Dear Fellow Stockholders:

You are cordially invited to attend the 2010 Annual Meeting of Stockholders of Old Point Financial Corporation, the holding company for The Old Point National Bank of Phoebus and Old Point Trust & Financial Services, N.A. The meeting will be held on Tuesday, April 27, 2010 at 6:00 p.m. at The Hampton Roads Convention Center, 1610 Coliseum Drive, Hampton, Virginia. The accompanying Notice and Proxy Statement describe the matters to be presented at the meeting. Also enclosed is our 2009 Annual Report to Stockholders that will be reviewed at the Annual Meeting.

We are pleased to be using the Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to many of our stockholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of this Proxy Statement and our 2009 Annual Report to Stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to obtain a paper copy of our proxy materials, including the Proxy Statement, our 2009 Annual Report to Stockholders and a proxy card. All stockholders who do not receive a Notice of Internet Availability of Proxy Materials will receive a paper copy of the proxy materials by mail. We believe that this process will benefit our stockholders by expediting their receipt of the proxy materials, reducing the cost of printing and distributing our proxy materials and conserving natural resources.

Please complete, sign, date, and return the enclosed proxy card or follow the instructions on your proxy card to vote by telephone or over the Internet as soon as possible. Whether or not you will be able to attend the Annual Meeting, it is important that your shares be represented and your vote recorded. If you decide to attend the Annual Meeting in person, you can revoke your proxy any time before it is voted at the Annual Meeting.

We appreciate your continuing loyalty and support of Old Point Financial Corporation.

Sincerely,

/s/ Robert F. Shuford, Sr.

PROXY STATEMENT

2010 ANNUAL MEETING OF STOCKHOLDERS

To be held on April 27, 2010

General

The following information is furnished in connection with the solicitation by and on behalf of the Board of Directors of the enclosed proxy to be used at the 2010 Annual Meeting of Stockholders (the "Annual Meeting") of Old Point Financial Corporation (the "Company") to be held Tuesday, April 27, 2010, at 6:00 p.m. at The Hampton Roads Convention Center, 1610 Coliseum Drive, Hampton, Virginia.

Electronic Notice and Mailing

Pursuant to the rules promulgated by the Securities and Exchange Commission (the "SEC"), the Company has elected to make its proxy materials available to stockholders on the Internet or by delivering paper copies of these materials by mail. Accordingly, on or about March 18, 2010, the Company mailed a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") to some stockholders and mailed paper copies of the proxy materials to some stockholders. If you received a Notice of Internet Availability by mail, you will not automatically receive a paper copy of the proxy materials by mail. Instead, the Notice of Internet Availability contains instructions on how to access and review this proxy statement, form of proxy card and our 2009 Annual Report to Stockholders and vote via telephone or via the Internet. If you received a Notice of Internet Availability by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability. As of March 18, 2010, and for a period through the date of the Annual Meeting, all stockholders will have the ability to access all of the proxy materials at www.envisionreports.com/opof.

The proxy materials include:

Our proxy statement for the Annual Meeting;

Our 2009 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2009; and

Our proxy card.

Voting and Revocation of Proxies

You may vote in person at the Annual Meeting or by proxy. You may vote your shares by proxy in one of the following ways: (1) use the toll-free number on your proxy card or Notice of Internet Availability to submit your proxy via telephone; (2) visit the website shown on your proxy card or Notice of Internet Availability to submit your proxy via the Internet; or (3) complete, sign, date and return the enclosed proxy card

Edgar Filing: OLD POINT FINANCIAL CORP - Form DEF 14A

in the enclosed postage paid envelope.

In order to vote your shares, you will need to follow the directions your brokerage firm provides you. If your shares are held in street name, through a broker or other nominee, that institution will send you separate instructions describing the procedure for voting your shares. Many brokers also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your brokerage firm on your vote instruction form. As the record holder of your shares, your broker is required to vote your shares according to your instructions. Under the current rules of the New York Stock Exchange, or NYSE, if you do

not give instructions to your broker, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to certain non-discretionary items. The ratification of Yount, Hyde & Barbour, P.C. as our independent registered public accounting firm (proposal two) is considered to be a discretionary item under the NYSE rules and your broker will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. **Starting this year, the election of directors (proposal one) is a non-discretionary item. If you do not instruct your broker how to vote with respect to this item, your broker may not vote your shares with respect to this proposal and those votes will be counted as broker non-votes.** Broker non-votes are shares held by customers that may not be voted on certain matters because the broker has not received specific instructions from the customers.

You may change or revoke your proxy at any time before your shares are voted at the Annual Meeting, by any of the following methods: (1) submit a written notice of revocation to the Secretary of the Company by the close of business on April 26, 2010; (2) submit a completed proxy card bearing a later date than your original proxy card by the close of business on April 26, 2010; (3) use the toll-free number shown on your proxy card or Notice of Internet Availability and follow the instructions to submit your proxy via telephone, by 6:00 p.m., Eastern time, April 27, 2010; (4) visit the website shown on your proxy card or Notice of Internet Availability and follow the instructions to submit your proxy via the Internet, by 6:00 p.m., Eastern time, April 27, 2010; or (5) attend the Annual Meeting and request to vote in person.

If your shares are held in street name, through a broker or other nominee, you should contact your broker or other nominee to change your vote.

