GENERAL INFORMATION ABOUT THE MEETING

In this section of the proxy statement, we answer some common questions regarding the annual meeting and the voting of shares at the annual meeting.

Where and when will the annual meeting be held?

The date, time and place of the annual meeting are:

May 21, 2009

10:00 a.m. (Central Time)

Fairmont Chicago Hotel

200 N. Columbus Drive

Chicago, Illinois 60611

Why did I receive a notice in the mail regarding the Internet availability of proxy materials this year instead of a paper copy of proxy materials?

The United States Securities and Exchange Commission (the "SEC") recently approved "Notice and Access" rules relating to the delivery of proxy materials over the Internet. These rules permit us to furnish proxy materials, including this proxy statement and our annual report, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice of Internet Availability of Proxy Materials (the "Notice"), which was mailed to our stockholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice. Any request to receive proxy materials by mail or email will remain in effect until you revoke it.

Can I vote my shares by filling out and returning the Notice?

No. The Notice identifies the items to be voted on at the annual meeting, but you cannot vote by marking the Notice and returning it. The Notice provides instructions on how to vote by Internet, by requesting and returning a paper proxy card, or by submitting a ballot in person at the meeting.

Why did you send me the Notice?

We sent you the Notice regarding this proxy statement because our board of directors is asking for your proxy to vote your shares at the annual meeting. We have summarized information in this proxy statement that you should consider in deciding how to vote at the annual meeting. You don't have to attend the annual meeting in order to vote your shares. Instead, you may simply vote your shares electronically via the Internet or by telephone or by completing and returning the proxy card if you requested paper proxy materials. Voting instructions are provided in the Notice, or, if you requested printed materials, the instructions are printed on your proxy card and included in the accompanying proxy statement.

Who can vote?

You can vote your shares of common stock if our records show that you were the owner of the shares as of the close of business on March 25, 2009, the record date determining the stockholders who are entitled to vote at the annual meeting. As of March 25, 2009, there were a total of 74,963,830 shares of common stock outstanding and entitled to vote at the annual meeting. You get one vote for each share of common stock that you own.

Table of Contents

How are votes counted?

We will hold the annual meeting if stockholders representing the required quorum of shares of common stock entitled to vote either authorize their proxy online or telephonically, sign and return their proxy cards or attend the annual meeting. A majority of the shares of common stock entitled to vote at the annual meeting present in person or by proxy constitutes a quorum. If you authorize your proxy online or telephonically or sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote as indicated on the proxy card.

If you abstain or withhold votes for purposes of the vote on the election of directors or the ratification of the appointment of Deloitte & Touche LLP as our independent auditors, your abstention or withheld vote will not be counted as votes cast and will have no effect on the result of such votes.

What is the required vote for approval?

The election of each of our nominees for director requires a plurality of the votes cast at the annual meeting and the ratification of the appointment of Deloitte & Touche LLP as our independent auditors requires a majority of the votes cast at the annual meeting on such matters.

How do I vote by proxy?

Follow the instructions on the Notice to vote your shares electronically via the Internet or by telephone or by completing and returning the proxy card if you requested paper proxy materials to vote on the matters to be considered at the annual meeting. The individuals named and designated as proxies will vote your shares as you instruct. You have the following choices in completing your voting:

You may vote on each proposal, in which case your shares will be voted in accordance with your choices.

In voting on directors, you can either vote **FOR** all directors or withhold or abstain your vote on all or certain directors specified by you.

You may abstain on the proposal to ratify the appointment of Deloitte & Touche LLP as our independent auditors, in which case no vote will be recorded.

You may return a signed proxy card without indicating your vote on any matter, in which case the designated proxies will vote to elect all seven nominees as directors, and ratify the appointment of Deloitte & Touche LLP as our independent auditors.

How can I authorize my proxy online or via telephone?

In order to authorize your proxy online or via telephone, go to www.proxyvote.com or call the toll-free number reflected on the Notice, and follow the instructions. Please have your Notice in hand when accessing the site, as it contains a 12-digit control number required for access. You can authorize your proxy via the Internet or by phone at any time prior to 11:59 p.m. Eastern Time, May 20, 2009, the day before the annual meeting.

If you requested paper proxy materials, you may also refer to the proxy card enclosed herewith for instructions. If you choose not to authorize your proxy electronically, please complete and return the paper proxy card in the pre-addressed, postage-paid envelope provided herewith.

What if other matters come up at the annual meeting?

The only matters we now know of that will be voted on at the annual meeting include the proposals we have described in this proxy statement: the election of seven directors and the proposal to ratify the appointment of Deloitte & Touche LLP as our independent auditors for 2009. If other matters are properly presented at the annual meeting, the designated proxies will vote your shares in their discretion.

Table of Contents

Can I change my previously authorized vote?

Yes. At any time before the vote on a proposal, you can change your vote either by executing or authorizing, dating, and delivering to us a new proxy via the Internet, telephone or mail prior to the annual meeting, by giving us a written notice revoking your proxy card or by attending the annual meeting and voting your shares in person. Your attendance at the annual meeting will not, by itself, revoke a proxy previously given by you. We will honor the latest dated proxy.

Proxy revocation notices or new proxy cards should be sent to Strategic Hotels & Resorts, Inc., 200 W. Madison Street, Suite 1700, Chicago, Illinois 60606, Attention: Secretary.

Can I vote in person at the annual meeting rather than by authorizing a proxy?

Although we encourage you to authorize your proxy to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person even if you authorized your proxy electronically or telephonically or submitted a proxy card.

Will my shares be voted if I do not provide my proxy?

Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority under the New York Stock Exchange rules to cast votes on certain routine matters if they do not receive instructions from their customers. The election of directors and the proposal to ratify the appointment of Deloitte & Touche LLP as our independent auditors are considered routine matters for which brokerage firms may vote unvoted shares.

What do I do if my shares are held in street name ?

If your shares are held in the name of your broker, a bank or other nominee in street name, that party will give you instructions for voting your shares. If your shares are held in street name and you would like to vote your shares in person at the annual meeting, you must contact your broker, bank or other nominee to obtain a proxy form from the record holder of your shares.

Who will count the votes?

Representatives of Broadridge Financial Services, Inc. will count the votes and will serve as the independent inspector of election.

Who pays for proxy solicitation?

We do. In addition to sending you these materials, some of our employees or agents may contact you by telephone, by mail, or in person. None of our employees will receive any extra compensation for doing this. We may engage an outside firm to solicit votes and the cost to us of engaging such a firm is estimated to be \$8,500 plus reasonable out-of-pocket expenses.

If you have additional questions about this proxy statement or the meeting or would like additional copies of this document or our annual report on Form 10-K for the year ended December 31, 2008, without charge, please contact: Strategic Hotels & Resorts, Inc., 200 W. Madison Street, Suite 1700, Chicago, Illinois 60606, Attention: General Counsel.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****Board of Directors**

There are currently eight directors on our board of directors. The Company's board of directors has reduced the number of directors that serve on the board of directors to seven, effective as of the date of the annual meeting. Seven nominees will be proposed for election as directors at the annual meeting to hold office until our next annual meeting of stockholders and until their successors are duly elected and qualify. All seven nominees currently serve on our board of directors.

