new products and technologies that can be differentiated from those of our competitors is critical to the success of our business. We take active measures to protect our intellectual property internationally by obtaining patents and undertaking monitoring activities in our major markets. It is also necessary to recruit and retain the experienced key staffs and highly skilled line operators.

### (4) Sourcing material

Materials are sourced in-house (color filters) as well as from domestic and overseas vendors.

The shortage of raw materials may arise temporarily due to the rapid increase in demand for raw materials resulting from capacity expansion in the TFT-LCD industry.

We have purchased, and expect to purchase, a substantial portion of our equipment from a limited number of qualified foreign and local suppliers. From time to time, increased demand for new equipment may cause lead times to extend beyond those normally required by the equipment vendors.

### (5) Others

Most TFT-LCD panel makers are located in Asia.

- a. Korea: LG.Philips LCD, Samsung Electronics (including a joint venture between Samsung Electronics and Sony Corporation), BOE-Hydis
- b. Taiwan: AU Optronics, Chi Mei Optoelectronics, CPT, etc.
- c. Japan: Sharp, IPS-Alpha, etc.
- d. China: SVA-NEC, BOE-OT, etc.

## B. Company

### (1) Business overview

Commercial production for our TFT-LCD business began in September 1995 at P1, which was then the first fabrication facility of LG Electronics. At the end of 1998, LG Electronics and LG Semicon transferred their respective TFT-LCD related businesses to LG Soft Co., Ltd (currently LG.Philips LCD Co., Ltd.). LG.Philips LCD became a joint venture between LG Electronics and Philips Electronics in August 1999. In July 2004, we completed our initial public offering and listed our common stock on the Korea Exchange and our ADSs on the New York Stock Exchange. As of June 30, 2007, we operate seven fabrication facilities located in Gumi and Paju, Korea, and six module facilities located in Gumi and Paju, Korea, Nanjing (3 factories), China and Wroclaw, Poland.

**Table of Contents**

We became the first LCD maker in the world to commence commercial production at a 4th generation fab (P3) in July 2000 and at a 5th generation fab (P4) in March 2002, and we started mass production at our 6th generation fab (P6) in August 2004, which allows us to produce LCD panels for large TVs and monitors. Following mass production at our 7th generation fab (P7) in January 2006, we became a panel maker who operates both 6th and 7th generation lines, which we believe will strengthen our position as a leader in the LCD TV market.

Our sales increased by 30.4% from KRW 4,504 billion in the first half of 2006 to KRW 5,874 billion in the first half of 2007 (our consolidated sales under Korean GAAP increased by approximately 27% from KRW 4,786 billion in the first half of 2006 to KRW 6,077 billion in the first half of 2007).

We recorded an operating loss of KRW 99 billion in the first half of 2007 compared to an operating loss of KRW 410 billion in the first half of 2006. We recorded a net income of KRW 60 billion in the first half of 2007 compared to a net loss of KRW 274 billion in the first half of 2006 (we recorded a consolidated operating loss under Korean GAAP of KRW 58 billion in the first half of 2007 compared to a consolidated operating loss of KRW 320 billion in the first half of 2006. Our consolidated net income (loss) amounts under Korean GAAP for the first half of 2006 and 2007, respectively, are the same as our non-consolidated net income (loss) amounts for the corresponding periods.).

We reinforced our position as a leader in LCD technology with the world's first 100-inch TFT-LCD panel and the development of a super-slim panel for mobile phones.

Moreover, we formed strategic alliances or entered into long-term sales contracts with major global firms such as Kodak and Syntax-Brilliant of the United States and Japan's Toshiba, among others, to secure customers and expand partnerships for technology development.

Business area of the company for disclosure is limited to the LCD business.

## (2) Market shares

**Table of Contents**

(3) Market characteristics

Due to the recent high growth in the display appliance market for the flat display format, the scale of the LCD market is growing at a rapid rate, resulting in expansion of the market centered mainly in America, Japan, Europe and China.

(4) New business

P7 in our Paju display cluster is expected to reach a production capacity of 130,000 input sheets of glass substrate per month in the third quarter of 2007. We are currently reviewing an investment for the next generation of fabrication facilities in anticipation of growth in the TFT-LCD market.

In September 2005, we entered into an agreement to build a back-end module production plant in Wroclaw, Poland, becoming the first global LCD industry player to commence such a production facility in Europe. We broke ground on the plant in June 2006 and started mass production in March 2007.

In October 2006, we formed a strategic alliance with Toshiba Corporation whereby Toshiba would take a 19.9% equity participation in our subsidiary, LG.Philips LCD Poland Sp. z o.o., and LG.Philips LCD Poland Sp. z o.o. would supply Toshiba with a quantity of LCD TV panels produced at the plant in Poland.

In May 2006, we entered into an investment agreement with the Guangzhou Development District Administrative Committee to construct a module production plant in Guangzhou, China, and in June 2006, we established LG.Philips LCD Guangzhou Co., Ltd.

(2) R&D achievements

[Achievements in 2004]

1) Development of 20.1-inch AMOLED

Joint development of 20.1-inch AMOLED with LG Electronics

Development of world's largest 20.1-inch wide AMOLED based on LTPS technology

2) Development of copper bus line

Next generation LCD technology to significantly improve brightness, definition and resolution, etc.