Voting your shares via telephone or via the Internet, or sending in a proxy card will not affect your right to attend the Annual Meeting and to vote in person. Street name stockholders who wish to vote in person at the Annual Meeting will need to present a proxy from the institution that holds their shares.

Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting. If a stockholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a stockholder fails to specify with respect to such proposals, the proxy will be voted **FOR** the election of the director nominees in proposal one and **FOR** the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company's independent registered public accounting firm in proposal two, as set forth in the accompanying notice and further described herein.

Voting Rights of Stockholders

Only those stockholders of record at the close of business on February 17, 2010, are entitled to notice of and to vote at the Annual Meeting, or any adjournments thereof. The number of shares of common stock of the Company outstanding and entitled to vote at the Annual Meeting is 4,922,160. The Company has no other class of stock outstanding. The presence of a majority of the shares entitled to be voted, represented in person or by proxy, will constitute a quorum for the transaction of business.

Each share of Company common stock entitles the record holder thereof to one vote for each matter to be voted upon at the Annual Meeting, except that in the election of directors cumulative voting entitles a stockholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by such stockholder or to distribute his or her votes on the same principle between two or more nominees as he or she sees fit. The Board of Directors will instruct the proxies to use cumulative voting, if necessary, to elect all or as many of the nominees as possible. Shares for which the holder has elected to abstain or to withhold the proxies' authority to vote (including broker non-votes) on a matter will count toward a quorum, but will not be included in determining the number of votes cast with respect to such matter.

With regard to the election of directors, votes may be cast in favor or withheld. If a quorum is present, the nominees receiving the greatest number of votes cast at the Annual Meeting will be elected directors; therefore, votes withheld will have no effect. Approval of any other matter requires an affirmative vote of a majority of the shares voted on the matter. Thus, although abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum, they are generally not counted for purposes of determining if a proposal has been approved, and therefore have no effect.

Directions to Annual Meeting

To obtain directions to attend the Annual Meeting and vote in person, please contact Sandra Routten, the Company's Corporate Administrative Officer, at (757) 728-1231.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitations will be made only by the use of the mail, except that officers and regular employees of the Company, The Old Point National Bank of Phoebus (the Bank) and Old Point Trust & Financial Services, N.A. (the Trust Company) may make solicitations of proxies in person or by telephone or mail, acting without compensation other than their regular compensation. We anticipate that brokerage houses and other nominees, custodians, and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their charges and expenses in this connection.

Corporate Governance

The Board of Directors is elected by the Company's stockholders; the Board, in turn, is the Company's governing body, responsible for hiring, overseeing and evaluating management. Management is charged with the day to day operations of the Company and its affiliates.

The Board's primary responsibility is to provide oversight, counseling and direction to management in their efforts to fulfill the corporate strategy in maximizing opportunities, while addressing related business risks. The Board has delegated various responsibilities and authority to different Board committees, which include the Executive Committee, Audit Committee, Directors Loan Committee, Directors Loan Review Committee and Compensation Committee.

Management has been delegated the authority and responsibility for managing the Company's lines of businesses in a manner consistent with the Company's Strategic Plan and Code of Ethics, and in accordance with any specific plan, instructions or direction of the Board of Directors or one of the Board's committees. The Chief Executive Officer and management are required to seek the advice and, in appropriate situations, the approval, of the Board with respect to extraordinary actions to be undertaken by the Company.

The Company currently combines the role of Chairman with the role of CEO because it believes that Mr. Shuford, Sr., who also serves as a director is most familiar with the Company's business and industry and best suited to lead the Board discussions and execution of strategy. At this time, having one person serve as both Chairman and CEO demonstrates to the Company's employees, stockholders and customers that the Company is under strong leadership. At this time, this structure promotes accountability and effective decision-making. The Company's Independent Directors bring experience, oversight and expertise from outside the company and industry, while the CEO brings company-specific experience and expertise. The Board believes that the combined role of Chairman and CEO promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance. Mr. Shuford, Sr. also serves as Chairman of the Bank Board of Directors. Mr. Morris serves as President & CEO of the Bank and Mr. Jordan, II serves as President & CEO of the Trust Company. We believe that this leadership structure is the most appropriate for the Company. Accordingly, the Board periodically reviews its leadership structure.

In addition, Dr. Greene serves as Chairman of the Independent Directors and presides over Executive Sessions quarterly with Independent Directors to discuss matters that they would bring back to Management for further discussion. Dr. Greene also presides over Executive Sessions with Independent Directors whenever there may be a vacancy on the Board and this information is brought back for discussion and a vote by the full Board. Dr. Greene's professional background, experience and education make him instrumental in serving as a director of the Company.

Board Role in Oversight of Risk

The Board of Directors has responsibility for oversight of the Company's risk. The Board of Directors manages risk through representative participation on the Company's committees. Minutes and reports of committee meetings are reviewed by the Board. Policies for all major risk areas are approved annually by the Board. Independent review and monitoring functions within the Company report to respective committees addressing areas of financial, liquidity, operational, credit, fiduciary, and compliance risks. Committees with a major role in risk oversight are the Audit Committee, Directors Loan Committee, Directors Loan Review Committee, Asset and Liability Committee, Compensation Committee, and the Strategic Planning Committee.