On March 25, 2009, Michael W. Brennan, who has served as a director since 2005, advised the Company that he plans to retire from the board of directors, effective at the annual meeting, due to the need to focus his energies and attention on the founding of his new company, Brennan Investment Group, LLC. As a result, Mr. Brennan will not stand for re-election at the annual meeting. Mr. Brennan may provide strategic advice or consulting services to the Company in the future.

All of the nominees are willing to serve as directors, but if any of them should decline or be unable to act as a director, the individuals designated in the proxy cards as proxies will exercise the discretionary authority provided to vote for the election of such substitute nominee selected by our board of directors, unless the board alternatively acts to reduce the size of the board or maintain a vacancy on the board in accordance with our bylaws. The board of directors has no reason to believe that any such nominees will be unable or unwilling to serve.

In determining the independence of our directors, our board of directors considered transactions, relationships and arrangements between each director or any member of his immediate family and the Company and its subsidiaries and affiliates. Our board of directors has determined that Robert P. Bowen, Michael W. Brennan, Kenneth Fisher, James A. Jeffs, Richard D. Kincaid and William A. Prezant are independent under the criteria for independence set forth in the listing standards of the New York Stock Exchange, and therefore, upon the election of all seven nominees, we will continue to meet the New York Stock Exchange requirement for a majority of independent directors serving on the board of directors. In addition, Edward Coppola, who retired from our board of directors in January 2009, had previously been determined to be independent under the criteria for independence set forth in the listing standards of the New York Stock Exchange.

Stockholder Communications Policy. We have adopted procedures for employees, stockholders and other interested parties to communicate their concerns regarding accounting, internal accounting controls or auditing matters to the audit committee and other matters to non-management directors or our board of directors as a group. Our code of business conduct and ethics requires employees to report such concerns.

All such concerns may be communicated to the Secretary by written correspondence directed to Secretary, Strategic Hotels & Resorts, Inc., 200 W. Madison Street, Suite 1700, Chicago, Illinois 60606.

Employees, stockholders and other interested parties may communicate concerns regarding questionable accounting or auditing matters to the Secretary on a confidential and anonymous basis. In each case (and except as the audit committee or non-management directors may otherwise request), the Secretary will provide original copies or records of all communications. However, depending on the length and number of communications received, the Secretary may provide only a summary of the communications along with the original copy or record of any communications deemed particularly important. The original copies or records of all communications will be available to the addressee upon request. The Secretary will maintain a log of each communication received, the date such communication was distributed to the audit committee, non-management directors or board of directors (and to which of these it was distributed) and whether it was distributed in summary or original form.

The addressee of the communication will determine whether any action or response is necessary or appropriate in respect of a communication. If so, they will take or direct such action as they deem appropriate. Such action may include engaging outside advisers, for which funding will be available. The determinations in respect of each communication and any further action taken will be recorded in the log maintained by the Secretary. These determinations may be recorded based on standard categories, which may include: the communication is misdirected (such as a communication involving only an employment dispute); no further action required, because the communication can be analyzed on its face; and further action required (with a record of the action taken and its outcome). The Secretary or any other person designated by the audit committee or non-management directors will report on the status of any further action directed by the audit committee or non-management directors on a quarterly basis.

Compensation Discussion and Analysis

I. Overview

This Compensation Discussion and Analysis describes the compensation policies and arrangements that are applicable to the Company's Chief Executive Officer (CEO) and Chief Financial Officer (CFO), as well as the other executive officers included in the summary compensation table under 2008 Summary Compensation Table on page 25, who are all referred to as named executive officers (NEOs) as such term is defined in Item 402(a) of Regulation S-K.

II. Compensation Philosophy & Objectives

The compensation committee has three primary objectives for our compensation program:

Provide overall levels of compensation that are competitive in order to attract and motivate highly qualified, experienced executives to continue to enhance the interests of the Company and build long-term stockholder value;

Provide annual and long-term incentives that emphasize performance-based compensation, contingent upon achieving company and individual performance goals; and

Create a stockholder value-oriented mentality through the executive compensation programs by having a meaningful portion of compensation comprised of equity-based incentives.

To achieve its objectives, the compensation committee has established a compensation program for NEOs consisting of base salary, annual bonus awards and our long-term incentive, or LTI program. The overall principle guiding executive compensation at our Company is to reward executives for delivering superior performance with a total compensation opportunity towards the 75th percentile. The extent to which each executive reaches this level of compensation will vary based on our performance and the individual's performance and experience.

Notwithstanding our overall pay positioning objectives, pay opportunities for specific individuals vary based on a number of factors such as scope of duties, tenure, institutional knowledge and/or difficulty in recruiting a new executive.

As an executive's level of responsibility increases, a greater proportion of his or her total compensation is based on the annual and long-term performance-based incentive compensation and less on base salary. The level and structure of these performance-based incentive elements reflects our variable pay-for-performance philosophy.

III. Establishing the Compensation Program

To assist the compensation committee in meeting its objectives, the compensation committee may engage an outside executive compensation consulting firm to review the key elements of our compensation programs, base pay, annual incentives and long-term incentives, as well as its structure, including design and performance measurements. For the 2008 program, except for those compensation components directly contemplated by the employment agreements for Mr. Geller and Mr. Mead, we continued generally the program implemented shortly after the time of the initial public offering in 2004. The plan consists of base salary, annual bonus awards and the LTI program.

Table of Contents

For computational purposes, we use the National Association of Real Estate Investment Trusts (NAREIT) definition of Funds From Operations (FFO), with adjustments for items such as gain or loss on extinguishment of debt, foreign currency translation gains or losses, impairment losses, and certain other items of a non-recurring nature. NAREIT defines FFO as net income (computed in accordance with generally accepted accounting principles, excluding gains or losses from sales of real estate property), plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

The compensation committee meets with Mr. Geller to discuss his own compensation package, but ultimately decisions regarding his package are made solely based upon the compensation committee s deliberations, with input from its compensation consultant from time to time. Decisions regarding other executives are made by the compensation committee considering recommendations from Mr. Geller, as well as input from the compensation consultant.

In 2008, the compensation committee engaged Pearl Meyer & Partners to calculate the value of stock options to be awarded to Mr. Mead in March, 2008, and the relative total stockholder return for Mr. Geller and Mr. Mead s performance shares as of December 31, 2007, as further described under Compensation Structure Pay Elements Details LTI Program Awards to Mr. Geller and Mr. Mead beginning on page 21.

The compensation committee also engaged Vivient Consulting (Vivient) to perform compensation consulting work to review the LTI program for the NEOs and to assist with appropriately bench-marking the NEOs against their peers as it related to base salary, target bonus opportunity, the LTI program and severance protections. The peer group utilized by Vivient in performing its analysis was established by the compensation committee and Vivient in 2007 and included hotel companies and REITs of similar size or business strategy. The peer group utilized included:

Ashford Hospitality Trust, Inc.

Choice Hotels International, Inc.

FelCor Lodging Trust, Inc.

Gaylord Entertainment

LaSalle Hotel Properties, Inc.

Morgans Hotel Group Co.

Sunstone Hotel Investors, Inc.

Taubman Centers, Inc.

Vail Resorts, Inc.