3) Development and mass production of world's largest TFT-LCD panel for Full-HD TV (55-inch) in October 2004.

Stitch Lithography and Segmented Circuit Driving to cope with large-size LCD Panel

Achievement of High Contrast Ratio and Fast Response Time through new technologies

Application of innovative panel technology to solve the weak point (gravity/touch stains) of large size

4) Development of Ultra High Resolution Product (30-inch)

World's 1st success in mass production of LCM applying Cu Line(source & gate Area)

Achievement of Ultra High Resolution (2560x1600 : 101ppi)

5) Development of the world's lowest power-consumption, 32-inch Wide LCD TV Model

Development of the world's lowest power consumption, under 90W model (EEFL applied)

High Contrast Ratio, Fast Response Time (DCR + ODC applied)

[Achievements in 2005]

- 6) Development of High Luminance and High Color Gamut 17-inch wide LCD Panel for Notebook Computer

World's 1st 500nit luminance and 72% color gamut in 17-inch wide for Notebook Computer

Development of 6200nit luminance backlight

- 7) Development of world's largest 10.1-inch Flexible Display

Joint development with E-ink Corporation

- 8) 37-inch, 42-inch, 47-inch Full-HD Model Development, applying Low Resistance Line (Copper bus Line)

World's 1st mass production of copper bus line model

Realize Full HD Resolution (1920x1080)

- 9) 37-inch wide LCD Model development which is the world's best in power consumption

The lowest power consumption of below 120W (applying EEFL)

High Contrast Ratio, Fast Response Time with DCR, ODC Technology.

[Achievements in 2006]

- 10) Development of High Brightness/Color gamut 17-inch wide slim LCD for Notebook Computer

Slim model (10t→7t), featuring 500nit, NTSC 72%

Development of Slim and High Brightness Backlight

- 11) World's largest size 100-inch TFT-LCD development

High quality image without noise or signal distortion, applying low resistance copper bus line

High dignity picture for Full HDTV

- 12) 32-inch/42-inch HCFL Scanning Backlight applied LCD TV Model Development

Realization of MBR (Motion Blur Reduction) by application of Backlight Scanning Technology

Lamp Quantity Reduction by HCFL (Hot Cathode Fluorescent Lamp) Application

- 13) Development of World's largest 20.1-inch TFT-LCD for notebook computers

S-IPS Mode, sRGB, Realization of DCR 3000:1 by Backlight Control, Brightness 300nit

14) Ultra-slim TFT-LCD development for mobile phones

Realization of 1.3t by reducing light guide plate & glass thickness

15) The fast response 2.0 TFT-LCD development for mobile phones

Realization of high quality image by new liquid crystal development (25ms→16ms)

16) Wide Color Gamut 30 Wide TFT-LCD monitor development

Realization of 92% high color gamut by application of WCG CCFL

17) LGE Chassis integration model (Tornado) development (32 /37 /42 )

Maximized cost reduction by co-design with LGE & LPL

Improved product competitiveness by thin & light design

18) 32 120Hz new-mode panel development

Cost reduction & spec. upgrade by new-mode panel

MBR (Motion Blur Reduction) by 120Hz driving

19) CI model development (new concept BL)

Cost reduction and productivity improvement by new concept backlight

**Report of Independent Accountants**

To the Board of Directors and Shareholders of

LG.Philips LCD Co., Ltd.

We have reviewed the accompanying non-consolidated balance sheet of LG.Philips LCD Co., Ltd. (the Company) as of June 30, 2007 and the related non-consolidated statements of income, cash flows for the three-month and six-month periods ended June 30, 2007 and 2006, and non-consolidated statements of changes in shareholders' equity for the three-month and six-month periods ended June 30, 2007, expressed in Korean won. These interim financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these interim financial statements based on our reviews.

We conducted our reviews in accordance with the quarterly and semi-annual review standards established by the Securities and Futures Commission of the Republic of Korea. These standards require that we plan and perform our review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the non-consolidated interim financial statements referred to above are not presented fairly, in all material respects, in accordance with accounting principles generally accepted in the Republic of Korea.

We have audited the non-consolidated balance sheet of LG.Philips LCD Co., Ltd. as of December 31, 2006 and the related non-consolidated statements of income, appropriations of retained earnings and cash flows for the year then ended, in accordance with auditing standards generally accepted in the Republic of Korea. We expressed an unqualified opinion on those financial statements in our audit report dated February 13, 2007. These financial statements are not included in this review report. The non-consolidated balance sheet as of December 31, 2006, presented herein for comparative purposes, is consistent, except for the application of the Statements of Korean Financial Accounting Standards No 21, in all material respects, with the above audited balance sheet as of December 31, 2006.

Samil Pricewaterhouse Cooper is the Korean member firm of PricewaterhouseCoopers. PricewaterhouseCoopers refers to the network of member firms of PricewaterhouseCoopers International Limited, each of which is a separate and independent legal entity.

**1. The Company**

LG.Philips LCD Co., Ltd. (the Company) was incorporated in 1985 under its original name of LG Soft, Ltd., under the Commercial Code of the Republic of Korea and commenced the manufacturing and sale of Thin Film Transistor Liquid Crystal Display ( TFT LCD ) in 1999. On July 26, 1999, LG Electronics Inc., Koninklijke Philips Electronics N.V. and the Company entered into a joint venture agreement. Pursuant to the agreement, the Company changed its name from LG LCD CO., Ltd. to LG.Philips LCD Co., Ltd. effective August 27, 1999 and on August 31, 1999, the Company issued new shares of common stock to Koninklijke Philips Electronics N.V. for proceeds of (Won)725,000 million and Koninklijke Philips Electronics N.V. acquired a 50% interest in LG LCD Co., Ltd.