The Audit Committee, composed of independent directors, oversees the Company's management of significant risks by reviewing the scope and reports from the Company's independent accountants, internal audit, and the regulatory management function. The Senior Loan Review Officer periodically reports to the Audit Committee on the quality of the loan portfolio.

The Directors Loan Committee and Directors Loan Review Committee analyze lending activities, significant credits, and evaluate credit risk. The Director's Loan Review Committee reviews the scope and reports from the Loan Review function.

The Asset and Liability Committee and subcommittee thereof monitor and report to the Board on the management of the asset and liability risk of the company.

The Compensation Committee assesses the fairness of and the risks associated with the compensation and benefits structure.

The Strategic Planning Committee evaluates global risks in the development of the Company's strategic plan.

As circumstances warrant, the Committees present reports to the Board of Directors regarding the respective committee's analysis of the risks and steps the committee recommends that the Board and Management have taken to address these risks.

Board Committees and Attendance

The Board of Directors is comprised of a majority of independent directors, as defined by the listing standards of the NASDAQ Stock Market. Independent directors do not receive consulting, legal or other fees from the Company other than Board and committee compensation. Although companies affiliated with certain of these directors provide goods and services to the Company, the Board of Directors has determined in accordance with the NASDAQ listing standards that these independent directors have no relationships with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The independent directors are Messrs. Bernd, Chisman, Evans, Glasser, Harris, Morgan, Riddle, Dr. Clark, Dr. Greene and Mrs. Thacker. Until his passing on August 7, 2009, Mr. Zimm was also an independent director.

The Board reviews each director's independence status on an annual basis to ensure compliance with NASDAQ listing standards.

In reviewing the independence of John B. Morgan, II, a Company director, management considered the relationship between the Company and Morgan-Marrow Insurance, of which Mr. Morgan is President, which received fees of approximately \$138,000 for providing insurance for the Company's subsidiaries in 2009. In reviewing the independence of director Michael A. Glasser, the Board considered the relationship between the Company and the law firm of Glasser & Glasser, of which Mr. Glasser is a partner, which law firm received fees of approximately \$89,000 for performance of legal services for one of the Company's subsidiaries in 2009. The Board also considered the relationship between the Company and Crown Center Associates, a company affiliated with Mr. Glasser, which leases a branch to the Bank and which received lease payments of approximately \$85,000 in 2009. In each of these relationships, the Board determined that the relationship did not interfere with the director's ability to act in an independent manner.

During 2009, there were 13 meetings of the Board of Directors of the Company. Each director attended at least 75% of all meetings of the Board and committees on which he or she served.

The independent directors also met in regularly scheduled executive sessions in March, June, September and November of 2009.

The Company has not adopted a formal policy on Board members' attendance at its annual meetings of stockholders, although all Board members are invited and encouraged to attend and, historically, most have done so. All Board members attended the Company's 2009 Annual Meeting of Stockholders.

The Board of Directors of the Company has standing Executive, Audit and Compensation Committees.

Executive Committee. Current members of the Executive Committee are Messrs. Shuford, Sr. (Chairman), Harris, Morris and Dr. Greene and Mrs. Thacker. The Executive Committee serves in an advisory capacity, reviewing matters and making recommendations to the Board of Directors. The Executive Committee met four times in 2009.

Compensation Committee. The Compensation Committee consists of four non-employee directors, Messrs. Morgan (Chairman), Bernd, Evans and Dr. Clark. The Committee does not operate under a written charter. The Board of Directors has determined that the members of the Committee are non-employee directors (within the meaning of Rule 16b-3 of the Exchange Act), outside directors (within the meaning of Section 162(m) of the Internal Revenue Code) and independent directors (within the meaning of Rule 5605(a)(2) of the NASDAQ Listing Rules and the independence standards of the Company's Corporate Governance Guidelines). In addition, no Committee member is a current or former employee of the Company or any subsidiary or affiliate. While the Committee members are not required to have certain qualifications or special knowledge, they each have held or currently hold high-level management and employee supervisory positions in their respective fields that include duties relating to compensation of employees at multiple levels.

The Committee reviews and recommends compensation adjustments for all exempt employees (including senior management). The Committee submits its recommendations to the full Board for final approval. The Committee met two times in 2009. The dates, meeting times and agenda items for committee meetings are set in accordance with the subject matter to be discussed and are determined by the Committee Chairman and the Human Resources Director.

Audit Committee. Current members of the Audit Committee are Mrs. Thacker (Chairman), Messrs. Evans, Harris, and Dr. Greene. The Board of Directors has determined that all of the members of the Audit Committee satisfy the independence and financial literacy requirements for audit committee members under the NASDAQ listing standards and applicable SEC regulations. In addition, at least one member of the Audit Committee has past employment experience in finance or accounting or comparable experience which results in the individual's financial sophistication. The Board of Directors has also determined that Mr. Evans qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee assists the Board in its financial reporting oversight duties, internal controls, audit function, whistleblower policy, and other matters relating to corporate governance. The Audit Committee is responsible for the appointment, compensation, and oversight of the work of the Company's independent accountants. The Audit Committee reviews on a regular basis the work of the Company's internal audit department. It also reviews and approves the scope and detail of the continuous audit program, which is conducted by the internal audit staff to protect against improper and unsound practices and to furnish adequate protection for all assets and records. During 2009, the Audit Committee met four times.