Ventas, Inc.

Edgar Filing: STRATEGIC HOTELS & RESORTS, INC - Form DEF 14A

Wyndham Worldwide

The compensation committee reviewed information related to base salary, bonus opportunities, the LTI program and severance protections of the Company against the peer group and determined that additional severance protection for the NEOs, other than Mr. Geller, was appropriate. Other than with respect to severance protections, the compensation committee did not use peer group information as extensively as it had in prior years because of the significant deterioration in the economy and the market conditions affecting the Company.

IV. Compensation Structure

A. Pay Elements Overview

The three main components of compensation are:

Base Salary

Annual Bonus

LTI Program

B. Pay Elements Details

(1) Base Salary

Base salaries are set with regard to the position within the Company and the individual's current and sustained performance results. The base salary levels for each NEO are reviewed annually by the compensation committee. In setting base salaries, the compensation committee may consider:

competitive market and peer group data specific to an executive's position;

individual performance assessments, as made by the compensation committee for Mr. Geller, and by Mr. Geller for the other NEOs (with the exception of Mr. Briggs, who is assessed by Mr. Geller and Mr. Mead), against goals established for the prior year by the specific individual or the management team collectively, and accomplishments during the year;

expected future contributions;

job responsibility; and

Company performance.

There is no specific weighting applied to any one factor in setting the level of base salary, and the process ultimately relies on the subjective exercise of the compensation committee's judgment.

Based on the foregoing, in February 2008, the compensation committee increased base salaries of the NEOs, other than Mr. Geller, related to 2007 performance and changes in responsibilities and position. In light of market conditions and the deterioration of the Company's stock price, the compensation committee determined not to increase the base salaries of the NEOs in 2009 related to 2008 performance.

(2) Annual Bonus Awards

Our annual bonus award program is available to all employees of the Company, and provides employees, including the NEOs, the opportunity to receive cash bonus awards based on the financial performance of the Company and the attainment of individual performance goals. In 2008, bonuses that were earned under the Company's bonus program were to be paid out 75% in cash and 25% in 3-year time-vested RSUs (as

Edgar Filing: STRATEGIC HOTELS & RESORTS, INC - Form DEF 14A

hereinafter defined) rather than solely in cash as in preceding years. The amount of an employee's annual cash bonus award depends on (i) his or her base salary, because the award is paid as a percentage of annual salary, (ii) the Company's FFO per share against budget, (iii) the individual's performance against established personal performance goals, and (iv) the relative weighting between the Company's financial performance and the individual's performance, which varies, as described below, based on an employee's position.

Mr. Geller. Pursuant to his amended and restated employment agreement described under Employment Agreements and Post-Termination Payments Laurence S. Geller Employment Agreement beginning on page 30, Mr. Geller's annual incentive is 100% weighted on the Company's financial performance because the compensation committee considers Mr. Geller to be instrumental and critical to the Company's performance. The

Table of Contents

metric of Company financial performance for Mr. Geller is FFO per share against a budget approved by the Board. For 2008, budgeted FFO per share was \$1.63. Provided the Company earned 90% of budgeted FFO, Mr. Geller was entitled to a threshold bonus of \$500,000. The cash bonus Mr. Geller is entitled to receive is increased by \$50,000 for each additional cent of FFO per share earned by the Company over 90% of budgeted FFO, capped at a total bonus of \$1,500,000, with the compensation committee retaining discretion to pay Mr. Geller a bonus in excess of such amount.

Other NEOs. For the other NEOs, the 2008 target annual incentives were 75% of base salary for Mr. Mead and Mr. Moreau, 60% of base salary for Ms. Maggio and 40% of base salary for Mr. Briggs. The relative weights as a percentage of the target annual incentive award are 80% Company financial performance and 20% individual performance for the other NEOs except for Mr. Briggs where the split was 50% Company financial performance and 50% individual performance. For 2008, the Company financial performance portion of the bonus plan was based on FFO achievement against budgeted FFO per share of \$1.63. The goals with respect to annual bonus awards are established at three separate levels threshold, target and maximum. In 2008, to earn a threshold bonus on the Company component of the bonus, FFO per share must be at 90% of budget. If results are less than 90% of budgeted FFO, the NEOs will not be entitled to an award based on Company achievement of financial goals unless the compensation committee makes a special determination otherwise. In 2008, for the NEOs other than Mr. Geller to earn a maximum pay-out on the Company performance component of the bonus, FFO per share must be at least 107.5% of budgeted FFO per share.

The 2008 bonus program differed from the bonus program in prior years in that threshold level pay-out was reduced from 95% to 90% of budgeted FFO per share and the maximum level of pay-out was increased from 105% to 107.5% of budgeted FFO per share. The compensation committee modified the threshold and maximum levels so that the threshold level was consistent with Mr. Geller's amended and restated employment agreement and also because of the lack of visibility regarding forecasting due to market conditions at the time the 2008 bonus program was adopted.

The personal component of the bonus is based on a review of individual performance by the NEO's supervisor, who in all cases was Mr. Geller, with the exception of Mr. Briggs, who was reviewed by Mr. Mead. Individuals are reviewed against goals established for the prior year by the individual or the management team collectively. Other significant accomplishments are also reviewed and assessed. In 2008, the compensation committee modified the bonus program to provide that the personal component would be earned only if the Company performance was at least at the threshold level, or \$1.47 FFO per share. Provided it is earned, the payout for the 20% portion of the target bonus related to individual performance (50% in the case of Mr. Briggs) may range from 0% to a maximum of 150% for superior performance. The 2008 goals for the NEOs included achievement of budgeted FFO per share, initiation of hotel level contingency plans, reduction of corporate overhead, execution of certain capital programs, sale of the Hyatt Regency Phoenix, execution of strategies related to non-domestic assets and maintenance of balance sheet capacity.

Ms. Maggio had established additional individual goals to improve financial acumen and to develop stronger relationships within the industry and with the Company's board of directors. Mr. Briggs had also established individual goals to design and implement a monthly reporting package, develop a strategic plan for information technology, develop internal auditor program, provide accounting and structuring support regarding new ventures, reduce 2008 audit fees, and design and implement a budgeting process and systems for corporate overhead.

Bonuses are paid in the first quarter of each year for the prior year's performance once the compensation committee has had the opportunity to assess individual performance accomplishments and Company performance as a whole.

2008 Bonuses. For 2008, actual company FFO per share performance, as reported in 2009, was \$1.27, thus threshold performance under the bonus program was not achieved. The compensation committee did not approve

Table of Contents

pay-out of bonuses to Mr. Geller under his amended and restated employment agreement or to the other NEOs under the bonus program for either the Company performance component or the personal performance component.

Because of the difficult operating environment and additional work-load being carried by Company employees due to down-sizing of the Company employee base by almost 30%, the compensation committee awarded a holiday award to all employees of the Company, other than Mr. Geller. The holiday award was calculated based on employee band level within the Company. Each of the NEOs, other than Mr. Geller, received a \$25,000 holiday award in January 2009. Mr. Geller did not receive a holiday award.