The Company listed its shares with the Korea Stock Exchange and with US Securities and Exchange Commission in July 2004.

As of June 30, 2007, the Company has outstanding capital stock amounting to (Won) 1,789,079 million.

**2. Summary of Significant Accounting Policies**

The significant accounting policies followed by the Company in the preparation of its interim non-consolidated financial statements are same as those followed by the Company in its preparation of annual non-consolidated financial statements and are summarized below:

**Basis of Financial Statement Presentation**

The Company maintains its accounting records in Korean won and prepares statutory financial statements in the Korean language (Hangul) in conformity with the accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Company that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying financial statements have been condensed, restructured and translated into English from the Korean language non-consolidated financial statements. Certain information attached to the Korean language financial statements, but not required for a fair presentation of the Company's financial position, results of operations, cash flow, or changes in shareholders' equity is not presented in the accompanying non-consolidated financial statements.

**Accounting Estimates**

The preparation of the financial statements requires management to make certain estimates and assumptions that affect amounts reported therein. Although these estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future, actual results may differ from those estimates.

**Application of the Statements of Korean Financial Accounting Standards**

The Korean Accounting Standards Board has published a series of Statements of Korean Financial Accounting Standards (SKFAS), which will gradually replace the existing financial accounting standards established by the Korean Financial Supervisory Commission. As SKFAS Nos. 18 through 20 became applicable to the Company on January 1, 2006, the Company adopted these Standards in its financial statements covering periods beginning January 1, 2006.

And as SKFAS Nos. 21 through 23, including No.11, became effective for the Company on January 1, 2007, the Company adopted these Standards in its financial statements as of and for the six-month period ended June 30, 2007. However, the non-consolidated statement of change in shareholders' equity presented for comparative purposes is not stated in accordance with SKFAS No. 21.

**3. Financial Instruments**

As of June 30, 2007 and December 31, 2006, long-term financial instruments represent key money deposits required to maintain checking accounts and accordingly, the withdrawal of such deposits is restricted.

**4. Inventories**

**8. Stock Appreciation Plan**

On April 7, 2005, the Company granted 450,000 shares of stock appreciation rights ( SARs ) to certain executives. Under the terms of this plan, the executives, upon exercising their SARs, are entitled to receive cash equal to the excess of the market price of the Company's common stock over the exercise price of (Won)44,050 per share. The exercise price decreased from (Won)44,260 to (Won)44,050 due to the additional issuance of common stock in 2005. These SARs are exercisable starting April 8, 2008, through April 7, 2012. Additionally, when the increase rate of the Company's share price is the same or less than the increase rate of the Korea Composite Stock Price Index ( KOSPI ) over the three-year period following the grant date, only 50% of the initially granted shares is exercisable.

In October 2006, the subsidiaries entered into a five-year accounts receivable selling program with Standard Chartered Bank, selling accounts receivables of four subsidiaries, namely, LG. Philips LCD America Inc., LG. Philips LCD Germany GmbH, LG. Philips LCD Shanghai CO., Ltd. and LG. Philips LCD Hong Kong, on a revolving basis, of up to US\$600 million. The Company joined this program in April 2007. As of June 30, 2007, the amount of accounts receivables which was recorded as sales is (Won)34,943 million. Losses including the loss on sale of receivables, various program and facility fees associated with the Program totaled approximately (Won)313 million for the six-month period ended June 30, 2007.

As of June 30, 2007, in relation to its TFT-LCD business, the Company has technical license agreements with Hitachi and others, and has trademark license agreements with LG Corporation and Koninklijke Philips Electronics N.V.

The Company enters into foreign currency forward contracts to manage the exposure to changes in currency exchange rates in accordance with its foreign currency risk management policy. The use of foreign currency forward contracts allows the Company to reduce its exposure to the risk that the eventual Korean won cash outflows resulting from operating expenses, capital expenditures, purchasing of materials and debt service will be adversely affected by changes in exchange rates.

A summary of these contracts follows:

<i>(in millions)</i>			<b>Contract foreign</b>		
<b>Contracting party</b>	<b>Selling position</b>	<b>Buying position</b>	<b>exchange rate</b>	<b>Maturity date</b>

The Company is involved in several legal proceedings and claims arising in the ordinary course of business. On August 29, 2002, the Company filed a complaint against Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America, alleging patent infringement relating to liquid crystal displays and the manufacturing process of TFT-LCDs. On June 21, 2004, Chunghwa Picture Tubes filed a counter-claim against the Company in the United States District Court for the Central District of California for alleged ownership for certain patents and violation of U.S. antitrust laws. In October 2006, the court of the Central District of California dismissed the counter-claim for alleged ownership for certain patents. On November 21, 2006, the Jury in California issued a verdict that Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America had willfully infringed a patent owned by the Company, and awarded the Company US\$53.5 million in damages.

On May 27, 2004, the Company filed a complaint in the United States District of Delaware against Tatung Co., the parent company of Chunghwa Picture Tubes, and ViewSonic Corp., and others claiming patent infringement of rear mountable liquid crystal display devices.