The Committee operates under a written charter adopted by the Board of Directors. The Committee reviews and reassesses the charter annually and recommends any changes to the Board for approval. The Audit Committee Charter is posted on the Company's website of www.oldpoint.com under the Investor Relations link and then under the Governance Documents link.

Nominations. The Board of Directors does not have a standing nominating committee or nominating committee charter because it believes it can have an independent nominating process without a separate nominating committee. Pursuant to a resolution passed by the Board of Directors and consistent with NASDAQ Listing Rules, director nominees are selected and recommended for consideration to the full Board of Directors by a majority of the directors who are independent according to the NASDAQ listing standards. For this purpose, the following directors are independent: Messrs. Bernd, Chisman, Evans, Glasser, Harris, Morgan, Riddle, Dr. Clark, Dr. Greene and Mrs. Thacker.

In addition to recommending to the full Board whether or not current directors should be nominated for reelection, the independent directors also identify new candidates in the event of a vacancy on the Board. The independent directors identify potential director candidates from a variety of sources, including management, consultants and other individuals likely to possess an understanding of the Company's business and knowledge of suitable candidates. The independent directors evaluate the qualifications of candidates for membership to the Board of Directors. Following this evaluation process, candidates are selected by a majority of the independent directors to be recommended for nomination by the full Board of Directors. The full Board then selects nominees to recommend to the Company's stockholders in the annual election process or appoints new directors to serve until the next annual election.

Qualifications for consideration as a Board nominee may vary according to the particular areas of expertise being sought to complement the existing Board composition. However, in making their nomination recommendations to the Board of Directors, the independent directors consider, among other things, an individual's business experience, industry experience, financial background, geographic representation, breadth of knowledge about issues affecting the Company, time available for meetings and consultation regarding Company matters and other particular skills and experience possessed by the individual. Also, while the Company does not have a formal diversity policy, the independent directors believe that the Board should include directors with diverse experience and backgrounds that reflect the needs of the Board. In addition, the independent directors seek director candidates that will result in the Board of Directors consisting of more than a majority of independent directors at all times.

The specific experience, qualifications, attributes and/or skills that led the Board to conclude that the director candidates should serve as directors are discussed further in proposal one.

While there are no formal procedures for stockholders to submit director candidate recommendations, the independent directors will consider candidates recommended in writing by stockholders entitled to vote in the election of directors. Such written submissions should include the name, address, and telephone number of the recommended candidate, along with a brief statement of the candidate's qualifications to serve as a director. All such stockholder recommendations should be submitted to the attention of the Company's Secretary at the Company's principal office located at 1 West Mellen Street, Hampton, Virginia 23663 and must be received by January 1, 2011 in order to be considered by the independent directors for the next annual election of directors. Any director candidate recommended by a stockholder will be reviewed and considered by the independent directors in the same manner as all other director candidates based on the qualifications described above.

In addition, in accordance with the Company's bylaws, any stockholder entitled to vote in the election of directors may nominate an individual for director. Any such stockholder nomination must be in writing and must include sufficient background information with respect to the nominee, including his or her name, address, principal occupation, and a discussion of the specific experience, qualifications, attributes or skills that led to the conclusion that the nominee should serve as a director, sufficient identification of the nominating stockholder, including his or her name, address and principal occupation and a representation by the stockholder of his or her eligibility and intention to appear at the annual meeting (in person or by proxy) to nominate the individual specified in the notice, a description of any arrangements or understandings between the stockholder and the nominee or others regarding the nomination, an indication of the total number of shares expected to be voted for

the nominee, and the nominee's written consent to the nomination. Stockholder nominations must be received by the Company's Secretary at the Company's principal office in Hampton, Virginia, no later than February 1, 2011 for the 2011 Annual Meeting; provided, however, that such notice will not be required to be given more than 90 days prior to the 2011 Annual Meeting.

No member of the Compensation Committee is or has been an officer or employee of the Company or any of its affiliates. During 2009 and through the present time, there have been transactions between the Company's banking subsidiary and certain members of the Compensation Committee or their associates, all consisting of extensions of credit by the Bank in the ordinary course of business. Each transaction was made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with the general public. Mr. Morgan is the President of Morgan-Marrow Insurance, which provides insurance for the Company's subsidiaries. During 2009, Morgan-Marrow Insurance received fees of approximately \$138,000 from the Company or its subsidiaries for this service. Interest of Management in Certain Transactions

Some of the Company's directors, executive officers, and members of their immediate families, and corporations, partnerships and other entities of which such persons are officers, directors, partners, trustees, executors or beneficiaries, are customers of the Bank. All loans and commitments to lend to such individuals were made in the ordinary course of business, upon substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other unrelated persons and in the opinion of management did not involve more than normal risk of collectibility or present other unfavorable features. Pursuant to our written Insider Policy, all directors and executive officers (including our named executive officers), who have any direct or indirect financial or other interest in any business that competes with, supplies goods or services to, or is a customer of the Company or the Bank, in an amount greater than \$25,000 or aggregate business dealings with the Company or the Bank greater than \$120,000 per calendar year are considered significant and must be submitted to the Board of Directors for approval. Directors and executive officers are expected to make reasoned and impartial decisions in the workplace. As a result, approval of the proposed business is denied if the Board believes that the director's or executive officer's interest in such business could influence decisions relative to the Company's business, or have the potential to adversely affect the Company's business or the objective performance of the director's function or executive officer's work. The Board of Directors is responsible for overseeing compliance with the Insider Policy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (for purposes of this discussion, the Committee) of the Board of Directors has responsibility for establishing, implementing and monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the Company's executive management is fair and reasonable.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer (CEO) and Chief Financial Officer (CFO) during 2009, as well as the other executive officers included in the Summary Compensation Table on page 24, are referred to as the named executive officers or NEOs. The Company's senior management includes its NEOs.

