ACCESS PLANS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2011

(UNAUDITED)

NOTE 1 NATURE OF BUSINESS

Access Plans, Inc. (the Company) develops and distributes consumer membership plans and consumer driven healthcare programs.

The Company's operations are currently organized under three segments:

Wholesale Plans Division plan offerings are customized membership marketing plans primarily offered at rent-to-own retail stores.

Retail Plans Division plan offerings are primarily healthcare savings plans. These plans are not insurance, but allow members access to a variety of healthcare networks to obtain discounts from usual and customary fees.

Corporate includes compensation and other expenses for individuals performing services for administration of overall operations of the Company.

In November 2011, the Company's board of directors advised management to use its best efforts to explore the sale or discontinue the Insurance Marketing segment business. America's Health Care Plan/Rx Agency, Inc. (AHCP) is the centerpiece of the Insurance Marketing Division. AHCP distributes major medical, short term medical, critical illness and related health insurance products to small businesses, self-employed and other individuals and families through a network of independent agents which have carrier appointments through AHCP. As a result of the pending sale or discontinuing operations of AHCP, the related assets, liabilities, results of operations and cash flows have been classified as discontinued operations in the accompanying consolidated financial statements.

Due to the significant change in which this asset is used, the Company evaluated the impairment of goodwill and determined the entire carrying value may not be recoverable. The Company recognized goodwill impairment expense of \$400,000 during the quarter ended December 31, 2011.

NOTE 2 BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. It is suggested that these condensed consolidated financial statements be read in conjunction with the financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the year ended September 30, 2011.

All adjustments that, in the opinion of management, are necessary for a fair presentation for the periods presented have been reflected as required by Regulation S-X, Rule 10-01. All such adjustments made during the three months ended December 31, 2011 and 2010 are of a normal, recurring nature.

Table of Contents

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates and the differences may be material to our financial statements. Certain significant estimates are required in the evaluation of goodwill for impairment and intangible assets for amortization, allowances for doubtful recoveries of advanced agent commissions, deferred income taxes, accounts receivable and the waiver reimbursements liability. Actual results may differ from those estimates and the differences could be material.

Accounts Receivable and Credit Policies

Accounts receivable are presented net of the allowance for doubtful accounts established to provide for losses on uncollectible accounts based on management's estimates and historical collection experience. The allowance for doubtful accounts was \$102,242 at December 31, 2011 and September 30, 2011. The Company recorded bad debt expense of \$0 and \$7,067, respectively for the three months ended December 31, 2011 and 2010.

Goodwill and Intangible Assets

Goodwill from acquisitions represents the excess of the cost of a business acquired over the net of the amounts assigned to assets acquired, including identifiable intangible assets and liabilities assumed. Generally Accepted Accounting Principles specifies criteria to be used in determining whether intangible assets acquired in a business combination must be recognized and reported separately from goodwill. Amounts assigned to goodwill and other identifiable intangible assets are based on independent appraisals or internal estimates.

Stock Based Compensation

We measure stock based compensation expense using the modified prospective method. Under the modified prospective method, stock-based compensation cost is measured at the award date based on the fair value of the award and, when applicable, is recognized as expense on a straight-line basis over the requisite service or vesting period.

Restricted Cash

Restricted cash represents investments with original maturities of one year or less pledged to obtain bonds for regulatory licenses and processing and collection arrangements for credit card and automated clearing house payments.

Earnings per Share

Basic net earnings (loss) per common share was computed by dividing net earnings (loss) applicable to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted net earnings (loss) per common share was determined using the weighted-average number of common share shares outstanding during the period, adjusted for the dilutive effect of common stock equivalents, consisting of shares that may be issued upon exercise of common stock options. In periods where losses are reported, the weighted-average number of common shares outstanding excludes common stock equivalents, because their inclusion would be anti-dilutive.

Certain Reclassifications

Certain prior comparative items were reclassified to conform to the current quarter presentation. Such reclassifications had no effect on 2011 1st quarter net income.

Recently issued Accounting Pronouncements

There were various accounting standards and interpretations issued in the three months ended December 31, 2011, none of which are expected to have a material impact on the Company's financial position, operations or cash flows.

Table of Contents

Waiver Reimbursements

The Wholesale Plans Division has contractual arrangements to administer certain membership programs primarily in the rental purchase industry under which clients are reimbursed when the clients waive rental payments required of their customers under specifically defined and limited circumstances. These circumstances include situations in which the customers become unemployed for a stated period of time or when the clients provide product service to their customers. These reimbursement obligations do not have any kind of a tail that extends beyond the clients payment obligations following termination of the Division's contractual arrangement or agreement with the clients or the clients' customers. The estimated waiver reimbursement obligations are recorded as a liability. The amount of the waiver reimbursement liability requires the exercise of judgment and is based primarily upon number of members of clients that have waiver reimbursement contractual rights, trends in the unemployment rates within the applicable geographical areas and waiver reimbursement expenses incurred in prior periods.

