Item 8.01 Other Events

On May 10, 2010, the Company announced the terms of its rights offering to stockholders. Under the terms of the rights offering, Tejon will distribute, at no charge, to the holders of its common stock as of 5:00 p.m., New York time, on May 21, 2010, one transferable subscription right for each share of Tejon common stock then owned. Each subscription right will entitle the holder to purchase 0.1270 shares of common stock at a purchase price of \$23.00 per share. Assuming the rights offering is fully subscribed, Tejon currently expects the gross proceeds of the offering to be approximately \$50 million.

The rights offering also includes an over-subscription privilege, which entitles a stockholder who exercises all of its basic subscription privilege in full the right to purchase additional shares of common stock that remain unsubscribed at the expiration of the rights offering, subject to the availability and pro rata allocation of shares among persons exercising this over-subscription right. If there are not enough unsubscribed shares to honor all requests under the over-subscription privilege, Tejon may, at its discretion, elect to issue up to an additional 434,789 of over-allotment shares to honor requests under the over-subscription privilege. If the over-allotment shares are issued maximum gross proceeds in the offering would be approximately \$60 million.

The net proceeds of the offering will be used to provide additional working capital for general corporate purposes, including to fund entitlement and development activities and to continue our investment into new water assets and water facilities.
