NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

[·]

Date: Tuesday, October 11, 2011
Time: 9:00 a.m., Eastern Daylight Time
Place: Procter & Gamble Hall at the Aronoff Center for the Arts
650 Walnut Street, Cincinnati, Ohio 45202

Purposes of the meeting:

To review the minutes of the 2010 annual meeting of shareholders;

To receive reports of officers;

To elect 11 members of the Board of Directors;

To vote on a Board proposal to ratify appointment of the independent registered public accounting firm;

To provide an advisory vote on a Board proposal to approve the Company's executive compensation (the "Say on Pay" vote);

To provide an advisory vote on a Board proposal to recommend the frequency of holding the Say on Pay vote in the future;

To vote on a Board proposal to amend the Company's Amended Articles of Incorporation;

To vote on [·] shareholder proposal(s); and

To consider any other matters properly brought before the meeting.

Who may attend the meeting:

Only shareholders, persons holding proxies from shareholders and invited representatives of the media and financial community may attend the meeting.

Edgar Filing: PROCTER & GAMBLE CO - Form PRE 14A

Shareholders attending the meeting who are hearing-impaired should identify themselves during registration so they can sit in a special section where an interpreter will be available.

What to bring:

If your shares are registered in your name and you requested and received a printed copy of the proxy materials, you should bring the enclosed Admission Ticket to the meeting. If you received a Notice of Internet Availability of Proxy Materials and will not be requesting a printed copy of the proxy materials, please bring that Notice with you as your Admission Ticket.

If your shares are held in the name of a broker, trust, bank or other nominee, you will need to bring a proxy or letter from that broker, trust, bank or nominee confirming that you are the beneficial owner of those shares.

Audiocast of the annual meeting:

If you are not able to attend the meeting in person, you may join a live audiocast of the meeting on the Internet by visiting www.pg.com/investors at 9:00 a.m., Eastern Daylight Time on October 11, 2011.

Record Date:

August 12, 2011, is the record date for the meeting. This means that owners of Procter & Gamble stock at the close of business on that date are entitled to:

receive notice of the meeting; and

vote at the meeting and any adjournments or postponements of the meeting.

Information About the Notice of Internet Availability of Proxy Materials:

Again this year, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each shareholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all shareholders. On [-], we began mailing a Notice of Internet Availability of Proxy Materials (the "Notice") to shareholders of record as of August 12, 2011, and we posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, shareholders may choose to access our proxy materials at www.proxyvote.com or may request a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. For those who previously requested printed proxy materials or electronic materials on an ongoing basis, you will receive those materials as you requested.

Householding Information:

Shareholders of record who have the same address and last name and have not previously requested electronic delivery of proxy materials will receive a single envelope containing the Notices for all shareholders having that address. The Notice for each shareholder will include that shareholder's unique control number needed to vote his or her shares. This procedure reduces our printing costs and postage fees. If, in the future, you do not wish to participate in householding and prefer to receive your Notice in a separate envelope, please call us toll-free at 1-800-742-6253 in the U.S., or inform us in writing at: The Procter & Gamble Company, Shareholder Services, P.O. Box 5572, Cincinnati, OH 45201-5572, or by email at shareholders.im@pg.com. We will respond promptly to such requests.

For those shareholders who have the same address and last name and who request to receive a printed copy of the proxy materials by mail, we will send only one copy of such materials to each address unless one or more of those shareholders notifies us, in the same manner described above, that they wish to receive a printed copy for each shareholder at that address.

Beneficial shareholders can request information about householding from their banks, brokers or other holders of record.

Proxy Voting:

Your vote is important. Please vote your proxy promptly so your shares can be represented, even if you plan to attend the annual meeting. You can vote by Internet, by telephone or by requesting a printed copy of the proxy materials and using the enclosed proxy card.

Our proxy tabulator, Broadridge Financial Solutions, must receive any proxy that will not be delivered in person to the annual meeting by 11:59 p.m., Eastern Daylight Time on Monday, October 10, 2011.

By order of the Board of Directors,

DEBORAH P. MAJORAS

Chief Legal Officer and Secretary

Proxy Statement

As more fully described in the Notice, the Board of Directors (Board) of The Procter & Gamble Company (the Company) has made these materials available to you over the Internet or, upon your request, has mailed you printed versions of these materials in connection with the Company's 2011 annual meeting of shareholders, which will take place on October 11, 2011. The Notice was mailed to Company shareholders beginning [·], and our proxy materials were posted on the website referenced in the Notice on that same date. The Company, on behalf of its Board, is soliciting your proxy to vote your shares at the 2011 annual meeting of shareholders. We solicit proxies to give shareholders of record an opportunity to vote on matters that will be presented at the annual meeting. In this proxy statement, you will find information on these matters, which is provided to assist you in voting your shares.

Voting Information

Who can vote?

You can vote if, as of the close of business on Friday, August 12, 2011, you were a shareholder of record of the Company's:

Common Stock (Common Stock);

Series A ESOP Convertible Class A Preferred Stock; or

Series B ESOP Convertible Class A Preferred Stock.

Each share of Company stock gets one vote. On August 12, 2011, there were issued and outstanding:

[·] shares of Common Stock;

[·] shares of Series A ESOP Convertible Class A Preferred Stock; and

[·] shares of Series B ESOP Convertible Class A Preferred Stock.

For The Procter & Gamble Shareholder Investment Program participants:

If you are a participant in The Procter & Gamble Shareholder Investment Program, you can vote shares of Common Stock held for your account through the custodian for that program.

For participants in The Procter & Gamble Profit Sharing Trust and Employee Stock Ownership Plan and/or The Procter & Gamble Savings Plan:

If you are a participant in The Procter & Gamble Profit Sharing Trust and Employee Stock Ownership Plan and/or The Procter & Gamble Savings Plan, you can instruct the Trustees how to vote the shares of stock that are allocated to your account. If you do not vote your shares, the Trustees will vote them in proportion to those shares for which they have received voting instructions. Likewise, the Trustees will vote shares held by the trust that have not been allocated to any account in the same manner.

How do I vote by proxy?

Most shareholders can vote by proxy in three ways:

Edgar Filing: PROCTER & GAMBLE CO - Form PRE 14A

By Internet You can vote via the Internet by following the instructions in the Notice or by accessing the Internet at www.proxyvote.com and following the instructions contained on that website;

Table of Contents

By Telephone In the United States and Canada you can vote by telephone by following the instructions in the Notice or by calling 1-800-690-6903 (toll-free) and following the instructions; or

By Mail You can vote by mail by requesting a full packet of proxy materials be sent to your home address. Upon receipt of the materials, you may fill out the enclosed proxy card and return it per the instructions on the card.

Please see the Notice or the information your bank, broker or other holder of record provided you for more information on these options.

If you authorize a proxy to vote your shares over the Internet or by telephone, you should not return a proxy card by mail (unless you are revoking your proxy).

If you vote by proxy, your shares will be voted at the annual meeting in the manner you indicate on your proxy card. If you sign your proxy card but do not specify how you want your shares to be voted, they will be voted as the Board recommends.

Can I change or revoke my vote after I return my proxy card?

Yes. You can change or revoke your proxy by Internet, telephone or mail prior to 11:59 p.m., Eastern Daylight Time on Monday, October 10, 2011 or by attending the annual meeting and voting in person.

Can I vote in person at the annual meeting instead of voting by proxy?

Yes. However, we encourage you to vote your proxy by Internet, telephone or mail prior to the meeting.

Voting Procedures

Election of Directors Each of the 11 nominees for Director who receives a majority of votes cast will be elected as a member of the Board. A majority of votes cast means that the number of shares cast for a nominee must exceed the number of votes cast against that nominee. Abstentions and broker non-votes will have no effect. Pursuant to the By Laws of the Board of Directors, if a non-incumbent nominee for Director receives a greater number of votes cast against than votes cast for such nominee, such nominee shall not be elected as a member of the Board. Any incumbent nominee for Director who receives a greater number of votes cast against than votes cast for such nominee shall continue to serve on the Board pursuant to Ohio law, but shall immediately tender his or her resignation as a Director to the Board. Within 90 days, the Board will decide, after taking into account the recommendation of the Governance & Public Responsibility Committee (in each case excluding the nominee in question), whether to accept the resignation. Absent a compelling reason for the Director to remain on the Board, the Board shall accept the resignation. The Board's explanation of its decision shall be promptly disclosed on a Form 8-K submitted to the Securities and Exchange Commission (SEC).

The Board Proposals regarding Say on Pay and Say on Pay vote frequency are advisory and not binding on the Company. They require the affirmative vote of a majority of shares participating in the voting on each proposal for approval. Abstentions and broker non-votes will not be counted as participating in the voting and will therefore have no effect.

The Board Proposal to amend the Company's Amended Articles of Incorporation requires the affirmative vote of a majority of the Company's issued and outstanding shares for adoption. Accordingly, abstentions and broker non-votes have the same effect as votes against this proposal.

Table of Contents

All Other Proposals require the affirmative vote of a majority of shares participating in the voting on each proposal for approval. Abstentions and broker non-votes will not be counted as participating in the voting and will therefore have no effect.

Who pays for this proxy solicitation?

The Company does. We have hired Phoenix Advisory Partners, a proxy solicitation firm, to assist us in soliciting proxies for a fee of \$15,000 plus reasonable expenses. In addition, Phoenix Advisory Partners and the Company's Directors, officers and employees may also solicit proxies by mail, telephone, personal contact, email or other online methods. We will reimburse their expenses for doing this.

We will also reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of Company stock. Other proxy solicitation expenses that we will pay include those for preparing, mailing, returning and tabulating the proxies.

Board Composition

Experiences, Skills and Qualifications

Each individual Director should epitomize the Company's Purpose, Values and Principles, possess the highest ethics and integrity and demonstrate commitment to representing the long-term interests of the Company's shareholders. Each Director should also have individual experiences that provide practical wisdom, mature judgment and an inquisitive and objective mind. These experiences, at policy-making levels, may include business, government, technology, international, marketing and other areas that are relevant to the Company's global operations. In addition, as noted above, the evaluation of Director nominees by the Governance & Public Responsibility Committee takes into account diversity, including with respect to international background, age, gender and race.

Below we identify and describe specific experiences, skills and qualifications our Directors bring to the Board. Each Director's specific experiences, skills and qualifications that the Board considered in their re-nomination are included in their individual biographies. However, the fact that we do not list a particular experience, skill or qualification for a Director does not mean that Director does not possess that particular experience, skill or qualification.

Leadership experience. Directors with significant leadership experience over an extended period, especially current and former chief executive officers, provide the Company with special insights. These individuals demonstrate a practical understanding of how large organizations operate including the importance of human resource management and how employee and executive compensation are set. They understand strategy and risk management. They possess extraordinary leadership qualities and are able to identify and develop leadership qualities in others. And, through their various leadership positions, they have access to important information and relationships that benefit the Company.

Consumer Industry experience. Directors with experience in dealing with consumers, particularly in the areas of marketing and selling products or services to consumers, provide valuable insights to the Company. They understand consumer needs, recognize products and marketing campaigns that might resonate with consumers and identify potential changes in consumer trends and buying habits.

International experience. Directors with experience in markets outside of the United States bring valuable knowledge to the Company, which generates over [.]% of its revenue from international markets.

Marketing experience. Directors with experience identifying, developing and marketing new products, as well as new areas for existing products, can add significant positive impact to the Company's operational results. As one of the world's largest advertisers, this is a particularly important attribute.

Finance experience. Directors with an understanding of accounting and financial reporting processes, particularly as they relate to a large, complex, international business, provide an important oversight role. The Company employs a number of financial targets to measure its performance, and accurate financial reporting is critical to the Company's success. Directors with financial experience are critical to ensuring effective oversight of the Company's financial measures and processes.

Government experience. Directors with government experience, whether as members of the government or through extensive interactions with government and government agencies, are able to recognize, identify and understand the key issues that the Company faces in an economy increasingly affected by the role of governments around the world.

Technology experience. Directors with an understanding of technology and innovation help the Company focus its efforts in these important areas, as well as track progress. As one of the few companies with an Innovation & Technology Committee of the Board, this is particularly important to the Company's overall success.

Table of Contents

Diversity

The Board considers diversity to be an important criterion in the selection and nomination of candidates for Director. As a global company, the Board seeks Directors with international background and global experience, among other factors. This is reflected in the Board's Corporate Governance Guidelines, which set forth the minimum criteria for Board members, and note that the Board seeks to achieve a mix of Board members that represents a diversity of background and experience, including with respect to age, gender, international background, race and specialized experience.

Although the Board does not establish specific goals with respect to diversity, the Board's overall diversity is a significant consideration in the Director nomination process. For this year's election, the Board has nominated 11 individuals. Those 11 individuals range in age from 50 to 65. Each nominee is a strategic thinker and has varying, specialized experience in areas that are relevant to the Company. Moreover, their collective experience covers a wide range of countries, geographies and industries, including consumer products, technology, financial services, media, agriculture, aerospace and health care, as well as roles in consulting and government. Five are women; two are African-American and one is Mexican.

The Board assesses the effectiveness of its diversity policy every year as part of the nomination process for the annual election of Directors by the Company's shareholders. The Board's Governance & Public Responsibility Committee, responsible for making recommendations for Director nominations to the full Board, reviews the Director nominees (including shareholder nominees) and ascertains whether, as a whole, the group meets the Board's policy in this regard. Having reviewed the collective background and experience of the 11 nominees, the Board has concluded that they provide sufficient diversity to meet the Board's policy.

Table of Contents

Election of Directors

All of the Board's nominees for Director are incumbent nominees who will be elected for a one-year term. Angela F. Braly, Kenneth I. Chenault, Scott D. Cook, Robert A. McDonald, W. James McNerney, Jr., Johnathan A. Rodgers, Mary Agnes Wilderotter, Patricia A. Woertz and Ernesto Zedillo were elected for one-year terms at the 2010 annual meeting. Susan Desmond-Hellmann was appointed to the Board effective December 13, 2010 and Margaret C. Whitman was appointed to the Board effective February 8, 2011. The current terms of all nominees for Director will expire at the 2011 annual meeting. The Board has nominated each of these individuals for new terms that will expire at the 2012 annual meeting.

Each of the nominees for Director has accepted the nomination and agreed to serve as a Director if elected by the Company's shareholders. If any nominee becomes unable or unwilling to serve between the date of the proxy statement and the annual meeting, the Board may designate a new nominee and the persons named as proxies will vote for that substitute nominee.

The Board of Directors recommends a vote FOR Angela F. Braly, Kenneth I. Chenault, Scott D. Cook, Susan Desmond-Hellmann, Robert A. McDonald, W. James McNerney, Jr., Johnathan A. Rodgers, Margaret C. Whitman, Mary Agnes Wilderotter, Patricia A. Woertz and Ernesto Zedillo as Directors to hold office until the 2012 annual meeting of shareholders and until their successors are elected.

The Board of Directors

General Oversight

The Board has general oversight responsibility for the Company's affairs pursuant to Ohio's General Corporation Law, the Company's Amended Articles of Incorporation, the Code of Regulations, and the By Laws of the Board of Directors. The Board has established committees to assist in this regard. In exercising its fiduciary duties, the Board represents and acts on behalf of the Company's shareholders. Although the Board does not have responsibility for the day-to-day management of the Company, it stays informed about the Company's business and provides guidance to Company management through periodic meetings, site visits and other interactions. The Board is deeply involved in the Company's strategic planning process, leadership development and succession planning. Additional details concerning the role and structure of the Board are contained in the Board's Corporate Governance Guidelines, which can be found in the corporate governance section of the Company's website at www.pg.com/investors.

Leadership Structure

The Board regularly considers the appropriate leadership structure for the Company and has concluded that the Company and its shareholders are best served by not having a formal policy on whether the same individual should serve as both Chief Executive Officer (CEO) and Chairman of the Board. The Board believes that it is important to retain the flexibility to make this determination at any given point in time based on what it believes will provide the best leadership structure for the Company at that time. This approach allows the Board to utilize its considerable experience and knowledge to elect the most qualified Director as Chairman of the Board, while maintaining the ability to separate the Chairman and CEO roles when necessary. Accordingly, at different points in time in the Company's history, the CEO and Chairman of the Board roles have been held by the same person. At other times, they have been held by different individuals. In each instance, the decision on whether to combine or separate the roles was made in the best interests of the Company's shareholders, based on the circumstances at the time.

Further, in the event that the Board determines that the same individual should hold the positions of CEO and Chairman of the Board, the Board elects a Presiding Director from the independent Directors. The Presiding Director has the authority to call meetings of the independent Directors, can be contacted directly by shareholders, acts as the key Board liaison with the CEO, chairs the executive sessions of the Board, presides over Board meetings in the absence of the Chairman and communicates the Board's feedback to the CEO, including the non-management Directors' annual evaluation of his performance. This guarantees full involvement in decision-making by the non-employee Directors. The Presiding Director also advises the Chairman and the Chair of the Governance & Public Responsibility Committee regarding membership of the various Board Committees and selection of the Committee Chairs, advises the Chairman on retention of advisors and consultants to the Board and advises on issues discussed at executive sessions. This ensures that the Presiding Director plays an active role in Board governance. Finally, the Presiding Director also approves meeting agendas and other information sent to the Board and ensures that there is sufficient time for discussion of all agenda items.