Revenue Recognition

Revenue for each of the Company's segments is presented on a gross basis. The Company contracts with its clients to offer the Company's products to client's consumers at a contractually agreed upon per member, per month rate, which is the amount of revenue recognized on a monthly basis. The Company's clients determine their own markup above their contracted rate with us and that amount has no impact on our revenue.

The Company recognizes revenue when four basic criteria are met:

Persuasive evidence of an arrangement exists;

Delivery has occurred or services have been rendered;

The seller's price to the buyer is fixed or determinable; and,

Collectability is reasonably assured.

Wholesale Plans The Wholesale Plans membership offerings are made primarily through Rental Purchase businesses to their customers as an incremental add-on sale to their rental of durable household merchandise. These businesses contract with the Company to provide a package of benefits to their enrolled customers that the Company supports with member fulfillment and customer service. They pay the Company a per enrolled member fee per month.

Retail Plans The Retail Plans membership offerings are in conjunction with non-Rental Purchases businesses, direct to consumers via the internet or a multi-level marketing channel. The Company's clients in this segment include insurance companies, household product retailers, pharmacies, employer groups, financial organizations and associations. About half of the revenue of this segment is derived from membership plans whereby consumers make periodic membership payments directly to the Company generally on a monthly basis via credit card, debit card or automated clearing house transactions. The Company recognizes this revenue on a monthly basis. The remainder of revenue within this segment is derived from membership plan sales whereby the fees are collected by the Company's clients or where the Company has contractual arrangements to provide administrative services for a membership offering.

Benefits and costs associated with our Wholesale and Retail Plans membership offerings are as follows:

Discount Medical In order to deliver the Company's discount medical membership offerings, the Company contracts with third parties having established national networks of service providers which have agreed to provide discounts to the Company's members. The Company paid the company that organized the network a per member, per month fee for the Company's members to access the network of providers and the Company expenses these fees on a monthly basis as incurred. The network service providers were responsible for funding the discounts to the Company's members. In addition, the Company maintains networks of dental and vision

Edgar Filing: Access Plans Inc - Form 10-Q

providers, under the brand names Access Dental and Access Vision, through which the Company's members may obtain discounts from usual and customary charges.

Insurance For its insurance offerings, the Company contracts with a third party insurance company to provide the coverage the Company's members have selected. Multiple insurance products are available and each product has a contractually agreed upon premium associated with it. The Company pays and expenses the premium for each member's plan on a monthly basis. The third party insurance company is responsible for providing the coverage.

Table of Contents

Automotive Discounts The automotive service offerings are furnished by a third party provider whose services are outsourced to independent contractors of the provider. The Company paid the third party provider a per member, per month fee for its services. The third party provider was responsible for funding the services to its independent contractors.

Food and Entertainment and Other Miscellaneous Benefits These services are also furnished by a third party provider who has established a network of 250,000 retail locations that has agreed to provide discounts to the Company's members. The Company paid the third party provider a per member, per month fee for the Company's members to access provider's network of retail locations. Each retail location was responsible for funding the discounts to the Company's members.

The Wholesale Plans segment also includes reimbursement of the client for certain expenses incurred in the operation of a particular membership program. Under these arrangements, the Company was responsible for reimbursing the client when (under the terms of the agreement with its customer) the client waives rental payments required of the customer under specifically defined and limited circumstances, including when the customer becomes unemployed for a stated period of time or when the Company's client provides product service to its customer. These client reimbursements are expensed as incurred. See Note 9 Waiver Reimbursements Liability, below.

The product service costs relate to an element of some of the Company's plan offerings in the Wholesale Plans division. This product service expense represents costs the Company incurs on the repair of household merchandise. Plan members that complete their rental purchase term and choose to continue on a month-to-month membership were entitled to repair or replacement of such merchandise by the dealer in cases of mechanical failure. The Company reimbursed the dealer for these costs. This element of a member's plan terminates 12 months following the member's date of product ownership (12 months following the end of the member's rental term), or at any time that membership lapsed.

NOTE 4 DISCONTINUED OPERATIONS

In November 2011, the Company's board of directors advised management to use its best efforts to explore the sale or discontinue the Insurance Marketing segment business. America's Health Care Plan/Rx Agency, Inc. (AHCP) is the centerpiece of the Insurance Marketing Division. AHCP distributes major medical, short term medical, critical illness and related health insurance products to small businesses, self-employed and other individuals and families through a network of independent agents which have carrier appointments through AHCP. As a result of the pending sale or discontinuing operations of AHCP, the related assets, liabilities, results of operations and cash flows have been classified as discontinued operations in the accompanying consolidated financial statements.

Due to the significant change in which this asset is used, the Company evaluated the impairment of goodwill and determined the entire carrying value may not be recoverable. The Company recognized goodwill impairment expense of \$400,000 during the quarter ended December 31, 2011.