On January 10, 2005, Chunghwa Picture Tubes filed a complaint for patent infringement against LG Electronics Inc. and the Company in the United States District Court for the Central District of California. On March 29, 2007, the United States District Court for the Central District of California dismissed the case without prejudice.

On May 13, 2005, the Company also filed a complaint against Chunghwa Picture Tubes, Tatung Company and Viewsonic Corporation, alleging patent infringement related to liquid crystal display and the manufacturing process of TFT-LCDs in the United States District of Delaware. On July 27, 2006, the Jury in Delaware issued a verdict that Chunghwa Picture Tubes had willfully infringed a patent owned by the Company, and awarded the Company US\$52.4 million in damages.

On January 9, 2006, New Medium Technology LLC, AV Technologies LLC, IP Innovation LLC, and Technology Licensing Corporation filed a complaint for patent infringement against the Company in the United States District Court of Illinois Eastern Division. On June 28, 2007, the Company settled with IP Innovation LLC and Technology Licensing Corporation, and the case was dismissed on July 6, 2007.

On December 1, 2006, the Company filed a complaint against Chi Mei Optoelectronics Corp., AU Optronics Corp., Tatung Company, ViewSonic Corp. and others alleging patent infringement related to liquid crystal display and manufacturing process for TFT-LCDs in the United States District Court for the District of Delaware. On March 8, 2007, AU Optronics Corp. countersued against the Company in the United States District Court for the Western District of Wisconsin, but the suit was transferred to the United States District Court for the District of Delaware according to the Company's motion to transfer. On May 4, 2007, Chi Mei Optoelectronics Co. countersued the Company for patent infringement in the United States District Court for the Eastern District of Texas.

On April 14, 2006, Positive Technologies, Inc. filed a complaint in the United States District Court for the Eastern District of Texas against, among others, several of our customers, including BenQ America Corp., Hitachi America Ltd., Panasonic Corp. of North America, Philips Electronics North America Corp. Toshiba America, Inc., for alleged infringement of two of its patents relating to LCD displays. Positive Technologies, Inc. is seeking, among other things, damages for past infringement. On March 7, 2007, the United States District Court for the Eastern District of Texas granted the Company's intervention in the patent infringement case brought by Positive Technologies, Inc.

On February 2, 2007, Anvik Corporation filed a patent infringement case against the Company, along with other LCD manufacturing companies, in connection with the usage of photo-masking equipment manufactured by Nikon Corporation.

The Company's management does not expect that the outcome in any of these legal proceedings and claims, individually or collectively, will have material adverse effect on the Company's financial condition, results of operations or cash flows.

The Company is currently under investigation by the fair trade or antitrust authorities in Korea, Japan, US and other markets with respect to possible anti-competitive activities in the LCD industry. As of June 30, 2007, the Company, along with a number of other companies in the LCD industry, has been named as defendant in a number of federal class actions in the United States alleging that the defendants violated the antitrust laws in connection with the sale of LCD panels.

In February 2007, the Company and certain of its officers and directors have been named as defendants in a federal class action in the United States by the shareholders of the Company alleging violations of the U.S. Securities Exchange Act of 1934, as amended, by the Company and certain of its officers and directors in connection with possible anti-competitive activities in the LCD industry. The Company and the officers and directors intend to defend themselves vigorously in this matter.

Each of these matters remains in the very early stages and the Company is not in a position to predict their ultimate outcome. However, the Company intends to defend itself vigorously in these matters.

**14. Earnings(Loss) Per Share**

Earnings (loss) per share is computed by dividing net income by the weighted-average number of common shares outstanding during the period. Ordinary income (loss) per share is computed by dividing ordinary income (loss) allocated to common stock, which is net income (loss) allocated to common stock as adjusted by extraordinary gains or losses, net of related income taxes, by the weighted-average number of common shares outstanding during the period.

Earnings (loss) per share for the three-month and six-month periods ended June 30, 2007 and 2006, is calculated as follows:

<i>(in millions, except for per share amount)</i>	For the three-month periods ended June 30,		For the six-month periods ended June 30,	
	2007	2006	2007	2006
Net income (loss) as reported on the statements of income	(Won) 228,486	(Won) (321,520)	(Won) 59,888	(Won) (274,002)
Weighted-average number of common shares outstanding	358	358	358	358
Earnings (loss) per share	(Won) 639	(Won) (899)	(Won) 167	(Won) (766)

Prior to the issuance of convertible bonds on April 19, 2005, the Company had not issued any dilutive securities. Diluted loss per share is identical to basic loss per share as the Company recorded net loss during the three-month period and six-month periods ended June 30, 2006. Additionally, diluted earnings per share is identical to basic earnings per share as convertible bonds have no dilutive effect for the six-month period ended June 30, 2007.

**2. Summary of Significant Accounting Policies**

The significant accounting policies followed by the Controlling Company and its consolidated subsidiaries in the preparation of its interim consolidated financial statements are same as those followed by the Controlling Company in its preparation of annual consolidated financial statements and are summarized below.