The Board believes that its current leadership structure, with Mr. McDonald serving as both CEO and Chairman of the Board, provides unified leadership and direction for the Company and gives clear focus for management to execute the Company's strategy and business plans at this time. This structure has served the Company and its shareholders well in the past, as evidenced by the Company's success. The Board will continue to evaluate the Company's leadership structure to ensure the Board's structure is right and appropriate at all times.

Risk Oversight

It is the responsibility of the Company's senior management to develop and implement the Company's strategic plans and to identify, evaluate, manage and mitigate the risks inherent in those plans.

Table of Contents

It is the responsibility of the Board to understand and oversee the Company's strategic plans, the associated risks and the steps that senior management is taking to manage and mitigate those risks. The Board takes an active approach to its risk oversight role. This approach is bolstered by the Board's leadership and committee structure, which ensures: (1) proper consideration and evaluation of potential enterprise risks by the full Board under the auspices of the Chairman of the Board and Presiding Director; and (2) further consideration and evaluation of discrete risks at the committee level.

To ensure proper oversight of the Company's management and the potential risks that face the Company, the non-employee members of the Board elect annually a Presiding Director from the Board's independent Directors. In addition, the Board is predominantly comprised of independent Directors, and all members of the key committees of the Board (Audit, Compensation & Leadership Development, and Governance & Public Responsibility) are independent. This strong system of checks and balances ensures that key decisions made by the Company's most senior management, up to and including the CEO, are reviewed and overseen by the non-employee Directors of the Board.

Risk management oversight by the full Board includes a comprehensive annual review of the Company's overall strategic plan and the plans for each of the Company's global business units, including the risks associated with these strategic plans. The Board also conducts an annual review of the conclusions and recommendations generated by management's enterprise risk management process. This process involves a cross-functional group of the Company's senior management which, on a continual basis, identifies current and future potential risks facing the Company and ensures that actions are taken to manage and mitigate those potential risks. The Board also has overall responsibility for leadership succession for the Company's most senior officers and reviews succession plans each year.

In addition, the Board has delegated certain risk management oversight responsibilities to certain Board committees, each of which reports regularly to the full Board. In performing these oversight responsibilities, each committee has full access to management, as well as the ability to engage independent advisors. The Audit Committee oversees the Company's compliance with legal and regulatory requirements and its overall risk management process. It also regularly receives reports regarding the Company's most significant internal controls, compliance risks, and potential legal and regulatory risks, along with management's plans for managing and mitigating those risks, and processes for maintaining compliance within a strong internal controls environment. Representatives from the Company's independent auditor attend Audit Committee meetings, regularly make presentations to the Audit Committee and comment on management presentations. In addition, the Company's Chief Financial Officer (CFO), Chief Legal Officer, chief audit executive and representatives of the Company's independent auditor individually meet in private session with the Audit Committee to raise any concerns they might have with the Company's risk management practices.

The Board's Compensation & Leadership Development (C&LD) Committee employs an independent compensation consultant, Frederic W. Cook & Co., Inc., who does not work for management and, among other tasks, reviews and reports on all of the Company's executive compensation programs, including the potential risks and other impacts of incentives created by the programs. For more details on the arrangement with Frederic W. Cook & Co., Inc., please see the section entitled "Engagement of Independent Adviser" found on page [-] of this proxy statement.

This review included an analysis of the Company's short-term and long-term compensation programs covering key program details, performance factors for each program, target award ranges, maximum funding levels, and plan administrative oversight and control requirements. Key program elements assessed relating to potential compensation risks were pay mix, performance metrics, performance goals and payout curves, payment timing and adjustments, severance packages, equity incentives and stock ownership requirements and trading policies. Simultaneously, members of management performed a

Table of Contents

similar review of the Company's other compensation programs. The results of the consultant's analysis of the Company's executive compensation programs, as well as management's review of the Company's other compensation programs, were shared with the C&LD Committee, which concluded that the Company's compensation programs are not reasonably likely to have a material adverse effect on the Company as a whole.

In reaching its conclusion, the C&LD Committee noted that the Company's compensation programs include a mix of cash and equity and annual and long-term incentives. This mix of compensation, the design features of these programs and the Company's respective oversight and control requirements mitigate the potential of any individual inclination toward taking unnecessary risks. The C&LD Committee also acknowledged various other features of the Company's compensation programs, policies and practices designed to mitigate unwarranted risk. For example, the Company's annual cash bonus program, the Short-term Achievement Reward (STAR), provides the C&LD Committee with discretion to reduce or eliminate any award that would otherwise be payable. In addition, the performance metrics under STAR include both quantitative measures (e.g. top-line growth, bottom-line profits, free cash flow, etc.) and qualitative measures (e.g., relative performance, internal collaboration, strategic strength, innovation, etc.). These non-metric features mitigate any tendency for an executive to focus too much on the specific financial metrics under STAR. Moreover, the performance metrics associated with STAR (50% Core earnings per share growth and 50% organic sales growth) are aligned with the Company's business plans and strategic objectives, and the weighting of STAR target awards in the mix of annual target total direct pay is generally at or below the median for the Peer Group (as defined on page [-] of this proxy statement).

Further, the C&LD Committee recognized that the Company's long-term incentives include a balanced portfolio of options, restricted stock units and performance-vested stock (under the Performance Stock Plan). These long-term incentives incorporate a variety of payout horizons that focus executives on long-term performance: 10-year terms with three-year cliff vesting for stock options, restricted stock units with five-year cliff vesting and a three-year performance period for performance-vested stock. The C&LD Committee also noted that the design of the Performance Stock Plan reduces the likelihood that an executive will focus too much on a single performance measure by including four different performance categories, each of which is equally weighted: organic sales growth, adjusted before tax operating profit, adjusted earnings per share growth and adjusted free cash flow productivity. Each of the financial measures are defined on page [-] of this proxy statement.

Finally, the C&LD Committee acknowledged that the Company has adopted several policies intended to mitigate inappropriate risk taking, including stock ownership guidelines for senior executives, a recoupment policy that applies in the event of any significant financial restatement and an insider trading policy that prohibits margin and hedging transactions by senior executives.

Committees of the Board

To facilitate deeper penetration into certain key areas of oversight, the Board has established four committees. Membership on these Committees, as of July 1, 2011, is shown in the following chart:

Table of Contents

All Directors served on the respective committees listed above, including committee chairs, for the Company's entire fiscal year, with the following exceptions:

Dr. Desmond-Hellmann was appointed as a member of the Audit and Innovation & Technology Committees effective upon her appointment to the Board on December 13, 2010.

Ms. Whitman was appointed as a member of the C&LD and Innovation & Technology Committees effective as of the Board's April 2011 meeting.

The **Audit Committee** met 8 times during the fiscal year ended June 30, 2011, to carry out its responsibilities under its charter. At all of these meetings, representatives of Deloitte & Touche LLP ("Deloitte"), the Company's independent registered public accounting firm, and financial management were present to review accounting, control, auditing and financial reporting matters. During certain of these meetings, the Committee also held private sessions with the Company's CFO, Chief Legal Officer, chief audit executive and representatives of Deloitte. All members of the Committee are independent under the New York Stock Exchange ("NYSE") listing standards and the Board of Directors Guidelines for Determining the Independence of its Members (the "Independence Guidelines") which can be found in the corporate governance section of the Company's website at www.pg.com/investors. The Audit Committee has the responsibilities set forth in its charter with respect to accounting, financial reporting and disclosure processes and adequacy of systems of disclosure and internal control established by management; the quality and integrity of the Company's financial statements; the Company's compliance with legal and regulatory requirements; the Company's overall risk management profile; the independent registered public accounting firm's qualifications and independence; the performance of the Company's internal audit function and the independent registered public accounting firm; and preparing the annual Report of the Audit Committee to be included in the Company's proxy statement. In addition to these responsibilities, the Committee, at the request of the Board, continued to oversee the Company's internal investigation, as well as the external investigations, into competition law violations in Europe, for which the Board assigned oversight responsibility to the Committee. The Audit Committee's charter can be found in the corporate governance section of the Company's website at www.pg.com/investors.

The **Compensation & Leadership Development Committee** met 5 times during the fiscal year ended June 30, 2011, during which it held 5 executive sessions with no member of management present. All members of this Committee are independent under the NYSE listing standards and the Independence Guidelines. The C&LD Committee has a charter, under which it has full authority and responsibility for the Company's overall compensation policies, including base pay, short and long-term pay, retirement benefits, perquisites, clawback policy, stock ownership requirements, stock holding requirements and severance arrangements, if any, and their specific application to principal officers elected by the Board and to members of the Board. This Committee also assists the Board in the leadership development and evaluation of principal officers. As a practical matter, the CEO makes recommendations to the C&LD Committee regarding the compensation elements of the principal officers (other than his own compensation) based on Company performance, individual performance and input from Company management and the C&LD Committee's independent compensation consultant. This Committee makes a recommendation to the Board regarding the shareholder votes related to executive compensation. All final decisions regarding compensation for principal officers are made by this Committee. For more details regarding principal officer compensation or this Committee's process for making decisions regarding the compensation of principal officers, please see the Compensation Discussion and Analysis section of this proxy statement found on pages [·] to [·]. This Committee also approves all stock-based equity grants made under The Procter & Gamble 2009 Stock and Incentive Compensation Plan to non-principal officers. This Committee has delegated to the CEO the authority to make equity grants to non-principal officers subject to the specific terms and conditions determined by the C&LD Committee. This Committee retains an independent compensation consultant, hired directly by the C&LD Committee, to advise it regarding executive compensation matters. The C&LD Committee's charter can be found in the corporate governance section of the Company's website at www.pg.com/investors.

The **Governance & Public Responsibility Committee** met 6 times during the fiscal year ended June 30, 2011. All members of the Governance & Public Responsibility Committee are independent under the NYSE listing standards and the Independence Guidelines. The Governance & Public Responsibility Committee has governance responsibilities set forth in its charter with respect to identifying individuals qualified to become members of the Board; recommending when new members should be added to the Board and individuals to fill vacant Board positions; recommending to the Board the Director nominees for the next annual meeting of shareholders and whether to accept the resignation of any incumbent Director nominee who received a greater number of against votes than for votes in a non-contested election; recommending Board committees and committee assignments; periodically reviewing and recommending updates to the Board's Corporate Governance Guidelines; educating the Board and the Company in applicable governance laws and regulations; assisting the Board and the Company in interpreting and applying the Company's Corporate Governance Guidelines and other issues related to Board governance; and evaluating the Board and its members. The Committee also covers public responsibility topics such as overseeing the Company's social investments and commitment to making a meaningful impact around the world, by reviewing strategies and plans for improving lives in ways that enable people to thrive and that increase their quality of living; overseeing the Company's commitment to and efforts regarding environmental sustainability; overseeing the Company's community and government relations; overseeing the Company's product quality and quality assurance systems; overseeing protection of the Company's corporate reputation and other matters of importance to the Company and its stakeholders (including employees, consumers, customers, suppliers, shareholders, governments, local communities and the general public); and overseeing the Company's organizational diversity. The Governance & Public Responsibility Committee's charter can be found in the corporate governance section of the Company's website at www.pg.com/investors.

The **Innovation & Technology Committee** met 2 times during the fiscal year ended June 30, 2011. The Innovation & Technology Committee has the responsibilities set forth in its charter with respect to overseeing and providing counsel on matters of innovation and technology. Topics considered by this Committee include the Company's approach to technical and commercial innovation; the innovation and technology acquisition process; and tracking systems important to successful innovation. The Innovation & Technology Committee's charter can be found in the corporate governance section of the Company's website at www.pg.com/investors.

Board and Committee Meeting Attendance

During the fiscal year ended June 30, 2011, the Board held 8 meetings and the Committees of the Board held 21 meetings for a total of 29 meetings. Average attendance at these meetings by members of the Board during the past year exceeded 98%. All Directors attended greater than 86% of the meetings of the Board and the Committees on which they serve.

Corporate Governance

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines to set forth its commitments and guiding principles concerning overall governance practices. These guidelines can be found in the corporate governance section of the Company's website at www.pg.com/investors.

Director Independence

The Board has determined that the following Directors are independent under the NYSE listing standards and the Independence Guidelines because they have either no relationship with the Company (other than being a Director and shareholder of the Company) or only immaterial relationships with the Company: Angela F. Braly, Kenneth I. Chenault, Scott D. Cook, Susan Desmond-Hellmann, W. James McNerney, Jr.,

Table of Contents

Margaret C. Whitman, Mary Agnes Wilderotter, Patricia A. Woertz and Ernesto Zedillo. As noted previously, all members of the Board's Audit, C&LD and Governance & Public Responsibility Committees are independent.

In making these independence determinations, the Board applied the NYSE listing standards and the categorical independence standards contained in the Independence Guidelines. Under the Independence Guidelines, certain relationships were considered immaterial and, therefore, were not considered by the Board in determining independence, but were reported to the Chair of the Governance & Public Responsibility Committee. Applying the NYSE listing standards and the Independence Guidelines, the Board determined that there are no transactions, relationships or arrangements that would impair the independence or judgment of any of the directors deemed independent by the Board.

Mr. McDonald is Chairman of the Board, President and CEO of the Company. As such, he cannot be deemed independent under the NYSE listing standards and the Independence Guidelines. Mr. Rodgers is the President and CEO of TV One, LLC, a cable television network. The Board has declared Mr. Rodgers not independent under the NYSE listing standards and the Independence Guidelines because, during two of the past three years, the Company paid TV One, LLC for advertising time in an amount that exceeded 2% of TV One, LLC's gross revenue for that year.

Code of Ethics

The Company has a code of ethics for its employees. The most recent version of this code of ethics, which is consistent with SEC regulations and NYSE listing standards, is contained in the *Worldwide Business Conduct Manual*. The *Worldwide Business Conduct Manual* was updated and redeployed to all of the Company's employees, officers and Directors in early 2011, and can be found on the Company's website at www.pg.com, along with any future amendments thereto. The *Worldwide Business Conduct Manual* is firmly rooted in the Company's long-standing Purpose, Values and Principles, which can also be found on the Company's website at www.pg.com. During the fiscal year ended June 30, 2011, the Company continued its deployment of the *Worldwide Business Conduct Manual* throughout the Company in 29 different languages, including online training.

Review and Approval of Transactions with Related Persons

The *Worldwide Business Conduct Manual* requires that all employees and Directors disclose all potential conflicts of interest and promptly take actions to eliminate any such conflict when the Company requests. In addition, the Company has adopted a written Related Person Transaction Policy that prohibits any of the Company's executive officers, Directors or any of their immediate family members from entering into a transaction with the Company, except in accordance with the policy.

Under our Related Person Transaction Policy, the Chief Legal Officer is charged with primary responsibility for determining whether, based on the facts and circumstances, a related person has a direct or indirect material interest in a proposed transaction. To assist the Chief Legal Officer in making this determination, the policy sets forth certain categories of transactions that are deemed not to involve a direct or indirect material interest on behalf of the related person. If, after applying these categorical standards and weighing all of the facts and circumstances, the Chief Legal Officer determines that the related person would have a direct or indirect material interest in the transaction, the Chief Legal Officer must present the proposed transaction to the Audit Committee for review or, if impracticable under the circumstances, to the Chair of the Audit Committee. The Audit Committee must then either approve or reject the transaction in accordance with the terms of the policy. In the course of making this determination, the Audit Committee shall consider all relevant information available to it and, as appropriate, must take into consideration the following:

Whether the proposed transaction was undertaken in the ordinary course of business of the Company;

Table of Contents

Whether the proposed transaction was initiated by the Company or the related person;

Whether the proposed transaction contains terms no less favorable to the Company than terms that could have been reached with an unrelated third party;

The purpose of, and the potential benefits to the Company of, the proposed transaction;

The approximate dollar value of the proposed transaction, particularly as it involves the related person;

The related person's interest in the proposed transaction; and

Any other information regarding the related person's interest in the proposed transaction that would be material to investors under the circumstances.

The Audit Committee may only approve the proposed transaction if it determines that the transaction is not inconsistent with the best interests of the Company as a whole. Further, in approving any such transaction, the Audit Committee has the authority to impose any terms or conditions it deems appropriate on the Company or the related person. Absent this approval, no such transaction may be entered into by the Company with any related person.

Jon R. Moeller, the Company's CFO, is married to Lisa Sauer, a long-tenured employee of the Company who currently holds the position of Vice President Purchases, Global Packaging and Hygiene Materials. Her total compensation in the last year was approximately [·], consisting of salary, bonus, equity grants and retirement benefits. Her compensation is consistent with the Company's overall compensation principles based on her years of experience, performance and position within the Company. Prior to Mr. Moeller becoming CFO, the Audit Committee approved the continued employment of Ms. Sauer with the Company under the Company's Related Person Transaction Policy, concluding that her continued employment was not inconsistent with the best interests of the Company as a whole.