The operating results of AHCP classified as discontinued operations are summarized below:

	September 30, Three Months Ending December 31, 2011	September 30, 2010
Revenues	\$ 2,895,809	\$ 5,063,502
Income (loss) before taxes	\$ (440,084)	\$ 30,303
Income tax provision (benefit)	(13,184)	10,331
Income (loss) from discontinued operations, net of tax	\$ (427,620)	\$ 19,972

Table of Contents

The balance sheet items for AHCP classified as discontinued operations are summarized below:

	September 30, December 31, 2011	September 30, September 30, 2011
Cash and cash equivalents	\$ 1,039,245	\$ 1,206,360

Amortization expense for each of the three month period ended December 31, 2011 and 2010 was \$167,376

Table of Contents**NOTE 6 SUPPLEMENTAL CASH FLOWS INFORMATION**

Cash payments for interest and income taxes for the three months ended December 31, 2011 and 2010 are as follows:

	September 30, 2011	September 30, 2010
Interest expense	\$	\$ 5,963
Income taxes paid	\$ 31,406	\$ 126,158

NOTE 7 INCOME TAXES

Components of income tax expense for the three months ended December 31, 2011 and 2010 are as follows:

	September 30, 2011	September 30, 2010
Current income tax expense		
Federal	\$ 956,472	\$ 779,645
State	78,712	67,795
Total current income tax expense	1,035,184	847,440
Deferred income tax (benefit)		
Federal	164,000	133,777
State	5,000	4,201
Total deferred income tax (benefit)	169,000	137,978
Net income tax expense	\$ 1,204,184	\$ 985,418

NOTE 8 WAIVER REIMBURSEMENTS LIABILITY

The Company has entered into contractual arrangements to administer certain membership programs for its clients, primarily in the rental purchase industry. For some clients, the administration duties include reimbursing the client for certain expenses incurred in the operation of a particular membership program. Under these arrangements, the Company was responsible for reimbursing the client when (under the terms of the agreement with the client's customer) the client waives rental payments required of the client's customer under specifically defined and limited circumstances, including the situation when the customer becomes unemployed for a stated time period or when the Company's client provided product service to its customer.

The life of the contracts subject to the Company's reimbursement of clients for the waiver of rental payments and product service commitments is generally one week. The Wholesale Plans Division clients in the rental purchase industry entered into agreements with their customers for the rental of merchandise that had a term equivalent to their scheduled payment period and for the majority of agreements that period is one week. The agreement was renewed weekly by the customer by making its scheduled weekly payment. The average length of a customer relationship under such an agreement lasted for four months as approximately 75% of the customers return the rented item within the four months, 17% exercised early purchase options and 8% rent for the full term and became owners. The customer may return the merchandise and terminate the rental agreement at any time without any future obligation.

Product service expense represented costs the Company incurred on the repair of household merchandise. Plan members that completed their rental purchase term and choose to continue their membership on a month-to-month basis were entitled to repair or replacement of such merchandise by the dealer in cases of mechanical failure. The Company reimbursed the dealer for those costs. This element of a member's plan terminated 12 months following their date of product ownership (12 months following the end of the member's rental term) or at any time that the member did not maintain its month-to-month membership.

Table of Contents

The Company's policy was to reserve the necessary funds in order to meet the anticipated reimbursement obligation owed to the Company's clients in the event the Company's reimbursement obligations required payment in the future. The Company's obligations for these reimbursements did not have any kind of a tail that extended beyond the Company's client's payment obligations following termination of the contractual arrangement or agreement with either the Company's client or the client's customer. The Company's estimated incurred-but-not-reported-reimbursements obligation consisted of the following:

	September 30, Quarter Ended, December 31	September 30, Quarter Ended, September 30
Balance, beginning	\$ 699,500	\$ 644,300
Claims paid,	(1,144,964)	(1,460,764)
Claims accrued,	1,003,264	1,515,964
Balance, ending	\$ 557,800	\$ 699,500

NOTE 9 RELATED PARTY TRANSACTIONS

The Company occupies its corporate offices and Wholesale Plans Division in Norman, Oklahoma under a lease that expires September 30, 2012. The total leased space is approximately 6,523 square feet. The lease agreement was with Southwest Brokers, Inc., a company owned by Brett Wimberley, one of the Company's Directors, President and Chief Financial Officer. This lease was executed on May 1, 2005, amended on August 1, 2006 and August 1, 2008, September 30, 2009, September 30, 2010 and September 30, 2011. In the event the Company is required to move from the current Norman, Oklahoma office facilities, the terms and cost of occupancy may be substantially different than those under which the office space is currently occupied and the rental rate may be substantially greater.

The Company's rent expense associated with this related party transaction was approximately \$25,000 for the each of the three month periods ending December 31, 2011 and 2010.

NOTE 10 SEGMENT REPORTING

The Company operates in three reportable business segments; a) Wholesale Plans; b) Retail Plans; and c) Corporate (holding company).