**Basis of Consolidated Financial Statement Presentation**

The Controlling Company maintains its accounting records in Korean won and prepares statutory financial statements in the Korean language (Hangul) in conformity with the accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Controlling Company that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these consolidated financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying consolidated financial statements have been condensed, restructured and translated into English from the Korean language consolidated financial statements. Certain information attached to the Korean language financial statements, but not required for a fair presentation of the Company's financial position, results of operations, cash flow, or changes in shareholders' equity is not presented in the accompanying consolidated financial statements.

**Accounting Estimates**

The preparation of the financial statements requires management to make certain estimates and assumptions that affect amounts reported therein. Although these estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future, actual results may differ from those estimates.

**Application of the Statements of Korean Financial Accounting Standards**

The Korean Accounting Standards Board has published a series of Statements of Korean Financial Accounting Standards (SKFAS), which will gradually replace the existing financial accounting standards established by the Korean Financial Supervisory Commission. As SKFAS Nos. 18 through 20 became applicable to the Company on January 1, 2006, the Company adopted these Standards in its financial statements covering periods beginning January 1, 2006.

And as SKFAS Nos. 21 through 23, including No.11 and 25, became effective for the Company on January 1, 2007, the Company adopted these Standards in its financial statements as of and for the six-month period ended June 30, 2007. However, the consolidated statement of changes in shareholders' equity presented for comparative purposes is not stated in accordance with SKFAS No. 21.

On April 7, 2005, the Company granted 450,000 shares of stock appreciation rights (SARs) to certain executives. Under the terms of this plan, the executives, upon exercising their SARs, are entitled to receive cash equal to the excess of the market price of the Company's common stock over the exercise price of (Won)44,050 per share. The exercise price decreased from (Won)44,260 to (Won)44,050 due to the additional issuance of common stock in 2005. These SARs are exercisable starting April 8, 2008, through April 7, 2012. Additionally, when the increase rate of the Company's share price is the same or less than the increase rate of the Korea Composite Stock Price Index (KOSPI) over the three-year period following the grant date, only 50% of the initially granted shares is exercisable.

The options activity under the SARs as of June 30, 2007 and December 31, 2006, consist of the following:

	2007		2006	
	Number of shares under SARs	Weighted average exercise price	Number of shares under SARs	Weighted average exercise price

In September 2004, the Controlling Company entered into a five-year accounts receivable securitization program (the Program) with a financial institution. The Program allows the Company to sell, on a revolving basis, an undivided interest up to US\$350 million in eligible accounts receivables of four subsidiaries, namely, LG.Philips LCD America (LPLA), LG.Philips LCD Germany (LPLG), LG.Philips LCD Taiwan (LPLT) and LG.Philips LCD Japan (LPLJ), while retaining a subordinated interest in a portion of the receivables. The eligible receivables of LPLA and LPLG are sold without legal recourse to third party conduits through LG. Philips LCD America Finance Corporation, a qualifying bankruptcy-remote special purpose entity, which is wholly owned by LPLA but is not consolidated for financial reporting purposes. The eligible receivables of LPLT and LPLJ are sold without legal recourse to third party conduits through ABN AMRO Taipei Branch and ABN AMRO Tokyo Branch, respectively.

As of June 30, 2007, the outstanding balance of securitized accounts receivable held by the third party conduits totaled (Won)315,671 million (December 31, 2006: (Won)364,785 million), of which the Company's subordinated retained interest was (Won)61,559 million (December 31, 2006: (Won)70,643 million). Accordingly, (Won)254,112 million (December 31, 2006: (Won)294,122 million) of accounts receivable balances, net of applicable allowances, was removed from the consolidated balance sheet at June 30, 2007. Losses including the loss on sale of receivables, various program and facility fees associated with the Program totaled approximately (Won)7,319 million for the six-month period ended June 30, 2007.

In June 2006, LPLSH entered into an accounts receivable selling program with Standard Chartered Bank for up to US\$200 million. As of June 30, 2007, there are no accounts receivable which were recorded as sales. Losses, including the loss on sale of receivables, various programs and facility fees associated with the program totaled approximately (Won)430 million for the six-month period ended June 30, 2007.

In September 2006, the LPLT entered into accounts receivable selling program with ChinaTrust Bank of up to US\$423 million. As of June 30, 2007 there are no accounts receivables recorded as sold. Losses including the loss on sale of receivables, various program and facility fees associated with the Program totaled approximately (Won)3,117 million for the six-month period ended June 30, 2007.

The Controlling Company is involved in several legal proceedings and claims arising in the ordinary course of business. On August 29, 2002, the Controlling Company filed a complaint against Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America, alleging patent infringement relating to liquid crystal displays and the manufacturing process of TFT-LCDs. On June 21, 2004, Chunghwa Picture Tubes filed a counter-claim against the Controlling Company in the United States District Court for the Central District of California for alleged ownership for certain patents and violation of U.S. antitrust laws. In October 2006, the court of the Central District of California dismissed the counter-claim for alleged ownership for certain patents. On November 21, 2006, the Jury in California issued a verdict that Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America had willfully infringed a patent owned by the Controlling Company, and awarded the Controlling Company US\$53.5 million in damages.

On May 27, 2004, the Controlling Company filed a complaint in the United States District Court for the District of Delaware against Tatung Co., the parent company of Chunghwa Picture Tubes, and ViewSonic Corp., and others claiming patent infringement of rear mountable liquid crystal display devices.