Deborah P. Majoras, the Company's Chief Legal Officer and Secretary, is married to John M. Majoras, one of over 800 partners in the law firm of Jones Day. The Company has hired Jones Day in the ordinary course of business, to perform legal services. The Company's relationship with Jones Day dates back more than 25 years and significantly precedes Ms. Majoras joining the Company as Vice President and General Counsel in 2008 from the Federal Trade Commission, where she served as Chairman. Mr. Majoras does not receive any direct compensation from the fees paid to Jones Day by the Company, his ownership in the Jones Day law firm is significantly less than 1%, and the fees paid by the Company to Jones Day in our last fiscal year were significantly less than 1% of their annual revenues. Mr. Majoras did not personally render any legal services to the Company, nor supervise any attorney in rendering legal services to the Company during the previous fiscal year. Under the Company's Related Person Transaction Policy, the Audit Committee reviewed and approved the continued use of Jones Day as a provider of legal services to the Company, but required Mr. McDonald, the Company's CEO, to approve any recommendations by Ms. Majoras to hire Jones Day for a specific legal matter. In doing so, the Committee concluded that the Majorases did not have a direct or indirect material interest in the Company's hiring of Jones Day and that the relationship is not inconsistent with the best interests of the Company as a whole.

Other than as noted above, there were no transactions, in which the Company or any of its subsidiaries was a participant, the amount involved exceeded \$120,000, and any Director, Director nominee, executive officer or any of their immediate family members had a direct or indirect material interest reportable under applicable SEC rules or that required approval of the Audit Committee under the Company's Related Person Transaction Policy nor are there any currently proposed.

Presiding Director and Executive Sessions

Upon recommendation of the Governance & Public Responsibility Committee, the non-employee members of the Board reappointed W. James McNerney, Jr. to serve as the Presiding Director for fiscal year 2011-12. Mr. McNerney began his service as Presiding Director on August 14, 2007. The Presiding Director:

presides at all meetings of the Board in the absence of, or upon the request of, the Chairman of the Board, including executive sessions of the independent directors;

approves meeting agendas for the Board and information sent to the Board;

approves meeting schedules to assure that there is sufficient time for discussion of all agenda items;

advises the Chairman of the Board and/or the Secretary regarding the agendas for the Board meetings;

calls meetings of the non-management and/or independent directors, with appropriate notice;

advises the Governance & Public Responsibility Committee and the Chairman of the Board on the membership of the various Board committees and the selection of committee chairs;

advises the Chairman of the Board on the retention of advisors and consultants who report directly to the Board;

advises the Chairman of the Board, as appropriate, on issues discussed at executive sessions of non-management and/or independent directors;

with the Chair of the C&LD Committee, reviews with the CEO the non-management directors' annual evaluation of his performance;

serves as principal liaison between the non-management and/or independent directors, as a group, and the Chairman of the Board, as necessary;

serves, when necessary and appropriate, after consultation with the CEO, as the liaison between the Board and the Company's shareholders; and

selects an interim Presiding Director to preside over meetings at which he or she cannot be present.

The non-employee members of the Board met 6 times during fiscal year 2010-11 in executive session (without the presence of employee Directors or other employees of the Company) to discuss various matters related to the oversight of the Company, the management of Board affairs, succession planning for the Company's top management (including the CEO position), and the CEO's performance. It also met in semi-executive session (with the CEO present for portions of the discussion) on 3 occasions.

All such correspondence is reviewed by the Secretary's office, which logs the material for tracking purposes. The Board has asked the Secretary's office to forward to the appropriate Director(s) all correspondence, except for personal grievances, items unrelated to the functions of the Board, business solicitations, advertisements and materials that are profane.

Availability of Corporate Governance Documents

In addition to their availability on the Company's website at www.pg.com, copies of the Company's Amended Articles of Incorporation, the Company's Code of Regulations, all Committee Charters, the Corporate Governance Guidelines (including Independence Guidelines, Confidentiality Policy and Financial Literacy and Expertise Guidelines), the *Worldwide Business Conduct Manual*, the Company's Purpose, Values and Principles and the Related Person Transaction Policy are available in print upon request by writing to the Company Secretary at One Procter & Gamble Plaza, Cincinnati, OH 45202-3315.

Shareholder Recommendations of Board Nominees and Committee Process for Recommending Board Nominees

The Governance & Public Responsibility Committee will consider shareholder recommendations for candidates for the Board, which should be submitted to:

Chair of the Governance & Public Responsibility Committee

The Procter & Gamble Company

c/o Secretary

One Procter & Gamble Plaza

Cincinnati, OH 45202-3315

Pursuant to the Company's Code of Regulations, a shareholder wishing to nominate a candidate for election to the Board at an annual meeting of shareholders is required to give written notice to the Secretary of the Company of his or her intention to make such nomination. The notice of nomination must be received at the Company's principal executive offices not less than 140 days nor more than 240 days prior to the one-year anniversary of the preceding year's annual shareholder meeting. Certain other notice periods apply if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date. Based on the one-year anniversary of the 2011 annual meeting, a shareholder wishing to nominate a candidate for election to the Board at the 2012 annual meeting must provide such notice no earlier than February 14, 2012, and no later than May 24, 2012.

As set forth in the Company's Code of Regulations, the notice of nomination is required to contain information about both the nominee and the shareholder making the nomination, including information sufficient to allow the Governance & Public Responsibility Committee to determine if the candidate meets certain criteria. A nomination that does not comply with the requirements set forth in the Company's Code of Regulations will not be considered for presentation at the annual meeting.

The minimum qualifications and preferred specific qualities and skills required for Directors are set forth in Article II, Sections B through E of the Board's Corporate Governance Guidelines. The Committee considers all candidates using these criteria, regardless of the source of the recommendation. The Committee's process for evaluating candidates includes the considerations set forth in Article II, Section B of the Committee's Charter. After initial screening for minimum qualifications, the Committee determines appropriate next steps, including requests for additional information, reference checks and interviews with potential candidates. In addition to shareholder recommendations, the Committee also relies on recommendations from current Directors, Company personnel and others. From time to time, the Committee may engage the services of outside search firms to help identify candidates. During the fiscal year ended June 30, 2011, no such engagement existed (and none currently exists), and no funds were

paid to outside parties in connection with the identification of nominees. All nominees for election as Directors who currently serve on the Board are known to the Committee and were recommended by the Committee to the Board as Director nominees. Dr. Desmond-Hellmann was recommended to the Governance & Public Responsibility Committee by various non-employee members of the Board and other executive officers. Ms. Whitman was recommended to the Governance & Public Responsibility Committee by various non-employee members of the Board who know her professionally and through her prior service on the Company's Board.

Annual Meeting Attendance

The Board's expectation is that all of its members attend the annual meeting of shareholders. All Directors attended the 2010 annual meeting.

¹ The annual retainer for each Director is \$100,000 and is paid in quarterly increments. Dr. Desmond-Hellmann's and Ms. Whitman's retainers were prorated because they were appointed to the Board after the beginning of the fiscal year. Mr. Gupta's retainer was prorated because he resigned from the Board prior to the end of the fiscal year.

² Fees were paid for meetings during the 2009-10 Director's terms which ended in October 2010. No fees were paid for meetings during the 2010-11 Director's terms, consistent with the changes to the Director's compensation package approved on June 8, 2010, by the C&LD Committee.

³ Committee Chair Fees for the first quarter of FY 2010-11 were paid consistent with the Director compensation package in effect for the 2009-10 Director's term which ended in October 2010. Committee Chair and Presiding Director Fees for the 2010-11 Director's term were paid consistent with the Director compensation package approved on June 8, 2010, by the C&LD Committee.

⁴ Annually, upon election at the Company's annual meeting of shareholders, each Director is awarded a grant of restricted stock units (RSUs) with a grant date fair value of \$160,000. Because Dr. Desmond-Hellmann and Ms. Whitman were not appointed to the Board until December 13, 2010, and February 8, 2011, respectively, they did not receive the annual RSU grant. Because Mr. Gupta resigned from the Board effective March 1, 2011, he forfeited his 2010 award in accordance with the terms of The Procter & Gamble 2003 Non-Employee Directors' Stock Plan. As of the end of FY 2010-11:

- Ms. Braly has [-] unvested stock awards outstanding.
- Mr. Chenault has [-] unvested stock awards outstanding.
- Mr. Cook has [-] unvested stock awards outstanding and [-] option awards outstanding.
- Mr. Gupta has [-] unvested stock awards outstanding and [-] option awards outstanding.
- Mr. McNerney has [-] unvested stock awards outstanding.
- Mr. Rodgers has [-] unvested stock awards outstanding and [-] option awards outstanding.
- Mrs. Wilderotter has [-] unvested stock awards outstanding.
- Ms. Woertz has [-] unvested stock awards outstanding.
- Dr. Zedillo has [-] unvested stock awards outstanding and [-] option awards outstanding.

Unvested stock awards include RSUs that have not yet been delivered in shares and restricted stock for which the restrictions have not lapsed. RSUs earn dividend equivalents which are accrued in the form of additional RSUs each quarter and credited to each Director's holdings. These RSUs have the same vesting restrictions as the underlying RSUs and are ultimately deliverable in shares. Restricted stock earns cash dividends that are paid quarterly with the option of reinvesting in Company stock.

- ⁵ The All Other Compensation total includes certain costs associated with Directors and their guests (spouse, family member or similar guest) attending Board meetings and/or Board activities. For two Board meetings during FY 2010-11, each Director was encouraged to bring a guest. For each of these meetings, the Company incurred costs associated with providing minor commemorative items, sightseeing and other similar activities for both the Director and accompanying guest. Some of these costs were paid in Euros, which were translated into U.S. Dollars at the applicable exchange rate on the date of payment. In some cases, the Company also incurred costs associated with commercial airfare for the guest. For all other regular Board meetings throughout the fiscal year, Directors were entitled to bring a guest so long as the Director used the Company aircraft to attend the meeting and the guest's attendance did not result in any incremental aircraft costs. Directors and their guests are also covered under the same insurance policy as all Company employees for accidental death while traveling on Company business (coverage is \$750,000 for each Director and \$300,000 for a guest). The incremental cost to the Company for this benefit is \$2,190. In addition, the Company maintains a Charitable Awards Program for current and retired Directors who were participants prior to July 1, 2003. Under this program, at their death, the Company donates \$1,000,000 per Director to up to five qualifying charitable organizations selected by each Director. Directors derive no financial benefit from the program because the charitable deductions accrue solely to the Company. The Company funds this contribution from general corporate assets and made no payments during FY 2010-11. This program was discontinued for any new Director effective July 1, 2003. In FY 2010-11, the Company also made a \$500 donation on behalf of each Director (except Ms. Whitman who joined the Board after the donation) to the Children's Safe Drinking Water Program or to a different charity of their choice. Similar to the Charitable Awards Program described above, these donations were funded from general corporate assets, and the Directors derive no financial benefit from these donations because the charitable deductions accrue solely to the Company. As an employee director, Robert A. McDonald did not receive a retainer, fees or a stock award. Mr. McDonald attended Board meetings and activities as described above, and, in conjunction with those meetings, received \$114 as All Other Compensation.
- ⁶ Ms. Braly took her fees for the FY 2010-11 in retirement restricted stock, which had a grant date fair value of \$106,000.
- ⁷ Mr. Chenault took his fees for the first half of the fiscal year in retirement restricted stock which had a grant date fair-value of \$56,000. He took his fees for the second half of the fiscal year in cash.
- ⁸ Mr. Cook took his fees for the first half of the fiscal year in unrestricted stock which had a grant date fair value of \$60,250. For the second half of the fiscal year, he took a portion of his fees in retirement restricted stock which had a grant date fair value of \$52,500, and took the remainder of the fees in cash.
- ⁹ Mr. McNerney took his fees for FY 2010-11 in unrestricted stock, which had a grant date fair value of \$136,500.
- ¹⁰ Mr. Rodgers took his fees for the first half of FY 2010-11 in retirement restricted stock, which had a grant date fair value of \$52,000. He took his fees for the second half of the fiscal year in cash.

The objective of the C&LD Committee is to provide non-employee members of the Board a compensation package consistent with the median of the Peer Group companies. Directors can elect to receive any part of their fees or retainer (other than the grant of RSUs) as cash, retirement restricted stock or unrestricted stock. The Company did not grant any stock options to Directors in fiscal year 2010-11. Effective October 12, 2010, non-employee members of the Board received the following compensation:

A grant of RSUs following election to the Board at the Company's October 12, 2010 annual meeting of shareholders, with a grant date fair value of \$160,000. These units will be forfeitable if the Director resigns during the year, will not deliver in shares until at least one year after the Director leaves the Board, and cannot be sold or traded until delivered in shares, thus encouraging alignment with the Company's long-term interests and the interests of shareholders. These RSUs will earn dividend equivalents at the same rate as dividends paid to shareholders;

An annual retainer fee of \$100,000 paid in quarterly increments; and

An additional annual retainer paid to the Presiding Director and Chair of each committee as follows: Presiding Director and Chairs of the Audit and C&LD Committees \$20,000; Chairs of the Governance & Public Responsibility and Innovation & Technology Committees \$15,000.

In addition, for the period of July 1, 2010 until October 12, 2010, Directors received a committee meeting fee of \$2,000 for every Committee meeting attended prior to the effective date of the current compensation package.

Non-employee members of the Board must own Company stock and/or RSUs worth six times their annual cash retainer. A number of the non-employee Directors were recently appointed or elected to the Board within the last few years. However, all non-employee Directors either meet or are on track to meet the ownership requirements within the five-year period established by the C&LD Committee.

Compensation Discussion and Analysis**Executive Summary**

A summary of our key financial targets for fiscal year 2010-11, and our results relative to those targets, are set forth below:

	FY 2010-11 Targets	Actual
Core EPS ¹	7% to 9%	
Organic sales growth ²	4% to 6%	
Free cash flow productivity ³	90%	

¹ Core EPS measures the Company's diluted net earnings per share from continuing operations excluding certain items that are not judged to be part of the Company's sustainable results or trends. These exclusions include a significant benefit in 2011 for the release of a reserve for an uncertain income tax position related to the deductibility of technology donations, charges in both 2011 and 2010 related to pending European legal matters, and a 2010 charge related to a tax provision for retiree healthcare subsidy payments in the U.S. healthcare reform legislation.

² Organic Sales growth measures sales growth excluding the impacts of acquisitions, divestitures and foreign exchange from year-over-year comparisons.

³ Free cash flow productivity is defined as the ratio of operating cash flow less capital spending to net earnings.

Our Compensation Philosophy

Our fundamental and overriding objective is to create value for our shareholders at leadership levels on a consistent basis. To accomplish this goal, we design executive compensation programs that emphasize pay for performance, support our business strategies, and discourage our executives from taking excessive risks. We ensure that target compensation opportunities for our executives are competitive with the target opportunities for comparable positions at our Peer Group companies. This is crucial for retention of our talented employees who are committed to the Company's long-term success and spending their careers with the Company. Furthermore, we align the interests of executives and shareholders by tying a significant portion of executive compensation to performance goals and the value of our Company's stock. These design features, along with significant stock ownership requirements, ensure that executives focus on building long-term shareholder value and benefit from this value along with our shareholders.

Our Compensation Programs

Our executive compensation program consists of four key components: salary, Short-Term Achievement Reward (STAR) and two long-term incentive equity programs the Performance Stock

Table of Contents

Program (PSP) and the Key Manager Stock Program. These four components constitute approximately [·]% of each Named Executive Officer s (NEO) total compensation. The remaining [·]% consists of retirement and other benefits.

We design our programs so that NEO compensation varies by type (fixed versus performance-based), length of performance period (short versus long-term) and form (cash versus equity). We believe that such variation is necessary to (1) strike the appropriate balance between short and long-term business goals; (2) encourage the right behaviors and discourage excessive risk-taking; and (3) align the interests of the Company s executives with our shareholders. Salary is the only key component of pay that is fixed the value of the remaining components vary based on the performance of the individual, the performance of the individual s business unit and the performance of the Company as a whole. This mix of components is designed to incent both individual accountability and teamwork to build long-term shareholder value. The charts below show the average mix of NEO compensation by type, length and form.

Consistent with our design principles, actual compensation earned under each of our performance-based programs varies based on results.

CEO Compensation

The target compensation opportunity for Mr. McDonald is structured to position him in line with chief executive officers in our Peer Group companies. Approximately [·]% of Mr. McDonald s compensation is performance-based, with [·] being tied to the three-year quantitative performance goals in the PSP, [·] in the Key Manager Stock Program and the remaining [·] in STAR. In addition to a significant portion of his total compensation being performance-based, Mr. McDonald holds [·] times his salary in Company stock, [·].

Our Approach to Stock Ownership

Employee stock ownership has been a cornerstone of our compensation and retirement programs since William Cooper Procter established the Company s employee stock ownership plan in 1887. This stock-based retirement program, along with the Company s other compensation programs, result in equity accounting for approximately [·]% of our NEOs compensation.