General Philosophy

The Company compensates its senior management through a mix of base salary, bonus and, in some years, equity compensation, designed to retain executive talent and to align management's incentives with the long-term interests of stockholders. The process of determining compensation consists of establishing targeted overall compensation of each senior manager and then allocating that compensation among base salary and incentive compensation. At the officer level, the Committee designs the incentive compensation to reward company-wide performance through tying awards primarily to earnings, asset and deposit growth. Currently, the Committee does not tie individual performance to incentive compensation. Generally, the types of compensation and benefits provided to the Company's senior management are intended to be similar to those provided to other executive officers in comparable institutions in the Southeast. The Committee believes it is important to have the most capable managers in place and that it would be a disservice if executives were not adequately rewarded.

Board Process

Compensation adjustments and monetary awards to executive officers are recommended by the Committee for approval by the full Board of Directors, which makes the final decisions. Mr. Shuford, Sr., CEO (Company), hereafter referred to as CEO, and Mr. Morris, President & CEO (Bank), who both serve on the Company's Board of Directors, are not present during deliberations or voting with respect to their compensation.

Generally, on its own initiative the Committee reviews the individual performance for Mr. Shuford, Sr. and Mr. Morris, and following discussions with those individuals, recommends their compensation levels to the full Board of Directors (excluding Mr. Shuford, Sr. and Mr. Morris). For the remaining NEOs, the CEO, President & CEO (Bank), President & CEO (Trust) and Senior Vice President of Human Resources make recommendations to the Committee that generally, with minor adjustments, are accepted by the Committee and presented to the full Board of Directors for approval.

In years when it grants equity compensation to executive officers, the Committee recommends to the full Board of Directors equity grants to the CEO based on the Committee's evaluation of his performance and to other executive officers based on the recommendation of the CEO.

The Committee has not used a compensation consultant for establishing executive compensation.

Targeted Overall Compensation

To assist in establishing the aggregate level of compensation that the Company will pay, the Committee utilizes a peer group analysis of the southeastern states, primarily the SNL Executive Compensation Review for banks and thrifts with assets greater than \$400 million. Specifically, the 19 SEC reporting banking institutions in Virginia with assets ranging from \$400 million to \$3 billion are considered in the peer group. Generally, targeted overall compensation correlates to what these financial institutions would offer individuals to fill executive management positions with similar skills and backgrounds to those the Company employs. Additionally, total compensation is established relative to the Company's performance and internal/external peer comparisons.

Based on the peer compensation analysis and review of Company and individual performance during 2008, the targeted overall compensation of the CEO in 2009 was established at \$318,000, which is lower than in 2008. This level of compensation is below the compensation levels of the Company's peer institutions. This has been the case for several years, and efforts continue toward closing this gap between the total compensation level, especially base salary, of its CEO and the total compensation levels of chief executive officers of our peer institutions.

The Committee follows the same process with respect to establishing targeted overall compensation for the other NEOs. While the Committee considers the peer compensation analysis, the responsibilities of the Company's NEOs vary widely and the direct comparisons with the peer group are less helpful. Based upon the Committee's review of the peer compensation analysis and review of Company and individual performance during 2008, the Committee sets the overall targeted compensation for the other NEOs at levels that are in the mid-range for positions among the peer group with similar scope of responsibility and required skill level.

Allocation Among Components

Under the Company's 2009 compensation structure, which did not include equity compensation, the approximate mix of base salary and bonus compensation is as follows:

	Base Salary	Bonus Target	Equity Compensation
Chief Executive Officer	95.2%	4.8%	0%
President & CEO (Bank)	94.3%	5.7%	0%
Executive Vice Presidents	94.3%	5.7%	0%

In allocating compensation among base salary, annual bonus compensation and equity compensation, the Committee believes that the compensation of senior-most levels of management should begin with a base level. Bonus and equity compensation programs are awarded based on Company performance and are designed to encourage good behavior and best practices rather than to encourage risk-based behaviors. Base salaries generally represent a large portion of the executive officers' total cash compensation and are generally considered to be average relative to the Company's peer financial institutions. Base salaries are also based on individual performance components.

The Committee believes that the top levels of management have the greatest ability to influence Company performance. Therefore, the Committee bases annual bonus compensation on Company performance. When the Bank's performance is above goals, the top levels of management are rewarded. Likewise when the Company's performance does not meet expectations, the top levels of management receive a lower or no bonus.

In 2009, the overall compensation for executives did not include equity compensation awards because the Company's stock option plan expired in 2008 and has not been replaced. The Company had a stock option

plan in place pursuant to which stock option awards could be granted and the Committee chose to grant stock options in 2007. Prior to 2007, the Committee did not grant equity compensation to executive officers for several years because the cost associated with offering equity compensation had increased due to the 2006 financial reporting requirements in conformity with general accepted accounting principals (GAAP) for stock option plans. The Committee granted options in 2007 in an effort to retain executive talent within the organization.