In November, 2011 the Company's board of directors advised management to use its best efforts to explore the sale of or discontinue the Insurance Marketing segment business. AHCP is the centerpiece of the Insurance Marketing Division. AHCP distributes major medical, short term medical, critical illness and related health insurance products to small businesses, self-employed and other individuals and families through a network of independent agents which have carrier appointments through AHCP. As a result of the pending sale or discontinuing operations of AHCP, the related assets, liabilities, results of operations and cash flows have been classified as discontinued operations in the accompanying consolidated financial statements.

Reportable business segment information follows.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Except as otherwise indicated, the first personal plural pronoun in the nominative case form we and its objective case form us, its possessive and the intensive case forms our and ourselves and its reflexive form ourselves in this report refer collectively to Access Plans, Inc. and its subsidiaries and its executive officers and directors.

Overview

Our operations are currently organized under three segments:

Wholesale Plans Division plan offerings are customized membership marketing plans primarily offered at rent-to-own retail stores.

Retail Plans Division plan offerings are primarily healthcare savings plans. These plans are not insurance, but allow members access to a variety of healthcare networks to obtain discounts from usual and customary fees.

Corporate includes compensation and other expenses for individuals performing services for administration of overall management and operations of the Company.

In December 2011, the Company's board of directors advised management to use its best efforts to explore the sale of or discontinue the Insurance Marketing segment business. AHCP is the centerpiece of the Insurance Marketing Division. AHCP distributes major medical, short term medical, critical illness and related health insurance products to small businesses, self-employed and other individuals and families through a network of independent agents which have carrier appointments through AHCP. As a result of the pending sale or discontinuing operations of AHCP, the related assets, liabilities, results of operations and cash flows have been classified as discontinued operations in the accompanying consolidated financial statements.

Wholesale Plans

Our Wholesale Plans Division provides our clients with customized membership marketing plans that leverage their brand names, customer relationships and typically their payment mechanism, plus offer benefits that appeal to their customers. The value provided by our plans to our clients, includes increased customer attraction and retention, plus incremental fee income with limited risk or capital cost.

Our plans are primarily offered at rent-to-own stores. Based on the Association of Progressive Rental Organizations (APRO) 2009 information, nationwide there are approximately 8,600 locations serving approximately 4.1 million households. It is estimated that company owned locations of the two largest rent-to-own industry participants, account for approximately 4,150 of the total number of stores, and the majority of the remainder of the industry consists of operations with fewer than 50 stores. The industry has been consolidating and is expected to continue, resulting in an increased concentration of stores in the two largest rent-to-own industry participants.

The rent-to-own industry serves a highly diverse customer base. According to the APRO, approximately 96% of rent-to-own customers have household incomes between \$15,000 and \$50,000 per year. The rent-to-own industry serves a wide variety of customers by allowing them to obtain merchandise that they might otherwise be unable to obtain due to insufficient cash resources or a lack of access to credit. APRO also estimates that 95% of customers have high school diplomas.

We currently manage about 208 membership plans for our clients that include rental-purchase dealers, insurance companies, financial institutions, retail merchants, and consumer finance companies. At December 31, 2011, our wholesale plans were offered at approximately 5,503 locations. Of the locations at December 31, 2011, 3,680 locations were Rent-A-Center company-owned locations and RAC Acceptance kiosk locations. Rent-A-Center, Inc. (NASDAQ: RCII) is the largest rent-to-own company in the United States, Puerto Rico and Canada. Our revenue attributable to the contractual arrangements with Rent-A-Center was approximately \$3.6 million (43% of total revenue) during the three months ended December 31, 2011, compared to \$3.2 million (35% of total revenue) during the three months ended December 31, 2010. Total revenue for our Wholesale Plans Division accounted for \$6.5 million (76% of total revenue) during the three months ended December 31, 2011 compared to \$6.1 million (66% of total revenue) during the three months ended December 31, 2010. Our growth in Wholesale Plans revenue is dependent in significant part on an increase in the number of rent-to-own locations at which these plans are offered and the customer acceptance levels achieved at those locations. Although we have long-term contracts with Rent-A-Center and other rent-to-own companies, the loss of these contractual arrangements, especially with Rent-A-Center would have a significant adverse impact on our revenues, profitability and our ability

Edgar Filing: Access Plans Inc - Form 10-Q

to negotiate discounts with our vendors. Our Rent-a-Center contract expires February 28, 2013 and we have reached agreement in principal to extend that agreement on equally favorable terms until February 28, 2015.

Table of Contents

Retail Plans

Our Retail Plans offerings include healthcare savings plans and association memberships that include healthcare savings, consumer discounts and may provide insurance features. These healthcare savings plans are not insurance, but allow members access to a variety of healthcare networks to obtain discounts from usual and customary fees. We offer wellness programs, prescription drug and dental discount programs, medical discount cards, and limited benefit insured plans. Our members pay providers the discounted rate at the time services are provided to them. These plans are designed to serve the markets in which individuals either have no health insurance or limited healthcare benefits. Our revenue attributable to retail plans was approximately \$3.5 million (31% of total revenue) during the three months ended December 31, 2011 compared to \$4.6 million (32% of total revenue) during the three months ended December 31, 2010.