We reinforce this approach to ownership through share ownership requirements and share retention requirements from stock option exercises. These requirements, when combined with the significant percentage of executive compensation paid in Company equity, ensure that our senior executives always have a significant stake in the long-term success of the Company.

Other Key Program Features

Engagement of Independent Adviser. Our C&LD Committee engages an independent compensation consultant, who performs no other work for the Company, to advise on executive compensation matters.

Avoidance of Poor Pay Practices. Our compensation programs are consistent with best practices and sound corporate governance. We do not:

- n Provide excessive perquisites for executives (less than [·]% of NEO compensation for FY 2010-11);
- n Execute employment agreements with executives containing special severance payments such as golden parachutes;
- n Utilize severance programs that are specific to executive officers;
- n Gross-up payments to cover personal income taxes that pertain to executive or severance benefits;
- n Provide special executive retirement programs;
- n Re-price or backdate stock options; or
- n Grant time-based equity awards that vest immediately solely on account of a change-in-control (requires a qualifying termination following a change-in-control).

Mitigation of Excessive Risk-Taking. We design our compensation programs to discourage excessive risk-taking by executive officers. These design features include the following:

- n Clawback policy that permits the Company to recoup certain compensation payments in the event of a significant restatement of financial results for any reason;
- n Clawback provision in our stock plan to allow recovery of proceeds from stock transactions if a participant violates certain plan provisions;
- n Multiple performance metrics under STAR and PSP discourage excessive risk-taking by removing any incentive to focus on a single performance goal to the detriment of others; and
- n Prohibition on engaging in the following transactions that include shares of Company common stock: pledging, collars, short sales, hedging investments and other derivative transactions.

Our Compensation Philosophy

What are the Company's overall compensation principles?

The C&LD Committee designs and oversees the Company's compensation policies and approves compensation for all principal officers, including the NEOs. The C&LD Committee has established the following principles for compensating all employees:

Pay for performance. We pay more when goals are exceeded and less when goals are not met.

Pay competitively. We set target compensation opportunity to be competitive with other multinational corporations of similar size, value and complexity.

Support the business strategies. We align compensation programs with business strategies focused on long-term growth and creating value for shareholders. These programs provide an incentive for executives to meet and exceed Company goals. These principles encourage the right behaviors, enable us to deliver strong shareholder value over time, and ensure the development and retention of talented employees who are committed to the Company's long-term success and career development.

What are the Company's executive compensation objectives?

To drive superior business results and financial performance by providing incentives to executives to achieve or exceed Company, business unit and individual goals, while discouraging excessive risk-taking by removing any incentive to focus on a single performance goal to the detriment of others.

To instill a focus on long-term success by holding executives accountable for long-term measures of success designed to provide superior returns for shareholders over time.

To create ownership alignment with shareholders by including Company stock as a cornerstone of our executive pay programs.

To strengthen retention by paying competitively and rewarding talented executives who meet or exceed goals.

How is competitiveness established for executive compensation?

The C&LD Committee structures executive compensation so that total targeted annual cash and long-term compensation opportunities are competitive with the targets for comparable positions at 25 companies considered to be our peers, based on criteria described below (Peer Group). The C&LD Committee sets targets for each element of compensation based on the same elements of compensation paid to those holding similar jobs at companies in our Peer Group, focusing on positions with similar management and revenue responsibility. The C&LD Committee uses a regression analysis to adjust for the differences in revenue size within the Peer Group. For the CEO's compensation analysis, the C&LD Committee considers the Company's revenue and market capitalization compared to our Peer Group.

The Peer Group is objectively determined and consists of companies that generally meet the following criteria:

Revenue comparable to the Company (\$79 billion in fiscal year 2009-10) and/or market capitalization comparable to the Company (approximately \$171 billion as of June 30, 2010);

- n Peer Group revenues range from \$15 billion to \$406 billion with a median of \$62 billion; and
- n Peer Group market capitalization ranges from \$25 billion to \$369 billion with a median of \$100 billion.

Table of Contents

Compete with the Company in the marketplace for business and investment capital;

Compete with the Company for executive talent; and

Have generally similar pay models (we do not compare with financial services, insurance or gas and electric utility companies where the mix of pay elements or program structure is materially different).

Each year, the C&LD Committee evaluates and, if appropriate, updates the composition of the Peer Group. Changes to the Peer Group are carefully considered and made infrequently to assure continuity from year to year. The Peer Group currently consists of the following companies unchanged from the prior year:

3M	Coca-Cola	General Electric	Kimberly-Clark	Pfizer
Altria Group	Colgate-Palmolive	Hewlett-Packard	Kraft Foods	Target
AT&T	ConocoPhillips	Home Depot	Lockheed Martin	United Technologies
Boeing	Du Pont	IBM	Merck	Verizon Communications
Chevron	Exxon Mobil	Johnson & Johnson	PepsiCo	Wal-Mart Stores

While the target total compensation for our NEOs is set based on the median target total compensation within our Peer Group, actual compensation varies depending on experience in role and total Company, business unit and individual performance. This may result in substantial differences among the NEOs' pay. Consistent with our principles to pay for performance and pay competitively, the C&LD Committee does not set guidelines for the ratio of any one position's pay to another.

Who are the Company's NEOs?

The Company's NEOs for fiscal year 2010-11 are: Robert A. McDonald, Chairman of the Board, President and CEO; Jon R. Moeller, CFO; and our Vice Chairmen (in alphabetical order) Werner Geissler, Vice Chairman Global Operations; E. Dimitri Panayotopoulos, Vice Chairman Global Household Care; Edward D. Shirley, Vice Chairman Global Beauty & Grooming; and Robert A. Steele, Vice Chairman Health Care Strategy, former Vice Chairman Global Health and Well-Being. Mr. Steele has announced his intention to retire effective September 1, 2011 and Mr. Shirley has announced his intention to retire effective January 1, 2012.

Throughout this Compensation Discussion and Analysis and the compensation tables that follow, except where noted, we refer to the title of each NEO in effect on the last day of the fiscal year, June 30, 2011.

Our Compensation Programs

What are the elements of the Company's executive compensation programs?

Annual Cash Compensation

The Company's annual cash compensation consists of salary and STAR. We collect and analyze data from the Peer Group on the total annual cash compensation opportunity (salary plus annual bonus target) for positions comparable to those at the Company. For each position, we set a target amount for both salary and STAR, where the STAR Target is an amount payable as a percentage of annual salary if all goals are met. The sum of the salary range midpoint and STAR Target [·] is generally set at the target median annual cash compensation opportunity of our Peer Group for each position, adjusted for size using a regression analysis of Peer Group revenues.

Salary

Salary provides a competitive fixed rate of pay, recognizing different levels of responsibility within the Company. Salaries are the basis for the other performance-driven programs discussed below, as well as the basis for retirement programs, executive group life insurance and certain benefits available to all employees. [·]

STAR Annual Bonus

The STAR program provides an incentive for approximately [·] senior managers to meet or exceed annual performance and business goals. The program primarily focuses on the achievement of business unit results, but includes a component that measures the performance of the Company as a whole. STAR awards are generally paid in cash, but executives can elect to receive their awards in RSUs, stock options or deferred compensation.

Table of Contents

STAR awards are based on three factors: (1) STAR Target, (2) business unit performance and (3) total Company performance. STAR awards are calculated using the following formula:

STAR		Business Unit		Total		STAR
Target		Performance		Company		Award
(\$)	X	Factor	X	Performance	=	(\$)
		(%)		Factor		
				(%)		

The basis for each element of STAR is:

STAR Target. The C&LD Committee sets STAR Targets, expressed as a percentage of salary for NEOs, based on the target annual bonus opportunities for similar positions at Peer Group companies after taking into account the total annual cash compensation for those positions. Based solely on that analysis, the C&LD Committee made each of the following decisions: [·].

Business Unit Performance Factor. The Business Unit Performance Factor for each business unit (Business Unit) is derived from a retrospective assessment of the qualitative and quantitative performance of the Business Unit against certain performance targets. Business Units include global product categories, regional market development organizations (MDOs) and corporate functions (see table below for a description of the Business Units for each Vice Chairman). The targets for each Business Unit vary, reflecting a variety of factors such as the different industries in which the Company's businesses compete, their competitive position within those industries and their growth potential. The targets are determined based on the long-term goals in relation to each business' role in the Company's portfolio.

The C&LD Committee carefully considers the metrics used to measure performance to minimize the risk of too much focus on one result to the detriment of building long-term shareholder value. Each Business Unit's performance against these targets is discussed and evaluated by the CEO, the CFO and the Global Human Resources Officer. Based on their review, they provide a recommendation for each Business Unit Performance Factor to the C&LD Committee for review and approval. None of these officers participates in the determination or recommendation for any Business Unit Performance Factor that could impact their own STAR award. Each Business Unit Performance Factor is established after considering:

- n *Quantitative measurements* of top-line growth in volume, sales and market share, and bottom-line measures of profit, operating cash flow and operating total shareholder return (a cash flow return on investment model that measures sales growth, earnings growth and cash flow to determine the rate of return that a business earns); and
- n *Qualitative measures* that are retrospective assessments of performance relative to competitors, coordination and collaboration with other Business Units, the quality of business strategy and business model, the strength of the innovation program and the portfolio and other considerations such as adherence to ethical standards and response to the external economic environment and unpredictable events like natural disasters.

The Business Unit Performance Factor for each Business Unit can range from 53% to 167% (with a target level of 100%). The Business Unit Performance Factor has a wide range and the greatest potential impact on the amount of each STAR award.

The Business Unit Performance Factor for each of the NEOs is based on the combined results of each of the smaller Business Units for which the NEO is ultimately responsible. For example, the Business Unit Performance Factor for the Vice Chairman Global Household Care, consists of a weighted average of the Business Unit Performance Factors of the individual Business Units within Global Household Care. There are no separate performance goals for Global Household Care for purposes of compensation.

Total Company Performance Factor. This factor is determined by evaluating Company performance on two measures against targets predetermined by the C&LD Committee: (1) organic sales growth and (2) Core EPS growth. The C&LD Committee selected metrics that, in combination, encourage a balanced focus on both short and long-term results.

Organic sales growth: The C&LD Committee includes organic sales growth in the Total Company Performance Factor because it drives total shareholder return, is a tangible measure for which managers take ownership and is directly linked to the performance of each business. For fiscal year 2010-11, [-].

Core EPS growth: This measure assures continued Company alignment with shareholder interests. The target for Core EPS growth for fiscal year 2010-11 was [-].

The Total Company Performance Factor is determined by a matrix that includes a series of growth rates for organic sales growth ranging from £ [-]% to ³ [-]% along a horizontal axis and a series of growth rates for Core EPS ranging from £ [-]% to ³ [-]% along a vertical axis. The matrix provides for a Total Company Performance Factor of 100% when both results are at the target performance level. If both results are at or below the minimum performance level, the Total Company Performance Factor is 80%. If both results are at or above the maximum performance level, the Total Company Performance Factor is 130%. For results that fall between the minimum and maximum performance levels, the matrix assigns a Total Company Performance Factor between 80%-130%. The Total Company Performance Factor varies with each particular combination of results achieved for these measures within the ranges set forth in the matrix.

Summary of Total Annual Cash Compensation

The total annual cash compensation for each of our NEOs for fiscal year 2010-11 is the sum of each officer's salary and STAR award and reflects the scope and complexity of the business he leads. Mr. McDonald's total annual cash compensation was \$[-], which was [-].

The C&LD Committee sets the remaining NEO's salary and STAR Target to be aligned with the size-adjusted median of total salary and bonus opportunity of those holding similar roles in the Peer Group. Total annual compensation is based on the performance of the Company and their respective business units as described on pages [-]-[-] of this proxy statement.

Long-Term Incentive Programs

Long-term incentive compensation comprises the majority of total compensation for senior executives and is paid through two programs the PSP and the Key Manager Stock Grant. The C&LD Committee establishes an annual target for total long-term compensation consistent with the target median, total long-term compensation of comparable positions at Peer Group companies regressed for revenue size. It then allocates this overall target into a target for each of the two programs. First, PSP targets are set to represent about half of the total long-term compensation target. Next, the targets for the Key Manager Stock Grant are established by subtracting the discounted value of the PSP targets from the overall target total long-term compensation. In fiscal year 2010-11, [-]. The ultimate value of these awards depends upon Company performance and stock price.

Performance Stock Program

The PSP focuses executives on the long-term goals most critical to the overall success of the Company. PSP compensation is contingent upon the achievement of Company performance against three-year performance goals (Performance Goals) in categories (Performance Categories) focused on building shareholder value. The four Performance Categories include: organic sales growth, adjusted before tax operating profit, adjusted earnings per share growth and adjusted free cash flow productivity. The C&LD Committee sets the Performance Goals for each three-year period that begins on July 1 and ends on June 30, three years later (the Performance Period). In the first year of each Performance Period, the C&LD Committee grants Performance Stock Units (PSUs) to participants (Initial PSU Grant).

The C&LD Committee also establishes a sliding scale of performance factors (each, individually, a Performance Factor; together, in the aggregate, Performance Factors) for each of the Performance Goals. The performance factors range from a minimum of 0% to a maximum of 200%, with a target of 100% for each Performance Goal. This results in a participant having the ability to earn a maximum number of shares of common stock equal to two times the Initial PSU Grant or a minimum of zero depending on the Company performance versus the Performance Goals. Performance Factors for Company results falling between the minimum, target and maximum levels are determined via linear interpolation. Using the sliding scale to reward performance versus the Performance Goals, as opposed to all or nothing goals, discourages participants from taking unnecessary risks to ensure a final payment under the program. This aligns the interests of the NEOs with shareholders by encouraging participants to focus on the long-term performance of the Company over a multi-year period.

After each Performance Period, the C&LD Committee determines the Performance Factors for each Performance Category based on the Company s results versus the Performance Goals. The average of the four Performance Factors is multiplied by the Initial PSU Grant to determine the vested PSUs. The formula is as follows:

$$\begin{array}{l} \text{Average of Sales Performance Factor,} \\ \text{Profit Performance Factor, EPS Performance} \\ \text{Factor, and Cash Flow Performance Factor} \end{array} \quad \times \quad \text{Initial PSU Grant} \quad = \quad \text{Vested PSUs}$$

The vested PSUs are then converted into shares of Company s common stock and delivered to the applicable participant following the end of the Performance Period.

Table of Contents

For the Performance Period July 1, 2010 through June 30, 2013, The C&LD Committee granted Mr. McDonald [·] PSUs valued at \$[·] and granted Messrs. Geissler, Moeller, Panayotopoulos, Shirley and Steele [·] PSUs valued at \$[·]. The following chart outlines the Performance Goals established for each Performance Category and their minimum, target and maximum levels for each Performance Factor.

		Three-Year		
		Performance Goal		
Performance Category	Description	Performance Factor	Performance Factor	Performance Factor
		Target (100%)	Min (0%)	Max (200%)
Organic Sales Growth	Sales growth that excludes the impact of acquisitions, divestitures and foreign exchange			
Adjusted Before Tax Operating Profit	Net sales, less the cost of product sold and less selling, general and administrative expense, after adjustments			
Core EPS Growth	Diluted earnings per share growth, after adjustments			
Adjusted Free Cash Flow Productivity	Operating cash flow, less capital spending, divided by net earnings			

Key Manager Stock Grant

The Key Manager Stock Grant is the second component of the Company's long-term incentive compensation for its senior executives. It is paid in stock options and/or RSUs, focuses senior executives' attention on the long-term performance of the Company and directly links executives' interests to those of shareholders. Stock options are not exercisable (do not vest) until three years from the grant and expire ten years from the date of grant. RSUs deliver in shares five years from the date of grant. In addition to focusing executives on the long-term success of the Company, these restrictions enhance retention because employees who voluntarily resign from the Company during the specified periods forfeit their grants.

Once the Key Manager Stock Grant target is established based on Peer Group competitive data and the establishment of the PSP target, the CEO recommends specific grants to the C&LD Committee for each NEO based on: (1) the prior year's business results for which each NEO is responsible; (2) the prior year's Key Manager Stock Grant for each NEO; (3) summaries of business results for each Business Unit for the current fiscal year; and (4) individual contributions by each NEO, including that individual's leadership skills. These recommendations can be up to 50% above or 50% below target. In exceptional cases, no grant will be awarded. The C&LD Committee retains full authority to accept, modify or reject these recommendations.

For the fiscal year 2010-11, the C&LD Committee awarded the following grants to each of the Vice Chairmen and the CFO: Mr. Geissler \$[·]; Mr. Panayotopoulos \$[·]; Mr. Shirley \$[·]; Mr. Steele \$[·]; and Mr. Moeller \$[·]. [·]

The C&LD Committee awarded Mr. McDonald a Key Manager Stock Grant of [·].

Summary of Total Long-Term Incentive Compensation

Our NEOs' total long-term compensation includes the PSP and the Key Manager Stock Grant. The PSP grant represents approximately half of the total long-term incentive compensation for each NEO and is payable at the end of the performance period only to the extent that results are delivered in the four

Special Equity Awards

On rare occasions, the C&LD Committee makes special equity grants in the form of restricted stock or RSUs to senior executives to assure retention of the talent necessary to manage the Company successfully or to recognize superior performance. [-].