(3) LTI Program

RSUs, performance-based restricted stock units or performance shares and stock options may be awarded as long-term incentives, and are used to balance the short-term focus of annual bonus awards by tying rewards to performance achieved over multi-year periods, as well as providing us with a tool to retain our NEOs. Our compensation philosophy for executives traditionally has placed greater emphasis on long-term incentives than other pieces of each executive's compensation package, which is consistent with our goal of aligning management with our stockholders.

Restricted Stock Units

RSUs are grants of notional shares with time-based vesting restrictions (RSUs). Each unit is worth one share of our common stock and the awards generally vest over a three-year period, with common shares delivered to NEOs upon vesting (absent a deferral agreement). Unless provided otherwise in an agreement, unvested RSUs are forfeited when an executive's service with the Company is terminated. The compensation committee believes that awards of RSUs create an incentive for senior executives to operate the Company in a manner that creates significant long-term value and also assists with retention of superior executive talent in critical positions.

For executives other than Mr. Geller and Mr. Mead, long-term incentives historically have been delivered solely in the form of RSUs. For the other NEOs, annual grants have historically been determined with reference to target levels by salary band, with a typical target amount set at 100% of base salary, which may be adjusted based on the executive's performance, experience and expertise. The applicable value of such a grant is divided by the share price of the Company's common stock on the grant date to determine the actual number of RSUs to be granted. However, in light of the deterioration of the stock price of the Company as of the first quarter 2009, the historic methodology of granting at a value based on 100% of base salary is no longer feasible due to share constraints in the 2004 Incentive Plan and the dilutive effects of such a grant. Consequently, the grant under the 2008 LTI Program, made March 20, 2009, was determined by generally determining the maximum number of RSUs for the Company to grant in light of dilutive effects and share constraints under the 2004 Incentive Plan. The Company divided the target dollar value of the applicable grants by six to arrive at a target number of units of restricted stock for each employee in the program. Thereafter, the RSUs were allocated to the NEOs, other than Mr. Geller and Mr. Mead, based on a multiplier, which ranged from 0 - 150%, based on personal performance.

A summary of the elements of the 2008 LTI Program applicable to the NEOs, other than Mr. Geller and Mr. Mead is as follows:

Type of Awards	Eligible Employees	Target Grant	Range of Award	Vesting	Value
RSUs	NEOs other than Mr. Geller and Mr. Mead	100% of base Salary ÷ 6 = target # of RSUs	Can vary based on individual performance above or below target grant level, from 0% of target to 150% of target	3-year step vesting on January 1 of each year	Based on common stock share value on grant date

Table of Contents

In determining the following grants made to the NEOs, other than Mr. Geller, in 2009 based on 2008 performance, the Company looked at the executives' individual performance rating and multiplied the performance multiplier against the target number of shares. The March 2009 LTI grants made on March 20, 2009, were as follows:

	March 2009 LTI Grants (# of RSUs)⁽¹⁾
Named Executive Officer	
Richard J. Moreau	81,250
Paula C. Maggio	62,500
Stephen M. Briggs	56,750

(1) Grant date value of the Company's common stock was \$0.65 per share, consequently, the value of the March 2009 LTI grants were: Mr. Moreau, \$52,813; Ms. Maggio, \$40,625; and Mr. Briggs, \$36,888.

The compensation committee is still assessing the appropriate 2009 LTI award, if any, for Mr. Mead.

The compensation committee has also elected to accelerate, effective March 31, 2009, the vesting of all RSUs held by the NEOs, other than those related to the March, 2009 grants. Such acceleration provides a small level of additional compensation to our NEOs and will also serve to reduce the future expense related to these RSUs previously issued at significantly higher values than the current trading price of the Company's stock.

The compensation committee intends to consider annual Long-Term Incentive grants for executives going forward and may consider special grants if it deems such action appropriate or necessary to attract or retain talent or pay in accordance with the Company's philosophy.

Performance-Based Restricted Stock Units (Performance Shares)

For Mr. Geller and Mr. Mead, the compensation committee has determined that performance shares should be a key element of the long-term incentive component of their compensation. Performance shares are earned based on attainment of specified performance measures, typically measured over a three-year period. Performance shares ensure a strong link between pay and sustained long-term performance as the executive's ability to earn shares is diminished if performance goals are not achieved.

With respect to Mr. Geller and Mr. Mead, the compensation committee has determined that 40% of the value of their long-term incentives should be in the form of performance shares that are earned based on achievement of key strategic company measures. Mr. Geller's and Mr. Mead's employment agreements provide that 67% of their performance shares will be earned with respect to achievement of budgeted FFO per share. The compensation committee believes that long-term FFO per share success will lead to strong stock performance and investor confidence, and is a key element in aligning executive pay with value creation for stockholders. The remaining 33% is tied to achievement of Relative Total Stockholder Return (share price appreciation plus dividend) (TSR), which is based on our performance relative to the TSRs of each of the companies included in the Bloomberg Hotel REIT Index at the end of the performance period. The compensation committee elected to benchmark the TSR measure against a recognized industry index in an effort to gauge performance with respect to an objective third-party stock index. Both Mr. Geller and Mr. Mead are eligible to receive 150% of the number of targeted performance shares in the case of extraordinary performance in long-term FFO per share and TSR. In the unique case of both extraordinary performance in long-term FFO per share and a positive TSR rank of #1 among the Bloomberg Hotel REIT Index companies, both executives are eligible to receive up to 166.67% of the number of targeted performance shares, which the compensation committee believes is an appropriate award for such an accomplishment.

The compensation committee believes that including a stock option component among the mix in the LTI program will improve alignment of executive compensation with the interests of stockholders with respect to stock price appreciation for Mr. Geller and Mr. Mead.

Awards to Mr. Geller and Mr. Mead

Mr. Geller received a three-year grant in 2006 to provide him with long-term incentives of \$6,000,000 for the period of the grant. Pursuant to Mr. Geller's amended and restated employment agreement, which is discussed in greater detail under Employment Agreements and Post-Termination Payments Laurence S. Geller Employment Agreement beginning on page 30, in 2006 Mr. Geller received a grant comprised of stock options (40% of total value), performance shares (40% of total value) and time-vested RSUs (20% of total value). While grants for options and RSUs were made at the time of the contract, the determination of the number of performance shares earned is made at year-end in 2007, 2008 and 2009 based on actual performance. The performance shares are earned based on FFO per share against budget (67% of the performance shares eligible to be earned) and total stockholder return against the Bloomberg Hotel REIT Index (33% of the performance shares eligible to be earned).

Mr. Geller did not earn any performance shares for 2008. The performance shares were not earned due to the Company failing to achieve the required level of FFO per share or the Company's relative TSR performance as measured against the Bloomberg Hotel REIT Index.

After consideration of Mr. Mead's contributions, performance and development as a key senior executive, the compensation committee determined that Mr. Mead's long-term compensation program should be aligned with and reflect elements of Mr. Geller's long-term compensation program and Mr. Mead's employment agreement was amended in March 2007. The amendment provided that Mr. Mead is eligible to receive an annual long-term incentive award valued at 140% of Mr. Mead's base salary, which would be awarded in similar proportions to Mr. Geller's award, or 40% of value in the form of stock options, 40% of value in the form of performance shares and 20% of value in the form of time-vested RSUs. Mr. Mead's employment agreement is discussed in greater detail under Employment Agreements and Post-Termination Payments James E. Mead Employment Agreement beginning on page 33. The compensation committee engaged Pearl Meyer & Partners to assist in the review of and establishment of recommendations regarding the modifications to Mr. Mead's employment agreement.