This Division is comprised of the membership business of Alliance Healthcard, The Capella Group, Inc. (Capella) and Protective Marketing Enterprises, Inc. (PME). PME also owns and manages proprietary networks of dental and vision providers that provide services at negotiated rates to certain members of our plans and other plans that have contracted with us for access to our networks.

Through our healthcare savings plans, we believe customers save an average of 35% on their medical costs and between 10% and 50% on services through other discount medical providers.

In addition to our wholesale and retail offerings, certain clients may choose to include our benefits with their own membership plan offering. In these instances, the client bears the cost of marketing and fulfillment and we provide customer service. These offerings are designed to enhance our clients existing offering and improve their product value relative to their competition and in some instances to improve their customer retention. While these plans provide lower periodic member fees, we incur limited implementation costs and receive higher revenue participation rates. Our additional distribution channels also include network marketing representatives, independent agents and consumer direct sales call centers. We also market to internet portals and financial institutions.

In order to deliver our membership offerings, we contract with a number of different vendors to provide various products and services to our members. The majority of these vendor relationships involve the vendor providing our members access to their network or providers or their locations and our members obtain a discount at the time of service. We have vendor relationships with medical networks, automotive service companies, insurance companies, travel related entities and food and entertainment consumer discount providers. Our vendors value the relationship with us because we deliver many customers to them without incremental capital cost or risk on their part and these relationships are governed by multi-year agreements and aggregated volume scaling.

Critical Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates and the differences may be material to our financial statements. Certain significant estimates are required in the evaluation of goodwill for impairment and intangible assets for amortization, allowances for doubtful recoveries of advanced agent commissions, deferred income taxes, accounts receivable and the waiver reimbursements liability. Actual results may differ from those estimates and the differences could be material.

Accounts Receivable and Credit Policies

Accounts receivable are presented net of the allowance for doubtful accounts established to provide for losses on uncollectible accounts based on management's estimates and historical collection experience. The allowance for doubtful accounts was \$102,242 at December 31, 2011 and September 30, 2011. The Company recorded bad debt expense of \$0 and \$7,067, respectively for the three months ended December 31, 2011 and 2010.

Table of Contents

Goodwill and Intangible Assets

Goodwill from acquisitions represents the excess of the cost of a business acquired over the net of the amounts assigned to assets acquired, including identifiable intangible assets and liabilities assumed. Generally Accepted Accounting Principles specifies criteria to be used in determining whether intangible assets acquired in a business combination must be recognized and reported separately from goodwill. Amounts assigned to goodwill and other identifiable intangible assets are based on independent appraisals or internal estimates.

Stock Based Compensation

We measure stock based compensation expense using the modified prospective method. Under the modified prospective method, stock-based compensation cost is measured at the award date based on the fair value of the award and, when applicable, is recognized as expense on a straight-line basis over the requisite service or vesting period.

Restricted Cash

Restricted cash represents investments with original maturities of one year or less pledged to obtain bonds for regulatory licenses and processing and collection arrangements for credit card and automated clearing house payments.

Earnings per Share

Basic net earnings (loss) per common share was computed by dividing net earnings (loss) applicable to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted net earnings (loss) per common share was determined using the weighted-average number of common share shares outstanding during the period, adjusted for the dilutive effect of common stock equivalents, consisting of shares that may be issued upon exercise of common stock options. In periods where losses are reported, the weighted-average number of common shares outstanding excludes common stock equivalents, because their inclusion would be anti-dilutive.

Waiver Reimbursements

The Wholesale Plans Division has contractual arrangements to administer certain membership programs primarily in the rental purchase industry under which clients are reimbursed when the clients waive rental payments required of their customers under specifically defined and limited circumstances. These circumstances include situations in which the customers become unemployed for a stated period of time or when the clients provide product service to their customers. These reimbursement obligations do not have any kind of a tail that extends beyond the clients payment obligations following termination of the Division's contractual arrangement or agreement with the clients or the clients' customers. The estimated waiver reimbursement obligations are recorded as a liability. The amount of the waiver reimbursement liability requires the exercise of judgment and is based primarily upon number of members of clients that have waiver reimbursement contractual rights, trends in the unemployment rates within the applicable geographical areas and waiver reimbursement expenses incurred in prior periods.

Certain Reclassifications

Certain prior comparative 2011 items were reclassified to conform to the current quarters' presentation. Such reclassifications had no effect on 2011 1st quarter net income.

Recently issued Accounting Pronouncements

There were various accounting standards and interpretations issued in the three months ended December 31, 2011, none of which are expected to have a material impact on the Company's financial position, operations or cash flows.

Revenue Recognition

Revenue for each of our segments is presented on a gross basis. The Company contracts with its clients to offer the Company's products to client's consumers at a contractually agreed upon per member, per month rate, which is the amount of revenue recognized on a monthly basis. The Company's clients determine their own markup above their contracted rate with us and that amount has no impact on our revenue.