Base Salaries

The Committee strives to provide executive management with a fair and reasonable level of assured cash compensation in the form of base salary given their professional status and accomplishments. The Company has a compensation structure with salary ranges for management including the CEO and other executive managers. These ranges are based on the peer compensation analysis discussed above. The last adjustments to the ranges were made in July 2008 in an effort to remain fair and reasonable within the Company's marketplace. The structure is designed to recruit and retain qualified personnel and is reviewed on an annual basis by the Committee to determine if adjustments to the ranges are appropriate. For 2009, the base salary ranges used for setting salaries were \$175 thousand to \$350 thousand for the CEO and from \$120 thousand to \$350 thousand for the other NEOs.

Each February, the Committee recommends the base salary of the CEO within the established range to the Board of Directors. Within this range, the CEO's base salary is determined using the peer compensation analysis in addition to the CEO's individual and Company performance during the prior year. The base salary of the CEO as of March 1, 2009 was \$300,000, which reflected no change in base salary from 2008. This decision reflected the Committee's and the Board's view that the CEO's base compensation should remain stationary in a year of troubled economic conditions. In lieu of a base compensation adjustment, the CEO was granted a bonus of \$15,000 based on 2008 accomplishments that was paid in 2009.

For the executive officers other than the CEO, each February the Committee recommends the executive's base salary within the established range to the Board of Directors, based on the recommendation of the CEO, President & CEO (Bank), President & CEO (Trust) and the Senior Vice President of Human Resources. The base salaries of the other executive officers are determined using the peer compensation analysis in addition to the officer's individual performance during the prior year and the Company's performance during the prior year, based on the same performance objectives discussed above with respect to the CEO.

Bonuses

The bonus incentive plan, which is referred to as the Management Incentive Plan, is designed to motivate and reward participants for the achievement of fiscal year financial and non-financial objectives that directly contribute to the overall success of the Company.

Non-commissioned exempt employees, except the CEO, hired no later than the last day of the prior year and employed through year-end of the current year are eligible to participate in the Management Incentive Plan. This plan includes all of the Company's NEOs except the CEO.

The target incentive award is the amount that the participant is eligible to receive if the combined, weighted performance against the plan objectives equals an overall achievement level. Goals and incentive awards are established under the plan for the Company and are based on the operating budget. Depending upon the participant's officer level in the Company for 2009, target incentive awards ranged from 1% to 6% of annualized base salary. These ranges were lower than 2008, reflecting the Committee's and the Board's belief that all the NEOs, except the CEO, in 2009 were eligible for a bonus award equaling 6% of annualized base salary if all objectives were met, a higher amount if objectives were exceeded, or a lower amount if not all of the objectives were met. The CEO's bonus award is determined in February after year-end so that the Committee can evaluate year-end results. The bonus awards for the other NEOs are determined before the end of the year and are based on actual year-to-date and estimated end-of-year performance of the established goals.

The bonus award for the CEO is both objectively and subjectively determined. The Committee considers the general performance of the Company in the prior year as well as the incentive award earned by the Executive Vice Presidents for the prior year to determine an appropriate bonus for the CEO. The Committee considers each of these factors but does not assign a specific value to any factor. In lieu of a base salary increase in 2009 and in recognition of his accomplishments in 2008, the CEO's bonus for 2008 was \$15,000, which amounted to 5.13% of his 2008 base salary and was paid in 2009.

As mentioned below, the Company did not meet its goals under the bonus incentive plan in 2009. As a result of the Company's performance in 2009, the CEO did not receive a bonus for 2009.

The bonus awards under the Management Incentive Plan for the NEOs other than the CEO are objectively determined, based on achieving predetermined financial goals such as deposit, loan and income growth during the year. The Board of Directors has discretion to increase or decrease the award based on non-financial goal achievements. A list of various projects and the completion status is reviewed in November of each year. Based on the status of these projects to the goals established at the beginning of the year, the Board of Directors determines the non-financial goal achievement level.

The 2009 target bonuses and performance goals for the Company's named executive officers were based on achieving the budget goals for the following performance measures:

The Bank's average asset growth (weighting 15%);

The Bank's average loan growth (weighting 15%);

The Bank's average deposit and repurchase (repo) growth (weighting 15%);

The Trust Company's revenue growth (weighting 10%);

The Company's earnings growth (weighting 25%); and

Non-financial goals as determined by the Board (weighting 20%).

In 2009, the target bonus for the NEOs, other than the CEO, was 6% of annual base salary, or a level 6 under the Management Incentive Plan. The budget goal and the actual outcome for each of these performance measures for 2009 were as follows:

Performance Measurement	Budget	Actual
The Bank's average asset growth	3.02%	4.41%
The Bank's average loan growth	5.14%	1.70%
The Bank's average deposit and repo growth	5.54%	7.28%
The Trust Company's revenue growth	12.04%	-.55%
The Company's earnings growth	-8.15%	-75.23%
Non-Financial goals	75%	83%

After final calculation, a level 4 under the Management Incentive Plan was achieved. The Board voted in November 2009 not to pay a bonus to executives even though a smaller payout than budget was due based on the actual performance measures under the Management Incentive Plan. This decision was made due to reduced company profits and the lowering of the dividend to stockholders.