Retirement Programs

The Procter & Gamble Profit Sharing Trust and Employee Stock Ownership Plan (PST) is the Company's primary retirement program for U.S.-based employees. PST is a qualified defined contribution plan providing retirement benefits for full-time U.S. employees, including the NEOs. Under the PST, the Company makes an annual contribution of cash used to purchase Company stock deposited into each participant's PST account, upon which dividends are earned. The amount of the stock grant varies based upon individual salaries and years of service.

Some participants in PST (including the NEOs) do not receive their full grant due to federal tax limitations. As a result, they participate in the nonqualified PST Restoration Program. These individuals receive RSUs valued at an amount equal to the difference between the contribution made under PST and what would have otherwise been contributed under PST, but for the tax limitations. Participants are vested in their PST accounts after five years and their PST Restoration RSUs are forfeitable until they become eligible for retirement.

We are proud of the way PST and the PST Restoration Program have created ownership at all levels of our Company. We believe these programs continue to serve the Company and its shareholders well by focusing employees on the long-term success of the business.

For non U.S.-based employees, individual country plans provide retirement benefits. In addition, the Company offers the International Retirement Plan (IRP) and the Global International Retirement Arrangement which provide supplemental benefits to employees who work in multiple countries during their careers. Messrs. Geissler and Panayotopoulos participate in these programs.

Mr. Shirley was employed by The Gillette Company prior to the merger and participated in The Gillette Retirement Plan, a defined benefit plan covering full-time U.S. employees. The benefits in this plan were frozen as of December 31, 2007. Some participants in The Gillette Retirement Plan, including Mr. Shirley, would not receive their full pension benefits due to federal tax limitations and participate in the nonqualified Gillette Supplemental Retirement Plan. Similar to the PST Restoration Plan described above, the Gillette Supplemental Retirement Plan provides a benefit equal to the difference between the benefit provided under the Gillette Retirement Plan and the benefit that otherwise would have been provided by that plan, but for the tax limitations. In addition, Mr. Shirley participates in the Gillette Employee Stock Ownership Plan, which is a qualified retirement plan allowing eligible participants to fund their participation in a Gillette retiree medical plan.

Executive Benefits

The Company provides certain other limited benefits to senior executives to fulfill particular business purposes, which are primarily for convenience and personal security. Total executive benefits were [-].

Table of Contents

Benefits such as home security systems, secured workplace parking and an annual physical health examination are provided to safeguard NEOs. While Company aircraft are generally used for Company business only, for security reasons Mr. McDonald is required by the Board to use Company aircraft for all air travel, including personal travel. To increase executive efficiency, in limited circumstances, NEOs may travel to outside board meetings on Company aircraft, in which case the Company generally receives some reimbursement from the companies on whose boards our executives serve. In addition, if a Company aircraft flight is already scheduled for business purposes and can accommodate additional passengers, NEOs and their spouse/guests may join flights for personal travel. To the extent any travel on Company aircraft results in imputed income to the NEO, the Company does not provide gross-up payments to cover the NEO's personal income tax due on such imputed income. We also reimburse NEOs for tax preparation and some financial counseling to minimize distractions and keep their attention focused on Company business and to assure accurate personal tax reporting. To remain competitive and retain our top executives, we offer executive group whole life insurance coverage (equal to salary plus STAR Target). Finally, to further increase executive efficiency, we provide limited local transportation within Cincinnati. The C&LD Committee reviews these arrangements regularly to assure they continue to fulfill business needs and remain reasonable versus market practice.

CEO Compensation

Mr. McDonald's compensation is determined by the C&LD Committee using the same principles applied to all Company executives, focusing on paying for performance, paying competitively and supporting the business strategies. The C&LD Committee's process for assessing Mr. McDonald's compensation and performance is rigorous and objective, with standards based on what is important to the Company's success. The entire process is supported by the C&LD Committee's independent compensation consultant, Frederic W. Cook & Co., as described on pages [-]-[-] of this proxy statement. Mr. McDonald's total compensation is linked directly to his personal contribution to the Company's performance. As explained below, through STAR and PSP, his compensation is aligned with business strategies and focused on rewarding sustained, long-term growth in shareholder value.

In evaluating Mr. McDonald's individual performance during fiscal year 2010-11, [-]

Our Approach To Stock Ownership

For our employees, focus on the long-term success of the Company and creating shareholder value begins at hire and is often built over decades. Because we have a longstanding practice of building our organization from within, most of our employees spend their entire careers with the Company. Whether an employee begins a career with the Company, or joins as a result of an acquisition, our compensation programs and our approach towards stock ownership, encourage them to focus on the long-term success of the Company and creating shareholder value. This dynamic creates an inextricable link between the long-term success of the individual and the long-term success of the Company—it is difficult to achieve the former without the latter. We tailor our compensation programs to reinforce this result.

Employee Stock Ownership Aligns the Interests of Executives and Shareholders

Employee stock ownership has long been an important aspect of the Company's culture of commitment to long-term success. William Cooper Procter established the Company's employee stock ownership plan in 1887. Today it is the oldest continuous profit sharing plan of its kind in the United States. For more than 120 years, this innovative plan has connected employees to the Company's long-term success. The Company makes annual contributions of P&G stock to the retirement accounts of all U.S.-based employees beginning shortly after they are hired until the end of their careers. By making employees shareholders early on, and increasing their level of ownership over time, we consistently reinforce the importance of long-term success—both for the individual and for the Company.

Table of Contents

The Company's annual grant of stock options and RSUs to the Company's key managers further reinforces the executives' focus on the long-term success of the Company and creating shareholder value by further tying their personal success to that of other shareholders. Our key managers hold these stock options for an average of [-] before they exercise. This reflects a culture that is focused on, and confident in, the long-term success of the Company.

The long-term focus that comes with stock ownership is even more pronounced for our senior executives. Most of our NEOs have risen through the Company's ranks and their personal wealth is often tied to the Company stock and options that they have accumulated over the course of their careers. Our NEOs have an average of [-] years of service at the Company or its subsidiaries' long-term careers during which these individuals' first as employees, then as managers, then as senior executives' build shareholder value and benefit from the value they help to create.

Ownership and Holding Requirements Focus on Long-Term Success

To reinforce the importance of stock ownership and long-term focus for our most senior executives, including the NEOs, the C&LD Committee established the Executive Share Ownership Program and Stock Option Exercise Holding Requirement. The Executive Share Ownership Program requires the CEO to own shares of Company stock and/or RSUs valued at a minimum of eight times salary. All other NEOs must own stock and/or RSUs valued at a minimum of five times salary. The C&LD Committee annually reviews these holdings, and in 2011 [-].

The Stock Option Exercise Holding Requirement ensures executives remain focused on sustained shareholder value even after exercising their stock options. The holding requirement applies when an executive, including a NEO, has not met the ownership requirements of the Executive Share Ownership Program. Additionally, the holding requirement does not apply to incentive plan awards that executives elect to take as stock options instead of cash or unrestricted stock. Under the holding requirement, the CEO would be required to hold the net shares received from stock option exercises for at least two years while the other NEOs must hold net shares for at least one year.

Other Key Compensation Program Features

This additional information may assist the reader in better understanding the Company's compensation practices and principles.

Engagement of Independent Adviser

The C&LD Committee has directed Frederic W. Cook & Co., its outside and independent compensation consultant, to advise it on various compensation matters, including Peer Group identification, competitive practices and trends, specific program design, and Committee actions with respect to principal officer compensation. Under the terms of its agreement with the C&LD Committee, Frederic W. Cook & Co. is prohibited from doing any other business for the Company or its management, and the C&LD Committee may contact Frederic W. Cook & Co. without any interaction from Company management. This is meant to ensure the independence of the C&LD Committee's compensation consultant. Consistent with the terms of the C&LD Committee's agreement with Frederic W. Cook & Co., the C&LD Committee has adopted a policy prohibiting any compensation consultant retained by the C&LD Committee from doing any other business for the Company or its management.

Company management uses a separate compensation consultant, Meridian Compensation Partners, LLC, to provide compensation advice, competitive survey analysis and other benchmark information related to trends and competitive practices in executive compensation.

Avoidance of Poor Pay Practices

Perquisites

The Company provides limited benefits to NEOs to fulfill particular business purposes as explained on pages [·] to [·] of this proxy statement. [·].

Employment Contracts

The C&LD Committee believes employment contracts for executives are not necessary because most have spent the majority of their professional careers with the Company, and have developed a focus on the Company's long-term success. Moreover, the C&LD Committee does not provide special severance payments, such as golden parachutes, to its executives. In the event the Company encourages a NEO, or any other U.S. employee, to terminate employment with the Company (but not for cause), that individual may receive a separation allowance of up to one year's annual salary, calculated based on years of service.

Tax Gross-Ups

Generally, the Company does not increase payments to any employees, including NEOs, to cover non-business related personal income taxes. However, certain expatriate allowances, relocation reimbursements and tax equalization payments are made to employees assigned to work outside their home countries, and the Company will cover the personal income taxes due on these items in accordance with expatriate policy because there is a business purpose. In addition, from time to time, the Company may be required to pay personal income taxes for certain separating executives hired through acquisitions in conjunction with pre-existing contractual obligations.

Governing Plans, Timing, Pricing and Vesting of Stock-Based Grants

All grants of stock options, PSUs, restricted stock and/or RSUs made after October 13, 2009, are made under The Procter & Gamble 2009 Stock and Incentive Compensation Plan (as amended) (2009 Plan). The 2009 Plan was approved by Company shareholders at the October 13, 2009, annual shareholders' meeting. Previous grants were made under The Procter & Gamble 2001 Stock and Incentive Compensation Plan (as amended) (2001 Plan) and The Gillette Company 2004 Long-Term Incentive Plan (2004 Gillette Plan). The 2001 Plan was approved by Company shareholders. The 2004 Gillette Plan was approved by Gillette shareholders and adopted by the Company in 2005 as part of our merger with The Gillette Company.

The 2009 Plan contains a second trigger vesting provision which limits accelerated vesting to involuntary terminations of employment for reasons other than cause and for terminations of employment for good reason when time-based equity awards are assumed as part of a change in control.

With the exception of any Special Equity awards discussed on page [·] of this proxy statement, the Company grants stock, PSUs, RSUs and stock options on dates that are consistent from year to year. If the C&LD Committee changes a grant date, it is done in advance and only after careful review and discussion. The Company does not backdate stock options.

The Company has never re-priced stock options and is not permitted to do so without prior shareholder approval. We use the closing price of the Company's stock on the date of grant to determine the grant price for executive compensation awards. However, because PST uses the value of shares based on the average price of Company stock for the last five days in June, the grants of RSUs made under the PST Restoration Program and IRP follow this same grant price practice. The pre-established grant dates for

Table of Contents

the programs are as follows: PST Restoration and IRP, first Thursday in August; STAR, last business day on or before September 15; and PSP and Key Manager Stock Grants, last business day of February (and, if necessary for corrections, on the last business day on or before May 9).

Mitigation of Excessive Risk-Taking

Recoupment & Clawback

The C&LD Committee adopted the Senior Executive Officer Recoupment Policy that permits the Company to recoup or clawback STAR or long-term incentive program payments made to executives in the event of a significant restatement of financial results for any reason. This authority is in addition to the C&LD Committee's authority under the 2001 Plan and the 2009 Plan to suspend or terminate any outstanding stock options if the C&LD Committee determines that the participant violated certain plan provisions. Moreover, the 2009 Plan has a clawback provision that allows the Company to recover certain proceeds from option exercises or delivery of shares if the participant violates certain plan provisions.

Balanced Weighting of Performance Metrics in Compensation Programs

The STAR program and PSP use balanced weighting of multiple performance metrics to determine the payout. This discourages excessive risk-taking by removing any incentive to focus on one goal to the detriment of others. STAR and PSP are described on pages [·] to [·] and pages [·] to [·] of this proxy statement, respectively.

Prohibition of use of Company Stock in Derivative Transactions

The Company's Insider Trading Policy prohibits NEOs from involving Company stock in pledging, collars, short sales, hedging investments and other derivative transactions. Purchases and sales of Company stock by NEOs can only be made during the one-month period following public earnings announcements or, if outside these window periods, with express permission from the Company's Legal Division or in accordance with a previously established trading plan that meets SEC requirements.

Additional Information

Deferred Compensation Plan

The Procter & Gamble Company Executive Deferred Compensation Plan (EDCP) allows executives to defer receipt of up to 100% of their STAR award and/or up to 50% of their annual salary. Executives may also elect to convert a portion of their PST Restoration RSUs into notional cash contributions to the EDCP with investment choices that mirror those available to all U.S. employees who participate in the Company's 401(k) plan. No above-market or preferential interest is credited on deferred compensation, as those terms are defined by the SEC.

Tax Treatment of Certain Compensation

Section 162(m) of the Internal Revenue Code limits the Company deductibility of executive compensation paid to certain NEOs to \$1,000,000 per year, but contains an exception for certain performance-based compensation.

For fiscal year 2010-11, awards granted under STAR, the Key Manager Stock Grant and PSP programs [·]. PSP award payments do not vest until the end of FY 2012-13 at which time the C&LD Committee will determine the PSP payments based on Company and business results for the three year performance period.

Table of Contents

Company deductibility of compensation was taken into account by the C&LD Committee when setting compensation levels for current NEOs. While the C&LD Committee's general policy is to preserve the deductibility of compensation paid to the NEOs, the C&LD Committee nevertheless authorizes payments that might not be deductible if it believes they are in the best interests of the Company and its shareholders. The C&LD Committee determined that [·]. In addition, in certain years individuals may receive non-deductible payments resulting from awards made prior to becoming a NEO.

ⁱ Amounts contributed by the Company pursuant to PST, a qualified defined contribution plan providing retirement benefits for U.S.-based employees. NEOs also receive contributions in the form of RSU grants pursuant to the PST Restoration Program or IRP, each nonqualified defined contribution plans. These awards are included in the Stock Awards column of the Summary Compensation Table.

ⁱⁱ Under the Executive Group Life Insurance Program (EGLIP), the Company offers key executives who have substantially contributed to the success and development of the business and upon whom the future of the Company chiefly depends, life insurance coverage equal to salary plus their STAR target. These policies are owned by the Company. Because premium payments are returned to the Company when the benefit is paid out, we believe the annual premiums paid by the Company overstate the Company's true cost of providing this life insurance benefit. Accordingly, the amounts shown in the table are an average based on Internal Revenue Service tables used to value the term cost of such coverage for calendar year 2010 and calendar year 2011, which reflect what it would cost the executive to obtain the same coverage in a term life insurance policy. The average of the two calendar years was used because fiscal year data is not available. The average of the dollar value of the premiums actually paid by the Company in calendar years 2010 and 2011 under these policies were as follows: Mr. McDonald, \$[-]; Mr. Moeller, \$[-]; Mr. Geissler, \$[-]; Mr. Panayotopoulos, \$[-]; Mr. Shirley, \$[-]; Mr. Steele, \$[-]. This program is in addition to any other Company-provided group life insurance in which a NEO may enroll that is also available to all employees on the same basis.

ⁱⁱⁱ Flexible Compensation Program Contributions are given to U.S.-based employees in the form of credits to pay for coverage in a number of benefit plans including, but not limited to, medical insurance and additional life insurance. Employees may also receive unused credits as cash. Credits are earned based on PST years of service.

^{iv} The amounts shown for the current year are for fees paid by the Company for services provided to assist these executives with issues related to their work permits and/or visa status and for storage and delivery fees associated with past expatriate assignments. Amounts reported for previous years represent tax equalization payments made by the Company to cover incremental taxes required to be paid in certain countries in connection with employees' current and/or prior expatriate assignments. Mr. McDonald's tax equalization payments resulted from previous assignments in Belgium and Japan. Messrs. Geissler's and Panayotopoulos' tax equalization payments resulted from their respective prior expatriate assignments in Switzerland.

- v The NEOs are entitled to the following personal benefits: financial counseling (including tax preparation), an annual physical examination, occasional use of a Company car, secure workplace parking and home security and monitoring. While Company aircraft is generally used for Company business only, Mr. McDonald is required to use Company aircraft for all air travel, including travel to outside board meetings and personal travel, pursuant to the Company's executive security program established by the Board of Directors. While traveling on Company aircraft, Mr. McDonald may bring a limited number of guests (spouse, family member or similar guest) to accompany him. The aggregate incremental aircraft usage costs associated with Mr. McDonald's personal use of Company aircraft, including the costs associated with travel to outside board meetings not fully reimbursed by the other company, were \$[-] for FY 2010-11 and are included in the total above. Messrs. Moeller, Geissler, Panayotopoulos, Shirley and Steele are permitted to use the Company aircraft for travel to outside board meetings and, if the Company aircraft is already scheduled for business purposes and can accommodate additional passengers, may use it for personal travel and guest accompaniment. [-] In addition, the Company holds two or three senior management meetings per year, where the Company allows each executive to bring a guest. In some of these cases, the guest travel costs may be considered incremental or may involve commercial flights. For these meetings, the Company incurred costs associated with providing minor commemorative items, sightseeing and other similar activities for both the executive and the guest. The incremental costs to the Company for these benefits, other than use of Company aircraft, are the actual costs or charges incurred by the Company for the benefits. The incremental cost to the Company for use of the Company aircraft is calculated by using an hourly rate for each flight hour. The hourly rate is based on the variable operational costs of each flight, including fuel, maintenance, flight crew travel expense, catering, communications and fees, including flight planning, ground handling and landing permits. For any flights that involved mixed personal and business usage, any personal usage hours that exceed the business usage are utilized to determine the incremental cost to the Company.
- vi This total does not reflect a charitable donation of \$[-] made by the Company to the Children's Safe Drinking Water Program on behalf of the Company's Global Leadership Council, of which each NEO is a member. This donation was funded from general corporate assets, and the NEOs derive no financial benefits from this donation because this charitable deduction accrues solely to the Company.