On January 10, 2005, Chunghwa Picture Tubes filed a complaint for a portable computer patent infringement against LG Electronics Inc. and the Controlling Company in the United States District Court for the Central District of California. On March 29, 2007, the United States District Court for the Central District of California dismissed the case without prejudice.

On May 13, 2005, the Controlling Company also filed a complaint against Chunghwa Picture Tubes, Tatung Company and Viewsonic Corporation, alleging patent infringement related to liquid crystal display and the manufacturing process of TFT-LCDs in the United States District Court for the District of Delaware. On July 27, 2006, the Jury in Delaware issued a verdict that Chunghwa Picture Tubes had willfully infringed a patent owned by the Company, and awarded the Controlling Company US\$52.4 million in damages.

On January 9, 2006, New Medium Technology LLC, AV Technologies LLC, IP Innovation LLC, and Technology Licensing Corporation filed a complaint for patent infringement against the Controlling Company in the United States District Court of Illinois Eastern Division. On June 28, 2007, the Controlling Company settled with IP Innovation LLC and Technology Licensing Corporation, and the case was dismissed on July 6, 2007.

On December 1, 2006, the Controlling Company filed a complaint against Chi Mei Optoelectronics Corp., AU Optronics Corp., Tatung Company, ViewSonic Corp. and others alleging patent infringement related to liquid crystal display and manufacturing process for TFT-LCDs in the United States District Court for the District of Delaware. On March 8, 2007, AU Optronics Corp. countersued against the Company in the United States District Court for the Western District of Wisconsin, but the suit was transferred to the United States District Court for the District of Delaware according to the Controlling Company's request to transfer. On May 4, 2007, Chi Mei Optoelectronics Co. countersued the Controlling Company for patent infringement in the United States District Court for the Eastern District of Texas.

On April 14, 2006, Positive Technologies, Inc. filed a complaint in the United States District Court for the Eastern District of Texas against, among others, several of the Controlling Company's customers, including BenQ America Corp., Hitachi America Ltd., Panasonic Corp. of North America, Philips Electronics North America Corp. and Toshiba America, Inc., for alleged infringement of two of its patents relating to LCD displays. Positive Technologies, Inc. is seeking, among other things, damages for past infringement. On March 7, 2007, the United States District Court for the Eastern District of Texas granted the Controlling Company's intervention in the patent infringement case brought by Positive Technologies, Inc.

On February 2, 2007, Anvik Corporation filed a patent infringement case against the Controlling Company, along with other LCD manufacturing companies, in connection with the usage of photo-masking equipment manufactured by Nikon Corporation.

The Controlling Company's management does not expect that the outcome in any of these legal proceedings and claims, individually or collectively, will have material adverse effect on the Company's financial condition, results of operations or cash flows.

The Controlling Company is currently under investigation by the fair trade or antitrust authorities in Korea, Japan, US and other markets with respect to possible anti-competitive activities in the LCD industry. As of June 30, 2007, the Controlling Company, along with a number of other companies in the LCD industry, has been named as defendant in a number of federal class actions in the United States alleging that the defendants violated the antitrust laws in connection with the sale of LCD panels.

In February 2007, the Controlling Company and certain of its officers and directors have been named as defendants in a federal class action in the United States by the shareholders of the Controlling Company alleging violations of the U.S. Securities Exchange Act of 1934, as amended, by the Controlling Company and certain of its officers and directors in connection with possible anti-competitive activities in the LCD industry. The Controlling Company and the officers and directors intend to defend themselves vigorously in this matter.

Each of these matters remains in the very early stages and the Controlling Company is not in a position to predict their ultimate outcome. However, the Controlling Company intends to defend itself vigorously in these matters.

Earnings (loss) per share is computed by dividing net income by the weighted-average number of common shares outstanding during the period. Ordinary income (loss) per share is computed by dividing ordinary income (loss) allocated to common stock, which is net income (loss) allocated to common stock as adjusted by extraordinary gains or losses, net of related income taxes, by the weighted-average number of common shares outstanding during the period.

Earnings (loss) per share for the three-month and six-month periods ended June 30, 2007 and 2006, is calculated as follows:

<i>(in millions, except for per share amount)</i>	<b>For the six-month</b>	
	<b>periods ended June 30,</b>	
	<b>2007</b>	<b>2006</b>
Net income (loss) as reported on the statements of income	(Won) 59,888	(Won) (274,002)
Weighted-average number of common shares outstanding	358	358
<b>Earnings (loss) per share</b>	<b>(Won) 167</b>	<b>(Won) (766)</b>

Prior to the issuance of convertible bonds were issued on April 19, 2005, the Company had not issued any dilutive securities. Diluted loss per share is identical to basic loss per share as the Company recorded net loss during the three-month period and six-month periods ended June 30, 2006. Additionally, diluted loss per share is identical to basic loss per share as convertible bonds have no dilutive effect for the six-month period ended June 30, 2007.

In addition, for the six month periods ended June 30, 2006 and 2007, the Company recorded unrealized gains of (Won)2,916 million and (Won)3,313 million and unrealized losses of (Won)27,052 million and (Won)3,033 million, respectively, relating to these derivative contracts designated for trading.