An additional plan, which is referred to as the Profit Sharing Plan, is also designed to motivate and reward participants for the achievement of the fiscal year based on the above criteria. All employees, to include the Company's NEOs, are eligible for this plan provided they are hired no later than the last day of the prior year and employed through year-end.

The performance measures used for the Management Incentive Plan are also used to determine profit sharing amounts.

A level 4 Profit Sharing threshold was achieved. The Board voted in November 2009 to pay at a level 4 threshold for Profit Sharing with the entire amount paid in cash, which was equal to 0.72% of the NEOs base earnings.

Equity Compensation

Historically, the primary form of equity compensation has been incentive stock options. The Company used stock options because of the favorable accounting treatment and the near universal expectation by employees in the industry that they would receive stock options. The Company had not issued stock options since August 2004 until October 2007. Beginning in 2006 the accounting treatment for stock options changed and became less attractive to the Company; however, with the Committee's approval, the Company issued stock options using a multi-year vesting approach which spread the financial impact to the Company over a five-year period. There were no incentive stock options granted in 2008 or 2009 because the Company's stock option plan expired in 2008. No additional equity awards may be granted until the Company establishes a new stock incentive plan, which will require stockholder approval.

Severance Pay

The Company does not have any employment contracts with our NEOs. Therefore, their severance pay is determined on a case-by-case basis by the Committee and the Board of Directors.

Perquisites and Other Compensation

None of the NEOs received perquisites or other personal benefits in excess of \$10,000 in 2009.

The Committee reviews any perquisites that its CEO and the other NEOs may receive on an annual basis. In general, the Company does not provide its executives with many of the types of perquisites that other companies offer their executives, such as personal use of a company vehicle or vehicle allowances. In addition to the base salary and incentive compensation described above, the Company provides its NEOs with the same benefit package available to all of its salaried employees. This package includes:

Medical and dental insurance (portion of costs);

Medical/dependent care reimbursement plan;

Life insurance;

Short and long-term disability insurance; and

Participation in the Company's 401(k) plan, including the Company match.

Until September 30, 2006, the Company maintained a traditional defined benefit pension plan (the Employee Retirement Plan). However, since September 30, 2006, no new participants are being added to the plan, and the benefits under the plan for existing participants have been frozen. As a counterbalance, the Committee enhanced the 401(k) plan effective January 1, 2007. The Company provides an immediately vested safe harbor match of 100% up to 4% of an employee's deferral contribution.

The Company also offers post-retirement life insurance benefits to senior management in the form of a split dollar plan. The Company owns the policy and cash values provide an annual return to the Company while providing a term insurance benefit to the individual employee. In 2002, the Committee recommended and

approved a plan to provide pre- and post-retirement life insurance benefits to the senior officer group utilizing Bank Owned Life Insurance (BOLI) with a portion of the death benefit endorsed to the insured officer through a split dollar agreement. All the NEOs took advantage of this benefit upon eligibility except for Robert F. Shuford, Jr. who is covered under a term life insurance policy provided by the Company in an amount equal to two times his annual base compensation. The amount endorsed under the BOLI equaled 300% of the current base salary, with the amount to increase 4% each year through termination or retirement. If the officer remains in the Company's employment through retirement, a post-retirement benefit equal to 50% of the benefit provided just prior to retirement would be provided.

Due to the accounting rules issued by The Emerging Issues Task Force of the Financial Accounting Standards Board, the economics of the BOLI have changed for the Company. In 2008, in lieu of the BOLI, the NEOs that were fully vested in the split dollar plan became eligible to participate in the Management Section 162 Life Insurance Plan which offers key executives permanent life insurance protection which they own and control from inception of the policy. The premiums to purchase the policies under the Management Section 162 Life Insurance Plan were included in the NEOs' compensation in 2009 as indicated in footnote 3 of the All Other Compensation table on page 26. In 2009, a \$50,000 term life policy was issued to all NEOs who participate in the BOLI or Management Section 162 Life Insurance Plans.

Relocation Benefits

The Company does not have a policy providing relocation benefits.

Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company generally may not deduct annual compensation of more than \$1 million that is paid to certain individuals. To date, the Company's compensation practices have not caused this limit to be reached or exceeded.

Stock Ownership Guidelines

Although the Committee believes that significant levels of stock ownership will assist in retaining qualified and motivated executive officers, the Committee has not established stock ownership guidelines for any of its officers.

The following table summarizes the total compensation for the years ended December 31, 2009, December 31, 2008, and December 31, 2007 of the Company's CEO, Executive Vice President and CFO (Bank), and each of the Company's next three most highly compensated officers.

- (1) Actual amounts earned are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table. The annual Management Incentive Plan is designed to motivate and reward participants for the achievement of fiscal year financial and non-financial objectives that directly contribute to the success of the Company. Participants are paid at the end of the year for that same year's performance. The threshold is the amount received if 60% of the objectives are met. The target is the amount that the participant receives if all targeted achievements are met and the maximum is the amount received if all objectives are exceeded and reach the maximum level of performance allowed by the program's design. Depending on the participant's officer level in the Company, incentives ranged from 0% to 14% of annual base salary for 2009. All exempt employees who are not compensated by commissions are eligible for this program except Robert F. Shuford, Sr., CEO.