The material factors necessary for an understanding of the compensation detailed in the above two tables are further described in the Compensation Discussion and Analysis section of this proxy statement.

¹ On December 1, 2005, the Company converted all outstanding retirement restricted stock to RSUs that are deliverable in shares one year following retirement. The numbers contained in this table for December 1, 2005, reflect this conversion. They do not represent an incremental grant of stock awards on that date.

- ³ Restricted stock earns cash dividends that are paid quarterly. RSUs awarded pursuant to BGP, STAR, the PST Restoration Program, IRP and Special Equity earn dividend equivalents which are accrued in the form of additional RSUs each quarter, credited to each NEO's holdings and subject to the same vesting and other applicable restrictions. These dividend equivalents are included in the amounts shown. The following provides detail regarding the vesting date for Restricted Stock, RSU and PSU holdings included in the table. The Vest Date for RSUs and PSUs indicates the date such units are deliverable in shares. The Vest Date for restricted stock indicates the date that restrictions lapse.

¹ Numbers of Shares Acquired on Vesting is the gross number of shares acquired. Please see footnote 3 in the Outstanding Equity at Fiscal Year-End Table for the definition of vesting for Stock Awards.

² Value Realized on Vesting was determined by multiplying the number of shares of stock by the average of the high and low price of the Company's Common Stock on the vesting date.

Pension Benefits

The following table and footnotes provide information regarding the Company's pension plans for Messrs. Geissler, Panayotopoulos and Shirley as of the end of fiscal year 2010-11. None of the other NEOs had any such arrangements with the Company.

³ Because Messrs. Geissler and Panayotopoulos have reached age 55, they are eligible for early retirement under this plan. However, their benefits would be reduced by 5% for each year retirement precedes age 60. The earliest age at which either may retire with full benefits is age 60.

⁴ Years of credited service accrued under this plan represent the number of years from the date that Mr. Geissler became eligible to participate in the plan until March 1, 2001, when he was transferred to the Company.

⁵ Years of credited service accrued under this plan represent the number of years that Mr. Panayotopoulos worked outside of his home country from the date of hire until July 1997, when he was paid on a U.S.-home basis.

⁶ Mr. Panayotopoulos is eligible to retire early under the plan, but his benefits would be reduced by 4% for each year retirement precedes age 60.

⁷ Years of credited service accrued under this plan represent the number of years that Mr. Panayotopoulos worked from the date that he became eligible to participate in the plan until June 30, 1995, when he was no longer eligible to accrue additional benefits under the plan.

⁸ Mr. Shirley is eligible to retire early under the plan, but his benefits would be reduced by 1.5% for each year that his age plus years of service total less than 100.

⁹ Years of credited service accrued under this plan are equal to the number of years that Mr. Shirley has worked either for the Company or The Gillette Company since his initial date of hire until December 31, 2007, when this plan was frozen and Mr. Shirley was enrolled in the Company's PST program.

¹⁰ Mr. Shirley is eligible to retire early under the plan, but his benefits would be reduced by 1.5% for each year that his age plus years of service total less than 100. Note, however, that Mr. Shirley would be entitled to full retirement benefits under the plan on December 1, 2013, if he remains employed with the Company because he received six years of additional credit pursuant to the plan's change in control provisions when the Company acquired The Gillette Company in 2005.

¹¹ Years of credited service accrued under this plan are equal to the number of credited service years accrued under The Procter & Gamble Master Retirement Plan (US) plus a premium of three additional years provided pursuant to the plan's change in control provisions triggered when the Company acquired The Gillette Company in 2005.

The Procter & Gamble Pension Fund (UK) (UK Pension Plan) is a defined benefit plan for employees whose home country was within the United Kingdom for all or a portion of their career. The UK Pension Plan provides for post-retirement payments based on the employee's salary and years of service at the time of retirement. The benefit paid is calculated using the following formula:

$$.02 \times \text{creditable years of service} \times \text{employee's pensionable base salary (at time of exit from plan)}$$

This benefit is paid at retirement and is reduced to account for government-sponsored pension benefits received by the employee. Furthermore, the UK Pension Plan includes a temporary pension benefit that provides temporary pension payments to those employees who retire after age 59 but before they reach their social security retirement age. The amount of these payments is based on the government-sponsored pension benefits that these employees will receive from the UK government when they retire and reach their social security retirement age. Temporary pension benefit payments under this plan cease when government pension payments begin.

The Procter & Gamble Pension Fund (Germany) (German Pension Plan) is a defined benefit plan for Germany-based employees hired before December 31, 1999. The German Pension Plan provides for post-

Table of Contents

retirement payments based on the employee's pensionable income, which for certain employees, including Mr. Geissler, includes a portion of their STAR award, and years of service at the time of retirement. The benefit is paid using the following formula:

$$.017 \times \text{creditable years of service} \times \text{average pensionable income for three years preceding exit from the plan}$$

The benefit is paid at retirement and reduced by the German social security benefit based on years of service. The normal retirement age for the plan is 65, and there is a surviving spouse benefit equal to 60% of employee's pension benefit.

The Procter & Gamble Company Global International Retirement Arrangement (Global IRA) is designed to provide retirement benefits to certain employees whose benefits are frozen under their home country pension plan(s) as a result of having been transferred away from their home country on a permanent basis. The Global IRA benefit is calculated in accordance with the following formula:

$$.017 \times \text{average salary for three years preceding retirement} \times \text{years of service outside of home country}$$

(before localization)

The Global IRA accounts for the differences in retirement benefits attributable to a higher salary at the time of retirement than at the time of transfer out of the home country. As such, the Global IRA is reduced on a dollar for dollar basis by any retirement pension benefit paid by either the Company or the government which was earned through the employee's home country.

The Procter & Gamble Master Retirement Plan (US) (P&G MRP) is a qualified defined benefit plan into which all qualified defined benefit plans that are acquired by the Company in conjunction with business acquisitions are consolidated. The qualified defined benefit plans administered by The Gillette Company (Gillette), including the plan in which Mr. Shirley was a participant, were consolidated into the P&G MRP after the Company acquired Gillette. The pension benefit provided by the plan is calculated in accordance with the following formula:

$$.02 \times \text{years of service as of December 1, 2007 (maximum 25 years)} \times \text{average annual compensation}$$

(salary plus bonus)

in highest 5 of last 10 years

The benefit is paid at age 65 or later and is reduced by 75% of the employee's social security benefit. The plan allows for early retirement at the age of 50 if the employee's age plus years of service total 80 years or more.

The Gillette Company Supplemental Retirement Plan (US) (GCSR) is a nonqualified defined benefit plan which provides benefits to former Gillette employees whose benefits under the P&G MRP are limited by reason of the Internal Revenue Code. The benefit formula is identical to that of the P&G MRP, except that no Internal Revenue Code income limits are applied and the total benefit provided is reduced by the benefit amount provided pursuant to the P&G MRP. The retirement age and early retirement age are identical to the P&G MRP.

Table of Contents**Nonqualified Deferred Compensation**

The following table and footnotes provide information regarding the Company's non tax-qualified defined contribution and deferred compensation plans for each of the NEOs for fiscal year 2010-11. For a complete understanding of the table and the footnotes, please read the narrative that follows the table.

¹ Total reflects registrant contributions in the form of RSUs pursuant to the PST Restoration Program, 100% of which are also reported in the Stock Awards column of the Summary Compensation Table found on page [-] of this proxy statement. The PST Restoration Program is a nonqualified defined contribution plan. The contribution amount is the net number of RSUs awarded after withholding for applicable taxes, multiplied by the grant price.

² Because none of the amounts included in this column are above-market earnings under SEC reporting rules, they are not reflected in the Summary Compensation Table.

The NEOs are eligible to participate in The Procter & Gamble Company Executive Deferred Compensation Plan (EDCP). Under EDCP, a participant may defer up to [-]% of base salary and, up to [-]% of the STAR award. Amounts may be deferred for a minimum of one year or until termination of employment. Payments that commence upon retirement, death or disability may be taken in a lump sum or installments (over a maximum period of ten years). All other payments under the plan are paid as a lump sum.

Amounts deferred under EDCP are credited with market earnings based on the same fund choices available to all employees under the Company's tax-qualified plan. Participants may change fund choices on a daily basis.

As described on page [-] of this proxy statement, federal tax rules limit the size of contributions that can be made to individuals pursuant to tax-qualified defined contribution plans like the PST. These limits are based on the annual salary of the plan participant. Because of these limits, certain participants, including the NEOs, are unable to receive their full contributions pursuant to the terms and conditions of the PST.

To account for these limitations, the Company utilizes the PST Restoration Program. This is a nonqualified defined contribution plan under which the Company makes an additional annual contribution in the form of RSUs to those executives whose calculated contribution to their PST accounts was limited by federal tax laws.

Table of Contents

These RSUs are forfeitable until the executive becomes eligible for retirement. Executives can elect to receive either a lump sum payment one year post-retirement or ten annual installment payments beginning one year post-retirement, or they can defer receipt of either the lump sum or the ten annual installments to six or eleven years post-retirement. Generally, executives have up until retirement to change a previous deferral election, with any such deferral elections or changes to deferral elections made in compliance with Section 409A of the Internal Revenue Code. These RSUs earn dividend equivalents at the same rate as dividends on Common Stock and are accrued in the form of additional RSUs each quarter and credited to the executive's holdings. The value of each RSU may increase or decrease over time as the value is tied to the price of the Company stock.

NEOs may convert certain of their PST Restoration Program RSUs into contributions to the EDCP. All such contributions are forfeitable until the executive becomes eligible for retirement and are paid out in the same manner described above.

The Company's International Retirement Plan (IRP) is designed to provide retirement benefits for employees whose participation in retirement plans in their home countries has been suspended because they are on assignments outside of that country. Under the IRP, the Company makes an annual contribution for each participant equal to the contribution that would have been made under the participant's home country retirement plan had the participant remained in that country and eligible to participate in that plan.

Historically, Company contributions to IRP were placed into one of several investment vehicles available within the IRP, at each participant's election. Participants in the U.S. receive their contributions in RSUs. These contributions vest according to the terms and conditions of the participant's home country retirement plan. Upon retirement from the Company, participants must elect to receive distributions from their IRP accounts in one of four ways: (1) fixed-income annuity, (2) variable annuity, (3) lump sum, or (4) annual installments (over a maximum of 15 years).

Amounts the NEOs defer under any of the above mentioned plans that are scheduled to be paid after termination of employment must be held by the Company for a minimum of six months in order to comply with Section 409A of the Internal Revenue Code.

Payments upon Termination or Change in Control

The Company does not have any employment contracts with its NEOs that require severance payments upon termination of their employment. Certain elements of compensation are, however, treated differently upon various termination of employment scenarios, as described below. The following describes how certain elements of compensation are generally handled under these scenarios for all Company employees, including the NEOs.

Base Salary Base salary is paid through the last day worked, regardless of reason for termination of employment. In the event that the Company encourages a U.S. employee to terminate employment with the Company (but not for cause), that individual may receive a separation allowance of up to one year's annual base salary, calculated based on years of service.

STAR Individuals who work through the last day of the fiscal year are eligible for the STAR award payable for that year, regardless of the reason for termination of employment. Individuals who retire or terminate as a result of Company encouragement (not for cause) prior to fiscal year-end receive a pro-rated amount. Past short-term bonus awards where the employee voluntarily elected stock or options in lieu of cash are either retained or paid out in a lump sum, regardless of the reason for termination.

Table of Contents

Equity awards under the Company's Key Manager Annual Stock Grant program, PSP, the PST Restoration Program and IRP Treatment is governed by the Company's equity compensation plans and depends on the reason for termination of employment, as follows. Past equity awards where the employee voluntarily elected stock or stock options in lieu of cash or unrestricted stock are either retained or paid out in a lump sum, regardless of the reason for termination. Further, in certain situations, employees are entitled to keep all equity awards according to their original terms. Each of the following assumes that the individual fully complies with the provisions of the Company's equity compensation plans, including compliance with the Company's Purpose, Values and Principles and the provision that prohibits individuals from competing with the Company following termination of employment, each of which can result in forfeiture and/or cancellation of outstanding equity awards.

n Voluntary Termination by the Employee

All stock options that were not vested are forfeited effective upon the date of termination.

All vested stock options that were not exercised prior to termination are forfeited.

All RSUs for which the forfeiture date has not yet occurred are forfeited effective upon the date of termination.

All PSUs for which the Performance Period has not yet completed are forfeited effective upon the date of termination.

n Retirement or Permanent Disability

Key Manager Annual Stock Grant stock options and RSUs received at least six months prior to retirement or permanent disability are retained, with stock options held until expiration and Key Manager RSUs delivering in shares, each according to their original terms.

Key Manager Annual Stock Grant stock options and RSUs received less than six months prior to retirement or permanent disability are forfeited.

PSUs are forfeited for retirement or permanent disability that occurs on or before August 31st following the grant of the PSUs.

PSUs are retained according to their original terms for retirement or permanent disability after August 31st following the grant of PSUs.

Business Growth Program RSUs are retained according to their original terms.

All other RSUs for which the forfeiture date has not yet occurred are forfeited, unless otherwise agreed to by the C&LD Committee.

n Company Encouraged Termination, Not for Cause

Key Manager Annual Stock Grant stock options and RSUs received less than six months prior to termination are forfeited.

Key Manager Annual Stock Grant stock options and RSUs received at least six months prior to termination are retained, with stock options held until expiration and RSUs delivering in shares, each according to their original terms.

All other RSUs for which the forfeiture date has not yet occurred are forfeited, unless otherwise agreed to by the C&LD Committee.

PSUs are forfeited if the termination occurs on or before August 31st following the grant of PSUs.

PSUs are retained according to their original terms if the termination occurs after August 31st following the grant of PSUs.

Table of Contents

n Termination for Cause

All stock options and RSUs are forfeited effective upon the date of termination.

All PSUs for which the forfeiture date has not yet occurred are forfeited effective upon the date of termination.

n Change in Control

2001 Plan: All stock options vest immediately. All RSUs are deliverable in shares immediately. The purpose of this single trigger vesting provision was to protect Company employees in the event of a change in control by accelerating the vesting schedule for their outstanding equity awards.

2009 Plan:

Stock Options/RSUs: All stock options vest immediately and all RSUs are deliverable in shares immediately upon change in control for any awards not assumed. For awards that are assumed, stock options vest and RSUs are deliverable in shares only if a participant's employment is involuntarily terminated for reasons other than cause or the participant terminates their employment with good reason.

PSUs: All PSUs will vest at 100% of the Initial PSU Grant, or the PSP target if the Initial PSU Grant has not occurred, upon a change in control that meets the requirements of a change in control under Section 409A of the Internal Revenue Code and shall be paid in shares of common stock at the time of such change in control. If there is a change in control event that does not meet the requirements of a change in control event under Section 409A, all outstanding PSP awards will be settled according to the original terms and conditions.

n Death All stock options, RSUs and PSUs transfer by will or laws of descent and distribution. All stock options vest immediately. All RSUs are deliverable in shares immediately. All PSUs vest according to the original terms of the grant.

Special Equity Awards In special circumstances, the C&LD Committee may make a special award of restricted stock or RSUs. Terms and conditions of these awards are determined by the C&LD Committee at the time of grant. In the event of a change in control, all restrictions lapse immediately.

Retirement Plans The retirement plans in which the NEOs participate do not discriminate in scope, terms or operation for NEOs versus all other participants. All NEOs are fully vested in PST and will retain all shares upon termination of employment regardless of reason. PST Restoration RSUs vest upon eligibility for retirement. Messrs. Geissler and Panayotopoulos are retirement eligible so each becomes vested and entitled to the full Global IRA benefit value upon separation from the Company. Messrs. Geissler and Panayotopoulos are each fully vested in their respective IRP and country pension plan account balances and therefore, would retain those balances upon termination for any reason. Mr. Shirley is fully vested in both the P&G MRP and the GCSRP and will receive those benefits upon termination from the Company for any reason.