Table of Contents

The Company recognizes revenue when four basic criteria are met:

Persuasive evidence of an arrangement exists;

Delivery has occurred or services have been rendered;

The seller's price to the buyer is fixed or determinable; and,

Collectability is reasonably assured.

Wholesale Plans The Wholesale Plans membership offerings are made primarily through Rental Purchase businesses to their customers as an incremental add-on sale to their rental of durable household merchandise. These businesses contract with us to provide a package of benefits to their enrolled customers that we support with member fulfillment and customer service. They pay us a per enrolled member fee per month.

Retail Plans The Retail Plans membership offerings are in conjunction with non-Rental Purchases businesses, direct to consumers via the internet or a multi-level marketing channel. Our clients in this segment include insurance companies, household product retailers, pharmacies, employer groups, financial organizations and associations. About half of the revenue of this segment is derived from membership plans whereby consumers make periodic membership payments directly to us generally on a monthly basis via credit card, debit card or automated clearing house transactions. We recognize this revenue on a monthly basis. The remainder of revenue within this segment is derived from membership plan sales whereby the fees are collected by our clients or where we have contractual arrangements to provide administrative services for a membership offering.

Benefits and costs associated with our Wholesale and Retail Plans membership offerings are as follows:

Discount Medical In order to deliver our discount medical membership offerings, we contract with third parties having established national networks of service providers which have agreed to provide discounts to our members. We pay the company that organized the network a per member, per month fee for our members to access the network of providers and expense these fees on a monthly basis as incurred. The network service providers were responsible for funding the discounts to our members. In addition, we maintain networks of dental and vision providers, under the brand names Access Dental and Access Vision, through which our members may obtain discounts from usual and customary charges.

Insurance For its insurance offerings, we contract with a third party insurance company to provide the coverage our members have selected. Multiple insurance products are available and each product has a contractually agreed upon premium associated with it. We pay and expense the premium for each member's plan on a monthly basis. The third party insurance company is responsible for providing the coverage.

Automotive Discounts The automotive service offerings are furnished by a third party provider whose services are outsourced to independent contractors of the provider. We pay the third party provider a per member, per month fee for its services. The third party provider was responsible for funding the services to its independent contractors.

Food and Entertainment and Other Miscellaneous Benefits These services are also furnished by a third party provider who has established a network of 250,000 retail locations that has agreed to provide discounts to our members. We pay the third party provider a per member, per month fee for our members to access provider's network of retail locations. Each retail location was responsible for funding the discounts to our members.

Edgar Filing: Access Plans Inc - Form 10-Q

The Wholesale Plans segment also includes reimbursement of the client for certain expenses incurred in the operation of a particular membership program. Under these arrangements, we are responsible for reimbursing the client when (under the terms of the agreement with its customer) the client waives rental payments required of the customer under specifically defined and limited circumstances, including when the customer becomes unemployed for a stated period of time or when our client provides product service to its customer. These client reimbursements are expensed as incurred. See Note 8 Waiver Reimbursements Liability, above.

The product service costs relate to an element of some of our plan offerings in the Wholesale Plans Division. This product service expense represents costs we incur on the repair of household merchandise. Plan members that complete their rental purchase term and choose to continue on a month-to-month membership were entitled to repair or replacement of such merchandise by the dealer

Table of Contents

in cases of mechanical failure. We reimburse the dealer for these costs. This element of a member's plan terminates 12 months following the member's date of product ownership (12 months following the end of the member's rental term), or at any time that membership lapsed.

Results of Operations

Introduction

We are a provider of consumer discount benefit membership plans and healthcare savings membership plans. Through working with our wholesale and retail clients, we design and build membership plans that contain benefits aggregated from our vendors that appeal to our client's customers.

The following table sets forth selected results of our operations for the three and three months ended December 31, 2011 and 2010. We operate in three reportable business segments: Wholesale Plans, Retail Plans, and Corporate. The Wholesale Plans operating segment includes the operations of our customized membership marketing plans primarily offered at rent-to-own stores. The Retail Plans operating segment includes the operations from our healthcare and discount benefit membership savings plans designed to serve those markets other than the rent to own market. The Corporate operating segment includes compensation and other expenses for individuals performing services for administration of our overall operations at the holding company level.

The following information was derived and taken from our unaudited financial statements appearing elsewhere in this report.

(\$ in thousands)

Discussion of Three Months Ended December 31, 2011 and 2010

Revenues decreased \$0.7 million (an 8% decrease) during the three months ended December 31, 2011 (the 2012¹ quarter), compared with the three months ended December 31, 2010 (the 2011¹ quarter) to \$8.5 million from \$9.2 million. The decrease in net revenues was primarily due to:

Growth in our Wholesale Plans Division of approximately \$0.4 million attributable to additional rent-to-own locations offering our plans and an increase in member acceptance rates among existing clients; (see the Segment Discussion Analysis below for additional information);

A decrease in our Retail Plans Division of approximately \$1.1 million attributable to a small portion of our existing clients approaching the end of their contract term (see the Segment Discussion Analysis below for additional information); and
Direct costs decreased \$0.9 million (a 20% decrease) during the 2012 1st quarter compared with the 2011 1st quarter to \$3.6 million from \$4.5 million. The decrease in direct costs was primarily due to:

Our Retail Plans Division direct cost decreased \$0.9 million with \$0.7 million attributable to a decline in commission expense and other fees relating to a decline in revenue for legacy programs with other changes of \$0.2 million (see the Segment Discussion Analysis below for additional information).

