**Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**  
**(e) 2011 Performance Compensation Plan**

On August 11, 2011, the stockholders of Red Hat, Inc. (the Company) approved the Company's 2011 Performance Compensation Plan (the 2011 Performance Plan).

The following paragraphs provide a summary of the principal features of the 2011 Performance Plan. The following summary is not a complete description of all the provisions of the 2011 Performance Plan and is qualified in its entirety by reference to the full text of the 2011 Performance Plan, which is filed as Exhibit 10.1 to this Current Report on Form 8-K.

*General.* The 2011 Performance Plan is designed to enable the Company to provide tax deductible performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), including by tying compensation to qualifying performance measures. This is intended to help enhance stockholder value and assist the Company in attracting and retaining executive officers of the Company and its subsidiaries who, because of the extent of their responsibilities, can make significant contributions to the Company's success by their ability, industry, loyalty and services. If certain requirements are satisfied, compensation awarded under the 2011 Performance Plan to covered employees will qualify as deductible performance-based compensation within the meaning of Section 162(m) of the Code.

*Eligibility.* Eligible participants in the 2011 Performance Plan (Participants) are the Chief Executive Officer and other executive officers who are chosen solely at the discretion of the Compensation Committee of the Company's Board of Directors (the Compensation Committee). No person is automatically entitled to participate in the 2011 Performance Plan in any plan year.

*Administration.* The Compensation Committee will be responsible for the general administration and interpretation of the 2011 Performance Plan and for carrying out its provisions. The Compensation Committee has the authority to select persons to receive awards from among the eligible employees and set the terms and conditions of each award consistent with the terms of the 2011 Performance Plan.

*Determination of Awards.* Under the 2011 Performance Plan, Participants will be eligible to receive awards based upon the attainment and certification of certain performance goals established by the Compensation Committee over the applicable performance period. The performance goals that may be selected by the Compensation Committee include one or more of the following: revenue growth, revenue, gross margins, net margins, operating income, operating income growth, pre-tax income, after-tax income, net income, net earnings, earnings per share (basic and diluted), earnings before taxes, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, return on invested capital, return on equity, return on assets, economic value added (or an equivalent metric), cash flow from operations, cash flow per share, changes in deferred revenues, share price performance, total stockholder return, improvement in or attainment of expense levels, improvement in or attainment of working capital levels, attainment of strategic and operational initiatives, market share, gross profits, comparisons with various stock market indices, and/or implementation, completion or attainment of measurable objectives with respect to research, development, products or projects. Performance goals may vary by Participant and award and also may be based solely by reference to the Company's performance or the performance of an affiliate, division, business unit or department of the Company for or within which the Participant is primarily employed, or based upon the relative performance of other companies, or upon comparisons of any of the indicators of performance relative to other companies.

The Compensation Committee may provide that attainment of a performance goal shall be measured by adjusting the evaluation of performance as follows: to eliminate the effects of charges for restructurings, discontinued operations, extraordinary items and other unusual or non-recurring items, as well as the cumulative effect of accounting changes, in each case as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements, notes to the financial statements, management's discussion and analysis or other filings with the SEC.

The Compensation Committee must set the goal for a particular performance period no later than 90 days after it begins or, if earlier, before the end of the first 25% of the period and must certify performance attainment after the performance period ends.

The Compensation Committee retains the discretion to reduce or eliminate any award that would otherwise be payable pursuant to the 2011 Performance Plan, including through prorating because the individual was not employed for the full performance period. The Compensation Committee may choose to exercise this discretion to reflect its assessment of the quality of achievement of financial or operational goals established by the Compensation Committee or to take into account additional factors that the Compensation Committee may deem relevant to the assessment of individual or corporate performance or pursuant to such other timing as the Compensation Committee selects consistent with applicable tax laws. The Compensation Committee does not have the discretion to increase the amount of any compensation that would otherwise be due upon the attainment of the applicable performance goal by a Participant. No payment will be made to a Participant whose employment is terminated for cause as defined in a plan or agreement covering the individual or who resigns, other than in limited circumstances, before payment is due.

*Payment of Awards.* All awards will be paid in cash or, to the extent provided in such plan, share awards under a stockholder-approved stock plan of the Company. Payment to each Participant will be made no later than the fifteenth day of the third month following the end of the fiscal year of the Company in which the applicable performance period ends or pursuant to such other timing as the Compensation Committee selects consistent with applicable state laws. The Compensation Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of an award that would otherwise be delivered to a Participant under the 2011 Performance Plan.

*Maximum Award.* No Participant in the 2011 Performance Plan may be granted performance awards that are denominated in shares of the Company's common stock in any 12-month period with respect to more than 1,000,000 shares. In addition to the foregoing, the maximum dollar value that may be granted to any Participant in any 12-month period under the 2011 Performance Plan with respect to performance awards that are valued in cash or property other than shares is \$10,000,000.

*Term of 2011 Performance Plan.* The 2011 Performance Plan is effective as of August 11, 2011. The Board of Directors may, from time to time, alter, amend, suspend or terminate the 2011 Performance Plan as it shall deem advisable, subject to any requirement for stockholder approval imposed by applicable law, including Section 162(m) of the Code.