On March 6, 2008, and related to 2007 performance, pursuant to our 2004 Incentive Plan, Mr. Mead received a long-term incentive award with a grant date value equal to \$650,000. Due to his superior performance during 2007, Mr. Mead was awarded \$62,000 above 140% of his base salary for a total award of 155% of his base salary. This award was also comprised of three components as follows: (i) 40% of the grant date value (\$260,000) (based on a binomial option valuation as of the grant date) was granted in the form of stock options to purchase 148,805 shares of common stock, (ii) 40% of the grant date value (\$260,000) was granted in the form of performance shares, providing a right to earn, at target, 19,346 shares of common stock, and (iii) 20% of the grant date value (\$130,000) was granted in the form of time-based RSUs providing a right to obtain 9,673 shares of common stock. The number of shares comprising this award as well as the exercise price and number of shares underlying the stock options were determined based on the closing price per share of our common stock as of March 6, 2008.

Mr. Mead did not earn any performance shares for 2008. The performance shares were not earned due to the Company failing to achieve the required level FFO per share, and the Company's relative TSR performance as measured against the Bloomberg Hotel REIT Index. The compensation committee is still assessing the appropriate 2009 LTI award, if any, for Mr. Mead.

(4) Perquisites and Other Benefits

We provide executive officers with a limited number of perquisites that the Company and compensation committee believe are reasonable and consistent with our industry. The compensation committee reviews the perquisites annually. Certain perquisites are discussed in further detail in footnote 6 to the summary compensation table under 2008 Summary Compensation Table on page 25.

(5) Retirement

We do not have a defined benefit pension plan. The Strategic Hotel Funding, L.L.C. 401(k) Plan is a tax-qualified retirement savings plan pursuant to which all U.S. based employees, including the NEOs, are able to contribute and also receive a dollar-for-dollar Company matching contribution based on the level contributed by the employee capped at 6% and subject to the compensation limits for qualified plans. In the event of achievement of our financial goals, we retain discretion to provide an additional contribution to the accounts of all employees participating in the 401(k) plan. In 2008, the Company did not make any discretionary additional contributions.

(6) Employment Agreements

We have employment agreements with Mr. Geller and Mr. Mead only. The employment agreements are intended to ensure retention of two critical members of the management team and to motivate Mr. Geller and Mr. Mead to achieve superior long-term results on behalf of the Company. Although the other NEOs do not have employment agreements, in 2008 the Company entered into an agreement with each of the other NEOs regarding severance in the event of termination without cause, constructive termination or change in control. See Employment Agreements and Post-Termination Payments Severance Program beginning on page 36. The compensation committee reviewed severance protections for executive officers of the Company's peer group of companies and determined entering into the agreements provided contractual severance protections in the event of termination without cause of change-in-control would be consistent with protections found at the peer group.

Additionally, our 2004 Incentive Plan contains single trigger vesting of equity awards upon a change-in-control. We believe that such single trigger vesting provides a reasonable measure of security to the NEOs that the long-term component of their compensation is not put at risk should we undergo such a transaction and helps ensure that the NEOs would not have objections to a transaction favorable for stockholders based on loss or impairment of their equity compensation value.

V. Timing of Equity Grants

Historically, grants of equity-based awards under our LTI program are determined by the compensation committee and have typically been made in March of each calendar year following review by the compensation committee of the prior year's Company and individual performance. Grants may also be at other times of the year upon execution of a new employment agreement, or in a new hire or promotion situation.

Starting in 2007, the compensation committee determined that annual grants of RSUs, stock options or performance shares will be made on the same date once a year, currently March 6th, or if that is not a trading date, the grant date will be the following trading date. If the approved RSU or performance share grant is set forth in dollars, the number of RSUs will be determined using the closing price of the common stock on the date of grant. The exercise price for stock options will also be the closing price of the common stock on the date of grant. The compensation committee will approve such grants on (or possibly before) the grant date. The compensation committee retains the discretion to award grants of RSUs, stock options or performance shares at other times during the year if it determines such action is appropriate. Due to a change in the grant methodology, in 2009 the awards were not yet determined by March 6, 2009, consequently the compensation committee made the grant of awards on March 20, 2009 based on the methodology described above.

Table of Contents

VI. Adjustment or Recovery of Awards

To the extent that any of our financial results are misstated as a result of Mr. Geller's willful misconduct or gross negligence and financial results are subsequently restated downward, Mr. Geller's employment agreement provides for offsets for future amounts due and/or clawbacks against past amounts paid pursuant to annual bonus awards and the LTI program.

In addition, under Section 304 of Sarbanes-Oxley, if the Company is required to restate its financials due to material noncompliance with any financial reporting requirements as a result of misconduct, Mr. Geller and Mr. Mead must reimburse us for (1) any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of securities during those 12 months.

VII. Consideration of Prior Amounts Realized

In furtherance of our philosophy of rewarding executives for future superior performance, prior stock compensation gains are not considered in setting future compensation levels.

VIII. Stock Ownership Guidelines and Hedging Policies

The compensation committee has adopted stock ownership guidelines that are intended to require executive officers to own stock, or RSUs, in the Company equal to a percentage of their base salary, depending on their position. Mr. Geller is required to own stock or RSUs equal to five times his base salary and the other NEOs are required to own stock or RSUs equal to three times their base salary. Executives are required to reach these levels within five years of the later of commencement of employment or promotion to such executive level. Due to the deterioration of our stock price in 2008 and 2009, none of our executives are currently in compliance with this guideline. In light of the Company's depressed stock price, the Company's compensation committee has agreed to waive the guideline for calendar years 2008 and 2009.

We also maintain a policy that prohibits executives from holding our securities in a margin account or pledging our securities as collateral for a loan. An exception exists if the executive requests prior approval from the Company to pledge securities as collateral for a loan (but not for margin accounts) and the executive can demonstrate the financial capacity to repay the loan without resort to the pledged securities. None of our executives have pledged shares in this manner.

IX. Impact of Tax and Accounting

As a general matter, the compensation committee takes into the account the various tax and accounting implications of compensation vehicles employed by the Company.

When determining amounts of long-term incentive grants to executives and employees, the compensation committee examines the accounting cost associated with the grants. Under Statement of Financial Accounting Standard 123 (revised 2004), grants of stock options, restricted stock, restricted stock units and other share-based payments result in an accounting charge for us. The accounting charge is equal to the fair value of the instruments being issued. For RSUs (our predominant instruments for executives other than Mr. Geller and Mr. Mead), the cost is equal to the fair value of the stock on the date of grant times the number of shares or units granted. This expense is amortized over the requisite service period or vesting period of the instruments.

During 2008, the employment agreements for Mr. Geller and Mr. Mead were amended in response to the deferred compensation requirements of the Internal Revenue Code.