Deferred Compensation Cash amounts deferred under EDCP have been earned and therefore are retained upon termination for any reason. Any RSUs granted pursuant to the PST Restoration Program or IRP would be treated as described above under Equity Awards. The same is true for any cash contributions to EDCP resulting from the conversion of PST Restoration RSUs. None of these amounts are included in

Edgar Filing: PROCTER & GAMBLE CO - Form PRE 14A

the following table because they are reported in the Nonqualified Deferred Compensation Table on page [-] of this proxy statement.

Executive Benefits

- n Executive Group Life Insurance Benefits are retained if employee is eligible for early retirement.
- n Financial Counseling Employee may use the remaining balance until the end of the current calendar year for reimbursable charges under the program.

Table of Contents

n Unused Vacation Employee is entitled to lump sum payment equal to value of accrued, but unused, vacation days.

n Other Programs In most cases, participation ends on the last day worked, unless otherwise agreed to by the C&LD Committee.

Expatriate and Relocation Program If an employee's expatriate assignment terminates for any reason, the Company would pay for relocation to the home country and would cover future taxes due related to the expatriate assignment. The following table and footnotes quantify the payments and benefits that each NEO would be required to be paid under the Company's compensation programs upon various scenarios for termination of employment or a change in control of the Company.

- ² Each of the NEOs has enough years of service with the Company to receive one year's salary upon a Company encouraged termination of employment (not for cause). As noted above, the Committee has discretion to allow a NEO to retain certain equity awards that otherwise would be forfeited under the Company's compensation programs in the event of a Company encouraged termination (not for cause).
- ³ The amounts shown for stock options and stock awards represent the in-the-money value of unexercisable stock options and unvested RSUs (excluding PST Restoration RSUs and IRP RSUs which are reported in the Nonqualified Deferred Compensation Table) that would immediately become exercisable and/or deliverable in shares, respectively, upon a change in control or death of the NEO. In addition, the amounts for stock awards represent the unvested PSUs that would immediately be deliverable in shares upon change in control meeting the requirements of a change in control event under Section 409A of the Internal Revenue Code. The amounts are based on the Company's closing stock price on June 30, 2011, of \$[-]. The amounts shown for the Executive Group Life Insurance death benefit assumes a June 30, 2011, death. A change in control does not trigger payment of a death benefit.
- ⁴ The totals included in this column assume that the option and stock awards granted under the 2009 Plan vest upon change in control. However, these awards do not vest unless (a) the awards are not assumed or (b) the awards are assumed, but the recipient is terminated without cause or resigns with good reason. The table below shows the values of stock awards made pursuant to the 2009 Plan (which are included in this column) that would not vest on a change in control unless one of the events occurred as well.

² Common stock allocated to personal accounts of executive officers under the Retirement Trust pursuant to PST. Plan participants have sole discretion as to voting and, within limitations provided by PST, investment of shares. Shares are voted by the Trustees in accordance with instructions from participants. If instructions are not received by the Trustees as to the voting of particular shares, shares are to be voted in proportion to instructions actually received from other participants in the Retirement Trust.

³ Amounts reflect vested stock options and stock options that will vest within 60 days of the record date (August 12, 2011). If shares are acquired, the Director or executive officer would have sole discretion as to voting and investment.

⁴ The individuals involved share voting and/or investment powers with other persons with respect to the shares shown in this column.

⁵ RSUs represent the right to receive unrestricted shares of common stock upon the lapse of restrictions, at which point the holders will have sole investment and voting power or cash settlement. RSUs are not considered "beneficially owned" because holders are not entitled to voting rights or investment control until the restrictions lapse.

⁶ Less than .1% for any one Director or NEO, and less than .1% for the Directors and executive officers, as a group.

Section 16(a) Beneficial Ownership Reporting Compliance

Ownership of any transactions in Company stock by executive officers and Directors of the Company are required to be reported to the SEC pursuant to Section 16 of the Securities Exchange Act of 1934. As a practical matter, the Company assists its Directors and officers by monitoring transactions and completing and filing Section 16 reports on their behalf. All Directors and officers complied with these requirements during the past fiscal year.

Report of the Audit Committee

Each member of the Audit Committee is an independent Director as determined by the Board of Directors, based on the New York Stock Exchange listing standards and the Board's own Independence Guidelines. Each member of the Committee also satisfies the SEC's additional independence requirement for members of audit committees. The Board of Directors has determined that Ms. Woertz and Mr. Chenault meet the criteria for Audit Committee Financial Expert as defined by SEC rules. The Board of Directors has also determined that all Audit Committee members are financially literate. As noted previously in the proxy statement, the Committee's work is guided by a Board-approved Charter, which can be found in the corporate governance section of the Company's website at www.pg.com/investors.

The Committee reviews and oversees the Company's financial reporting process on behalf of the Board. Management has the Company's primary responsibility for establishing and maintaining adequate internal financial controllership, for preparing the financial statements and for the public reporting process. Deloitte & Touche LLP, the Audit Committee-appointed independent registered public accounting firm for the fiscal year ended June 30, 2011, is responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on management's assessment of the effectiveness of the Company's internal control over financial reporting.

In its role of financial reporting oversight, the Committee reviewed and discussed with management and Deloitte & Touche LLP the audited financial statements for the year ended June 30, 2011, and management's assessment of the effectiveness of the Company's internal control over financial reporting. In this context, the Committee met eight times (including telephone meetings to discuss quarterly results) during the fiscal year ended June 30, 2011. The Committee has discussed with Deloitte & Touche LLP the matters that are required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees), as modified or supplemented. In addition, the Committee has discussed various matters with Deloitte & Touche LLP related to the Company's consolidated financial statements, including critical accounting policies and practices used, alternative treatments for material items that have been discussed with management, and other material written communications between Deloitte & Touche LLP and management. The Committee has also received written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees and has discussed with Deloitte & Touche LLP its independence from the Company and its management. In addition, the Committee has received written material addressing Deloitte & Touche LLP's internal quality control procedures and other matters, as required by the New York Stock Exchange listing standards. The Committee understands the need for Deloitte & Touche LLP to maintain objectivity and independence in its audit of the Company's financial statements and internal controls over financial reporting. The Committee has implemented a formal pre-approval process for non-audit fee spending, and it seeks to limit this spending to a level that keeps the core relationship with Deloitte & Touche LLP focused on financial statement review and evaluation. A copy of this pre-approval process is attached to this proxy statement as Exhibit A.

Based on the considerations referred to above, the Committee recommended to our Board of Directors that the audited financial statements for the year ended June 30, 2011 be included in our

Fees Paid to the Independent Registered Public Accounting Firm

The Audit Committee, with the ratification of the shareholders, engaged Deloitte to perform an annual audit of the Company's financial statements for the fiscal year ended June 30, 2011. Pursuant to rules of the SEC, the fees paid to Deloitte, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively "Deloitte"), are disclosed in the table below:

Fees Paid to Deloitte

(Dollars in Thousands)

	FY 2009/10	FY 2010/11
Audit Fees	\$ 29,879	
Audit-Related Fees	2,942	
Tax Fees	748	
<i>Subtotal</i>	33,569	
All Other Fees	354	
 Deloitte Total Fees	 \$ 33,923	

Services Provided by Deloitte

All services provided by Deloitte are permissible under applicable laws and regulations. The Company has adopted policies and procedures for pre-approval of services by Deloitte as described in Exhibit A to this proxy statement. The fees paid to Deloitte shown in the table above were all pre-approved in accordance with these procedures and include:

- 1) **Audit Fees** These are fees for professional services performed by Deloitte for the audit of the Company's annual financial statements and review of financial statements included in the Company's 10-Q filings, and services that are normally provided in connection with statutory and regulatory filings or engagements.
- 2) **Audit-Related Fees** These are fees for assurance and related services performed by Deloitte that are reasonably related to the performance of the audit or review of the Company's financial statements. This includes: employee benefit and compensation plan audits; due diligence related to mergers and acquisitions; other attestations by Deloitte, including those that are required by statute, regulation or contract; audits in connection with dispositions; and consulting on financial accounting/reporting standards and controls.

- 3) Tax Fees These are fees for professional services performed by Deloitte with respect to tax compliance and tax returns. This includes review of original and amended tax returns for the Company and its consolidated subsidiaries; refund claims, payment planning/tax audit assistance; and tax work stemming from Audit-Related items.

Table of Contents

- 4) All Other Fees These are fees for other permissible work performed by Deloitte that does not meet the above category descriptions. The fees cover various local engagements that are permissible under applicable laws and regulations including tax filings for individual employees included in the Company's expatriate program.

These services are actively monitored (both spending level and work content) by the Audit Committee to maintain the appropriate objectivity and independence in Deloitte's core work, which is the audit of the Company's consolidated financial statements. The Committee also concluded that Deloitte's provision of audit and non-audit services to the Company and its affiliates is compatible with Deloitte's independence.

PROPOSAL TO RATIFY APPOINTMENT OF THE

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Deloitte as the Company's independent registered public accounting firm to perform the audit of our financial statements and our internal controls over financial reporting for the fiscal year ending June 30, 2012. Deloitte was our independent registered public accounting firm for the fiscal year ended June 30, 2011.

Deloitte representatives are expected to attend the 2011 annual meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate shareholder questions.

We are asking our shareholders to ratify the selection of Deloitte as our independent registered public accounting firm. Although ratification is not required by the Company's Code of Regulations, the Board of Directors. By Laws or otherwise, the Board is submitting the selection of Deloitte to our shareholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of the Company and our shareholders.

The Board of Directors recommends a vote FOR the following proposal:

RESOLVED, That action by the Audit Committee appointing Deloitte as the Company's independent registered public accounting firm to conduct the annual audit of the financial statements of the Company and its subsidiaries for the fiscal year ending June 30, 2012, is hereby ratified, confirmed and approved.

PROPOSAL FOR AN ADVISORY VOTE ON

EXECUTIVE COMPENSATION (THE SAY ON PAY VOTE)

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires the Board to provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our NEOs as set forth in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission (SEC). This proposal is also referred to as the Say On Pay vote.

[.]

This vote is non-binding; however, we highly value the opinions of our shareholders. Accordingly, the Board and the C&LD Committee will consider the outcome of this advisory vote in connection with future executive compensation decisions.

[Company position to be included in definitive proxy statement.]

Table of Contents

**PROPOSAL FOR AN ADVISORY VOTE ON
THE FREQUENCY OF SAY ON PAY VOTES**

The Dodd-Frank Wall Street Reform and Consumer Protection Act also provides that shareholders must be given the opportunity, at least once every six years, to cast a non-binding, advisory vote on whether a Say On Pay vote on the compensation of our NEOs should be held every one, two or three years.

After careful consideration of the various arguments supporting each frequency level, the Board believes that a vote of every [·] on Say On Pay is the best choice for the Company and its shareholders at the present time. Our recommendation for a vote of every [·] is indicative of the strong belief that we have in our executive compensation programs and their effectiveness.

[Company position to be included in definitive proxy statement.]

**PROPOSAL TO AMEND THE COMPANY'S
AMENDED ARTICLES OF INCORPORATION**

The following proposal will be presented for action at the annual meeting by direction of the Board of Directors:

RESOLVED, That Appendix A of the Amended Articles of Incorporation of the Company is hereby amended to read as set forth in Exhibit B to the proxy statement for this meeting; and

RESOLVED FURTHER, That Appendix B of the Amended Articles of Incorporation of the Company is hereby amended to read as set forth in Exhibit C to the proxy statement for this meeting; and

RESOLVED FURTHER, That the Board of Directors and the appropriate officers of the Company are authorized and directed to take appropriate steps to make effective the foregoing amendments to the Amended Articles of Incorporation of the Company, including filing such amendments in the office of the Secretary of State of Ohio.

The Board of Directors recommends a vote FOR this resolution for the following reasons:

Background

The Company currently has two outstanding series of preferred stock: Series A ESOP Convertible Class A Preferred Stock (Series A Preferred Stock) and Series B ESOP Convertible Class A Preferred Stock (Series B Preferred Stock) (collectively referred to as Preferred Stock). The Procter & Gamble Profit Sharing Trust and Employee Stock Ownership Plan (PST) is the holder of both series of Preferred Stock. The Series A Preferred Stock is used to fund the Company's profit sharing contribution, which is the Company's main U.S. pension plan, and the Series B Preferred Stock is used to fund retiree health care costs.

The Company's current Amended Articles of Incorporation (Articles) establish different dividend record dates for Preferred Stock and the Common Stock. The Articles also require the PST to formally request redemption prior to having a right to convert its Preferred Stock into Common Stock. Both provisions were enacted with the authorization of Preferred Stock in 1989. Today, neither is necessary. Further, they create administrative burdens that cause inefficiencies and complexities in the processes of both the PST and the Company. Amending the Articles to align the record dates for Preferred Stock and Common Stock and to remove the requirement of formally requesting redemption in order to have the right to convert Preferred Stock into Common Stock will alleviate these administrative burdens.

Table of Contents

The proposed changes do not confer new rights or remove existing rights from either Preferred Stock or Common Stock. This proposal requires the approval of a majority of the issued and outstanding shares.

Board Position

The Board supports the proposed amendments to the Articles. Aligning record dates for Preferred Stock and Common Stock and eliminating a formal request for redemption will simplify the processes for both PST and the Company, while neither conferring new rights nor removing existing rights from either Preferred or Common shareholders.

Shareholder Proposals

Shareholder Proposal #1

Mrs. Evelyn Y. Davis, Watergate Office Building, 2600 Virginia Avenue N.W., Suite 215, Washington, D.C. 20037, owner of 800 shares of common stock of the Company, has given notice that she intends to present for action at the annual meeting the following resolution:

RESOLVED: That the stockholders of P&G, assembled in Annual Meeting in person and by proxy, hereby request the Board of Directors to take the necessary steps to provide for cumulative voting in the election of directors, which means each stockholder shall be entitled to as many votes as shall equal the number of shares he or she owns multiplied by the number of directors to be elected, and he or she may cast all of such votes for a single candidate, or any two or more of them as he or she may see fit.

REASONS: Many states have mandatory cumulative voting, so do National Banks.

In addition, many corporations have adopted cumulative voting.

A Director elected through cumulative voting, might be more inclined to vote for rotating the annual meetings to locations other than Cincinnati from time to time.

In 2010 the owners of 442,062,787 shares, representing approximately 25% of shares voting, voted for this proposal.

If you AGREE, please mark your proxy FOR this resolution.

[Company response to be included in definitive proxy statement.]

Shareholder Proposal #2

People for the Ethical Treatment of Animals, 501 Front St., Norfolk, VA 23510, which owns 56 shares of common stock in the Company, has given notice that it intends to present for action at the annual meeting the following resolution:

RESOLVED, that the Board release to shareholders by the end of 2011 a plan for entirely phasing out Iams use of animals in laboratories for testing dog and cat food products and formulations, and instead, relying entirely on humane testing methods with companion animals in their own homes.

Supporting Statement:

After People for the Ethical Treatment of Animals exposed the cruel treatment of dogs and cats at an Iams independent contract facility¹, the company committed to using only its own laboratories and to a testing program using companion animals in their own homes. But more than 450 dogs and cats are still

Table of Contents

confined at the company's Dayton and Lewisberg, Ohio, laboratories² and this year a former Iams laboratory employee provided PETA with first-hand information about how the dogs live: The animals who are no different from our beloved companions are reportedly confined for more than 23 hours a day, subjected to frequent blood draws, forced to sleep on cement floors, limited to 20 minutes of daily socialization, and denied normal lives and loving families. The tests to which they are subjected are not required by any government entity.

Further, Iams' commitment to the animals it uses appears to be waning. Our company admitted in its most recent report that there was no on-site meeting of the [Animal Welfare Advisory] Board and no unannounced review was conducted of the Pet Care program.³ This lack of independent oversight violates Iams' own policy, put in place to ensure at least minimal care of the animals and may have allowed problems to go unidentified and uncorrected, potentially causing animals to suffer.

It has been proven that animals are harmed by confinement in laboratories and that data collected in these animals is skewed. Physicians and scientists who reviewed 80 published studies concluded that significant fear, stress, and possibly distress are predictable consequences of routine laboratory procedures and that these phenomena have substantial scientific and humane implications for the use of animals in laboratory research.⁴ This stress is eliminated by using companion animals in their own homes.

Subjecting animals to life in a laboratory is not consistent with our company's stated commitment to bettering life for animal companions. Iams can correct the inconsistency between what it says and what it does by implementing 100 percent in-home product testing practices. Iams already has a successful but limited program in place, and should now complete this process.

We urge shareholders to support this socially, ethically, and fiscally responsible resolution.