Operating expenses decreased \$0.2 million (a 10% decrease) during the 2012 1st quarter to \$2.0 million from \$2.2 million in the 2011 1st quarter. The decrease was primarily attributable to a decline in compensation expense related to bonus compensation during the 2011 1st quarter and legal expenses related to our Retail Division. See the Segment Discussion Analysis below for additional information.

Provision for income taxes, net increased by \$0.2 million during the 2012 1st quarter to \$1.2 million from \$1.0 million in the 2011 1st quarter. The increase was attributable to an increase in pretax income.

Table of Contents

Income from continuing operations increased \$0.1 million (a 9% increase) to approximately \$1.6 million during the 2012 1st quarter compared to \$1.5 million during the 2011 1st quarter.

Income (loss) from discontinued operations represents the net income (loss) from the operations of America's Healthcare/Rx Plan Agency. In November 2011, the Company's board of directors advised management to use its best efforts to explore the sale or discontinue the Insurance Marketing segment business. AHCP is the centerpiece of the Insurance Marketing Division. AHCP distributes major medical, short term medical, critical illness and related health insurance products to small businesses, self-employed and other individuals and families through a network of independent agents which have carrier appointments through AHCP. As a result of the pending sale or discontinuing operations of AHCP, the related assets, liabilities, results of operations and cash flows have been classified as discontinued operations in the accompanying consolidated financial statements.

Due to the significant change in which this asset is used, the Company evaluated the impairment of goodwill and determined the carrying amount may not be recoverable. The Company recognized goodwill impairment expense of \$400,000 during the quarter ended December 31, 2011.

	September 30, Three Months Ending December 31, 2011	September 30, Three Months Ending December 31, 2010
Revenues	\$ 2,895,809	\$ 5,063,502
Income (loss) before taxes	\$ (440,084)	30,303
Income tax provision (benefit)	(13,184)	10,331
Income (loss) from discontinued operations, net of tax	\$ (427,620)	\$ 19,972

Edgar Filing: Access Plans Inc - Form 10-Q

Member count at December 31,	820,101	677,947	21%
------------------------------	---------	---------	-----

Revenues increased \$0.4 million (a 7% increase) during the 2012 1st quarter to \$6.5 million from \$6.1 million during the 2011 1st quarter. The increase in net revenues was related to the increase in the number of new rent-to-own locations offering our membership plans plus membership growth from existing locations.

Table of Contents

Direct costs increased \$0.1 million (a 2% increase) during the 2012 1st quarter to \$3.8 million from \$3.7 million during the 2011 1st quarter. This increase was primarily attributable to revenue growth and lower product service expense resulting from lower repair and replacement costs of consumer electronics.

We enter into contractual arrangements to administer certain membership programs for clients, primarily in the rent-to-own industry. For approximately 3,790 (69%) of rent-to-own locations the administration duties include reimbursing the client for certain expenses it incurs in the operation of the program. Those expenses were related to product service expenses and the client's waiver of rental payments under defined circumstances including circumstances when the client's customer becomes unemployed for a stated period of time. It is our policy to reserve the necessary funds in order to reimburse our clients as those obligations become due in the future.

Operating expenses decreased \$0.1 million to \$0.4 million during the 2012 1st quarter from \$0.5 million during the 2011 1st quarter related to bonus compensation during the 2011 1st quarter.

Operating income increased \$0.4 million (a 23% increase) during the 2012 1st quarter to \$2.2 million from \$1.8 million during the 2011 1st quarter.

(a) Gross of intercompany eliminations

Revenues decreased \$1.1 million (a 23% decrease) during the 2012 1st quarter to \$3.5 million from \$4.6 million during the 2011 1st quarter. The decrease in revenues was primarily due to:

a decrease of \$1.3 million from plans with approximately thirty-five percent of our existing retail plans clients that are no longer enrolling new members; we consider these plans in runoff.; and

other client revenue increased \$0.2 million.

Edgar Filing: Access Plans Inc - Form 10-Q

Direct costs decreased \$0.9 million (a 39% decrease) during the 2012 1st quarter to \$1.3 million from \$2.2 million during the 2011 1st quarter. The decrease in direct costs was primarily attributable to:

a decrease in commission expense of \$0.5 million due to reduced amounts of advanced commissions as a result of lower volumes of new member enrollments;

Table of Contents

a decrease of \$0.3 million due to lower vendor payments due to reduced revenue; and

other decreases of \$0.1 million.