Generally, the full grant date fair value is the amount the Company would expense in its financial statements over the vesting period of the award. For RSUs, the fair value is calculated by using the closing price of our common stock on the grant date of \$13.44 for March 6, 2008. The fair value shown for option awards is accounted for in accordance with FAS 123(R) using a binomial method. For additional information on the valuation assumptions please refer to note 12 in our financial statements included in our annual report on Form 10-K for the year ended December 31, 2008. Employment Agreements and Post-Termination Payments

The Company maintains employment agreements with the two top executive officers, Mr. Geller and Mr. Mead.

Laurence S. Geller Employment Agreement

A. General

In September 2006, we entered into an amended and restated employment agreement with Mr. Geller to serve as our President and Chief Executive Officer. This agreement, as amended, has an initial contract term through December 31, 2009, renewing annually thereafter on January 1st unless either party gives notice of non-renewal by October 1, with automatic renewal for a two-year term upon a change-in-control, as defined in the agreement. The agreement also obligates us to nominate Mr. Geller for election to our board of directors during the term of the agreement. On December 17, 2008, the Company and Mr. Geller entered into Amendment No. 1 to Employment Agreement to address issues related to Section 409A of the Internal Revenue Code. As part of this amendment, the definition of Constructive Termination was made more stringent and Mr. Geller's severance payments were made payable in a lump sum in the event of a severance unrelated to change-in-control, as already provided in connection with a change-in-control.

The compensation components of the agreement generally provide for:

a base salary of at least \$750,000, subject to annual review by the compensation committee;

eligibility for an annual cash performance-based bonus with a target bonus opportunity of \$750,000, and a maximum bonus opportunity of \$1,500,000 (with our compensation committee retaining the discretion to increase Mr. Geller's bonus beyond the maximum), achievement of which is determined by the compensation committee with reference to certain pre-established levels of budgeted FFO per share, as well eligibility for discretionary incentive awards from time to time, to the extent deemed appropriate by the compensation committee;

participation in benefit plans generally made available to other employees.

B. Post-Termination and Change-in-Control Payments

In the event of our termination of Mr. Geller without cause (as defined below) or Constructive Termination (as defined below) of Mr. Geller prior to a change-in-control, or more than 24 months following a change-in-control or in the event of his death or disability, Mr. Geller will receive all of the following amounts:

base salary and accrued vacation through the date of termination;

any other payments to be provided under any employee benefit plans or arrangements;

a lump sum payment equal to the sum of (a) Mr. Geller's then current base salary, and (b) the higher of the then current target bonus or the average of the past three annual bonuses, which amounts are payable for the longer of one year or the duration of the contract term, which we refer to as the Severance Period;

Table of Contents

a pro-rata target bonus for the year of termination;

continued health and medical benefits for the Severance Period;

immediate vesting of unvested RSUs and stock options (with stock option exercisability extended through the Severance Period); and

immediate vesting of earned but unvested performance shares, generally assuming that all performance shares for the remainder of the performance period had been earned at target levels.

In the event of a change-in-control (as defined below), our termination of Mr. Geller without cause, or Constructive Termination of Mr. Geller within 24 months thereafter, and in lieu of the amounts specified above, Mr. Geller will receive all of the following amounts:

base salary and accrued vacation through the date of termination;

any other payments to be provided under any employee benefit plans or arrangements;

a lump sum payment equal to three times the sum of (a) Mr. Geller's then current base salary, and (b) the higher of the then current target bonus or the average of the past three annual bonuses;

a pro-rata target bonus for the year of termination;

continued health and medical benefits for thirty-six months;

immediate vesting of unvested RSUs and stock options (with stock option exercisability extended for thirty-six months following termination);

immediate vesting of earned but unvested performance shares, generally assuming that all performance shares for the remainder of the performance period had been earned at target levels; and

tax gross-ups on any parachute payments imposed by reason of Section 280G of the Internal Revenue Code.

In the event of a change-in-control absent a termination, Mr. Geller will not be entitled to severance payments, but his unvested RSUs, stock options and earned performance shares will become vested, generally assuming that all performance shares had been earned at target levels and he will be entitled to tax gross-ups on any parachute payments imposed by reason of Section 280G of the Internal Revenue Code

For purposes of Mr. Geller's employment agreement, a change-in-control means the happening of any of the following:

any person or entity, including a group, has or acquires beneficial ownership of 30% or more of the combined voting power of our then outstanding securities entitled to vote generally in the election of directors (not including voting securities held by us or companies related to us or any employee benefit plan of ours or our related companies);

the individuals who, as of the beginning of the period commencing two years prior to the date on which the occurrence of a change-in-control is to be determined (or who have been approved by a vote of at least two-thirds of the members of the board of directors), constitute our board of directors, cease for any reason to constitute more than 50% of the board of directors;

a consummation of a merger, consolidation or reorganization or similar event involving us, whether in a single transaction or in a series of transactions, unless, following such transaction:

the persons or entities with beneficial ownership, immediately before such transaction, have beneficial ownership of more than 50% of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors of the surviving entity in such transaction in substantially the same proportions as their beneficial ownership of the voting securities immediately before such transaction;

Table of Contents

the individuals who were members of the incumbent board immediately prior to the execution of the initial agreement providing for such transaction constitute more than 50% of the members of the board of the surviving entity in such transaction; and

no person or entity (other than us or a related company or any person who immediately prior to such transaction had beneficial ownership of 30% or more of the then voting securities) has beneficial ownership of 30% or more of the then combined voting power of the surviving entity's then outstanding voting securities;

the assignment, sale, conveyance, transfer, lease or other disposition of all or substantially all of our assets to any person or entity (other than us or any related company) unless, immediately following such disposition, the conditions described in the preceding three bullet points will be satisfied with respect to the entity which acquires such shares; or

our liquidation or dissolution.

Notwithstanding the above, a change-in-control shall not be considered to have occurred for purposes of this agreement where there is a management led buyout in which Mr. Geller participates or with which Mr. Geller is associated and Mr. Geller's duties and responsibilities do not change in a material fashion following such event.

Mr. Geller's employment agreement also contains non-compete, non-solicitation and confidentiality provisions. The non-compete provision applies during the term of the employment agreement and for a period of 12 months thereafter (unless Mr. Geller is terminated without cause or due to Constructive Termination). The non-solicitation of employees provision applies during the term of the employment agreement and for a period of 12 months thereafter.

If the Company does not extend the term of the agreement to December 31, 2010 and a termination of Mr. Geller's employment due to death, disability, Constructive Termination or termination without cause occurs after the term of the agreement, the options, time-based RSUs and earned performance shares granted to Mr. Geller under the LTI program award become immediately vested.

For the purposes of Mr. Geller's employment agreement, cause means (i) the willful and continued failure by Mr. Geller to substantially perform his duties with us; (ii) willful gross misconduct involving serious moral turpitude, or breach of his duty of loyalty to us; (iii) conviction of (or plea of no contest to) a felony or a crime involving fraud or other illegal conduct which is demonstrably injurious to our financial position or reputation; (iv) a material breach of any of our material written policies; (v) willful dishonesty in connection with our business; (vi) willfully impeding or attempting to influence, impede or obstruct, or failing to materially cooperate with an investigation authorized by our board of directors; or (vii) willfully withholding, removing, concealing, destroying, altering or by other means falsifying (directly or indirectly) any material which is requested in connection with an investigation authorized by us.