Shareholder Proposal #3

Northstar Asset Management Inc., P.O. Box 301840 Boston, Massachusetts 02130, owner of at least \$2,000 in value of common stock of the Company, has given notice that it intends to present for action at the annual meeting the following resolution:

Shareholder Advisory Vote on Electioneering Contributions

Whereas, the Supreme Court ruling in *Citizens United v. Federal Election Commission* (*Citizens United*) interpreted the First Amendment right of freedom of speech to include certain corporate political expenditures involving electioneering communications, and striking down elements of the previously well-established McCain-Feingold law;

Whereas *Citizens United* is viewed by some as having eroded a wall that has stood for a century between corporations and electoral politics (e.g., *New York Times* editorial, "The Court's Blow to Democracy" on January 21, 2010);

Table of Contents

Whereas, in July 2010 Target Corporation donated \$150,000 to the political group Minnesota Forward, which was followed by a major national controversy with demonstrations, petitions, threatened boycotts and considerable negative publicity;

Whereas, Guided by our Purpose, Values and Principles, P&G participates in the political process to help shape public policy and legislation that has a direct impact on the Company.

Whereas, proponents believe The Procter & Gamble Company (P&G) should establish policies that minimize risk to the firm's reputation and brand through possible future missteps in corporate electioneering;

Whereas, A committee composed of appropriate members of P&G senior management decides which candidates, campaigns and committees the P&G PAC will support based on a nonpartisan effort to advance and protect the interests of the company and our stockholders and employees;

Whereas, P&G has a firm nondiscrimination policy which states, P&G is committed to providing equal opportunities in employment. This means we must treat our fellow P&Gers and P&G applicants fairly and never engage in any form of unlawful discrimination. We follow all related laws and in our employment decisions (such as recruiting, hiring, training, salary and promotion) we do not discriminate against individuals on the basis of race, color, gender, age, national origin, religion, sexual orientation, gender identity and expression, marital status, citizenship, disability, veteran status, HIV/AIDS status, or any other legally protected factor.

RESOLVED: Shareholders recommend that the Board of Directors adopt a policy under which the proxy statement for each annual meeting will contain a proposal describing:

the Company's and P&G PAC policies on electioneering and political contributions and communications,

any specific expenditures for these electioneering and political contributions and communications known to be anticipated during the forthcoming fiscal year,

the total amount of anticipated expenditures,

a list of specific electioneering expenditures made in the prior fiscal year,

management's analysis of the congruency of those policies and such expenditures with company values and policies;

and providing an advisory shareholder vote on those policies and future plans.

Supporting Statement: Proponents recommend that the annual proposal also contain management's analysis of risks to our company's brand, reputation, or shareholder value. Expenditures for electioneering communications means spending directly, or through a third party, at any time during the year, on printed, internet or broadcast communications, which are reasonably susceptible to interpretation as in support of or opposition to a specific candidate.

[Company response to be included in definitive proxy.]

2012 Annual Meeting Date and Shareholder Proposals

It is anticipated that the 2012 annual meeting of shareholders will be held on Tuesday, October 9, 2012. Pursuant to regulations issued by the SEC, to be considered for inclusion in the Company's proxy statement for presentation at that meeting, all shareholder proposals must be received by the Company on or before the close of business on April 28, 2012. Any such proposals should be sent to The Procter & Gamble Company, c/o Secretary, One Procter & Gamble Plaza, Cincinnati, OH 45202-3315.

Annual Meeting Advance Notice Requirements

Our Code of Regulations requires advance notice for any business to be brought before an annual meeting of shareholders. In general, for business to be properly brought before an annual meeting by a shareholder (other than in connection with the election of directors, see section entitled "Shareholder Recommendations of Board Nominees and Committee Process for Recommending Board Nominees" on page [-] of this proxy statement; or any matter brought pursuant to SEC Rule 14a-8), the shareholder must meet certain ownership requirements and written notice of such business must be received by the Secretary of the Company not less than 90 days nor more than 240 days prior to the one year anniversary of the preceding year's annual meeting. Certain other notice periods apply if the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary date. Based upon the one-year anniversary of the 2011 annual meeting, a shareholder wishing to bring such business before the 2012 annual meeting must provide such notice no earlier than February 14, 2012 and no later than July 13, 2012.

As set forth in the Code of Regulations, the shareholder's notice to the Secretary must contain certain information. A copy of our Code of Regulations can be found on the Company's website at www.pg.com or may be obtained from the Secretary of the Company at the address provided above.

If a shareholder notifies the Company of an intent to present business at the 2012 annual meeting of shareholders, and such business may be properly presented at that meeting consistent with the Company's Code of Regulations and Articles of Incorporation, the Company will have the right to exercise its discretionary voting authority with respect to such business without including information regarding such proposal in its proxy materials.

Other Matters

Unless corrections are identified, the minutes of the annual meeting of shareholders held October 12, 2010 will be approved as recorded. Any such action approving the minutes does not constitute approval or disapproval of any of the matters referenced therein.

The Board knows of no other matters which will come before the meeting. However, if any matters other than those set forth in the notice should be properly presented for action, the persons named in the proxy intend to take such action as will be in harmony with the policies of the Company and will use their discretion accordingly.

I. Guidelines for Pre-Approval of Independent Auditor Services

The Audit Committee (the "Committee") has adopted the following guidelines regarding the engagement of the Company's independent auditor to perform services for the Company:

- A. For audit services (including statutory audit engagements as required under local country laws), the independent auditor will provide the Committee with an engagement letter during the fourth quarter of each fiscal year outlining the scope of the audit services proposed to be performed during the coming fiscal year. If agreed to by the Committee, this engagement letter will be formally accepted by Committee.
- B. The independent auditor will submit to the Committee for approval an audit services fee proposal with the engagement letter.
- C. For non-audit services, Company management will submit to the Committee for approval the list of non-audit services that it recommends the Committee engage the independent auditor to provide for the fiscal year. Company management and the independent auditor will each confirm to the Committee that each non-audit service on the list is permissible under all applicable legal requirements. In addition to the list of planned non-audit services, a budget estimating non-audit service spending for the fiscal year will be provided. The Committee will approve both the list of permissible non-audit services and the budget for such services. The Committee will be informed routinely as to the non-audit services actually provided by the independent auditor pursuant to this pre-approval process.
- D. To ensure prompt handling of unexpected matters, the Committee delegates to the Chair the authority to amend or modify the list of approved permissible non-audit services and fees. The Chair will report action taken to the Committee at the next Committee meeting.
- E. The independent auditor must ensure that all audit and non-audit services provided to the Company have been approved by the Committee. The Vice-President of Internal Controls will be responsible for tracking all independent auditor fees against the budget for such services and report at least annually to the Audit Committee.

(hereinafter referred to as Series A Preferred Stock)

2. Dividends and Distributions.

(A) Subject to the provisions for adjustment hereinafter set forth, the holders of shares of Series A Preferred Stock shall be entitled to receive, when and as declared by the Board of Directors out of funds legally available therefore, cash dividends (Preferred Dividends) in an amount per share initially equal to \$8.12⁴ As a result of four two-for-one stock splits on the Common Stock effective October 20, 1989, May 15, 1992, August 22, 1997 and May 21, 2004, and the Smucker transaction effective June 1, 2002, the Conversion Price, Liquidation Price and Preferred Dividend Rate were all adjusted in accordance with the terms of paragraph 9(A)(1) of this Appendix A to be as follows: Conversion Price \$6.82; Liquidation Price \$6.82; Preferred Dividend Rate \$.5036075 per share per annum, with a corresponding change in the quarterly dividend payment. (This footnote is not a part of the Company s Amended Articles of Incorporation but is included to provide up-to-date information on the status of Series A ESOP Convertible Class A Preferred Stock.) per share per annum, subject to adjustment from time to time as hereinafter provided, (such amount, as adjusted from time to time, being hereinafter referred to as the Preferred Dividend Rate), payable quarterly, one-fourth on the third day of March, one-fourth on the third day of June, one-fourth on the third day of September, and one-fourth on the third day of December of each year (each a Dividend Payment Date) commencing on June 3, 1989, to holders of record at the start of business on such Dividend Payment Date, provided that if the Board of Directors has declared since the prior Dividend Payment Date a quarterly dividend on the Common Stock at a rate that exceeds one-fourth of the Preferred Dividend Rate in effect on such day, the holders of record on the start of business on the ~~record payment~~ date for such dividend on the Common Stock shall be entitled to receive a cash dividend in an amount per share equal to the quarterly dividend declared on a share of Common Stock, payable on the same date as such dividend on the Common Stock, and provided further that the Dividend Payment Date for the Series A Preferred Stock shall thereafter be the same date as the ~~record payment~~ date for the dividend on the Common Stock or if no dividend is declared on the Common Stock in any quarter, the Dividend Payment Date shall be, as appropriate, the fifteenth day of February, May, August or November or if such days are not a day on which the New York Stock Exchange is open for business, then the next preceding day when the New York Stock Exchange is open for business. Preferred Dividends shall begin to accrue on outstanding shares of Series A Preferred Stock from the date of issuance of such shares of Series A Preferred Stock. Preferred Dividends shall accrue on a daily basis, based on the Preferred Dividend Rate in effect on such day, whether or not the Company shall have earnings or surplus at the time, but Preferred Dividends accrued after March 3, 1989 on the shares of Series A Preferred Stock for any period less than a full quarterly period between Dividend Payment Dates shall be computed on the basis of a 360-day year of 30-day months. A full quarterly dividend payment of \$2.03⁴ per share shall accrue for the period from the date of issuance until June 3, 1989. Accumulated but unpaid Preferred Dividends shall cumulate as of the Dividend Payment Date on which they first become payable, but no interest shall accrue on accumulated but unpaid Preferred Dividends.

5. Conversion into Common Stock.

(A) A holder of shares of Series A Preferred Stock shall be entitled, ~~at any time prior to the close of business on the date fixed for redemption of such share pursuant to section 6, 7, or 8 hereof,~~ to cause any or all of such shares to be converted into shares of Common Stock. The number of shares of Common Stock into which each share of the Series A Preferred Stock may be converted shall be determined by dividing the Liquidation Price in effect at the time of conversion by the Conversion Price (as hereinafter defined) in effect at the time of conversion. The Conversion Price per share at which shares of Common Stock shall be initially issuable upon conversion of any shares of Series A Preferred Stock shall be \$110.00⁴, subject to adjustment as hereinafter provided.

Edgar Filing: PROCTER & GAMBLE CO - Form PRE 14A

As a result of four two-for-one stock splits on the Common Stock effective October 20, 1989, May 15, 1992, August 22, 1997 and May 21, 2004, and the Smucker transaction effective June 1, 2002, the Conversion Price, Liquidation Price and Preferred Dividend Rate were all adjusted in accordance with the terms of paragraph 9(A)(1) of this Appendix A to be as follows: Conversion Price \$6.82; Liquidation Price \$6.82; Preferred Dividend Rate \$.5036075 per share per annum, with a corresponding change in the quarterly dividend payment. (hereinafter referred to as Series B Preferred Stock)

2. Dividends and Distributions.

(A) Subject to the provisions for adjustment hereinafter set forth, the holders of shares of Series B Preferred Stock shall be entitled to receive, when and as declared by the Board of Directors out of funds legally available therefor, cash dividends (Series B Preferred Dividends) in an amount per share initially equal to \$4.12⁵ per share per annum, subject to adjustment from time to time as hereinafter provided, (such amount, as adjusted from time to time, being hereinafter referred to as the Series B Preferred Dividend Rate), payable quarterly, one-fourth on the twenty-seventh day of November, one-fourth on the twenty-seventh day of February, one-fourth on the twenty-seventh day of May, and one-fourth on the twenty-seventh day of August of each year (each a Series B Dividend Payment Date) commencing on August 27, 1993, to holders of record at the close of business on the second Friday of the relevant Series B Dividend Payment Date month, provided that if the Board of Directors has declared since the prior Dividend Payment Date a quarterly dividend on the Common Stock at a rate that exceeds one-fourth of the Preferred Dividend Rate in effect on such day, the holders of record on the start of business on the ~~record payment~~ date for such dividend on the Common Stock shall be entitled to receive a cash dividend in an amount per share equal to the quarterly dividend declared on a share of Common Stock, payable on the same date as such dividend on the Common Stock, and provided further that the Dividend Payment Date for the Series B Preferred Stock shall thereafter be the same date as the ~~record payment~~ date for the dividend on the Common Stock or if no dividend is declared on the Common Stock in any quarter, the Dividend Payment Date shall be, as appropriate, the fifteenth day of February, May, August or November or if such days are not a day on which the New York Stock Exchange is open for business, then the next preceding day when the New York Stock Exchange is open for business. Series B Preferred Dividends shall begin to accrue on outstanding shares of Series B Preferred Stock from the date of issuance of such shares of Series B Preferred Stock. Series B Preferred Dividends shall accrue on a daily basis, based on the Series B Preferred Dividend Rate in effect on such day, whether or not the Company shall have earnings or surplus at the time, but Series B Preferred Dividends accrued after June 30, 1993 on the shares of Series B Preferred Stock for any period less than a full quarterly period between Series B Dividend Payment Dates shall be computed on the basis of a 360-day year of 30-day months. A partial dividend payment of \$.64935⁵ per share shall accrue for the period from the date of issuance until August 27, 1993. Accumulated but unpaid Series B Preferred Dividends shall cumulate as of the Series B Dividend Payment Date on which they first become payable, but no interest shall accrue on accumulated but unpaid Series B Preferred Dividends.

5. Conversion into Common Stock.

(A) A holder of shares of Series B Preferred Stock shall be entitled, ~~at any time prior to the close of business on the date fixed for redemption of such shares pursuant to Sections 6, 7 or 8 hereof,~~ to cause any or all of such shares to be converted into shares of Common Stock. The number of shares of Common Stock into which each share of the Series B Preferred Stock may be converted shall be determined by dividing the Series B Liquidation Price in effect at the time of conversion by the Series B Conversion Price (as hereinafter defined) in effect at the time of conversion. The Series B Conversion Price per share at which shares of Common Stock shall be initially issuable upon conversion of any shares of Series B Preferred Stock shall be \$52.24⁵, subject to adjustment as hereinafter provided.

⁵ As a result of two two-for-one stock splits on the Common Stock effective August 22, 1997 and May 21, 2004 and the Smucker transaction effective June 1, 2002, the Conversion Price, Liquidation Price and Preferred Dividend Rate were all adjusted in accordance with the terms of paragraph 9(A)(1) of this Appendix B to be as follows: Conversion Price \$12.96; Liquidation Price \$12.96; Preferred Dividend Rate \$1.022 per share per annum, with a corresponding change in the quarterly dividend payment. (This footnote is not a part of the Company's Amended Articles of Incorporation but is included to provide up-to-date information on the status of Series B ESOP Convertible Class A Preferred Stock.)

THE PROCTER & GAMBLE COMPANY

SHAREHOLDER'S PROXY AND CONFIDENTIAL VOTING INSTRUCTION CARD

Annual Meeting of Shareholders-Tuesday, October 11, 2011

The undersigned hereby appoints Robert A. McDonald, W. James McNerney, Jr., and Ernesto Zedillo (the Proxy Committee), and each of them (with respect to any shares of Common Stock held by the undersigned directly or via the Company's Shareholder Investment Program) as proxies to attend the annual meeting of shareholders of the Company to be held on Tuesday, October 11, 2011 at 9:00 a.m. in Cincinnati, Ohio and any adjournment thereof and vote all shares held by or for the benefit of the undersigned: as indicated on the reverse side of this card for the election of Directors and on the Board of Directors and shareholder proposals listed; and, at their discretion, on such other matters as may properly come before the meeting. **If you sign and return this card**

without marking, this proxy card will be treated as being FOR the election of Directors, FOR the recommendations of the Board of Directors on items 2 and 5, [] on item 3, [] on item 4 and [] the proposals listed as items 6, 7 and 8.

This proxy also provides voting instructions for shares held by the Trustees of the Retirement Trust and the Employee Stock Ownership Trust of The Procter & Gamble Profit Sharing Trust and Employee Stock Ownership Plan and the Procter & Gamble Savings Plan (as applicable, with respect to shares of Common Stock and Series A and B ESOP Convertible Class A Preferred Stock held for the benefit of the undersigned) and directs such Trustees to vote all shares held for the benefit of the undersigned: as indicated on the reverse side of this card for the election of Directors and on the Board of Directors and shareholder proposals listed; and with the Proxy Committee on such other matters as may properly come before the meeting. The Trustees will vote shares of the Company's Stock held by them for which instructions are not received in direct proportion to the voting of shares for which instructions have been received, provided that such voting is not contrary to the Employee Retirement Income Security Act of 1974, as amended. The Trustees will vote unallocated shares in direct proportion to voting by allocated shares of the same Class in aggregate, for which instructions have been received.

This proxy/voting instruction card is solicited jointly by the Board of Directors of The Procter & Gamble Company and the Trustees listed above pursuant to a separate Notice of Annual Meeting and Proxy Statement, receipt of which is hereby acknowledged. Votes should be received by the Company's proxy tabulator, Broadridge Financial Solutions, 51 Mercedes Way, Edgewood, NY 11717 by 11:59 p.m. on Monday, October 10, 2011, for Common shares to be voted and 4:00 p.m. on Friday, October 7, 2011 for the Trustees to vote the Plan shares. Broadridge will report separately to the Proxy Committee and to the Trustees as to proxies received and voting instructions provided, respectively. Individual proxy voting and voting instructions will be kept confidential by Broadridge and not provided to the Company.