(1) The plan consists of the 1998 Stock Option Plan.

(2) Includes zero shares available to be granted in the form of options under the 1998 Stock Option Plan, because the 1998 Stock Option Plan has expired and no further awards may be granted under the plan.

The following table shows the present value of accumulated benefits payable to each of the NEOs, including the number of years of service credited to each NEO under the Employee Retirement Plan, which is described in more detail in the Compensation Discussion and Analysis.

The Employee Retirement Plan, which covers substantially all full-time employees of the Company and its subsidiaries who had completed one year of service as of September 30, 2006, was frozen as of September 30, 2006. The present value of the accumulated benefit is the value that the officer will receive at retirement or termination of the plan whichever comes first. A participant's monthly retirement benefit (if he or she has 25 years of benefit service at his normal retirement date) is 20% of his final five-year's average salary plus 15% of final five-year's average salary in excess of the participant's Social Security Covered Pay. The Social Security Covered Pay is the average pay of the calendar year prior to the year the participant attains his Social Security Retirement Age. If the participant has less than 25 years of benefit service at his normal retirement date, the participant's monthly retirement benefit will be actuarially reduced by 1/25 for each year of benefit service less than 25 years. Cash benefits under the plan generally commence on retirement, death or other termination of employment and are payable in various forms at the election of the participant.

- (1) The amounts in this column reflect the actuarial present value of each NEO's accumulated benefit under the Employee Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in Note 12 to the Company's audited financial statements for the year ended December 31, 2009, and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. Mr. Witt does not meet the qualifications to participate in this plan due to joining the Company after the plan was frozen.
- (2) Due to the requirements of Internal Revenue Code Section 401(a)(9)(C), Mr. Shuford, Sr. was required to take a distribution from the Employee Retirement Plan beginning in 2009.

Nonqualified Deferred Compensation

The Company does not offer any nonqualified deferred compensation plans.

Potential Payments upon Termination or Change-in-Control

The Company has not entered into employment agreements with any of its executive officers. Therefore, the only payments upon termination that the NEOs would have received, assuming a termination as of December 31, 2009, would have been salary earned through December 31, 2009 and any vested 401(k) Plan or Employee Retirement Plan payouts, which payments would not have been increased or accelerated due to the termination. Our stock option agreements provide that upon a change-in-control, all unvested stock options will immediately vest, provided they were granted not less than six months prior to a change-in-control public announcement. This accelerated vesting occurs with respect to all stock option awards granted by the Company, and not only those granted to the named executive officers. If the change-in-control had occurred on December 31, 2009, our named executive officers would not have received any value from this accelerated vesting because the exercise price of all unvested options exceeded the \$15.55 closing price per share of the Company's common stock on December 31, 2009.

The following table provides compensation information for the year ended December 31, 2009 for each non-employee member of the Company's Board of Directors.

General Compensation Disclosure

The Company's Senior Management has assessed the practices in light of the risks in the Company's operations. The Company's Senior Management has reviewed the amendments to SEC Compensation and Corporate Governance-related disclosure requirements and has determined that the Company does not participate in risk-based compensation practices.

In a few cases, commissions are paid as a portion of an individual's compensation; however, the majority of the total compensation is base pay. In these cases, commissions are paid to reward the sale of products and services, however, these individuals have no lending authority/approval/influence. Nominal referral fees are paid to employees from time-to-time as a reward for referring mortgage loans and/or other types of deposit gathering. In addition, a referral program for Trust business is also in place, which rewards employees monetarily for referring closed sales and retaining current customers for Trust services.

The Company believes that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

Audit Committee Report

The Audit Committee of the Board of Directors (for purposes of this report, the Committee) is composed of four non-employee directors, each of whom satisfies the requirements of FDICIA for Audit Committee members and the independence requirements of the SEC and the NASDAQ Stock Market's listing standards. In addition, the Board of Directors has also determined that Mr. Evans qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Committee oversees the Company's financial reporting process on behalf of the Board. Management is responsible for the Company's internal controls, financial reporting process and compliance with applicable laws and regulations and ethical business standards. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with GAAP and for issuing a report thereon. The Committee monitors and oversees these processes and has sole responsibility for the appointment, compensation and evaluation of the Company's independent accountants.

In this context, the Committee met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's audited consolidated financial statements were prepared in accordance with GAAP, and the Committee has reviewed and discussed the audited consolidated financial statements with management and the independent accountants. The Committee also discussed with management, the independent accountants and the Company's internal auditors the adequacy of the Company's system of internal controls.

The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including their judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates in the Company's consolidated financial statements; all critical accounting policies and practices to be used; all alternative treatments within GAAP for policies and practices related to material terms that have been discussed with management of the Company; and other material written communication between the independent accountants and the management of the Company, such as any management letter or schedule of unadjusted differences.

The Company's independent accountants also provided to the Committee the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Committee concerning independence and the Committee discussed with the independent accountants that firm's independence.

The Committee also discussed with the Company's internal auditors and independent accountants the overall scope and plans for their respective audits. The Committee met with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based upon the Committee's discussions with management and the independent accountants and the Committee's review of the representation of management and the written disclosures and report of the independent accountants to the Committee, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009, for filing with the SEC.