For purposes of Mr. Geller's employment agreement, Constructive Termination means (i) we materially reduce Mr. Geller's base salary or bonus opportunity or materially breach the agreement; (ii) we materially reduce Mr. Geller's duties or authority, fail to nominate Mr. Geller to the board of directors, or require him to report other than to the board or a committee of the board; (iii) we relocate our principal offices, or Mr. Geller's principal place of employment, outside the Chicago metropolitan area; or (iv) any successor to our company, or our company itself following a change-in-control, fails to assume the employment agreement or affirm its obligations hereunder in any material respect.

James E. Mead Employment Agreement**A. General**

In March 2007, we entered into an amended employment agreement with Mr. Mead to continue to serve as our Chief Financial Officer and Executive Vice President. Mr. Mead's amended employment agreement provides for a base salary of at least \$400,000 per year and a discretionary performance bonus targeted at 75% of his annual base salary. The agreement provides for annual long-term incentive awards in 2007, 2008 and 2009 having a grant-date fair value, assuming achievement of performance criteria at target, equal to 140% of Mr. Mead's base salary, each of which vests in three equal installments and to the extent certain performance conditions are satisfied. In 2008, Mr. Mead's long-term target award was \$560,000. The agreement provides that such awards are to be allocated among Performance Shares (40% of total value), stock options (40% of total value) and RSUs (20% of total value). On November 14, 2008, the Company and Mr. Mead entered into Amendment No. 2 to Employment Agreement in order to supplement Mr. Mead's rights upon a termination without cause or a CIC to be consistent with those of the NEOs other than Mr. Geller. On December 17, 2008 the Company and Mr. Mead entered into Amendment No. 3 to Employment Agreement to address issues related to Section 409A of the Internal Revenue Code. As part of this amendment, the definition of Constructive Termination was made more stringent.

B. Post-Termination and Change-in-Control Payments

Mr. Mead's amended employment agreement provides that if Mr. Mead is terminated without cause (defined similarly to the definition in Mr. Geller's agreement as described above) or due to constructive

Table of Contents

termination (as defined below), he will be entitled to (i) severance pay equal to one times (two times if the termination is by reason of a change-in-control (as defined in our 2004 Incentive Plan)) his base salary plus his target bonus of 75% of base salary for such year, (ii) pro-rata target bonus for the year of termination, and (iii) continuation of medical coverage for 12 months (24 months if the termination is by reason of a change in control). In addition, such termination will cause his RSUs granted in 2005 and all RSUs, options and performance-based shares scheduled to vest within the one-year period following such termination (and all RSUs, options and performance-based shares by reason of a change-in-control) to immediately and fully vest.

Mr. Mead's amended employment agreement contains non-compete, confidentiality, non-disparagement and non-solicitation covenants from Mr. Mead. The non-compete covenant applies during the term of the employment agreement and for a period of 12 months after the termination of the agreement voluntarily by Mr. Mead or with cause by the Company, prior to a change-in-control. The non-solicitation of employees covenant applies during the two-year period after the termination of Mr. Mead's employment with us.

For purposes of Mr. Mead's amended employment agreement, "Constructive Termination" means (i) we materially reduce Mr. Mead's base salary or bonus opportunity or materially breach the agreement; (ii) we materially reduce Mr. Mead's duties or authority, or materially restrict his ability to communicate with our chief executive officer or the board or a committee of the board; (iii) we relocate our principal offices, or Mr. Mead's principal place of employment, outside the Chicago metropolitan area; or (iv) any successor to our company, or our company itself following a change-in-control, fails to assume the employment agreement or affirm its obligations hereunder in any material respect. Mr. Mead's employment agreement does not contain a Section 280G tax gross-up provision.

For purposes of Mr. Mead's amended employment agreement, the definition of "change-in-control" in the 2004 Incentive Plan is used. For purposes of the 2004 Incentive Plan, a "change-in-control" means the happening of any of the following:

any person or entity, including a "group", has or acquires beneficial ownership of 25% or more of the combined voting power of our then outstanding securities entitled to vote generally in the election of directors (not including voting securities held by us or companies related to us or any employee benefit plan of ours or our related companies);

the individuals who, as of the beginning of the period commencing two years prior to the date on which the occurrence of a change-in-control is to be determined (or who have been approved by a vote of at least two-thirds of the members of the board of directors), constitute our board of directors, cease for any reason to constitute more than 50% of the board of directors;

a consummation of a merger, consolidation or reorganization or similar event involving us, whether in a single transaction or in a series of transactions, unless, following such transaction:

the persons or entities with beneficial ownership, immediately before such transaction, have beneficial ownership of more than 50% of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors of the surviving entity in such transaction in substantially the same proportions as their beneficial ownership of the voting securities immediately before such transaction;

the individuals who were members of the incumbent board immediately prior to the execution of the initial agreement providing for such transaction constitute more than 50% of the members of the board of the surviving entity in such transaction; and

no person or entity (other than us or a related company or any person who immediately prior to such transaction had beneficial ownership of 25% or more of the then voting securities) has beneficial ownership of 25% or more of the then combined voting power of the surviving entity's then outstanding voting securities;

the assignment, sale, conveyance, transfer, lease or other disposition of all or substantially all of our assets to any person or entity (other than us or any related company) unless, immediately following such disposition, the conditions described in the preceding three bullet points will be satisfied with respect to the entity which acquires such shares; or

our liquidation or dissolution.

The following table quantifies the amounts that we would owe Mr. Mead upon each of the termination or change-in-control triggers discussed above:

NEOs other than Mr. Geller and Mr. Mead are each parties to an Agreement pursuant to which if the NEO is terminated without cause (defined similarly to Mr. Geller's agreement, as described above) or experiences a constructive termination (defined similarly to Mr. Mead's agreement, as described above), each NEO would be entitled to (i) severance pay equal to one times (two times if the termination is by reasons of a change-in-control, as defined in our 2004 Incentive Plan, as described above) base salary plus target bonus of (a) 75% of base salary for Mr. Moreau and (b) 60% of base salary for Ms. Maggio and Mr. Briggs, (ii) pro-rata target bonus for the year of termination and (iii) continuation of medical coverage for 12 months (24 months if the termination is by reasons of a change-in-control). In addition, such termination will cause all RSUs and performance-based shares, if any, scheduled to vest within the one-year period following termination (and all RSUs and performance-based shares by reason of a change-in-control) to immediately and fully vest. The following tables quantify amounts to which our other three NEOs would be entitled if they had been terminated at the end of 2008:

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own, or are part of a group that owns, more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Officers, directors and greater than 10% stockholders are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of Forms 3, 4 and 5 and amendments thereto and other information obtained from our directors and officers and certain 10% stockholders or otherwise available to us, we believe that during the 2008 fiscal year our directors, officers and beneficial owners of more than 10% of our total outstanding common shares did not fail to file on a timely basis the reports required by Section 16(a) filing requirements.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

In presenting the percentage interest, we have assumed that all membership units of our operating partnership are immediately exchangeable for shares of our common stock.

All other partners, including Mr. Franco, were also released from their additional subscription commitments. The Company plans to exit the LLPI venture and is currently negotiating the terms thereof.