**5. Shareholders equity**

On May 21, 2004, employees of the Company formed an employee stock ownership association, ( ESOA ), which has the right to purchase on behalf of its membership up to 20% (1,728,000 shares) of shares offered publicly in Korea, pursuant to the Korean Securities and Exchange Act. Employees purchased the shares through the ESOA with loans provided by the Company at the initial public offering price ((Won)34,500) and put under each individual employee s account. 20% of the 20% of shares (345,600 shares) purchased by employees with loans from the Company is accounted for as a restricted stock award which vests over four years. Unearned compensation, shown as a deduction of Capital Surplus, will be amortized over the 4 year vesting period. During the six month period ended June 30, 2006 and 2007, the Company recorded compensation expense of (Won)1,758 million and (Won)1,214 million, respectively.

**Table of Contents****LG. Philips LCD Co., Ltd.****Notes to Consolidated Financial Statements (Unaudited)****June 30, 2006 and 2007****6. Stock Appreciation Plan**

Effective January 1, 2005, the company adopted the provisions of Statement of Financial Accounting Standards ( SFAS ) No. 123(R), Share-Based Payment ( SFAS 123(R) ). SFAS 123(R) establishes accounting for stock-based awards exchanged for employee services. SFAS No. 123(R) requires that an award that is classified as a liability to be initially measured at its grant date fair value and remeasured at fair value at the end of each reporting period until the award is settled or expires. The measurement is based on the current stock price and other relevant factors. The difference between the fair value amounts is recognized as compensation expense during the requisite service period, based on the percentage of the requisite service that the employee has rendered as of that date. In accordance with SFAS No. 123(R), compensation expense is remeasured at each reporting date, based on the fair value of the award, and is recognized as expense over the employee requisite service period.

On April 7, 2005, the Company granted 450,000 shares of stock appreciations rights ( SARs ) for selected management employees. Under the terms of this plan, management, on exercise, receive cash equal to the amount that the market price of the Company's common stock exceeds the strike price ((Won)44,050) of the SARs. The vesting period is two years starting from the grant date, and exercisable period is April 08, 2008 through April 07, 2012. As of June 30, 2007, 190,000 shares of previously granted SARs have been cancelled which leaves 260,000 SARs currently outstanding.

The following table shows total stock-based compensation expense included in the consolidated statement of income:

<i>(in millions of Korean won)</i>	<b>June 30, 2006</b>	<b>June 30, 2007</b>
Cost of goods sold	(Won) 405	(Won) 494
Selling general and administrative	217	2,245
Income tax benefits	(308)	(753)

There were no capitalized stock-based compensation costs at June 30, 2006 and 2007.

**7. Commitments and Contingencies**

The Company is involved in several legal proceedings and claims arising in the ordinary course of business. On August 29, 2002, the Company filed a complaint against Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America, alleging patent infringement relating to liquid crystal displays and the manufacturing process of TFT-LCDs. On June 21, 2004, Chunghwa Picture Tubes filed a counter-claim against the Company in the United States District Court under the Central District of California for alleged ownership for certain patents and violation of U.S. antitrust laws. In October 2006, the court of the Central District of California dismissed the counter-claim for alleged ownership for certain patents. On November 21, 2006, the Jury in California issued a verdict that Chunghwa Picture Tubes, Tatung Company and Tatung Co. of America had willfully infringed a patent owned by the Company, and awarded the Company US\$53.5 million in damages.

On May 27, 2004, the Company filed a complaint in the United States District Court for the District of Delaware against Tatung Co., the parent company of Chunghwa Picture Tubes, and ViewSonic Corp., and others claiming patent infringement of rear mountable liquid crystal display devices.

On January 10, 2005, Chunghwa Picture Tubes filed a complaint for patent infringement against LG Electronics Inc.( LGE ) and the Company in the United States District Court for the Central District of California. On March 29, 2007, the United States District Court for the Central District of California dismissed the case without prejudice.

On May 13, 2005, the Company also filed a complaint against Chunghwa Picture Tubes, Tatung Company and ViewSonic Corporation, alleging patent infringement related to liquid crystal display and the manufacturing process of TFT-LCDs in the United States District of Delaware. On July 27, 2006, the Jury in Delaware issued a verdict that Chunghwa Picture Tubes had willfully infringed a patent owned by the Company, and awarded the Company US\$52.4 million in damages.

On January 9, 2006, New Medium Technology LLC, AV Technologies LLC, IP Innovation LLC, and Technology Licensing Corporation filed a complaint for patent infringement against the Company in the United States District Court for the Northern District of Illinois. On June 28, 2007, the Company settled with IP Innovation LLC and Technology Licensing Corporation, and the case was dismissed on July 6, 2007.

On December 1, 2006, the Company filed a complaint against Chi Mei Optoelectronics Corp., AU Optronics Corp., Tatung Company, ViewSonic Corp. and others alleging patent infringement related to liquid crystal display and manufacturing process for TFT-LCDs in the United States District Court for the District of Delaware. On March 8, 2007, AU Optronics Corp. countersued against the Company in the United States District Court for the Western District of Wisconsin, but it has been transferred to United States District Court for the District of Delaware according to the Company's motion to transfer. On May 4, 2007, Chi Mei Optoelectronics Co. countersued the Company for patent infringement in the United States District Court for the Eastern District of Texas.