Operating expenses decreased \$0.2 million (an 18% decrease) to \$1.0 million during the 2012 1st quarter from \$1.2 million during the 2011 1st quarter. The decrease in operating expenses was primarily attributable to **outside billing and customer service expenses**.

Operating income remained at \$1.2 million for each of the quarters ended December 31, 2011 and December 31, 2010.

Corporate Operating Segment

Selected Operating Metrics

(\$ in thousands)

	September 30, For the Three Months Ended 2011	September 30, For the Three Months Ended 2010	September 30, For the Three Months Ended December 31, % Change
Results of operations			
Revenues	\$	\$	
Direct costs			
Operating expenses	657	580	13%
Operating income (loss)	\$ (657)	\$ (580)	(13%)

Operating expenses increased \$0.1 million (a 13% increase) to \$0.7 million during the 2012 1st quarter from \$0.6 million during the 2011 1st quarter. The increase was primarily attributable to share based compensation expense related to common stock options that vest during the fiscal year ended September 30, 2012.

OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements.

LIQUIDITY AND CAPITAL RESOURCES CONTINUING OPERATIONS

We had unrestricted cash of \$14.6 million and \$12.3 million at December 31, 2011 and September 30, 2011, respectively. Our working capital was \$15.5 million at December 31, 2011 compared to \$13.8 million at September 30, 2011. The improvement of working capital by \$1.7 million was due to the following:

Cash, net of restricted cash increased \$2.2 million attributable to net income and a decrease in restricted cash;

Accounts receivable decreased \$0.9 million primarily attributable to the prepayment of income taxes during the quarter ended September 30, 2011;

Other increases of \$0.4 million.

Cash provided by operating activities was \$2.7 million for the three months ended December 31, 2011 compared to \$2.3 million for the same period in 2010. The increase of \$0.4 million was attributable to:

Edgar Filing: Access Plans Inc - Form 10-Q

An increase in net income of \$0.1 million;

Accounts receivable decreased \$0.8 million due to the prepayment of income taxes during the quarter ended September 30, 2011;

Claims and other accrued liabilities decreased \$0.2 million primarily attributable to compensation payable of \$0.8 million;

Table of Contents

Unearned commissions decreased \$0.4 million related to a contract in our Retail Plans Division implemented in March, 2010; and

Other increases of \$0.1 million.

Cash provided by investing activities increased by \$.08 million to \$0.15 million for the three months ended December 31, 2011 from \$0.07 million for the same 2010 period. The increase of \$0.08 million was primarily attributable to a decrease in restricted cash related to surety bond requirements in our Retail Plans Division.

Cash used in financing activities increased \$0.2 million to \$0 million for the three months ended December 31, 2011 from cash used of \$0.2 million for the same 2010 period. The increase of \$0.2 million was attributable to the full repayment of our outstanding debt during the fiscal year ended September 30, 2011.

We anticipate that our cash on hand, together with cash flow from operations, will be sufficient for the next 12 months and beyond to finance operations, make capital investments in the ordinary course of business, and pay indebtedness when due.

IMPACT OF INFLATION

Inflation has not had a material effect on us to date. However, the effects of inflation on future operating results will depend in part, on our ability to increase prices or lower expenses, or both, in amounts that offset inflationary cost increases.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

During the three months ended December 31, 2011, we did not have any risks associated with market risk sensitive instruments or portfolio securities.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures.

Our Chief Executive Officer and Chief Financial Officer and other members of our management are responsible primarily for establishing and maintaining disclosure controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities and Exchange Act of 1934, as amended (the "Exchange Act") is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the U.S. Securities and Exchange Commission. These controls and procedures are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Based on those evaluations, our Principal Executive Officer and Principal Financial Officer concluded that, as of December 31, 2011, our disclosure controls and procedures were effective.

Furthermore, our Chief Executive Officer and Chief Financial Officer are responsible for the design and supervision of our internal controls over financial reporting that are then effected by and through our board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

Management's Assessment of Internal Control Over Financial Reporting

Our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) of the Exchange Act) as of December 31, 2011. Additionally, our Chief Executive Officer and Chief Financial Officer concluded that the design and operation of our internal control over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) of the Exchange Act) were effective as of December 31, 2011 in all material respects based on the criteria established in *Internal Control - Integrated Framework* issued by the *Committee of Sponsoring Organizations of the Treadway Commission*.

Table of Contents

Our Chief Executive Officer and Chief Financial Officer have concluded that the consolidated financial statements included in this report fairly present, in all material respects, our financial condition, results of operations and cash flows for the periods presented in accordance with U. S. generally accepted accounting principles.

During the period covered by this report, there have been no changes in our internal control over financial reporting that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

Since our 2011 Annual Report for the fiscal year ended September 30, 2011 on Form 10-K there have been no new material legal proceedings commenced, and there have been no material developments in legal proceedings previously reported.

ITEM 1A. RISK FACTORS

Our risk factors are disclosed in our Annual Report on Form 10K for the year ended September 30, 2011 and there has not been a material change in previously disclosed risk factors.