Mr. Franco previously served as President of European and Middle Eastern operations for Destination Club Partners (DCP). During 2007, the Company paid DCP \$198,580 to work on timeshare and fractional projects in North America and the Company paid expenses related to the projects for which the Company had engaged DCP to (i) an affiliate of DCP, Destination Club Realty, in the amount of \$78,991, and (ii) an affiliate of DCP, Destination Club Management, in the amount of \$39,893. Pursuant to the Amendment, Mr. Michels receives: (i) annual compensation of \$100,000, paid monthly, in arrears; (ii) an annual grant (the Grant) of RSUs in a number equal to \$250,000 divided by the closing price for the Company s common stock. Each such Grant shall vest in three equal annual installments. Additionally, for each calendar year during the term of the Agreement, Mr. Michels is entitled to earn an annual bonus of RSUs (the Bonus) under the 2004 Incentive Plan with a target value of \$250,000 (the Target) based on the Company s financial results for the applicable year against the Company s budgeted performance for such year, with a possible range from 0%-100% of the Target. Such RSUs shall vest in three equal annual installments, Michels did not receive pay-out of the Bonus related to 2008 performance. In addition, Mr. Michels receives an annual stipend of \$25,000, paid in monthly installments, to defray his administrative expenses in performing his duties under the Agreement.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

Deloitte & Touche LLP, which has been our independent audit firm since 2002, has been appointed by our audit committee as our independent auditors for the fiscal year ending December 31, 2009, and our audit committee has further directed that the appointment of such accountants be submitted for ratification by the stockholders at the annual meeting. We have been advised by Deloitte & Touche LLP that neither that firm nor any of its associates has any relationship with us or our subsidiaries other than the usual relationship that exists between independent certified public accountants and clients. Representatives of Deloitte & Touche LLP are expected to be present at the annual meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

Stockholder ratification of the appointment of Deloitte & Touche LLP as our independent auditors is not required by our charter or otherwise. However, our board of directors is submitting the appointment of Deloitte & Touche LLP to the stockholders for ratification as a matter of what it considers to be good corporate practice. Even if the appointment is ratified, our board of directors or audit committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if our board of directors or audit committee determined that such a change would be in our and our stockholders' best interests.

Principal Accounting Firm Fees

Aggregate fees we were billed for the fiscal years ended December 31, 2008 and 2007 by our principal accounting firm, Deloitte & Touche LLP, were as follows (in thousands of dollars):

	2007	2008
Audit fees (a)	\$ 3,449	\$ 2,216
Audit-related fees (b)	0	0
Total audit and audit-related fees	3,449	2,216
Tax fees (c)	689	442
All other fees (d)	2	2
Total	\$ 4,140	\$ 2,660

- (a) Audit fees include amounts billed to us related to the audit of our consolidated financial statements, reviews of our quarterly financial statements, audits of our subsidiaries required by statute or otherwise, and assistance with SEC registration statements.
- (b) There were no audit-related fees billed to us during 2007 and 2008.
- (c) Tax fees include amounts billed to us primarily for tax planning and consulting, tax compliance, preparation and review of federal, state and local tax returns, and tax fees related to REIT tax matters.
- (d) Other fees include amounts billed to us for use of Deloitte's accounting research data base.
- The audit committee of our board of directors was advised of the services provided by our independent auditors that are unrelated to the audit of the annual fiscal year end financial statements and the review of interim financial statements, has considered whether the provision of these services is compatible with maintaining our independent auditors' independence, and has determined such services for fiscal 2008 were compatible.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditors

The audit committee of our board of directors is responsible for appointing, setting compensation and overseeing the work of our independent accountants. The audit committee's pre-approval policy provides for categorical pre-approval of specified audit and permissible non-audit services and requires the specific pre-approval by the audit committee, prior to engagement, of such services.

Table of Contents

In addition, pursuant to the policy, we will not retain our independent accountants for non-audit services, other than those specifically listed in the policy, unless (i) in the opinion of our senior management, our independent accountants possess unique knowledge or technical expertise that is superior to that of other potential providers, (ii) the approval of the chairman of our audit committee and our chief financial officer are obtained prior to the retention and (iii) the retention will not impair the independence of the independent accountants.

The audit committee has delegated authority to pre-approve all audit and non-audit services to the chairman of the audit committee, provided such services do not, in the aggregate, exceed \$100,000 in any quarter. The chairman shall report any pre-approval decisions promptly to the audit committee no later than at its next quarterly meeting. The audit committee does not delegate to management its responsibilities to pre-approve services to be performed by the independent accountants.

In accordance with our audit committee pre-approval policy, all audit and non-audit services performed for us by our independent accountants were pre-approved by the audit committee, which concluded that the provision of such services by Deloitte & Touche LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Vote Required; Recommendation

The affirmative vote of a majority of the votes cast at the annual meeting is required to ratify the appointment of Deloitte & Touche LLP as our independent auditors. **Our board of directors unanimously recommends that you vote for the ratification of Deloitte & Touche LLP as our independent auditors.**

Report of the Audit Committee

The material in this report is not solicitation material, is not deemed filed with the Securities and Exchange Commission, and is not incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any filing.

Our board of directors' audit committee carries out oversight functions with respect to the preparation, review and audit of our financial statements, our system of internal controls and the qualifications, independence and performance of our internal auditor consultants and independent auditors and operates under a written charter adopted by the board of directors. The charter can be viewed, together with any future changes that may occur, on our website at www.strategichotels.com. The audit committee has the sole authority and responsibility to select, evaluate and, as appropriate, replace our independent auditors. The audit committee members are independent within the meaning of the applicable New York Stock Exchange listing standards and Rule 10A-3 under the Securities Exchange Act of 1934, as amended.

Our management is responsible for the development, maintenance and evaluation of internal controls and procedures and the financial reporting system, the maintenance of appropriate accounting and financial reporting principles or policies and the preparation of financial statements in accordance with generally accepted accounting principles. Our independent auditors perform an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and issue a report thereon. The audit committee's responsibility is to monitor and oversee the foregoing functions.

The audit committee has met and held discussions with management and the independent auditors with respect to our consolidated financial statements for fiscal year 2008 and related matters. Management advised the audit committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles and the audit committee has reviewed and discussed the consolidated financial statements with management and our independent auditors, Deloitte & Touche LLP. Our independent auditors presented to

Table of Contents

and reviewed with the audit committee the matters required to be discussed by statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. Our independent auditors also provided to the audit committee the written disclosures and the letter from our independent auditors required by applicable requirements of the Public Company Accounting Oversight Board and in connection therewith the audit committee discussed with the independent auditors their views as to their independence. The audit committee also reviewed, among other things, the audit and non-audit services performed by, and the amount of fees paid for such services to, Deloitte & Touche LLP. The audit committee meetings include, whenever appropriate, executive sessions with our independent auditors without the presence of our management.

In undertaking its oversight function, the audit committee relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent auditors included in their report on our financial statements. The audit committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance or professional opinion as to the sufficiency of the external or internal audits, whether the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or on the effectiveness of the system of internal control.

Based on the audit committee's considerations, discussions with management and the independent auditors as described above, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the SEC.

Respectfully submitted,

Strategic Hotels & Resorts, Inc. Audit Committee