On April 14, 2006, Positive Technologies, Inc. filed a complaint in the United States District Court for the Eastern District of Texas against, among others, several of our customers, including BenQ America Corp., Hitachi America Ltd., Panasonic Corp. of North America, Philips Electronics North America Corp. and Toshiba America, Inc., for alleged infringement of two of its patents relating to LCD displays. Positive Technologies, Inc. is seeking, among other things, damages for past infringement. On March 7, 2007, the United States District Court for the Eastern District of Texas granted our motion to intervene in the patent infringement case brought by Positive Technologies, Inc.

On February 2, 2007, Anvik Corporation filed a patent infringement case against the Company, along with other LCD manufacturing companies, in connection with the usage of photo-masking equipment manufactured by Nikon Corporation.

The Company's management does not expect that the outcome in any of these legal proceedings and claims, individually or collectively, will have any material adverse effect on the Company's financial condition, results of operations or cash flows.

The Company is currently under investigation by the fair trade or antitrust authorities in Korea, Japan, US and other markets with respect to possible anti-competitive activities in the LCD industry. As of June 30, 2007, the Company, along with a number of other companies in the LCD industry, have been named as defendants in a number of purported federal class actions in the United States alleging that the defendants violated the antitrust laws in connection with the sale of LCD panels.

In February 2007, the Company and certain of its officers and directors have been named as defendants in a federal class action in the United States by the shareholders of the Company alleging violations of the U.S. Securities Exchange Act of 1934, as amended, by the Company and certain of its officers and directors in connection with possible anti-competitive activities in the LCD industry. The Company and the officers and directors intend to defend themselves vigorously in this matter.

Each of these matters remains in the very early stages and the Company is not in a position to predict their outcome. However, the Company intends to defend itself vigorously in these matters.

The Company sells a significant portion of products based on non-binding long-term supply agreements to LG Electronics and Philips Electronics, who are currently the largest shareholders of the Company. These agreements are for three-year terms and had expired in 2004. The Company has reentered into a formal master agreement with both LG Electronics and Philips Electronics in 2006.

As of December 31, 2004, the Company has a trademark license agreement with LG Corporation and Philips Electronics. Under this agreement, the Company has to pay some portion of revenue as a license fee. This agreement is for three-year terms and shall expire at the end of year 2007.

As of June 30 2007, the Company has bank overdraft agreements with various banks amounting to (Won)59,000 million and has revolving credit facility agreements with several banks totaling (Won)200,000 million and US\$100 million.

LG.Philips LCD America Co., Ltd. and other subsidiaries have entered into short-term facility agreements up to US\$ 97 million, EUR 3.6 million, and JP¥ 5,200 million with Comerica Bank and other various banks. LG. Philips LCD Japan Co., Ltd. and LG. Philips LCD Taiwan Co., Ltd. are provided with repayment guarantees from Mitsubishi UFJ Bank and ABN AMRO Bank amounting to JP¥1,300 million and US\$ 4 million, respectively, relating to their local tax payments.

The Company has repayment guarantee from ABN AMRO Bank amounting to US\$8.5 million relating to value-added tax payments in Poland.

As of June 30, 2007, the Company entered into a payment guarantee agreements with a syndicate of banks including Kookmin Bank and Societe Generale in connection with a EUR 140 million term loan credit facility for LG.Philips LCD Poland. In connection with these agreements LG. Philips LCD Poland has borrowed EUR 50 million of long term debt maturing in 2013 during the six-month period ended June 30, 2007.

As of December 31, 2004, in relation to its TFT-LCD business, the Company has technical license agreements with Semiconductor Energy Laboratory Co., Ltd. and others. The licensing agreements generally require royalty payments based on a specific percentage of sales. Costs are accrued by the Company as the sales of the specified products are made. Royalty expenses charged to cost of sales under these licensing agreements totaled (Won)14,327 million and (Won)15,247 million for the six month periods ended June 30, 2006 and 2007 respectively.

On April 18, 2007, the Company issued US dollar-denominated convertible bonds totaling US\$550 million, with a zero coupon rate. On or after April 19, 2008 through April 3, 2012, the bonds are convertible into common shares at a conversion price of (Won)49,070 per share of common stock, subject to adjustment based on certain events. The bonds will mature in five years from the issue date and will be repaid at 116.77 % of their principal amount at maturity. The bondholders have a put option to be repaid at 109.75 % of their principal amount on April 18, 2010.

The Company has additionally borrowed \$100 million of long term debt maturing in 2012 from Mitsubishi UFJ Bank, \$140 million maturing in 2012 from Korea Development Bank, and \$50 million maturing in 2013 from Korea Eximbank during the six-month period ended June 30, 2007.

**8. Income Tax**

The Company adopted the provisions of FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes ( FIN 48 ), on January 1, 2007. FIN 48 prescribes a recognition threshold that tax position is required to meet before being recognized in the financial statements and provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition issues. The Company does not have any unrecognized uncertain tax positions as of June 30, 2007. The Company files its tax returns as prescribed by the tax laws of the jurisdictions in which it operates. The Company's 2003 ~ 2006 tax years are still subject to examination. Subsidiaries in foreign jurisdiction tax years remain open to examination as well, though the Company believes any additional assessment will be immaterial to its consolidated financial statements.

The Company provides a valuation allowance against deferred tax assets when it is more likely than not that some portion, or all of its deferred tax assets, will not be realized. The Company's deferred tax asset valuation allowance decreased approximately (Won)141 billion during the six months ended June 30, 2007 to (Won)18.5 billion as of June 30, 2007.
